ڈائریکٹرز رپورٹ

NBP فنڈ مینجمنٹ لمیٹڈ کے بورڈ آف ڈائریکٹرز بصد مسرت 30 ستمبر 2026 کو ختم ہونے والی سہ ماہی کے لئے NBP سیونگز پلس فنڈ (NSPF) کے غیر جانچ شدہ مالیاتی گوشوارے پیش کرتے ہیں۔

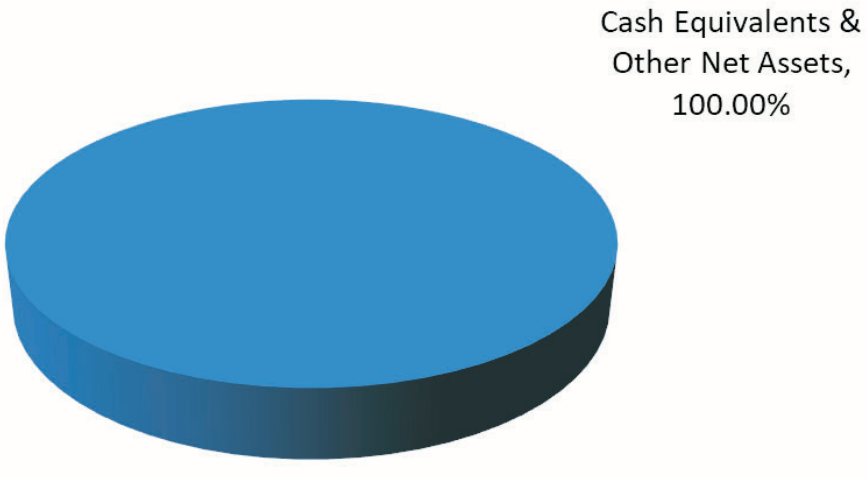

فنڈ کی کارکردگی

NSPF کی انکم اسکیم کے طور پر درجہ بندی کی گئی ہے اور توقع ہے کہ درمیانی سے طویل مدتی مدت میں یہ بہتر کارکردگی دکھائے گا۔ اس فنڈ میں سرمایہ کاری صرف اُن سرمایہ کاروں کے لیے موزوں ہے جن کا سرمایہ کاری کا دورانیہ درمیانی مدت کا ہو۔ فنڈ کی مجاز سرمایہ کاری میں 90 دن سے زائد مدت کی گورنمنٹ سیکیورٹیز یا گورنمنٹ بیکڈ سیکیورٹیز، بینک ڈپازٹس، ریورس ریپو اور منی مارکیٹ کے آلات (TDRs، COIs، COMs اور چھ ماہ سے زائد میعاد والی کوئی بھی ایسی سرمایہ کاری جو قابلِ تجارت سیکیورٹی نہ ہو)، کمرشل پیپرز، قلیل مدتی سکوک وغیرہ شامل ہیں، اور مارجن ٹریڈنگ سسٹم (MTS) میں بھی سرمایہ کاری کی اجازت رکھتا ہے۔

