## CHAIRMAN'S MESSAGE

It is of great pleasure for me to present the Annual Report of the Company for the year ended December 31, 2022. As I reflect on 2022, these past 2 years have been a testing time for everyone, Global increase in fuel prices, economic instability and weak macroeconomic indicators such as downgraded country ratings coupled with extreme currency devaluation have negatively impacted every sector in Pakistan, especially in the last quarter of FY 2022 when the country was on the path of recovery from the COVID-19 pandemic, torrential monsoon rains that began in mid-June and triggered floods across the country posed a fresh challenge to its growth. The flash floods have emerged as an addition to the already rising woes of economic and political instability in the country.

Your Company has completed another difficult year, 2022. Its combined gross premium and contribution income increased by Rs. 101.113 million representing 10.10% increase from previous year. The Loss before tax is Rs. 91.229 Million and Loss after tax is Rs. 73.831 Million.

I am happy to mention that our journey of progress and accomplishments is continuing despite economic challenges faced by the country in 2022. This continued sustainability and improvement in business and operations of the Company would not have been possible without the untiring hard work of the field force, back office staff and professional management of the Company. I am confident that the Company's spirited manpower will continue their hard work to increase the market share of your Company to a well-deserved level commensurate with its peers. The continued sustainability will be sustained to encourage all stake holders of the Company including its employees, management, shareholders and its valued client. Under the able guidance of its illustrious Board of Directors, the management and staff of Asia Insurance Company will continue to remain committed to their vision, mission and core values. Your Company will continue to capitalize the new opportunities and the development of new products and services to achieve the fulfillment of its insurance potential. In addition to our dedicated staff and management, I would like to also thank Securities and Exchange Commission of Pakistan, State Bank of Pakistan, Members of Pakistan Banking Council, our Auditors, brokers and above all our valued clients for their continued support and confidence in us.

**Chairman**  
**Ihtsham ul Haq Qureshi**

The consent of such members must reach at the registered office of the Company at least 10 days before the meeting.

7. Pursuant to Notification vide SRO 787, 10/2014 dated September 8, 2014, the Securities and Exchange Commission of Pakistan has directed all the companies to facilitate their members receiving annual financial statements and notice of AGM through electronic mail system. The Company is pleased to offer this facility to its valued members who desire to receive annual financial statements and notices through email in future.

In this regard, those members who wish to avail this facility are hereby requested to convey their consent via email on a standard request form which is available on the Company's website.

8. Pursuant to SECP directives vide Circular No.19/2014 dated October 24, 2014 SECP has directed all companies to inform shareholders about changes made in the section 150 of the Income Tax Ordinance, we hereby advise shareholder as under;
- (i) The Government of Pakistan through Finance Act, 2019, effective from July 1, 2019, has made certain amendments in section 150 of the Income Tax Ordinance, 2001 whereby different rates are prescribed for deduction of withholding tax on the amount of dividend paid by the companies. These tax rates are as under:
- for filers of income tax returns: 15 %
  - for non-filers of income tax returns: 30 %

To enable the Company to make tax deduction on the amount of cash dividend @ 15% instead of 30%, all the shareholders whose names are not entered into the Active Tax Payers List (ATL) provided on the website of FBR, despite the fact that they are filers, are advised to make sure that their names are entered into ATL before the date for payment of the cash dividend otherwise tax on their cash dividend will be deducted @30% instead @15%.

- (ii) In the case of shares registered in the name of two or more shareholders, each joint-holder is to be treated individually as either a filer or non-filer and tax be deducted by the Company on the basis of shareholding of each joint-holder as may be notified to the Company in writing. The joint-holders are, therefore, requested to submit their shareholdings otherwise each joint-holder shall be presumed to have an equal number of shares.
- (iii) For any query / problem / information, the investors may contact the Company and / or the Share Registrar at the following phone numbers & email address. The contact number of Company Secretary is 042-35865574-78 & email (as given above) and the contact numbers of Shares Registrar M/s Corplink (Pvt.) Limited is (042) 35916714, 35916719, 35839182 and email: corplink786@gmail.com/shares@corplink.com.pk.
- (iv) The corporate shareholders having CDC accounts are required to have their National Tax Number (NTN) updated with their respective participants, whereas corporate physical shareholders should send a copy of their NTN certificate to the Company or its Share Registrar. The shareholders while sending NTN or NTN certificates, as the case may be, must quote company name and their respective folio numbers.
9. Members can exercise their right to demand a poll subject to meeting requirements under Sections 143-145 of the Companies Act, 2017 and applicable clauses of Companies (Postal Ballot) Regulations, 2018.
10. The members holding in aggregate 10% or more shareholding residing in the city, can also avail video conference facility under the provisions of section 134 (1) (b) of the Act to participate in the meeting. The consent of such members must reach at the registered office of the Company at least 10 days before the meeting.

11. In compliance of Section 244 of the Act, the Company uploaded the details of unclaimed dividend on its website and submitted a statement to the Commission through e-services portal, stating the amount of dividend, which remained unclaimed for a period of 3 years from the date it was due.
12. financial statements and reports have been placed on the website of the Company [www.asiainsurance.com.pk](http://www.asiainsurance.com.pk)
13. the Company has circulated financial statements to its members through CD at their registered address, printed copy of above referred statement can be provided to members upon request.

14. Deposit of Physical Shares into CDC Accounts:

As per Section 72 of the Companies Act, 2017 all existing companies are required to convert their physical shares into book-entry form within a period not exceeding four years from the date of commencement of the Companies Act, 2017.

The Securities and Exchange Commission of Pakistan through its circular # CSD/ED/Misc./2016-639-640 dated March 26, 2021 has advised the listed companies to pursue their such members who still hold shares in physical form, to convert their shares into book entry form.

We hereby request all members who are holding shares in physical form to convert their shares into book-entry form at the earliest. They are also suggested to contact the Central Depository Company of Pakistan Limited or any member/stock broker of the Pakistan Stock Exchange to open an account in the Central Depository System and to facilitate conversion of physical shares into book-entry form. Members are informed that holding shares in book-entry form has several benefits including but not limited to secure and convenient custody of shares, conveniently tradeable and transferable, no risk of loss, damage or theft, no stamp duty on transfer of shares in book-entry form and hassle-free credit of bonus or right shares.

We once again strongly advise members of the Company, in their best interest, to convert their physical shares into book-entry form at the earliest.

15. Form of Proxy is enclosed.

#### 14. CDC کا وٹمنس میں فزیکل شیئرز کا ڈیپازٹ

کمپنیز ایکٹ 2017ء کے سیکشن 72 کے تحت تمام موجودہ کمپنیوں گھنیز ایکٹ 2017ء کے تاریخ نفاذ سے 4 سال کے اندر اپنے فزیکل شیئرنگ اینٹری فارم میں تبدیل کرنا لازمی ہے۔

سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان نے لسٹڈ کمپنیوں کو بذریعہ مراسلہ نمبر CSD/ED/Misc./2016-639-640 ہدایت کی ہے کہ وہ فزیکل فارم میں شیئر کے حامل اراکین کو اپنے حصص ہنگ اینٹری فارم میں تبدیلی کی تلقین کریں۔

ہم یہاں باضابطہ طور پر فزیکل فارم میں حصص کے حامل اپنے تمام اراکین کو درخواست کرتے ہیں وہ پہلی فرصت میں اپنے حصص کو ہنگ اینٹری فارم میں تبدیل کریں۔ انہیں سنٹرل ڈیپازٹری کمپنی آف پاکستان لمیٹڈ یا پاکستان سٹاک ایکسچینج کے کسی رکن/سٹاک بروکر سے رابطہ کرنے کی بھی تجویز کی جاتی ہے تاکہ وہ سنٹرل ڈیپازٹری سسٹم میں اپنا اکاؤنٹ کھولیں اور اپنے فزیکل شیئرز کو ہنگ اینٹری کی صورت میں درج کر سکیں۔ اراکین کو آگاہ کیا جاتا ہے کہ ہنگ اینٹری کی صورت میں حصص رکھنے کے کئی فوائد ہیں جن میں مندرجہ ذیل شامل ہیں لیکن یہ یہاں تک محدود نہیں، حصص کا محفوظ اور آسان قبضہ، باسانی تجارت اور منتقلی کے قابل، گمشدگی، خرابی یا چوری کا کوئی خطرہ نہیں، ہنگ اینٹری کی صورت میں حصص کی منتقلی پر کوئی سٹامپ ڈیوٹی نہیں، بونس یا رائٹ حصص کے کریڈٹ میں کوئی مسئلہ نہیں۔

ہم کمپنی کے اراکین کو ان کے بہترین مفاد میں دوبارہ تلقین کرتے ہیں وہ پہلی فرصت میں اپنے فزیکل شیئرز کو ہنگ اینٹری کی صورت میں تبدیل کرائیں۔  
پراکسی فارم لف ہذا ہے۔

**Directors' Report**  
For the year ended December 31, 2022

**Dear Shareholders!**

The Directors of Asia Insurance Company Limited (“the Company”) take pleasure in presenting the annual report of your company, together with the audited financial statements for the year ended December 31, 2022.

The Directors' Report prepared under Sections 226 and 227 of the Companies Act, 2017 and Code of Corporate Governance, will be put forward to the members at the 42<sup>nd</sup> Annual General Meeting of the Company to be held on 27 April, 2023.

**Business Overview**

The difficult economic and geo-political situation wrought havoc on every sector, presenting a range of challenges, including inflation and currency devaluation. Although the consequences of these issues have been immense; we have taken them as an opportunity to respond and persevere. The lingering effects of the COVID-19 pandemic, difficult economic and political conditions, inflation, and increasingly devastating extreme weather events such as the historic floods in 2022, have emerged as an addition to the already rising woes of economic and political instability in the country

Due to the aforesaid economic challenges, your Company showed a satisfactory improvement and continued striving for better by offering the best professional service to its clients. Consequent to higher business volumes, the claims payout and expenses have also increased, but overall claim expense ratios are at satisfactory level. The Company posted a Loss before tax of Rs. 73.83 Million.

### Annual Evaluation of Board's Performance

The Board has placed a mechanism to evaluate its performance annually as required by the Code of Corporate Governance. The mechanism devised is based on the emerging and leading trends on the functioning of the Board and improving its effectiveness.

### Principal Risks and Uncertainties

The principal risk the Company faces under insurance contracts is the possibility that the insured event occurs, the uncertainty of the amount of the resulting claims i.e. the frequency and severity of claims and that the actual claims and benefit payments exceed the carrying amount of the insurance liabilities. By the very nature of an insurance contract, this risk is random and therefore unpredictable. The objective of the Company is to ensure that sufficient reserves are available to cover these liabilities.

The Company manages these risks through its underwriting strategy, adequate reinsurance arrangements and proactive claims handling. The underwriting strategy aims to minimize insurance risks with a balanced mix and spread of business classes and by observing underwriting guidelines and limits. The Company underwrites mainly property, motor, marine cargo and transportation and other miscellaneous general insurance business. These classes of insurance are generally regarded as short term insurance contracts where claims are normally intimated and settled within a short time span, usually one year. This helps to mitigate insurance risk.

### Risk Management Function

Your Company established a Risk Management Function. It is overseen by the Risk Management and Compliance Committee to identify and monitor risks associated with various operations of the Company. Asia Insurance Company is committed to enhancing its overall profitability through optimization of value added activities, while maintaining a strong risk-adjusted capitalization.

### Corporate Briefing Session

Corporate Briefing Session was held on 27<sup>th</sup> May, 2022 for shareholders and analysts as per requirement of Pakistan Stock Exchange. Company's senior management shareholders and analysts attended the session.

### Statement of Ethics and Business Practices

The Board has adopted the Statement of Ethics and Business Practices. All employees are informed of this statement and are required to observe these rules of conduct in relation to business and regulations.

### Compliance with Code of Corporate Governance

The requirements of the Code of Corporate Governance set out by the regulatory authorities have been duly complied with. A statement to this effect is annexed in the report.

### Compliance with AML/CFT Laws

The Company has duly complied with the AML/CFT laws of the country and timely reporting in this regard has been done.

## Company's relations with stakeholders

We have a very positive and practical approach towards relations with various stakeholders particularly with regulatory authorities i.e. Securities and Exchange Commission of Pakistan (SECP), Federal Board of Revenue (FBR), State Bank of Pakistan (SBP), other Insurance Companies, the Reinsurers and the Insurance Association of Pakistan (IAP). The Company Secretary is responsible for adhering and implementing all the applicable laws, regulations and conventions in order to keep the organization at its highest.

