SWOT Analysis

STRENGTHS

- Solid technical expertise in diverse power generation technologies
- Indigenous fuel-based power generation
- Country-wide geographical presence
- Multi-billion-dollar project execution experience
- Best in class management and governance practices
- Diversified portfolio with the acquisition of ENI assets in Pakistan

WEAKNESSES

- Power generation portfolio skewed towards expensive fuel
- Fluctuating demand of RFO based power generation

OPPORTUNITIES

- Increasing need for clean energy and stress on energy independence
- Diversification via energy value chains other than power generation
- Inevitable water scarcity requires immediate water solutions

THREATS

- Government unable to resolve Circular Debt issue
- Weak macro-fundamentals along with volatile FX rates
- Persistently high fossil fuel and other commodity prices depleting competitiveness of domestic energy and fueling inflation

Business Strategy

Through our relentless pursuit of growth and advancement and an uncompromising dedication to increasing value for our shareholders, we have demonstrated our commitment to developing and revolutionizing the energy landscape of Pakistan. As part of our business strategy, we seek to diversify and expand our existing portfolio to improve sustainability and growth.

In the years to come, our business strategy will focus on:

- Maintaining our HSE systems with the best of the international practices
- Increasing the reliability and sustainability of our base business
- Capitalizing on our technical expertise to provide cost effective O&M
- Diversifying business portfolio and customer base by venturing into exploration and sustainable infrastructure projects
- Investing in sustainable and indigenous sources of energy for the nation
- Strengthening our team by attracting, hiring, and retaining best in class talent

Through fostering such success, we endeavor to cultivate prosperity that we can share with our local communities, partners and other stakeholders. By investing a certain portion of our earnings in developmental initiatives, we hope to transform the socio-economic.

Governance

Our leadership, experts in their fields, are committed to leading HUBCO to new uncharted territories and exploring new possibilities in the realm of energy generation.

Hub: Commissioned in April 1997, Pakistan's first IPP with a power generation capacity of 1292MW.

Board & Leadership

Mr. M. Habibullah Khan
Chairman

Mr. Habib Ullah Khan is the Founder and Chairman of Mega Conglomerate. The Mega & Forbes Group of Companies (Mega Group – MFG) is a diversified conglomerate with business holdings, including the country's largest container terminal, the third-largest dairy producer, a top-tier cement manufacturing company, a vertically integrated shipping company, and the progressive real estate developer responsible for the only L.E.E.D-certified commercial building in Pakistan. Under his leadership, Mega Conglomerate has achieved significant growth and established itself as a key player in multiple industries, contributing to the development and progress of the country. He joined the board in 2018 and has served as Chairman of the Hub Power Company (HUBCO) since then.

As a prolific philanthropist, Mr. Khan has been a patron of many social and environmental initiatives over the last three decades and has become strongly associated with various charitable causes. One of his most notable generous donations included the endowment of a building for visiting professors at The Institute of Business Administration in Karachi.

Mr. Kamran Kamal
Chief Executive Officer

Mr. Kamran Kamal is an energy technology and policy specialist with experience in several different areas, including business strategy, wholesale electricity market reforms, electricity derivatives, energy technology evaluation, and large-scale infrastructure project structuring. He holds a Masters in Public Policy from Harvard University and a Bachelor's degree in Electrical and Computer Engineering from Georgia Tech.

He joined HUBCO as the Chief Executive Officer of Laraib Energy Limited, Pakistan's first Hydel Independent Power Plant (IPP). Prior to becoming CEO of Laraib Energy Limited, Mr. Kamal held the position of Vice President at China Power Hub Generation Company, where he was responsible for the development of the Barge Jetty and fuel supply chain for a 1320 MW Coal-fired Power Plant.

Previously, he was Commodities Trade Head at Engro EXIMP FZE, where he managed Fertilizer, Coal, Oilseeds, and Sugar Trading Portfolios. His work there allowed the organization to grow into new geographical locations and expand its commodities portfolio. Mr. Kamal was also involved in major energy and infrastructure projects, including Thar Coal Mining & Power Plant, LNG Floating terminal, and RLNG-based power plant.

Throughout the years, Mr. Kamal has been responsible for large capital projects, building organizational capabilities, and overall business delivery in both management, executive, and Board roles. Chairman's Review

Dear Stakeholders,

The year behind us had a tumultuous global landscape with rising inflation and supply chain disruptions. Pakistan felt the brunt of these challenges, resulting in the country experiencing its highest-ever inflation rate. True to our ethos being resilient to challenges, the Company made remarkable achievements during the year, navigating through the intricate interplay of macroeconomic dynamics. I am proud to announce that we have achieved significant milestones, contributing to sustainable value for our shareholders.

Our legacy as a trailblazer in advancing Pakistan's energy landscape remains paramount in our strategy. We have positioned ourselves towards indigenous and economically viable fuel sources with successfully starting the commercial operations of Thar Energy Limited and ThalNova Power Thar (Private) Limited, our two lignite-fired power plants at Thar with a combined total capacity of 660MW.

With commitment to exploring opportunities for growth and portfolio diversification, the transaction to acquire ENI assets in Pakistan completed in December 2022. Through PIOGCL, the Company will further explore indigenous fuel sources for the country. Furthermore, CPHGC's Project Completion was declared in February 2023 and I am excited that CPHGC can now continue to protect the interests of shareholders by declaring dividend, subject to compliance with distribution tests under the financing agreements.

Looking ahead, we anticipate exciting opportunities and challenges in the dynamic energy landscape. We are well positioned to capitalize on the evolving market trends and explore new avenues for growth. Our strategic initiatives, including expansion plans and investments in renewables, electric vehicles and water solutions will further enhance our competitive advantage and strengthen our position as a leading player in the power sector. We aim to invest in renewable energy projects, making substantial progress towards our renewable energy targets.

Amid our accomplishments, we confront the enduring challenge of long outstanding receivables from our off taker. Despite our unwavering dedication to national progress and expansion, delayed payments persist, underscoring the need for a sustainable payment framework aligned with our contributions.

I would like to express my deepest gratitude to our esteemed shareholders for their unwavering trust and confidence in our vision and strategy, which motivates us to continually raise the bar and deliver superior results. Also, none of this would be possible without the enduring support of our Board of Directors, the commitment of our leadership team and hard work of our management and employees. Your dedication to progress and excellence propels us forward, shaping us into an entity that embodies the essence of national achievement.

As we move forward, I am excited by the horizon that awaits us. We remain committed to upholding the highest standards of corporate governance, transparency and ethical business practices. Together we shall continue to shape a brighter, greener and more prosperous future for our company, our nation and generations to come.

Warmest Personal Regards,

M. Habibullah Khan
Chairman

"We are well positioned to capitalize on the evolving market trends and explore new avenues for growth. Our strategic initiatives, including expansion plans and investments in renewables, electric vehicles and water solutions will further enhance our competitive advantage and strengthen our position as a leading player in the power sector."

CEO's Message

Dear Stakeholders,

The chapters of our journey are woven with threads of challenges and triumphs, and I am immensely proud of the tapestry we continue to create together. This year, each obstacle was met with an unwavering spirit of determination and the Company emerged stronger, reaffirming our resilience and ability to evolve and expand our horizons in the face of adversity.

We experienced strong growth during the year, driven by our relentless focus on business diversification, operational efficiency and cost optimization. The Company's consolidated profit after tax almost doubled this year to Rs. 57.6 billion, translating to an earnings per share (EPS) of Rs. 44.37, compared to last year's net profit of Rs. 28.5 billion and EPS of Rs. 21.95. The increase is primarily attributable to increased share of profit from China Power Hub Generation Company Limited (CPHGC), Thar Energy Limited (TEL), ThalNova Power Thar Limited (TNPTL)and Prime International Oil & Gas Company Limited (PIOGCL). Our commitment to shareholders remains steadfast, evident in the all-time highest dividend of Rs. 30 per share including final dividend for the year.

One of our most notable accomplishments was the commercial operations of two lignite-fired power plants of 330MW each in Thar. These power plants have already commenced supplying indigenous power to the national grid and I am delighted to announce that availability and other Key Performance Indicators (KPIs) of these plants have been better than our plan. What sets these projects apart is that these lignite-fired power plants are the only ones in Pakistan which are being operated by an entirely local workforce.

The acquisition of ENI Pakistan through Prime International Oil & Gas Company was completed during the year. This strategic diversification of portfolio in the Exploration and Production (E&P) sector has contributed significantly to our financial performance. This is evident from the addition of Rs. 3.9 billion as share of profit from PIOGCL in the consolidated financial statements.

Another major accomplishment this year was the successful achievement of Project Completion Date (PCD) of CPHGC. The declaration of PCD releases the Company from the Sponsor support obligation to maintain a USD 150 million SBLC under the completion guarantee. We have also taken up the O&M of CPHGC plant in a 49:51 JV and as a next step, we are in the process of increasing local manpower, contributing to the socioeconomic development of the region.

In line with our commitment to upholding the highest standards for Health, Safety and Environment (HSE), we continue to comply with the global best practices as we follow a comprehensive Process Safety Management (PSM) framework built around OSHA standards. We have consecutively achieved a Total Recordable Injury Rate (TRIR) of zero at all our operational sites this year.

Understanding the impact of inflation, rupee devaluation and rising costs on the livelihood of our employees, we took proactive measures to provide relief by paying an inflation relief payout to all our employees. We firmly believe that taking care of our employees strengthens the collective resilience to overcome these challenges.

Our investment of Rs. 162 million in Corporate Social Responsibility (CSR) underscores our pledge to empower the communities in which we operate and strive to create positive change through various social initiatives. Through contribution in education, livelihood, healthcare and community development initiatives, we are helping to uplift the lives of many, empowering individuals and fostering sustainable growth. Our CSR team remained at the forefront during a critical time when half of the country was affected by devastating floods. This is because CSR remains a cornerstone of our identity beyond financial and operational successes.

The future beckons us towards the realization of renewables and integration of electric vehicles (EVs) into our landscape. HUBCO is committed to a sustainable future for Pakistan by adopting new technologies in the energy and infrastructure domain.

Together, we will continue to shape the energy landscape, create value for our stakeholders and contribute to the sustainable development of the communities we serve.

Warm Regards,

Kamran Kamal

Report of the Directors

The Directors of your Company are pleased to present the Annual Report of the Company along with its audited financial statements for the year ended June 30, 2023.

About the Company

The Hub Power Company Limited (HUBCO) is the first Independent Power Producer (IPP) in the Country and now directly and indirectly operates and/or owns various power plants with a combined installed power generation capacity of 3,581MW. Hub Plant, situated at Mouza Kund, Hub in Balochistan, is a 1292MW RFO-fired thermal power plant. Narowal Energy Limited, a 100% owned subsidiary, is a 225MW RFO-fired, engine based, combined cycle power station, located at Mouza Poong, Narowal in Punjab.

The Company also holds 75% controlling interest in Pakistan's first hydel IPP, Laraib Energy Limited, which is a run-of-the river 84MW hydel power plant near the New Bong Escape, 8 km downstream of Mangla Dam in Azad Jammu and Kashmir. During the year under review, LEL contributed 345 GWh of clean energy into the national grid with no fuel cost, thereby saving ~USD 29 million for the country.

Thar Energy Limited (TEL) has a 330MW mine-mouth lignite-fired power plant at Thar Block II, Sindh which achieved Commercial Operations Date (COD) on October 1, 2022. The Company holds 60% shares of TEL in partnership with Fauji Fertilizer Company Limited (FFCL) and CMEC TEL Power Investments Limited (CMEC Dubai).

The Company has established wholly owned subsidiaries for its growth initiatives. Hub Power Holdings Limited (HPHL) has been incorporated to invest in the future growth projects. China Power Hub Generation Company Limited (CPHGC) is our joint venture with China Power International Holdings (CPIH) with 1320MW imported coal-based power plant and an integrated coal jetty situated in Hub. HPHL also holds 38.3% shares and management control in ThalNova Power Thar Pvt. Ltd. (TNPTL), a 330MW mine-mouth lignite-fired power plant at Thar Block II, Sindh, which achieved Commercial Operations Date (COD) on February 17, 2023.

The Hub Power Services Limited (HPSL), manages O&M of our existing power assets and has successfully taken over O&M of our indigenous coal-based plants in Thar. HPSL is currently operating the Hub, Narowal, Laraib, TEL and TNPTL plants. HPHL through a joint venture is operating CPHGC plant.

