### Introduction

We have reviewed the accompanying condensed interim statement of financial position of S.G. Power Limited as at December 31, 2022 and the related condensed interim statement of profit or loss and other comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows, and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

The figures for the quarters ended December 31, 2022 and December 31, 2021 in the condensed interim statement of profit and loss and other comprehensive income have not been reviewed, as we are required to review only the cumulative figures for the six month ended December 31, 2022.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

### Material Uncertainty relating to Going Concern

We draw attention to note 1.2 in the interim financial statements, which indicates that the Company incurred a loss of Rs. 667,235 (December 2021: 2,820,537) and the accumulated loss as at December 31, 2022 stood at Rs. 257,803,806 (June 2022: 257,136,571). Furthermore, as

*MZ*

at the period end the current liabilities exceeded the current assets by Rs. 3,564,880 (June 2022: 3,112,265). These conditions indicate the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and, therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

The engagement partner on the review resulting in this independent auditor's review report is Muhammad Moin Khan.