## Future Outlook

Difficult macro environment resulting in slow down of economic activity, currency depreciation and high policy rates would impact the profitability of the Company in FY 2023. Asia Insurance, being a dynamic organization that has demonstrated its resilience and determination to grow and thrive, overcoming multiple challenges over the years, is committed to bringing quality products to market while providing the best service at the lowest cost.

However, the Company will continue to focus its momentum of growth in premium while at the same time maintaining profitability of decent standard.

## Auditors

The present Auditors M/s. BDO Ebrahim & Co. Chartered Accountants, had been appointed for the year ended December 31, 2022, and shall retire on the conclusion of 42<sup>nd</sup> Annual General Meeting. Present Auditors will be re-appointed for the year ended December 31, 2023 in the upcoming 42<sup>nd</sup> AGM.

## Pattern of shareholding is attached with this report.

## ڈائریکٹرز کی رپورٹ

برائے اختتام شدہ سال 31 دسمبر 2022ء

معزز حصص داران!

ایشیا انشورنس کمپنی لمیٹڈ ("کمپنی") کے ڈائریکٹرز 31 دسمبر 2022ء کو اختتام پذیر سال کے لئے آپ کی کمپنی کی سالانہ رپورٹ جمع پڑتال شدہ مالیاتی اسٹیٹمنٹس ازراہ مسرت پیش کرتے ہیں۔

کمپنی ایکٹ 2017ء کے سیکشن 226 اور 227 اور کوڈ آف کارپوریٹ گورننس کے تحت تیار کردہ ڈائریکٹرز کی رپورٹ 27 اپریل 2023ء کو منعقد ہونے والے کمپنی کے بیالیسویں (42 ویں) سالانہ اجلاس عام میں اراکین کو پیش کی جائے گی۔

### کاروباری جائزہ

مشکل معاشی اور جیو پالیٹیکل حالات نے ہر شعبے میں تباہی مچا دی ہے جس سے افراط زر اور روپے کی قدر میں کمی جیسے چیلنجز سامنے آرہے ہیں۔ اگرچہ ان مسائل کے نتائج انتہائی شدت اختیار کر گئے ہیں لیکن ہم نے ان مشکل حالت کو رد عمل اور ثابت قدم رہنے کا ایک موقع کے طور پر لیا ہے۔ کرونا وائرس کے طویل مدتی اثرات، مشکل معاشی و سیاسی حالات، افراط زر اور تباہ کن موسمیاتی تبدیلیوں یعنی سال 2022ء کے دوران تاریخی سیلاب نے ملک میں جاری معاشی و سیاسی عدم استحکام مزید بڑھا دیا ہے۔

مذکورہ بالا معاشی چیلنجز کے باوجود آپ کی کمپنی نے تسلی بخش دکھائی اور اپنے کلائنٹس کو بہترین پیشہ ورانہ خدمات کی فراہمی کے ذریعے کمپنی ترقی کی جانب گامزن ہے۔ بھاری کاروباری حجم کے نتیجے میں کمیونز کی واجب الادا قومی اور اخراجات میں بھی اضافہ ہوا لیکن مجموعی طور پر کلیم اخراجات کا تناسب تسلی بخش رہا۔ کمپنی نے 73.83 ملین روپے کا خسارہ بمعہ ٹیکس درج کیا۔

### ونڈ و نکافل آپریشنز

مذکورہ سال میں تحریری کنٹریبیوشن 100.408 ملین روپے رہا جب کہ خالص کنٹری بیوشن آمدنی 28.277 ملین روپے رہی۔ مذکورہ برس کے لئے شرکاء کا نکافل فنڈ خسارہ 0.209 ملین روپے اور آپریٹرز فنڈز (برائے حصص داران) سے منافع 18.965 ملین روپے ریکارڈ ہوا۔

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ASIA INSURANCE  
COMPANY LIMITED**

**REVIEW REPORT ON THE STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE  
GOVERNANCE FOR INSURERS, 2016 & LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE)  
REGULATIONS, 2019**

We have reviewed the enclosed Statement of Compliance with the Code of Corporate Governance for Insurers, 2016 and the Listed Companies (Code of Corporate Governance) Regulations, 2019 (combined called "the Regulations") prepared by the Board of Directors of Asia Insurance Company Limited ("the Company") for the year ended December 31, 2022 in accordance with the requirements of regulation 36 of the Listed Companies (Code of Corporate Governance), Regulations, 2019 and provision (Ixxvi) of the Code of Corporate Governance for insurers, 2016.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended December 31, 2022.

Further, we highlight content of paragraphs 34 and 35 of the Statement where the matter of minimum number of Independent Directors on the Board of Directors of the Company and constitution of the Nomination Committee has been explained, respectively.

**INDEPENDENT AUDITOR'S REPORT**  
**TO THE MEMBERS OF ASIA INSURANCE COMPANY LIMITED**  
**Report on the Audit of the Financial Statements**

### Opinion

We have audited the annexed financial statements of **ASIA INSURANCE COMPANY LIMITED**, (the Company), which comprise the statement of financial position as at December 31, 2022, and the profit and loss account, the statement of comprehensive income, the statement of cash flows, the statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, profit and loss account, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2022 and of the loss and other comprehensive loss, its cash flows and the changes in equity for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No	Key audit matters	How the matter was addressed in our audit
1.	<p><b>Compliance with laws and regulations</b></p> <p>The Company is in highly regulated industry and is governed by stringent laws and regulations which mainly include Insurance Ordinance, 2000, Insurance Accounting Regulations, 2017, Insurance Rules, 2017 and Companies Act, 2017, and various circulars issued by the SECP from time to time to regulate the business of the Company. The Company is required to comply with these rules and regulations.</p> <p>We have considered compliance with laws and regulation as a key audit matter since failure to comply with any of these applicable laws and regulations could have a material financial impact on the business of the Company.</p>	<p>Our audit procedures in respect of this area included the following:</p> <ul style="list-style-type: none"> <li>● Obtained an understanding of the relevant legal and regulatory framework within which the Company operates and assessed the design and operation of its key controls over this framework.</li> <li>● Discussed the applicable policies and procedures with senior management and reviewed Board papers, and internal audit reports for any recorded instances of potential non-compliance, and maintained a high level of vigilance when carrying out our other audit procedures for indications of non-compliance.</li> <li>● Reviewed the Company's documentation and correspondence with the regulators.</li> </ul>
2.	<p><b>Valuation of investments</b></p> <p>The Company's investment comprises investments in equity, term deposit and debt instruments. As at December 31, 2022, total net investment amount to Rs. 261.765 million.</p> <p>The valuation of these investments is made using different valuation techniques as disclosed in note 7.8 to the financial statements.</p>	<p>Valuation of investments were addressed by applying following procedures:</p> <ul style="list-style-type: none"> <li>● Evaluated the design and implementation of key control around investments;</li> <li>● Re-performed valuation to assess those investments are carried as per the valuation methodology specified in the accounting policies;</li> </ul>

S. No	Key audit matters	How the matter was addressed in our audit
	<p>The Company's accounting policy and movement in the year in the investments balances are disclosed in note 10, 11 and 12 to the financial statements.</p> <p>We have considered this as a key audit matter in view of the significance of these investments in relation to the total assets of the Company.</p>	<ul style="list-style-type: none"> <li>● Performed purchases and sales testing on sample basis of trades made during the year and checked that transactions were recorded in the correct period as part of investment in case of purchases.</li> <li>● Checked the existence of the securities from the Central Depository Company's report;</li> <li>● We also reviewed management's assessment of whether there are any indicators of impairment including those securities that are not actively traded; and</li> </ul> <p>Furthermore, we also assessed the adequacy of the respective disclosure relating to investments as disclosed in the financial statements.</p>
3.	<b>Revenue recognition risks</b>	
	<p>Refer note 7.2 to the financial statements for accounting policies and details in respect of revenue recognition. The Company receives its revenue primarily from two main sources namely, premiums and investments income. Premiums from insurance policies comprise of 98.214% of the total revenue.</p> <p>We identified revenue recognition as a key audit matter as it is one of the key performance indicators of the Company and because of the potential risk that revenue transitions may not be recognized in the appropriate period.</p>	<p>Our audit procedures in respect of this matter included the following:</p> <ul style="list-style-type: none"> <li>● Obtained the understanding, evaluated the design and tested the controls over the process of capturing, processing and recording of information related to premium and investment income.</li> <li>● Assessed the appropriateness of the company's accounting policy for recording of premium and investment income in line with requirements of applicable accounting and reporting standards;</li> </ul>

S. No	Key audit matters	How the matter was addressed in our audit
		<ul style="list-style-type: none"> <li>● Tested the policies on sample basis where premium was recorded close to year end and subsequent to year end, and evaluated that these were recorded in the appropriate accounting period; and</li> <li>● Tested the investment income transaction on sample basis where investment income was recorded close to year end and subsequent to year end and evaluated that these were recorded in the appropriate period.</li> </ul>
4.	<p><b>Valuation of outstanding claims including claims incurred but not reported (IBNR)</b></p> <p>As disclosed in note 29 to the financial statements, outstanding claims including IBNR amounting to Rs. 384.333 million as at December 31, 2022.</p> <p>The outstanding claims including IBNR represented significant portion of the Company's total liabilities.</p> <p>We focused on this area because the valuation of outstanding claims including IBNR are significant in magnitude and requires use of judgement and estimates. Outstanding claims including IBNR are estimates for settlement of claims in future which are impacted by a number of factors which includes the trends in severity of historical claims, frequency of historical claims and changes in government regulations.</p>	<p>Our audit procedures in respect of this area includes the following:</p> <ul style="list-style-type: none"> <li>● We assessed and tested the operating effectiveness of selected key controls relating to the claims handling and reserving process, including controls over completeness and accuracy of the claims estimates recorded.</li> <li>● Substantive tests were performed on the amounts recorded for a sample of claims notified, focusing on those with significant impact on the financial statements, to assess whether the claims are appropriately estimated and recorded.</li> <li>● Tested the completeness and accuracy of the underlying data used in the valuation of outstanding claims including IBNR.</li> </ul>

S. No	Key audit matters	How the matter was addressed in our audit
	<p>The valuation involves complex and subjective judgements about future events, both internal and external to the business, for which small changes in assumptions can materially impact the valuation of these liabilities.</p>	<ul style="list-style-type: none"> <li>● We assessed the adequacy of the disclosures by reference to the relevant accounting standards and applicable regulations.</li> </ul>
5.	<p><b>Valuation of insurance / re-insurance receivables</b></p> <p>Refer to note 7.29 and 14 to the financial statements for accounting policies and details in respect of valuation of insurance/ reinsurance receivables.</p> <p>The Company's insurance / reinsurance receivable represents 22 % of its total assets which are stated net of provision for impairment of Rs. 24.936 million. Valuation of these receivable involves significant judgment regarding uncertainty in determining impairment/ provisions.</p> <p>We identified the valuation of insurance / reinsurance receivables as a key matter as the estimation involves a significant degree of judgment.</p>	<p>Our audit procedures in respect of this matter included the following:</p> <ul style="list-style-type: none"> <li>● Tested the accuracy of insurance/reinsurance receivables aging report, on a sample basis, by comparing individual balances in the report with underlying documentation to evaluate that the balances appearing in the ageing report were classified within appropriate ageing bucket.</li> <li>● Assessed the appropriateness of assumptions and estimates made by the management for the provision for impairment by comparing, on a sample basis, past experience and historical trends of collection the financial circumstances of counter parties, their credit ratings and actual write offs, and receipts an settlement from/with customers and reinsurer subsequent to the financial year end</li> <li>● Assessed the reinsurance share of claims outstanding against the terms of the reinsurance contracts and the related recorded liabilities and</li> <li>● Assessed the historical accuracy of provisions for bad debts recorded by examining the utilization or release of previously recorded provisions.</li> </ul>

### **Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Insurance Ordinance, 2000 and the Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company’s business; and
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**1 STATUS AND NATURE OF BUSINESS**

1.1 Asia Insurance Company Limited ('the Company') is a quoted public limited company which was incorporated in Pakistan on December 06, 1979 under the repealed Companies Act, 1913 (now the Companies Act, 2017). The Company is engaged in non-life insurance business mainly comprising of fire, marine, motor, bond and suretyship, agriculture and allied and miscellaneous. The Company commenced its commercial operations in 1980. The registered and principal office of the Company is situated at 19 C/D, Block L, Gulberg III, Main Ferozpur Road, Lahore-Pakistan. Shares of the Company are quoted on Pakistan Stock Exchange.

