**Stock Market performance of DCR Unit

Business Environment

While Pakistan’s economy contracted in FY23, import controls have resulted in strong product substitution through local industry along with a positive agricultural outlook as a result of higher production of important crops.

Marginal easing of import restrictions is expected to support recovery in the industrial sector, particularly large-scale manufacturing. Flow-on impacts from the strengthening agriculture and industrial sectors will support a revival in associated services sectors including wholesale and retail. (World Bank Country Overview Oct '23)

Easing inflation is expected with improved agricultural output and currency has seen a sharp recovery since the country’s financial regulator and security agencies began taking action to curb black market operations. (Reuters)

As a result, we anticipate improvements in retail spending over the new few months.

Business Risk Summary

DCR’s business is sensitive to sustaining occupancy levels. Principal risks comprise: i) significant future supply of office and retail developments which try to undercut the pricing in the neighbourhood. However, such developments would be bound to compromise on the facilities management in order to draw economies; whereas DCR has already set the industry benchmark in this space demonstrating its importance to the occupants. ii) Rising interest rate scenario can make the DCR yield competitive, however, in the longer run REIT units will continue to provide stable returns and consistent growth to investors as an inflation hedged instrument, iii) Default by existing tenants; the risk of which is considered to be low at Dolmen City since majority tenants of DCR are either multinationals or big franchises and DCR’s Property Manager not only deploy stringent screening, profiling and tenancy sourcing policies but also monitors and maintains close liaison with every tenant.

Outlook

Dolmen City remains the premier, aspirational destination for both brands and office space occupants. With little to no new supply on the horizon particularly within the high-end office and retail space, we anticipate Dolmen City to retain its premier market positioning.

The addition of two new towers adjacent to the Dolmen City REIT properties and their high occupancy stands as a testament to the robust demand for quality space. The planned addition of an international hotel chain in one of the new towers will further amplify the desirability of the property as “the place to be” for brands and businesses. Amenity additions parcelled with the hotel development is expected to drive greater gravitation of office space occupants towards Dolmen City.

With the turbulent economic shakedown mostly behind us, we anticipate a period of rest followed by growth in terms of the overall business environment. Monthly footfall rates for the mall are showing a consistently higher monthly visitation compared to last year which will support the consistent buoyancy of mall occupancy.

I: COST APPROACH:

The "Cost Approach" is a real estate valuation method in which a buyer should pay for a property that should equal the cost to build an equivalent building. In cost approach appraisal, the market price for the property is equal to the cost of land plus cost of construction and services therein such as: Generator, Power plant, Chiller Plant and other services for multistory building.

II: SALE COMPARISON APPROACH:

The Sales Comparison Approach is to comparing recently-sold properties (local similar) with the other similar property. Price adjustments are made for differences in the comparable factors of the property. In fact, the "Sales Comparison Approach" is the basic foundation knowledge for the real estate professionals.

III: INCOME CAPITALIZATION APPROACH:

The income approach is a real estate appraisal method that allows investors to estimate the value of a property by taking the net operating income of the rent collected and dividing it by the capitalization rate. This usually appears in percentage.

A method that appraising real estate income and then converts this income into an estimate of its value. Appraisers generally use this method for commercial buildings such as shopping centers, office buildings and large apartment buildings.

The basic formula for this approach commonly referred as (IRV):

$$\text{Net operating income (I)} \div \text{capitalization rate (R)} = \text{value (V)}$$

PROS AND CONS OF THESE APPROACHES TO DETERMINE TRUE VALUE:

In fact, these approaches are best to evaluate a comparable deal that give an idea of what market are paying or have paid for similar assets. This will prevent a buyer from underbidding or overpaying and similarly a seller is not selling at low value or expecting very high. Supports to Measure Company's true worth of what a company is really worthy and growing. For this, constant monitoring of market and evaluation from experts or valutors is essential.

Similarly following approaches also assist the management to evaluate the growth of rental income.

A. Cost Approach:

This approach provides basis for determining replacement value of the asset or property or any other fixed item or utility service in the premise. Indeed, for consideration in such approach the final shape of the project should have similarity along with similar utilities / facilities in construction. However, it does not take into account the loss of income during construction up till the completion of project achieving desired occupancy. Then we can emerge true picture of Cost Approach.

B. Sales Comparison Approach:

This approach commonly used in the real estate comparison or appraisals for similar type of property. True Sale Comparison Approach emerged when there is any such process of sale/purchase in near past. But here in this case no similar building in the vicinity so therefore, at present, deal or transaction of similar size project or property in Karachi for comparison with Dolmen City project. This approach is generally suitable where the business is buying and selling of property.

C. Income Capitalization Approach:

This approach allows investors to estimate the value of a property based on the net operating income (generated by the real estate) using a capitalization rate. This is most common used approach to determine the value of income generating real estate and it can be regarded as the most appropriate valuation basis for income generating real estate as compared to two other approaches as the said approach is based upon principle that reflects the value of property based on the income generated from it and in case of income generating real estate business the main purpose of the real estate is to accrue the benefit of the income generated through it to the investors over the long period of time.

In order to determine the Forced Sale Value of the REIT Properties "Dolmen City Mall and Harbour Front", all the factors including the natural and physical condition of the plot area, type of building design and structure, type of construction, age of construction, state of infrastructure in the area, location, availability of utilities connection in the premises have been considered. Further, Government's future development measures to boost the commercial activities, reliability in return of investment in short term or long term plan basis are also taken in consideration to determine the Forced Sale Value (FSV).

- Law and order situation of the area.
- Prevailing market conditions for real estate.
- Property buying and selling activities in the city.
- Availability of prospective buyers.
- Current economic situation of the country.
- Present government policies and political environment.

The most common hypothetical conditions and extraordinary assumptions arise from the requirement that the property be sold within an unusually short period, thereby limiting reasonable market exposure and recognizing the specific needs of a party other than the property owner. In these circumstances, proper marketing may not be possible therefore, less 20% is the usual percentage to be considered to sale the property in such circumstances.

PART III: INCOME CAPITALIZATION APPROACH:
(As per Valuer)

In our present market study and survey, it is observed that there is marginal increase in rental value in all malls in the Clifton area of Karachi due increase in business activities in this area and improved security measure in the city and to lifting of ban on highrise buildings by the Government upon the direction of Supreme Court of Pakistan. With this decisions and directions of the Honorable Supreme Court, the confidence in the general public has improved, so therefore sentimental trend of commercial activities in the late hours has also increasing day by day in the city and as well as in malls. In light of above facts and parameters, the rent at lower floors of this mall were also observed incremental. In respect of any comparison, presently there is no any comparable Mall available in the vicinity having such areas for offices and shopping space, however some projects/malls are under construction in vicinity / Clifton Area and near future this could be possible. Therefore basis of our experience and in comparison to other similar properties in the other places of city and considering the facilities location and other aspects of Dolmen City Mall and Harbour Front the reasonable rent for the property can be taken in between the range of **0.45% to 0.55%** of the total value of structure for Dolmen City REIT and **0.8% to 0.9%** for Harbour front. Whereas, the renting percentage is assessed 0.5% for upper basement due to its convenient location and ease of accessibility. However, for the rest we have taken an average rate of 0.45% for Dolmen City Mall and 0.85% for Harbour Front respectively.