The Company also holds 8% shareholding in Sindh Engro Coal Mining Company Limited (SECMC), a joint venture between HUBCO, Engro, Thal Limited, HBL, CMEC and Government of Sindh, which has developed a coal mine at Thar, the seventh largest reserve of coal in the World. SECMC achieved Commercial Operations for Phase I of the Project on July 10, 2019 and for Phase II on October 1 2022. The mining capacity now stands at 7.6 Mt/annum with Phase II catering for our two power plants in Thar of 330MW each.

Acquisition of Eni's Pakistan Business by HUBCO through a 50:50 joint venture (Prime International Oil and Gas Company Limited) was completed on December 29th 2022. HUBCO plans to focus on developing critical indigenous fuel sources for the country and further expand its footprint in the Oil & Gas Sector of Pakistan. Key objectives for Prime remains optimal utilization of our national natural resources whereby both new expansions and organic growth in owned assets will be targeted.

Operational Highlights

Operational highlights of our plants and associates during the year under review are as follows:

Plant Name	FY 2022-23	FY 2021-22
Hub Plant	205 GWh	1229 GWh
Narowal Plant	470 GWh	868 GWh
Laraib Plant	345 GWh	413 GWh
CPHGC Plant	1546 GWh	6,755 GWh
TEL Plant (COD on Oct 1, 2022)	1053 GWh	-
TNPTL Plant (COD on Feb 17, 2023)	758 GWh	-

We are committed to developing a sustainable import substitution strategy. For the year under review, our TEL and TNPTL plants saved ~USD 150 million to the economy by harnessing the power of Thar coal. These plants are ranked high in the merit order as they offer substantially lower cost of power generation compared to imported fuels. The two plants will continue to generate an annual cost savings of ~USD 380 million by reducing our reliance on imported fuels.

Overview of the Company's Power Generation Share

* Including 359 GWh generated by TEL and TNPTL prior to start of commercial operations

FUTURE OUTLOOK

Water Solutions

The Company continues its pursuit for potential projects in Public-Private Partnership mode whilst exploring various opportunities in providing water solutions to fulfil the domestic industrial and residential needs.

To resolve the issue of water scarcity in Karachi, HUBCO developed a concept for first of its kind Wastewater Recycling project and submitted an Unsolicited Proposal (USP) to the Government of Sindh (GoS). The project aims to recycle untreated municipal water being discharged into the sea from the SITE industrial area and provide it back for industrial consumption thereby creating a sustainable, consistent and environmentally friendly solution for domestic industries. The USP was accepted by the KWSB and the Right of First Refusal has been awarded. HUBCO continues to actively pursue the project as GoS moves forward towards a competitive bidding phase and we hope to further expand our business and diversification interests while creating positive externalities.

Renewable Energy Projects

While non-power generation diversification remains critical to HUBCO's expansionary plan, the Company remains cognizant that important Renewable Energy (RE) Power Generation business opportunities are critical for Pakistan's overall energy security. We continue to monitor actionable National and Distribution levels projects for Wind and Solar Power projects and are fully committed to participate in projects which have meaningful contribution and value to all stakeholders.

During the year under review, HUBCO has been pre-qualified by KE to bid for Pakistan's first wind-solar hybrid project of 200 MW capacity near Dhabeji Grid Station. We plan to participate in the procurement as it progresses through necessary regulatory approvals. We envision this to be one of many other renewable projects that HUBCO will undertake in the coming future.

Electric Vehicles Landscape

It is envisaged that over the next few years, the global automotive sector will evolve towards electrical energy vector as the primary source of energy. The Company remains vigilant on promising opportunities to participate in new energy products and services which will enable widespread adoption. We plan on engaging at multiple levels in the entire chain and will continue to observe and act upon sound business opportunities as they develop.

The Company is also closely monitoring the development of Competitive Trading Bilateral Contract Market (CTBCM). We will continue to pursue future growth opportunities in the B2B Power Market as they develop. CTBCM may also evolve as a critical enabling factor towards electrification of transport sector.

Health, Safety & Environment

HUBCO is committed to protecting the health, safety and wellbeing of its employees as well as the community and environment it operates in. HSE performance remained excellent with extraordinary statistics. Second Party Audit of Process Safety Management was conducted at Hub, NEL and LEL power plant sites and the average score was 4.03, which is an Excellence Category of PSM Bradley Curve. In FY2022-23, HUBCO has embarked upon ESG program and benchmarking operations with similar industry.

The Company continuously monitors the impact of its operations on environment and ensures compliance to applicable environmental protection standards. During FY 2022-23, the Company completed 22.14 million man-hours across its operational power stations, including the two power projects which achieved COD during the year. The Total Recordable Incident Rate (TRIR) of the Company remained 0.

HUBCO

Human Resources

Our strong focus and commitment in developing our workforce was imminent as we successfully started the Operations & Maintenance of both TEL and TN plants. Post COD in October 2022 and February 2023 respectively, both plants are being operated and maintained by local teams. This initiative has not only provided career advancements and enrichment opportunities to our own employees but serves larger good in providing employment to the locals of province and the country at large.

Emphasis on learning initiative continued with several external as well as internal programs organized during the year. Special impetus was given on development of internal faculty who have delivered extensive programs on softer skills as well as leadership development. HUBCO has strong emphasis and commitment in training & development of our employees.

Enhancement in digitization of our HR processes continued under the initiative of 'People Hub', which provides employees with multiple HR solutions digitally, the availability of this system through mobile application particularly helps our teams that work remotely and are on shift rotations.

Corporate Social Responsibility

As part of its CSR mandate, HUBCO invests heavily in uplifting communities and empowering women. Our social investments are primarily centered around areas near our plant sites, with focus on providing education, livelihood, healthcare, and community infrastructure development to the underprivileged. In the year 2022 the whole country in general and Balochistan Province in particular was badly affected due to rains and floods. HUBCO was amongst the pioneers in responding and assisted the Government by providing Tents, Tarpaulin, Pillows, clothes and Ration Bags for the needy people. It also supported Government of Balochistan by providing Heavy Machinery for Rehabilitation work to rebuild the damaged roads, causeways and riverbanks.

The Company is engaged in education, livelihood, healthcare and community development initiatives, the details of which are provided on page 64 of the Annual Report. The company also contributes to CSR initiatives at one of the most underdeveloped districts, Thar, through its investments in SECMC, TEL, and TNPTL, which in turn support the Thar Foundation. TEL and TNPTL together contributed Rs. 100 million in CSR during the year under review.

Auditors

The retiring auditors Messrs. A. F. Ferguson & Co., Chartered Accountants being eligible, offer themselves for reappointment.

The Company remains grateful to its Shareholders, employees, business partners and all other stakeholders for their confidence in the Company and their support in the Company's journey on the path of growth and prosperity.

ہماری افرادی قوت کی ترقی میں ہماری مضبوط توجہ اور عزم ناگزیر تھا کیونکہ ہم نے کامیابی کے ساتھ ٹی ای ایل اور ٹی این دونوں پلانٹس کے آپریشنز اور دیکھ بھال کا آغاز کیا۔ اکتوبر 2022 اور فروری 2023 میں بالترتیب سی او ڈی کے بعد، دونوں پلانٹس کو مقامی ٹیموں کے ذریعہ چلایا اور برقرار رکھا جارہا ہے۔ اس اقدام نے نہ صرف ہمارے اپنے ملازمین کو کیریئر کی ترقی اور افزودگی کے مواقع فراہم کیے ہیں بلکہ صوبے اور ملک کے مقامی افراد کو بڑے پیمانے پر روزگار فراہم کرنے میں بڑے پیمانے پر کام کیا ہے۔

سال کے دوران منعقد ہونے والے متعدد بیرونی اور داخلی پروگراموں کے ساتھ سیکھنے کی پہل پر زور جاری رہا۔ انٹرنل فیکلٹی کی ترقی پر خصوصی توجہ دی گئی جنھوں نے نرم مہارتوں کے ساتھ ساتھ قائدانہ ترقی پر وسیع پروگرام پیش کیے ہیں۔ حبکو اپنے ملازمین کی تربیت اور ترقی میں مضبوط زور اور عزم رکھتا ہے۔

پیپل ہب' کی پہل کے تحت ہمارے ایچ آر پروسیسز کی ڈیجیٹلائزیشن میں اضافہ جاری ہے، جو ملازمین کو ڈیجیٹل طور پر متعدد ایچ آر حل فراہم کرتا' ہے، موبائل ایپلی کیشن کے ذریعے اس نظام کی دستیابی خاص طور پر ہماری ٹیموں کی مدد کرتی ہے جو دور دراز سے کام کرتی ہیں اور شفٹ روٹیشن پر ہیں۔

کارپوریٹ سماجی ذمہ داری

اپنے سی ایس آر مینڈیٹ کے ایک حصے کے طور پر، حبکو کمیونٹیز کی بہتری اور انسانی حقوق کی وکالت کرنے میں بھاری سرمایہ کاری کرتا ہے۔ ہماری سماجی سرمایہ کاری بنیادی طور پر ہمارے پلانٹ سائٹس کے آس پاس کے علاقوں کے ارد گرد مرکوز ہے ، جس میں پسماندہ افراد کو تعلیم ، ذریعہ معاش ، صحت کی دیکھ بھال اور کمیونٹی انفراسٹرکچر کی ترقی فراہم کرنے پر توجہ مرکوز کی گئی ہے۔ سال 2022 میں بارشوں اور سیلاب کی وجہ سے پورا ملک بالعموم اور صوبہ بلوچستان خاص طور پر بری طرح متاثر ہوا۔ حبکو ضرورت مند افراد کے لئے خیمے، ترپال، تکیے، کپڑے اور راشن بیگ فراہم کرکے حکومت کی مدد کرنے والوں میں شامل تھا۔ اس نے تباہ شدہ سڑکوں ، کاز ویز اور دریاؤں کے کناروں کی تعمیر نو کے لئے بحالی کے کام کے لئے بھاری مشینری فراہم کرکے حکومت بلوچستان کی بھی مدد کی۔

کمپنی تعلیم، ذریعہ معاش، صحت کی دیکھ بھال اور کمیونٹی کی ترقی کے اقدامات میں مصروف ہے، جس کی تفصیلات سالانہ رپورٹ کے صفحہ 64 پر فراہم کی گئی ہیں. کمپنی ایس ای سی ایم سی، ٹی ای ایل اور ٹی این پی ٹی ایل میں اپنی سرمایہ کاری کے ذریعے تھر کے سب سے پسماندہ اضلاع میں سے ایک میں سی ایس آر اقدامات میں بھی حصہ ڈالتی ہے، جو بدلے میں تھر فاؤنڈیشن کی مدد کرتی ہے۔ ٹی ای ایل اور ٹی این پی ٹی ایل نے زیر غور سال کے دوران مجموعی طور پر سی ایس آر میں 100 ملین روپے کا حصہ ڈالا۔

آڈیٹرز

ریٹائر ہونے والے آڈیٹرز میسرز اے ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس اہل ہونے کی وجہ سے خود کو دوبارہ تقرری کے لئے پیش کرتے ہیں۔ کمپنی اپنے شیئر ہولڈرز، ملازمین، کاروباری شراکت داروں اور دیگر تمام اسٹیک ہولڈرز کی شکر گزار ہے جنہوں نے کمپنی پر اعتماد کیا اور ترقی اور خوشحالی کی راہ پر کمپنی کے سفر میں ان کی حمایت کی۔

خطرات کو کم کرنے کے لئے خطرے کا انتظام اور حکمت عملی

ہر کاروبار کو درپیش تمام خطرات اور غیر یقینی صورتحال کو کم کرنے کے لئے، کمپنی نے بورڈ کی طرف سے باقاعدہ طور پر منظور شدہ ایک مضبوط رسک مینجمنٹ پالیسی نافذ کی ہے. بی اے سی کو ہیٹ میپ اور رسک رجسٹر کا جائزہ لینے اور بورڈ کو باقاعدگی سے اپ ڈیٹس فراہم کرنے کی ذمہ داری سونپی گئی ہے۔ یہ نظام تمام طویل مدتی اور قلیل مدتی خطرات کو اجاگر کرنے اور بورڈ کی طرف سے ان کی تخفیف کی حکمت عملی کی توثیق کرنے میں مدد کرتا ہے۔

ا۔ آپریشنل خطرہ

آپریشنل خطرات کو کم کرنے کے لئے ضروری حکمت عملی تیار کی گئی ہے اور تمام آپریٹنگ پلانٹس کی قابل اعتمادیت کو یقینی بنانے کے لئے مسلسل خاطر خواہ سرمایہ کاری کی جارہی ہے۔ کمپنی نے حب، نارووال اور لاریب پلانٹس کی ضروری بحالی اور تزئین و آرائش کی ہے۔

