PAKISTAN ENGINEERING COMPANY LIMITED
SELECTED NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED)
FOR THE QUARTER PERIOD ENDED SEPTEMBER 30, 2026

1 LEGAL STATUS AND OPERATIONS

Pakistan Engineering Company Limited was incorporated in Pakistan on February 15, 1950 under the Companies Act, 1913 (Now Companies Act, 2017) as a public limited company. Its shares are quoted on Pakistan Stock Exchange. The registered office of the Company is situated at 6/7 Ganga Ram Trust Building, Shahra-e-Quaid-e-Azam, Lahore. The company is principally engaged in the manufacturing and sale of engineering products. The major products of the company are electricity transmission and communication towers, electric motors, pumps and steel rolled products etc.

2 GOING CONCERN ASSUMPTION

During the FY 2018-19, a management crisis unfolded as the managing director appointed by the Government of Pakistan debarred the Board of Directors and key management personnel of the Company to continue their official duties and assumed control of the Company's operations, and made futile efforts to run the business independently. This crisis continued until March 21st, 2023, when the Board and the key management personnel was reinstated. The Board of Directors and key management personnel of the Company made all efforts to apprise all the stakeholders, i.e., Government of Pakistan, Securities and Exchange Commission of Pakistan (SECP) and Pakistan Stock Exchange (PSX), about the crises from time-to-time. Since then, the Board and the key management personnel have been working to compile accurate financial information to prepare financial statements that reflect the true position of the Company's affairs. Due to this crisis during the year the Company incurred loss before taxation of Rupees 14.826 million. The Board of directors of the Company is hopeful to successfully resume the operations of structure, pump/electric motor and foundry divisions in coming days. Accordingly, these financial statements are prepared on going concern basis.

Prior to this period, keeping in view the financial condition of the Company, the Government of Pakistan in past had closed down all the divisions of the Company, however, a rehabilitation plan was approved by the Federal Cabinet and according to the plan, Structure (STR) division was kept operational and Badami Bagh Works was closed down with its land being offered for sale by the Privatization Commission of Pakistan. Furthermore, the company was allowed to hire needed workforce on job-to-job basis on contract/daily wages. In this regard title deed of Badami Bagh Land was also handed over to the Privatization Commission of Pakistan. Expression of interest has been received by Privatization Commission of Pakistan in this regard from many parties and management is confident that the transaction will be completed soon.

As per the recorded order of the Government of Pakistan, the principal liabilities payable towards the GoP will be settled only through sale proceeds of Badami Bagh Land, the value of which has been estimated at Rs. 10,386 million. This value is significantly greater than the value of principle Government liabilities payable which amount to Rs. 1,790.848 million in aggregate. Further, the markup claimed by the Government departments on these liabilities is strongly disputed as there was no mention of charging interest in any agreement or decision. Further, to resolve the issue of charging of markup on the GoP loans a committee is recommended to be constituted which should comprise of representative from Ministry of Finance, Ministry of Industries and Production, Privatization Commission and Board Members of PECO.

The Government of Pakistan (through SEC) is one of the major stakeholders has provided in past continued support to the company and expressed its commitment in order to maintain the going concern status of the company. Further the Government's commitment to maintaining the going concern status of the Company is also supported by the fact that the Government in past has provided financial support to the Company in the form of interest free loans and financial support and continues to do so in the shape of credit ceilings.

In view of the situation set out above, although material uncertainty exists which may cast significant doubt on the Company's ability to continue as a going concern and therefore it may be unable to realize its assets and discharge its liabilities in the normal course of the business, however, the BoD and the management of the company is strongly committed to maintaining the going concern status of the Company, which is evident from the above paras and is firmly confident that all these conditions are temporary and not permanent and would reverse in the near future and that the going concern assumption is appropriate for the reasons explained in the above paragraphs, therefore, these Financial Statements have been prepared on the assumption that the company will continue as a going concern.

- 7.2 These represent funds provided by the government of Pakistan (the Government), bank loans of the company taken over by the Government and amounts payable by the company to different Government departments like Customs, Railways and Karachi Port Trust. According to the Cabinet Committee Division decision dated May 30th 1994 and 2005 these liabilities will be settled against the proceeds from disposal of Land held for sale (Refer Note no. 11) and surplus land of Kot Lakhpat, if needed. There is no fix repayment schedule or tenure for repayment of these liabilities. An exercise to reconcile the liabilities is in process and several meetings have been conducted in this regard, however, all these meetings concluded without any decision or agreement with respect to the reconciliation of the loan liabilities and calculation, payment or mode of payment of interest on Government of Pakistan loans due to which there is currently no fixed tenure for repayment of these liabilities nor the total amount of the liability is determinable. In the absence of the availability of a defined repayment schedule due to reasons explained above, the fair value of these loans is not determinable and hence they have been stated at cost.