Arif Habib Dolmen REIT Management Limited has shared the occupancy projected status of the REIT property (Dolmen City Mall and Harbour Front) with the projected rent and expenses for the assessment of value based on the Income Capitalization Approach. The tenancy profile of Dolmen Mall is based on long term agreements with built in rent escalation thus representing a clear picture of future revenue. Out of the three approaches identified in REIT Regulations – 2022, Income Capitalization Approach is generally based on the principle that the value of the property reflects the quality and quantity of income it is expected to generate over time. It is the most typical approach used for income producing properties i.e. rental properties. Being based on actual agreements, this in comparison to income as per valuer's assessment represents the more representative determination for rental properties. Accordingly it is the most relevant approach for determination of valuation of REIT Management Property for reporting purposes. INDEPENDENT AUDITORS' REVIEW REPORT

To the unitholders of Dolmen City REIT

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Arif Habib Dolmen REIT Management Limited (RMC) for and on behalf of Dolmen City REIT (the Scheme) for the year ended 30 June 2023 in accordance with the requirements of regulation No. 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the RMC of the Scheme. Our responsibility is to review whether the Statement of Compliance reflects the status of the Scheme's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the RMC's personnel and review of various documents prepared by the RMC to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Scheme's corporate governance procedures and risks.

The Regulations require the RMC of the Scheme to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Scheme's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Scheme for the year ended 30 June 2023.

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Dolmen City REIT

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Dolmen City REIT ("the Scheme"), which comprise the statement of financial position as at 30 June 2023, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in unitholder's fund, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of comprehensive income, the statement of changes in unitholders' fund and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017) and Real Estate Investment Trust Regulations, 2022, in the manner so required and respectively give a true and fair view of the state of the Scheme's affairs as at 30 June 2023 and of the profit and other comprehensive income, the changes in unitholders' fund and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Scheme in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KPMG Taseer Hadi & Co., a Partnership firm registered in Pakistan and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

KPMG Taseer Hadi & Co.

Following are the Key audit matters:

S. No.	Key audit matters	How the matters were addressed in our audit
1.	Valuation of Investment Property	
	<p>Refer note 4 to the financial statements.</p> <p>The investment property amounted to Rs. 68,046 million as at 30 June 2023.</p> <p>Investment property forms a significant part of the Scheme's total assets. The Scheme's investment property is stated at fair value based on valuations carried out by independent qualified professional valuer (the "management valuer") with the changes recognized in the statement of profit or loss.</p> <p>The management valuer under REIT Regulation, 2022 is required to carry out valuation on any valuation technique adopted explicitly stating the reason for opting such approach. The management valuer has stated "Income Capitalization Approach - on projected Net Operating Income (NOI) based on existing rent arrangements and expected rent for the vacant area" is the most appropriate approach used for valuation.</p> <p>We identified valuation of investment property as a key audit matter because the valuation is dependent on significant unobservable inputs that involve management's judgment. Details of the valuation techniques and significant unobservable inputs used in the valuations are disclosed in note 4 to the financial statements.</p>	<p>Our audit procedures to assess the valuation of investment property, amongst others, included the following:</p> <ul style="list-style-type: none"> • evaluated the design and implementation of relevant controls over the measurement of the investment property; • assessed the competence, capabilities and objectivity of the management valuer and evaluated their scope of work; • on sample basis, assessed whether the source data provided to the management's valuer is reasonable; • obtained the valuation report and engaged our external specialist for assessing the reasonableness of the significant unobservable inputs and estimates used by the management valuer and whether the valuation approach recommended by management's valuer represent the most appropriate approach; • engaged our auditors' own valuation specialist to assist us in evaluating the assumptions and judgements used by management in its projected net operating income working; and • assessed the adequacy of the related disclosures in the notes to the financial statements in accordance with the requirement of IFRS.

KPMG Taseer Hadi & Co.

S. No.	Key audit matters	How the matters were addressed in our audit
2.	Revenue Recognition	
	<p>Refer notes 17 and 18 to the financial statements.</p> <p>The Scheme's revenue for the year ended 30 June 2023 was Rs. 4,577 million.</p> <p>Revenue from rental income is recognized on a straight line basis over the non-cancellable period of the lease. Whereas, revenue from marketing activities is recognized when the event is performed.</p> <p>We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the Scheme and therefore there is an inherent risk that revenue may not have been recorded in the appropriate period.</p>	<p>Our audit procedures to assess the recognition of revenue, amongst others, included the following:</p> <ul style="list-style-type: none"> • assessed the design, implementation and operating effectiveness of the key internal controls which governs the revenue recognition; • assessed the appropriateness of the Scheme's accounting policies for revenue recognition including its compliance with applicable accounting standards; • tested revenue transactions recorded during the current year, on sample basis, with underlying documentation including invoices and rent agreements to assess whether the revenue was recognized in accordance with Scheme's revenue recognition accounting policies; and • tested on a sample basis, specific revenue transactions recorded before and after the reporting date with underlying documentation to assess whether revenue was recorded in the appropriate accounting period.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

KPMG Taseer Hadi & Co.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, the requirements of Companies Act, 2017 (XIX of 2017) and the REIT Regulations, 2022 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Notes to the Financial Statements

For the year ended 30 June 2023

1. STATUS AND NATURE OF BUSINESS

1.1 Dolmen City REIT ("the Scheme") was established under Trust Deed, dated 20 January 2015, executed between Arif Habib Dolmen REIT Management Limited (AHDRML), as the REIT Management Company (RMC) and Central Depository Company of Pakistan Limited (CDCPL), as the Trustee. The Scheme is governed under the Real Estate Investment Trust Regulations, 2022 (REIT Regulations, 2022) (previously REIT Regulations, 2015), promulgated and amended from time to time by the Securities & Exchange Commission of Pakistan (SECP).

The Trust Deed of the Scheme was registered on 20 January 2015 whereas approval of the registration of the REIT Scheme has been granted by the SECP on 29 May 2015. The Scheme is a perpetual, closed-ended, shariah compliant rental REIT. The Scheme is listed on Pakistan Stock Exchange. On 25 October 2022, VIS Credit Rating Company Limited assigned rating ""AAA(rr)"" and ""AM2+"" to the Scheme and the RMC respectively.