ب۔ مالی خطرات

مالی رسک مینجمنٹ سالانہ رپورٹ کے صفحہ 148 پر ظاہر کیا گیا ہے ۔

صحت، حفاظت اور ماحول

حبکو اپنے ملازمین کی صحت، حفاظت اور فلاح و بہبود کے ساتھ ساتھ اس کمیونٹی اور ماحول کے تحفظ کے لئے پرعزم ہے جس میں وہ کام کرتا ہے۔
غیر معمولی اعداد و شمار کے ساتھ ایچ ایس ای کی کارکردگی بہترین رہی۔ حب، این ای ایل اور ایل ای ایل پاور پلانٹ سائٹس پر پروسیس سیفٹی مینجمنٹ کا سیکنڈ پارٹی آڈٹ کیا گیا اور سائٹس نے 4.03 نمبر حاصل کیے ، جو پی ایس ایم بریڈلی کرو کی ایکسیلنس کیٹیگری ہے۔
مالی سال 2022-23 میں حبکو نے کیلنڈر سال 2022 کے لئے اپنی پہلی ای ایس جی (ماحولیات، سماجی اور گورننس) رپورٹ تیار کی۔

کمپنی ماحولیات پر اپنے آپریشنز کے اثرات کی مسلسل نگرانی کرتی ہے اور قابل اطلاق ماحولیاتی تحفظ کے معیارات کی تعمیل کو یقینی بناتی ہے۔
مالی سال 2022-23 کے دوران کمپنی نے آپریشنل پاور اسٹیشنوں میں 22.14 ملین افرادی گھنٹے مکمل کیے، جس میں دو بجلی کے منصوبے بھی شامل ہیں جنھوں نے سال کے دوران سی او ڈی حاصل کیا۔ کمپنی کی کل ریکارڈایبل انسیڈنٹ ریٹ (ٹی آر آئی آر) صفر رہی۔

کریڈٹ کی درجہ بندی

کریڈٹ ریٹنگ پاکستان میں اداروں کی کریڈٹ پوزیشن کا اندازہ ہے۔ پی اے سی آر اے نے 2008 سے ، جب کمپنی نے اپنی درجہ بندی کا عمل شروع کیا تھا ، کمپنی کے لئے بالترتیب اے اے + اور اے 1 + پر طویل مدتی اور قلیل مدتی ادارے کی درجہ بندی برقرار رکھی ہے۔ یہ درجہ بندی کریڈٹ رسک کی بہت کم توقع کی نشاندہی کرتی ہے اور مالی وعدوں کی بروقت ادائیگی کے لئے بہت مضبوط صلاحیت کی نشاندہی کرتی ہے۔ این ای ایل کی طویل مدتی درجہ بندی کو اے اے کے طور پر برقرار رکھا گیا ہے - اور قلیل مدتی درجہ بندی اے 1 + ہے جو بہت اعلی کریڈٹ کوالٹی اور مالی وعدوں کی بروقت ادائیگی کے لئے بہت مضبوط صلاحیت کی نشاندہی کرتی ہے۔ یہ صلاحیت متوقع واقعات کے لئے نمایاں طور پر کمزور نہیں ہے

مالی بیانات

کمپنی کے غیر مربوط اور مربوط مالی گوشواروں کا آڈٹ میسرز اے ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس، آڈیٹرز نے بغیر کسی قابلیت کے کیا ہے۔

کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک

ڈائریکٹرز سیکیورٹیز اینڈ ایکسچینج کمیشن پاکستان (ایس ای سی پی) کے کارپوریٹ اور فنانشل رپورٹنگ فریم ورک اور مندرجہ ذیل کے لئے کارپوریٹ گورننس کے کوڈ کی تعمیل کی تصدیق کرتے ہیں۔

ا۔ کمپنی کی انتظامیہ کی جانب سے تیار کردہ مالیاتی بیانات منصفانہ طور پر اس کی صورتحال، اس کے آپریشنز کے نتائج، نقد بہاؤ اور اس کی ایکویٹی میں تبدیلیوں کی عکاسی کرتے ہیں۔

ب۔ کمپنی کے اکاؤنٹ کی مناسب کتابیں برقرار رکھی گئی ہیں۔

ج۔ مالی بیانات کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کو مستقل طور پر لاگو کیا گیا ہے اور اکاؤنٹنگ کے تخمینے معقول اور دانشمندانہ فیصلے پر مبنی ہیں۔

د۔ آئی ایف آر ایس جیسا کہ پاکستان میں لاگو ہوتا ہے، مالی گوشواروں کی تیاری میں ان پر عمل کیا گیا ہے اور اس سے کسی بھی روانگی کو مناسب طور پر ظاہر کیا گیا ہے۔

ر۔ کمپنی کی جاری تشویش کے طور پر جاری رکھنے کی صلاحیت میں کوئی شک نہیں ہے۔

گزشتہ چھ سالوں کے اہم مالیاتی اعداد و شمار (غیر مربوط) درج ذیل ہیں:

مستقبل کا نقطہ نظر

پانی کے حل

کمپنی پبلک پرائیویٹ پارٹنرشپ موڈ میں ممکنہ منصوبوں کی تلاش جاری رکھے ہوئے ہے جبکہ گھریلو صنعتی اور رہائشی ضروریات کو پورا کرنے کے لئے پانی کے حل فراہم کرنے میں مختلف مواقع تلاش کررہی ہے۔

کراچی میں پانی کی قلت کے مسئلے کو حل کرنے کے لیے حبکو نے اپنی نوعیت کے پہلے ویسٹ واٹرری سائیکلنگ منصوبے کا تصور تیار کیا اور حکومت سندھ (جی او ایس) کو ایک غیر مطلوبہ تجویز (یو ایس پی) پیش کی۔ اس منصوبے کا مقصد سائٹ انڈسٹریل ایریا سے سمندر میں چھوڑے جانے والے غیر علاج شدہ میونسپل پانی کو ری سائیکل کرنا اور اسے صنعتی کھپت کے لئے واپس فراہم کرنا ہے جس سے گھریلو صنعتوں کے لئے پائیدار، مستقل اور ماحول دوست حل پیدا ہوگا۔ یو ایس پی کو کے ڈبلیو ایس بی نے قبول کیا تھا اور پہلے انکار کا حق دیا گیا ہے۔ حبکو اس منصوبے کو فعال طور پر آگے بڑھا رہا ہے کیونکہ جی او ایس مسابقتی بولی کے مرحلے کی طرف بڑھ رہا ہے اور ہم امید کرتے ہیں کہ مثبت بیرونی پہلو پیدا کرتے ہوئے اپنے کاروبار اور تنوع کے مفادات کو مزید وسعت دیں گے۔

قابل تجدید توانائی کے منصوبے

اگرچہ غیر بجلی کی پیداوار میں تنوع حبکو کے توسیعی منصوبے کے لئے اہم ہے، لیکن کمپنی اس بات سے بخوبی آگاہ ہے کہ قابل تجدید توانائی (آر ای) بجلی پیدا کرنے کے اہم کاروباری مواقع پاکستان کی مجموعی توانائی کی سلامتی کے لئے اہم ہیں۔ ہم ونڈ اور شمسی توانائی کے منصوبوں کے لئے قابل عمل قومی اور تقسیم کی سطح کے منصوبوں کی نگرانی جاری رکھے ہوئے ہیں اور ایسے منصوبوں میں حصہ لینے کے لئے مکمل طور پر پرعزم ہیں جو تمام اسٹیک ہولڈرز کے لئے بامعنی شراکت اور قدر رکھتے ہیں۔

رواں سال کے دوران حبکو کو کے الیکٹرک نے دھابیجی گرڈ اسٹیشن کے قریب 200 میگاواٹ صلاحیت کے پاکستان کے پہلے ونڈ سولر ہائبرڈ منصوبے کے لیے بولی لگانے کے لیے پری کوالیفائی کرلیا ہے۔ ہم خریداری میں حصہ لینے کا ارادہ رکھتے ہیں کیونکہ یہ ضروری ریگولیٹری منظوریوں کے ذریعے آگے بڑھتا ہے۔ ہم اسے بہت سے دیگر قابل تجدید منصوبوں میں سے ایک تصور کرتے ہیں جو آنے والے مستقبل میں حبکو شروع کرے گا۔

برقی گاڑیوں کا منظر نامہ

یہ تصور کیا جاتا ہے کہ اگلے چند سالوں میں، عالمی آٹوموٹو سیکٹر توانائی کے بنیادی ذریعہ کے طور پر برقی توانائی ویکٹر کی طرف ترقی کرے گا۔ کمپنی توانائی کی نئی مصنوعات اور خدمات میں حصہ لینے کے امید افزا مواقع پر محتاط رہتی ہے جو وسیع پیمانے پر اپنانے کے قابل بنائے گی۔ ہم پوری زنجیر میں متعدد سطحوں پر مشغول ہونے کا ارادہ رکھتے ہیں اور ترقی کے ساتھ ساتھ مضبوط کاروباری مواقع کا مشاہدہ اور عمل جاری رکھیں گے۔

کمپنی مسابقتی ٹریڈنگ باہمی معاہدہ مارکیٹ (سی ٹی بی سی ایم) کی ترقی کی بھی قریب سے نگرانی کررہی ہے۔ ہم بی 2 بی پاور مارکیٹ میں مستقبل میں ترقی کے مواقع کی پیروی جاری رکھیں گے کیونکہ وہ ترقی کرتے ہیں۔ سی ٹی بی سی ایم نقل وحمل کے شعبے کی برقیکاری کی طرف ایک اہم معاون عنصر کے طور پر بھی ترقی کرسکتا ہے۔

حبکو کی جانب سے 50:50 جوائنٹ وینچر (پرائم انٹرنیشنل آئل اینڈ گیس کمپنی لمیٹڈ) کے ذریعے ENI کے پاکستان بزنس کا حصول 29 دسمبر 2022 کو مکمل کیا گیا۔ حبکو ملک کے لئے اہم مقامی ایندھن کے ذرائع کی ترقی پر توجہ مرکوز کرنے اور پاکستان کے تیل اور گیس کے شعبے میں اپنے قدم جمانے کا ارادہ رکھتا ہے۔ پرائم کے اہم مقاصد ہمارے قومی قدرتی وسائل کا زیادہ سے زیادہ استعمال ہے جس کے تحت ملکیتی اثاثوں میں نئی توسیع اور نامیاتی ترقی دونوں کو ہدف بنایا جائے گا۔

آپریشنل جھلکیاں

زیر نظر سال کے دوران ہمارے پلانٹس اور ایسوسی ایٹس کی آپریشنل جھلکیاں درج ذیل ہیں:

پلانٹ کا نام	مالی سال 2023-22	مالی سال 2022-21
حب پلانٹ	205 GWh	1229 GWh
نارووال پلانٹ	470 GWh	868 GWh
لاریب پلانٹ	345 GWh	413 GWh
سی پی ایچ جی سی پلانٹ	1546 GWh	6,755 GWh
ٹی ای ایل پلانٹ (سی او ڈی بوقت یکم اکتوبر 2022)	1053 GWh	-
ٹی این پی ٹی ایل پلانٹ (سی او ڈی بوقت 17 فروری 2023)	758 GWh	-

ہم ایک پائیدار درآمد متبادل حکمت عملی تیار کرنے کے لئے پرعزم ہیں۔ زیر غور سال کے دوران ہمارے ٹی ای ایل اور ٹی این پی ٹی ایل پلانٹس نے تھر کوئلے کی طاقت کو بروئے کار لاتے ہوئے معیشت میں 150 ملین امریکی ڈالر کی بچت کی۔ ان پلانٹس کو میرٹ آرڈر میں اعلیٰ درجہ دیا گیا ہے کیونکہ وہ درآمد شدہ ایندھن کے مقابلے میں بجلی کی پیداوار کی کافی کم لاگت پیش کرتے ہیں۔ دونوں پلانٹس درآمد شدہ ایندھن پر ہمارا انحصار کم کر کے سالانہ 380 ملین امریکی ڈالر کی بچت جاری رکھیں گے۔

آپریٹنگ ماتحت اداروں اور ایسوسی ایٹس سمیت کمپنی کے پاور جنریشن شیئر کا جائزہ

گزشتہ چھ سالوں کے لئے کمپنی کا پاور جنریشن شیئر درج ذیل ہے:

مالی سال	پاکستان میں بجلی کی پیداوار (GWh)	کمپنی کا حصہ (GWh)	فیصد (%)
2017-18	120,621	8,590	7.1%
2018-19	133,593	1,817	1.4%
2019-20	137,039	6,402	4.7%
2020-21	149,698	9,074	6.1%
2021-22	157,880	9,265	5.9%
2022-23	138,210	4,728*	3.4%

