شیر بولٹرز کو ڈائریکٹر کی رپورٹ

آپ کی کمپنی کے ڈائریکٹرز کو کمپنی کی سالانہ جنرل میٹنگ میں 30 جون 2021 کو ختم ہونے والے سال کے لیے آڈیٹر کی رپورٹ اور کمپنی کے آڈٹ شدہ مالیاتی بیانات کے ساتھ اپنی رپورٹ پیش کرنے پر خوشی ہے۔ 30 جون 2020 کو ختم ہونے والے مالی سال کے لیے مقرر کردہ کمپنی کے سابقہ آڈیٹر (ریٹائرنگ آڈیٹر) 30 جون 2020 کو ختم ہونے والے سال کے مالیاتی گوشواروں پر دستخط نہ کر کے اپنے قانونی فرانس کی تعمیل کرنے میں ناکام رہے۔ جون 2020 ریٹائر ہونے والے آڈیٹر کے اقدامات اور غیر فعالیوں کی وجہ سے تاخیر کا شکار ہوا۔ اسی وجہ سے بعد کے آڈٹ میں بھی تاخیر ہوتی ہے۔

جانزہ

مالیاتی اداروں کے ساتھ قانونی چارہ جوئی نے کمپنی کو مجبور کیا کہ وہ اپنے قرض دہندگان کے ساتھ اپنے وعدوں کو پورا کرنے کے لیے مفاہمت سے مشروط اپنی قرض کی ذمہ داریوں کی تنظیم نو شروع کرے۔ کمپنی نے اہم قرض دینے والے مالیاتی اداروں کی مدد سے قرض کی تنظیم نو کا عمل شروع کیا ہے۔ اس سلسلے میں کمپنیز ایکٹ 2017 کے سیکشن 279 سے 283 اور 285 کے تحت ایک اسکیم آف ارینجمنٹ (اسکیم آف ارینجمنٹ) پر زیادہ تر محفوظ قرض دہندگان نے دستخط کیے ہیں اور کراچی میں سندھ ہائی کورٹ ("عدالت") میں زیر سماعت ہے۔ کمپنی کے حصص یافتگان اور قرض دہندگان پہلے ہی اسکیم کے حق میں قرارداد پاس کر چکے ہیں، ایک میٹنگ میں جس کی صدارت عدالت کی طرف سے ("عدالت") کی ہدایات کے مطابق کی گئی تھی۔ عدالت کی طرف سے اسکیم کی منظوری کے بعد اسکیم کے لحاظ سے قرض دہندگان کے ذریعہ قانونی چارہ جوئی واپس لے لی جائے گی۔

ایریٹنگ اور مالیاتی کارکردگی

	2021	2020

مستقبل کا اوٹ لک

تنظیم نو کا عمل جلد ہی مکمل ہونے کی امید ہے، ایک بار جب عدالت کی طرف سے ترتیب کی اسکیم کی منظوری دے دی جائے گی اور اس پر عمل درآمد ہو جائے گا، تو کمپنی آگے بڑھنے کے لیے بہتر پوزیشن میں ہو گی۔

آڈیٹرز کے مشاہدات

— تجارت میں اسٹاک قابل تصدیق نہیں ہے کیونکہ عدالتی حکم (حکموں) کے مطابق مختلف گوداموں کو سیل کر دیا گیا ہے۔ لہذا، متعلقہ عدالت (عدالتوں) کی اجازت سے گو ڈاون کو ڈی سیل کر دیا جائے گا۔
 — آڈیٹر اپنی ریزرویشن صرف یہ ظاہر کرتا ہے کہ انہیں بینکوں سے ان کے عام آڈٹ طریقہ کار کے مطابق بینکوں کے ساتھ زیر التواء قانونی چارہ جونی کی وجہ سے براہ راست بینکوں سے تصدیق موصول نہیں ہوئی ہے۔ تاہم، یہاں یہ بتانا ضروری ہے کہ منسلک مالیاتی بیان میں، قرض کی رقم سکیم آف اریجنمنٹ سے لی گئی ہے جس کی تصدیق محفوظ قرض دہندگان نے کی تھی اور اسے عدالت میں پیش کیا گیا تھا۔
 — تجارت اور دیگر قابل ادائیگی میں الیکٹریک ڈیوٹی اور سندھ کے ترقیاتی فنڈز شامل ہیں جیسا کہ نوٹ میں بتایا گیا ہے۔ نمبر 17

Independent Auditor's Review Report To the Members of "Gulistan Spinning Mills Limited"

Review Report on the Statement of Compliance Contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Gulistan Spinning Mills Limited for the year ended June 30, 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

We draw attention to paragraph 16 of the statement of compliance, which states that the Company will appoint the female director as per CCG regulation-2019 within the due course. Our conclusion is not modified in respect of this matter.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2021.

