INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF PROGRESSIVE INSURANCE COMPANY LIMITED ON THE REVIEW OF THE CONDENSED INTERIM FINANCIAL STATEMENTS AS OF JUNE 30, 2022

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Progressive Insurance Company Limited ("the Company") as at June 30, 2022, and the related condensed interim statement of profit or loss and other comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows, condensed interim reconciliation to profit or loss account and notes to the financial statements for the half year then ended (here-in-after referred to as the "condensed interim financial statements"). Management of the entity is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

The figures of the condensed interim financial statements for the quarter ended June 30, 2022 and June 30, 2021, have not been reviewed and we do not express a conclusion thereon as we are required to review only cumulative figures for the half year ended June 30, 2022.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter

We draw attention to Note 2 to the condensed interim financial statements, which state that the Company does not meet the minimum paid-up capital requirement of Rs. 500 million as required under clause 11 of the Insurance Rules 2017. Furthermore, as the Company's shares are placed at the default counter of Pakistan Stock Exchange, due to non-compliance, the shares have ceased trading.

SAMO

Chief Executive

Director

Notes to the Condensed Interim Financial Statements (unaudited) For the Half Year Ended June 30, 2022

Note

THE COMPANY AND IT'S OPERATIONS

The Company was incorporated as a Public Limited Company in 1987 under the repealed Companies Ordinance, 1984 now the Companies Act, 2017. Its shares are quoted on the Pakistan Stock Exchange. The Company is engaged in providing non-life insurance services for fire, marine, motor, and miscellaneous classes. The registered office of the company is situated at Room # 505-507, 5th floor, Japan Plaza, M.A Jinnah Road, Karachi.

Note 2

GOING CONCERN ISSUE

The Company cannot undertake any new insurance business as the Company does not meet the minimum paid-up capital required of Rs. 500 million net off any discount offered on issue of shares as required under clause 11 of the Insurance Rule 2017. As a result of this, the insurance license of the Company has been suspended, many years ago.

Further, the trading of shares of the Company was suspended and the Company's shares were placed on the default counter of Pakistan Stock Exchange ("PSX"), according to the PSX regulation 5.11.1(b) in this regard.

The Company has not generated any revenue and is reporting recurring losses and the loss for the half year ended on June 30, 2022, amounted to Rs. 2.909 million (Jun 2021: Rs. 4.467 million).

The above-stated conditions indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. However, the management of the Company is striving to increase its paid-up capital up to the requirements of the Insurance Rules up to Rs. 500 million, and is in the process of complying with all of the PSX regulations and is actively pursuing obtaining necessary approvals from relevant authorities for removal of its shares from the default counter of the PSX, so that, the process of issuance of the right shares would be initiated to meet the paid-up capital requirement. The Company has also filed a petition in November 2019 in the High Court of Sindh, against the SECP to issue a directive to put the Company's shares on the active trading counter, so that the process of issuing of right shares could be initiated. The Directors of the Company have also agreed to provide interest-free funds to finance the working capital requirements of the Company as and when needed.

Keeping in view of these facts, these financial statements have been prepared on going concern basis.

Note

BASIS OF PREPARATION

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting, those comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

FAIR VALUE OF MEASURMENT OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement requires the Company to classify fair value measurement in a fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value. It has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within level 1 that are observable for the assets or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- Inputs for assets or liabilities that are not based on observable market data (i.e. unadjusted) inputs (Level 3).

Transfer between levels of the fair value hierarchy is recognized at the end of the reporting period during which the changes have occurred.