1.2 The Company has been allowed to work as Window Takaful Operator through License No. 10 on August 13, 2015 by Securities and Exchange Commission of Pakistan under Window Takaful Rules, 2012 to carry on Islamic General Insurance in Pakistan. It has not transacted any business outside Pakistan.

1.3 The SECP has issued investigation order dated March 21, 2019 against the Company for matters pertaining to claims paid/payable and property valuation and appointed an investigation team. The Company has submitted a response to SECP and is confident, based on the confirmation from the legal advisors that no adverse inference is expected in respect of these matters except two orders have been issued against claim investigation by the SECP during the year 2020. Detail is as follows:

The Securities and Exchange Commission of Pakistan (SECP) has concluded its investigation against order dated March 21, 2019 against the Company and has issued two Orders during the year. The Orders have alleged that the Company has processed allegedly fake/bogus claims. The Company has responded through its letter dated July 17, 2020 and vehemently denied, and it is submitted that the Company has never been knowingly involved in processing any such claims. The allegedly fake/bogus claims were referred to the Surveyor in accordance with law, and the same were processed after obtaining the survey reports from the Surveyor. The Company relied on the expertise of the Surveyor, which is duly licensed entity by the SECP to conduct the insurance surveys under the Ordinance. In addition, it was submitted that from the year 2013 onwards, the Company has paid a total of 25,633 claims. Annually, the number of claims paid by the Company average over 3,000 claims.

The Company has adequate internal control systems which are reflected in the processing of more than 3,000 claims in accordance with the law annually. The Company had requested to withdraw the show cause notices, however, the SECP through its order dated July 21, 2020 has imposed the penalty amounting to Rs. 5.880 million to the Company and its Board of Directors. The Company has challenged the orders and filed an appeal before the Appellate Bench of the Commission and expecting a favorable outcome based on the legal advisor opinion. The Company has blacklisted the Surveyor during the year 2020. Further, the Company has a filed a suit against the Surveyor for amounting to Rs. 20.150 million. Therefore no provision has been made in these financial statements in this regard.

1.4 With reference to above mentioned point at 1.3, reinsurance recoveries were also obtained from the respective reinsurers including Pakistan Reinsurance Company Limited (PRCL), a government owned entity. The SECP has passed an order directing the Company to provide some information. The Company believes that proceedings initiated by PRCL were beyond the scope of cited Sections of the Ordinance and notice/order has been issued on the basis of selective facts on insistence of PRCL. The Company has challenged the order and filed an appeal before the Appellate Bench of the Commission and expecting a favorable outcome.

**2 GEOGRAPHICAL LOCATION AND ADDRESSES OF BUSINESS UNITS**

The registered office of the Company is situated at 19 C/D, Block L, Gulberg III, Main Ferozpur Road, Lahore-Pakistan. The Company operates through 1 (2021: 1) principal office and 28 (2021: 28) branches in Pakistan

**3 SUMMARY OF SIGNIFICANT EVENTS AND TRANSACTIONS IN THE CURRENT REPORTING YEAR**

Following is the summary of significant transactions and events that have affected the financial position and performance of the Company:

- a) For discussion on the Company's performance, please refer to Director's report.
- b) All other significant transactions and events that have affected the Company's financial position and performance during the year have been adequately disclosed in the notes to these financial statements.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**4 BASIS OF PREPARATION**

**4.1 Statement of Compliance**

These financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017,
- Provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, General Takaful Accounting Regulation 2019 and SECP Takaful Rules, 2012.

In case requirements differ, the provisions or directives of the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, General Takaful Accounting Regulation 2019 and SECP Takaful Rules, 2012, shall prevail

In terms of the requirements of the Takaful Rules 2012, read with SECP Circular 25 of 2015 dated 09 July 2015, the assets, liabilities and statement of comprehensive income of the Operator's Fund of the General Takaful operations of the Company have been presented as a single line item in the statement of financial position and profit and loss account of the Company respectively. Further, the PTF was not consolidated with the conventional insurance business. The similar requirements have been prescribed by General Takaful Accounting Regulations 2020 issued by SECP.

A separate set of financial statements of the General Takaful operations has been annexed to these financial statements as per the requirements of the General Takaful Accounting Regulations, 2019.

**4.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention without any adjustment for the effect of inflation except for certain investments which are stated at fair value. The financial statements, except for cash flow information, have been prepared under the accrual basis of accounting.

**4.3 Functional and presentation currency**

These financial statements are presented in Pakistani Rupees which is the Company's functional and presentation currency. All figures have been rounded to the nearest rupee, unless otherwise stated.

**5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS**

**5.1 Standards/ amendments that are effective in current year and relevant to the Company**

The following standards, amendments and interpretations are effective for the year ended December 31, 2022. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the financial statements other than certain additional disclosures.

	<b>Effective date (annual periods beginning on or after)</b>

Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of fulfilling a contract	January 01, 2022

Certain annual improvements have also been made to a number of IFRSs.

**5.2 New accounting standards, amendments and interpretations that are not yet effective**

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

	<b>Effective date (annual periods beginning on or after)</b>
Amendments to IFRS 16 'Leases' - Lease liability in a sale and leaseback	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of Accounting Policies	January 01, 2023
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates	January 01, 2023
Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction	January 01, 2023

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which have not been adopted locally by the Securities and Exchange Commission of Pakistan (SECP):

- IFRS 1 First time adoption of International Financial Reporting Standards
- IFRS 17 Insurance Contracts

**5.3 IFRS 9 Financial Instruments and Amendments to IFRS 4 'Insurance Contracts - Applying IFRS 9 with IFRS 4**

IFRS 9 'Financial Instruments' is effective for reporting period / year ending on or after June 30, 2019. It replaces the existing guidance in IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.

Amendment to IFRS 4 'Insurance Contracts' - Applying IFRS 9 'Financial Instruments' with IFRS 4 addresses issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 01, 2018 onwards to remove from profit or loss account the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

The Company has determined that it is eligible for the temporary exemption option since the Company has not previously applied any version of IFRS 9, its activities are predominantly connected with insurance as the percentage of the total carrying amount of its liabilities connected with insurance relative to the total carrying amount of all its liabilities is greater than 90 percent and the Company doesn't engage in significant activities unconnected with insurance based on historical available information. Under the temporary exemption option, the Company can defer the application of IFRS 9 until the application IFRS 17.

To determine the appropriate classification of financial assets under IFRS 9, an entity would need to assess the contractual cash flows characteristics of any financial asset. Indeed, the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI") i.e. cash flows that are consistent with a basic lending arrangement. In a basic lending arrangement, consideration for the time value of money and credit risk are typically the most significant elements of interest.

IFRS 9 defines the terms "principal" as being the fair value of the financial asset at initial recognition, and the "interest" as being compensation for (i) the time value of money, and (ii) the credit risk associated with the principal amount outstanding during a particular period of time.

The tables below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:

- a) financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis.

The Company expects that the adoption of the other amendments and interpretations of the standards will not have any material impact and therefore will not affect the Company's financial statements in the period of initial application.

**6. USE OF JUDGMENTS AND ESTIMATES**

The preparation of financial statements in conformity with the requirements of approved accounting standards as applicable in Pakistan requires management to make judgments, estimates and associated assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The judgments, estimates and associated assumptions are based on historical experience, current trends and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the estimates about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the revision and future periods, if the revision affects both current and future periods.

The areas where assumptions and estimates are significant to the financial statements or judgment was exercised in application of accounting policies, are as follows:

	<b>Note</b>
- Provision for unearned premiums	7.2.1
- Premium due but unpaid - net	7.2.5
- Provision for outstanding claims (including IBNR)	7.3.1
- Premium deficiency reserve	7.7
- Useful life of fixed assets	7.10

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**7 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies adopted in preparation of these financial statements are set out below. These policies have been applied consistently to all years presented.

**7.1 Insurance Contracts**

Insurance contracts are those contracts under which the Company as an insurer has accepted insurance risk from the insurance contract holder (insured) by agreeing to compensate the insured if a specified uncertain future event (the insured event) adversely affects the insured. Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its tenure, even if the insurance risk reduces significantly during this period, unless all rights and obligations are extinguished or expire. Insurance contracts are classified into the following main categories, depending on the nature and duration of risk and whether or not the terms and conditions are fixed.

- Fire and property
- Marine, aviation and transport
- Motor
- Health
- Miscellaneous

These contracts are provided to individuals as well as commercial organizations with various tenures according to the nature and terms of the contract and the needs of the insured. The Company also accepts insurance risk pertaining to insurance contracts of other insurers as reinsurance inward. The insurance risk involved in these contracts is similar to the contracts undertaken by the Company as insurer. The Company neither issues investment contracts nor does it issue insurance contracts with discretionary participation features (DPF).

**7.2 Revenue recognition**

**7.2.1 Premium**

Premium receivable/ received under a policy is recognized at the time of issuance of policy. Similarly reinsurance premium is recorded at the time reinsurance is ceded.

Premium written under a policy is recognized as income over the period of insurance from the date of issuance of the policy to which it relates to its expiry. Where the pattern of incidence of risk varies over the period of the policy, premium is recognized as revenue in accordance with the pattern of the incidence of risk. The portion of premium written relating to the unexpired period of coverage is recognized as unearned premium by the Company. This liability is calculated by applying 1/24 method as specified in the Insurance Accounting Regulations, 2017.

**7.2.2 Commission income**

Commission income from reinsurers is recognized at the time of issuance of the underlying insurance policy by the Company. This income is deferred and recognized as revenue in accordance with the pattern of recognition of the reinsurance premium to which it relates. Commission from reinsurers is arrived at after taking the impact of opening and closing unearned commission. Profit / commission, if any, which the Company may be entitled to under the terms of reinsurance is recognized on accrual basis.

**7.2.3 Investment income**

Return on investments and fixed deposits are recognized using the effective interest rate method. Profit or loss on sale of investments is recognized at the time of sale

**7.2.4 Dividend Income and other income**

Dividend income and entitlement of bonus shares are recognized when the right to receive such dividend and bonus shares is established.

**7.2.5 Premiums due but unpaid - net**

Premiums due but unpaid is recorded as receivable when it is due, at the fair value of consideration receivable less provision for doubtful debts, if any. If there is objective evidence that receivable is impaired, the Company reduces the carrying amount of the receivable accordingly and recognizes that impairment loss in profit and loss account.

**7.3 Claims expense**

General insurance claims include all claims occurring during the year, whether reported or not, including external claims handling costs that are directly related to the processing and settlement of claims, reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years. Claims are charged to profit and loss account as incurred based on estimated liability for compensation owed under the insurance contracts.

**7.3.1 Provision for outstanding claims**

The Company recognizes liability in respect of all claims incurred up to the balance sheet date which is measured at the un-discounted value of the expected future payments. The claims are considered to be incurred at the time of the incident giving rise to the claim except as otherwise expressly indicated in an insurance contract. The liability for claims includes amounts relating to unpaid reported claims, claims incurred but not reported (IBNR) and expected claims settlement costs.

Provision for IBNR is based on the management's best estimate which takes into account the past trends net of exceptional claims.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**7.4 Reinsurance contracts**

Contracts (treaty and facultative) entered by the Company under which the Company cedes insurance risks assumed during normal course of its business and according to which the Company is compensated for losses on insurance contracts issued by the Company are classified as reinsurance contracts held.

**7.4.1 Reinsurance expense**

Reinsurance premium ceded (treaty and facultative) is recognized as an expense over the period of reinsurance from inception to which it relates to its expiry as follows

- a) for proportional reinsurance business, evenly over the period of the underlying policies.
- b) for non-proportional reinsurance business, evenly over the period of indemnity.

Where the pattern of incidence of risk varies over the period of the policy, reinsurance premium is recognized as expense in accordance with the pattern of incidence of risk.

**7.4.2 Prepaid reinsurance premium ceded**

The portion of reinsurance premium ceded not recognized as an expense as at year end is recognized as prepaid reinsurance premium ceded. Unrecognized portion is determined in the same manner as for provision for unearned premiums.

**7.5 Reinsurance recoveries against outstanding claims**

Reinsurance recoveries receivable from reinsurers are recognized as an asset at the same time as and when the claims which give rise to the right of recovery are recognized as a liability and are measured at the amount expected to be received.