* کمرشل آپریشنز کے آغاز سے پہلے ٹی ای ایل اور ٹی این پی ٹی ایل کے ذریعہ پیدا کردہ 359 گیگا واٹ شامل ہیں۔

ڈائریکٹروں کی رپورٹ

آپ کی کمپنی کے ڈائریکٹرز 30 جون، 2023 کو ختم ہونے والے سال کے لئے کمپنی کی سالانہ رپورٹ کو اس کے آڈٹ شدہ مالی بیانات کے ساتھ پیش کرنے پر خوش ہیں۔

کمپنی کے بارے میں

حب پاور کمپنی لمیٹڈ (حبکو) ملک کی پہلی آزاد پاور پروڈیوسر (آئی پی پی) ہے اور اب براہ راست اور بالواسطہ طور پر کام کرتی ہے اور 3,581 میگاواٹ کی مشترکہ بجلی کی پیداواری صلاحیت کے ساتھ مختلف پاور پلانٹس کی مالک اور/ یا آپریٹر ہے۔ حب پلانٹ 1292 میگاواٹ کا آر ایف او سے چلنے والا تھرمل پاور پلانٹ ہے۔
نارووال انرجی لمیٹڈ، 100% ملکیتی ماتحت ادارہ، 225 میگاواٹ کا آر ایف او سے چلنے والا، انجن پر مبنی، کمبائنڈ سائیکل پاور اسٹیشن ہے، جو پنجاب میں نارووال کے علاقے موزا پونگ میں واقع ہے۔

کمپنی پاکستان کے پہلے ہائیڈل آئی پی پی لاریب انرجی لمیٹڈ میں بھی 75 فیصد کنٹرول رکھتی ہے، جو آزاد جموں وکشمیر میں منگلا ڈیم سے 8 کلومیٹر نیچے نیو بونگ اسکیپ کے قریب 84 میگاواٹ کا ہائیڈل پاور پلانٹ ہے۔ زیرغور سال کے دوران، ایل ای ایل نے ایندھن کی لاگت کے بغیر قومی گرڈ میں 345 گیگا واٹ صاف توانائی کا حصہ ڈالا، جس سے ملک کے لئے ~29 ملین امریکی ڈالر کی بچت ہوئی۔

تھر انرجی لمیٹڈ (ٹی ای ایل) کے پاس تھر بلاک ٹو، سندھ میں 330 میگاواٹ کا مائن ماؤتھ لیگنائٹ سے چلنے والا پاور پلانٹ ہے جس نے یکم اکتوبر 2022 کو کمرشل آپریشنز کی تاریخ (سی او ڈی) حاصل کی۔ کمپنی فوجی فرٹیلائزر کمپنی لمیٹڈ (ایف ایف سی ایل) اور سی ایم ای سی ٹی ای ایل پاور انویسٹمنٹ لمیٹڈ (سی ایم ای سی دبئی) کے ساتھ شراکت میں ٹی ای ایل کے 60 فیصد حصص رکھتی ہے۔

کمپنی نے اپنی ترقی کے اقدامات کے لئے مکمل ملکیت والے ماتحت ادارے قائم کیے ہیں۔ حب پاور ہولڈنگز لمیٹڈ (ایچ پی ایچ ایل) کو مستقبل کے ترقی کے منصوبوں میں سرمایہ کاری کے لئے شامل کیا گیا ہے۔ چائنا پاور حب جنریشن کمپنی لمیٹڈ (سی پی ایچ جی سی) چائنا پاور انٹرنیشنل ہولڈنگز (سی پی آئی ایچ) کے ساتھ ہمارا مشترکہ منصوبہ ہے جس میں 1320 میگاواٹ درآمد شدہ کوئلے پر مبنی پاور پلانٹ اور حب میں واقع ایک مربوط کوئلہ جیٹی شامل ہے۔ ایچ پی ایچ ایل تھر بلاک ٹو، سندھ میں 330 میگاواٹ کے مائن ماؤتھ لیگنائٹ سے چلنے والے پاور پلانٹ تھل نوا پاور تھر پرائیویٹ لمیٹڈ (ٹی این پی ٹی ایل) میں 38.3 فیصد حصص اور مینجمنٹ کنٹرول بھی رکھتا ہے، جس نے 17 فروری 2023 کو کمرشل آپریشنز ڈیٹ (سی او ڈی) حاصل کی۔

حب پاور سروسز لمیٹڈ (ایچ پی ایس ایل) ہمارے موجودہ پاور اثاثوں کے او اینڈ ایم کا انتظام کرتی ہے اور تھر میں ہمارے دیسی کوئلے سے چلنے والے پلانٹس کے او اینڈ ایم کو کامیابی کے ساتھ اپنے قبضے میں لے چکی ہے۔ ایچ پی ایس ایل اس وقت حب، نارووال، لاریب، ٹی ای ایل اور ٹی این پی ٹی ایل پلانٹس چلا رہا ہے۔ ایچ پی ایچ ایل ایک مشترکہ منصوبے کے ذریعے سی پی ایچ جی سی پلانٹ چلا رہا ہے۔

کمپنی سندھ اینگرو کول مائننگ کمپنی لمیٹڈ (ایس ای سی ایم سی) میں بھی 8 فیصد حصص رکھتی ہے، جو حبکو، اینگرو، تھل لمیٹڈ، ایچ بی ایل، سی ایم ای سی اور حکومت سندھ کا مشترکہ منصوبہ ہے، جس نے تھر میں کوئلے کی کان تیار کی ہے، جو دنیا میں کوئلے کا ساتواں سب سے بڑا ذخیرہ ہے۔ ایس ای سی ایم سی نے 10 جولائی 2019 کو منصوبے کے پہلے مرحلے اور 1 اکتوبر 2022 کو دوسرے مرحلے کے لیے کمرشل آپریشنز حاصل کیے۔ کان کنی کی صلاحیت اس وقت 7.6 ملین ٹن سالانہ ہے جس کے دوسرے مرحلے سے تھر میں ہمارے 330 میگاواٹ کے دو پاور پلانٹس کام کررہے ہیں۔

Independent Auditor's Review Report

To the members of The Hub Power Company Limited
Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of The Hub Power Company Limited for the year ended June 30, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2023.

Statement of Compliance with the Shariah Governance Regulations 2018 & Sukuk (Privately Placed) Regulations 2017

For the year ended June 30, 2023

REANDA

HZ

1. Scope of our Work

We have undertaken a reasonable assurance engagement that the Securities and Exchange Commission of Pakistan (the SECP) has required in terms of its Shariah Governance Regulations, 2018 (the Regulations) and Sukuk (Privately Placed) Regulations, 2017 for assessing compliance of The Hub Power Company Limited's (the Company) financial arrangements, contracts and transactions, in relation to the Sukuk-3 amounting to Rs. 7,000 million, Sukuk-5 amounting to Rs. 5,000 million and Sukuk-11 amounting to Rs. 6,000 million (collectively referred to as "the Sukuk') having Shariah implications with the Shariah principles (criteria specified below) for the year ended June 30, 2023. This engagement was conducted by a multidisciplinary team including assurance practitioner and independent Shariah Scholar.

2. Applicable Criteria

The Criteria for the assurance engagement, against which the Statement of Compliance with the Shariah Governance Regulations, 2018 and Sukuk (Privately Placed) Regulations, 2017 for the year ended June 30, 2023 (the Statement) (underlying subject matter information) is assessed comprises of compliance with the features and Shariah requirements of the Sukuk in accordance with the requirements of the Regulations. Our engagement was carried out as required under Regulation 21 of Chapter VI of the Regulations in the light of the following:

a) rules, regulations and directives issued by the SECP;

b) pronouncements of the Shariah Advisory Board;

c) Shariah Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions, as adopted by the SECP, if any;

d) requirements of the applicable Islamic Financial Accounting Standards as notified by the SECP, if any; and

e) approvals and rulings given by the Shariah Advisor of the Company in line with the Regulations and in accordance with the rulings of the Shariah Advisory Board.

3. Responsibility of the Company's Management

The responsibility for the preparation and fair presentation of the Statement (the subject matter information) and for compliance with the features and Shariah requirements of the Sukuk in accordance with the requirements of the Regulations is that of the management of the Company. Further, the Company's management is responsible to ensure that the financial arrangements, contracts and transactions, in relation to the Sukuk, having Shariah implications, entered into by the Company and related policies and procedures are in compliance with the Shariah principles as per the Criteria. The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records. The management is also responsible to ensure that the personnel involved are conversant with the Criteria for the purpose of the Company's compliance.

4. Our Independence and Quality Control

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code.

The firm applies International Standard on Quality Control 1 "Quality Control for Firms That Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements" and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. Responsibility of Independent Assurance Provider

Our responsibility in connection with this engagement is to express our conclusion on the Statement based on our independent assurance engagement, performed in accordance with International Standard on Assurance Engagements 3000 (Revised), "Assurance Engagements other than audits or reviews of historical financial information', issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the annexed Statement reflects, in all material respects, the status of the Company's compliance with the features and Shariah requirements of the Sukuk in accordance with the requirements of the Shariah Governance Regulations, 2018 and Sukuk (Privately Placed) Regulations, 2017 and is free from material misstatement.

The procedures selected by us for the engagement depend on our judgement, including an assessment of the risks of material non-compliance with the Criteria. In making those risk assessments, we considered and tested the internal control relevant to the Company's compliance with the Criteria in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts and transactions having Shariah implications and related policies and procedures based on judgmental and systematic samples with regard to the compliance with the Criteria.

We believe that the evidence we have obtained through performing our procedures is sufficient and appropriate to provide a basis for our opinion.

6. Conclusion

Based on our reasonable assurance engagement, in our opinion, the Statement reflects, in all material respects, the status of the Company's compliance with the features and Shariah requirements of the Sukuk in accordance with the requirements of the Shariah Governance Regulations, 2018 and Sukuk (Privately Placed) Regulations, 2017 and is free from material misstatement.

7. Restriction on use and distribution

This report is issued in relation to the requirements as stipulated under Regulation 21 of Chapter VII of the Shariah Governance Regulations, 2018 and is not to be used for any other purpose. This report is restricted to the facts stated herein and the annexed Statement.

Corporate Governance

AGM Issues and Responses

The 31st Annual General Meeting of the Company was held on October 05, 2022. During the AGM, queries and clarifications were sought on the Company's financial statements, which were resolved to the satisfaction of the shareholders. Apart from the said queries, no significant issues or concerns were raised by the shareholders.

Stakeholders' Engagement

The Company upholds the loyalty and positive perception of its stakeholders and engages with its stakeholders through transparent and continued relationships. The Company also safeguards fair dealings with banks and lenders, improved risk management, compliance with laws and regulations, enhanced corporate recognition, improved commitment and participation of valued and competent human resource and places great emphasis on building excellent image in front of public at large.

Frequency Of Engagements

The occurrence of engagements is based on business and corporate requirements as specified by the Code of Corporate Governance, contractual obligations or on requirement basis, with the following stakeholders:

- Investors / Shareholders
- Power Purchaser and Suppliers
- Financial Analysts
- Banks and other lenders
- Media
- Regulators
- Employees
- Local community and General Public

Code of Business Ethics

As we strive to improve our performance in a fast-changing, competitive world, we endeavor to always remain true to our Code of Business Ethics. They are a bedrock of our success, in tough times and good times, governing how the Company conducts its affairs. The code of ethics describes the behavior HUBCO expects of its employees and what our employees can expect from the Company. The code is more than a set of rules. It underlines the core principles that the Company expects its employees to live by, such as honesty, integrity and respect for people. The conduct of employees is evaluated on how our employees continue to live by these core principles both in intention and spirit.

The key task for every employee of the Company is to ensure sustainability and reliability of our business, strengthening the relationship with the customer and building on the Company's image of a good corporate citizen. We ensure that we maintain a stellar reputation amongst our shareholders, customers, the Government and suppliers alike – as a Company that observes the highest standards of personal and corporate integrity.

Company's Code of Business Ethics sets out the minimum standards expected of the entire team. This ensures that the Company maintains good reputation by dealing and being seen to deal with all our business contacts in a professional and acceptable way. Unethical practices of any sort are not allowed to find their way into the business.

We believe that employees have a duty to themselves and to the Company to raise any matters of business conduct or ethics which cause concern. Employees are not allowed to commit an illegal or unethical act, nor instruct and/or encourage another employee to do so. The known laws and regulations of the country should always be followed.

Business Ethics followed by the Company help to protect both the employees and the Company from unfounded accusations of deception and fraud and ensure that where corruption and fraud have or might have taken place, it is properly investigated and dealt with in a timely manner. As a general rule, we treat our employees as Company's ambassadors to all our stakeholders and, therefore, employees are expected to promote the Company's best interests whilst maintaining the highest standards of personal integrity and business practice in all their dealings.

