Following are best practices for a Microsoft Teams Meeting that we encourage everyone to follow:

- We would request you to log in at least 10 minutes prior to the scheduled start of the meeting.
- Please ensure your name and the name of your respective institution in the following format “Full Name - Institution” while entering the Meeting ID.
- Participants are requested to stay on ‘mute’ mode while the Management is presenting.
- In case of any questions, participants are requested to type their queries in the chat box so that the session moderator can read them along with their name and respond accordingly.
- The attendees can also use the actions available on Microsoft Teams and raise a hand so that it becomes visible to the session moderator, and the respective meeting attendee would subsequently be asked to go on ‘unmute’ mode and ask their question or mention their comments.