The Technical Advisory Committee (TAC) of Institute of Chartered Accountants of Pakistan (ICAP), on the request of Management of PECO, on March 28, 2017, also gave an opinion, on the issue of recording accrual of mark-up on GoP loans. After review of all details, workings and complete documents, The Committee is of the view that "the management of company needs to determine whether a present obligation exists at the end of the reporting period taking into account all the available evidences, including, the opinion of legal experts. Where there is a probability that a present obligation exists at the end of the reporting period, the provision should be recognized. Contrary to this will require an entity to disclose a contingent liability".

The Board of Directors in its various meetings has resolved that amount due under the law to the Government of Pakistan (GoP) for any loan given to PECO shall be paid. The Board has agreed with GoP to adjust its liabilities by disposal of Badami Bagh Land as decided in E.C.C decision dated 02.03.1993, which according to the recent valuation amounts to Rupees 10,836 million and it is in excess of the amount being claimed by GoP from PECO. The BoD and the management of the Company believes that they are not liable to pay any interest on these loans in the absence of any agreement. The legal advisor of the company is also of the firm opinion that since there is no mention of any markup to be charged on this loan nor is there any markup agreement, therefore, no markup is payable by the company in respect of this loan. Therefore, a disclosure of a contingent liability is made in notes (refer note 8.3 to 8.5) to condensed interim financial information.

PAKISTAN ENGINEERING COMPANY LIMITED
SELECTED NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED)
FOR THE QUARTER PERIOD ENDED SEPTEMBER 30, 2026

During the period and in past as well the Privatization Commission and Finance Division sent a letter to the auditors in September and July 2026 respectively, claiming the additional principal and markup on the above loan liabilities, however, the BoD and the management do not agree with the additional liabilities claimed and the claim of GoP regarding the payment of interest is disputed by the BoD and the management as there had never been any agreement in this regard. Further, the above loan liabilities were picked up by the GoP in order to provide public sector enterprises including PECO to give them clean slate on their liabilities so that they could be privatized and were provided without any specific request from these public sector enterprises, including PECO. In addition to the above, similar public sector entities which were provided similar reliefs by the GoP have never been asked to make any payments in respect of such reliefs. However, despite of this the BoD and the management of the Company is willing to repay the principal and in order to reconcile the principal and markup amounts with respect to GoP Loans, a committee was constituted as per the decision of Additional Finance Secretary in the meeting held in Government of Pakistan Finance Division (CF Wing), Islamabad. The committee includes representatives from Ministry of Finance, Ministry of Production, Privatization Commission and Board members from PECO. Several meetings have been taken place till date and in this regard a meeting of the committee was held on October 7, 2010 at Ministry of Finance (Finance Division) which was attended by representatives of Privatization Commission, Ministry of Production and PECO. The BoD and management of PECO agreed to repay all the outstanding principal, which the company is legally liable through disposal proceeds of Badami Bagh Land and surplus Land of Kot Lakhpat, if needed. However, the BoD and the management of the Company believes that they are not liable to pay any interest on these loans in the absence of any agreement. In the meeting held on 13 July 2015 in Privatization Commission, it was mutually agreed by all stakeholders to resolve the above issues at the earliest.

Further, the Finance Division was instructed in the meeting to re-examine the issue and confirm the contention of PECO. Following, the meeting held at Finance Division, the management of the company obtained fresh legal opinion from legal consultants regarding the matter of charging interest on GoP loans. The legal advisor was of the opinion that no markup/interest was payable by PECO to Ministry of Finance and Privatization Commission and instead believed that a case of causing loss to PECO on account of delay caused in disposing off the land at Badami Bagh should be made out, either by raising monetary claim or claiming set-off against the alleged principal loan liability. The management of the company had handed over the title documents of the said land to the Privatization Commission for disposal in the year 1994 and had Privatization Commission disposed off the land at that time no issue of interest would have risen. Further, meetings were held between the representatives of Ministry of Finance, Privatization Commission and Ministry of Production and the PECO Loan Committee to reconcile the loan liabilities. However, these meetings concluded without any decision or agreement with respect to the reconciliation of loan liabilities and calculation, payment or mode of payment of interest on Government of Pakistan loans.