Employees must at all times act in the interest of the Company's shareholders and must abide by the Company's stated standards of environmental, safety and management practices. The application of these principles is underpinned by a comprehensive set of assurance procedures, which are designed to make sure that our employees understand the principles and confirm that they act in accordance with them. We believe that the code of business ethics has been fundamental in the manner in which we have conducted our business and ourselves with respect to the environment in which we operate and living by them remains crucial to our continued success.

Human Resources

Employee Skill Development and Growth

This year our focus remained of developing the skills of our workforce to successfully takeover the O&M of TEL & TN Projects. This was a significant step in the development and diversification of our employees' skillsets and helped us provide career advancements and enrichment opportunities to our internal talent.

Building a more efficient and robust organization

Post centralization of our major business support functions such as Finance, HR, Commercial and others, the day-to-day tasks can now be performed with more ease and collaboration. HUBCO continues its strong emphasis and commitment in training & development of employees for creating and improving efficacy of the organization.

Employee Engagement

Employee engagement has always been a core pillar for HUBCO as research indicates that employee engagement directly impacts business productivity and results. To gauge and improve employee engagement levels we have implemented a world class employee engagement software Glint (a tool by LinkedIn), which has not only allowed us to analyze engagement at a team-based level, but it also provides necessary tools and trainings to our managers to develop action plans and improve employee engagement levels across the Organization.

Diverse Endeavors

As part of HUBCO's diversification strategy, the Company has pursued opportunities in the fields of Exploration & Production (E&P), green energy, alternate energy, electrification of transport, water and mining.

Acquisition of Eni's Pakistan Business by HUBCO through a 50:50 joint venture (Prime International Oil and Gas Co.) was completed on December 29, 2022. Through Prime, HUBCO has embarked on a mission to further develop critical indigenous fuel sources for the country and work towards optimum utilization of our natural resources through both new expansions and organic growth in owned assets. In continuation of this strategy and to re-energize its exploration portfolio, in June 2023 Prime was provisionally awarded S W Miano III Block, as a result of the bid round carried out by the Directorate General Petroleum Concessions (DGPC) and subject to completion of approval formalities from regulatory authorities. Prime has been operating in the region for more than 35 years and there are several Gas Processing facilities nearby. Prime has and will continue to evaluate other new business opportunities in order to explore and exploit the full potential of country's indigenous fuel resources.

Water solutions remain close to HUBCO's diversification strategy and efforts. HUBCO aims to provide a reliable and consistent supply of industrial grade water to the SITE Industrial Area, enabling a conducive business environment for local industry and creating both direct and indirect employment opportunities. The success of this project will pave the way for other wastewater recycling projects in Karachi and the rest of Pakistan. We firmly believe that water being a critical industrial input will further augment Pakistan's environmental standing as a responsible resource manager.

While efforts towards non-power generation business is strong, HUBCO will continue to explore opportunities in renewable energy, including participation in both the National, Distribution level and Competitive Trading Bilateral Contract Market CTBCM projects in renewable energy. These projects are critical for Pakistan's energy independence and local developers are ideally placed to reduce reliance on import of traditional fossil fuels. Furthermore, as the economics for renewable energy projects become increasingly competitive, Pakistan will only stand to gain as it harnesses its vast RE resources. HUBCO will continue to pursue affordable, reliable projects.

HUBCO is also closely evaluating the electrification potential of the Country's transport sector. As the EV space evolves in Pakistan, potential electrification opportunities will undoubtedly require reliable and readily available energy infrastructure. We anticipate that as Electric Vehicles will continue to become cost competitive over time, providing Pakistan the opportunity to replicate successful electrification opportunities currently observed globally. Positive impacts that Competitive Trading Bilateral Contract Market (CTBCM) may bring to the energy distribution for the transport sector of Pakistan are also being considered which may become a critical factor for deployment of the supporting infrastructure.

Looking ahead, HUBCO, through its subsidiaries, affiliates, associates, and partners, will continue to pave the way for new discoveries, opportunities, and possibilities to fuel Pakistan's future growth.

Materiality approach adopted by the management

Determination of materiality levels, other than those provided under the regulations, is judgmental and varies between organizations. In general, matters are considered to be material if, individually or in aggregate, they are expected to significantly affect the performance and profitability of the Company. Materiality levels are reviewed periodically and are appropriately updated.

Powers of the Board of Directors and the Management of the Company have been defined with special reference to, and in compliance with the Companies Act 2017, the Code of Corporate Governance, the Articles of Association of the Company, guidelines and frameworks issued by professional bodies and best practices.

The Board powers include approvals for capital expenditure, disposal of fixed assets, annual business plans, policy formulation, risk management, human resource management, donations, matters relating to health, safety and the environment and other matters required by law or internal policies.

Authorizations for transactions and delegation of powers have also been defined clearly and carried out through formalized processes keeping in view defined materiality levels.

A·F·FERGUSON&Co.

INDEPENDENT
AUDITOR'S REPORT

To the members of The Hub Power Company Limited
Report on the Audit of Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of The Hub Power Company Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2023, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements' section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No.	Key audit matters	How the matter was addressed in our audit
(i)	**Contingent Liabilities** [Refer notes 28.4 to 28.8 to the unconsolidated financial statements] The Company has significant contingent liabilities in respect of Income Tax, Sales Tax, Federal Excise Duty (FED), Workers Profit Participation Fund (WPPF) and First Fill claim matters, which are pending adjudication at various appellate forums and at arbitration. These are based on a range of issues such as disallowance of certain expenses for income tax purposes, apportionment of input sales tax claims, applicability of FED on services, applicability of WPPF on the operations of the Company and demand / claim by Central Power Purchasing Agency Guarantee Limited (CPPA-G). Contingencies require management to make judgments and estimates in relation to the interpretation of laws, statutory rules, regulations and the probability of outcome and financial impact, if any, on the Company for disclosure and recognition and measurement of any provision that may be required against such contingencies. Due to the significance of the amounts involved, inherent uncertainties with respect to the outcome of the matters and use of significant management judgments and estimates to assess the same including related financial impacts, we have considered contingent liabilities as a key audit matter.	Our audit procedures, amongst others, included the following: i) obtained an understanding of the Company's process and controls over litigations through meetings with management and read the minutes of the meetings of Board of Directors and Board Audit Committee; ii) obtained and assessed details of the pending tax, FED, WPPF and First Fill claim matters and discussed the same with the Company's management; iii) circularised confirmations to the Company's external legal and tax advisors for their views on matters being handled by them; iv) involved internal tax professionals to assess management's conclusion on contingent tax matters and evaluated consistency of such conclusions with the views of management and external tax advisors engaged by the Company; v) checked correspondence of the Company with the relevant authorities including judgments or orders passed by the competent authorities in relation to the issues involved or matters which have similarities with the issues involved; and vi) assessed the adequacy of the related disclosures made in the unconsolidated financial statements in this respect with regard to the applicable accounting and reporting standards.
(ii)	**Receivable from Central Power Purchasing Agency Guarantee Limited (CPPA-G)**	
	[Refer notes 3.17 and 18 to the unconsolidated financial statements] The Company under the Power Purchase Agreement (PPA) supplies electricity to the sole customer i.e., CPPA-G and recognises revenue based on the output delivered and Capacity available. Continuous delays by CPPA-G in settlement of invoices raised by the Company under the PPA have resulted in accumulation of trade debts aggregating to Rs. 55,084 million as at June 30, 2023 including overdue trade debts of Rs. 48,471 million. Due to delays in recovery, the Company has financed its operations through short and long term financing arrangements and by delaying the settlement of trade and other payables.	Our audit procedures, amongst others, included the following: i) assessed whether the revenue and related trade debts / receivables have been recognised in accordance with the accounting framework applicable on the Company; ii) checked that the invoices raised by the Company during the year are in accordance with the requirements of the PPA; iii) circularised confirmation of trade debts / receivables to CPPA-G; iv) checked the receipts from CPPA-G by tracing the amount from the bank statements; v) made inquiries with the management of the Company and read minutes of the meetings of the

S. No.	Key audit matters	How the matter was addressed in our audit
	In view of the significant delays in settlement of receivables, materiality of these trade receivables and the potential impairment charge and the consequential impact on the liquidity and operations of the Company, we have considered this to be an area of higher assessed risk and a key audit matter.	Board of Directors and Board Audit Committee to ascertain actions taken by them for the recoverability of these receivables; vi) checked Implementation Agreement and assessed whether trade debts are secured against guarantee from the Government of Pakistan and whether any impairment is required to be recognised there against as per the applicable accounting framework; and vii) assessed adequacy of the related disclosures made in the unconsolidated financial statements, with regards to applicable accounting and reporting standards.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Report thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

(a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

(b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

(c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and

(d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor’s report is Waqas Aftab Sheikh.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

1. THE COMPANY AND ITS OPERATIONS

The Hub Power Company Limited (the "Company") was incorporated in Pakistan on August 1, 1991 as a public limited company. The shares of the Company are listed on the Pakistan Stock Exchange (PSX). The principal activities of the Company are to develop, own, operate and maintain power stations. The Company owns an oil-fired power station of 1,200 MW (net) in Balochistan (Hub plant).

Head Office:

The Company's registered office is situated at 9th Floor, Ocean Tower, G-3, Block-9,
Main Clifton Road, Karachi.

Hub Plant:

Hub Plant is situated at Mouza Kund, Post Office Gaddani, District Lasbela, Balochistan.

The Company has the following subsidiaries, associates and joint venture:

Subsidiaries

- Laraib Energy Limited (LEL) - Holding of 74.95%;
- Hub Power Services Limited (HPSL) - Holding of 100%;
- Hub Power Holdings Limited (HPHL) - Holding of 100%;
- Narowal Energy Limited (NEL) - Holding of 100%; and
- Thar Energy Limited (TEL) - Holding of 60%.

Associates

Joint Venture

- Prime International Oil & Gas Company Limited - Holding of 50% via HPHL; and
- China Power Hub Operating Company (Private) Limited (CPHO) - Holding of 49% via HPHL.

Further information of subsidiaries, associates and joint ventures is disclosed in note 14 to these unconsolidated financial statements.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements are separate financial statements of the Company and have been prepared in accordance with the accounting and reporting standards applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Changes in accounting standards and interpretations

Standards, interpretations and amendments to published approved accounting and reporting standards which became effective during the year:

There were certain amendments to accounting and reporting standards which became effective on the Company for the current year. However, these do not have any significant impact on the Company's financial reporting and, therefore, have not been disclosed in these unconsolidated financial statements.

2.3 Accounting convention

These unconsolidated financial statements have been prepared under the historical cost convention, except as disclosed in the significant accounting policies in note 3.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, plant and equipment

3.1.1 Operating fixed assets and depreciation

Owned

These are stated at cost less accumulated depreciation and impairment losses, if any, except for freehold land which is stated at cost.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets at the rates disclosed in note 12.1 to these unconsolidated financial statements. Depreciation on additions is charged for the full month in which an asset is available for use and on disposals up to the month immediately preceding the disposals. Gains and losses on disposals are taken to the statement of profit or loss.

Maintenance and repairs are charged to the statement of profit or loss as and when incurred. Major renewals and improvements are capitalised.

Spare parts and servicing equipment are classified as operating fixed assets under plant and machinery rather than stores, spares and loose tools when they meet the definition of property, plant and equipment. Available for use capital spares and servicing equipment are depreciated over their useful lives, or the remaining life of principal asset, whichever is lower.

The residual value, depreciation method and the useful lives of the significant items of operating fixed assets are reviewed and adjusted if required, at each reporting date.

Right-of-use assets

Right-of-use assets are initially measured on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs, lease incentive and the discounted estimated asset retirement obligation. Subsequently, the right-of-use asset is measured at cost net of any accumulated depreciation and accumulated impairment losses. Depreciation is calculated on a straight-line basis over the shorter of estimated useful lives of the right-of-use assets or the lease term.

3.1.2 Capital work-in-progress

Capital work-in-progress is stated at cost less impairment losses, if any. Items are transferred to operating fixed assets as and when they are available for use.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

3.2 Intangible assets and amortisation

These are stated at cost less accumulated amortisation and impairment losses, if any. Amortisation is computed using the straight-line method over the estimated useful lives of the assets at the rate disclosed in note 13 to these unconsolidated financial statements.

3.3 Investments

Subsidiaries

Investment in subsidiaries is recognised at cost less impairment losses, if any.

Others

On initial recognition, the Company designate investments in equity instruments as at Fair Value Through Other Comprehensive Income (FVTOCI) if the equity investment is not held for trading or if it is contingent consideration recognised in a business combination.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in retained earnings.