INDEPENDENT AUDITOR'S REPORT

to the Members of Gulistan Spinning Mills Limited
Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the annexed financial statements of Gulistan Spinning Mills Limited (the Company), which comprise the statement of financial position as of June 30, 2021, and the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at June 30, 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as applicable in Pakistan.

Basis for Qualified Opinion

1. We were unable to satisfy ourselves regarding the existence and valuation of property, plant, and equipment having carrying values as of June 30, 2021 amounting to Rs. 1.894 million.
2. We did not observe the counting of physical inventories at the end of the year and accordingly, we were unable to satisfy ourselves by alternative means concerning the inventory quantities held on June 30, 2021, which are stated in the financial statements at cost of Rs. 52.379 million.
3. Due to litigations with banks have not received confirmations from banks and other financial institutions. Accordingly, we were unable to verify bank balances aggregating to Rs. 4.462 million and investments amounting to Rs. 23.635 million.
4. We were unable to satisfy ourselves regarding balances payable in respect of trade, and other payables, and unclaimed dividends amounting to Rs. 11.874 million and Rs. 0.619 million, respectively.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

We draw attention to notes 1.2 and 2.2 of the financial statements, which state that the Company along with its restructuring agent - United Bank Limited, and the majority of the lending financial institutions has signed a "Scheme of Arrangement" under sections 279 to 283 read with section 285 of the Companies Act, 2017 ("the Act") and the directors have determined that the going concern basis of preparation is no longer appropriate. Accordingly, the financial statements have been prepared on a liquidation/break-up value basis. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Sr. No	Matter	How the matter was addressed in our audit
1	<p>Valuation of disposal group under the scheme of arrangement</p> <p>Refer to in note 11 to the accompanying financial statements, the directors have decided to settle the Company's liabilities to secured creditors through the sale of items of property, plant, and equipment under the scheme of arrangement.</p> <p>We identified this area as a key audit matter because the disposal group under the scheme of arrangement constitutes 88% of the total assets of the Company as of June 30, 2021, and determining an appropriate carrying value as a result of impairment involves management judgment and estimation.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none">• Inquired and discussed with management to develop an understanding of management for classification of items of property, plant, and equipment as disposal group under the scheme of arrangement;• Read minutes of the meeting of the board of directors for the approval of items of property, plant, and equipment as disposal group under the scheme of arrangement;• Obtained copy of the scheme of the arrangement, duly signed by a majority of secured creditors (banking companies) to establish a complete understanding of the Scheme;• Check that the valuer is registered on penal of state bank of Pakistan.• Obtained the revaluation report carried out by the restructuring agent - United Bank Limited from management to verify that carrying values disclosed in the financial statements are appropriate.

Sr. No	Matter	How the matter was addressed in our audit
2.	Contingencies and commitments	
	Refer to note 19 to the financial statements; The Company has significant litigations in respect of claims lodged by various parties. Given the nature and amount involved in such cases and the appellate forums at which these are pending and the non-receipt of confirmation from a legal advisor, the outcome and resultant accounting in financial statements are subject to significant judgment, which can change over time as new fact emerged and each legal case progresses, and therefore, we have identified this as key matter.	Our audit procedures included the following; <ul style="list-style-type: none">• Read the scheme of arrangement and ensure that all the litigation as mentioned in the scheme and approved by the banks are properly disclosed in the financial statements.• Read the minutes of the meeting and evaluate whether the provision of the scheme regarding the withdrawal of the filed litigations is still appropriate.
3.	Payable to banking companies under the scheme of arrangement and accrued mark up.	
	Refer to notes 18 to the financial statements; We identified payable to banking companies under the scheme of arrangement as a key matter as it constitutes 82% of total liabilities and involves multiple litigations.	Our audit procedures include the following; <ul style="list-style-type: none">• Discuss the matter with management and understand the matter.• Collaborate the figures with the amounts disclosed in the scheme of arrangement as approved by the representatives of the creditors.• Read the scheme to ensure that no further liability in respect of this balance is expected to arise.

Information Other than the Financial Statements and Auditor's Report thereon;

Management is responsible for the other information. The Other Information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion, except for the matters stated in Basis for Qualified Opinion above:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- no Zakat was deductible at source under the Zakat and Usher ordinance, 1980 (XVIII 1980).

