HOW WE **PERFORM**

CHAIRMAN'S REVIEW

The year 2022 posed numerous challenges to the economy, which still continues to face inflationary and external sector pressures due to unprecedented rupee devaluation. Moreover, the country was severely hit by floods in the second half of the year, leaving millions with shortage of food, water and shelter.

The Bank faced another challenging year amongst these macroeconomic difficulties. Our core customer base, emerging from the marginalized sect of the populous, were hit hardest by prevailing economic conditions. A tough working environment combined with the devastating effects of floods led the Bank to record losses after tax of PKR. 4,489 Million during the year.

Despite the current year loss, I am confident that management has the capacity to turnaround these results. A multifaceted business plan will be implemented to improve the financial and operational position of the Bank. Going forward our main focus will be to strengthen portfolio health with an emphasis on strong recovery and secured lending. The Bank remains steadfast to continue its mission of poverty alleviation through provision of low-cost financing services to the poor and unbanked sect of the society. On behalf of the Board of Director's as well as the sponsors, I would like to reiterate our commitment to the Bank. We are entirely dedicated to revive the Bank's operations via continued support and guidance. The

Bank's Board is composed of highly educated and experienced individuals who are effectively performing their statutory duty. All decisions made by the Board are mutual, objective and in the best interests of the organization. I believe that the strategic vision and unwavering focus of the Board will successfully lead the Bank through these challenging times.

The Board has constituted committees for oversight of all key areas of the Bank. The terms of reference of these committees have been clearly defined by the Board which include periodic review of all significant policies in order to ensure financial and operational continuity and improvement. The Board and its committees met regularly during the year for due deliberation on all important matters and provided their oversight.

Lastly, on behalf of the Board of Directors, I would like to pay my gratitude to our shareholders and customers for their continued trust in our Bank. I would also like to thank the State Bank of Pakistan, the Securities and Exchange Commission of Pakistan and other regulatory bodies for their guidance and support.

Sincerely,

Mian Muhammad Akram Shahid

PRESIDENT / CEO'S MESSAGE

2022 remained a year with mixed bucket of challenges across the globe. The International economy remained under shadowed due to high inflation rise as the global commodity prices increases which further impacted on our domestic economy too in the shape of high inflation, Rupee devaluation, & resultantly ensuing a rise in policy rate by the SBP.

Covid-19 has left devastating effects on the entire Microfinance industry. The Bank's borrower base, which mainly consists of members of the marginalized sect of our community, has faced the worst impact of this prolonged pandemic. This has resulted in negative effects on recovery and squeezed profit margins too.

Following 2021, 2022 also remained a year for consolidation. Addressing the aftershocks of covid-19 & high inflation causing the challenges on borrowers ability to repay timely, the Bank continued its strategy of focusing on secured lending and shifting its advances portfolio from unsecured to secured. The deployment & continuity of strategy by making fresh disbursement in the secured segment continued in 2022. Accordingly, there has been a visible shift in the overall portfolio mix of secured vs unsecured advances.

The Board has continued to perform role statutory role during the unparalleled time to COVID-19 Pandemic. The Board's oversight

and guidance have been the major contributing factor to the bank's ongoing success.

We remain focused and devoted to accomplishing our goals by serving the unbanked/less privileged segment of Pakistan. Our focus is not only to increase the Bank's outreach at the pricings but also to safeguard the interests of our depositors. We consistently Pursue to empower our clients by providing them financial service and thereby support the national duty of financial inclusion.

Our employees are our Asset. Our belief and confidence in them is further strengthened when they address head-on, the ongoing challenges facing the Bank. We have full faith that they will remain dedicated, focused and strong willed to overcome these challenging situations and lead the bank towards a brighter future.

I would like to acknowledge the leadership of our Chairman, and Board of directors for their confidence and trust. I am grateful to our shareholders who continued to show their trust in the Bank.

I would also like to thank the State Bank of Pakistan, Securities & Exchange Commission of Pakistan & other regulatory bodies for their guidance & support.

DIRECTORS' REPORT TO THE MEMBERS

The Directors of the Apna Microfinance Bank Limited (hereinafter referred to as 'the Bank') are pleased to present their report together with the Audited Financial statements and Auditors' Report thereon for the year ended December 31st, 2022.

Economic Overview:

The global economy continues to struggle with major world economies registering slow growth amidst high inflation. Supply chain disruptions caused by the Russia-Ukraine conflict have also contributed to a sharp deceleration in global economic activity.

On the domestic front, the country continues to face socio economic uncertainty and turmoil. Economic conditions have worsened due to record breaking inflation and continuous monetary tightening. In the meeting of the Monetary Policy Committee held on April 4, 2023, the SBP raised the policy rate by another 100 basis points to 21% citing persistent inflationary pressures. The benchmark interest rate has been steeply raised by 500 basis points (from 16.00% to 21.00%) during the ongoing year with the aim of combating high inflation and unlocking the IMF funding.

In Year 2022, the country witnessed one of its worst floods which displaced millions and resulted in largescale damage to crops and livestock. The devastating effects of these floods have added to the rising food and commodity prices within the country and placed further inflationary pressure on the already struggling economy.

The past year saw PKR depreciate rapidly against the USD, marking the currency's highest devaluation in the last 5 years. The weak balance of payment situation of the country remained the primary reason behind this depreciation.

The prevailing economic conditions in Pakistan continue to pose significant challenges for all sectors, including the Microfinance industry. Political instability and dwindling foreign exchange reserves have contributed to this difficult environment.

Principal Activity, Developments and Financial Performance

The Bank was incorporated as a public limited bank and its shares are listed on Pakistan Stock Exchange Limited. The Bank's principal business is to provide microfinance banking and related services to the poor and underserved segment of the society with a view to alleviate poverty under the Microfinance Institutions Ordinance, 2001.

The main contributor of this loss is the provision charge amounting to PKR. 3,535 million during the year. This provision pertains to portfolio that was classified during the year 2022 owing to adverse economic conditions instigated by Covid-19 outbreak in the past periods. Consequently, the advances - net of provision stood at PKR. 8,354 million as on December 31st, 2022, compared to PKR. 11,505 million at the close of the corresponding period, registering a decrease of 27%. DIRECTORS' REPORT TO THE MEMBERS

The management has devised and implemented a recovery and restructuring strategy regarding this portfolio. and has succeeded in recovering a substantial amount of non-performing advances. The management is hopeful of further recoveries in the future which will result in reversal of provision and improved financial position of the Bank.

The Bank's deposit base has increased to PKR. 22,606 million in December 2022 from PKR. 22,083 million as at December 31st, 2021. Mark-up/return/interest expensed has increased by 10%, corresponding to the increase in policy rates by the SBP.

Principal Risks and Uncertainties

The Directors of the Bank consider the following as key risks:

- **Interest Rate Risk:** Interest rates have risen significantly over the last year. The relationship between the prevailing policy rates and the Bank's interest spread will threaten the overall profitability of the Bank.

Oversight on the Bank's tolerance to interest rate risk is kept through "Asset & Liability Committee – (ALCO)" which periodically monitors and determines the rates of lending and deposit products offered by the Bank.

- **Credit Risk:** The risk associated with default by customers is a significant threat to the Bank. Driven by the motivation of increasing market share, a large growth in financing is prevailing in the sector, a hefty portion of which is unsecured. The macro economic trends such as inflation, recession and currency devaluation will incapacitate the borrowers to pay back their dues leading to increased losses to the Bank.

As part of a redefined lending strategy, the management has completely revamped its credit control procedures during the past periods. The management is fully committed to maintain a healthy credit portfolio by ensuring that all credit risks are completely covered.

- **Retention of Qualified Staff:** The importance of human capital is globally recognized. The Microfinance sector is continuously facing increasing competition owing to which the retention of qualified and skilled staff is a challenge.

The management is committed to provide the right work environment which allows our employees to excel. The aim is to promote a culture of growth which not only rewards competence but also permits the work force to evolve.

- **Technology Risk:** The risk that the Bank may be unable to cope up with new advancements in Information Technology (IT) is quite inherent on part of better service provision to customers. The increasing competition and the dynamic needs of clients increase the importance of keeping up with technology advancements in order to provide successful solutions to the user base. Lack of innovation and progressive development in this sector may lead to loss of future business to competitors. Another aspect of this risk is the loss to the Bank from disruption to its electronic systems.

