2. DIRECTORS' REPORT

2.1 OPERATING RESULTS

On behalf of the Board of Directors of Waves Corporation Limited (WAVES or the Company), we submit the Directors' Review Report together with the condensed interim un-audited consolidated and standalone financial statements of the Company for the nine months ended 30 September 2026.

During the quarter under review, Pakistan's economy continued to consolidate the gains of macroeconomic stabilisation, with the recovery becoming more broad-based across productive sectors. Large-scale manufacturing grew by 3.03% year-on-year in July 2026, led by a strong rebound in automobile production, while electrical equipment, fabricated metal products and furniture also recorded growth. Vehicle sales increased by 29.9% during July–August FY2027, and early agricultural indicators remained favourable on the back of higher Kharif acreage and a 16.4% increase in agricultural credit disbursements, which is supportive of rural incomes, an important driver of demand for home appliances.

The recovery has, however, been accompanied by renewed price pressures. Headline CPI inflation rose to 11.1% in August 2026 from 3.1% a year earlier, mainly due to the pass-through of higher international oil prices into domestic energy, transport and food costs, and is projected to remain in the range of 10% to 11% in September 2026. The State Bank of Pakistan maintained the policy rate at 11.5% in September 2026 (September 2025: 11.0%) to anchor inflation expectations, keeping borrowing costs elevated. This was raised to ~12% in October 2026. Higher energy and input costs, together with the pressure on household purchasing power, weighed on discretionary spending on consumer durables during the quarter.

On the external front, the current account deficit narrowed to USD 543 million in July–August FY2027 from USD 853 million a year earlier, supported by a 14.7% increase in workers' remittances and strong growth in services exports. Foreign investment inflows increased by 80.2%, and the USD 3.0 billion Eurobond issuance in September 2026 lifted SBP's liquid reserves to USD 21.4 billion, equivalent to about three months of imports. The Rupee remained broadly stable at around PKR 277 per US Dollar, which is beneficial for the appliances industry given its reliance on imported components. Going forward, economic activity is expected to strengthen further during the year as the recovery broadens across agriculture, manufacturing and private sector credit; however, elevated global oil prices remain the principal risk to this outlook through their impact on inflation, input costs and consumer purchasing power. The Group continues to operate in a challenging economic and financial environment; however, the restructuring of its debt liabilities is progressing, which will provide adequate cushion to the Group to achieve stability.

Waves Corporation Limited (WAVES)

The financial highlights of the Group for the nine months ended 30 September 2026 are presented hereunder:

Consolidated Operating Results

	9 Months	
	30 Sep 26	30 Sep 25
	<u>Rs. in '000</u>	
Net Sales	3,554,696	3,544,111
Gross Profit	984,986	1,054,806
Profit from Operations	1,728,540	1,151,547
Profit before Levies and Taxation	1,135,799	720,031
Profit after taxation	1,131,617	647,957
Earnings Per Share (Rupees)	4.02	2.30

During the nine months ended 30 September 2026, the Group's net sales remained stable at PKR 3,554.70 million compared with PKR 3,544.11 million in the corresponding period last year. However, net sales for the third quarter declined by 10.8% to PKR 763.44 million, reflecting softer consumer demand amid rising inflation. Gross profit decreased by 6.6% to PKR 984.99 million, with the gross margin at 27.7% (2025: 29.8%) owing to higher input and energy costs. Profit from operations increased by 50.1% to PKR 1,728.54 million, mainly due to higher other income of PKR 1,532.78 million, which includes a gain of PKR 780.21 million on present value discounting of accrued mark-up arising from the restructuring of borrowings and a fair value gain of PKR 524.90 million on investment property. Finance cost increased to PKR 592.74 million from PKR 431.52 million. Consequently, profit after taxation increased to PKR 1,131.62 million from PKR 647.96 million, of which PKR 951.92 million is attributable to the owners of the Holding Company, and earnings per share stood at PKR 4.02 (2025: PKR 2.30).

As a significant portion of the profit for the period comprises non-cash gains, and operating activities used cash of PKR 318.41 million mainly on account of working capital, management's priority remains on improving sales volumes, recovering receivables and converting profitability into operating cash flows. During the period, the sponsors continued their financial support, and the Holding Company provided PKR 515.32 million to Waves Home Appliances Limited as advance against issue of right shares to strengthen its capital base.

Standalone Results of the Company

The standalone results of the Company are given hereunder:

	9 Months	
	30 Sep 26	30 Sep 25
	<u>Rs. in '000</u>	
Income from Subsidiaries	256,844	278,671
Other Income	795,106	315,561
Profit after Taxation	101,081	188,451
Earnings Per Share	0.36	0.67

Waves Corporation Limited (WAVES)

On a standalone basis, income from subsidiaries decreased by 7.8% to PKR 256.84 million, while other income increased to PKR 795.11 million, mainly comprising a fair value gain of PKR 486.65 million on investment property and a gain of PKR 263.94 million on present value discounting of deferred mark-up. Other operating expenses include a loss of PKR 703.74 million on the sale of part of the Company's shareholding in a subsidiary, against which sale proceeds of PKR 381.97 million were received. As a result, profit after taxation for the period was PKR 101.08 million compared with PKR 188.45 million in the corresponding period last year, translating into earnings per share of PKR 0.36 (2025: PKR 0.67). During the period, the sponsors provided additional loans of PKR 325.80 million to support the Company's liquidity.