Further, as agreed no SRO, notification, documentation was provided by the Ministry of Finance to substantiate their view point on the issue of levy of markup on Government loans and it was agreed to refer PECO's view points to Ministry of Finance who may refer the matter to Ministry of Law to form their verdict. Further, the principal amount of these loans has been agreed except for additional gratuities and in respect of the amounts disputed, the BoD and the management is of the opinion that an arbitrator should be appointed who should be acceptable to both the parties. Further, under the directions of public accounts committee the matter of charging interest is being reviewed by the committee comprising of Ministry of Industries, Ministry of Finance and Privatization Commission of Pakistan.

PAKISTAN ENGINEERING COMPANY LIMITED
SELECTED NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED)
FOR THE QUARTER PERIOD ENDED SEPTEMBER 30, 2026

	(Un-audited) Sep 30, 2026	(Audited) Jun 30, 2026
	(Rupees in thousand)	
7.2.1 <i>The break up of loan from Privatization Commission is as follows:</i>		
Loan for voluntary separation scheme	281,082	281,082
(VSS)/compulsory separation scheme (CSS) and		
Loan for shifting of machinery	75,819	75,819
Loan for energy bills and import duties	124,568	124,568
	<u>481,469</u>	<u>481,469</u>

7.2.2 This represents interest free loan provided by Privatization Commission to PECO for payment of salaries, energy bills, shifting of plant & machinery from Badami Bagh to Kot Lakhpat and payment of outstanding essential liabilities. According to the Cabinet Committee Division decision, Privatization Commission would adjust its loan liability against the sale proceeds of Badami Bagh Land and surplus land of Kot Lakhpat, if needed, and in this regard title documents of Badami Bagh Land were handed over to the Privatization Commission in 1994 by PECO. The forgoing loans have been outstanding since 1993. The company also obtained legal opinion from the legal advisors of the company. The legal advisors are of the firm opinion that since there is no mention of any markup to be charged on this loan in any agreement nor is there any markup agreement in respect of this loan therefore no markup is payable by PECO in respect of this loan. The BoD and the management firmly believes that as the Company had handed over the title documents of the said land to the Privatization commission for disposal in the year 1994 and had Privatization Commission disposed off the land at that time no issue of charging any interest on these loans would have risen and instead believed that a case of causing loss to PECO on account of delay caused in disposing off the land at Badami Bagh should be made out, either by raising monetary claim or claiming set-off against the alleged principal loan liability. The difference of Rs. 131.454 million claimed by the Privatization Commission on account of additional gratuities is because of misapprehension on part of GoP, whereby, PECO is considered responsible to pay Rupees 131.454 million, that infact was the liability of the Privatization Commission under the APSEWEC agreement. As per the APSEWEC agreement Privatization Commission took the liability to make additional gratuity payments, for which purpose it had advanced Rs. 131.454 million to PECO. On receiving the said amounts PECO had made the payments as was directed. It is important to note that PECO was not a party to these agreements, therefore, it cannot be held responsible for fulfilling any obligation pertaining to them.

Furthermore, the legal advisors are also of firm opinion that the amount of additional gratuities of Rs. 131.454 million (refer note 8.3) should be borne by the Privatization Commission. In this regard, in the meeting held on October 7, 2010 at Finance Division, Privatization Commission was instructed by Ministry of Finance to review the calculation/treatment of the loan amounting to Rs. 131.454 million and come up with firm stance on it. The Privatization Commission was further instructed to sort out the issue of charging interest on VSS loan and come up with sound reason and logic for charging interest thereon. Neither formal agreements were signed or executed between the Privatization Commission, Ministries and PECO nor definitive terms and conditions exist in relation to the issue of markup and that the Privatization Commission only applied markup as instructed by the Finance Division. Further, under the directions of public account committee the matter of charging interest is being reviewed by the committee comprising of Ministry of Industries, Ministry of Finance and Privatization Commission of Pakistan.

- 7.2.4 The company has not provided interest amounting to Rs. 41.989 million relating to custom and other import duties (2026: Rs 41.989 million) as the BoD and the management believes that there was no clause of charging interest or surcharge in the ECC and Cabinet Decision.

7.2.5 *The break up of Other Government loans as follows:*

Bank loans taken over	100,000	100,000
	<u>100,000</u>	<u>100,000</u>

- 7.2.6 This represents amount payable on account of the company's bank loans taken over by the Government in the year 1990. BoD and the management of the Company believes that there is no interest as PECO being a public sector entity was required to take-up only principal amount of the loan in its books. The legal advisor is also of the firm opinion that no markup is payable by PECO in respect of this loan. Furthermore, in the meeting held at Ministry of Finance in October 2010, Finance Division was instructed to re-examine the issue relating to Rs.100.00 million Loan and interest thereof, to confirm the contention of PECO and decision to be conveyed at its earliest.