**7.6 Commission**

**7.6.1 Commission expense**

Commission expense incurred in obtaining and recording policies is deferred and is recognized in the profit and loss account as an expense in accordance with the pattern of recognition of premium revenue.

**7.6.2 Commission income**

Commission and other forms of revenue (apart from recoveries) from reinsurers are deferred and recognized as liability and recognized in the profit and loss account as revenue in accordance with the pattern of recognition of the reinsurance premium to which it relates.

**7.7 Premium deficiency reserve - (liability adequacy test)**

At each balance sheet date, liability adequacy test is performed to ensure the adequacy of unearned premium. Where the cumulative unearned premium reserve for any classes of business is not adequate to meet the expected future liability, after reinsurance from claims and other supplementary expenses, including reinsurance expenses, commissions and other underwriting expenses, expected to be incurred after the balance sheet date in respect of unexpired policies in that class of business in force at balance sheet date, a premium deficiency reserve is recognized as a liability to meet the deficit. The movement in premium deficiency reserve is recorded as an expense / income in the profit and loss account for the year. The Company determines adequacy of liability of premium deficiency by carrying out analysis of its loss ratio of expired risk.

**7.8 Investments**

All investments are initially recognized at cost, being the fair value of the consideration given and include transaction costs, except for held for trading, in which case transaction costs are charged to profit and loss account. Subsequently, these are recognized and classified into the following categories:

**7.8.1 Available for sale**

The financial assets that are intended to be held for an indefinite period of time and may be sold in response to the need for liquidity are classified as available-for-sale.

Subsequent to the initial recognition at cost, these are valued at market values and any unrealized gains / (losses) are taken to other comprehensive income.

**7.8.2 Fair value through profit or loss-held for trading**

Investments which are acquired with the intention to trade by taking advantage of short term market / interest rate movements are considered as held for trading. After initial recognition, these are measured at fair values with any resulting gains or losses recognized directly in the statement of comprehensive income. Subsequent to initial recognition these are measured at fair value by reference to quoted market prices.

**7.8.3 In debt securities**

**Held to maturity**

Investments with fixed maturity, where management has both the intent and the ability to hold to maturity, are classified as held to maturity.

Subsequent to initial recognition at cost, these investments are measured at amortized cost, less provision for impairment in value, if any. Amortized cost is calculated taking into account any discount or premium on acquisition, which is deferred and included in the income for the period on a straight line basis, over the term of the investments.

ASIA INSURANCE COMPANY LIMITED  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022

**Investment at fair value through profit or loss-held for trading**

Investments which are acquired with the intention to trade by taking advantage of short term market / interest rate movements are considered as held for trading. After initial recognition, these are measured at fair values with any resulting gains or losses recognized directly in the statement of comprehensive income

**In term deposits**

**Held to maturity**

Investments with fixed maturity, where management has both the intent and the ability to hold to maturity, are classified as held to maturity

Subsequent to initial recognition at cost, these investments are measured at amortized cost, less provision for impairment in value, if any. Amortized cost is calculated taking into account any discount or premium on acquisition, which is deferred and included in the income for the period on a straight line basis, over the term of the investments.

**a) Trade and settlement date accounting .**

All 'regular way' purchases and sales of financial assets are recognized on the trade date, i.e. the date on which commitment to purchase / sale is made by the Company. Regular way purchases or sales of financial assets are those, the contract for which requires delivery of assets within the time frame generally established by regulation or convention in the market place.

**b) Derecognition**

All investments are de-recognized when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

**c) Impairment**

**Available-for-sale**

The Company considers that available-for-sale investments is impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolonged requires judgment. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance.

**7.9 Employee benefits**

**Defined contribution plan**

The Company operates an approved provident fund scheme for all its permanent employees. Equal monthly contributions are made, both by the Company and its employees, to the fund at the rate of 8.33% (2021: 8.33%) of basic salary of the employees.

**7.10 Fixed assets and depreciation**

**7.10.1 Owned assets**

These are stated at cost less accumulated depreciation and impairment loss, if any.

Depreciation/amortization is charged to profit and loss account on reducing balance method using the following rates:

- Building on freehold land	10%
- Furniture and fixture	10%
- Office equipments	10%
- Motor vehicles	20%
- Computer equipment	30%

Full month's depreciation / amortization is charged in the month when assets become available for use and no depreciation is charged in the month of disposal.

The assets' residual values, useful life and method of depreciation / amortization are reviewed at each financial year end and adjusted if impact on depreciation is significant.

Subsequent costs are included in the asset's carrying amount or recognized as a separate part, as appropriate, only when it is possible that future economic benefit associated with the item will flow to the Company and the cost of the item can be measured reliably. Normal repairs and maintenance are charged to profit and loss account.

Gains or losses on disposal are included in profit and loss account.

An assessment is made at each balance sheet date to determine whether there is any indication of impairment or reversal of previous impairment, in respect of item of fixed assets and intangible assets. In the event that an asset's carrying amount exceeds its recoverable amount, the carrying amount is reduced to recoverable amount and an impairment loss is recognized in the profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount, however not to an amount higher than the carrying amount that would have been determined (net of amortization or depreciation), had no impairment losses been recognized for the asset in prior years. Reversal of impairment loss is restricted to the original cost of the asset.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**7.10.2 Capital work-in-progress**

Capital work-in-progress is stated at cost. All expenditures connected to the specific assets incurred during installation and construction period are carried under capital work-in-progress. These expenditures are transferred to relevant category of fixed assets or intangibles as and when the assets start operation.

**7.10.3 Right of use assets**

The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using straight line method from the date of recognition to the earlier of the end of useful life of the right of use asset or the end of the lease term. The estimated useful lives of the right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by the impairment losses, if any, and adjusted for certain re measurement of the lease liability.

**7.11 Lease liabilities**

Lease liabilities are initially measured at the present value of the lease payments, discounted using the interest rate implicit in the lease, if that rate cannot be readily determined, the Company's incremental borrowing rate is used. The Company used its incremental borrowing rate as the discount rate if any or market rate.

Subsequently, the lease liability is measured at amortized cost using the effective interest method. It is re measured when there is a change in future lease payments arising from a change in the rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. The short term and low value leases have not been considered under IFRS 16 "Leases".

**Ijarah contracts**

Operating lease / ijarah in which a significant portion of the risks and rewards of ownership are retained by the lessor / Muj'ir (lessor) are classified as operating leases/Ijarah. Payments made during the period are charged to profit and loss on a straight-line basis over the period of the lease / Ijarah.

The SECP has issued directive (vide SRO 431(I)/2007 dated May 22, 2007) that Islamic Financial Accounting Standard 2 (IFAS-2) shall be followed in preparation of the financial statements by companies while accounting for Ijarah (Lease) transactions as defined by said Standard. The Company has adopted the above said standard.

**Short-term leases and leases of low-value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of its assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

**Significant judgement in determining the lease term of contracts with renewal options**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

**7.12 Investment properties**

Property held for the purpose of rental income and long-term capital appreciation is classified as investment property.

**7.12.1 Initial recognition**

Investment property is initially recognized at cost which is equal to the fair value of consideration paid at the time of acquisition or construction of the asset.

**7.12.1 Measurement subsequent to initial recognition**

Subsequent to initial recognition, investment property is carried at historical cost less accumulated depreciation and accumulated impairment losses, if any.

**7.12.2 Depreciation**

Depreciation is charged to profit and loss account in the same manner as owned fixed assets.

**7.13 Investment and other income**

**7.13.1 Dividend income and bonus shares**

Dividend income is recognized when the right to receive the same is established.

Entitlement of bonus shares is recognized when the right to receive the same is established.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**7.13.2 Interest income**

Interest income is recognized on time proportion basis that takes into account effective yield on the assets.

**7.13.3 Rental income**

Rental income on investment properties is recognized as income on accrual basis.

**7.14 Segment reporting**

The Company's operating business is organized and managed separately according to the nature of the services provided with each segment representing a strategic business unit that serves different markets. The Company has five major segments namely fire and property damage, marine, aviation and transport, motor, crops and miscellaneous, as disclosed in note 7.1. The Company accounts for segment reporting are prepared in the format prescribed under the Insurance Ordinance 2000 and the Insurance Rules, 2017 and provide required information at appropriate level of detail.

Assets, liabilities and capital expenditures that are directly attributable to segments have been assigned to them while the carrying amount of certain assets used jointly by two or more segments have been allocated to segments on a reasonable basis. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities.

**7.15 Financial instruments**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument and derecognized when the Company loses control of contractual rights that comprise the financial assets and in the case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on the de recognition of the financial assets and liabilities is included in the net profit or loss account for the period in which it arises.

Financial instruments carried in the statement of financial position include investments, loan and other receivables, insurance/reinsurance receivables, reinsurance recoveries against outstanding claims, cash and bank, provision for outstanding claims, insurance/reinsurance payables, other creditors and accruals.

**7.16 Off setting of financial asset and financial liabilities**

Financial assets and financial liabilities are off-set and the net amount is reported in the financial statements when there is a legally enforceable right to set-off the recognized amount and the Company intends either to settle on net basis, or realize the assets and to settle the liabilities simultaneously.

**7.17 Related party transactions**

All transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions using valuation modes, as admissible, except in extremely rare circumstances where, subject to the approval of the board of directors, it is in the interest of the Company to do so.

**7.18 Taxation**

**7.18.1 Current**

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to be applied to the profit for the year, if entered. The charge for current tax also include adjustments, where considered necessary, to provision for tax made in previous years arising from assessment finalized during the current year for such years.

**7.18.2 Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to be applied to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except in the case of items credited or charged to equity in which case it is included in statement of comprehensive income.

**7.19 Foreign currencies**

Transactions in foreign currency, if any, are converted into Pak rupees at the rate of exchange prevailing on the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into Pak rupees at the rate of exchange prevailing at the reporting date. Exchange difference are taken to profit and loss account.

**7.20 Management expenses**

Management expenses are allocated to all classes of business in proportion to the net premium income of the year. Underwriting expenses have been allocated to various classes of business on a basis deemed equitable by the management.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

Provision for bad debts is based on review of outstanding amounts as at balance sheet date. Bad debts are written off to the profit and loss account when identified. Expenses not allowable to the underwriting business are charged to Other expenses.

**7.21 Creditors, accruals and provisions**

Liabilities for creditors and other amounts payable are carried at cost which is fair value of the consideration to be paid in future for goods and/ or services received, whether or not billed to the Company.

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an out flow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

**7.22 Impairment**

The carrying amounts of the Company's assets are reviewed annually to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated and impairment losses are recognized in the profit and loss account.

**7.23 Earnings per share**

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

**7.24 Cash and cash equivalents**

For the purpose of cash flow statement, Cash and cash equivalents include cash at bank in current and saving accounts, cash and stamps in hand and bank deposits.

**7.25 Dividend and bonus shares**

Dividend to shareholders is recognized as liability in the year in which it is approved. Similarly, reserve for issue of bonus shares is recognized in the year in which such issue is approved.

**7.26 Fair value**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**7.27 Share capital**

Shares are classified as equity when there is no obligation to transfer cash or other assets. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds.

**7.28 Receivables and payables related to insurance contracts**

Receivables and payables related to insurance contracts are recognized when due at cost which is the fair value of the consideration given less provision for impairment, if any.

**7.29 Insurance / reinsurance receivables**

Amounts due to / from other insurers/reinsurers are carried at cost which is the fair value of the consideration to be received/paid in the future for the services. However, an assessment is made at each statement of financial position date to determine whether there is objective evidence that a financial asset or group of assets may be impaired. If such evidence exists, the estimated recoverable amount of that asset is determined and any impairment loss is recognized for the difference between the recoverable amount and the carrying amount.

**7.30 Reinsurance assets**

The Company determines the impairment of the reinsurance assets by looking at objective evidence, as a result of an event that occurred after initial recognition of the reinsurance assets, which indicates that the Company may not be able to recover amount due from reinsurer under the terms of reinsurance contract. In addition the Company also monitors the financial ratings of its reinsurers on each reporting date.

**7.31 Loans and other receivables**

These are recognized at cost, which is the fair value of the consideration given. However, an assessment is made at each statement of financial position date to determine whether there is objective evidence that a financial asset or group of assets may be impaired. If such evidence exists, the estimated recoverable amount of that asset is determined and any impairment loss is recognized for the difference between the recoverable amount and the carrying amount.

**7.32 Zakat**

Zakat on investment income is accounted for in the year of deduction, under Zakat and Ushr Ordinance, 1980.