مالی سال 2027 کی پہلی سہ ماہی (1QFY27) کے دوران سرکاری سیکیورٹیز کی منافع کی شرح (Yields) میں اضافہ ہوا، خصوصاً سہ ماہی کے اختتام کے قریب، اس کی بنیادی وجوہات مسلسل افراطِ زر کے دباؤ اور بیرونی معاشی غیر یقینی صورتحال میں اضافہ تھیں۔ اسٹیٹ بینک آف پاکستان (SBP) نے جولائی تا ستمبر 2026 کے دوران ٹی بلز (T-Bills) کی چھ نیلامیاں منعقد کیں، جن میں ایک ماہ سے بارہ ماہ تک کی مدت کے لئے کٹ آف منافع کی شرح (Cut-off Yields) 11.25 فیصد سے 12.35 فیصد کے درمیان رہیں۔ جولائی میں منافع کی شرح نسبتاً مستحکم رہیں، تاہم اگست اور ستمبر کے دوران ان میں اضافہ ہوا۔ سہ ماہی کے اختتام تک چھ ماہ اور بارہ ماہ کے ٹی بلز کی کٹ آف منافع کی شرح (Cut-off Yields) بالترتیب 12.45 فیصد اور 12.49 فیصد تک پہنچ گئیں۔ اسی دوران، پاکستان اسٹاک ایکسچینج (PSX) کے ذریعے شریعہ اصولوں کے مطابق سرکاری سیکیورٹیز بھی باقاعدگی سے جاری کی جاتی رہیں۔ مختصر مدت کے سکوک (Sukuk) کی منافع کی شرح (Yields) جولائی میں تقریباً 11.30% سے 11.84% کے درمیان تھیں، جو ستمبر کی آخری نیلامی میں بڑھ کر تقریباً 11.68% سے 12.49% تک پہنچ گئیں۔

موجودہ مدت کے دوران NBP سیونگز پلس فنڈ کا سائز 41 فیصد بڑھ کر 13 ملین روپے سے 19 ملین روپے ہو گیا۔ فنڈ کے یونٹ کی قیمت اپنے آغاز 17 ستمبر 2026 کو 10.0000 روپے سے بڑھ کر 30 ستمبر 2026 کو 10.0366 روپے ہو گئی۔ لہٰذا اسی مدت کے دوران فنڈ نے اپنے بنچ مارک منافع 11.30 فیصد سالانہ کے مقابلے میں 10.28 فیصد سالانہ منافع درج کیا ہے۔ فنڈ کی یہ کارکردگی مینجمنٹ فیس اور دیگر تمام اخراجات کے بعد خالص ہے۔

فنڈ نے موجودہ مدت کے دوران 0.059 ملین روپے کی مجموعی آمدنی کمائی ہے۔ 0.006 ملین روپے کے اخراجات منہا کرنے کے بعد خالص آمدنی 0.053 ملین روپے ہے۔ 30 ستمبر 2026 کے مطابق NSPF کی ایسٹ ایلوکیشن حسبِ ذیل ہے:

اظہارِ تشکر

بورڈ اس موقع سے فائدہ اُٹھاتے ہوئے مینجمنٹ کمپنی پر اعتماد، اعتبار اور خدمت کا موقع فراہم کرنے پر اپنے قابل قدر یونٹ ہولڈرز کا شکریہ ادا کرتا ہے۔ یہ سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان اور اسٹیٹ بینک آف پاکستان کی سرپرستی اور رہنمائی کے لئے ان کے مخلص رویہ کا بھی اعتراف کرتا ہے۔

بورڈ اپنے اسٹاف اور ٹرسٹی کی طرف سے سخت محنت، لگن اور عزم کے مظاہرے پر اپنا خراج تحسین بھی ریکارڈ پر لانا چاہتا ہے۔

2 BASIS OF PREPARATION

2.1 Statement of compliance

2.1.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- provisions of and directives issued under the Companies Act, 2017 along with the requirements of Part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.1.2 The SECP vide SRO 800 (I)/2021 dated June 22, 2021 modified the effective date for applicability of International Financial Reporting Standard 9 (IFRS 9) - Financial Instruments in place of International Accounting Standard 39 (Financial Instruments: Recognition and Measurement) for Non-Banking Finance Companies and Modarabas, as “Reporting period / year ending on or after June 30, 2022 (earlier application permitted)”. Accordingly, the Fund had applied IFRS-9 during the year ended June 30, 2026 with the exception of below mentioned impairment requirements as referred in note 2.1.3 of these financial statements.

2.1.3 The SECP vide letter ref SCD / AMCW / RS / MUFAP / 2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of International Financial Reporting Standard 9 (IFRS 9) "Financial Instruments" in relation to debt securities for mutual funds. Accordingly, the impairment requirements of IFRS 9 have not been considered for debt securities and requirements of SECP Circular 33 of 2012 have continued to be followed.