The Bank has updated its IT system during the year to incorporate state of the art technological advancements in internet and mobile banking. Additionally, the system audit department regularly monitors, highlights and reports any unusual instances and weaknesses to the Bank's Information system.

- **Compliance and Regulation Risk:** The risk of legal or regulatory sanctions, material functional loss, a bank might suffer as a result of its failure to comply with laws, regulations and codes of conduct applicable to its banking activities.

To mitigate the said risk the compliance division is responsible for ensuring the Bank's timely compliance with applicable guidelines and directives issued by regulatory bodies.

- **Liquidity Risk:** The risk that the Bank may be unable to meet its contractual obligations in a timely manner due to a lack of funds.

The management performs periodic reviews of available liquidity. Funds are constantly monitored to maintain at optimal liquidity levels. The Bank also maintains a substantial portfolio of highly liquid government securities that can be realized in the event of liquidity stress.

DIRECTORS' REPORT TO THE MEMBERS

- **Information Security Risk:** It is the risk of damage that may be caused by internal or external threats, such as un-authorized access to critical –financial data, sensitive customer information, non-availability of critical services, impersonating clients and theft or alteration of information, while performing financial transactions, and loss of the Bank's sensitive electronic data and IT systems.

To mitigate the said risk IT Security Risk Management Unit caters to the regulatory requirements for IT Security Risk Management, maintains the framework that enables the Bank's Management and staff to mitigate IT security risks to acceptable levels.

- **Reputational Risk:** A loss that may arise by an activity, action, or stance taken by the Bank, any of its affiliates, or its officials that can impair its image with one or more of its stakeholders resulting in loss of business and/or decrease in the value of the Bank's shares.

To mitigate the reputational risks various departments within the Bank, assess reputational risk associated with the Bank's activities in order to safeguard the Bank's interests at all times.

- **Environmental Risk:** Actual or potential threats of adverse effects on the environment and living organism by effluents, emissions, wastes, chemical releases, resource depletion, etc., arising out of the Bank or its clients' operational activities.

The Bank is endeavoring internally as well as externally to cater and mitigate the impact of the aforesaid risks and uncertainties.

Uncertainties That Could Affect the Bank's Resource, Revenues and Operations

Factors that may potentially affect the Bank's resource, revenues and operations are:

- Capital injection;
- Decisions on Discount Rate / Monetary policy;
- Revisions to rate of returns on deposits;
- Geo-Political risks and uncertainties across the geography that we operate in;
- Law and Order situation;
- Local Government rules and regulations;
- Inflation, fuel and general commodity prices; and
- Corporate taxation measures.

Future Outlook

The Bank has incurred loss for the year amounting to Rs. 4,489 million and as at year end, its accumulated loss was Rs. 7,379 million. This has resulted in negative net assets of Rs. 4,047 million. The Bank is facing problems in recovery of unsecured non-performing advances which includes non-performing advances of Rs. 3,477 million against which provision is being made in a phased manner. The Bank has been non-compliant with Minimum Capital Requirements (MCR) and Capital Adequacy Ratio (CAR) requirements of Prudential Regulations for Microfinance Banks, 2014. There has been material uncertainty related to events and conditions which may cast significant doubt about the Bank's ability to continue as a going concern and, therefore the Bank may not be able to realize its assets and discharge its liabilities in the normal course of business.

The management has developed and is implementing a multi-faceted plan to overcome the financial and operational difficulties faced by the Bank. The plan is feasible and its implementation will result in addressing the adverse factors being faced by the Bank. Some salient features of the plan are discussed below:

- The Sponsors have injected capital and share deposit money of Rs. 350.39 million (2021: Rs. 350.39 million) is still available against which shares will be issued in due course. Further capital will be injected by current sponsors / potential sponsors if needed to meet the obligations of the Bank on their respective due dates, subject to approval of State Bank of Pakistan (SBP). The sponsors have undertaken to continue their support to the Bank.
- The Bank is putting efforts to recover the non-performing advances and is hopeful that these advances will be recovered substantially. The delay in recovery of non-performing advances is owing to the adverse economic conditions post Covid-19 which are beyond the control of the borrowers. The amount of non-performing advances is reduced by the amounts recovered since their classification and by the amount recovered subsequently. The Bank has made substantial provision against the non-performing loans during the

DIRECTORS' REPORT TO THE MEMBERS

year and full provision will be made by March 31, 2023, therefore, quantum of provision against advances in future periods is not expected to be significant. Further recovery of the classified portfolio will result in reversal of such provision and hence will result in the improvement of the financial position of the Bank in the ensuing years.

- The Bank is converting its advances portfolio from unsecured to secured portfolio which is reflected in Note 8.1 to the financial statements. The Bank is utilizing the proceeds of further issue of capital and recovery of non-performing advances to enhance its secured portfolio by advancing more secured advances to increase its income and profitability.
- The management of the Bank is also making efforts to limit its administrative and operating expenses without, however, affecting the operational efficiency of the Bank.

In view of the above, the management believes that the financial and operational condition of the Bank will improve in due course and in case of business combination, the financial position and financial performance of the combined entity will become good, therefore the operations of the Bank will continue and the Bank will be able to continue as a going concern.

The management realizes the importance of digital banking services in today's banking environment. Over the past years the Bank had established internet banking and mobile banking to increase its outreach and cater for the unbanked population. The first phase of this digitization process has already been completed. The next phase of our digital transformation will include the following after complying with regulatory requirements;

- Branchless banking services such as "Merchant Portal" and "Mobile Wallets"
- Issuance of Multiple schemes & Types of payments cards
- Point of Sale (POS)/ Acquiring Business
- Digitally quick Customer on boarding

This digitization initiative will not only promote a culture of social distancing but also expand the Bank's outreach while bringing down operational and branch level costs. Our vision is to build a technology powerhouse which caters to the needs of the payments industry and enhances the businesses of the Bank.

The microfinance sector of Pakistan is recognized as a key player in the banking industry. The Bank is striving to provide financial services to the unbanked segment of the population while catering to high demands of customers.

By using the current technology platform, the Bank is going to create different ways of doing business to drive growth in new and existing markets. The Bank is focusing on the following major streams to generate more revenue and strengthen customer base and relationship after complying with regulatory requirements.

i. Branchless Banking Framework

By introducing the branchless banking, we can increase the reach of customer without spreading physically. This would not only increase customer base but will generate the revenue streams on all the transactions done through branchless banking agents.

ii. Issuance of Multiple schemes & Types of payment cards

Our payment switch has a capability of issuance of multiple types of cards. This can also increase the customer base. The revenue streams can also be generated through transactions as well.

iii. Point of Sale (POS)/ Acquiring Business

As per SBP and new industry dynamics, POS is one of the potential revenue streams. Our payment switch has a capability to manage the large number of POS network, but it has a cost to set up the infrastructure of acquiring business. Currently no microfinance bank is in POS acquiring business, we can have an early mover advantage with introduction of POS acquiring.

iv. Digitally quick Customer on boarding

We have a capacity of onboarding customer digitally. This would not only reduce the cost of customer onboarding but will increase the customer base resulting into more revenue generation streams.

We will continue to strive for the betterment of our revamped credit and information system in order to ensure continued transparency in the Bank's lending system. Further, the Bank shall implement a strategy of improving its profitability by greater coverage, asset performance and productivity.