7.2.7 *The break up of Federal Government loan for compulsory separation schemes as follows:*

Loan for CSS	309,000	309,000
	<u>309,000</u>	<u>309,000</u>

- 7.2.8 This represents loan provided by the Federal Government of Pakistan to PECO to pay off the staff through Compulsory Separation Scheme vide letter No. 1(26) CF 111/93 dated 4th March 2002. The BoD and the management of the company do not agree with the markup claimed by GoP and is of the opinion that markup is not payable on this loan liability in the absence of any agreement for markup. The BoD and the management have taken legal opinion and the legal advisor vide his letter dated August 10, 2015 is also of the opinion that no interest is payable as the letter dated March 04, 2002, referred by the GoP to substantiate claim of payment of interest @ 10% per annum against loan of Rs. 309.00 million was in the absence of perusal of relevant decisions/formative documents was misconceived and did not place any payment obligation on PECO. The letter was contrary to the decisions / documents and did not establish any liability to pay interest @ 10% per annum and that any alleged premium in the absence of agreement is void and unfair. In the absence of a contractual arrangement/agreement no interest can be claimed and in the absence of any agreement the alleged claim of interest tantamount to a penalty, which is construed as penal interest in nature and could not be granted unless loss/damage proved through substantial evidence, which in the instant case will be all more difficult on account of handing over of land of Badami Bagh of PECO for sale/disposal. In view of the above, BoD and the management along with the legal advisor firmly believe that the alleged claim of GoP appears to be misconceived and without any basis and recommend that the aforesaid dispute should be referred to some impartial body for resolution under some Alternate Dispute Resolution (ADR) mechanism, where claims/encounter claims of the respective parties be examined, considered and decided. Furthermore, in order to reconcile the principal and markup amounts with respect to Government of Pakistan Loans, a committee has been constituted as per the decision of Additional Finance Secretary. The management of PECO intends to pay back the Government of Pakistan Loans after the reconciliation of differences as per the records and facts available with the committee representatives.

7.2.10 These bonds were issued by the Federal Government against the liability of the company towards banks / financial institutions taken up by the Federal Government in the light of Federal Cabinet decision and S.R.O No. 823(1)/94 dated August 28, 1994. Against the principal amount interest bearing bonds and against accrued mark up interest free bonds were issued by the Government. The Government is liable to pay interest @ 12.43% per annum to the Banks / DFI regarding the interest bearing bonds. However, the BoD and the management of the Company as detailed above do not agree with the markup claimed by the Finance Division and is of firm opinion that the Government is liable to pay any interest there on, and that there was no agreement for charging any interest thereon. Furthermore, the legal advisor is also of the firm opinion that no markup is payable by the Company in respect of this loan in the absence of any specific markup agreement.(Ref: Note 8.1)

8 CONTINGENCIES AND COMMITMENTS

Contingencies

- 8.1 These bonds were issued by the Federal Government against the liability of the company towards banks / financial institutions taken up by the Federal Government in the light of Federal Cabinet decision and S.R.O No. 823(1)/94 dated August 28, 1994. Against the principal amount interest bearing bonds and against accrued mark up interest free bonds were issued by the Government. The Government is liable to pay interest @ 12.43% per annum to the Banks / DFI regarding the interest bearing bonds. However, the BoD and the management of the Company do not agree with the markup claimed by the Finance Division and is of firm opinion that the Government is liable to pay any interest thereon, and that there was no agreement for charging any interest thereon. Furthermore, the legal adviser is also of the firm opinion that no markup is payable by the Company in respect of this loan in the absence of any specific markup agreement.(Ref: Note 7.2.10)
- 8.2 Guarantees of Rs. 225.811 million (June 30, 2025: Rs. 225.811 million) issued by the banks and insurance companies to different parties on behalf of the company.
- 8.3 The Privatization Commission through its confirmation dated September 21, 2026 for the year ended June 30, 2026 has claimed additional loan liability amounting to Rs. 131.454 million (Ref: Note 7.2.2) and mark up amounting to Rs. 2,139 million (2026: Rs. 2,139 million). The said confirmation from privatization Commission also states that initially there was no mention of specific interest rate on the loan amount, therefore, the mark up on the outstanding amount of loan to PECO was charged on the basis of annual rate of markup chargeable on cash development loans to Provincial Governments, corporations, local bodies etc. and capital outlays of Federal Government in commercial departments. The management of the company already in a meeting held on October 7, 2010 at Ministry of Finance's office to reconcile the principal and mark up amounts with respect to Govt. of Pakistan loans did not agree with the stance of Privatization Commission in respect of additional loan and mark up claimed. Privatization Commission has been instructed by the Ministry of Finance to review the calculation/treatment of a loan amounting Rs. 131.454 million and has been asked to come up with firm stance on the foregoing loan amounting to Rs. 131.454 million. Further, Privatization Commission has been instructed to sort out the issue of charging interest on VSS loan and Privatization Commission has been asked to come up with sound reason and logic for charging interest on the above loan. The legal advisor of the company is also of the firm opinion that since there is no mention of any markup to be charged on this loan nor is there any markup agreement, therefore, no markup is payable by the company in respect of this loan. During the period no, updated confirmation / correspondence has been received from privatization commission; the above figure could not been updated in financial statements. The management, however, remain confident that the ultimate outcome of the matter will result in favor of the company and hence no provision has been made in these financial statements in respect of the additional loan and markup claimed.