The registered office of the REIT Management Company is situated at Arif Habib Center, 23 M.T. Khan Road, Karachi. All of the activities undertaken by the Scheme including but not limited to deposits and placements with banks, rental and marketing income earned were all in accordance with principle of Shariah. The principal activity of the Scheme is to generate rental income through investment property and distribute the income generated to unitholders through dividends.

1.2 The Scheme commenced its commercial activities on 01 June 2015. The Scheme was the subsidiary of International Complex Projects Limited (ICPL) directly holding 75% of the units. The Board of Directors of the ICPL in its meeting held on 22 April 2021 approved the scheme of arrangement for re-organization / re-arrangement of the Dolmen Group comprising restructuring of ICPL. The arrangement became effective on 01 July 2021 as sanctioned by the Honorable High Court of Sindh vide its Order dated 03 November 2021. Consequently, units held by ICPL were transferred to its associated undertakings i.e. Dolmen (Private) Limited and Al Feroz (Private) Limited, as envisaged in the said scheme of arrangement in equal proportion.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and Part VIII A of the repealed Companies Ordinance, 1984; and
- The Real Estate Investment Trust Regulations, 2022 (the REIT Regulations, 2022).

Where the provisions of and directives issued under the Companies Act, 2017, Part VIII A of the repealed Companies Ordinance, 1984 and REIT Regulations, 2022 differ from the IFRS standards, the provisions of and directives issued under Companies Act, 2017 and REIT Regulations, 2022 have been followed.

2.1.1 On 28 November 2022, Securities and Exchange Commission of Pakistan vide S.R.O 2067/2022 has replaced REIT Regulations, 2015 with REIT Regulations, 2022 which came into force with immediate effect.

Notes to the Financial Statements

For the year ended 30 June 2023

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for investment property, which has been measured at the fair value.

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees which is the functional and presentation currency of the Scheme. All figures have been rounded off to nearest thousand of rupees unless otherwise stated.

2.4 Key judgments and estimates

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. In addition, it requires management to exercise judgement in the process of applying the Scheme's accounting policies. The areas involving a high degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are documented in the following accounting policies and notes, and relate primarily to:

- Investment property (notes 3.1 and 4);
- Allowance for impairment loss on rent receivables (notes 3.2.5 and 5); and
- Provisions and contingencies (notes 3.5 and 15)

2.5 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective.

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 1 July 2023:

- Classification of liabilities as current or non-current (Amendments to IAS 1 in January 2020) apply retrospectively for the annual periods beginning on or after 1 January 2024 (as deferred vide amendments to IAS 1 in October 2022) with earlier application permitted. These amendments in the standards have been added to further clarify when a liability is classified as current. Convertible debt may need to be reclassified as 'current'. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity's expectation and discretion at the reporting date to refinance or to reschedule payments on a long-term basis are no longer relevant for the classification of a liability as current or non-current. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Non-current Liabilities with Covenants (amendment to IAS 1 in October 2022) aims to improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with conditions. The amendment is also intended to address concerns about classifying such a liability as current or non-current. Only covenants with which an entity must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which an entity must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, entities will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date. The amendments apply retrospectively for annual reporting periods beginning on or after 1 January 2024, with earlier application permitted. These amendments also specify the transition requirements for entities that may have early-adopted the previously issued but not yet effective 2020 amendments to IAS 1 (as referred above).

Notes to the Financial Statements

For the year ended 30 June 2023

- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) – the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help entities provide useful accounting policy disclosures. The key amendments to IAS 1 include:
 - requiring entities to disclose their material accounting policies rather than their significant accounting policies;
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a entity's financial statements.
 - The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.
 - Definition of Accounting Estimates (Amendments to IAS 8) introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an entity develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 1 January 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the entity applies the amendments.
 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, entities will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.
 - Lease Liability in a Sale and Leaseback (amendment to IFRS 16 in September 2022) adds subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements to be accounted for as a sale. The amendment confirms that on initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. The amendments are effective for annual reporting periods beginning on or after 1 January 2024 with earlier application permitted. Under IAS 8, a seller-lessee will need to apply the amendments retrospectively to sale-and-leaseback transactions entered into or after the date of initial application of IFRS 16 and will need to identify and re-examine sale-and-leaseback transactions entered into since implementation of IFRS 16 in 2019, and potentially restate those that included variable lease payments. If an entity (a seller-lessee) applies the amendments arising from Lease Liability in a Sale and Leaseback for an earlier period, the entity shall disclose that fact.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) amend accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

Notes to the Financial Statements

For the year ended 30 June 2023

- Supplier Finance Arrangements (amendments to IAS 7 and IFRS 7) introduce two new disclosure objectives for an entity to provide information about its supplier finance arrangements that would enable users (investors) to assess the effects of these arrangements on the entities' liabilities and cash flows, and the entity's exposure to liquidity risk. Under the amendments, entities also need to disclose the type and effect of non-cash changes in the carrying amounts of the financial liabilities that are part of a supplier finance arrangement. The amendments also add supplier finance arrangements as an example to the existing disclosure requirements in IFRS 7 on factors an entity might consider when providing specific quantitative liquidity risk disclosures about its financial liabilities. The amendments are effective for periods beginning on or after 1 January 2024, with early application permitted. However, some relief from providing certain information in the year of initial application is available.
- International Tax Reform – Pillar Two Model Rules (amendments to IAS 12) introduce following new disclosure requirements:
 - Once tax law is enacted but before top-up tax is effective: disclose information that is known or can be reasonably estimated and that helps users of its financial statements to understand its exposure to Pillar Two income taxes at the reporting date. If information is not known or cannot be reasonably estimated at the reporting date, then an entity discloses a statement to that effect and information about its progress in assessing the Pillar Two exposure.
 - After top-up tax is effective: disclose current tax expense related to top-up tax.

The above standards, interpretations and amendments are not likely to have a significant impact on Scheme's financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. The Scheme has consistently applied the following accounting policies to all periods presented in these financial statements.

3.1 Investment Property

Investment property is the property which is held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment property is initially measured at cost and subsequently at fair value with any change therein recognised in statement of profit or loss.

The Scheme determines the fair value of its investment property after every six months through an independent qualified valuer fulfilling the minimum criteria stated by the REIT Regulations, 2022. The valuer under REIT Regulations, 2022 is required to carry out valuation and explicitly state the reasoning for the approach adopted that is most appropriate for the Scheme. The valuer has stated that Income Capitalisation Approach - "Projected Net Operating Income (NOI) based on existing rental agreements and expected rent for the vacant area" is the most appropriate / relevant approach used for income producing properties i.e. rental properties.

Subsequent costs are included in the carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the items will flow to the Scheme and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to statement of profit or loss in the period in which they are incurred.

Notes to the Financial Statements

For the year ended 30 June 2023

3.2 Financial Instruments

3.2.1 Recognition and initial measurement

Receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Scheme becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

3.2.2 Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as: amortised cost, Fair value through Other Comprehensive Income (OCI) - debt investment, fair value through OCI - equity investment, or fair value through profit or loss (if any).