There are no significant transaction and event affecting the Company's financials position and performance during the year, other than those which are disclosed in notes to the financial statements.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS's) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017, provisions of and directives issued under the Companies Act, 2017. In case requirements differ, the provisions or directives of the Companies Act, 2017 shall prevail.

2.2 Basis of measurement

Due to the Scheme as described in note 1.2 to these financial statements, the directors have determined that the going concern basis of preparation of financial statements is no longer appropriate.

Accordingly, these financial statements have been prepared on liquidation/break-up value basis, following the intention of the parties to settle the liabilities through proceeds of disposal of assets of the company as contemplated in the scheme.

Impact of adopting the net realizable value basis of preparation on measurement, classification of assets and liabilities, and disclosures in the financial statements.

Under the net realizable value basis of preparation, assets and liabilities are measured at their net realizable value. Net realizable value is based on the proceeds receivable on disposal less cost to sell as detailed in the accounting policies noted below. The net realizable value of liabilities is the expected settlement amount as detailed in the accounting policies noted below. Any gains or losses resulting from measuring assets and liabilities to the net realizable value are recognized in profit or loss or otherwise under the auspices of approved accounting standards.

Under the net realizable value basis of accounting, all assets and liabilities are classified as current. In adopting the net realizable value basis, the directors have continued to apply the disclosure requirements of approved accounting standards to the extent they are relevant to the liquidation basis, and have modified them where this is considered appropriate.

The accounting policies adopted are consistent with those of the previous financial year except for changes specified related to the adoption of the liquidation basis of preparation and to the extent described below.

4 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied over previous years before preparing financial statements on liquidated basis are;

4.1 Property, plant and equipment - owned

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses with the exception of freehold land which is measured at revalued amount less accumulated impairment losses, buildings, plant and machinery, power house, electric installation, factory equipment, air conditioner and power house which are measured at revalued amount less accumulated depreciation and accumulated impairment losses.

Capital work-in-progress is stated at cost less any identified impairment loss. Transfers are made to relevant fixed assets category as and when assets are available for use.

Cost of items of property, plant and equipment comprises purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, and includes other costs directly attributable to the acquisition or construction, erection and installation.

Major renewals and improvements to an item of property, plant and equipment are recognized in the carrying amount of the item if it is probable that the embodied future economic benefits will flow to the company and the cost of renewal or improvement can be measured reliably. The cost of day to day servicing of property, plant and equipment are recognized in profit and loss as incurred.

Surplus arising on revaluation of an item of property, plant and equipment is credited to surplus on revaluation of property, plant and equipment, except to the extent that it reverses deficit on revaluation of the same assets previously recognized in profit and loss, in which case the surplus is credited to profit and loss to the extent of deficit previously charged to income. Deficit on revaluation of an item of property, plant and equipment is charged to profit and loss to the extent that it exceeds the balance, if any held in surplus on revaluation of property, plant and equipment relating to previous revaluation of that item.

On subsequent sale or retirement of revalued item of property, plant and equipment, the attributable surplus net of deferred tax, if any, remaining in the surplus on revaluation of property, plant and equipment is transferred directly to unappropriated profit. An amount equal to incremental depreciation, being the difference between the depreciation based on revalued amounts and that based on original cost, net of deferred tax, if any, is transferred from surplus on revaluation of property, plant and equipment to unappropriated profit every year.

Depreciation on all items of property, plant and equipment except for freehold land is charged to profit and loss applying the reducing balance method over the useful life of each item at the rates specified in the respective note. Depreciation on additions is charged from the day on which the asset is available for use, while on disposals depreciation is charged up to the date of disposal or when the item is classified as held for disposal.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with expected pattern of economic benefits from items of property, plant and equipment.

An item of property, plant and equipment is de-recognized on disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the assets) is recognized in profit and loss in the year in which the asset is derecognized. -

Notes

4.2 Right of use assets and related liabilities

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The extension and termination options are incorporated in determination of lease term only when the Company is reasonably certain to exercise these options.

The lease liabilities are initially measured at the present value of the remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. At initial recognition, liabilities were discounted using the Company's incremental borrowing rate. The lease liabilities are subsequently measured at amortized cost using the effective interest rate.

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use assets are depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The carrying amount of the right-of-use asset is reduced by impairment losses, if any. At transition, the Company recognised right to use assets equal to the present value of lease payments.

4.3 Assets classified as disposal group

Assets held for disposal are classified as disposal group if their carrying amounts will be recovered principally through a sale/ disposal rather than through continuing use. Such non-current assets are measured at the lower of their carrying amount and fair value less cost to sell. Property and equipment and intangibles assets once classified as held for sale / disposal are not depreciated or amortized.