منسلک ہے۔ ڈائریکٹرز کو باب XII کے تحت مطلوبہ درج ذیل بیانات دینے پر خوشی ہے۔

ممبران کے لیے ڈائریکٹرز رپورٹ

بینک نے سال کے دوران غیر فعال قرضوں کے خلاف کافی پروویژن کیا ہے اور 31 مارچ 2023ء تک مکمل پروویژن کر دیا جائے گا، اس لئے مستقبل کے ادوار میں ایڈوائس کے خلاف پروویژن کی مقدار زیادہ ہونے کی امید نہیں ہے۔ کلاسیفائیڈ پورٹ فولیو کی مزید ریکوری کے نتیجے میں اس طرح کے پروویژن کو کم کیا جائے گا اور اس کے نتیجے میں آنے والے سالوں میں بینک کی مالی حالت میں بہتری آئے گی۔

☆ اپنے قرضوں کو غیر محفوظ سے محفوظ میں تبدیل کر رہا ہے۔ جس کی عکاسی مالیاتی گوشواروں کے نوٹ نمبر 8.1 میں ہے۔ بینک اپنی آمدنی اور منافع میں اضافے کے لئے مزید محفوظ قرضوں کو بڑھا رہا ہے۔ اس مقصد کے لئے بینک سرمایہ اور غیر فعال قرضوں کی وصولی سے حاصل ہونے والی آمدنی کو استعمال کر رہا ہے۔

☆ بینک کی انتظامیہ، بینک کی آپریشنل کارکردگی کو متاثر کئے بغیر اپنے انتظامی اور آپریشنل اخراجات کو محدود کرنے کی کوشش کر رہی ہے۔

مذکورہ بالا کو مد نظر رکھتے ہوئے، انتظامیہ کا خیال ہے کہ مذکورہ منصوبے/کاوشیں بینک کو اس کے مالی اور آپریشنل مسائل پر قابو پانے میں مدد دیں گی اور اس کے نتیجے میں آنے والے سالوں میں بینک کی مالی حالت اور نتائج میں بہتری آئے گی اور اسے یقین ہے کہ بینک کے آپریشنز جاری رہیں گے اور بینک کے امور کو جاری رکھا جاسکے گا۔

انتظامیہ کو آج کے بینکنگ ماحول میں ڈیجیٹل بینکنگ خدمات کا بھی احساس ہے۔ گزشتہ برسوں میں بینک نے اپنی رسائی کو بڑھانے اور بینک سے محروم آبادی کی ضروریات کو پورا کرنے کے لئے انٹرنیٹ بینکنگ اور موبائل بینکنگ قائم کی تھی۔ اس ڈیجیٹائزیشن کے عمل کا پہلا مرحلہ مکمل ہو چکا ہے۔ ہماری ڈیجیٹل تبدیلی کے اگلے مرحلے میں ریگولیٹری تقاضوں کی تکمیل کے بعد درج ذیل چیزیں شامل ہوں گی۔

☆ برانچ لیس بینکنگ خدمات جیسا کہ ”مرچنٹ پورٹل“ اور ”موبائل والٹ“

☆ متعدد سکیموں اور ادائیگی کارڈ کی اقسام

☆ پوائنٹ آف سیل (POS) ایکوائزنگ برنس

☆ بورڈنگ پر ڈیجیٹل طور پر فوری گاہک

ڈیجیٹائزیشن کے ان اقدام سے نہ صرف سماجی فاصلے کے کچھ کو فروغ ملے گا، بلکہ آپریشنل اور برانچ کی سطح پر اخراجات کم کرتے ہوئے بینک کی رسائی میں توسیع ہوگی۔ ہمارا اڈیلین مقصد ایک ایسا ٹیکنالوجی پاور ہاؤس بنانا ہے جو ادائیگیوں کی صنعت کی ضروریات کو پورا کرے گا اور بینک کے کاروبار کو بڑھائے گا۔

پاکستان کے مائیکرو فنانس سیکٹر کو بینکنگ انڈسٹری میں ایک اہم کھلاڑی کے طور پر تسلیم کیا جاتا ہے۔ بینک صارفین کے اعلیٰ مطالبات کو پورا کرتے ہوئے آبادی کے غیر بینک شدہ حصے کو مالی خدمات فراہم کرنے کے لئے کوشاں ہے۔

موجودہ ٹیکنالوجی کو استعمال کرتے ہوئے بینک نئی اور موجودہ مارکیٹوں میں آگے بڑھنے کے لئے کاروبار کے مختلف طریقے تخلیق کرنے جا رہا ہے۔ بینک ریگولیٹری تقاضوں کی تعمیل کے بعد زیادہ آمدنی پیدا کرنے اور زیادہ کسٹمرس اور تعلقات کو مضبوط بنانے کے لئے مندرجہ ذیل چیزوں پر توجہ دینا ضروری ہے:

(i) برانچ لیس بینکنگ فریم ورک:

برانچ لیس بینکنگ متعارف کرانہ جسمانی طور پر پھیلے بغیر گاہک کی پہنچ بڑھا سکتے ہیں، اس سے نہ صرف کسٹمرس میں اضافہ ہوگا، بلکہ برانچ لیس بینکنگ ایجنٹس کے ذریعے ہونے والے تمام لین دین پر محصولات کی آمدنی بہتر ہوگی۔

(ii) متعدد سکیموں اور ادائیگی کارڈ کی اقسام کا اجرا:

ہمارے ادائیگی سوچ میں متعدد قسم کے کارڈ جاری کرنے کی صلاحیت ہے اس سے گاہک کی بنیاد میں بھی اضافہ ہو سکتا ہے۔ لین دین کے ذریعے بھی محصولات کے ذرائع پیدا کئے جاسکتے ہیں۔

(iii) پوائنٹ آف سیل (POS) ایکوائزنگ برنس:

اسٹیٹ بینک آف پاکستان اور نئی صنعت کی حرکات کے مطابق پی او ایس ممکنہ محصولات کے ذرائع میں سے ایک ہے، ہمارے ادائیگی سوچ میں پی او ایس نیٹ ورک کی بڑی تعداد کو منظم کرنے کی صلاحیت ہے، لیکن اس کے پاس کاروبار کے حصول کا بنیادی ڈھانچہ قائم کرنے کی لاگت ہے، فی الحال کوئی بھی مائیکرو فنانس بینک پی او ایس کے حصول کے کاروبار میں نہیں ہے۔ پی او ایس کے حصول کے تعارف کے ساتھ ہمیں ابتدائی امور کا فائدہ ہو سکتا ہے۔

(iv) بورڈنگ پر ڈیجیٹل طور پر فوری گاہک:

ہمارے پاس ڈیجیٹل طور پر گاہک کو آگاہ کرنے کی صلاحیت ہے، اس سے نہ صرف گاہک کی آن بورڈنگ کی لاگت میں کمی آئے گی، بلکہ گاہک کی بنیاد میں اضافہ ہوگا، جس کے نتیجے میں محصولات کی آمدنی زیادہ ہوگی۔ ہم نے بینک کے قرض دینے کے نظام میں مسلسل شفافیت کو یقینی بنانے کے لئے اپنے نئے جدید ترین کریڈٹ اور انفارمیشن سسٹم کی بہتری کے لئے کوششیں جاری رکھیں گے۔ مزید بینک زیادہ کوریج اٹاؤں کی کارکردگی اور پیداواری صلاحیت کے ذریعے اپنے منافع کو بہتر بنانے کی حکمت عملی پر عمل درآمد کرے گا۔

ممبران کے لیے ڈائریکٹرز رپورٹ

انفارمیشن سکیورٹی خطرہ:

یہ نقصان اندرونی اور بیرونی خطرات کی وجہ سے ہو سکتا ہے۔ جسے اہم مالی اعداد و شمار تک رسائی، حساس صارفین کی معلومات، اہم خدمات کی عدم فراہمی، موکلوں کی نقالی اور معلومات میں رد و بدل، مالی معاملات اور بینک کے حساس الیکٹرانک ڈیٹا اور آئی ٹی سسٹم کا نقصان شامل ہیں۔ آئی ٹی سکیورٹی رسک مینجمنٹ یونٹ آئی ٹی سکیورٹی رسک مینجمنٹ کے لئے ریگولیٹری ضروریات کو کم کرنے کے لئے اس فریم ورک کو برقرار رکھتے ہیں جو بینک کی انتظامیہ اور عمل کو قابل قبول سطح پر آئی ٹی سکیورٹی خطرات کو کم کرنے کے قابل بناتا ہے۔

ساکھ کا خطرہ:

وہ نقصان جو بینک، اس سے وابستہ کسی بھی شخص یا اس کے عہدیداروں کی جانب سے اختیار کی گئی سرگرمی، کارروائی یا موقف سے پیدا ہو سکتا ہے، جو اس کے ایک یا ایک سے زیادہ اسٹیک ہولڈرز کے ساتھ اس کی تصویر کو خراب کر سکتا ہے، جس کے نتیجے میں کاروبار ختم ہو سکتا ہے اور / یا بینک کے حصص کی قیمت میں کمی واقع ہو سکتی ہے۔ ساکھ کے خطرہ کو کم کرنے کے لئے بینک کے اندر مختلف ڈیپارٹمنٹس کا کام بینک کی سرگرمیوں کا جائزہ لینا ہے تاکہ ہر وقت بینک کے مفادات کا تحفظ کیا جاسکے۔

ماحولیاتی خطرہ:

بینک یا اس کے گاہکوں کی آپریشنل سرگرمیوں سے پیدا ہونے والی عدم روانی، اخراج، فضلات، کیمیائی اخراج، وسائل میں کمی وغیرہ سے ماحول اور جاندار پر برے اثرات کے حقیقی یا ممکنہ خطرات شامل ہیں۔

مذکورہ بالا خطرات اور یقینی صورت حال کے اثرات کا مقابلہ کرنے کے لئے بینک اندرونی اور بیرونی سطح پر کوشش کر رہا ہے۔

غیر یقینی صورتحال جو بینک کے وسائل، محصولات اور کارروائی کو متاثر کر سکتی ہے:

مندرجہ ذیل عوامل ممکنہ طور پر بینک کے وسائل، محصولات کی کارروائیوں کی متاثر کر سکتے ہیں:-

☆ کیپٹل انجکشن

☆ ڈسکاؤنٹ ریٹ اور معالیاتی پالیسی سے متعلق فیصلے

☆ ڈپوزٹس پر شرح سود میں ترمیم

☆ جغرافیائی، سیاسی خطرات اور جغرافیہ میں غیر یقینی صورتحال جس میں ہم کام کرتے ہیں

☆ اسن و امان کی صورتحال

☆ مقامی حکومت کے قواعد و ضوابط

☆ افراط زر، ایندھن اور عام اشیاء کی قیمتیں

☆ کارپوریٹ ٹیکسیشن پر اقدامات

☆ مستقبل کا لائحہ عمل:

بینک کا اس سال کا خسارہ 4,489 ملین پاکستانی روپے ہے اور اس سال کے اختتام تک اس کا مجموعی خسارہ 7,379 ملین پاکستانی روپے ہو گیا ہے۔ اس کے نتیجے میں 4,047 ملین پاکستانی روپے کے خالص اثاثے منفی ہوئے ہیں۔ بینک کو غیر محفوظ، غیر فعال قرض کی وصولی میں مسائل کا سامنا ہے۔ جس میں 3,477 ملین پاکستانی روپے کا غیر فعال قرض شامل ہے جس کے خلاف مرحلہ وار پروڈن کی جائے گی۔ بینک مائیکرو فنانس بینکوں کے لئے پروڈیشنل ریگولیشنز 2014ء کے کم از کم سرمایے کی ضرورت (MCR) اور کیپٹل ایڈیکویسی ریشو (CAR) کی ضروریات کے مطابق نہیں تھا۔ غیر یقینی واقعات اور حالات کی وجہ سے بینک کے جاری رہنے کی صلاحیت کے بارے میں نمایاں شک پیدا ہو سکتا ہے اور اس وجہ سے بینک کے اپنے اثاثوں کا ادراک کرنے اور کاروبار کے عام دورانیہ میں اپنی ذمہ داریوں کو ادا کرنے کی قابلیت میں کمی آ سکتی ہے۔

انتظامیہ نے بینک کو درپیش مالی اور آپریشنل مشکلات پر قابو پانے کے لئے ایک کثیر جہتی منصوبہ تیار کیا ہے اور اس پر عمل درآمد کر رہی ہے۔ یہ منصوبہ قابل عمل ہے اور اس کے نفاذ سے بینک کو درپیش منفی عوامل سے نمٹا جاسکتا ہے۔ ان پر ذیل میں زیر بحث ہیں:

☆ اسپانسرز نے سرمایہ اور شیئر ڈیپازٹ کی رقم جو کہ 350.39 ملین پاکستانی روپے (2021: Rs.350.39) ابھی بھی دستیاب ہے، جس کے خلاف مقررہ وقت پر حصص جاری کئے جائیں گے۔ مزید اسٹیٹ بینک آف پاکستان (SBP) کی منظوری سے مشروط ان کی متعلقہ مقررہ تاریخوں پر بینک کی ذمہ داریوں کو پورا کرنے کی ضرورت پڑنے پر موجودہ اسپانسرز / ممکنہ اسپانسرز کے ذریعے مزید سرمایہ لگایا جائے گا۔

☆ بینک غیر فعال قرضوں کی وصولی کے لئے کوششیں کر رہا ہے اور امید ہے کہ ان قرضوں کو کافی حد تک بحال کر دیا جائے گا۔ غیر فعال قرضوں کی بحالی میں تاخیر کی وجہ کو رونا وائرس (Covid-19) کے بعد غیر مناسب معاشی حالات ہیں جو قرض لینے والوں کے کنٹرول سے باہر ہیں۔ غیر فعال قرضوں کی درجہ بندی اور وصولی کے بعد ان کی رقم میں کمی ہوئی ہے۔

ممبران کے لیے ڈائریکٹرز رپورٹ

سال اسی مدت کے اختتام پر 11,505 ملین پاکستانی روپے تھا، جس میں 27 فیصد کی درج کی گئی۔ انتظامیہ نے رپورٹنگ کی تاریخ پر اسٹیٹ بینک کی طرف سے جاری کردہ MFBS کے پرنٹیشنل ریگولیشنز میں طے شدہ تقاضوں کے مطابق ایک مخصوص پروویژن 3,546 ملین پاکستانی روپے ریکارڈ کیا ہے۔ (324 ملین: 2021ء) سال 2022ء کے آخر میں بینک کی مجموعی ایڈوانس ٹو ڈپازٹ ریٹو (ADR) 2021ء میں 54.32% کے مقابلے میں 53.38% پر رپورٹ ہوئی۔

انتظامیہ نے اس پورٹ فولیو کے حوالے سے بحالی اور تنظیم نو کی حکمت عملی وضع کی ہے اور اس پر عمل درآمد کیا ہے اور کافی مقدار میں غیر کارکردگی کا مظاہرہ کرنے والے قرضوں کی وصولی میں کامیاب ہوا ہے۔ انتظامیہ مستقبل میں مزید ریکوری کے لئے پُر امید ہے جس کے نتیجے میں پروویژن میں تبدیلی آئے گی اور بینک کی مالی حالت میں بہتری آئے گی۔

بینک کا ڈپازٹ بیس دسمبر 2021ء میں 22,083 ملین پاکستانی روپے سے بڑھ کر 31 دسمبر 2022ء کو 22,606 ملین پاکستانی روپے ہو گیا ہے۔ مارک آپ / ریٹن / انٹرسٹ خرچ میں 10% اضافہ ہوا ہے، جو کہ SBP کی طرف سے پالیسی ریٹ میں اضافے کے مطابق ہے۔

بنیادی خطرات اور غیر یقینی صورت حال:

ڈائریکٹرز مندرجہ ذیل کو اہم خطرات تصور کرتے ہیں:

شرح سود:

پچھلے سال کے مقابلے میں شرح سود میں نمایاں اضافہ ہوا ہے، مارکیٹ میں بڑھتی ہوئی شرح اور بینک کے سودی پیریڈ کے مابین تعلق، بینک کے مجموعی منافع کے لئے خطرے کا باعث بنے گا۔ ایسٹ اور لائیبلیٹی کمیٹی (ALCO) کے ذریعے بینک کی شرح سود کے خطرے کی نگرانی کی جاتی ہے، جو وقتاً فوقتاً بینک کے دیئے گئے قرضہ جات کی شرح ڈیپازٹ پراڈکٹ پر نظر رکھتا ہے اور اس بات کو یقینی بناتا ہے کہ کسٹمرس کو برقرار رکھا جاسکے اور شرح سود کے پیریڈ کو زیادہ سے زیادہ بڑھایا جاسکے۔

کریڈٹ کا خطرہ:

صارفین کے ذریعے ڈیفالٹ سے منسلک خطرہ بینک کے لئے ایک خاص خطرہ ہے۔ مارکیٹ میں اپنا حصہ بڑھانے کے لئے قرضوں میں تیزی سے اضافہ ہو رہا ہے، جبکہ ان قرضوں کا ایک بڑا حصہ غیر محفوظ ہوتا ہے۔ وسیع اقتصادی رجحانات جیسے افراط زر، معاشی گراؤ اور کرنسی کے خسارے قرض داروں کو اپنا قرض واپس ادا کرنے میں ناکام کر دیں گے۔ قرضوں کی وضع کی گئی نئی حکمت عملی کے حصے کے طور پر انتظامیہ نے گزشتہ ادوار کے دوران اپنے کریڈٹ کنٹرول کے طریقہ کار کو پوری طرح سے بہتر بنایا ہے۔ انتظامیہ تمام کریڈٹ خطرات کو مکمل طور پر کور کرنے کو یقینی بناتے ہوئے ایک بہتر کریڈٹ پورٹ فولیو کو برقرار رکھنے کے لئے پُر عزم ہے۔