Financial assets are not reclassified subsequent to their initial recognition unless the Scheme changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Scheme may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Scheme may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Notes to the Financial Statements

For the year ended 30 June 2023

Financial assets - Business model assessment

The Scheme makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual mark-up income, maintaining a particular mark-up rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Scheme's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Scheme's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets - Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Scheme considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Scheme considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Scheme's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Notes to the Financial Statements

For the year ended 30 June 2023

Financial assets- Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Markup income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Financial liabilities - Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Markup expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

3.2.3 Derecognition

Financial assets

The Scheme derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Scheme neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Scheme enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Scheme derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Scheme also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

Notes to the Financial Statements

For the year ended 30 June 2023

3.2.4 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Scheme currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.2.5 Impairment on financial assets

The Scheme recognises loss allowances for Expected Credit Losses (ECLs) on:

- financial assets measured at amortised cost;
- debt instruments measured at FVOCI, if any; and
- contract assets, if any.

The Scheme measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date, if any; and
- other debt securities and bank balances, if any for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Scheme considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Scheme's historical experience and informed credit assessment, that includes inducing forward-looking information.

The Scheme assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Scheme considers a financial asset to be in default when:

- the customer is unlikely to pay its balance to the Scheme in full, without recourse by the Scheme to actions such as realizing security (if any is held); or
- the financial asset is past due for more than 180 days.

The Scheme considers a debt security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-months ECLs are the portion of ECLs that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Scheme is exposed to credit risk.

Notes to the Financial Statements

For the year ended 30 June 2023

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Scheme expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit impaired financial assets

At each reporting date, the Scheme assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default or being past due for more than the agreed term;
- the restructuring of a loan or advance by the Scheme on terms that the Scheme would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Scheme has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Scheme makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Scheme expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Scheme's procedures for recovery of amounts due.

3.3 Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised, as an expense in the statement of profit or loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is determined through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets.

An impairment loss is reversed if there has been change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Notes to the Financial Statements

For the year ended 30 June 2023

3.4 Cash and cash equivalents

Cash and cash equivalents consist of balances with banks and term deposit receipts having maturity of not more than three months.

3.5 Provisions

Provisions are recognised when the Scheme has a present (legal or constructive) obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of that can be made. Provisions are reviewed at each reporting date and accordingly adjusted to reflect current best estimate.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

Income of the Scheme is exempt from income tax under clause 99 of the Part I of the 2nd Schedule of the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed in cash amongst the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the year, the income distributed through bonus units shall not be taken into account.

The Scheme is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.7 Revenue Recognition

-Rental income from investment property is recognised as revenue on a straight line basis over the non-cancellable period of the lease, unless another systematic basis is more representative of the time pattern in which use / benefit derived from the investment property is diminished.

- Revenue from marketing activities is recognised when the event is performed.

3.8 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Scheme has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Scheme's accounting policies and disclosure require the measurement of fair values, for both financial and non-financial assets and liabilities.

When one is available, the Scheme measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Notes to the Financial Statements

For the year ended 30 June 2023

If there is no quoted price in an active market, then the Scheme uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Scheme measures assets and long positions at a bid price and liabilities and short position at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price - i.e. the fair value of the consideration given or received. If the Scheme determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on valuation technique for which any unobservable input are judged to be insignificant in related to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is wholly supported by observable market data or the transaction is closed out.

3.9 Earnings per unit (EPU)

The Scheme presents basic and diluted earnings per unit data for its ordinary units. Basic EPU is calculated by dividing the profit or loss attributable to unitholders of the Scheme by the weighted average number of units outstanding during the year. Diluted EPU is determined by adjusting the profit or loss attributable to unitholders and the weighted average number of unitholders outstanding after the effects of all dilutive potential units.

3.10 Net assets value per unit

The net assets value (NAV) per unit as disclosed on the statement of financial position is calculated by dividing the net assets of the Scheme by the number of units outstanding at the year end.

3.11 Dividend distribution

Dividend distribution to the Scheme's unitholders and appropriation to reserve is recognised in the financial statements as a liability in the period in which these dividend are approved. However, if these are approved after the reporting period but before the financial statements are authorised for issue, they are disclosed in the notes to the financial statements.

3.12 Finance income and finance cost

The Scheme's finance income and finance costs include:

- interest income;
- interest expense; and
- the foreign currency gain or loss on financial assets and financial liabilities.

Finance income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instruments to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating finance income and cost, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, markup income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of markup income reverts to the gross basis.

Add: Unrealised gain on remeasurement of fair value of investment property		5,225,670	6,486,992
Carrying amount at the end of the year	4.1	<u>68,046,859</u>	<u>62,821,189</u>

4.1 The investment property comprise of the buildings on leasehold land named as the "DOLMEN CITY MALL" and the "HARBOUR FRONT", comprising of two Basements (460,438 square feet), Ground floor (241,052 square feet), Mezzanine floor (19,879 square feet), First floor (275,399 square feet), Second floor (272,972 square feet), Plant and Transformer rooms (27,667 square feet), Third to Twentieth floors (270,271 square feet) having a total covered area of 1,567,678 square feet with 15,201.68 square yards undivided share in the plot bearing No. HC-3, Block 4, KDA, Scheme 5, Marine Drive, Karachi.

Rental income and marketing income earned from investment property for the year ended 30 June 2023 amounted to Rs. 4,319 million and Rs. 258 million (2022: Rs. 3,574 million and Rs. 222 million) respectively.

Direct operating expenses arising from investment property have been disclosed in note 19.4 to these financial statements.

4.1.1 The Scheme as a lessor has entered into operating leases with the tenants on its investment property consisting of Dolmen Mall Clifton ("DMC") and The Harbour Front ("THF"). These leases have terms of between one and five years with non-cancellable period ranges from six to twelve months. Moreover, tripartite agreements were entered between the Scheme, tenant and property manager, where common area management services were delegated to property manager namely Dolmen Real Estate Management (Private) Limited. Accordingly, the Scheme is not the principal for their services as it is not engaged / involved in the provision of these services.

4.1.2 Rental income is recognized on a straight line basis over the non-cancellable lease term. Non-cancellable lease term includes only the period in which both parties do not have the right to cancel / terminate the agreement. Due to the fact that it is more likely that the tenants may substitute their business place from the Company's managed premises to other premises, the management has recognized rental considering the non-cancellable period of six to twelve months.