4.4 Investments

Regular way purchase or sale of investments

All purchases and sales of investments are recognized using trade date accounting. Trade date is the date that the Company commits to purchase or sell the investment.

Investments in equity instruments of associated companies

Investments in associated companies are accounted for by using equity basis of accounting, under which the investments in associated companies are initially recognized at cost and the carrying amounts are increased or decreased to recognize the Company's share of profit or loss of the associated companies after the date of acquisition. The Company's share of profit or loss of the associated companies is recognized in the Company's profit or loss. Distributions received from the associated companies reduce the carrying amounts of investments.

Adjustments to the carrying amounts are also made for changes in the Company's proportionate interest in the associated companies arising from changes in the associated companies' equity that have not been recognized in the associated companies' profit or loss. The Company's share of those changes is recognized directly in equity of the Company. Where Company's share of losses of associated companies equals or exceeds its interest in the associates, the Company discontinues recognizing its share of further losses except to the extent that Company has incurred legal or constructive obligation or has made payment on behalf of the associates. If the associates subsequently reports profits, the Company resumes recognizing its share of those profits only after its share of the profit equals the share of losses not recognized.

Notes

Available for sale investments

These investments are initially measured at their fair value plus directly attributable transaction cost and at subsequent reporting dates, measured at fair values and gains or losses from changes in fair values other than impairment loss are recognized in other comprehensive income. Impairment loss on investments available for sale is recognized in the profit or loss.

Other investments

Other investments like defence saving certificate are held to maturity. Interest is accrued on these investments according to the rate provided by the issuer.

Investment with fixed maturity that the management has the positive intent and ability to hold till maturity, are classified as "held to maturity" and are initially measured at cost and at subsequent reporting date measured at amortized cost using the effective yield method.

4.5 Stores, spare parts and loose tools

Stores, spare parts and loose tools are valued at lower of cost and net realizable value. Cost is determined by moving average method less provision for obsolescence. Items considered obsolete are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

4.6 Stock-in-trade

Stock-in-trade is valued at lower of weighted average cost and net realizable value (NRV) except waste, which is valued at NRV.

Net realizable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale. Cost of raw materials, packing materials and components represent invoice values plus other charges paid thereon.

Cost in relation to work-in-process and finished goods represents direct cost of raw materials, wages and appropriate manufacturing overheads.

Goods in-transit are valued at cost comprising of invoice value plus other charges accumulated up to the reporting date.

4.7 Trade debts and other receivables

Trade debts are initially recognized at original invoice amount which is the fair value of consideration to be received in future and subsequently measured at cost less provision for doubtful debts. Carrying amounts of trade and other receivables are assessed at each reporting date and a provision is made for doubtful receivables when collection of the amount is no longer probable. Debts considered irrecoverable are written off.

4.8 Post-employment benefits - gratuity

The Company operates an unfunded gratuity scheme covering for all its permanent employees who have completed the minimum qualification period for entitlement to the gratuity.

Provision is made annually to cover the obligation on the basis of actuarial valuation and charged to income currently. Expense comprising of current service cost and interest cost is recorded in profit and loss account, whereas any re-measurements due to actuarial assumptions are charged to other comprehensive income as and when they arise.

4.9 Taxation

Income tax expense represents the sum of current tax payable, adjustments, if any, to provision for tax made in previous years arising from assessments framed during the year for such years and deferred tax.

Current

Provision for current taxation is based on taxability of certain income streams of the Company under presumptive / final tax regime at the applicable tax rates and remaining income streams chargeable at current rate of taxation under the normal tax regime after taking into account tax credit and tax rebates available, if any. The charge for current tax includes any adjustment to past years liabilities.

MHS & CO

Notes

Deferred

Deferred tax is recognized on all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amounts used for taxation purposes.

Deferred tax asset is recognized for all the deductible temporary differences only to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax liabilities are recognized for all the taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantively enacted by the reporting date.

4.10 Provisions, contingent assets and contingent liabilities

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent assets are not recognized and are also not disclosed unless an inflow of economic benefits is probable and contingent liabilities are not recognized and only disclosed unless the probability of an outflow of resources embodying economic benefits is remote.

4.11 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are charged to income in the period in which they are incurred.

4.12 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of consideration received or receivable on the following basis;

- Local sales are recognized on dispatch of goods to customers and export sales are recognized on bill of lading date.
- Dividend income from the Investments is recognized, when the Company's right to receive dividend has been established.
- Mark-up on loans to related parties and profit on saving accounts is accrued on time basis, by reference to the principal outstanding and at the effective profit rate applicable.