قابل شناخت کی برقراری:

انسانی وسائل کی اہمیت عالمی سطح پر تسلیم کی جاتی ہے۔ تاہم مائیکرو فنانس کے شعبے میں مسلسل بڑھتی ہوئی مقابلے بازی کی وجہ سے قابل اور ہنرمند سٹاف کی برقراری مشکل ہوتی چلی جا رہی ہے۔ انتظامیہ کام کے صحیح ماحول کی فراہمی کے لئے پُر عزم ہے، جو ہمارے ملازمین کو کارآمد بنائے گا۔ اس کا مقصد ترقی کی ثقافت کو فروغ دینا ہے، جو نہ صرف قابلیت کو نوازتا ہے، بلکہ ورک فورس کو بھی ترقی کرنے کی اجازت دیتا ہے۔

ٹیکنالوجی کا خطرہ:

یہ خطرہ ہے کہ بینک شائد ٹیکنالوجی میں آنے والی ترقی اپنانے میں اور بہتر سروس دینے میں ناکام رہے، بڑھتی ہوئی مقابلے بازی اور صارفین کی متحرک ضروریات کا کامیاب حل فراہم کرنے میں ٹیکنالوجی کی اہمیت مزید بڑھتی جا رہی ہے۔ اس شعبے میں جدت کی کمی اور بڑھتی ہوئی ترقی کی وجہ سے مستقبل میں ہم کاروباری حریفوں کے ہاتھوں اعتماد کھو بیٹھیں گے۔ اس خطرے کا ایک اور پہلو یہ ہے کہ اس کے الیکٹرانک سسٹم میں رکاوٹ سے بینک کو نقصان ہو سکتا ہے۔

انٹرنیٹ اور موبائل بینکاری میں جدید ترین تکنیکی ترقی کو شامل کرنے کے لئے بینک نے اس سال کے دوران اپنے آئی ٹی سسٹم کو آپ ڈیٹ کیا ہے۔ مزید برآں سسٹم آڈٹ محکمہ باقاعدگی سے نگرانی کی نشاندہی کر رہا ہے اور کسی بھی غیر معمولی واقعات اور کمزوریوں کی اطلاع بینک کے انفارمیشن سسٹم کو دیتا ہے۔

تعمیل اور ریگولیشن کا خطرہ:

قانونی یا باقاعدہ پابندیوں، مادی فعالی نقصان کسی بینک کو اس کی بینکاری سرگرمیوں پر لاگو قوانین، ضوابط اور ضابطہ اخلاق کی تعمیل کرنے میں ناکامی کے نتیجے میں دوچار ہونا پڑ سکتا ہے۔ مذکورہ خطرے کو کم کرنے کے لئے Compliance ڈویژن ذمہ دار رہنما اصولوں اور انتظامی اداروں کے ذریعے جاری کردہ ہدایات کے ساتھ بینک کی بروقت تعمیل کو یقینی بنانا ہے۔

لیکویڈیٹی کا خطرہ:

یہ خطرہ ہے کہ بینک فنڈز کی عدم دستیابی کی وجہ سے بروقت اپنے معاہدے کی ذمہ داریوں کو پورا نہ کر سکے۔

انتظامیہ وقتاً فوقتاً دستیاب لیکویڈیٹی کا جائزہ لیتی رہتی ہے۔ فنڈز کی مستقل نگرانی کی جاتی ہے تاکہ ان کو بہترین لیکویڈیٹی کی سطح پر برقرار رکھا جاسکے۔

بینک انتہائی لیکویڈ سہولتوں کی سیکورٹیز کا خاطر خواہ پورٹ فولیو بھی برقرار رکھتا ہے، جس کو لیکویڈیٹی کے دباؤ کی صورت میں استعمال کیا جاسکتا ہے۔

ممبران کے لیے ڈائریکٹرز رپورٹ

”اپنا مائیکروفنانس بینک لمیٹڈ“ کے ڈائریکٹرز انتہائی مسرت کے ساتھ بینک کی 31 دسمبر 2022ء کو ختم ہونے والے مالی سال کے لئے اپنی رپورٹ بمعہ آڈیٹڈ مالیاتی اسٹیٹمنٹ اور اس پر آڈیٹرز رپورٹ پیش کر رہے ہیں۔

معاشی جائزہ:

عالمی معیشت بڑی عالمی معیشتوں کے ساتھ جدوجہد جاری رکھے ہوئے ہے جو بلند افراط زر کے درمیان سست ترقی کا اندراج کر رہی ہے۔ روس یوکرین تنازعہ کی وجہ سے سپلائی چین میں رکاوٹوں نے بھی عالمی اقتصادی سرگرمیوں میں تیزی سے کمی کی ہے۔

ملکی معاش پر ملک کو سماجی اقتصادی بے یقینی اور انتشار کا سامنا ہے۔ ریکارڈ توڑ مہنگائی اور مسلسل زری سختی کی وجہ سے معاشی حالات ابتر ہوئے ہیں۔ 4 اپریل 2023ء کو ہونے والی مائیکرو پالیسی کمیٹی کے اجلاس میں اسٹیٹ بینک نے افراط زر کے مسلسل دباؤ کا حوالہ دیتے ہوئے پالیسی ریٹ میں مزید 100 بیس پوائنٹس کا اضافہ کر کے 21 فیصد کر دیا۔ بیچ مارک سود کی شرح کو رواں سال کے دوران 500 بیس پوائنٹس (16.00% سے 21.00%) تک بڑھایا گیا ہے جس کا مقصد بلند افراط زر کا مقابلہ کرنا اور IMF کی فنڈنگ کو غیر مقفل کرنا ہے۔

جون 2022ء میں ملک نے اپنے بدترین سیلاب میں سے ایک کا مشاہدہ کیا جس نے لاکھوں افراد کو بے گھر کر دیا اور اس کے نتیجے میں فصلوں اور مویشیوں کو بڑے پیمانے پر نقصان پہنچا۔ ان سیلابوں کے تباہ کن اثرات نے ملک کے اندر خوراک اور اجناس کی برہتی ہوئی قیمتوں میں اضافہ کیا ہے اور پہلے سے ہی مشکلات کا شکار معیشت پر مزید مہنگائی کا دباؤ ڈالا ہے۔

پچھلے سال میں امریکی ڈالر کے مقابلے پر PKR کی قدر میں تیزی سے کمی دیکھی گئی، جو کہ گزشتہ 5 سالوں میں کرنسی کی سب سے زیادہ قدر میں کمی ہے۔ ملک کی کمزور ادائیگی کی صورت حال، اس گراؤ کی بنیادی وجہ رہی۔

پاکستان میں موجودہ معاشی حالات مائیکروفنانس انڈسٹری سمیت تمام شعبوں کے لئے اہم چیلنجز کا باعث بنے ہوئے ہیں۔ سیاسی عدم استحکام اور کم ہوتے زرمبادلہ کے ذخائر نے اس مشکل ماحول میں اہم کردار ادا کیا ہے۔

پرنسپل سرگرمی، ترقی اور مالی کارکردگی:

بینک ایک پبلک لمیٹڈ بینک کے طور پر بنا اور اس کے حصص پاکستان اسٹاک ایکسچینج پر درج ہیں۔ بینک کا اہم کاروبار مائیکروفنانس انڈسٹریز آرڈیننس 2001ء کے تحت غربت کو کم کرنے کے نظریے سے معاشرے کے غریب اور پسماندہ طبقے کو اور مائیکروفنانس بینکنگ اور اس سے متعلق خدمات مہیا کرنا ہے۔

31 دسمبر 2022ء کو ختم ہونے والے سال کے دوران بینک کی مالیاتی کارکردگی مندرجہ ذیل ہے:

کوائف	31 دسمبر 2022ء آڈیٹڈ (پاکستانی روپے)	31 دسمبر 2021ء آڈیٹڈ (پاکستانی روپے)	% تبدیلی
فراہم کیا گیا ایڈوانس (پروڈن کے بعد)	8,354,266,042	11,505,706,719	-27%
ڈپازٹس و دیگر اکاؤنٹس	22,606,344,550	22,083,717,249	2%
مارک اپ آمدنی	2,265,996,265	908,380,258	149%
مارک اپ خرچ	(1,600,191,347)	(1,459,014,295)	10%
انتظامی اخراجات	(2,232,257,861)	(2,167,670,263)	3%
منافع/(نقصان) بعد از ٹیکس ادائیگی	(4,489,363,903)	(1,930,971,344)	132%