**ASIA INSURANCE COMPANY LIMITED**

**43 MANAGEMENT OF INSURANCE RISK AND FINANCIAL RISK**

**Risk management framework**

The Company's activities expose it to a variety of financial risks; credit risk, liquidity risk and market risk. The Company's overall risk management process focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risks without any material change from previous period in the manner described in notes below. The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework and is also responsible for development of the Company's risk management policies.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**43.1 Insurance risk**

The risk under an insurance contract is the possibility that the insured event occurs and the uncertainty of the amount of the resulting claim i.e. frequency and severity of claims and that the actual claims and benefit payments exceed the carrying amount of the insurance liabilities. By the very nature of an insurance contract, this risk is random and therefore unpredictable. The Company's risk profile is improved by diversification of these risks of losses to a large portfolio of contracts, since a diversified portfolio is less likely to be affected by an unexpected event in single subset. The Company principally issues the general insurance cover. Risks under these policies usually cover a twelve month duration. For general insurance contracts, the most significant risks arise from fire.

Underwriting limits and retention policies and procedures precisely regulate who is authorized and accountable for concluding insurance and reinsurance contracts and at what conditions. Compliance with these guidelines is regularly checked and developments in the global, regional and local markets are closely observed, reacting, where necessary, with appropriate measures that are translated without delay into underwriting guidelines if required. The primary risk control measure in respect of the insurance risk is the transfer of the risks to third parties through reinsurance. The reinsurance business ceded is placed on a proportional and non proportional basis with retention limits varying by lines of business.

Reinsurance is used to manage insurance risk. Although the Company has reinsurance arrangements, it does not, however, discharge the Company's liability as primary insurer and thus a credit risk exposure remains with respect to reinsurance ceded to the extent that any reinsurer may be unable to meet its obligations under such reinsurance arrangements. The Company minimizes such credit risk by entering into reinsurance arrangements with reinsurers having good credit ratings, which are reviewed on a regular basis. The creditworthiness of reinsurers is considered on an annual basis by reviewing their financial strength prior to finalization of any contract.

**43.1.1 Frequency and severity of claims**

The frequency and severity of claims can be affected by several factors like political violence, environmental and economical, atmospheric disturbances, natural disasters, concentration of risks, civil riots etc. The Company manages these risk through the measures described above.

The Company monitors concentration of insurance risks primarily by class of business. The table below sets out the concentration of the claims and premium liabilities (in percentage terms) by class of business as at the balance sheet date:

Class of business	2022				2021			
	Gross claims liability	Net claims liability	Gross premium liability	Net premium liability	Gross claims liability	Net claims liability	Gross premium liability	Net premium liability
	%	%	%	%	%	%	%	%

**43.1.2 Source of uncertainty in estimation of future claim payments**

The key source of estimation of uncertainty at the balance sheet date relates to valuation of outstanding claims, whether reported or not, and includes expected claims settlement costs. Considerable judgment by management is required in the estimation of amounts due to policyholders arising from claims made under insurance contracts. Such estimates are necessarily based on assumptions about several factors, involving varying and significant degrees of judgment and uncertainty, and actual results may differ from management's estimates resulting in future changes in estimated liabilities. Judgment is further used to assess the extent to which external factors such as judicial decisions and government legislation affect the estimates.

Similarly, the provision for claims incurred but not reported is based on historic reporting pattern of the claims; hence, actual amount of incurred but not reported claims may differ from the amount estimated.

**43.1.3 Key assumptions**

The principal assumption underlying the liability estimation of IBNR and Premium Deficiency Reserves is that the Company's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc. The internal factors such as portfolio mix, policy conditions and claim handling procedures are further used in this regard.

**ASIA INSURANCE COMPANY LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**43.1.4 Claims development**

The Company maintains adequate reserves in respect of its insurance business in order to protect itself against adverse future claims experience and developments. The uncertainties about the amount and timing of claim payments are normally resolved within one year.

Claims which involve litigation and, in the case of marine, general average adjustments take longer for the final amounts to be determined which exceed one year. Claims of last five years are disclosed in note 28.1. All amounts are presented in gross numbers before reinsurance.

**43.1.5 Sensitivity analysis**

The insurance claims provision is sensitive to the above key assumptions. The analysis below is performed for possible movements in key assumptions, with all other assumptions held constant, showing the impact on liabilities and revenue account.

December 31, 2022		Rate	Impact on gross liabilities	Impact on profit and loss account
Current claims		+10%	57,280,914	(57,280,914)
		-10%	(57,280,914)	57,280,914
December 31, 2021		Rate	Impact on gross liabilities	Impact on profit and loss account
Current claims		+10%	23,968,535	(23,968,535)
		-10%	(23,968,535)	23,968,535

**43.2 Reinsurance risk**

An analysis of gross amount due from other insurers and reinsurers recognized by the rating of the entity from which it is due is as follows:

Rating	Amount due from reinsurers	Reinsurance recoveries against outstanding claims	Other reinsurance assets
A or above (including PRCL)	272,455,672	247,439,231	151,598,164
<b>Total</b>	<b>272,455,672</b>	<b>247,439,231</b>	<b>151,598,164</b>

**Geographical concentration of insurance risk**

To optimize benefits from the principle of average and law of large numbers, geographical spread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risks with reference to the geographical location, the most important of which is risk survey.

Risk surveys are carried out on a regular basis for the evaluation of physical hazards associated with the commercial/industrial/residential occupation of the insurers. Details regarding the fire separation/segregation with respect to the manufacturing processes, storage, utilities etc. are extracted from the layout plan of the insured facility. Such details form part of the reports which are made available to the underwriters/reinsurance personnel for their evaluation. Reference is made to the standard construction specifications as laid down by IAP (Insurance Association of Pakistan) for instance, the presence of Perfect Party Walls, Double Fire Proof Iron Doors, physical separation between the buildings within an insured's premises. It is basically that the property contained within an area which is separated by another property by sufficient distance to confine insured damage from uncontrolled fire and explosion under the most adverse conditions to that one area.

Address look up and geo coding is the essential field of the policy data inter phase of IT systems. It provides instant location which is dependent on data collection provided under the policy schedule. All critical underwriting information is punched into the IT system/application through which a number of MIS reports can be generated to assess the concentration of risk.

For Marine risk, complete underwriting details, besides sums insured and premiums, like vessel identification, voyage input (sea/air/inland transit), sailing dates, origin and destination of the shipments, per carry limits etc. are fed into the IT system. The reinsurance module of the IT system is designed to satisfy the requirements as laid down in the proportional treaty agreement. Shipment declarations are also endorsed on the policies. Respective reinsurance cessions are automatically made upon the posting of policy documents.

**Reinsurance arrangements**

Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and non proportional reinsurance arrangements are in place to protect the net account in case of a major catastrophe. Apart from the adequate event limit which is a multiple of the treaty capacity or the primary recovery from the proportional treaty, any loss over and above the said limit would be recovered from the non proportional treaty which is very much in line with the risk management philosophy of the Company.

In compliance with the regulatory requirement, the reinsurance agreements are duly submitted with Securities and Exchange Commission of Pakistan on an annual basis.

(Sources of Uncertainty in estimation of future claim payments)

Claims on general insurance contracts are payable on a claim occurrence basis. The Company is liable for all insured events that occur during the term of the insurance contract.

An estimated amount of the claim is recorded immediately on intimation to the Company. The estimation of the amount is based on the amount notified by the policy holder, management or preliminary assessment by the independent surveyor appointed for this purpose. The initial estimates include expected settlement cost of the claims. Incurred But Not Reported (IBNR) claims have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) Method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level. IBNR for all classes is determined and recognized in accordance with valuation carried out by an appointed actuary which is also based on Chain Ladder (CL) method.

There are several variable factors which affect the amount and timing of recognized claim liabilities. However, the management considers that uncertainty about the amount and timing of claim payments is generally resolved within a year. The Company takes all reasonable measures to mitigate the factors affecting the amount and timing of claim settlements. However, uncertainty prevails with estimated claim liabilities. It is likely that final settlement of these liabilities may be different from recognized amounts.

#### Changes in assumptions

The principal assumption underlying the liability estimation of IBNR and Premium Deficiency Reserves is that the Company's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc.

### 43.3 Financial risk

#### 43.3.1 Credit risk

Credit risk is the risk that the counter party to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation. The Company's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines and regulatory requirements.

#### Exposure to credit risk

The maximum exposure to credit risk before any credit enhancements at December 31, 2022 is the carrying amount of the financial assets as set out below:

#### Nature of financial assets

	2022 Rupees	2021 Rupees
Investments		
Equity securities	186,268,535	235,655,722
Debt securities	75,496,368	68,843,598

	<b>1,424,203,271</b>	<b>1,365,880,607</b>

#### Concentration of credit risk

Concentration of risks arise when a number of financial instruments or contracts are entered into with the same counter party, or where a number of counter parties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counter parties, thereby mitigating any significant concentration of credit risk. Provision for impairment is made for doubtful receivables according to the Company's policy. The remaining past due balances were not impaired as they relate to a number of policy holders and other insurers / reinsurers for whom there is no history of default. The credit quality of the banks with which Company has balances including TDR's can be assessed with reference to external credit ratings as follows

The impairment provision is written-off when the Company expects that it cannot recover the balance due. During the year, receivables of Rs. 24.936 million (2021: Rs. 23.179 million) were impaired and provided for

**43.3.2 Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stress conditions, without incurring unacceptable losses or risking damage to the Company's reputation. In the case of the Company, the liquidity level remained on satisfactory level during the year and Company did not face any difficulty in generation of liquidity.

The following are the contractual maturities of financial liabilities including estimated interest payments on an undiscounted cash flow basis:

**Sensitivity analysis**

The risks associated with the insurance contracts are complex and subject to a number of variables which complicate quantitative sensitivity analysis. The sensitivity analysis is performed on the same basis as that of last year. The Company makes various assumptions and techniques based on past claims development experience. This includes indications such as average claims cost, ultimate claims numbers and expected loss ratios. The Company considers that the liability for insurance claims recognized in the balance sheet is adequate. However, actual experience will differ from the expected outcome.

As the company enters into short term insurance contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set out below, showing the impact on profit before tax net of reinsurance.

**43.3.3 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices of securities. This can be due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

Market risk comprises of three types of risks: price risk, interest rate risk and currency risk

**43.3.4 Price risk**

Primarily, the Company's equity investments are exposed to the price risk. Price risk is limited by the Company through diversification of its portfolio and active monitoring of capital markets.

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. The Company is exposed to equity price risk since it has investments in quoted equity securities amounting to Rs. 150/ million-(2021: 203/-)million at the balance sheet date.

The Company's strategy is to hold its strategic equity investments for long period of time. Thus, Company's management is not concerned with short term price fluctuations with respect to its strategic investments provided that the underlying business, economic and management characteristics of the investee remain favorable. The Company strives to maintain above average levels of shareholders' capital to provide a margin of safety against short term equity price volatility. The Company manages price risk by monitoring exposure in quoted equity securities and implementing strict discipline in internal risk management and investment policies.

The carrying value of investments subject to equity price risk are based on quoted market prices as of the balance sheet date and available for sale equity instruments which are stated at fair value.

Market prices are subject to fluctuation and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold. The Company has no significant concentration of price risk.

**Sensitivity analysis**

The table below summarizes company's equity price risk as of December 31, 2022 and 2021 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios, results could be worse because of the nature of equity markets.

	Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in shareholders' equity	Hypothetical increase/(decrease) in profit before tax

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**43.3.5 Interest / mark up rate risk**

Interest/mark up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest/mark up rates. Sensitivity to interest/mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The company manages these mismatches through risk management strategies.

The financial instruments of the Company can be classified into fixed rate instruments and variable rate instruments as shown below:

	2022	2021	2022	2021
	Effective interest rate (in %)		Rupees	Rupees
<b>Financial assets</b>				
Saving accounts	11% to 17.50%	3.75% to 11.00%	344,579,304	217,171,635
Deposits maturing within 12 months - Fixed rate Investments	N/A	12.50%	-	200,000,000
- Interest bearing - Fixed rate	9% to 14%	7.75% to 9.00%	75,496,368	68,843,598
			<b>420,075,672</b>	<b>486,015,233</b>

**Sensitivity analysis for fixed rate instruments**

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at reporting date would not affect profit and loss account.