The future aggregate minimum rentals receivable including non-cancellable period under operating leases as at 30 June are as follows:

	June 30 2023	June 30 2022
	----- (Rupees in '000) -----	
No later than one year	4,739,636	4,227,858

	<u>10,696,046</u>	<u>14,950,463</u>

4.2 The investment property has been valued by MYK Associates ('the Valuer') as at 30 June 2023 ('Tristar International Consultant (Private) Limited as at 30 June 2022'), who are independent valuers. The Valuer is enlisted with Pakistan Bank's Association and Pakistan Engineering Council and have recent experience in the location and category of the property being valued. The Valuer used the following approaches:

Notes to the Financial Statements

For the year ended 30 June 2023

	June 30 2023	June 30 2022
	----- (Rupees in '000) -----	
Cost approach	43,597,876	37,299,627
Sales comparison approach	82,392,388	78,561,058
Income capitalization approach - using capitalization rate of 6% (2022: 6%)		
(a) Valuer's assessment of rental income	66,751,153	63,019,291
(b) On projected Net Operating Income (NOI) based on existing rental agreements and expected rent for the vacant area	68,046,859	62,821,189

The valuer in its valuation report has stated that out of three approaches "income capitalisation approach" is the most appropriate approach used for income producing properties i.e. rental properties. The valuer has determined two values under income capitalisation approach as stated above, however recommended that the valuation on the projected NOI based on existing rental agreements and expected rent for the vacant area is most appropriate for the Scheme. Accordingly, investment property has been valued in these financial statements under income capitalisation approach using 6% capitalisation rate on projected NOI based on the existing rental agreements and expected rent for the vacant area.

The forced sales value of the investment property is assessed to be Rs. 65,913.910 million (2022: Rs. 62,848.846 million).

Fair value hierarchy

The details of the investment property and information about its fair value hierarchy as at the end of the reporting period are as follows:

"Expected lifetime credit losses for receivables are recognised using the simplified approach. This is based on loss rates calculated from historical and forward-looking data, taking into account the business model, the respective customer and the economic environment of the geographical region. The loss allowance has been determined considering, both collectively and individually assessed receivables.

The Scheme writes off receivables when there is information indicating that the tenant is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the tenant has been placed under liquidation or has entered into bankruptcy proceedings.

Notes to the Financial Statements

For the year ended 30 June 2023

- 14.3** As per the requirement of Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the management fee of the RMC has been applied. The RMC is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law.

The Honorable Sindh High Court ("SHC") through its order dated 2 June 2016, in CPD-3184 of 2014 (and others) filed by various taxpayers, has inter alia declared that Federal Excise Act, 2005 (FED Act) on services, other than shipping agents and related services, is ultra vires to the Constitution from 01 July 2011. However, the declaration made by the SHC, as directed, will have effect in the manner prescribed in the judgment. Subsequently, the SHC in its decision dated 30 June 2016 on CP No. D-3547 of 2013 in respect of constitutional petition filed by management companies of mutual funds maintained the aforesaid order on the FED.

The Sindh Revenue Board (SRB) and the Federal Board of Revenue (FBR) have filed appeals before Supreme Court of Pakistan (SCP) against the SHC's decision dated 2 June 2016, which is pending for decision. With effect from 01 July 2016, FED on services provided or rendered by Non-Banking Financial Institutions dealing in services which are subject to provincial sales tax has been withdrawn by Finance Act, 2016. Therefore, the Scheme has discontinued making the provision in this regard. As a matter of abundant caution, without prejudice to the above, an accumulated provision of Rs. 11.980 million (2022: Rs 11.980 million) has been retained in these financial statements.

- 14.4** Under the provision of REIT Regulation 2022, the Trustee is entitled to an annual fee for services rendered, payable on quarterly basis in arrears. Accordingly, the Trustee charged annual fee at a rate of 0.5% of the annual NOI (2022: 0.5% of the annual NOI). The Sindh Government has levied Sindh Sales Tax on the Trustee fee through Sindh Sales Tax on Services Act 2011, effective from 01 July 2015. The current applicable rate is 13% being effective from 1 July 2016.

The Scheme's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders, provided that for the purpose of determining distribution of not less than 90% of its accounting income for the year, the income distributed through bonus units shall not be taken into account.

The Board of Directors of the RMC have distributed more than 90% of the Scheme's accounting income for the year as reduced by capital gains (whether realised or unrealised) to its unit holders in the form of cash to avail the exemption through distribution of interim dividends during the year and declaration and distribution of final dividend subsequent to year end (refer note 29). Accordingly, no tax provision has been made in these financial statements for the year ended June 30, 2023.

26 FINANCIAL RISK MANAGEMENT

26.1 Financial risk management framework

The Scheme's activities are exposed to a variety of financial risks namely credit risk, liquidity risk, and market risk. The Scheme manage these risk through monitoring and controlling activities which are primarily set up to be performed based on limits established in the Scheme's constitutive documents and REIT Regulation, 2022 and directives of the SECP. The Board of Directors of RMC supervises the overall risk management approach within the Scheme.

26.2 Credit Risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Scheme attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties that arises principally from the Scheme's receivables, security deposits, short-term investments and deposits with banks.

The carrying amount of the financial assets represents maximum exposure to credit risk as at 30 June:

Financial Asset	2023	2022
	------(Rupees in '000)-----	
Receivables	106,175	158,467
Security deposit	959	959
Profit accrued on deposit	20,314	8,671
Short-term investments	750,700	661,567
Bank balances	1,131,446	950,206
	2,009,594	1,779,870

The RMC and property manager monitors tenants' balances on an ongoing basis. Credit evaluations are performed by the property manager before lease agreements are entered into with tenants.

The exposure of credit risk and ECL relating to receivables and impairment loss on receivables have been disclosed in note 5 to these financial statements.

Notes to the Financial Statements

For the year ended 30 June 2023

The Scheme has placed its funds (i.e. short-term investments and bank balances) with banks having sound credit ratings. The credit quality of Scheme's major balances can be assessed with reference of external credit ratings which is as follows:

26.3 Liquidity risk

Liquidity risk is the risk that the Scheme will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. The Scheme's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Scheme's reputation.

The table below analyses the Scheme's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the maturity date.

Financial liabilities	2023			
	Carrying amount	Contractual cash flows	One year or less	More than one year

*Other liabilities that are not financial liabilities (unearned income, sales tax and withholding income tax payable and federal excise duty amount to Rs. 135 million, Rs. 48 million and Rs. 12 million)

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

The Scheme manages liquidity risk by maintaining sufficient cash in bank accounts. At 30 June 2023, the Scheme had financial assets of Rs. 2,010 million (2022: Rs. 1,780 million), which include Rs 1,131 million (2022: Rs 950 million) of cash placed in bank accounts.

26.4 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market price. Market risk comprise of three types of risks: currency risk, interest rate risk and other price risk.

26.4.1 Currency risk

Currency risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate due to changes in foreign exchange rates. It arises where receivables and payable exist due to transactions in foreign currency. The Scheme is not exposed to currency risk as of reporting date. There are no foreign currency denominated financial instruments held by the Scheme.

