**DIRECTORS' REPORT**

IN THE NAME OF ALLAH; THE MOST GRACIOUS AND THE MERCIFUL

IF YE GIVE THANKS, I WILL GIVE YOU MORE (HOLY QURAN)

Dear Shareholder(s),  
Assalam-o-Alykum!

The Board of Directors of your Company are pleased to present the Annual Audited Financial Statements of the Company for the year ended June 30, 2022 together with the Auditors' Report thereon.

**Overview**

Financial year (FY) 2022 started off on a positive note where the prospects of economic growth were quite visible and all the macroeconomic indicators were posing a positive image. Pakistan's economy attained a GDP growth of 5.97 per cent in FY22, compared to 5.74 per cent in FY21 owing to robust growth of the industrial sector (7.2% in FY22) and agriculture sector (4.4% in FY22). During the year, despite of record exports of USD 32.5 billion and remittances of USD 31.2 billion, the country witnessed current account deficit of USD 17.4 billion in FY22 due to unprecedented increase in overall imports. The import bill has increased significantly by 42.21% (in USD terms) to USD 80.18 billion in comparison to USD 56.38 billion of last year mainly on account of rising energy import cost combined with increased imports of items covered under Agricultural, Chemicals, Metallic and other heads etc. The impact of increased imports on the foreign reserves was offset to some extent by higher exports of 25.64% mainly on account of growth in exports of textile sector especially the value-added products along with the increase in remittances by 6.07% in the FY22. However, things changed quite significantly in the second half of the FY 22 with political instability, very high inflation on account of acceleration of global oil prices, abrupt devaluation of rupee, increase in domestic demand, supply constraints, coupled with depleting country's foreign reserves. At an international level, the Russia / Ukraine war has also inhibited the overall economic growth with the inflation being a daunting challenge for even the major economies to manage. These factors have compelled the government to take steps to slow down the economy by reducing imports (through cash margin requirement and imposing ban on import of certain items) for some period and increasing the discount rate to 15%. These fiscal measures have not only discouraged imports but have reduced the overall consumer spending, hence, supporting the balance of payment to some extent.

**Industrial Background**

The textile sector in Pakistan has an overwhelming impact on the economy and has been contributing around 60% to the country's exports. It comprises of 46% of the total manufacturing sector and being the second largest employment generating sector that provides employment to 40% of the total labor force. There was significant increase in the cost of imported raw material owing to devaluation of the rupee in the last quarter of FY22. Moreover, higher international raw material prices and overall challenging supply chain, fraught with shortage of gas, increased political instability and uncertain taxes and levies, have made it difficult for the industry to take a long-term view over its operations.

**Operating results and performance (Factory shutdown):**

The operating results for the year under review are as follows:

	"Rupees"
SALES (NET)	22,236,500
COST OF SALES	(76,857,523)
<b>GROSS LOSS</b>	<b>(54,621,023)</b>
OPERATING EXPENSES	1,985,729
<b>OPERATING LOSS</b>	<b>(52,635,294)</b>
FINANCE COST	(19,769,921)
OTHER INCOME	--
<b>LOSS BEFORE TAXATION</b>	<b>(72,405,215)</b>
TAXATION	6,102,035
<b>LOSS AFTER TAXATION</b>	<b>(66,303,180)</b>

Company's operational sales for the year remained nil due to closure of operations, the sales appearing in financial statements represent stocks sales during the year under consideration. The Company, for the time being, has suspended its manufacturing operations since July 2016 which could not be resumed due to adverse scenario faced by the industry and working capital constraints.

In financial year ended 2012, Company had settled with its lenders through Compromise Agreement against which consent decrees had been passed by the Honorable High Court of Sindh, Karachi. Company's short term and long term loans had been rescheduled in the form of long term loans. Consequent to default in repayment of restructured liabilities as per compromise agreement, the lenders filed for execution of consent decrees. The Company filed suits in Honorable High Court of Sindh at Karachi wherein it has been strongly contested that filing of executions is unjust and against the law. Management of the Company expects favorable outcome therefrom.

The Auditors of the company have expressed adverse opinion in their report on going concern assumption, default in repayment of installments of restructured liabilities and related non-provisioning of mark-up as explained in their report.

The financial statements have been prepared on going concern assumption as the company approached its lender for further restructuring of its liabilities which is in process. Company is hopeful that such restructuring will be effective soon and will streamline the funding requirements of the company which will ultimately help the management to resume the operations with optimum utilization of production capacity. Therefore, the preparation of financial statements using going concern assumption is justified, as explained in note 2 to the financial statements.

The company has approached its lenders for further restructuring of its liabilities, which is in process. Management is hopeful that such revision will be finalized soon as explained in note 8.3 to the financial statements. Moreover, the markup outstanding up to the date of restructuring is Rs.119.824 million, which the company would be liable to pay in the event of default of terms of agreement. Since the management is confident that upon finalization of restructuring this amount will remain eligible for waiver, hence no provision of the same has been made in these financial statements.

#### **Future Outlook**

The economic stability would largely depend on political firmness, a proactive and prudent monetary policy and access to external financing. The interest rates have significantly gone up from single digit to double digits with an approximate increase of more than 5%. The price gap between Cotton and Polyester has been narrowed so the year ahead will be tough as we do not see any increase in consumption of raw material. Therefore, we foresee that the spinning industry will go through a rough period not only because of shortage of raw material and there is not much demand but also profitability in the coming months will be impacted negatively due to increase in commodity prices, power cost, rupee devaluation, minimum wage increases, mark up rates and increased taxes, etc., resulting in escalation in overall cost of doing business.

To be globally competitive, textile sector main priority is availability and cost of energy. The industrial electricity tariff of other textile exporting countries is lower than Pakistan making us uncompetitive in the international market. A predictable, stable and compatible energy policy is required for improving business confidence levels and increase in investments in Industry. Government also needs to address gas shortage issue to prevent possible downfall of textile industry. Further, Taxation structure is expected to create ease of doing business and with a focus on expanding the tax-base rather than over burdening existing payers. The next year is a challenging year for not only the company but also for the economy of Pakistan.