**Sensitivity analysis for variable rate instruments**

An increase of 100 basis points in interest rates would have increased the profit and loss by the amounts shown below. Reduction in interest rates by 100 basis points would have an opposite impact. This analysis assumes that all variables remain constant. The analysis has been performed on the same basis for the comparative period.

	Profit before tax		Total equity	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
	Rupees			
<b>As at December 31, 2022- Sensitivity</b>	4,200,757	(4,200,757)	2,982,537	(2,982,537)
As at December 31, 2021- Sensitivity	4,860,152	(4,860,152)	3,450,708	(3,450,708)

Above sensitivities are calculated on the assumption that all factors remain constant except interest rates and resulting variation in fair values of the investments and impact on the profit and loss.

The Company monitors the interest rate environment on a regular basis and alters the portfolio mix of fixed and floating rate securities. The Company's policy requires the management to manage the risk by measuring the mismatch of the interest rate sensitivity gap of financial assets and liabilities and calculating the average duration of the portfolio of fixed interest securities. The average effective duration of the Company's portfolio is a measure of the sensitivity of the fair value of the Company's fixed interest securities to the changes in market interest rates.

The Company's policy refrains from the holding of interest bearing instruments that induce the average effective duration of the fixed interest portfolio to pass the benchmark of the average duration.

Interest rate of the Company's financial assets and financial liabilities as at December 31, 2022 can be evaluated from the note 45.

**43.3.6 Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates. The Company, at present is not materially exposed to currency risk as majority of the transactions are carried out in Pakistani rupees.

**44 CAPITAL MANAGEMENT**

The Company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefit for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debts. The Company's overall strategy remains unchanged from 2012. The company has not obtained long term finance and short term borrowings, therefore gearing ratio of the company is not applicable. In accordance with S.R.O. 89(I)/2017 of Securities and Exchange Commission of Pakistan (SECP), minimum paid up capital requirement to be complied with by Insurance Companies at the end of each year are as follows:

	2022	2021	2020
	(Rupees)		
Minimum paid up capital	500,000,000	500,000,000	500,000,000

**45 Fair value of financial instruments**

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input for which the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input for which the fair value measurement is unobservable. Carrying amount of assets measured under historical cost convention approximate their fair value. Further, fair value of certain assets measured under present value convention is not determinable. Hierarchy of fair value levels is disclosed as under.

Valuation techniques

Fair value of investments classified as held to maturity is assessed using level 2 inputs usually closing market price as per rates prescribed by Financial Market Association of Pakistan by using PKRV rates at reporting date per certificates multiplied by the number of certificates held.

Fair value of Investments at fair value through profit or loss is determined using level 1 inputs i.e., quoted market prices of listed securities / NAVs of open end mutual funds.

## Shari'ah Advisor's Report to the Board of Directors For the year ended December 31, 2022

نحمده و نصلي على رسوله الكريم اما بعد

The year 2022 was the sixth year of Asia Insurance Company Limited Window Takaful Operations, the launch of Window Takaful Operations by Asia Insurance Company Limited was a step towards promotion of a complete Islamic Economic System. This initiative was to provide Shariah Compliant Takaful facilities to those seeking shariah compliant alternatives to insurance

As Shariah Advisor of AI WTO; I confirm that:

- I have carefully reviewed all the products of AI WTO including Waqf Deed, PTF Policies, Takaful Policies and ReTakaful Agreements etc. And Alhamdulillah I have found them in accordance with Shariah Principles. Further, I confirm that the Takaful Policies issued during the year under review are in accordance with the guidelines of Shariah.
- The management of AI WTO continuously seeks advice and guidance regarding Shariah before launching any Takaful product. Furthermore, all the Takaful products are developed through consultation with the Shariah Advisor and in accordance to the guidelines provided by Shariah Advisor.
- Segregation of Window Takaful Operations is the essential part of valid Takaful contracts. I am pleased to state that AI WTO has made it a priority to separate all the Takaful Funds, Investments, Bank Accounts, Systems and other related issues from its conventional insurance business, as per requirement of Shariah. AI WTO will start full-fledged Takaful branches in the future
- For the fulfillment of the financial needs of Window Takaful Operations, Shariah Compliant Funds were arranged and the expenses of Takaful including the seed money of Waqf were made with these compliant funds.
- Training and Development is an imperative for understanding the principles of Takaful and its practical outline. For this purpose, AI WTO fulfilled its responsibility and arranged Takaful training for head office and branch staff, I hope AI WTO will continue to invest in its human capital to ensure complete compliance of Shariah principles at business and operational levels.

I am grateful to the Board of Directors of Asia Insurance Company, Management, Head of Window Takaful Operations, Divisional & Branch Heads and all relevant departments who cooperated with the Shariah Compliance function and provided every possible support to ensure Shariah Compliance in our Takaful practices.

In the end; I pray to that may Allah Almighty accept our efforts and enable us to perform our duties in the best manner. May Allah Almighty grant us success and help us at every step, keep us away from every hindrance and difficulty, and give financial success to Asia Insurance Company Ltd. (Window Takaful Operations).

“And Allah Knows Best”

## INDEPENDENT REASONABLE ASSURANCE REPORT TO THE BOARD OF DIRECTORS ON THE STATEMENT OF MANAGEMENT'S ASSESSMENT OF COMPLIANCE WITH THE TAKAFUL RULES, 2012

### Scope

We have been engaged by Asia Insurance Company Limited (the Operator) to perform a 'reasonable assurance engagement,' as defined by International Standards on Assurance Engagements, here after referred to as the engagement, to report on the management's assessment of compliance of the Window Takaful Operations (Takaful Operations) of the Operator, as set out in the annexed Statement of Compliance (the Statement) prepared by the management for the year ended December 31, 2022 (the "Report").

Other than as described in the preceding paragraph, which sets out the scope of our engagement, we did not perform assurance procedures on the remaining information included in the Report, and accordingly, we do not express an opinion on this information.

### Criteria applied by the management

In preparing the Subject Matter, the management applied the criteria in accordance with the Takaful Rules, 2012 (Criteria).

### The Management's responsibilities

The management is responsible for selecting the Criteria, and for presenting the Subject Matter in accordance with that Criteria, in all material respects. This responsibility includes establishing and maintaining internal controls, maintaining adequate records and making estimates that are relevant to the preparation of the subject matter, such that it is free from material misstatement, whether due to fraud or error.

### BDO's responsibilities

Our responsibility is to express an opinion on the presentation of the Subject Matter based on the evidence we have obtained.

We conducted our engagement in accordance with the International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information ('ISAE 3000'), and the terms of reference for this engagement as agreed with the Operator. Those standards require that we plan and perform our engagement to obtain reasonable assurance about whether, in all material respects, the Subject Matter is presented in accordance with the Criteria, and to issue a report. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risk of material misstatement, whether due to fraud or error.

We believe that the evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

### Our Independence and Quality Management

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Management 1, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

### Description of procedures performed

- We checked that all the products and policies have been approved by Shariah Advisor and observed that the Operator has developed and implemented all the policies and procedures in accordance with the Takaful Rules, 2012 and Shariah Rules and Principles as determined by Shariah Advisor.

- We checked that the assets and liabilities of Window Takaful Operations (Participants' Takaful Fund and Operator's fund) are segregated from its other assets and liabilities, at all times in accordance with the provisions of the Takaful Rules, 2012.
- We reviewed training certificates and attendance sheets to evaluate that the Operator has imparted necessary trainings and orientations to maintain the adequate level of awareness, capacity, and sensitization of the staff and management.
- We have designed and performed following verification procedures (including but not limited to) on various financial arrangements, based on judgmental and systematic samples with regard to the compliance with Takaful Rules, 2012 and Shariah Rules and Principles:
  - We obtained details of investments made and checked that all investments made in Shariah Compliant stocks as determined by Shariah Advisor;
  - We inquired regarding other investments like fixed deposits to confirm that all such contracts are executed with Islamic Financial Institutions;
  - We reviewed re-takaful and co-takaful parties along with arrangements / contracts entered into by Window Takaful Operations to assess compliance with Shariah Advisor guidelines and Takaful Rules, 2012; and
  - We re-calculated Operator's profit share and Wakala fee income to confirm that approved percentage are applied on income from investments and contribution respectively.

The procedures selected by us for the engagement depended on our judgment, including the assessment of the, risks of the Operator's material non-compliance with the Takaful Rules 2012, whether due to fraud or error. In making those risk assessments, we considered internal control relevant to the Operator's compliance with the Takaful Rules, 2012, in order to design assurance procedures that are appropriate in the circumstances but not for the purpose of expressing a conclusion as to the effectiveness of the Operator's internal control over the Takaful Operations' compliance with the Takaful Rules, 2012. A system of internal control, because of its nature, may not prevent or detect all instances of non-compliance with the Takaful Rules, 2012, and consequently cannot provide absolute assurance that the objective of compliance with the Takaful Rules, 2012 will be met. Further, projection of any evaluation of effectiveness to future periods is subject to the risk that the controls may become inadequate or fail.

In performing our audit procedures necessary guidance on Shariah matters was provided by the Shariah experts.

#### Opinion

In our opinion, the Statement of Compliance of the Takaful Operations of the Operator as of December 31, 2022 is presented, in all material respects, in accordance with Takaful Rules, 2012.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF ASIA INSURANCE COMPANY LIMITED (WINDOW TAKAFUL OPERATIONS)

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of **ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS** (the Operator), which comprise the statement of financial position as at December 31, 2022, and the profit and loss account, the statement of comprehensive income, the statement of changes in funds and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in fund and the statement of cash flows together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of Operator's affairs as at December 31, 2022 and of the profit and total comprehensive income, the changes in funds and its cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Operator in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000 and, Companies Act, 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Operator's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Operator's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Operator's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Operator's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Operator to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Operator as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in funds and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017 (XXI of 2017), and are in agreement with the books of account;
- c) investments made, expenditure incurred and guarantees extended during the period were for the purpose of the Operator's business; and;
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Imran

Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of fulfilling a contract	January 01, 2022

Certain annual improvements have also been made to a number of IFRSs.

**3.2 New accounting standards, amendments and interpretations that are not yet effective**

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	<b>Effective date (annual periods beginning on or after)</b>
Amendments to IFRS 16 'Leases' - Lease liability in a sale and leaseback	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which have not been adopted locally by the Securities and Exchange Commission of Pakistan (SECP):

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 17 Insurance Contracts

**ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

The operator expects that the adoption of the other amendments and interpretations of the standards will not have any material impact and therefore will not affect the Company's financial statements in the period of initial application.

Amendment to IFRS 4 'Insurance Contracts' - Applying IFRS 9 'Financial Instruments' with IFRS 4 addresses issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 01, 2018 onwards to remove from profit or loss account the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

The operator has determined that it is eligible for the temporary exemption option since the operator has not previously applied any version of IFRS 9, its activities are predominantly connected with insurance/takaful as the percentage of the total carrying amount of its liabilities connected with insurance relative to the total carrying amount of all its liabilities is greater than 90 percent and the Company doesn't engage in significant activities unconnected with insurance based on historical available information. Under the temporary exemption option, the Company can defer the application of IFRS 9 until the application IFRS 17.

To determine the appropriate classification of financial assets under IFRS 9, an entity would need to assess the contractual cash flows characteristics of any financial asset. Indeed, the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI") i.e. cash flows that are consistent with a basic lending arrangement. In a basic lending arrangement, consideration for the time value of money and credit risk are typically the most significant elements of interest.

IFRS 9 defines the terms "principal" as being the fair value of the financial asset at initial recognition, and the "interest" as being compensation for (i) the time value of money, and (ii) the credit risk associated with the principal amount outstanding during a particular period of time.

The tables below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:

- Financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and
- All other financial assets:

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies adopted in preparation of these financial statements are set out below. These policies have been applied consistently to all years presented.

**4.1 Property and equipment**

**4.1.1 Operating assets - Owned**

These are stated at cost less accumulated depreciation and impairment.

Depreciation on all fixed assets is charged to statement of comprehensive income on the reducing balance method so as to write off depreciable amount of an asset over its useful life at the rates stated in note. Depreciation on additions to fixed assets is charged on "number of months basis".

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate that this carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets are written down to their recoverable amount.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Operator and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to the period in which they are incurred.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

**4.2 Takaful contracts**

The Takaful contracts are based on the principles of wakala. The takaful contracts so agreed usually inspire concept of tabarru (to donate for benefit of others) and mutual sharing of losses with the overall objective of eliminating the element of uncertainty. Contracts under which the Participant Takaful Fund (PTF) accepts significant takaful risk from another party (the policy holder) by agreeing to compensate the policyholder if a specified uncertain future event (the takaful event) adversely affects the policyholder are classified as takaful contracts. Takaful risk is significant if a takaful event could cause the PTF to pay significant benefits due to the happening of the takaful event compared to its non happening. Once a contract has been classified as a takaful contract, it remains a takaful contract for the remainder of its lifetime, even if the takaful risk reduces significantly during this period, unless all rights and obligations are extinguished or expired.