26.4.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate exposure arises from bank balances and investments in term deposit receipts (TDRs) in profit or loss.

The Scheme does not have any fixed rate financial instrument at fair value through profit or loss, therefore, the Scheme is not exposed to fair value changes for fixed rate instruments. However the bank and term deposit at variable rates expose the Scheme to fluctuations in cash flow due to change in market profit rates. The cash flow sensitivity analysis for variable rate of instrument is depicted below:

Sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis as carried out as June 2022.

Cash flow sensitivity - variable rate instruments	<u>16,118</u>	<u>(16,118)</u>	<u>16,118</u>	<u>(16,118)</u>

26.4.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The Scheme is not exposed to other price risk.

27 CAPITAL RISK MANAGEMENT

Management's objective when managing unit holder's funds is to safeguard the Scheme's ability to continue as a going concern so that it can continue to provide optimum returns based on income earned and realized gains as per trust deed to its unit holders and to ensure reasonable safety of unit holder's funds. The Scheme is not exposed to externally imposed minimum unit holder's maintenance requirement.

The Scheme manages its investment property and other assets by monitoring return on net assets and makes adjustment to it in the light of changes in market conditions. The Scheme also manages its capital using a gearing ratio. The gearing ratio of the Scheme is as follows:

	2023	2022
	----- (Rupees in '000) -----	
Debt	-	-
Total unit holders' fund	<u>69,496,347</u>	<u>64,029,292</u>
Total capital	<u>69,496,347</u>	<u>64,029,292</u>
Gearing ratio	<u>-</u>	<u>-</u>

28 FAIR VALUE OF FINANCIAL INSTRUMENTS

When measuring the fair value of an asset or a liability, the Scheme uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (i.e., unobservable inputs).

28.1 Accounting classifications and fair values of financial instruments

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

آڈیٹرز:

موجودہ بیرونی آڈیٹرز میسرز KMPG تاثیر ہادی اینڈ کو، چارٹرڈ اکاؤنٹینٹس، سبکدوش ہو جائیں گے اور اہلیت کے باعث انہوں نے سال 30 جون 2024 کیلئے اپنی دوبارہ تقرری کی پیشکش کی ہے۔ بیرونی آڈیٹرز کو انسٹیٹیوٹ آف چارٹرڈ اکاؤنٹینٹس آف پاکستان (ICAP) کے کوالٹی کنٹرول ریویو پروگرام کے تحت تسلی بخش ریٹنگ حاصل ہے۔ RMC کی آڈٹ کمیٹی کی تجویز پر RMC کے بورڈ نے میسرز KMPG تاثیر ہادی اینڈ کو، چارٹرڈ اکاؤنٹینٹس کی DCR کے آڈیٹرز کی حیثیت سے مالیاتی سال 30 جون 2024 کے لئے باہمی طے شدہ فیس پر دوبارہ تقرری کی سفارش کی ہے۔

میزانے کے بعد کے واقعات:

30 جون 2023 سے لے کر اس رپورٹ کی تاریخ تک کوئی اہم تبدیلیاں رونما نہیں ہوئیں سوائے حتمی منافع منقسمہ کے اعلان کے جسے 0.50 روپے فی یونٹ یعنی 5.00 فیصد کے حساب سے تقسیم کیا گیا تھا۔ یہ عبوری منافع منقسمہ کے علاوہ تھا جس کا اعلان 1.31 روپے فی یونٹ یعنی 13.10 فیصد کے حساب سے تقسیم کیا گیا تھا۔ اس کے اثرات کی عکاسی اگلے سال کے مالیاتی گوشواروں میں ہوگی۔

ملحقہ پارٹیوں کے سودے:

REIT کے ضوابط اور ادارتی نظم و ضبط کی ضروریات کی پاسداری کرتے ہوئے DCR نے ملحقہ پارٹیوں کیس اتھ تمام سودے آڈٹ کمیٹی اور بورڈ کے جائزہ کے لئے ان کے روبرو پیش کئے۔ ان سودوں کو آڈٹ کمیٹی اور بورڈ آف ڈائریکٹرز نے اپنے متعلقہ اجلاسوں میں منظور کیا۔ ملحقہ پارٹیوں کے ساتھ سودوں کو آڈٹ شدہ مالیاتی گوشواروں کے نوٹ 24 میں منکشف کیا گیا ہے۔

ڈائریکٹران کا معاوضہ:

RMC کے نان ایگزیکٹو ڈائریکٹران (بشمول آزاد ڈائریکٹران) سوائے ان ڈائریکٹران کے جو عارف حبیب گروپ کی دیگر کمپنیوں میں بطور ایگزیکٹو ڈائریکٹران کام کر رہے ہیں، انہیں بورڈ اور کمیٹی کے اجلاس میں حاضر ہونے کا معاوضہ دیا جاتا ہے جو بورڈ وقتاً فوقتاً منظور کرتا ہے۔

چیف ایگزیکٹو آفیسر بورڈ میں واحد ایگزیکٹو ڈائریکٹر ہیں۔ مزید جب اور جیسے بورڈ کسی نان ایگزیکٹو ڈائریکٹر کو کوئی اضافی کردار اور ذمہ داریاں سونپتا ہے تو بورڈ اس کی سوچنی گئی ذمہ داریوں اور کردار کے مطابق اس کے معاوضہ کا تعین کرتا ہے۔

اسکیم خصوصی طور پر RMC کو مینجمنٹ فیس ادا کرنے کی پابند ہے، اور اس وجہ سے ڈائریکٹرز کے معاوضے سے متعلق فنڈ کے مالی بیانات پر کوئی اثر نہیں پڑتا ہے۔

بورڈ کی تشکیل بندی:

بورڈ کی موجودہ تشکیل بندی درج ذیل ہیں:

(a) مرد 8

(b) خواتین 1

بورڈ اقرار کرتا ہے کہ DCR کی حسابات کی کتابیں درست انداز میں تیار کی گئی ہیں اور مناسب حساباتی پالیسیوں کو اختیار کیا گیا ہے اور مالیاتی گوشواروں کی تیاری میں تسلسل کے ساتھ نہیں ملحوظ خاطر رکھا گیا ہے سوائے ان تبدیلیوں کے جنہیں مالیاتی گوشواروں کے نوٹ 2.4 میں بتایا گیا ہے اور حساباتی تخمینوں کی بنیاد معقول اور مضبوط فیصلوں پر ہے۔ مالیاتی گوشواروں کی تیاری کے دوران عالمی مالیاتی رپورٹنگ معیارات، جو پاکستان میں لاگو ہیں ملحوظ خاطر رکھا گیا ہے۔ اندرونی گرفت کے نظام کی شکل مضبوط ہے اور موثر انداز میں نافذ العمل ہے اور اس کی نگرانی کی جاتی ہے۔ DCR کے تیار کردہ مالیاتی گوشوارے کمپنی کے معاملات، اس کے کاروباری نتائج، نقدی کے بہاؤ اور NAV میں تبدیلیوں کو شفافیت کے ساتھ پیش کرتے ہیں۔ ٹیکسز، ڈیویڈنڈ، محصولات یا دیگر کی مد میں کوئی قابل ذکر رقم واجب الادا نہیں ہے۔