4.13 Foreign currency translations

Transactions in foreign currencies are translated into Pak Rupee, using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee at the exchange rates prevailing at the reporting date. All arising exchange gains and losses are recognised in the profit and loss account.

4.14 Financial instruments

Trade debts, other receivables and other financial assets

Trade debts and other receivables are initially recognized at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, these are measured at amortized cost using effective interest method, less any impairment losses. Known bad debts are written off, when identified. Any receipt against previously written off debtors is recognized as income in the year in which amount is received.

MHS & CO

Notes

Cash and cash equivalents

Cash and cash equivalents comprise cash-in-hand, cash with banks in current, saving and deposit accounts, bank overdraft and other short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

Off-setting of financial assets and liabilities

Financial assets and liabilities are off-set and the net amount is reported in the balance sheet when there is a legally enforceable right to off-set the recognized amounts and there is an intention to settle either on a net basis, or to realize the asset and settle the liability simultaneously.

4.15 Related party transactions

All transactions with related parties are carried out by the company at arms' length price using the method prescribed under the Companies Act, 2017 (comparable uncontrolled price method) with the exception of loan taken from related parties which is interest / mark-up free.

4.16 Impairment loss

The carrying amounts of the Company's assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of provisions for impairment losses. If any indications exist, the recoverable amounts of such assets are estimated and impairment losses or reversals of impairment losses are recognized in the profit and loss account and in case revalued assets are tested for impairment, then impairment loss up to the extent of revaluation surplus shall be recognized in revaluation surplus and remaining loss, if any shall be recognized in profit and loss account. Reversal of impairment loss is restricted to the original cost of the asset.

4.17 Dividend and appropriation to reserves

Dividend distribution to the Company's shareholders and appropriation to reserves are recognized in the period in which these are approved.

4.18 Significant accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgements were exercised in application of accounting policies are as follows:

- (i) Estimate of useful lives, residual values of property, plant and equipment and recoverable values to account for impairment loss. (note 4.1)

- (iii) Provision for impairment of trade debts.(note 4.16)

26.1 Fair values of financial instruments			
Fair value is the amount for which an asset could be exchanged or liability be settled between knowledgeable willing parties in an arm's length transaction. As at the reporting date, fair values of all financial instruments are considered to approximate their carrying amounts.			
26.2 Methods of determining fair values			
Fair values of financial instruments, with the exception of investment in associates, for which prices are available from the active market are measured by reference to those market prices. Fair values of financial assets and liabilities with no active market and those of investments in subsidiaries are determined in accordance with generally accepted pricing models based on discounted cash flow analysis based on inputs from other than observable market.			

MAHES & CO

48

	Note	2021	2020
		Rupees	Rupees

26.3 Discount/interest rates used for determining fair values

The interest rates used to discount estimated cash flows, when applicable, are based on the government yield curve as at the reporting date plus an adequate credit spread.

26.4 Significant assumptions used in determining fair values

Fair values of financial asset and liabilities that are measured at fair value subsequent to initial recognition are determined by using discounted cash flow analysis. This analysis requires management to make significant assumptions and estimates which may cause material adjustments to the carrying amounts of financial assets and financial liabilities in future periods. These assumptions are not fully supportable by observable market prices or rates. The Company uses various significant assumptions for determining fair value of financial assets and liabilities and incorporates information about other estimation uncertainties as well.

26.5 Significance of fair value accounting estimates to the Company's financial position and performance

The Company uses fair value accounting for its financial instruments in determining its overall financial position and in making decisions about individual financial instruments. This approach reflects the judgement of the Company about the present value of expected future cash flows relating to an instrument. The management believes that fair value information is relevant to many decisions made by users of financial statements as it permits comparison of financial instruments having substantially the same economic characteristics and provides neutral basis for assessing the management's stewardship by indicating effects of its decisions to acquire, sell or hold financial assets and to incur, maintain or discharge financial liabilities.

27 FINANCIAL RISK EXPOSURE AND MANAGEMENT

The Company may have exposures to credit risk, liquidity risk and market risk from its use of financial instruments.

The board of directors has overall responsibility for the establishment and oversight of Company's risk management framework. The board is also responsible for developing and monitoring the Company's risk management policies.

27.1 Credit risk

27.1.1 Exposure to credit risk

Credit risk is the risk of financial loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the long-term deposits, trade debts, trade deposits and other receivable, accrued mark-up and cash and bank balances. Trade deposits and other receivable	145,097	145,097
Bank balances	4,462,643	4,468,533
	<u>4,607,740</u>	<u>4,613,630</u>