#### **Corporate Social Responsibilities**

We are also committed to Corporate Social Responsibility (CSR) and integrating sound social practices in our day to day business activities. The Company is committed to make conscious effort to consider and balance the interest of all stakeholders, in particular the community in which we live and workers who are the core of our business. We measure our success not only in terms of financial criteria but also in building customer satisfaction and supporting the communities we serve.

#### **Health, Safety and Environment**

The management of the company is aware of its responsibility to provide a safe and healthy working environment to our associates and give highest priority to it. Our safety culture is founded on the premise that all injuries are preventable if due care is taken. Continual efforts for provision of safe, healthy and comfortable working conditions for the employees are made. We follow up and investigate on all incidents and injuries to address their root causes. We believe that safety and health is a journey of continuous improvement and eternal diligence. We will continue to take steps to improve the safety and health of our associates.

#### **Human Resource**

The management of the Company is committed to excellence and has a clear vision that human resources and strong leadership practices are important enablers of high productivity and sustainable competitive advantage of our Company. Therefore, management of the Company gives much importance to the optimal use of human resources by way of training proper guidance, motivation and incentive schemes for the employees.

### **INDEPENDENT AUDITORS' REVIEW REPORT TO THE MEMBERS OF DEWAN MUSHTAQ TEXTILE MILLS LIMITED**

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Dewan Mushtaq Textile Mills Limited (the Company) for the year ended June 30, 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Following instances of Non-compliances with the requirements of the Code were observed which are not stated in the Statement of Compliance.

- a) The composition of board has includes one independent director Mr. Aziz ul Haque, whereas in our opinion he does not meet the criteria of independence due to his cross director ship in other group companies. Further, Code requires independent directors shall not be less than two or one third of the total members of the board, whichever is higher, whereas board include one independent director.
- b) The chairman of Audit committee chairman and Human Resource and Remuneration Committee shall be an independent director, whereas in our view Mr. Aziz ul Haque does not meet the criteria of independence due to the reason reflect in para (a) above.

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2022.

Furthermore, we highlight that one of the Director of the company is serving as directors in more than seven listed Companies and only three of the directors are qualified under the Directors' Training Program as disclosed in note 3 and 9 to the statement of Compliance.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DEWAN MUSHTAQ TEXTILE MILLS LIMITED

Report on the Audit of the Financial Statements

### Adverse Opinion

We have audited the annexed financial statements of Dewan Mushtaq Textile mills Limited (the Company), which comprise the statement of financial position as at June 30, 2022, and the statement of profit or loss. Statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters described in Basis for Adverse opinion section, the statement of financial position, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give the information required by the Companies Act, 2017, in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at June 30, 2022 and of the loss and other comprehensive Income, the changes in equity and its cash flows for the year then ended.

### Basis for Adverse Opinion

- a) The financial statements of the company for the year ended June 30, 2022 as disclosed in note 2 to the financial Statements reflect loss after taxation of Rs. 66.303 (2021: Rs. 52.793) million and as of that date it has accumulated losses of Rs 668.103 (2021: Rs. 617.420) million and its current liabilities exceeded its current assets by Rs. 502.106 (2021: Rs. 470.453) million without providing the markup of Restructured liabilities and as refer in below para (b). The operations of the company were closed from July 2016 due to working capital constraints. Furthermore, the company defaulted in repayments of installments of restructured liabilities and short term finance facilities have expired and not been renewed by banks amounting to Rs. 100.00 million, hence as per the terms of the restructuring as per clause 10.2 of the compromise agreement the entire restructured debt amounting to Rs. 176.359 million along with mark up of Rs. 119.824 million (eligible for waiver outstanding as of date of restructuring) have immediately become payable therefore provision for markup should be made in these financial statements. Further some of the Lenders filled suit for execution of the decree as disclosed in note 13.1 to the financial Statements. These conditions lead us to believe that the going concern assumption used in preparation of these financial Statements is inappropriate; consequently the assets and liabilities should have been stated at their realizable and settlement amounts respectively.
- b) In our opinion, since the proposal for restructuring has not been accepted by the lenders, the company should made the provision of mark up in the financial statements as disclosed in note 13.1 to the Financial statements. Had the provisions for the mark up, as discussed in preceding paragraphs, been made in these financial statements, the Loss for the year and markup payable would have been higher and shareholders' equity would have been lower by Rs. 119.824 (2021:Rs. 119.824) million.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants, Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

### Key Audit Matters

Except for the matter described in the Basis for Adverse Opinion section, we have determined, Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

S.No.	Key Audit Matters	How the matter was addressed in our audit
1.	<b>Contingencies</b>	
	<p>The Company is subject to material litigations involving different courts pertaining to GID Cess and Recovery of Loans by Financial Institutions, which requires management to make assessment and judgments with respect to likelihood and impact of such litigations.</p> <p>Management have engaged independent legal counsel on these matters. The accounting for, and disclosure of, contingencies is complex and is a matter of most significance in our audit because of the judgments required to determine the level of certainty on these matters.</p> <p>The details of contingencies along with management's assessment and the related provisions are disclosed in note 13 to the financial statements.</p> <p>There is an inherent risk that legal exposures are not identified and considered for financial reporting purposes on a timely basis, therefore, considered to be a key audit matter. Importantly, the decision to recognize a provision and the basis of measurement are judgmental.</p>	<p>In response to this matter, our audit procedures included:</p> <p>Discussing legal cases with the legal department to understand the management's view point and obtaining and reviewing the litigation documents in order to assess the facts and circumstances.</p> <p>Obtaining independent opinion of legal advisors dealing with such cases in the form confirmations.</p> <p>We also evaluated the legal cases in line with the requirements of IAS 37: Provisions, contingent liabilities and contingent assets.</p> <p>The disclosures of legal exposures and provisions were assessed for completeness and accuracy</p> <p>In view of the significant judgements required, we evaluated the Company's assessment of the nature and status of litigation, claims and provision assessments, if any, and discussed with management to understand the legal position and the basis of material risk positions. We received legal letters from the Company's external counsel setting out their views in major cases.</p> <p>Specifically, we challenged the timing of recognition for cases where there was potential exposure but it was not clear that a provision should be raised e.g. where obtaining reliable estimates are not considered possible.</p> <p>As set out in the financial statements, the outcome of litigation and regulatory claims are dependent on the future outcome of continuing legal and regulatory processes and consequently the calculations of the provisions are subject to inherent uncertainty.</p>

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information in the Annual Report, but does not include the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. As described in the basis for adverse opinion section of our report, we have concluded that the other information is materially misstated for the same reason.

### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Accounting and Reporting Standards as applicable in Pakistan and requirements of companies Act 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, Future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

Based on our audit, except for the possible effects of matters discussed in basis for adverse opinion section of our reports, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) because of the significance of matters described in Basis for Adverse Opinion section, the statement of financial position, the statement of profit or loss, Statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have not been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) however, the same are in agreement with the books of account and returns;
- (c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) No zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Mohammad Ghalib.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

### 1. CORPORATE INFORMATION

Dewan Mushtaq Textile Mills Limited (the Company) was incorporated in Pakistan, as a public limited company on November 04, 1970, under the Companies Act, 1913 (Now the Companies Act, 2017) and its shares are listed on Pakistan Stock Exchange Limited. The principal activity of the Company is trading, manufacturing and sale of yarn. The Operations of the the company are suspended since July 2016.

**The geographical Location and address of the company's business units, including mill/plant are as under:**

- Company's registered office is located at Dewan Centre, 3-A Lalazar, Beach Hotel Road, Karachi.
- Company's production plant is situated at A-30, S.I.T.E., Hyderabad, Sindh, Pakistan.

#### 1.1 Summary of significant events and transactions in the current reporting period

During the year the company paid its working capital received after restructuring by the Financial Institution against the pledge stock sold as disclosed in note no. 13.1 and 17.1.

All other significant transactions and events that have affected the Company's statement of financial position and performance during the year have been adequately disclosed either in the notes to these financial statements or in the Director report's

### 2 GOING CONCERN ASSUMPTION

The financial statements of the company for the year ended June 30, 2022 reflect that company has sustained a net loss after taxation of Rs.66.303 million (2021: Rs.52.793 million) and as of that date company has negative reserves of Rs. 623.103 (2021: 572.939) million have resulted in equity of Rs.274.422 (2021: 111.440) million. Further the company's short term borrowing facilities having limit to the extent of Rs.100 million have expired and not been renewed. The Company defaulted in repayment of its restructured long term liabilities due to liquidity crunch caused by the overall lesser market demand and adverse factors being faced by the textile industry in the country. Due to the aforementioned scenario, the Company, for the time being, has also suspended its manufacturing & other operations since July 2016. Accordingly, as per the terms of the agreement / Consent decree the entire restructured liabilities along with markup eligible for waiver become immediately repayable as disclosed in note 7 and 13.1 to the Financial Statements. These conditions indicate the existence of material uncertainty which may cast significant doubt about the company's ability to continue as a going concern, therefore the company may not be able to realize its assets and discharge its liabilities during the normal course of business.

The financial statements have been prepared on going concern assumption as the Company approached its lenders for further restructuring of its liabilities which is in process. Company is hopeful that such restructuring will be effective soon and will further streamline the funding requirements of the Company which will ultimately help the management to run the operations smoothly with optimum utilization of production capacity. As the conditions mentioned in the foregoing paragraph are temporary and would reverse therefore the preparation of financial statements using going concern assumption is justified.

### 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 3.2 Basis of measurement

These financial statements have been prepared under historical cost convention except for the following items, which are measured on an alternative basis on each reporting date.

<b>Item</b>	<b>Measurement basis</b>
Land	Revaluation model
Building	Revaluation model
Plant and Machinery	Revaluation model
The method used to measure fair values are disclosed in respective policy notes.	

## DEWAN MUSHTAQ TEXTILE MILLS LIMITED

### 3.3 Standards, amendments, interpretation and improvements applicable to the financial statements

Amendments to approved accounting standards and the framework for financial reporting that became effective during the current year. The Company has adopted the following amendments to International Financial Reporting Standards (IFRSs) which became effective for the current year:

#### Amendment or Framework

IFRS 3 - Business Combinations - Definition of a Business (Amendments)  
IFRS 9 / IAS 39 / IFRS 7 - Interest Rate Benchmark Reform (Amendments)  
"IAS 1 / IAS 8 - Definition of Material (Amendments)"

Conceptual Framework for Financial Reporting

The adoption of above amendments to the approved accounting standards and the framework for financial reporting did not have any material impact on the Company's financial statements.

#### Standards, amendments and improvements to the approved accounting standards that are not yet effective

The following amendments and improvements to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective amendment or improvements:

IFRS 1	First-time Adoption of International Financial Reporting Standards	01 January 2023
IFRS 17	Insurance Contracts	01 January 2023

### 3.4 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency and have been rounded off to the nearest rupee.

### 3.5 Use of estimates and judgements

The preparation of the financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities and income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

#### 3.5.1 Operating fixed assets, revaluation and depreciation

The Company reviews appropriateness of the rate of depreciation, useful lives and residual values used in the calculation of depreciation. The estimates of revalued amounts of revalued assets are based on valuations carried out by a professional valuer. Further, where applicable, an estimate of the recoverable amount of assets is made for possible impairment on an annual basis. In making these estimates, the Company uses the technical resources available with the Company. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with corresponding effects on the depreciation charge and impairment.

#### 3.5.2 Trade debts

The Company reviews its doubtful debts at each reporting dates to assess whether provision should be recorded in the profit and loss account. In particular, judgment by management is required in the estimates of the amount and timing of future cash flows when determining the level of provision required. Such estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the provisions.

#### 3.5.3 Income tax

In making the estimates for income tax currently payable by the Company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.

#### 3.5.4 Stock in trade

The Company reviews the net realizable value (NRV) of stock in trade to assess any diminution in the respective carrying values. Any change in the estimates in future years might affect the carrying amounts of stock in trade and corresponding effect in profit and loss account of those future years. Net realisable value is determined with respect to estimated selling price less estimated expenditures to make the sales.

#### 3.5.5 Stores and spares

The Company reviews the net realizable value (NRV) and impairment of stores and spare parts to assess any diminution in the respective carrying values and wherever required provision for NRV / impairment is made. The calculation of provision involves the use of estimates with regards to future estimated use and past consumption along with stores and spares holding period.