گزشتہ سال 2021ء کے 1,930 ملین پاکستانی روپے (نقصان بعد از ٹیکس) کے مقابلے میں موجودہ سال بینک نے 4,489 ملین پاکستانی روپے کا نقصان ظاہر کیا۔

بینک کی ایکویٹی (بعد از نقصانات) منفی 4,046 ملین پاکستانی روپے رہی اور 31 دسمبر 2021ء سے بینک کے کل اثاثے 23,660 ملین پاکستانی روپے سے کم ہو کر 19,587 ملین پاکستانی روپے ہو گئے ہیں۔

اس نقصان کی ذمہ داری سال کے دوران لاگو ہونے والے 3,535 ملین پاکستانی روپے کے پروڈن پر ہے۔ یہ پروڈن پورٹ فولیو سے متعلق ہے جس کی درجہ بندی 2022ء کے دوران گزشتہ ادوار میں (Covid-19) کے پھیلنے سے پیدا ہونے والے منفی معاشی حالات کی وجہ سے کی گئی تھی۔ نتیجتاً 31 دسمبر 2022ء تک قرض، (پروڈن کے بعد) 8,354 ملین پاکستانی روپے رہا، جو کہ پچھلے

APNA MICRO FINANCE BANK LIMITED

INDEPENDENT AUDITORS' REPORT

To the members of Apna Microfinance Bank Limited Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Apna Microfinance Bank Limited (the Bank), which comprise the balance sheet as at December 31, 2022, and the profit and loss account, the statement of comprehensive income, the statement of changes in equity, the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the balance sheet, the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), the Microfinance Institutions Ordinance, 2001 and the directives issued by the Securities and Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP) in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2022 and of the loss, the comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty relating to Going Concern – Emphasis of matters

We draw attention to Note 1.2 to the financial statements which states that the Bank has incurred loss for the year amounting to Rs. 4,489 million (2021: Rs. 1,931 million) and as at year end, its accumulated loss was Rs. 7,379 million (2021: Rs. 2,889 million). This has resulted in negative net assets of Rs. 4,047 million. The Bank is facing problems in recovery of unsecured non performing advances which includes non-performing advances of Rs. 3,477 million (2021: Rs. 3,459 million) against which provision is being made in a phased manner (Note 8.2).

The Bank's ability to continue as a going concern is significantly reliant on support from its sponsors / potential sponsors. These events and conditions, along with other matters as set forth in the said note, indicate a material uncertainty that may cast significant doubt on the Bank's ability to continue as a going concern. Realization of deferred tax asset of Rs. 1,700 million (2021: Rs. 1,283 million) also depends on the Bank's ability to continue as a going concern. Our opinion is not modified with respect to these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the Material Uncertainty Related to Going Concern - Emphasis of matters Section of our report, we have determined following Key audit matters:

INDEPENDENT **AUDITORS' REPORT**

S. No	Key Audit Matter	How our audit addressed the key audit matter
1)	Provision against advances

Because of the significance of the impact of these judgements/estimations and the materiality of advances relative to the overall statement of financial position of the Bank, we considered the area of provision against advances and suspension of related mark up as a Key Audit Matter.</p>	<p>Our audit procedures, included, amongst others, the following procedures:</p> <ul style="list-style-type: none"> • an understanding of the design and implementation of the accounting and internal control systems relevant to advances; • checked the governance and approval process related to provisions, including continuous reassessment by the management, recovery and restructuring process etc. <p>A sample of loan accounts was selected for following substantive procedures:</p> <ul style="list-style-type: none"> • checked repayments of loan / mark-up installments and tested classification of nonperforming advances based on the number of days overdue; • evaluated the management's assessment for classification of a borrower's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation, discussions with the management and management's consideration of the impact of Covid-19 on the borrowers, their assessment of improvement of repayment capacity of borrowers post Covid 19, recovery and restructuring strategy, related management approvals and subsequent recovery; • checked the specific provision and general provision made in accordance with regulatory requirements / instructions /relaxation, if any; and • checked suspension of markup related to non-performing advances;

INDEPENDENT **AUDITORS' REPORT**

2)	Deposits and other accounts and related mark-up expense	
	<p>Refer note 13 and 17 to the financial statements.</p> <p>Deposits and other accounts represent major part of liabilities of the bank and related mark-up expense is also significant.</p> <p>Considering the materiality of this account balance and nature of activities of the Bank, these deposits and other accounts were considered as a Key Audit Matter.</p>	<p>Our audit procedures, included, amongst others, the following procedures:</p> <ul style="list-style-type: none"> - obtained an understanding of the design and implementation of the accounting and internal control systems relevant to deposits and other accounts; - obtained party-wise detail of all these deposit accounts; - balance confirmation requests and reminders were sent to the selected parties; - the responses received were compared with the information as per financial record of the bank; - alternate audit procedures were performed to verify the balances where no reply was received in response to our balance confirmation requests; - calculation of mark-up on selected sample was re-performed; and - disclosures related to these accounts in the financial statements were checked;

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017), the Microfinance Institutions Ordinance, 2001 and the directives issued by the SECP and SBP and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless

INDEPENDENT **AUDITORS' REPORT**

management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT **AUDITORS' REPORT**

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017);

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

1 STATUS AND NATURE OF BUSINESS

1.1 Apna Microfinance Bank Limited (the Bank) was incorporated on May 08, 2003 as a public limited Company under the repealed Companies Ordinance, 1984 updated by 'the Companies Act, 2017' (the Companies Act). The Bank was granted certificate of commencement of business on December 28, 2004 and started its operations on January 01, 2005. Its shares are listed on Pakistan Stock Exchange Limited. The Bank's principal business is to provide microfinance services to the poor and underserved segment of the society as envisaged under the Microfinance Institutions Ordinance, 2001. The Bank has been operating at national level in Pakistan. The Bank has 113 business locations comprising of 111 branches and 2 service centers (2021: 118 business locations comprising of 116 branches and 2 service centers). Its registered office is situated at K-4/3 and 4/4, Ch. Khaliq-uz-Zaman Road, Gizri, Karachi in the Province of Sindh and its head office is situated at 23 - A, Sundar Das Road, Zaman Park, Lahore, in the Province of Punjab. Detail of business locations of the Bank is given in Note 28.

1.2 The Bank has incurred loss for the year amounting to Rs. 4,489 million (2021: Rs. 1,931 million) and as at year end, its accumulated loss was Rs. 7,379 million (2021: Rs. 2,889 million). This has resulted in negative net assets of Rs. 4,047 million. The Bank is facing problems in recovery of unsecured non performing advances which includes non-performing advances of Rs. 3,477 million (2021: Rs. 3,459 million) against which provision is being made in a phased manner (Note 8.2). The Bank has been non-compliant with Minimum Capital Requirements (MCR) and Capital Adequacy Ratio (CAR) requirements of Prudential Regulations for Microfinance Banks, 2014. There has been material uncertainty related to events and conditions which may cast significant doubt about the Bank's ability to continue as a going concern and, therefore the Bank may not be able to realize its assets and discharge its liabilities in the normal course of business.

The management has developed and is implementing a multi-faceted plan to overcome the financial and operational difficulties faced by the Bank. The plan is feasible and its implementation will result in addressing the adverse factors being faced by the Bank. Some salient features of the plan are discussed below:

- (a)** The Sponsors have injected capital and share deposit money of Rs. 350.39 million (2021: Rs. 350.39 million) is still available against which shares will be issued in due course. Further capital will be injected by current sponsors / potential sponsors if needed to meet the obligations of the Bank on their respective due dates, subject to approval of State Bank of Pakistan (SBP). The sponsors have undertaken to continue their support to the Bank.
- (b)** The Bank is putting efforts to recover the non-performing advances and is hopeful that these advances will be recovered substantially. The delay in recovery of non-performing advances is owing to the adverse economic conditions post Covid-19 which are beyond the control of the borrowers. The amount of non-performing advances is reduced by the amounts recovered since their classification and by the amount recovered subsequently. The Bank has made substantial provision against the non-performing loans during the year and full provision will be made by March 31, 2023, therefore, quantum of provision against advances in future periods is not expected to be significant. Further recovery of the classified portfolio will result in reversal of such provision and hence will result in the improvement of the financial position of the Bank in the ensuing years.
- (c)** The Bank is converting its advances portfolio from unsecured to secured portfolio which is reflected in Note 8.1 to the financial statements. The Bank is utilizing the proceeds of further issue of capital and recovery of non-performing advances to enhance its secured portfolio by advancing more secured advances to increase its income and profitability.
- (d)** The management of the Bank is also making efforts to limit its administrative and operating expenses without, however, affecting the operational efficiency of the Bank.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

In view of the above, the management believes that the above mentioned plans / efforts will help the Bank to overcome its financial and operational problems and will result in improvement in the financial position and results of the Bank in ensuing years and is confident that the Bank will be able to continue as a going concern.

