Subject: **MATERIAL INFORMATION**

Dear Sir,

This is further to our earlier information dated December 10, 2025. We are pleased to convey that the Company has successfully completed commissioning of the remaining 3.0-megawatt renewable energy system. With this addition, the Company's total solar energy generation capacity at its manufacturing facility has reached 10.2 megawatts, and more than 20% of its operational electricity needs are now being met through this solar photovoltaic system.

This expansion will reduce unit energy costs, lower exposure to government-related grid tariff volatility, and support national objectives by decreasing reliance on imported fuels and associated carbon emissions.

The above disclosure will suffice requirements of the Rule Book of Pakistan Stock Exchange Limited and applicable provisions of the Securities Act, 2015.

You may please inform the TREC holders accordingly.

Thanking you,

Yours truly,

For **Kohinoor Mills Limited**

Muhammad Rizwan Khan
Company Secretary