3.4 Impairment of non-current assets

The carrying amounts of non-current assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated to assess whether asset's carrying value exceeds its recoverable amount. Where carrying value exceeds the estimated recoverable amount, asset is written down to its recoverable amount. Impairment losses are recognised as expense in the statement of profit or loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.5 Stores, spares and consumables

These are valued at the lower of moving average cost and net realisable value except for the items in transit which are stated at cost. Cost of stock-in-transit represents the invoice value plus other charges incurred thereon till the reporting date. Provision is made for slow moving and obsolete items, if any.

3.6 Stock-in-trade

These are valued at the lower of cost determined on first-in-first-out basis and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale. Cost of stock-in-transit represents the invoice value plus other charges incurred thereon till the reporting date.

3.7 Share capital

Ordinary shares are classified as equity and recognised at their face value. Discount or premium on issuance of shares is separately reported in statement of changes in equity. Transaction costs directly attributable to the issuance of shares are shown in equity as a deduction, net of tax.

3.8 Provisions

Provisions are recognised when the Company has a present (legal or constructive) obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

3.9 Staff retirement benefits

Defined benefit plan

The Company operates a funded defined benefit gratuity plan covering eligible employees whose period of service with the Company is at least five years. The liabilities relating to defined benefit plans are determined through actuarial valuation using the Projected Unit Credit Method. The method involves making assumptions about discount rates, future salary increases and mortality rates. Due to the long-term nature of these benefits, such estimates are subject to certain uncertainties.

Defined contribution plan

The Company operates a recognised contributory provident fund covering all its employees who are eligible for the plan. Equal monthly contributions are made by the Company and the employees in accordance with fund's rules.

3.10 Revenue recognition

3.10.1 Sale of electricity

Revenue from the sale of electricity to the Central Power Purchasing Agency (Guarantee) Limited [CPPA(G)], the sole customer of the Company, is recorded based upon the output delivered and capacity available at rates as specified under the Power Purchase Agreement (PPA) with CPPA(G), as amended from time to time. The payment is due 14 days and 30 days after the acknowledgement of the output delivered invoice and capacity available invoice, respectively. PPA with CPPA(G) is a contract over a period of 30 years starting from 1997. Late payment interest, as per the PPA, on receivables from CPPA(G) is recorded on accrual basis.

3.10.2 Dividend income

Dividend income is recognised when the Company's right to receive payment has been established.

3.10.3 Management services income

Revenue is recorded when the services are rendered to the customer and when performance obligations are fulfilled.

Revenue for management services is recognised to the extent it is probable that the economic benefits will flow to the Company and amount of revenue can be measured reliably.

3.10.4 Interest income

Interest income is recorded on accrual basis.

3.11 Functional and presentation currency

Items included in these unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These unconsolidated financial statements are presented in Pak Rupees which is the Company's functional currency, unless otherwise stated.

3.12 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupees equivalents using reporting date exchange rates. Non-monetary assets and liabilities are stated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions and translation are included in the statement of profit or loss.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

3.13 Taxation

Income of the Company is not liable to taxation in Pakistan, to the extent, provided in the Implementation Agreement signed with the Government of Pakistan (GOP) and the Income Tax Ordinance, 2001 (ITO 2001). Accordingly, provision for taxation, if any, is made only on the income liable to tax at the applicable rates of tax after taking into account tax credits, rebates etc. allowable under the ITO 2001.

3.14 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the period in which it is approved.

3.15 Financial instruments

3.15.1 Trade debts and other receivables

Trade debts and other receivables are recognised initially at fair value plus directly attributable transaction cost, if any, and subsequently measured at amortised cost using the effective interest rate method less provision for impairment, if any.

3.15.2 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, payorders in hand, cash with banks on savings, call and term deposit accounts and short term borrowings payable on demand. Short term borrowings are shown in current liabilities.

3.15.3 Borrowings

Borrowings are recognised initially at fair value, net of attributable transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest rate method.

3.15.4 Trade and other payables

Liabilities for trade and other amounts payable are recognised initially at fair value and are subsequently measured at amortised cost using the effective interest rate method.

3.16 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by weighted average number of ordinary shares outstanding during the year.

3.17 Impairment of financial assets

Trade debts are assessed at each reporting date to determine whether there is any objective evidence that these are impaired. These are considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

The SECP through S.R.O. 67 (I)/2023 dated January 20, 2023, extended the exemption on application of ECL model under IFRS – 9 "Financial Instruments" in respect of financial assets due from Government of Pakistan for the financial year ending on or before December 31, 2024. Accordingly, the Company has applied the requirements of IAS – 39 "Financial Instruments: Recognition and Measurement" in these unconsolidated financial statements with respect to calculation of impairment loss in respect of such financial assets.

For financial assets other than trade debts, lifetime ECL is used when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

3.18 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised. All other borrowing costs are recognised as an expense in the period in which they are incurred. Qualifying assets are assets that necessarily take substantial period of time to get ready for their intended use.

3.19 Off-setting

Financial assets and liabilities are offset and net amount is reported in the unconsolidated financial statements only when there is a legally enforceable right to set-off the recognised amount and the Company intends either to settle on net basis, or to realise the assets and to settle the liabilities simultaneously.

3.20 Lease liabilities

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

The lease liabilities are initially measured at the present value of the remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease liabilities are subsequently measured at amortised cost using the effective interest method. They are remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the respective right-of-use asset, or is recorded in profit or loss if the carrying amount of that right-of-use asset has been reduced to zero.

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of unconsolidated financial statements in conformity with approved accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the periods in which the estimates are revised and in any future periods affected. Significant estimates, assumptions and judgements are disclosed in the relevant accounting policies and notes to these unconsolidated financial statements.

Following are the significant areas where management used estimates and judgements other than those which have been disclosed elsewhere in these unconsolidated financial statements:

a) Determining the residual values and useful lives of property, plant and equipment and intangibles;
b) Distinguishing between capital spares, servicing equipment and stores and spares;
c) Provisions;
d) Recognition of taxation;
e) Recognition of provision for staff retirement benefits;
f) Impairment of trade debts and other receivables;
g) Commitments and contingencies;
h) Determining the fair value of equity instruments designated as FVTOCI;
i) Recognition of lease liabilities and right of use assets; and
j) Recognition of income from management services.

14.1 Laraib Energy Limited (LEL)

The Company has 74.95% controlling interest in LEL, which was incorporated in Pakistan on August 9, 1995 as a public limited company. The subsidiary owns a 84 MW hydropower generating complex near the New Bong Escape, which is 8 KM downstream of the Mangla Dam in Azad Jammu & Kashmir. The plant commenced operations on March 23, 2013.

In connection with investment in LEL, the Company entered into an Sponsor Support Agreement (SSA). In accordance with the terms of the SSA, the Company entered into a Sponsor Charge and Assignment Deed with LEL's lenders pursuant to which the Company has:

(i) charged, by way of first fixed charge:

  (a) all its right, title and interest from time to time in and to the Shares and Related Rights of LEL; and

  (b) all its rights, title and interest from time to time (whether present or future) in the Assigned Subordinated Loans and all claims in relation thereto.

(ii) assigned and has agreed to assign absolutely all rights, title and interest present or future of the Company in respect of the Assigned Subordinated Loans.

Accordingly, all the present and future shares which the Company holds or owns in LEL and the loans, if any, to be provided to LEL are subject to Security Interest created by Sponsor Charge and Assignment Deed above.

Pursuant to the SSA in connection with the investment in LEL, the Company entered into a facility agreement with a bank and provided a Stand By Letter of Credit (SBLC) of USD 23 million to LEL's lenders for cost overruns and debt repayment. The SBLC amount has been reduced to USD 7.098 million. The SBLC is required to be maintained till the last repayment of debt (expected in 2024) currently the SBLC is valid till November 2023. Any default in payment by the Company is subject to a mark-up of six month KIBOR plus a margin of 4%. This SBLC is secured by way of second ranking / subordinated charge over all present and future undertaking and assets of the Company other than: (i) assets relating to the Narowal plant; (ii) Commercial Facility Disbursement Account; (iii) any shares of NEL; and (iv) present and future shares acquired in LEL including bonus shares and right shares.

14.2 Hub Power Services Limited (HPSL)

HPSL, a wholly owned subsidiary, was incorporated in Pakistan on March 26, 2015 as a public limited company. The principal activities of the subsidiary are to manage operations & maintenance of the power plants.

14.3 Hub Power Holdings Limited (HPHL)

HPHL, a wholly owned subsidiary, was incorporated in Pakistan on March 10, 2015 as a public limited company. The principal activities of the subsidiary are to invest in new business opportunities.

On November 12, 2020, HPHL issued privately placed secured Sukuk Certificates amounting to Rs. 6,000 million at a discounted value of Rs. 4,948 million covering profit payment for the first two years of the issue. The Sukuk Certificates carry mark-up at the rate of 2.5% per annum above six month KIBOR. Commencing from November 2022, the mark-up on the Sukuk is payable on semi-annual basis in arears. The principal will be payable in four equal semi-annual installments commencing from May 2024. In addition to security provided by HPHL's assets, the Sukuk Certificates are also secured by:

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

i. Ranking and subordinated charge over all present and future movable fixed assets of the Company;

ii. Ranking and subordinated floating charge over all present and future movable fixed and current assets of HPHL subject to carve-out described below;

For the avoidance of doubt, the assets forming part of the Assets shall exclude: any present and future rights, titles, Interests and receivables of the Issuer relating to any loans, advances, investments or contributions (of any nature whatsoever), made or to be made by the Issuer from time to time, which have been/ shall be assigned or secured (in any manner whatsoever) by the Issuer for the benefit of financial institutions which have extended (or may in the future extend) any form of finance facilities to the following associated companies of the Issuer: (i) China Power Hub Generation Company (Private) Limited; and (ii) ThalNova Power Thar (Private) Limited;

iii. Revolving Cross Corporate Guarantee from the Company for all principal repayments and profit amounts; and

iv A Lien has been created on an account maintained by HPHL with commercial bank to perfect the security.

14.3.1 China Power Hub Generation Company (Private) Limited (CPHGC)

As at June 30, 2023, HPHL has 47.5% legal ownership interest in China Power Hub Generation Company (Private) Limited (CPHGC), the principal business of which is to own, operate and maintain two coal-fired power generation units of 660 MW each with ancillary Jetty in the province of Balochistan. The project achieved its Commercial Operation Date (COD) on August 17, 2019.

Pursuant to Memorandum of Understanding (MOU) dated December 23, 2016 with Government of Balochistan (GoB), HPHL and China Power International (Pakistan) Investment Limited (CPIPI) are committed to transfer 3% equity shareholding in CPHGC (1.5% each by the Company and CPIPI) to GoB. The transfer was required to be executed by COD. The legal process for transfer of shares is yet to be completed.

Sponsors' support for CPHGC

Pursuant to Sponsor Support Agreement entered into with the lenders of CPHGC, the Company is committed to arrange for working capital financing through HPHL amounting to USD 90.25 million in case CPHGC fails to arrange for working capital facility for its operations. This commitment is valid till the full repayment of project loans of CPHGC.

Pursuant to the Completion Guarantee Agreement dated October 24, 2017 between the Company, China Power Holding Limited, HPHL, CPIPIL, CPHGC and CPHGC's lenders, the Company is required to provide a SBLC for an aggregate amount of USD 150 million to guarantee an investment in the form of equity or subordinated debt (either directly or through HPHL) to satisfy the funding shortfall, if any, in CPHGC; (a) to achieve completion of the Project to the satisfaction of the lenders; and (b) repay all principal, interest, fees or any other amounts that may fall due by CPHGC under the finance documents to the finance parties. The Company issued this SBLC by entering into an agreement with local banks by providing security against all present and future assets of the Company other than current assets. If the SBLC is not renewed 15 days prior to its expiry, CPHGC has the right to call upon the SBLC.

On February 23, 2023, CPHGC's coal-fired power plant has been declared "Project Complete" by CPHGC's lenders. The declaration of Project Completion Date (PCD) releases the Company from its obligation to maintain a USD 150 million SBLC.

Shares held by HPHL in CPHGC are pledged in favour of the Security Trustee in order to secure the Company and HPHL's obligations under the financing documents of CPHGC.

14.3.2 ThalNova Power Thar (Private) Limited (TNPTL)

'TNPTL is a private limited company, incorporated in Pakistan on April 18, 2016. The principal activities of TNPTL are to develop, own, operate and maintain a 1 x 330 MW mine-mouth coal fired power plant (the Project) at Thar Block II, Thar Coal Mine, Sindh.