3 STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS

3.1 Standards, amendments to standards and interpretations becoming effective in the current year

The following standards, amendments to standards and interpretations have been effective and are mandatory for financial statements of the Company for the periods beginning on or after January 01, 2022 and therefore, have been applied in preparing these financial statements.

i) Annual Improvements to IFRS Standards 2018–2020 Cycle

The IASB has issued 'Annual Improvements to IFRS Standards 2018–2020'. The pronouncement contains amendments to the following Financial Reporting Standards (IFRSs).

IFRS 9 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liabilities. The amendment clarifies which fees an entity includes when it applies the '10 per cent' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

IAS 41 Agriculture - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. This will ensure consistency with the requirements in IFRS 13.

Application of these amendments did not have any significant impact on the Company's financial statements.

ii) IAS 16 – Property, Plant and Equipment

The IASB has published 'Property, Plant and Equipment — Proceeds before Intended Use (Amendments to IAS 16)' from selling items produced while bringing an asset into the location and condition necessary for it to be capable of operating in the manner intended by management.

The standard to prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss. An entity applies the amendments retrospectively only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments.

Application of these amendments did not have any significant impact on the Company's financial statements.

iii) IAS 37 – Provisions, Contingent Liabilities and Contingent Assets

The IASB has published 'Onerous Contracts — Cost of Fulfilling a Contract' amending the standard regarding costs a company should include as the cost of fulfilling a contract when assessing whether a contract is onerous.

The changes in Onerous Contracts — Cost of Fulfilling a Contract specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

Application of these amendments did not have any significant impact on the Company's financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

3.2 Standards, amendments to standards and interpretations becoming effective in the current year but not relevant

There are certain new standards, amendments to standards and interpretations that became effective during the year and are mandatory for accounting periods of the Company beginning on or after January 01, 2022 but are considered not to be relevant to the Company's operations and are, therefore, not disclosed in these financial statements.

3.3 Standards, amendments to standards and interpretations becoming effective in future periods

The following standards, amendments to standards and interpretations have been published and are mandatory for the Company's accounting periods beginning on or after the effective dates specified therein.

i) IAS 1 – Presentation of Financial Statements

Amendments regarding the disclosure of accounting policies

- The IASB has issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' with amendments that are intended to help preparers in deciding which accounting policies to disclose in their financial statements in the following ways:
- an entity is now required to disclose its material accounting policy information instead of its significant accounting policies;
- several paragraphs are added to explain how an entity can identify material accounting policy information and to give examples of when accounting policy information is likely to be material;
- the amendments clarify that accounting policy information may be material because of its nature, even if the related amounts are immaterial;
- the amendments clarify that accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements; and
- the amendments clarify that if an entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information.
- In addition, IFRS Practice Statement 2 has been amended by adding guidance and examples to explain and demonstrate the application of the 'four-step materiality process' to accounting policy information in order to support the amendments to IAS 1. Once the entity applies the amendments to IAS 1, it is also permitted to apply the amendments to IFRS Practice Statement 2.
- The amendments to IAS 1 are effective for annual periods beginning on or after 1 January 2023. The amendments are expected to affect disclosure of policies in the financial statements. Management is in process of assessing that effect.

Amendments regarding 'Classification of Liabilities as Current or Non-current' and the Classification of Debt with Covenants

- The IASB has issued 'Classification of Liabilities as Current or Non-current (Amendments to IAS 1)' providing a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments in Classification of Liabilities as Current or Non-current (Amendments to IAS 1) affect only the presentation of liabilities in the statement of financial position — not the amount or timing of recognition of any asset, liability income or expenses, or the information that entities disclose about those items. They:

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

- clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the “right” to defer settlement by at least twelve months and make explicit that only rights in place “at the end of the reporting period” should affect the classification of a liability;
- clarify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability; and
- make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.
- The IASB has further modified the requirements introduced by ‘Classification of Liabilities as Current or Non-current’ on how an entity classifies debt and other financial liabilities as current or non-current in particular circumstances. Only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months.

The amendments to IAS 1 are effective for annual periods beginning on or after 1 January 2024. The amendments are to be applied retrospectively in accordance with IAS 8. Application of these amendments is not expected to have any significant impact on the Company’s financial statements.

ii) IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The IASB has published ‘Definition of Accounting Estimates’ to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates is replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”.

The IASB clarifies that a change in accounting estimate that results from new information or new developments is not the correction of an error. In addition, the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors.

The amendments are effective for annual periods beginning on or after 1 January 2023. Application of these amendments is not expected to have any significant impact on the Company’s financial statements.

iii) IAS 12 – Income Taxes

The IASB has published ‘Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)’ that clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. Accordingly, the initial recognition exemption, provided in IAS 12.15(b) and IAS 12.24, does not apply to transactions in which equal amounts of deductible and taxable temporary differences arise on initial recognition. The amendments are effective for annual reporting periods beginning on or after 1 January 2023.

Application of these amendments is not expected to have any significant impact on the Company’s financial statements.

iv) IFRS 16 Leases

The IASB has issued ‘Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)’ with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Lease Liability in a Sale and Leaseback (Amendments to IFRS 16) requires a seller-lessee to subsequently measure lease liabilities arising from a leaseback in a way that it does not recognise any amount of the gain or loss that relates to the right of use it retains. The new requirements do not prevent a seller-lessee from recognising in profit or loss any gain or loss relating to the partial or full termination of a lease. The amendments also include one amended and one new illustrative examples.

Application of these amendments is not expected to have any significant impact on the Company's financial statements.

3.4 Standards, amendments to standards and interpretations becoming effective in future periods but not relevant

There are certain new standards, amendments to standards and interpretations that are effective from different future periods as specified therein, but are considered not to be relevant to the Company's operations, therefore, not disclosed in these financial statements.

3.5 Standards issued by IASB but not applicable in Pakistan

Following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan:

IFRS 1 - First-time adoption of International Financial Reporting Standards
IFRS 17 - Insurance Contracts

3.6 Abeyance of applicability of International Financial Reporting Standards and International Accounting Standards

The State Bank of Pakistan (SBP), vide BPRD circular no. 3, dated July 05, 2022, deferred the applicability of IFRS-9 'Financial Instrument' till annual periods beginning on or after January 01, 2024. Previously the application of IAS 39 'Financial Instrument Recognition and Measurement' and IAS 40 'Investment Property' were also deferred by SBP. According to the notification of SECP issued vide SRO 411 (1)/2008 dated April 28, 2008, IFRS 7, Financial Instrument: Disclosures has not been made applicable for banks. Accordingly, the requirements of these standards have not have considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issues by the SBP.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted and applied in the preparation of these financial statements are set out below:

4.1 Financial instruments

Financial assets and financial liabilities are recognized at the time when the Bank becomes a party to the contractual provisions of the instruments. Financial assets are de-recognized when the contractual right to future cash flows from the asset expire or is transferred along with the risk and rewards of the asset. Financial liabilities are de-recognized when obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on de-recognition of the financial assets and liabilities is recognized in the profit and loss account of the current year.

4.2 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off the recognized amount and the Bank intends either to settle the assets and liabilities on a net basis or to realize the assets and to settle the liabilities simultaneously. Income and expense items of such assets and liabilities are also off-set and the net amount is reported in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

4.3 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to the profit and loss account.

4.4 Cash and cash equivalents

Cash and cash equivalents comprises of cash in hand, balances with the Banks / NBFIs and MFBs carried at cost.

4.5 Investments

The investments, upon initial recognition, are classified as held-for-trading, held-to-maturity or available-for-sale, as appropriate.