#### 3.5.6 Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The company, based on the availability of the latest information, estimates at the value of contingent assets and liabilities which may differ on the occurrence/non occurrence of the uncertain future events.

## 4 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below.

### 4.1 Property, plant and equipment

#### *Owned*

Item of property, plant and equipment is recognized as asset when it is probable that future economic benefits associated with the asset will flow to the company and its cost to the company can be measured reliably.

## DEWAN MUSHTAQ TEXTILE MILLS LIMITED

An item of property, plant and equipment, which qualifies for recognition as an asset, is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the item. Subsequent to initial recognition items of property, plant and equipment are carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are made with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using the fair value at the balance sheet date.

Land (free hold and lease hold), Building and Plant and Machinery are recognized at revalued amounts based on valuation by external independent valuer. Long term leases of land in which the Company obtains control of the land are accounted for as property, plant and equipment and presented as 'leasehold land' and building. Revaluation surplus on property, plant and equipment is credited to shareholders' equity and presented as a separate line item in statement of financial position. Increases in the carrying amounts arising on revaluation of land are recognized, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in profit or loss, the increase is first recognized in profit or loss. Decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss.

Any revaluation increase arising on the revaluation of assets is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of assets is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset. The revaluation reserve is not available for distribution to the Company's shareholders. The surplus on revalued assets to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

Depreciation is charged so as to write off the cost or revaluation of assets, other than leasehold land and capital work-in-process, over their estimated useful lives, using the reducing balance method, on the basis of rates specified in note 14 to the financial statements. The depreciation for assets acquired or disposed of during the year is charged from the month of acquisition or up to the month of disposal of such assets respectively.

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in income.

### **Capital work-in-progress**

All expenditure connected with specific assets incurred during development, installation and construction period are carried as capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

### **4.2 Leases**

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date.

**Right of use asset**

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. Right of use asset is subsequently depreciated using the diminishing Balance method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. In addition, right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

**Lease liabilities**

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise the following:

fixed payments (including in-substance fixed payments), less any lease incentives receivable;  
variable lease payment that are based on an index or a rate;  
amounts expected to be payable by the lessee under residual value guarantees;  
the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and  
payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments.

**Short term leases and low-value assets**

The Company has elected not to recognize right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and the leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**4.3 Intangible assets**

Computer software acquired by the Company are stated at cost less accumulated amortisation. Cost represents the expense incurred to acquire the software license and bring them to use. The cost of computer software is amortised over the estimated useful life on straight line basis.

Cost associated with maintaining computer software is charged to the profit and loss account.

**4.4 Stores and spares**

These are valued at average cost except for those in transit, which are valued at cost.

**4.5 Stock in trade**

These are valued at lower of average cost and net realizable values, the cost is determined as follows:

Raw material	-	Average cost
Packing material	-	Average cost
Work in process	-	Average cost
Waste	-	Selling price
Finished goods	-	Average cost or net relisable value which ever is the less

Cost of finished goods comprise of prime cost and appropriate portion of production overheads.

Net realisable value signifies the estimated selling price in the ordinary course of business less cost necessary to be incurred in order to make the sale.

**4.6 Investment in associates**

Associates are entities over which the Company exercises significant influence. Investment in associates is accounted for using equity basis of accounting, under which the investment in associate is initially recognised at cost and the carrying amount is increased or decreased to recognise the Company's share of profit or loss of the associate after the date of acquisition. The Company's share of profit or loss of the associate is recognised in the Company's profit and loss account. Distributions received from associate reduce the carrying amount of the investment. Adjustments to the carrying amount are also made for changes in the Company's proportionate interest in the associate arising from changes in the associates' other comprehensive income that have not been recognised in the associate's profit or loss. The Company's share of those changes is recognised in other comprehensive income of the Company. The carrying amount of the investment is tested for impairment, by comparing its recoverable amount (higher of value in use and the fair value less costs to sell) with its carrying amount and loss, if any, is recognised in profit or loss. If the Company's share of losses of an associate equals or exceeds its interest in the associate, the Company discontinues recognising its share of further losses. If the associate subsequently reports profits, the investor or joint venture resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

**4.7 Staff retirement benefits**

***Defined Benefit Plan***

The Company operates an unfunded gratuity scheme for its non-management staff. Provisions are made, based on actuarial recommendations. Actuarial valuation is carried out using the 'Projected Unit Credit' method, as required by International Accounting Standard 19 "Employee Benefits". However, at present company has no employees who are eligible for gratuity, hence no provision for the same has been made during the year, liability appearing as gratuity payable represents actual amount payable to employees.

***Defined Contribution Plan***

Effective from July 01, 2010, the company has, in place of gratuity scheme, established a recognised provident fund for its permanent management staff for which equal contributions are being made in respect thereof by company and employees in accordance with the terms of the fund.

**4.8 Taxation**

***Current***

Provision for current taxation is based on current rates of tax after taking into account available tax credits and rebates available, if any.

***Deferred***

Deferred tax is recognised on all timing differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amount used for taxation purposes.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

**4.9 Provision**

A provision is recognised in the balance sheet when the Company has a legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

**4.10 Financial instruments**

**4.10.1 Initial measurement of financial asset**

The Company classifies its financial assets into following three categories:

- Fair value through other comprehensive income (FVOCI);
- Fair value through profit or loss (FVTPL); and
- Measured at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

**Subsequent measurement**

## Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / mark-up income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss account.

## Equity Investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit or loss account.

## Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest / mark-up or dividend income, are recognised in the statement of profit or loss account.

## Financial assets measured at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest / mark-up income, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account.

**4.10.2 Non-derivative financial assets**

All non-derivative financial assets are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent. The Company derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retain substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

**4.10.2.1 Trade debts, advances and other receivables**

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

**4.10.2.2 Cash and cash equivalents**

For the purpose of presentation in statement of cash flow, cash and cash equivalents includes cash in hand, balances with banks and investments with maturities of less than three months or less from acquisition date that are subject to insignificant risk of changes in fair value and short term borrowings availed by the Company, which are repayable on demand and form an integral part of the Company's cash management.