In 2019, the Company, through HPHL, acquired 38.3% ownership interest in TNPTL pursuant to Share Subscription Agreement (SSA) / Shareholders Agreement (SHA) entered between HPHL, TNPTL and its sponsors (Thal SPV and Nova SPV). As at June 30, 2023, HPHL has injected USD 51.755 million (Rs. 8,885 million) in TNPTL out of total equity commitment of USD 52.074 million based on the current estimated project cost. Subsequent to the year end, all the requirements of equity injection have been completed.

Project status

On September 30, 2020, Private Power Infrastructure Board (PPIB) on behalf of the Government of Pakistan notified the achievement of Financial Close of TNPTL.

Under the Power Purchase Agreement (PPA), TNPTL's Required Commercial Operations Date (RCOD) was March 31, 2021. Considering the delay in RCOD, TNPTL requested CPPA(G) for extension in RCOD in view of the delayed COVID-19 Force Majeure Event (FME) and delay in expected availability of indigenous coal under the Coal Supply Agreement with Sindh Engro Coal Mining Company Limited (SECMC). CPPA(G) granted an extension in the RCOD of TNPTL till June 30, 2022, subject to payment of undisputed High Voltage Direct Current (HVDC) charges under certain conditions upto USD 1.9 million per month, if charged to CPPA(G) by National Transmission and Despatch Company Limited (NTDC), from the COD of HVDC line under certain conditions.

Although CPPA(G) has raised an invoice for payment of HVDC charges, TNPTL challenged the determination of the invoice, and has sought clarifications from CPPA(G), including provision of evidence of achievement of COD of the HVDC line. Till such time the required information is not furnished, there is no obligation on TNPTL to make payment and therefore there is currently no exposure on TNPTL in this regard. Further, TNPTL has also requested CPPA(G) for further extension of RCOD by 232 days, hence, there is no exposure of PPA LDs as on June 30, 2023.

'TNPTL achieved Commercial Operations Date (COD) on February 17, 2023.

Company's commitment to TNPTL

Under the SSA and SHA, subject to the term of financing documents, the Company is restricted to transfer or otherwise dispose the shares held in TNPTL or create encumbrance till the 6th anniversary of the COD of TNPTL.

In connection with the development of TNPTL's project and pursuant to Shareholders' Agreement dated March 25, 2019, the Company has obtained following approvals from shareholders in general meeting on April 16, 2019 and is committed to:

(i) Make investments in TNPTL up to an amount not exceeding USD 50.5 million (or PKR equivalent) by way of a subscription of shares. The investment amount has been enhanced in February 2023 by USD 1.8 million (or PKR equivalent) Such investment shall be made within a period up till December 2024 or such period until the liabilities/obligations of the sponsors of TNTPL remain undischarged, whichever is later. NOTES TO THE UNCONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

(iii) to assign its rights, benefits and interests in respect of any investment made in TNPTL by way of Subordinated loan (which loan is to be treated as subordinated to the debt of the Lenders of TNPTL) including the benefits of any indemnities, warranties and guarantees, in favour of the lenders of TNPTL, directly or through its subsidiary HPHL. Such investment shall be for a period up till August 31, 2033 or such period until the liabilities / obligations are discharged, whichever is later. To fulfil this requirement the Company has signed subordination agreement on July 24, 2019;

(iv) pledge its shares (if any) in TNPTL held by it from time to time, in favour of the Lenders of TNPTL, whether such shares are acquired directly by way of subscription or otherwise. Such investment shall be for a period up till August 31, 2033 or such period until the liabilities / obligations are discharged, whichever is later. The Company, through HPHL, has executed Share Pledge Agreement on November 08, 2019 to fulfil this condition;

(v) provide a guarantee (in the form of SBLC) for the benefit of TNPTL and Intercreditor Agent for an aggregate amount of USD 20 million (or PKR equivalent) to guarantee an investment in the form of equity or subordinated debt to cover (a) cost overrun, (b) any obligation under financing documents prior to Project Completion Date ("PCD"), and (c) Commercial Operation Date ("COD") undertakings. Such investment shall be for a period up till the earlier of Project Completion Date or July 31, 2026. On January 08, 2020, the Company issued Cost Overrun SBLC amounting to USD 19.68 million to the lenders of TNPTL which is valid till December 31, 2024. The facility is secured by way of pari passu charge over all present and future assets of the Company other than current assets;

(vi) issue a sponsor SBLC to cover for the Initial Debt Service Reserve Account Shortfall, of an amount estimated not to exceed USD 14 million (or PKR equivalent), but which could be higher as detailed in EOGM notice dated March 14, 2019. Such SBLC shall be for a period up till the earlier of first payment of the installment of the loan or January 31, 2024;

(vii) participate in the Put Option / Commercial Risk Guarantee ("Put Option / CRG") to be provided by local banks and financial institutions ("Put Option / CRG Financiers") in favour of the foreign lenders and contributing payment up to USD 10 million (or PKR equivalent) ("Put Option / CRG Contribution Amount") under the same as primary obligor in accordance with the terms of the Agreement Regarding Procedures Following Event of Default. Such sponsor obligation shall be valid till August 31, 2033. Accordingly, the Company has entered into a Put Option Sponsor Support Agreement dated July 22, 2019 and fulfilled the condition by providing pari passu charge on the Company's assets, other than current assets;

(viii) provide sponsor support to the Put Option / CRG Financiers for various exposures being assumed by the Put Option / CRG Financiers in respect of the Put Option / CRG to cover any shortfall that TNPTL is unable to provide to the Put Option / CRG Financiers (which includes any foreign exchange risk and mark-up / interest up to the extent of USD 7 million), or such other amount as may be agreed with the Put Option / CRG Financiers from time to time ("Put Option / CRG Support Amount"). Such Sponsor obligation shall be valid till August 31, 2033. Accordingly, the Company has entered into a Put Option Sponsor Support agreement dated July 22, 2019 and fulfilled the condition by providing pari passu charge on the Company's assets, other than current assets;

(ix) provide security in form and substance acceptable to the Put Option / CRG Financiers or such other alternate / additional security as the Put Option / CRG Financiers may require from time to time up to the Put Option / CRG Support Amount and Put Option / CRG Contribution Amount with such margin and on such terms as may be deemed appropriate by the Authorized Persons. 14.3.3 Prime International Oil & Gas Company Limited (Prime)

On March 08, 2021, Prime (a 50:50 joint venture of HPHL and ENI local employees – 'the EBO Group') executed Sale and Purchase Agreements (SPAs) to acquire all the upstream operations and renewable energy assets owned by ENI in Pakistan. HPHL and the EBO Group have acquired 50% shareholding each in Prime, in accordance with the Shareholders' Agreement (SHA) entered into such effect.

Under SPAs, Prime is required to complete certain conditions precedent within 18 (eighteen) months from the date of SPAs. These conditions include but not limited to (i) payment of a deposit as defined in SPAs and (ii) obtaining regulatory approvals from the government authorities.

HPHL paid an initial contribution in Prime amounting to Rs. 525 million on March 08, 2021, enabling Prime to make payment of deposit to ENI entities, fulfilling condition (i) above. This initial contribution included a 50% contribution of the EBO Group (Rs. 262.4 million), which was refunded to HPHL on June 08, 2021. Furthermore, under the SHA, HPHL invested Rs. 18.08 million in Prime on March 17, 2021, followed by Rs. 319 million investments to meet transaction-related expenses for ENI entities' acquisition. The transaction has been approved by Competition Commission of Pakistan as required under the relevant SPAs and during the year, Prime received the approval from Directorate General Petroleum Concession (DGPC) on the ENI acquisition on November 14, 2022. After the approval of DGPC, Prime and ENI started to complete the remaining formalities under the SPAs and the transaction was finally completed entirely on December 29, 2022 when the change of control of upstream entities was transferred from ENI to Prime.

14.3.4 China Power Hub Operating Company (Private) Limited (CPHO)

On October 29, 2021, HPHL executed a Joint Venture Agreement (JV Agreement) with China Power International Maintenance Engineering Company Limited (CPIME), for establishing a joint venture in Pakistan for the purpose of, inter alia, providing operation, maintenance, and other services to China Power Hub Generation Company (Private) Limited (CPHGC) in connection with its 1320 MW coal fired power plant located in Hub Balochistan (CPHGC's Plant) and to other customers. On January 20, 2022, China Power Hub Operating Company (Private) Limited (CPHO) was incorporated. HPHL's shareholding in CPHO is 49%. On February 10, 2022, an Operations and Maintenance Agreement (the O&M Agreement) was executed between CPIME, CPHO and CPHGC. Pursuant to the O&M Agreement, CPHO was appointed to operate and maintain CPHGC's Plant for a term of 6 years.

HPHL's equity investment in CPHO amounts to Rs. 8.4 million. HPHL, in accordance with requirements specified in the O&M Agreement, has issued a corporate guarantee in favor of CPHGC as security for CPHO's liabilities and obligations under the O&M Agreement. The total value of this guarantee is USD 11.98 million which will remain valid for the 6-year term of the O&M Agreement.

The loan is secured by way of second ranking / subordinated charge over fixed assets (excluding land & building) of the Company.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

14.5 Thar Energy Limited (TEL)

The Company has 60% controlling interest in TEL, Fauji Fertilizer Company Limited (FFCL) has 30% interest and CMEC TEL Power Investments Limited has 10% interest. TEL was incorporated in Pakistan on May 17, 2016 as a public limited company. The principal activities of TEL are to develop, own, operate and maintain a 1 x 330 MW mine-mouth coal fired power plant at Thar Block II, Thar Coal Mine, Sindh.

Project status

On January 30, 2020, PPIB on behalf of the Government of Pakistan notified the achievement of Financial Close (FC) of TEL.

Under the amended Power Purchase Agreement (PPA), TEL's Required Commercial Operations Date (RCOD) was March 31, 2021. Considering the delay in COD, TEL requested CPPA(G) for extension in RCOD in view of the COVID-19 Force Majeure Event (FME) and delay in expected availability of indigenous coal under the Coal Supply Agreement with Sindh Engro Coal Mining Company Limited (SECMC). CPPA(G) granted an extension in the RCOD of TEL till November 23, 2021, subject to payment of undisputed High Voltage Direct Current (HVDC) charges upto USD 1.9 million per month, if charged to CPPA(G) by National Transmission and Despatch Company Limited (NTDC), from the COD of HVDC line under certain conditions. CPPA(G) has raised invoices for payment of HVDC charges, however, TEL has challenged the determination of the invoices and has sought clarifications from CPPA(G), including provision of evidence of achievement of COD of the HVDC line. Till such time the required information is furnished, there is no obligation on TEL to make payment and therefore currently there is no exposure on TEL in this regard.

As mentioned in the PPA, any delay in the achievement of COD beyond RCOD would also result in liquidated damages amounting to USD 0.75 million per month. CPPA(G) has raised an invoice for said liquidated damages for the period November 23, 2021 to March 31, 2022 amounting to USD 3.2 million. Accordingly, TEL has recorded a provision for this amount.

TEL achieved Commercial Operations Date (COD) on October 01, 2022.