Investments other than held-for-trading are initially measured at fair value plus transaction costs associated with investments. Held-for-trading investments are initially measured at fair value and transaction costs are expensed out in the profit and loss account.

Purchase and sale of investments that require delivery within the time frame established by regulation or market convention are recognized at the trade date, which is the date the Bank commits to purchase or sell the investments.

Held-for-trading

These represent securities, which are either acquired for the purpose of generating profit from short-term fluctuations in prices or dealer's margin or are securities included in the portfolio in which a pattern of short-term profit making exists. After initial recognition, such investments are carried at fair value and the surplus / (deficit) arising as a result of revaluation is taken to the profit and loss account.

Held-to-maturity

These are securities with fixed or determinable payments and fixed maturities in respect of which the Bank has the positive intent and ability to hold till maturity. After initial recognition, such investments are carried at amortized cost less impairment, if any.

Available-for-sale

These represent securities, which do not fall under the held-for-trading or held-to-maturity categories. After initial recognition, such investments are measured at fair value. The surplus/ (deficit) arising on revaluation is shown in the balance sheet below equity which is taken to the profit and loss account when actually realized upon disposal.

Premium or discount on securities classified as available-for-sale and held-to-maturity is amortized using effective interest method and taken to the profit and loss account.

Provision for impairment in the value of equity securities is made after considering objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the Prudential Regulations for Microfinance Banks.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

4.6 Advances

Advances are stated net of specific and general provisions which are determined on the basis of Prudential Regulations for Microfinance Banks and management's subjective assessment as to recovery/non-recovery of old advances considering different factors which include past history, future strength of customers, recovery efforts and subsequent recovery. Advances are written off according to the Prudential Regulations or when there is no realistic prospect of recovery.

4.7 Receivables

Receivables are recognised at nominal amount which is fair value of the consideration to be received in future less an estimate made for doubtful receivables based on review of outstanding amounts at the year end.

4.8 Payables

Liabilities for payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Bank.

4.9 Deposits

Deposits are initially recorded at the amount of proceeds received. Mark-up accrued on deposits is recognized separately as part of other liabilities and is charged to profit and loss account over the period.

4.10 Operating fixed assets

Property and equipment

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is charged to the profit and loss account by applying the straight line method using the rates specified in note 9.1 to the financial statements. Depreciation on additions is charged for the full month of purchase/acquisition/availability for use of an asset while no depreciation is charged in the month of disposal. The asset's residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each balance sheet date. The effect of any revision is charged to profit and loss account for the year, when the change arises, and in future periods.

Maintenance and repairs are charged against income as and when incurred. Subsequent costs, including major renewals, and improvements are capitalized when it is probable that respective future economic benefits will flow to the Bank.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Gains and losses on disposals, if any, of assets are determined by comparing the sale proceeds with the carrying amount of asset and are included in income currently.

Capital work-in-progress

All expenditure connected with specific assets incurred during installation and construction period are carried under this head. These are transferred to specific assets as and when these assets are available for use. These are carried at cost less impairment loss, if any.

NOTES TO THE **FINANCIAL STATEMENTS**

For the year ended 31 December 2022

Intangible assets

These are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged over the estimated useful life of the asset on a systematic basis to income applying the straight line method at the rate specified in note 9.2 to the financial statements. Amortization on additions is charged from the month in which the assets are available for use while no amortization is charged in the month in which the asset is disposed off or de-recognized.

Maintenance and repairs are charged against income as and when incurred. Subsequent costs including major renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Bank.

An item of intangible assets is derecognized upon disposal or when no future economic benefits are expected from its use. Gains and losses on disposals, if any, of assets are determined by comparing the sale proceeds with the carrying amount of asset and are included in income currently.

4.11 Leases

Lease Liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following:

- future lease payments arising from a change in an index or a rate used;
- residual guarantee;
- lease term;
- certainty of a purchase option; and
- termination penalties.

When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Right of use

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use asset is depreciated over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Company expects to obtain ownership of the Right-of-use asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use asset is subject to impairment or adjusted for any remeasurement of the related lease liability.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the Company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The Company reassesses whether it is reasonably certain to exercise an extension option, or not to exercise a termination option, if there is a significant event or significant change in circumstances.

Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Company estimates it would have to pay to a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

4.1.2 Impairment

Financial Assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence which indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

All impairment losses are recognised in the profit and loss account. An impairment loss is reversed if the reversal can be related objectively to an event accruing after the impairment loss was recognised. For financial assets carried at cost, the impairment loss is measured as the difference between the assets' carrying amount and the present value of estimated future cash flows, discounted at current market rate of return for a similar financial asset. Such impairment loss is not reversed in subsequent periods. For financial assets' carried at amortized cost, the amount of impairment loss recognised is the difference between carrying amount and present value of estimated cash flows, discounted at effective interest rate.

Non-Financial Assets

At each reporting date, non-financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount (selling price less costs to complete and sell), but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

4.13 Taxation

Current

Provision for current taxation is based on the taxable income at current rates of taxation after taking into consideration available tax credits and rebates, if any, in accordance with provisions of Income Tax Ordinance, 2001. The charge for tax also includes adjustments, where considered necessary relating to prior years.

Deferred

Deferred tax is recognized using the balance sheet liability method, on all temporary differences arising at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carry forwarded unused tax losses and tax credits, if any, to the extent that it is probable that the future taxable profits will be available against which the asset may be utilized.

The carrying amount of deferred tax asset is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be realized. Unrecognized deferred tax asset are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profits will allow deferred tax asset to be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the periods when the asset is expected to be utilized or the liability is expected to be settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is charged or credited to profit or loss, except in case of items credited or charged to equity in which case it is included in equity.

4.14 Provisions

Provisions are recognized when the Bank has a legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. 4.16 Revenue recognition

- identifies the contract with a customer;
- identifies the performance obligations in the contract;

Grants that compensate the Bank for expenses incurred are recognized as other income in the profit and loss account on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Bank for the cost of an asset are recognized in the profit and loss account as other income on a systematic basis over the estimated useful life of the asset.

4.18 Related party transactions

Transactions with related parties are carried at arm's length on price determined using the comparable uncontrolled price method except for those transactions which, in exceptional circumstances, are specifically approved by the Board.

4.19 Foreign currency transactions

At each balance sheet date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for, are used. Gains and losses arising on retranslation are included in the profit and loss account for the year.

The Bank responded to the notices as per the Bank contention. The said commissioner passed impugned orders for relevant financial years by raising unjustified demand of Rs. 80.3 million (2021: Rs. 80.3 million) in respect of disallowed input tax. Being aggrieved from the said orders, the Bank filed appeal against the orders to Commissioner (Appeals) of PRA. For FY 2016 the impugned order is upheld by Commissioner (Appeal) and the Bank has filed appeal before honorable PRA Appellate Tribunal. The hearings for FY 2017 and 2018 are still pending before Commissioner (Appeals).

- b) Proceedings, as per provisions of Punjab Sales Tax on Services (Withholding) Rules, 2015 for tax period January, 2016 to December, 2016 for non-deduction of Punjab Sales Tax, were initiated by The Additional Commissioner, Enforcement-II, PRA. Recovery notice was issued from the same office indicating that order had been passed by the Commissioner HQ, PRA wherein the impugned demand of Rs. 18.4 million was raised on account of alleged default of withholding of Punjab Sales Tax on Services against which the bank filed appeal before Honorable PRA Appellate Tribunal. The honorable tribunal has passed its judgement in which the impugned order passed by Commissioner HQ PRA is set aside and the matter is referred back to the officer concerned having jurisdiction for decision afresh. Now the proceedings are in progress at commissioner PRA forum.
- c) A show cause notice was issued to bank by Assistant Commissioner (Unit-09) of Sindh Revenue Board ['SRB'] in which the bank was confronted that it has claimed inadmissible input tax credit during the tax periods from January 2012 to December 2015 in terms applicable Sindh Sales Tax Act 2011. Further, it is also alleged that the Bank has short deducted / not deducted of sales tax on services. The amount demanded in the said order was Rs. 5.8 million (2021: Rs. 5.8 million). The proceedings are held from time to time during the year and impugned order is passed by the officer against which the bank has filed an appeal at SRB Commissioner (Appeals) forum.

In respect of above tax cases, based upon advise of its tax consultants, management expects favorable outcomes and is confident that significant outflow of economic resources will not be required, as a result of final decisions.
