Subject: Disclosure of Material Information — Temporary Shutdown of Manufacturing Plant for BMR Activities

In accordance with Section 96 of the Securities Act, 2015, read with the applicable PSX Regulations, Karam Ceramics Limited hereby informs that its manufacturing plant has been temporarily shut down from 29th Oct 2026 to 31st January 2027 to undertake Balancing, Modernization and Replacement (BMR) activities, including the installation of machinery and equipment and related construction works.

These activities are intended to modernize the existing production facilities, improve operational efficiency, and enhance the plant's production capabilities.

The Company will keep the Pakistan Stock Exchange informed of any material developments regarding the progress of the BMR activities and the resumption of manufacturing operations.

Yours Sincerely ,

Ovais Ahmed

Company Secretary