Based on the financial results and in view of the prevailing economic conditions and the ongoing restructuring of debt liabilities, the Board of Directors does not recommend any pay-out to the shareholders of the Company.

ACKNOWLEDGEMENTS

We express our utmost gratitude to all our stakeholders, encompassing our esteemed customers, suppliers, business associates, financial institutions, and regulators, for their unwavering trust and support. We remain confident that our management and staff remain committed to meet any challenges coming ahead with steadfast dedication, diligence and full backing.

2 Basis of preparation

Statement of compliance

2.1 These condensed interim Consolidated financial statements of the Company have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IFRS standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These condensed interim consolidated financial statements comprise the condensed interim consolidated statement of financial position of the Company as at 30 September 2026 and the related condensed interim consolidated statement of profit or loss account, condensed interim consolidated statement of comprehensive income, condensed interim consolidated statement of changes in equity and condensed interim consolidated statement of cash flow and notes to the financial information for the nine months period then ended.

2.3 These condensed interim consolidated financial statements do not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements as at and for the year ended 31 December 2025. Selected explanatory notes are included to explain events and transactions that are significant to and understanding of the changes in the Company's financial position and performance since the last annual financial statements.

2.4 Comparative consolidated statement of financial position's numbers are extracted from the annual audited consolidated financial statements of the Company for the year ended 31 December 2025, whereas comparative Consolidated statement of profit or loss account, statement of comprehensive income, cash flow statement and statement of changes in equity are stated from unaudited condensed interim Consolidated financial statement of the Company for the nine months period ended 30 September 2026.

3 Use of estimates and judgments

The preparation of condensed interim consolidated financial statements requires management to make judgments, estimates and assumptions for the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed interim consolidated financial statements, the significant judgments made by the management in applying accounting policies and key sources of estimation are the same as those applied in the preparation of annual audited financial statements for the nine months ended 30 September 2026.

4 Statement of consistency in accounting policies

The accounting policies and the methods of computation adopted in the preparation of these condensed interim consolidated financial statements are same as those applied in the preparation of annual audited financial statements for the year ended 31 December 2025.

5 Adoption of application Guidance on Accounting for Minimum Taxes and Final Taxes under International Accounting Standard 12, Income taxes.

The Company has classified its current income tax to the extent of income tax based on revenue i.e. final tax under the Section of 113 the Income Tax Ordinance, 2001 to levies as explained in International Financial Reporting Interpretation Committee (IFRIC) 21 "Levies" pursuant to "IAS 12 Application Guidance on Accounting for minimum and final taxes" issued by the Institute of Chartered Accountants of Pakistan clarifying that levies whose calculation use data such as gross amount of revenues, assets and liabilities do not meet the definition of income taxes provided in International Accounting Standard 12, Income taxes i.e. not within the scope International Accounting Standard 12, Income taxes rather are within the scope of International Accounting Standard 37, Provision, contingent liabilities and contingent assets".

The Company has adopted to designate the amount calculated on taxable income using notified tax rate as an income tax within the scope of International Accounting Standard 12, Income taxes and recognises it as current income tax expense. Any excess over the amount designated as income tax is recognised as a levy falling under the scope of IFRIC 21 / Provision, contingent liabilities and contingent assets. The respective changes have been explained in note 13 and 14 to these financial statements.

Land and Building

Revalued Property, plant and equipment

Date of valuation

31 December 2023

Investment property

Date of valuation

31 December 2025

Valuation approach and inputs used

The valuation model is based on price per square metre. In determining the valuation for land and building the valuer refers to numerous independent market inquiries from local estate agents / realtors in the vicinity to establish the present market value. The fair valuation of land and building are considered to represent a level 3 valuation based on significant non-observable inputs being the location and condition of the assets.

The fair value are subject to change owing to changes in input. However, management does not expect there to be a material sensitivity to the fair value arising from the non-observable inputs.

Non-financial asset measured at fair value

Investment property Date of valuation 31 December 2025

Valuation approach and inputs used

The valuation model is based on price per square metre. In determining the valuation for investment property the value refers to numerous independent market inquiries from local estate agents / realtors in the vicinity to establish the present market value. The fair valuation of investment property are considered to represent a level 3 valuation based on significant non-observable inputs being the location and condition of the assets.

The fair value are subject to change owing to changes in input. However, management does not expect there to be a material sensitivity to the fair value arising from the non-observable inputs.

19 DATE OF AUTHORISATION