ضابطہ کی پاسداری کے تحت بورڈ اس بات کا اعادہ کرتا ہے کہ DCR کے چلتے ہوئے ادارے کی صلاحیت میں کوئی قابل ذکر شک و شبہ نہیں ہے اور ادارتی نظم و ضبط کے بہترین طور طریقوں سے کوئی قابل ذکر انحراف نہیں ہوا۔

DCR کی ہمیشہ کوشش رہی ہے کہ بہتر ادارتی نظم و ضبط کیلئے شفاف اور درست طور طریقے اختیار کرے۔

ڈائریکٹران اور اعلیٰ انتظامی عہدیداران کی اسکیم کے حصص میں خرید و فروخت:

DCR کے حصص میں RMC کے ڈائریکٹران، چیف ایگزیکٹو آفیسر اور چیف فنانشل آفیسر، کمپنی سیکریٹری اور ان کے شریک حیات اور کم عمر فیملی ممبران نے خرید و فروخت کی ہے اسے منسلکہ کے تحت شامل کیا گیا ہے۔

بورڈ اور اس کی کمیٹیوں کے اجلاس میں ڈائریکٹران کی حاضری:

سال مختتمہ 30 جون 2023 کے دوران بورڈ کے آٹھ (8) اجلاس ہوئے۔ آڈٹ کمیٹی کے چھ (6) اجلاس اور انسانی وسائل اور معاوضہ کمیٹی کا ایک اجلاس منعقد ہوا۔ ہر ڈائریکٹر کی حاضری کی تفصیل درج ذیل رہی:

نمبر شمار	ڈائریکٹر کا نام	بورڈ کے اجلاس	آڈٹ کمیٹی	انسانی وسائل اور معاوضہ کمیٹی
1	جناب عارف حبیب	8	-	-
2	جناب ندیم ریاض	3	-	-
3	جناب نعیم الیاس	8	6	-
4	محترمہ طیبہ رشید	8	-	1

منظر نامہ سے DCR کے منفعت میں مسابقت پیدا ہوگی تاہم طویل مدت میں REIT کے یونٹ مستحکم منفعت فراہم کریں گے اور افراط زر کی تلافی کرتے ہوئے سرمایہ کاروں کی منفعت میں مسلسل اضافہ ہوگا۔ (iii) موجودہ کرایہ داروں کی نادر ہندگی کو ڈولمین سٹی میں بہت معمولی خطرہ تصور کیا جاتا ہے کیونکہ بے کرایہ داروں میں زیادہ تر یا تو کثیر القومی کمپنیاں ہیں یا بڑے فریجٹرز ہیں اور DCR کا پراپرٹی مینیجر نہ صرف سخت چھان بین، پروفائلنگ اور کرایہ جاتی پالیسیاں اختیار کرتا ہے بلکہ ہر کرایہ دار کے ساتھ خوشگوار تعلقات قائم رکھتا ہے اور ان کی نگرانی کرتا ہے۔

مستقبل کی پیش بینی:

ڈولمین سٹی اب بھی برانڈ ز اور کاروباری اداروں کے لیے اعلیٰ معیار کے دفتر کی جگہ کی تلاش میں سرفہرست انتخاب ہے۔ مستقبل قریب میں ایسی کوئی نئی جگہیں دستیاب ہونے کی توقع نہیں ہے، خاص طور پر اعلیٰ درجے کے دفتر اور خوردہ شعبے میں۔ نتیجے کے طور پر توقع کی جاتی ہے کہ ڈولمین سٹی مارکیٹ میں اپنی اہم پوزیشن برقرار رکھے گا۔

ڈولمین سٹی REIT جائیداد سے متصل دو نئے ٹاورز کا اضافہ اور ان کی قبضہ کرایہ داری کی شرح اعلیٰ معیار کی جگہ کی مضبوط مانگ کا واضح ثبوت ہے۔ مزید برآں نئے ٹاورز میں سے ایک میں بین الاقوامی ہوٹل چین کی آئینہ شمولیت سے برانڈ ز اور کاروبار کے لئے ترجیحی مقام کے طور پر جائیداد کی کشش میں اضافہ ہوگا۔ مزید برآں، ہوٹل کی ترقی سے منسلک سہولیات کے اضافے سے توقع کی جاتی ہے کہ ڈولمین سٹی کو ان کے دفتر کی جگہ کے طور پر منتخب کرنے کے لیے مزید کاروباروں کو راغب کریں گے۔

ماضی میں بڑی حد تک معاشی عدم استحکام کے ساتھ، ہم استحکام کے دور کی توقع کرتے ہیں، جس کے بعد مجموعی کاروباری ماحول میں ترقی ہوگی۔ مال میں ماہانہ قدموں کی آمد گزشتہ سال کے مقابلے میں زیادہ رہی، جو ایک مثبت رجحان کی نشاندہی کرتی ہے جس سے مال میں قبضہ کرایہ داری کی ایک مستحکم سطح کو برقرار رکھنے میں مدد ملے گی۔

ادارتی نظم و ضبط:

DCR پاکستان کی پہلی ترقیاتی REIT اسکیم ہے جو پاکستان اسٹاک ایکسچینج میں درج ہے۔ RMC کا بورڈ اور انتظامیہ ادارتی نظم و ضبط پر عملدرآمد کے لئے کوشاں ہیں اور اپنی ذمہ داریوں جیسے آپریشنز اور کارکردگی کی نگرانی، مالیاتی اور غیر مالیاتی معلومات کی درستگی، جامعیت اور شفافیت سے مکمل طور پر آگاہ ہیں۔

سال مختتمہ 30 جون 2023 میں DCR کے فی یونٹ کی خالص اثاثی قدر (NAV) 31.25 روپے (یعنی 30 جون 2022 کو 28.79 روپے تھی) رہی۔ سال کے اختتام پر 30 جون 2023 کو یونٹ کی قیمت 13.68 روپے رہی جس میں خرید و فروخت اپنے NAV کے 43.78 فیصد رعایتی نرخ پر رہی۔

کاروباری ماحول:

مالی سال 2023 میں پاکستان کی خراب معاشی صورتحال کے باوجود، درآمدی کنٹرول کے نفاذ سے مقامی صنعت کے ذریعے مصنوعات کے متبادل میں قابل ذکر اضافہ ہوا۔ مزید برآں، ضروری فصلوں کی پیداوار میں اضافے کی وجہ سے ایک مثبت زرعی نقطہ نظر سامنے آیا ہے۔