The PTF underwrites non-life takaful contracts that can be categorized into fire and property, marine, aviation and transport, motor, health and miscellaneous contracts. Contracts may be concluded for a fixed term of one year, for less than one year and in some cases for more than one year. However, most of the contracts are for twelve months duration. Takaful contracts entered into by the PTF under which the contract holder is another takaful operator/ insurer of a facultative nature are included within the individual category of takaful contracts, other than those which fall under the treaty.

Fire and property damage takaful provides coverage against damages caused by fire, riot and strike, explosion, earthquake, atmospheric damage, flood, electric fluctuation and other related perils.

**ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

Marine, aviation and transport takaful provides coverage against cargo risk, terminals, damage occurred in between the points of origin and final destination and other related perils.

Motor takaful provides comprehensive car coverage, indemnity against third party loss and other related covers.

Health takaful provides basic hospital care including maternity care and outpatient care.

Miscellaneous takaful provides cover against Engineering, Health, Cash in safe, Cash in transit, ATM withdrawals snatching, Personal Accident Takaful, Workmen's Compensation Takaful, Terrorism Takaful, Third party liability Takaful, Plate Glass Takaful and Home Takaful.

**4.3 Deferred commission expense**

Commission expenses and other acquisition costs are spread over the tenure of the contract, it is calculated by applying 1/24 method in accordance with the provisions of the Insurance Accounting Regulations, 2017 and General Takaful Accounting Regulations, 2019. Rebate from re-takaful is spread over the tenure of the contract ceded, it is calculated by applying 1/24 method in accordance with the provisions of the Insurance Accounting Regulations, 2017 and General Takaful Accounting Regulations, 2019. The deferred commission expense and other acquisition costs and unearned portion of rebate from re-takaful is set aside as a reserve. Such reserve is calculated by applying 1/24 method in accordance with the provisions of the Insurance Accounting Regulations, 2017 and General Takaful Accounting Regulations, 2019.

**4.4 Reserve for Unearned contribution**

The unearned portion of contribution written net of wakala is set aside as a reserve and is recognized as a liability. The reserve for unearned contribution is calculated by applying 1/24 method in accordance with the provisions of the Insurance Accounting Regulations, 2017 and General Takaful Accounting Regulations, 2019.

**4.5 Contribution deficiency reserve**

According to the requirements of the Insurance Rules, 2017 and General Takaful Accounting Regulations, 2019, a contribution deficiency reserve needs to be created where the unearned contribution for any class of business is not sufficient to cover the liability after re-takaful from claims, and other supplementary expenses expected to be incurred after the statement of financial position date in respect of the policies in that class of business. Any movement in the reserve is to be charged to the statement of comprehensive income.

For this purpose, loss ratios for each class, excluding health are estimated based on historical claim development. Judgment is used in assessing the extent to which past trends may not apply in future or the effects of one-off claims. If these ratios are adverse, contribution deficiency is determined. The liability of contribution deficiency in relation to Health Takaful is calculated in accordance with the advice of actuary.

As at year end, a provision is created in respect of contribution deficiency reserve for those classes of business where it is estimated that the unearned contribution for that class will not be sufficient to provide for the expected losses and expenses attributable to the unexpired periods of policies in force at the statement of financial position date.

**4.6 Re-takaful contracts held**

The operator cedes rataakaful in normal course of business for the purpose of limiting its net loss potential through the diversification of its risks. Assets, liabilities and income and expense arising from ceded retakaful contracts are presented separately from assets, liabilities, income and expense from the related takaful contract because the retakaful arrangements do not relieve the PTF from its direct obligation to its policyholder.

**4.7 Re-takaful ceded**

The Operator enters in to retakaful contracts in the normal course of business in order to limit the potential for losses arising from certain exposures. Outward retakaful contributions are accounted for in the same period as the related contribution for the direct or accepted retakaful business.

Retakaful liabilities represent balance due to retakaful companies. Amounts payable are estimated in a manner consistent with the related retakaful contract. Retakaful assets represent balances due from retakaful companies. Amounts recoverable from retakaful are estimated in a manner consistent with the provisions for outstanding claims or settled claims associated with the retakaful policies and are in accordance with the related retakaful contract.

**ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

Retakaful assets are not offset against related takaful liabilities. Income or expenses from retakaful contracts are not offset against expenses or income from related takaful assets.

Retakaful assets or liabilities are derecognized when the contractual rights are extinguished or expired.

The Operator assesses its retakaful assets for impairment on statement of financial position date. If there is objective evidence that retakaful assets are impaired, the Operator reduces the carrying amount of the retakaful assets to its recoverable amount and recognizes that impairment loss in the statement of comprehensive income.

#### **4.8 Receivables due to / from retakaful operators**

Receivables and payables related to takaful contracts are recognized when due at cost which is the fair value of the consideration given less provision for impairment, if any.

##### **4.8.1 Takaful / Re-takaful receivables**

Contributions due from takaful / retakaful represents the amount due from participants and other takaful insurers on account of takaful contracts. These are recognized at cost, which is the fair value of the contribution to be received less provision for impairment, if any.

##### **4.8.2 Retakaful recoveries against outstanding claims**

Claims recoveries recoverable from the retakaful operators are recognized as an asset at the same time as the claims which gives rise to the right of recovery are recognized as a liability and are measured at the amount expected to be received.

#### **4.9 Segment reporting**

A business segment is a distinguishable component of the Operator that is engaged in providing services that are subject to risks and returns that are different from those of other business segments. The Operator accounts for segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000, General Takaful Accounting Regulations, 2019 and the Insurance Accounting Regulations, 2017 as the primary reporting format.

Based on its classification of takaful contracts issued, the Operator has four primary business segments for reporting purposes namely fire, marine, motor and miscellaneous. The nature and business activities of these segments are disclosed in respective notes to the Financial Statements.

Assets and liabilities are allocated to particular segments on the basis of contribution written. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities. Depreciation and amortization are allocated to a particular segment on the basis of contribution written.

#### **4.10 Financial instruments**

Financial assets and financial liabilities within the scope of IAS - 39 are recognized at the time when the Operator becomes a party to the contractual provisions of the instrument and de-recognized when the Operator loses control of contractual rights that comprise the financial assets and in the case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognizing of the financial assets and financial liabilities is included in the statement of comprehensive income for the year.

Financial instruments carried on the statement of financial position include cash and bank deposits, investments, takaful / re-takaful receivables, loan and other receivables, contribution and claim reserves detained by cedants, retakaful recoveries against outstanding claims, provision for outstanding claims, takaful / re-takaful payable, other creditors and accruals, liabilities against assets subject to finance lease.

#### **4.11 Cash and cash equivalents**

Cash and cash equivalents are carried in the statement of financial position at cost. For the purposes of cash flow statement, cash and cash equivalents comprise cash, cheques, pay orders, demand drafts and balances with banks.

ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022

**4.12 Revenue recognition**

**a) Contribution - PTF**

Contribution income under a policy is recognized over the period of takaful net off wakala fee. Administrative surcharge recovered from insurer is recognized as part of contribution in the case of co-takaful policies (Leader Follower Case) on proportionate basis.

**Wakala fee - OPF**

The operator manages the general takaful operations for the participants and charges 40% on gross contribution for all classes as wakala fee against the services. Wakala fee is recognized on the same basis as the related revenue is recognized. Unexpired portion of wakala fee is recognized as a liability of OPF and an asset of PTF.

**b) Commission Income-PTF**

Rebate from retakaful operators is recognized at the time of issuance of the underlying takaful policy by the operator. This income is deferred and brought to account as revenue in accordance with the pattern of recognition of the retakaful contribution to which it relates.

**c) Investment Income - PTF / OPF**

Profit on Islamic investment products is recognized on accrual basis.

**d) Dividend Income - PTF / OPF**

Dividend income is recognized when the right to receive the dividend is established.

**4.13 Investments**

**a) In equity securities**

**Available for sale**

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity or changes in interest rates etc. are classified as available for sale.

Subsequent to initial recognition at cost including the transaction cost, these are measured at fair value. Changes in fair value are recognized as other comprehensive income until the investment is derecognized or impaired. Gains and losses on derecognition and impairment losses are recognized in statement of comprehensive income.

Return on fixed income securities classified as available for sale is recognized on a time proportion basis.

**Held for trading**

Investments which are acquired with the intention to trade by taking advantage of short term market / interest rate movements are considered as held for trading. After initial recognition, these are measured at fair values with any resulting gains or losses recognized directly in the statement of comprehensive income.

**b) In debt securities**

**Held to maturity**

These are securities with fixed or determinable payments and fixed maturity that the Operator's has a positive intent and ability to hold to maturity. These are initially measured at cost including acquisition charges associated with the investments. Subsequent to initial recognition, these investments are measured at amortized cost less any accumulated impairment losses. Amortized cost is calculated taking into account any discount or premium on acquisition by using the effective yield method. These are reviewed for impairment and any losses arising from impairment in values are charged to the statement of comprehensive income.

**Held for trading**

Investments which are acquired with the intention to trade by taking advantage of short term market / interest rate movements are considered as held for trading. After initial recognition, these are measured at fair values with any resulting gains or losses recognized directly in the statement of comprehensive income.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**c) In term deposits**

**Held to maturity**

These are securities with fixed or determinable payments and fixed maturity that the Operator's has a positive intent and ability to hold to maturity. These are initially measured at cost including acquisition charges associated with the investments. Subsequent to initial recognition, these investments are measured at amortized cost less any accumulated impairment losses. Amortized cost is calculated taking into account any discount or premium on acquisition by using the effective yield method. These are reviewed for impairment and any losses arising from impairment in values are charged to the statement of comprehensive income.

**4.14 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Operator intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

**4.15 Provisions**

Claims include all claims occurring during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries and any adjustments to claims outstanding from previous years.

The Operator recognizes liability in respect of all claims incurred up to the balance sheet date which is measured at the undiscounted value of the expected future payments. The claims are considered to be incurred at the time of incident giving rise to the claims except as otherwise expressly indicated in an insurance contract. The liability for claims include amounts relating to unpaid reported claims, claims Incurred But Not Reported (IBNR) and expected claims settlement costs.

Provision for liability in respect of claims reported but not settled at the balance sheet date is made on the basis of individual case estimates. The case estimates are based on the assessed amounts of individual losses and where loss assessments have not been carried out, the estimates are established in light of currently available information, past experience of similar claims and in some cases in relation to the sums insured. Case estimates are reviewed periodically to ensure that the recognized outstanding claim amounts are adequate to cover expected future payments including expected claims settlement costs and are updated as and when new information becomes available.

The provision for claims incurred but not reported (IBNR) is consistently made at the balance sheet date in accordance with the SECP Circular no. 9 of 2016. IBNR claim have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) Method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level. Provision for IBNR is based on the management best estimate.

As a general policy of the Operator, being followed consistently over the years, no provision of claims has been made where the quantum of loss is unknown.

**4.16 Staff retirement benefits**

**Defined contribution plan**

The Company operates a funded Provident Fund Scheme for its employees and contributions are made monthly equal to employees contribution @ 8.33% (2021: 8.33%) of basic salary and cost of living allowance if any.

**4.17 Impairment of assets**

The carrying amount of assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment of any asset or group of assets. If such indication exists, the recoverable amount of the asset is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in statement of comprehensive income.

**ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

Where impairment loss subsequently reverses, the carrying amounts of the assets are increased to the revised recoverable amounts but limited to the carrying amounts that would have been determined had no impairment loss been recognized for the assets in prior years. A reversal of an impairment loss is recognized immediately in statement of comprehensive income.

In addition, impairment on available for sale investments and retakaful assets are recognized as follows:

**i) Available for sale**

The operator determines that available for sale equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolonged requires judgment. In making this judgment, the operator evaluates among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

**ii) Re-takaful assets**

The operator determines the impairment of the re-takaful assets by looking at objective evidence, as a result of an event that occurred after initial recognition of the re-takaful assets, which indicates that the operator may not be able to recover amount due from re-takaful under the terms of re-takaful contract. In addition the operator also monitors the financial ratings of its re-takaful operators on each reporting date.