**4.10.3 Financial liabilities**

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

**4.10.3.1 Mark-up bearing borrowings and borrowing costs**

Mark-up bearing borrowings are recognised initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortised cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognised in the statement of profit or loss account over the period of the borrowings using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the relevant asset.

**4.10.3.2 Trade and other payables**

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised costs.

**4.10.4 Derivative financial instruments - other than hedging**

Derivatives that do not qualify for hedge accounting are recognised in the statement of financial position at estimated fair value with corresponding effect to statement of profit or loss account. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

**4.10.5 Derivative financial instruments - cash flow hedges**

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in fair value of the derivative is recognised in other comprehensive income and accumulated in hedging reserve. Any ineffective portion of changes in fair value of derivative is recognised immediately in the statement of profit or loss account. The amount accumulated in equity is removed therefrom and included in the initial carrying amount of non-financial asset upon recognition of non-financial asset.

The fair value of forward exchange contracts is estimated using appropriate valuation techniques. These are carried as assets when the fair value is positive and liabilities when the fair value is negative.

**4.10.6 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognised amounts and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

**4.11 Impairment**

**4.11.1 Financial assets**

The Company recognises loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortised cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and
- Other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the Gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due. The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

#### **4.11.2 Non-financial assets**

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the statement of profit or loss.

#### **4.12 Foreign currency translation**

Transactions in foreign currencies are translated in PKR (functional and presentation currency) at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into PKR at the rates of exchange approximating those prevalent at the date of statement of financial position. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations of monetary assets and liabilities denominated in foreign currencies are recognized in the profit or loss.

#### **4.13 Transactions with related parties**

All dealings with associated companies are carried out at arm's length using the Comparable Uncontrolled Price method, except interest free loan given by the Sponsors of the Company.

**4.14 Revenue recognition**

***Sale of goods***

Revenue from sales is recognized on dispatch of goods to customers. Revenue is recognised when the control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods according to the terms. Performance obligation is satisfied at the point of time when control of goods has been transferred to the customers.

**4.15 Trade debts and other receivables**

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method less an allowance for expected credit losses (ECL), if any. Allowance for expected credit losses is based on lifetime ECLs that result from all possible default events over the expected life of the trade debts and other receivables. Bad debts, if any, are written off when considered irrecoverable.

**4.16 Cash and cash equivalents**

For the purpose of statement of cash flow, cash and cash equivalents comprise of cash in hand, bank balances and short term investments with a maturity of three months or less from the date of acquisition. The cash and cash equivalents are readily convertible to known amount of cash and are therefore subject to insignificant risk of changes in value.

**4.17 Dividends and appropriation to reserve**

Dividend and appropriation to reserve are recognised in the financial statements in the period in which these are approved.

**4.18 Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

**4.19 Contingent Liability**

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

This represents net surplus over the book value resulting from the revaluation of land, Building, Plant and Machinery carried out on April 08, 2022 by independent professional valuer M/s Anderson Consulting (Private) Ltd, the basis of market value or depreciated replacement values as applicable. Basis of revaluation are as follows:

#### **Leasehold Land**

Valuation of land is based on assesment of present market values from the information of current matured transactions in recent past, pertaining to immediate neighborhood and surrounding areas.

#### **Building**

Valuation of building has been determined by assessment of type of construction, current condition of construction and by applying current construction rates for current replacement value and taking into account depreciation involving the year of construction, physical condition, usage and maintenance.

#### **Plant and Machinery**

"Plant and machinery valuation has been determined after making enquiries from agents, local dealers, fabricators, suppliers and manufacturers of comparable plants. Current prices of used and reconditioned plants in the local markets have also been considered. Based on above market values have been determined and depreciation has been applied as per their condition, usage, and maintenance."

The revaluation surplus on property, plant and equipment is a capital reserve, and is not available for distribution to the shareholders in accordance with section 241 of the companies Act, 2017.

The latest revaluation resulted in increase in surplus by Rs.186.975 million, forced sale value of revalued assets is Rs.595.150 million

**7.2** The Compromise Agreement dated December 23, 2011 had been executed between the banks and the company against which consent decrees had been granted by the Honorable High Court of Sindh, Karachi. As per the terms, Company's short term and long term loans had been rescheduled in the form of long term loans of Rs. 526.081 million which is to be repaid in six and half years from the date of restructuring with progressive mark up ranging from 4% to 14% (or KIBOR whichever is lower) over the period on outstanding principal. This loan is secured by way of mortgage charge over immovable properties and hypothecation of movable assets of the company. Moreover banks / financial institutions have also provided further working capital facility against pledge of stocks to the Company as fully explained in note 12 to these financial statements. However, in case of default by the company the entire outstanding mark up as disclosed in the agreement will remain outstanding liability of the company and all amounts in respect of its liabilities shall become payable with immediate effect as disclosed in clause 10.2 of the Compromise Agreement of the company.

**7.3** The company has approached its lenders for further restructuring of its liabilities, which is in advanced stage as the term sheet has been finalized and circulated by the agent to syndicate of banks for their internal approvals. Management is hopeful that such revision will be finalized soon.

		<u>170,701,483</u>	<u>205,341,486</u>

**12.1** As part of restructuring banks / financial institutions have approved further working capital to the Company amounting to the limit of Rs. 100 million by providing syndicated cash finance against pledge of stocks in proportion to their loan amounts. The tenure of working capital facility is one year on rollover basis and this facility is secured by way of pledge of stocks of the company. The markup rate for this facility is one month KIBOR which is payable on quarterly basis. This financing arrangement has expired and not been renewed by the banks.

**12.2 Short term Loan-Sponsor Loan**

**12.2.1** This represents unsecured interest free loan payable to sponsor against liabilities of a bank assumed by the sponsor and is payable on demand. The interest free and unsecured loan has been provided by sponsor considering financial crunch being faced by the company.