توقع ہے کہ درآمدی پابندیوں میں معمولی نرمی سے صنعتی شعبے کی بحالی میں مدد ملے گی، خاص طور پر بڑے پیمانے پر مینوفیکچرنگ میں۔ اس کے نتیجے میں، زراعت اور صنعتی شعبوں کو مضبوط بنانے پر مثبت اثرات مرتب ہونے کی توقع ہے، بالآخر تھوک اور خوردہ فروشی سمیت متعلقہ خدمات کے شعبوں کی بحالی میں مدد ملے گی۔ (بحوالہ ورلڈ بینک کنٹری جائزہ، اکتوبر 2023)

زرعی پیداوار میں بہتری کی وجہ سے افراط زر میں کمی متوقع ہے، اور مالیاتی ریگولیٹرز اور سیکیورٹی ایجنسیوں کی جانب سے بلیک مارکیٹ کی کارروائیوں کو روکنے کے لیے اقدامات کیے جانے کے بعد سے ملکی کرنسی میں نمایاں بحالی ہوئی ہے۔ (رائٹرز)

نتیجے کے طور پر، ہمیں اگلے چند مہینوں میں خوردہ فروشی کے اخراجات میں بہتری کی توقع ہے۔

کاروباری خطرات کا اختصار یہ:

DCR کا کاروبار پائیدار رہائشی سطح کے لحاظ سے حساس ہے۔ بنیادی خطرات میں (i) دفاتر اور خوردہ فروشی کی سپلائی میں قابل ذکر اضافہ جس کے تحت علاقہ میں رہائشی قیمتوں میں کمی آئے گی۔ تاہم ایسی پیش قدمیوں میں سہولیات پر تصفیہ کرنا پڑے گا تاکہ سستے یونٹ فراہم کئے جاسکیں جبکہ DCR اس صنعت میں جگہ کیلئے پہلے ہی رہائشیوں کی اہمیت سے آگاہ ہے۔ (ii) بڑھتی ہوئی شرح سود کے

عید الاضحیٰ:

ملک بھر میں سب سے زیادہ پر جوش مذہبی تہوار عید الاضحیٰ ہے۔ مہم کا مقصد تھیماتی ماحول اور سجاوٹ کے ذریعے صارفین کے تجربے کو بڑھانے اور بہتر بنانے کے لیے زیادہ قدموں کی آمد کے دنوں کے موقع سے فائدہ اٹھانا ہے۔

منافع منقسمہ کی تقسیم:

بورڈ آف ڈائریکٹرز نے سال کے پہلے نو ماہ میں 1.31 روپے فی یونٹ یعنی 13.10 فیصد کے حساب سے ہر سہ ماہی میں برابری کے تناسب سے منافع منقسمہ کا اعلان اور اسے تقسیم کیا۔ سال کے اختتام پر بورڈ نے 0.50 روپے فی یونٹ یعنی 5.00 فیصد کے حتمی منافع منقسمہ کا اعلان کیا اور اسے تقسیم کیا۔ اس طرح مجموعی طور پر DCR نے کل منافع منقسمہ 1.81 روپے فی یونٹ کا اعلان کیا اور تقسیم کیا جس کی بنیاد مساواتی قدر 18.10 فیصد تھی اور IPO سرمایہ کاروں کو 11 روپے فی یونٹ کی اسٹراٹجی پر 16.45 فیصد منافع منقسمہ ادا کیا گیا۔ سال مختتمہ 30 جون 2023 میں کل ادا شدہ منافع منقسمہ قابل تقسیم آمدنی 4,024.90 ملین روپے کا 98.99 فیصد رہا۔

شریعیہ کی پاسداری:

شریعیہ کے رہنما اصولوں کی پاسداری کے تحت فنڈ کے جائیداد کے کاروبار کو عالمی اور مشہور زمانہ ری تکافل سنڈکیٹ سے الحاق شدہ "A" ریٹنگ کی حامل پاکستانی کمپنیوں کی تکافل پالیسیوں کے ذریعے تحفظ فراہم کیا گیا۔ شریعیہ مشیر نے اپنی سالانہ شریعیہ جائزہ رپورٹ میں تمام پہلوؤں سے شریعت کے اصولوں کی پاسداری کی تصدیق کی ہے۔

حصص کی کارکردگی:

جائزہ سال کے بارہ ماہ کے دوران "DCR" کی پاکستان اسٹاک ایکسچینج میں اوسطاً یونٹ پر اُس 13.74 روپے پر خرید و فروخت ہوئی (جو کہ گزشتہ سال اوسطاً 12.79 روپے تھی) اور بلند ترین 14.40 روپے اور کم ترین 13.21 روپے فی یونٹ رہی۔ اسی مدت کے دوران KSE 100 انڈیکس 38,342.21 سے 43,676.56 کی حدود کے درمیان رہا۔ شدید اتار چڑھاؤ کی حامل مارکیٹ میں DCR کا یونٹ 0.27 بیٹا کے ساتھ واضح طور پر مستحکم رہا (جس سے مراد یہ ہے کہ اگر KSE-100 انڈیکس میں 100 فیصد تبدیلی ہوئی ہے تو DCR میں صرف 2.70 فیصد تبدیلی رہی، بیٹا سے یہاں پر کم اتار چڑھاؤ اور لچک پذیری کی عکاسی ہوتی ہے) اور جس کا ہم تغیر مارکیٹ میں صرف 0.21 رہا (جو کہ پرخطر اثاثوں پر منفعت کی پیمائش ہے جس میں DCR کے اسٹاک کی کارکردگی کی مارکیٹ کی کارکردگی سے ہم ربط کم مثبت کی نشاندہی کرتا ہے)۔

DCR کا کرایہ جاتی پروفائل:

کرایہ داروں کے ساتھ شراکت داری کو بڑھانے کے مقصد سے طویل مدتی اسٹراٹجک اقدامات کے فعال نفاذ کے مثبت نتائج برآمد ہوئے ہیں۔ یہ کئی نئے کرایہ داروں کے اضافے سے ظاہر ہوتا ہے، جن میں آئیڈیاز، کراس اسٹریٹج، دی بینک آف پنجاب، سایہ، زارا شاہ جہاں، اور دی پوٹیو فیکٹری جیسے نام شامل ہیں۔

جانے والے کرایہ داروں کی وجہ سے نئے کرایہ داروں کی آمد ممکن ہوئی، جن میں شرف، کاپرے، ایشیا پیسیفک الیکٹریک، اور فرحان شامل تھے۔ نئے کرایہ داروں کی حوصلہ افزائی کے نتیجے میں صارفین کی خریداری کا ایک بہتر اور متنوع تجربہ ہوتا ہے۔