2.2 Accounting convention

These financial statements are prepared under the historical cost convention except for investments which are carried at fair value.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees, which is the Fund's functional and presentation currency.

2.4 Use of judgments and estimates

In preparing these financial statements, management has made judgement, estimates and assumptions that affect the application of the Fund's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognized prospectively.

Information about judgements made in applying accounting policies that have the most significant effects on the amount recognized in the financial statements and assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the subsequent year is included in the following notes:

- Valuation of investment (4.2.5);
- Provisions (Note 4.4); and
- Classification and impairment of financial assets (Note 4.2.2.1 and 4.2.3).

3 ADOPTION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO THE PUBLISHED APPROVED ACCOUNTING STANDARDS

3.1 New amendments that are effective for the year ended June 30, 2026

The following amendments are effective for the year ended June 30, 2026. These amendments are either not relevant to the fund's operations or are not expected to have significant impact on the fund's financial statements other than certain additional disclosures.

- Lack of Exchangeability (Amendments to IAS 21)

3.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

	Effective from Accounting period beginning on or after:
- Amendments IFRS 9 and IFRS 7 regarding the classification and measurement of financial instruments	January 01, 2026
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- Amendments to IFRS 9 and IFRS 7 regarding power purchase arrangements	January 01, 2026
- IFRS 17 – Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified ‘roles’ of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 20 Regulatory Assets and Regulatory Liabilities

4 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

During the year, the Fund adopted Disclosure of Accounting Policies (Amendment to IAS 01) effective for annual reporting periods beginning on or after January 1, 2023. The amendment required the disclosure of 'material', rather than 'significant' accounting policies. The amendments did not result in any changes to the accounting policies themselves.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise deposits with banks and highly liquid financial assets with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.2 Financial instruments

The Fund applied IFRS 9 (refer note 2.1.2) except for impairment requirements for which the Fund has continued to follow the requirements of SECP (refer note 2.1.3).

4.2.1 Initial recognition and measurement

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of financial assets or liabilities, as appropriate, on initial recognition. Transaction costs pertaining to financial assets or financial liabilities at fair value through profit or loss are recognised in the income statement.

4.2.2 Classification and subsequent measurement

4.2.2.1 Financial assets

There are three principal classification categories for financial assets:

- Amortised cost (AC);
- At fair value through other comprehensive income (FVTOCI); and
- At fair value through profit or loss (FVTPL).

Financial asset at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL;

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset classified at amortised cost is subsequently carried at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Profit / markup income, foreign exchange gains and losses and impairment are recognised in income statement.

Financial asset at FVTOCI

A financial asset is classified at FVTOCI only if it meets both of the following conditions and is not designated as FVTPL;

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, for an equity investment that is not held for trading, the Fund may irrevocably elect to present subsequent changes in fair value in Other Comprehensive Income (OCI), and only dividend income is recognised in income statement. This election is made on an investment-by-investment basis.

Financial assets at FVTOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI, except for the recognition of impairment losses. In case of debt

instrument, when the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to income statement. In case of equity instrument, when the financial asset is derecognised, there is no subsequent reclassification of fair value gains and losses to income statement.

Financial asset at FVTPL

All other financial assets are classified as FVTPL (for example: equity held for trading and debt securities not classified either as AC or FVTOCI).

In addition, on initial recognition, the Fund may irrevocably designate a financial asset, that otherwise meets the requirements to be measured at amortised cost or at FVTOCI, as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets designated at fair value through profit or loss are subsequently carried at fair value. Net gains and losses, including any profit / markup or dividend income, are recognised in income statement.

Business model assessment

The Fund makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Fund's management;

- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;

- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and

- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

The Fund has determined that it has two business models.

- Held-to-collect business model: This includes cash and cash equivalents and receivables, if any. These financial assets are held to collect contractual cash flow.