**13 CONTINGENCIES AND COMMITMENTS**

**13.1** In respect of liabilities towards banks / financial institutions disclosed in note 8 to the financial statements, during the year ended 2012, certain lenders have entered into a compromise agreement with the Company for outstanding debt sought by lenders in the suits filed by them and it was agreed that the Company would settle all the liabilities at principle amount of Rs.276.082 million and markup thereon of Rs.119.824 million (eligible for waiver if the Company repays the entire outstanding principal as per term of agreement), consequent to which consent decrees were granted by the Honorable High Court of Sindh, Karachi. Consequent to default in repayment of restructured liabilities as per compromise agreement, the lenders filed for execution of consent decrees. The Company filed suits in Honourable High Court of Sindh at Karachi wherein it has been strongly contested that filing of executions is unjust and against the law. Management of the Company expects favorable outcome therefrom.

**13.2** The Government of Pakistan has promulgated the Gas Infrastructure Development Cess Ordinance, 2014 (GIDC) against which the Company filed suit in the Honourable Sindh High Court challenging its legality and applicability on the Company and the Honourable Sindh High Court had issued stay against the recovery of GIDC. The Honourable Sindh High Court decided the case in favour of the Company and directed to refund / adjust in bills the amounts already collected, against which the Sui Southern Gas Company Limited (SSGC) has filed appeal in Honourable Sindh High Court, which was also rejected. The Government enacted GIDC Act, 2015 which had also been challenged by the Company through writ petition before the Honourable Sindh High Court, which granted the stay against collection of GIDC arrears. In Jul-2020 The Supreme Court of Pakistan has decided the case in favour of SSGC with directions to recover the arrears under GIDC Act 2015 from the consumers who have passed on their burden to its customers. As neither SSGC has charged GIDC to the company in its billing nor the Company has passed on the same to the customers. Therefore, the management feels there is no need to make any provision in this regard.

**13.3** There are no commitments as of balance sheet date which need to be disclosed in the financial statements.

### 34 FINANCIAL INSTRUMENTS

The Company has exposures to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

#### 34.1 Credit risk

Credit risk is the risk that one party to the financial instruments will fail to discharge an obligation and cause the other party to incur a financial loss. The Company believes that it is not exposed to major concentration of credit risk. However, to reduce exposure to credit risk, if any, the management monitors the credit exposure towards the customers and makes provisions against those balances considered doubtful of recovery.

The maximum exposure to credit risk at the reporting date is:

Trade debts - considered good	18,798,268	26,730,505
Loans and advances - unsecured, considered good	375,789	2,455,047
Other receivables - unsecured, considered good	-	5,075,000
Cash and bank balances	3,698,711	3,851,727
	<b>22,872,768</b>	<b>38,112,279</b>

In respect of trade debts and other receivables the management, based on past experience, believes that no further impairment allowance is necessary as management believes that the same will be recovered in short course of time. The credit quality of the company's receivable can be measured with their past performance of minimum default, and dealing banks possess good credit ratings.

#### 34.2 Liquidity Risk

Liquidity risk reflects an enterprise's inability in raising funds to meet commitments. The Company follows an effective cash management and planning policy to ensure availability of funds and to take appropriate measures for new requirements. During the year, the Company faced liquidity problems due to adverse conditions of overall textile industry, hence it was unable to make scheduled repayments of restructured long term financing. The management has actively taken measures to rectify the default by approaching its lenders for further restructuring of the liabilities. The further restructuring is in advanced stage and expected to be finalised soon.

The following are the contractual maturities of the financial liabilities, including estimated interest payments:

### 34.6 Risk management policies

Risk management is carried out by the management under policies approved by board of directors. The board provides principles for overall risk management, as well as policies covering specific areas like foreign exchange risk, interest rate risk and investing excessive liquidity.

### 34.7 Capital risk management

The Company's objective when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure the Company may adjust the amount of dividends paid to shareholders, issue new shares and take other measures commensuration to the circumstances.

## DEWAN MUSHTAQ TEXTILE MILLS LIMITED

Consistent with others in the industry, the company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholder. Debt is calculated as total borrowings ('long term loan' and short term borrowings' as shown in the balance sheet). Total capital comprises shareholders' equity as shown in the balance sheet under 'share capital and reserves'.

	June 2022	June 2021
Notes	(Rupees)

☆ ایگزیکٹو ڈائریکٹرز	1

دوران سال کمپنی کی خالص فروخت آپریشن بند ہونے کے باعث صفر رہی۔ مالیاتی حسابات میں ظاہر ہونے والی فروخت زیر جائزہ سال کے دوران اسٹاک کی فروخت کی نمائندگی کرتی ہے۔ کمپنی نے اس وقت جولائی 2016ء سے اپنی مینوفیکچرنگ آپریشنز معطل کر دیے ہیں جن پر صنعت کو درپیش منفی صورتحال اور ورکنگ کپیکلٹی کی رکاوٹوں کے باعث دوبارہ کام نہیں ہو سکا۔

سال 2011-12 میں کمپنی نے اپنے قرض خواہوں کے ساتھ مصالحتی معاہدہ کے ذریعہ تصفیہ کر لیا تھا جس کے تحت محترم ہائی کورٹ آف سندھ کراچی نے ڈکری پاس کی تھی، کمپنی کے مختصر مدتی اور طویل مدتی قرضوں کو طویل مدتی قرضہ جات کی شکل میں دوبارہ مرتب کیا گیا۔ مصالحتی معاہدہ کے مطابق قرض دہندگان نے قرضہ جات کی دوبارہ تنظیم نو کی دوبارہ ادائیگی میں کوتاہی کیلئے ایگزیکٹو ڈکری دائر کی۔ کمپنی نے محترم ہائی کورٹ آف سندھ کراچی میں مقدمہ دائر کیا جس میں اس کا سخت مقابلہ کیا گیا کہ ایگزیکٹو ڈکری دائر کرنا غیر منصفانہ اور قانون کے منافی ہے۔ کمپنی کی انتظامیہ کو آنے والے دنوں میں اچھے نتائج کی توقع ہے۔

کمپنی کے آڈیٹرز نے اپنی رپورٹ میں قرضہ جات کی اقساط کی واپسی میں کوتاہی پر اپنی ماہر اندر رائے کا اظہار کیا ہے اور اس کے علاوہ اپنی رپورٹ میں مارک اپ ریکارڈ نہ کرنے پر بھی تحفظات کا اظہار کیا ہے۔