- 8.4 Ref: Note. 7.2.4 the company has not provided interest amounting to Rs. 41.989 million relating to custom and other import duties (2026: Rs 41.989 million) as the BoD and the management believes that there was no clause of charging interest or surcharge in the ECC and Cabinet Decision.
- 8.5 The Finance Division vide its letter dated July 22, 2026, for the year ended June 30, 2026 has claimed an amount of Rs. 671.860 million in respect of additional principal liability and Rs. 3879.79 million in respect of markup payable on remaining Government of Pakistan Loans (Ref: Note 7.2.5, 7.2.7 & 7.2.9). However, the management of the company is of the opinion that no markup is payable in the absence of any agreement for markup. The matter was taken up by the Ministry of Finance, in meeting held on October 7, 2010, to reconcile the principal and mark up amounts with respect to Govt. of Pakistan loans, which has instructed the Finance Division to re-examine the issue relating to Rs. 100.00 million loan and interest thereof, to confirm the contention of PECO. Decision on this account would be conveyed to company at the earliest. Till the issue of condensed interim financial information no such decision has been received by company. Furthermore, the company has also obtained the opinion from the legal advisor, who is also of opinion that no markup is payable. During the period no, updated confirmation / correspondence has been received from Ministry of Finance Division; the above figure could not been updated in financial statements. The management, however, remain confident that the ultimate outcome of the matter will result in favor of the company and hence no provision has been made in these financial statements in respect of the markup claimed.

11 FREE HOLD LAND - HELD FOR SALE	314,724	314,724

This represents land of 263 kanals and 3 marlas of Badami Bagh Works which has been closed down. The fair value of land, based on valuation carried out by an independent valuer on February 15, 2016 was estimated at Rs. 4,605.133 million. The company has the possession and control of the land and holds valid title. As per the Economic Coordination Committee decision the title documents of the land were handed over to the Privatization Commission for sale and proceeds to be utilized for settlement of outstanding Government liabilities (refer note. 7.2). In this regard the title documents of the land have been handed over to the Privatization Commission for sale in 1994 by National Bank of Pakistan. Since then till date the land has been offered for sale various times by the Privatization Commission of Pakistan. A part of the land was sold in February 2001 by the Privatization Commission of Pakistan and several expression of interests have been received for the remaining portion by Privatization Commission from many parties. The Mutation of land is complete as per The Board of Revenue Punjab letter which states that the Government of Punjab has, however, no objection to the disposal of properties of PECO which had vested in the Federal Government. However a letter was issued by the Joint Secretary Ministry of Industries and Production Islamabad directing District Officer Revenue Lahore and copy endorsed to Member Revenue Punjab to stop the above mutation till further instructions, for undisclosed reasons. The BOD and the Management of the Company are till date strongly committed to the plan of selling the Badami Bagh Land and there has been no revocation of the GOP order or any change in the management's stance or plan. Further the Privatization Commission in its direct confirmations to the auditors has also clearly stated that GOP loans would be recovered from the sale proceeds of Badami Bagh Land.

Therefore taking into account the fact that the carrying amount of the land would be recovered principally through a sale transaction and not through continuing use and that the management and the GOP are firmly committed to a plan to sell the land and till date there has been no change of plan or revocation of Government order, the land is available for immediate sale, active programs to locate buyers continue to be carried out, the asset is marketed at fair value and it is extremely unlikely that the plan will be significantly be changed or withdrawn. The foregoing facts that events or circumstances which have resulted in the extension of the period to complete the sale beyond one-year, are beyond the entity's control, therefore, Badami Bagh Land is classified as "Held for Sale" at lower of its carrying amount or fair value less cost to sell.