**4.18 Management expenses**

**4.18.1 Direct expense**

Expenses allocated to the "PTF" represents directly attributable expenses. Expenses not directly allocable to "PTF" are charged to Operator's Fund.

**4.18.2 Management expense**

Expenses not allocable to the underwriting business are charged as management expenses. Management expenses of takaful business are allocated to revenue account of operator as per requirements of Takaful Rules, 2012.

**4.18.3 Claims expense**

General takaful claims include all claims occurring during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years.

**4.19 Creditors, accruals and provisions**

Liabilities for creditors and other amounts payable are carried at cost which is fair value of the consideration to be paid in future for goods and / or services received, whether or not billed to the Operator.

Provisions are recognized when the Operator has a present legal or constructive obligation as a result of past events, it is probable that an out flow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

**4.20 Foreign currency transactions and translations**

Foreign currency transactions are translated into Pak Rupees (functional currency) using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at the statement of financial position date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of comprehensive income.

**4.21 Takaful surplus**

Takaful surplus attributable to the participants is calculated after charging all direct cost and setting aside various reserves and charity. Allocation to participants, if applicable, is made after deducting the claims paid to them during the year. Further, surplus will be distributed to participants after payment of qard-e-hasna to operator .

**ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

**4.22 Zakat**

Zakat on investment income is accounted for in the year of deduction, under Zakat & Ushr Ordinance, 1980.

**4.23 Qard-e-hasna**

Qard-e-hasna is provided by Operators' Fund (OPF) to Participants' Takaful Fund (PTF) in case of deficit in Participants' Takaful Fund (PTF).

**4.24 Related party transactions**

Party is said to be related if they are able to influence the operating and financial decisions of the Operator and vice versa. The Operator in the normal course of business carries out transactions with related parties. Transactions with related parties are priced at comparable uncontrolled market price and are carried out at arm's length prices.

**5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS**

The preparation of financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Operator's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. The areas involving a higher degree of judgment or complexity or areas where assumptions and estimates are significant to the financial statements are as follows:

- a) Useful lives and residual value of property and equipment (Note 4.1)
- b) Reserve for Unearned contribution. (Note 4.4)
- c) Contribution deficiency reserve. (Note 4.5)
- d) Classification of investments. (Note 4.13)
- e) Outstanding claims including IBNR. (Note 4.15)

Other areas involving estimates and judgments are disclosed in respective notes to the financial statements.

# ASIA INSURANCE COMPANY LIMITED - WINDOW TAKAFUL OPERATIONS

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2022

#### 30 MOVEMENT IN INVESTMENTS

There is no investment during the year, therefore, no movement has been prepared for investments.

#### 31 CAPITAL MANAGEMENT

The objectives, policies and processes for managing capital of the Operator are as follows:

- to be an appropriately capitalized institution, as defined by regulatory authorities and comparable to the peers;
- maintain strong rating and to protect the Operator against unexpected events;
- availability of adequate capital at reasonable cost so as to enable the Operator to expand; and
- achieve low cost of capital with appropriate mix of capital elements.

#### 32 Management of takaful risk and financial risk

The operator is exposed to a variety of financial risks: credit risk, liquidity risk, market risk (comprising currency risk, interest rate risk and other price risk) that could result in a reduction in operator's net assets or a reduction in the profits. The operator's overall risk management program focuses on unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall risks arising from the operator's financial assets and liabilities are limited. The operator consistently manages its exposure to financial risks without any material change from previous year in the manner described in the notes below. The Board of Directors has the overall responsibility for the establishment and oversight of operator's risk management framework. The Board is also responsible for developing and monitoring the operator's risk management policy.

##### 32.1 Takaful risks

###### 32.1.1 Takaful risk

The company accepts the takaful risk through its takaful contracts where it assumes the risk of loss from persons or organizations that are directly subject to the underlying loss. The company is exposed to the uncertainty surrounding the timing, frequency and severity of claims under these contracts.

The company manages its risk via its underwriting and retakaful strategy within an overall risk management framework. Exposures are managed by having documented underwriting limits and criteria. Retakaful is purchased to mitigate the effect of potential loss to the company from individual large or catastrophic events and also to provide access to specialist risks and to assist in managing capital. Retakaful policies are written with approved reinsurers on either a proportional or excess of loss treaty basis.

A concentration of risk may also arise from a single takaful contract issued to a particular demographic type of policy holder, within a geographical location or to types of commercial business. The company minimizes its exposure to significant losses by obtaining retakaful from a number of retakaful operators, who are dispersed over several geographical regions.

###### Geographical concentration of takaful risk

To optimize benefits from the principle of average and law of large numbers, geographical spread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risks with reference to the geographical location, the most important of which is risk survey.

Risk surveys are carried out on a regular basis for the evaluation of physical hazards associated with the commercial/industrial/residential occupation of the insurers. Details regarding the fire separation/segregation with respect to the manufacturing processes, storage, utilities etc. are extracted from the layout plan of the insured facility. Such details form part of the reports which are made available to the underwriters/retakaful personnel for their evaluation. Reference is made to the standard construction specifications as laid down by IAP (Insurance Association of Pakistan) for instance, the presence of Perfect Party Walls, Double Fire Proof Iron Doors, physical separation between the buildings within an insured's premises. It is basically that the property contained within an area which is separated by another property by sufficient distance to confine insured damage from uncontrolled fire and explosion under the most adverse conditions to that one area.

Address look up and geocoding is the essential field of the policy data interphase of IT systems. It provides instant location which is dependent on data collection provided under the policy schedule. All critical underwriting information is punched into the IT system/application through which a number of MIS reports can be generated to assess the concentration of risk.

For Marine risk, complete underwriting details, besides sums covered and contribution, like vessel identification, voyage input (sea/air/inland transit), sailing dates, origin and destination of the shipments, per carry limits etc. are fed into the IT system. The retakaful module of the IT system is designed to satisfy the requirements as laid down in the proportional treaty agreement. Shipment declarations are also endorsed on the policies. Respective retakaful cessions are automatically made upon the posting of policy documents.

###### 32.1.2 Retakaful arrangements

Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and non proportional retakaful arrangements are in place to protect the net account in case of a major catastrophe. Apart from the adequate event limit which is a multiple of the treaty capacity or the primary recovery from the proportional treaty, any loss over and above the said limit would be recovered from the non proportional treaty which is very much in line with the risk management philosophy of the Company.

In compliance with the regulatory requirement, the retakaful agreements are duly submitted with Securities and Exchange Commission of Pakistan on an annual basis.

The concentration of risk by type of contracts is summarized below by reference to liabilities.

**32.1.3 Uncertainty in the estimation of future claims payment**

Claims on general takaful contracts are payable on a claim occurrence basis. The operator is liable for all insured events that occur during the term of the takaful contract.

An estimated amount of the claim is recorded immediately on intimation to the Company. The estimation of the amount is based on the amount notified by the policy holder, management or preliminary assessment by the independent surveyor appointed for this purpose. The initial estimates include expected settlement cost of the claims. Incurred But Not Reported (IBNR) claims have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) Method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level. IBNR for all classes is determined and recognized in accordance with valuation carried out by an appointed actuary which is also based on Chain Ladder (CL) method.

There are several variable factors which affect the amount and timing of recognized claim liabilities. However, the management considers that uncertainty about the amount and timing of claim payments is generally resolved within a year. The operator takes all reasonable measures to mitigate the factors affecting the amount and timing of claim settlements. However, uncertainty prevails with estimated claim liabilities and it is likely that final settlement of these liabilities may be different from recognized amounts.

**32.1.4 Key assumptions**

The principal assumption underlying the liability estimation of IBNR and contribution deficiency reserve is that the operator's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc.

**32.1.5 Sensitivity analysis**

The risks associated with the takaful contracts are complex and subject to a number of variables which complicate quantitative sensitivity analysis. The sensitivity analysis is performed on the same basis as that of last year. The Company makes various assumptions and techniques based on past claims development experience. This includes indications such as average claims cost, ultimate claims numbers and expected loss ratios. The Company considers that the liability for takaful claims recognized in the statement of financial position is adequate. However, actual experience will differ from the expected outcome.

As the company enters into short term takaful contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set out below, showing the impact on profit before tax net of retakaful.

	Pre tax Profit		Participants' Takaful Fund	
	2022	2021	2022	2021
	Rupees			
<b>10% decrease in profit</b>				
Fire and property damage	(374,376)	(1,184,858)	(374,376)	(1,184,858)
Marine aviation and transport	(48,344)	(108,598)	(48,344)	(108,598)

	<b>(2,839,415)</b>	<b>(2,548,903)</b>	<b>(2,839,415)</b>	<b>(2,548,903)</b>

10% increase in loss would have the same but opposite impact on above analysis.

**32.2 Credit risk and concentration of credit risk**

Credit risk is the risk, which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counterparties in various industries and by continually assessing the credit worthiness of counterparties.

Concentration of credit risk arises when a number of counterparties have a similar type of business activities. As a result, any change in economic, political or other conditions would affect their ability to meet contractual obligations in similar manner. The Company's credit risk exposure is not significantly different from that reflected in the financial statements. The management monitors and limits the Company's exposure to credit risk through monitoring of clients exposure and conservative estimates of provision for doubtful assets, if any. The management is of the view that it is not exposed to the significant concentration of credit risk as its financial assets are adequately diversified in entities of sound financial standing, covering various industrial sectors.

The carrying amount of financial assets represents the maximum credit exposure, as specified below:

**FOR THE YEAR ENDED DECEMBER 31, 2022**

**32.3 Liquidity risk**

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities. The Company finances its operations through equity and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Please refer to note 33 for liquidity risk schedule.

**32.4 Market risk**

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The market risks associated with the Company's business activities are interest/mark up rate risk and price risk. The Company is not exposed to material currency risk.

**a) Interest/mark up rate risk**

Interest/mark up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest/mark up rates. Sensitivity to interest/mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The company manages these mismatches through risk management strategies.

At the statement of financial position date, the interest rate profile of the Company's significant interest bearing financial instruments is as follows:

Financial assets	2022	2021	2022	2021
	Effective interest rate (in %)		Rupees	Rupees
Saving accounts	7 to 10.40%	2.80 to 6%	117,873,110	97,586,034
			<b>117,873,110</b>	<b>97,586,034</b>

**Sensitivity analysis**

For cash flow sensitivity analysis of variable rate instruments a hypothetical change of 100 basis points in interest rates at the reporting date would have decreased/(increased) profit for the year by the amounts shown below.

	2022	2021
	Rupees	Rupees
Cash flow sensitivity - Variable rate financial assets	1,178,731	975,860

It is assumed, for the purpose of sensitivity analysis, that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details. The analysis assumes that all other variables remain constant.

**b) Price risk**

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. The Company is not exposed to equity price risk since it has no significant investments in quoted equity securities at the statement of financial position date. The Company is exposed to equity price risk since it has investments in quoted equity securities amounting to Rs. Nil/- (2021: Nil/-) at the statement of financial position date.

The Company's strategy is to hold its strategic equity investments for long period of time. Thus, Company's management is not concerned with short term price fluctuations with respect to its strategic investments provided that the underlying business, economic and management characteristics of the investee remain favorable. The Company strives to maintain above average levels of shareholders' capital to provide a margin of safety against short term equity price volatility. The Company manages price risk by monitoring exposure in quoted equity securities and implementing strict discipline in internal risk management and investment policies.

The carrying value of investments subject to equity price risk are based on quoted market prices as of the statement of financial position date and available for sale equity instruments which are based on quoted market prices as of the statement of financial position date in accordance with the requirements of the Insurance Accounting Rules and Regulations issued by the Securities and Exchange Commission of Pakistan (SECP), dated February 09, 2017.

Market prices are subject to fluctuation and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold. The Company has no significant concentration of price risk.

**Sensitivity analysis**

The table below summarizes company's equity price risk as of December 31, 2022 and December 31, 2021 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios, results could be worse because of the nature of equity markets.

Equity investments have been measured at fair values as required by IAS 39 "Financial Instruments: Recognition and Measurement", the impact of hypothetical change would be as follows:

	Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in shareholders' equity	Hypothetical increase/(decrease) in profit before tax
2022		10% increase	-	-	-
		10% decrease	-	-	-

35 Fair value of financial instruments

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted market price (unadjusted) in active market for identical instrument.

Level 2: Valuation techniques based on observable inputs either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Valuation techniques using significant unobservable inputs.