مالیاتی حسابات جاری کردہ امور کے تحت مرتب کئے گئے ہیں کیونکہ کمپنی نے اپنے قرضہ جات کے حوالے سے دوبارہ ترتیب کیلئے رابطہ قائم کیا ہے جو کہ زیر غور ہے۔ انتظامیہ کو امید ہے کہ یہ نظر ثانی جلد موثر ہوگی اور کمپنی کی فنڈنگ کی ضروریات کو پورا کرے گی اس کے علاوہ انتظامیہ کو آپریشن کے حوالے سے بھی مدد فراہم کرے گی تاکہ پیداواری گنجائش کو بہتر طریقہ سے استعمال کیا جاسکے۔ جیسا کہ رپورٹ میں حالات کا ذکر کیا گیا ہے اس کی وضاحت مالیاتی حسابات کے نوٹ 2 میں کی گئی ہے۔

کمپنی نے اپنے قرضہ جات کو دوبارہ مرتب کرنے کے لئے اپنے قرض خواہوں سے رابطہ کیا ہے جو کہ زیر غور ہے۔ انتظامیہ کو امید ہے کہ مالیاتی حسابات کے نوٹ 8.3 میں مکمل طور پر وضاحت کردہ طریقہ کار کے تحت جلد از جلد اسے مکمل کر دیا جائے گا اس کے علاوہ دوبارہ ترتیب کردہ تاریخ تک مبلغ 119.824 ملین روپے واجب الادا مارک اپ پر لازم ہو گئے اور کمپنی معاہدہ کی شرائط میں کوتاہی کی صورت میں یہ ادائیگی کرنے کی ذمہ دار ہوگی۔ چونکہ دوبارہ ترتیب کا عمل زیر غور ہے لہذا انتظامیہ کو یقین ہے کہ یہ رقم واجب الادا نہیں ہوگی۔ اسی لئے ان مالیاتی حسابات میں مذکورہ مارک اپ کو ریکارڈ نہیں کیا گیا ہے۔

#### مستقبل کا نظریہ:

معاشی استحکام کا زیادہ تر انحصار سیاسی مضبوطی، ایک فعال اور سمجھدار مالیاتی پالیسی اور بیرونی فنانسنگ تک رسائی پر ہوگا۔ شرح سود سنگل ہندسوں سے دوہرے ہندسوں تک نمایاں طور پر بڑھ گئی ہے جس میں تقریباً 5% سے زیادہ اضافہ ہوا ہے۔ اس کے علاوہ طلب اور رسد کے درمیان ایک مشکل توازن ہے کیونکہ ٹیکسٹائل کی طلب بھی محدود ہو گئی ہے اور خام مال کی رسد بھی کم ہو گئی ہے۔ کاشن اور پالیسٹیر کے درمیان قیمت کا فرق کم ہو گیا ہے اس لیے آنے والا سال مشکل ہوگا، لہذا ہم پیش گوئی کرتے ہیں کہ اسپینگ انڈسٹری نہ صرف خام مال کی کمی کی وجہ سے ایک مشکل دور سے گزرے گی بلکہ آنے والے مہینوں میں اشیاء کی قیمتوں میں اضافے، بجلی کی لاگت، روپے کی قدر میں کمی، کم از کم اجرت میں اضافے، مارک اپ ریٹ اور بڑھے ہوئے ٹیکس وغیرہ کی وجہ سے منافع بھی متاثر ہوگا، جس کے نتیجے میں کاروبار کرنے کی لاگت میں اضافہ ہوگا۔

عالمی سطح پر مسابقتی ہونے کے لیے ٹیکسٹائل سیکٹر کی بنیادی ترجیح توانائی کی دستیابی اور قیمت ہے۔ ٹیکسٹائل برآمد کرنے والے دیگر ممالک کی صنعتی بجلی کا ٹیرف پاکستان سے کم ہے جس کی وجہ سے ہم بین الاقوامی مارکیٹ میں مقابلہ نہیں کر سکتے۔ کاروباری اعتماد کی سطح کو بہتر بنانے اور صنعت میں سرمایہ کاری میں اضافے کے لیے ایک متوقع، مستحکم اور ہم آہنگ توانائی کی پالیسی کی ضرورت ہے۔ حکومت کو ٹیکسٹائل انڈسٹری کی حکمت عملی کو روکنے کے لیے ٹیکس کی قلت کے مسئلہ کو بھی حل کرنے کی ضرورت ہے۔ مزید یہ حکومتی ٹیکس کا اسٹریکچر ایسا ہونا چاہیے جس سے کاروبار کرنے میں آسانی پیدا ہو اور موجودہ بنیاد پر جو بڑھانے کی بجائے ٹیکس کی بنیاد کو بڑھانے پر توجہ دی جائے۔ آنے والا سال نہ صرف کمپنی بلکہ پاکستان کی معیشت کے لیے بھی ایک چیلنجنگ سال ہے۔

#### کارپوریٹ معاشرتی ذمہ داریاں:

ہم کارپوریٹ معاشرتی ذمہ داریوں (CSR) کے حوالے سے اس بات کا بھی عہد کرتے ہیں کہ ہم اپنی معمول کے مطابق کاروباری سرگرمیوں کے عمل کو مضبوط کرنا چاہتے ہیں۔ کمپنی تمام اسٹیک ہولڈرز، خاص طور پر جس معاشرے میں ہم رہتے ہیں اور ایسے ورکرز جو ہمارے کاروبار کا محور ہیں، کے مفادات پر غور اور توازن پیدا کرنے کیلئے شعوری طور پر کوشش کرنے کیلئے پرعزم ہیں۔ ہم نے اپنی کامیابی کو نہ صرف مالیاتی سرگرمیوں کیلئے وقف کیا ہے بلکہ ہم اپنے صارفین کا اطمینان بھی چاہتے ہیں اور ان تمام برادریوں کو بھی سپورٹ کرنا چاہتے ہیں جن کی ہم خدمت کرتے ہیں۔