- Other business model: This includes equity securities. These financial assets are held for trading and managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

4.2.2.2 Financial liabilities

The Fund classifies its financial liabilities in the following categories:

- Amortised Cost (AC), or
- At fair value through profit or loss (FVTPL).

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Fund has opted to measure them at FVTPL, and also subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in income statement. Any gain or loss on derecognition is also recognised in income statement.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, IFRS 9 requires as follows:

- The amount of change in the fair value of a financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of such changes in other comprehensive income would create or enlarge an accounting mismatch in income statement.

- Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to income statement

4.2.3 Impairment of financial assets

The Fund at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

The SECP through its letter SCD / AMCW / RS / MUFAP / 2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of IFRS 9 in relation to debt securities for mutual funds and has instructed to continue to follow the requirements of Circular No. 33 of 2012 dated October 24, 2012.

4.2.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. On derecognition of a financial asset, the difference between the carrying amount of the asset and the consideration received is recognised in income statement.

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognised in income statement.

The Fund derecognises a derivative only when it meets the derecognition criteria for both financial assets and financial liabilities. Where the payment or receipt of variation margin represents settlement of a derivative, the derivative, or the settled portion, is derecognised.

4.2.5 Fair value measurement principles and provision

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Fund has access at that date. The fair value of a liability reflects its non-performance risk.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial instruments is determined as follows:

Basis of valuation of government securities

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV, PKISRV and PKFRV rates) which are based on the remaining tenor of the securities.

The government securities listed on a stock exchange (for example Listed GoP Ijara) are valued on their prices quoted on the Pakistan Stock Exchange Limited at the reporting date.

4.2.6 Regular way contracts

All purchases and sales of securities that require delivery within the timeframe established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

4.2.7 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Income and expenses are presented on a net basis for gains and losses from financial instruments at FVTPL and foreign exchange gains and losses.

4.3 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement, each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in other liabilities in the statement of assets and liabilities.

4.4 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.5 Collaterals

Cash collaterals provided by the Fund are identified in the statement of assets and liabilities as margin and are not included as a component of cash and cash equivalents. For collaterals other than cash, if the party to whom the collaterals are provided has a right by contract or custom to sell or re-pledge the collaterals, the Fund classifies such collaterals in the statement of assets and liabilities separately from other assets and identifies the assets as pledged collaterals. Where the party to whom the collaterals are provided does not have the right to sell or re-pledge, a disclosure of the collaterals provided is made in the notes to the financial statements.

4.6 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders (excluding distribution made by issuance of bonus units).

The Fund is also exempt from the provisions of Section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund has not recognised any amount in respect of deferred tax in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing in cash at least ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, to its unit holders.

4.7 Distributions to unit holders

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on MUFAP's guidelines (duly consented upon by the SECP), distribution for the year is deemed to comprise of the portion of amount of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company. Based on MUFAP's guidelines (duly consented upon by SECP) distributions for the year/period is deemed to comprise of the portion of amount of income already paid on units redeemed and the amount of cash distribution for the year / period.

The distribution per unit is announced based on units that were held for the entire period. The rate of distribution is adjusted with effect of refund of capital, if any, based on the period of investment made during the year / period. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

4.8 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load, if applicable, is payable to the investment facilitators and the Management Company / distributors.

Units redeemed are recorded at the redemption price, applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.9 Element of Income

Element of income represents the difference between net assets value on the issuance or redemption date, as the case may be, of units and the Net Assets Value (NAV) at the beginning of the relevant accounting period.

Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the period under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period. The income already paid (Element of Income) on redemption of units during the period are taken separately in statement of movement in unit holders' fund.

4.10 Net assets value per unit

The Net Assets Value (NAV) per unit, as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.11 Revenue Recognition

- Realised gains / (losses) arising on sale of investments are included in the income statement on the date at which transactions takes place.

- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the income statement in the period in which they arise.

Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.