#### صحت، حفاظت اور ماحول:

کمپنی کی انتظامیہ اپنی ذمہ داری سے آگاہ ہے جس کے تحت ہمارے متعلقین کو محفوظ اور صحت مندانہ ماحول فراہم کرنا ہے۔ ہماری حفاظتی ثقافت کا مقصد یہ ہے کہ ہر طرح کے مسائل سے محفوظ رہا جائے۔ ملازمین کیلئے محفوظ، صحت مندانہ اور پرسکون کام کے حالات پیدا کرنے کیلئے مستقل جدوجہد کرتے ہیں۔ ہم تمام تر حادثات وغیرہ کی صورت میں مکمل تفتیش کرتے ہیں اور اس کا سبب معلوم کرتے ہیں۔ ہمیں یقین ہے کہ تحفظ اور صحت مندانہ عمل بہتری کیلئے مستقل اصلاح کا راستہ ہے۔ ہم اپنے اور اپنے متعلقین کیلئے مستقل بنیاد پر تحفظ اور صحت مندانہ امور کی اصلاح کیلئے اقدامات کرتے رہتے ہیں۔

## ڈائریکٹرز رپورٹ

محترم شیئر ہولڈرز،

السلام علیکم،

آپ کی کمپنی کے بورڈ آف ڈائریکٹرز اختتامی مالیاتی سال 30 جون 2022ء کے لئے سالانہ آڈٹ شدہ مالیاتی حسابات بمع آڈیٹرز رپورٹ پیش کر رہے ہیں۔

چائزہ:

مالیاتی سال 2022 کا آغاز ایک مثبت طرز پر ہوا جہاں معاشی ترقی کے امکانات کافی حد تک روشن نظر آ رہے تھے اور تمام نیکرو اکنامک اشارے ایک مثبت تصور پیش کر رہے تھے۔ پاکستان کی معاشی جی ڈی پی کی شرح نمو مالیاتی سال 2021 کی 5.74 فیصد کے مقابلے میں روان مالی سال 5.97 فیصد رہی جو کے صنعتی شعبے (2022 میں 7.2 فیصد) اور زرعی شعبے (2022 میں 4.4 فیصد) کی مضبوط ترقی کی وجہ سے تھی۔ دوران سال 32.5 بلین امریکی ڈالر کی ریکارڈ برآمدات اور 31.2 بلین امریکی ڈالر کی ترسیلات کے باوجود، مجموعی درآمدات میں غیر معمولی اضافے کی وجہ سے مالی سال 2022 میں ملک کا کرنٹ اکاؤنٹ خسارہ بڑھ کر 17.4 بلین ڈالر تک پہنچ گیا۔ درآمداتی بلوں میں 42.21 فیصد کا نمایاں اضافہ ہوا ہے (امریکی ڈالر کے لحاظ سے) جو کہ 56.38 بلین امریکی ڈالر SPLY کے مقابلے میں 80.18 بلین امریکی ڈالر تک ہے جو کہ بنیادی طور پر بڑھتی ہوئی توانائی کی درآمداتی لاگت کے ساتھ ساتھ زرعی، کیمیکلز اور میناٹک گروپ وغیرہ کے تحت آنے والی اشیاء کی بڑھتی ہوئی درآمدات کی وجہ سے ہوا ہے۔ غیر ملکی ذخائر پر درآمدات میں اضافے کے اثرات کو کسی حد تک برآمدات میں 25.64 فیصد اضافے (امریکی ڈالر کے لحاظ سے) سے پورا کیا گیا بنیادی طور پر ٹیکسٹائل سیکٹرز کی درآمدات میں اضافے کی وجہ سے خاص طور پر ویلیو ایڈڈ مصنوعات کی ترسیلات زر میں دوران سال SPLY کے مقابلے میں 6.07 فیصد (USD کی شرائط میں) اضافہ ہوا۔ تاہم، مالی سال 2022 کی دوسری ششماہی میں سیاسی عدم استحکام، عالمی سطح پر تیل کی قیمتوں میں تیزی کی وجہ سے بلند افراط زر، روپے کی قدر میں اچانک کمی، ملکی طلب میں اضافہ، رسد کی رکاوٹوں اور ملکی وغیر ملکی ذخائر میں کمی کے ساتھ حالات کافی حد تک بدل گئے۔ بین الاقوامی سطح پر، روس/یوکرین کی جنگ نے مجموعی اقتصادی شرح نمو میں رکاوٹ ڈالی اور مہنگائی بڑی معیشتوں کے لیے بھی کافی مشکل پہنچ بن گئی۔ حکومت کو مجبور ہو کر وہ درآمدات کو کم کر کے (بعض اشیاء پر کیش مارجن کے ذریعے اور بعض اشیاء کی درآمد پر پابندی عائد کر کے) اور ڈسکاؤنٹ کی شرح کو 15 فیصد تک بڑھا کر اقتصادی کساد بازاری کو کم کرنے کے اقدامات کرے۔ جس سے نہ صرف درآمدات کی حوصلہ شکنی ہوگی بلکہ صارفین کے مجموعی اخراجات میں بھی کمی آئے گی، لہذا اس سے ادائیگی کے توازن کو سہارا ملے گا اور افراط زر کی شرح کو برقرار رکھا جائے گا۔

صنعتی پس منظر:

پاکستان میں ٹیکسٹائل کی صنعت کا معیشت پر گہرا اثر ہے اور ملکی برآمدات میں تقریباً 60 فیصد حصہ ڈال رہا ہے۔ یہ کل مینوفیکچرنگ سیکٹرز کا 46 فیصد پر مشتمل ہے اور دوسرا سب سے بڑا روزگار پیدا کرنے والا سیکٹر ہونے کی وجہ سے کل لیبر فورس کا 40 فیصد روزگار فراہم کرتا ہے۔ رواں مالی سال کی آخری سہ ماہی میں روپے کی قدر میں کمی کی وجہ سے درآمداتی خام مال کی قیمت میں نمایاں اضافہ ہوا۔ مزید برآں، بین الاقوامی سطح پر خام مال کی زیادہ قیمتوں اور مینوفیکچرنگ سپلائی چین کی گیس کی کٹوتی، بڑھتی ہوئی سیاسی عدم استحکام اور غیر یقینی ٹیکسز اور محصولات نے صنعت کے لیے اپنے آپریٹنگز پر طویل مدتی نظریہ رکھنا مشکل بنا دیا ہے۔