Company's commitments for TEL - Sponsors' support

For the development of TEL's project and pursuant to Share Holder's Agreement dated March 15, 2018, the Company has obtained following approvals from shareholders in general meeting and is committed to:

(i) make investments in TEL up to an amount not exceeding USD 78 million (or PKR equivalent) by way of a subscription of shares. Such investment shall be made within a period up till December 2022. Amount of equity investment was enhanced by USD 1 million (or PKR equivalent) in the AGM held on October 5, 2022. Such investment shall be for a period up till December 2024, or such period until the Company liabilities / obligations as a sponsor remain undischarged, whichever is later. Total investment made in TEL is USD 78.87 million (or PKR equivalent). The equity commitment stands completed in February 2023;

(ii) arrange and provide a SBLC to the Lenders of TEL or TEL to cover for the equity investment of (and up to an amount not exceeding) USD 78 million (or PKR equivalent) to guarantee the subscription of equity. Such SBLC shall be for a period up till November 2022. On November 11, 2019, the Company issued Equity SBLC amounting to Rs. 3,767 million (equivalent to remaining USD million) to the lenders of TEL which is valid till November 10, 2022. The SBLC was subsequently reduced to Rs. 2,281 million. On October 25, 2022 the SBLC was reduced to Nil. This SBLC was issued as a sublimit of the financing arrangement as mentioned in note 23.1.1 of these unconsolidated financial statements;

(iii) undertake to the Lenders of TEL and to arrange and / or provide working capital financing to TEL equivalent to an aggregate amount of USD 36 million. Such investment shall be for a period up till December 2032;

(iv) assign its rights in respect of any investment made in TEL by way of Subordinated loan (which loan is to be treated as subordinated to the debt of the Lenders of TEL), in favour of the Lenders of TEL. Such investment shall be for a period up till December 2032. In order to fulfil this condition, the Company has signed subordination agreement on December 20, 2018;

(v) execute the Share Pledge Agreement with lenders of TEL , whenever such shares are acquired directly timely by way of subscription or otherwise such investment shall be made for a period up till December 2033. The Company has executed the Share Pledge Agreement on July 08, 2019 including all necessary documentation related thereto and for the said purpose do or cause to do all acts, deeds and things that may be necessary or required in connection therewith, as may be deemed appropriate and as mutually agreed with the Lenders of TEL including any amendments thereto, or as required by law;

(vi) provide a guarantee (in the form of SBLC) for the benefit of TEL and Intercreditor Agent for an aggregate amount of USD 31 million (or PKR equivalent) to guarantee an investment in the form of equity or subordinated debt to cover (a) cost overrun, (b) any obligation under financing documents prior to Project Completion Date ("PCD"), and (c) COD undertakings. Such investment shall be for a period up till the earlier of Project Completion Date or December 2025. On November 15, 2019, the Company issued Cost Overrun SBLC amounting of USD 30.420 million to the lenders of TEL. The facility is secured by way of pari passu charge over all present and future assets of the Company, other than current assets and other securities;

(vii) issued a sponsor SBLC to cover for the Initial Debt Service Reserve Account shortfall of an amount estimated not to exceed USD 20 million (or PKR equivalent) but which may be higher, such obligation shall be valid for a period till the first payment of the installment of the loan or such other date that may be prescribed under the Sponsor Support Agreement, (a) SBLC for USD 12.482 Million for Foreign lenders and b) SBLC for PKR 1,780 Million for Local Lender. These facilities are secured against a ranking charge on fixed asset excluding land and building and other securities;

(viii) provide contractual commitments up to USD 22 million (or PKR equivalent) to Lenders for the purpose of TEL taking excess debt, which is over and above the cost approved by NEPRA. Such sponsor obligation shall be for a period earlier of the tenure of the project loan or December 2032;

(ix) participate in the Put Option / Commercial Risk Guarantee ("Put Option / CRG") to be provided by local banks and financial institutions ("Put Option / CRG Financiers") to the foreign lenders and contributing payment of a sum not exceeding USD 15 million, ("Put Option / CG Contribution Amount") under the same as primary obligor and USD 10 Million as mark-up on the forced loan not settled by project company (if any) and any excess exposure on account of USD / PKR devaluation in accordance with the terms of the Put Option / CRG Agreement. Such sponsor obligation shall be valid till December 2032. Accordingly, the Company has entered into a Put Option Sponsor Support Agreement dated December 20, 2018 and fulfilled this condition by providing pari passu charge on the Company's assets, other than current assets; and

(x) provide a contractual commitment and a parent company guarantee to TEL guaranteeing the due and punctual performance obligations by HPSL pursuant to the terms of the O&M Agreement. Such sponsor obligation shall be for a period the earlier of the tenure of the project loan or December 2032. The Company has provided Parent Company Guarantee to TEL in the form of a corporate guarantee as per the terms of the O&M agreement.

14.6 Sindh Engro Coal Mining Company Limited (SECMC)

SECMC is a public unlisted company, incorporated in Pakistan on October 15, 2009. The principle activity of SECMC is to develop, construct and operate open cast lignite mine in Block II Thar Coal Mine, Sindh.

Pursuant to Share Holder's Agreement, the Company agreed to invest the equivalent of USD 20 million at or soon after Financial Close of SECMC or at such later time or times as required by the Financing Agreements of SECMC at a share price of Rs. 14.82 per share. As at June 30, 2023 the Company has injected USD 15.506 million (Rs. 1,909 million) [2022: USD 15.506 million (Rs. 1,909 million)] representing 8% equity stake in SECMC.

SECMC achieved its COD for Phase-I and Phase-II of the mine on July 10, 2019 and October 1, 2022 respectively, increasing the total capacity from 3.8 MPTA to 7.6 MPTA. Subsequent to the year end, the Thar Coal Energy Board (TCEB) approved a tariff of Block II.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

In addition to the USD 20 million equity, the Company is committed to:

- Sponsor Support Guarantee to cover cost overruns for an amount not exceeding USD 5 million (in equivalent Pak Rupees), if at any time prior to the Project Completion Date a funding shortfall occurs. Each Sponsor is obligated to pay the cost overrun amount in cash, by way of subscription of SECMC shares or at the option of the Sponsors collectively, by way of a subordinated debt to SECMC. The shareholders during the EOGM held on January 14, 2016 approved the cost overrun support of USD 4 million and further approved the increase in cost overrun support to USD 5 million in the EOGM held on June 22, 2018. Since SECMC has achieved PCD for phase 1, the cost over run commitment stand reduce to USD 0.864 million. Confirmation from intercreditor agent is awaited for the reduced amount.

- SBLC to cover for the Initial Payment Service Reserve Account Shortfall (‘PSRA’) for an amount estimated not to exceed USD 6 million (which could be higher). If there is an Initial PSRA Shortfall, each sponsor shall procure and issue a PSRA SBLC in proportion to its shareholding of Ordinary shares in SECMC. Upon a demand being made for payment under the PSRA SBLC and receiving such payment, the said amount may be treated as equity or at the option of the sponsors collectively, subordinated debt advanced in favor of SECMC in an amount equal to such portion of the PSRA SBLC that is called upon. During the EOGM held on January 14, 2016, the PSRA support was approved by the members of the Company.

The investment in SECMC for the purposes of cost overrun and PSRA will only be made in the event there is an overrun or shortfall, respectively. If the entire amount of Sponsor Support Guarantee to cover cost overrun is called and the entirety of the payment under the SBLC for PSRA shortfall is demanded, the maximum investment of the Company in SECMC shall be USD 31 million.

On February 26, 2016, the sponsors, including the Company, entered into a SSA with Habib Bank Limited as a condition precedent for the availability of loan facilities to SECMC. Pursuant to the terms and conditions set forth in the SSA, the Company has provided Sponsor Equity Contribution Letter of Credit in the form of an Irrevocable SBLC in favour of Habib Bank Limited, dated March 18, 2016 for a total amount not exceeding USD 12.650 million. The SBLC has been reduced to USD 3.89 million.

Additionally, a Share Pledge Agreement was also executed by the Shareholders of SECMC including the Company on March 09, 2016 in favour of the Security Trustee in accordance with the provisions of the Finance Documents whereby all shares of SECMC are pledged.

20.1 The Company and the power plant construction contractors had entered into a Turnkey Construction Contract ("TKC"). Under the terms of the TKC, the Company was required to pay all income tax liability on payments to contractors and sub-contractors. Under the Power Purchase Agreement ("PPA") with CPPA(G), any tax paid by the Company on behalf of construction contractors and sub-contractors was to be reimbursed by CPPA(G).

Under the provisions of the Implementation Agreement ("IA") between the Company and GOP it was agreed that payments to contractors and sub-contractors would be subject to 4% tax which would be full and final liability on account of income tax. Accordingly, the provisions of tax law were amended. However, in 1998, few years after the tax had been paid, FBR contended that Company was liable to pay tax at 8% instead of the agreed rate of 4% and was also liable to pay tax on taxes paid on behalf of contractors and sub-contractors on "tax on tax" basis at the corporate rates ranging from 52% to 58% instead of 4%. Accordingly, demand notices were issued and the Company was required to pay Rs. 966 million. On payment of Rs. 966 million, the Company immediately billed these amounts to CPPA(G). Against these demands by FBR, appeals were filed by the Contractors and Sub-Contractors which were decided in their favour. FBR has filed appeals before the courts which are pending adjudication.

On Company's and other IPPs representation, the Economic Coordination Committee ("ECC") of the Federal Cabinet of the GOP directed FBR to refund the tax recovered by it over and above 4%. FBR has so far refunded Rs. 593 million but withheld Rs. 373 million on the pretext that the ECC decision was not applicable on "tax on tax" issue and also because FBR has filed appeals before the courts which are pending adjudication.

The Company continued its discussions with the GOP and FBR for the balance refund of Rs. 373 million. As a result, the tax department passed revised orders recognising refunds aggregating to Rs. 300.5 million. The tax law specifies that once an order recognising refund is passed, only then a taxpayer can apply for issuance of refund order and refund cheque. Accordingly, the Company has filed applications with the tax department for issuance of refund orders and cheques for the above amounts. The Company is also pursuing the tax department for issuance of revised orders recognising the balance refund amounting to Rs. 72.5 million.

The management and their tax advisors are of the opinion that the position of the Contractors and the Company is strong on legal grounds and on the basis of the above referred orders, therefore, tax of Rs. 373 million will be refunded.

23.1 In order to meet investment requirements in TEL / CPHGC / SECMC / TNPTL:

23.1.1 The Company entered into a long term financing arrangement with various banks for an amount of Rs. 21,000 million (2022: Rs. 21,000 million) to finance equity investment in CPHGC (via HPHL), TEL and SECMC. The loan is repayable in 40 installments on quarterly basis starting from December 31, 2021. Mark-up is charged at three month KIBOR plus 0.30% per annum. The loan is secured by way of all present and future assets of the Company other than current assets.

23.1.2 In addition, the Company has also entered into a long term Musharaka arrangement with various banks amounting to Rs. 5,500 million to finance equity investment in CPHGC (via HPHL). The loan is repayable on quarterly basis starting from December 31, 2021. Mark-up is charged at three month KIBOR plus 0.30% per annum. The facility is secured by way of all present and future assets of the Company other than current assets.

The Company shall not pay dividends until certain requirements under these facilities are satisfied. Any late payment by the Company is subject to an additional payment of 1% per annum above the normal mark-up rate.

23.1.3 On August 22, 2019, the Company issued privately placed secured Sukuk Certificates amounting to Rs. 7,000 million at a mark-up of 1.9% per annum above three month KIBOR. The mark-up on the Sukuk is payable on quarterly basis in arrears and the principal is payable in four equal semi-annual installments commencing from February 22, 2022. The Sukuk Certificates are secured by:

(a) revolving corporate guarantee from NEL;

(b) subordinate hypothecation charge over receivables of NEL including but not limited to amounts receivable under the GOP guarantee;

(c) subordinate charge over all present and future movable fixed assets of the Company (upto Rs. 4,000 million) and NEL; and

(d) pledge of 100% shares of NEL.

23.1.4 On March 19, 2020, the Company issued privately placed secured Sukuk Certificates amounting to Rs. 5,000 million at a mark-up of 1.9% per annum above one year KIBOR. The mark-up on the Sukuk is payable on semi-annual basis in arrears and the principal is payable in four equal semi-annual installments commencing from September 19, 2022. The Sukuk Certificates are secured by:

(a) revolving corporate guarantee from NEL;

(b) subordinate hypothecation charge over all present and future movable fixed assets of NEL; and

(c) subordinate charge over all present and future movable current assets of the Company.

Sensitivity analysis on significant actuarial assumptions		
- Impact on defined benefit obligation - decrease / (increase)		
- Discount rate +0.5%	**10,749**	10,311
- Discount rate -0.5%	**(11,487)**	(10,966)
- Salary increases +0.5%	**(12,049)**	(11,638)
- Salary increases -0.5%	**11,361**	11,032

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the statement of financial position.

The plan exposes the Company to the actuarial risks such as:

Investment risks:

The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.

Longevity risks:

The risk arises when the actual servicing period is longer than expected. This risk is measured at the plan level over the entire retiree population.

Salary increase risk:

The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

Withdrawal risk:

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

27.1 The facilities for running finance available from various banks / financial institutions amounted to Rs. 25,800 million (2022: Rs. 21,050 million) at mark-up ranging between 0.40% to 1.75% (2022: 0.70% to 1.75%) per annum above one / three month KIBOR. The mark-up on the facilities is payable on monthly / quarterly basis in arrear. The facilities will expire during the period from September 8, 2023 to March 31, 2024. Any late payment by the Company is subject to an additional payment of 2% per annum above the normal mark-up rate. The facilities are secured by way of charge over the trade debts and stocks of the Company for the Hub plant pari passu with the existing charge.

27.2 The Company has also entered into Musharaka agreements amounting to Rs. 6,150 million (2022: Rs. 6,150 million) at a mark-up ranging between 0.30% to 0.75% (2022: 0.30% to 0.75%) per annum above one month KIBOR. The mark-up on the facilities is payable on quarterly basis in arrear. These facilities will expire during the period from November 30, 2023 to December 31, 2023. Any late payment by the Company is subject to an additional payment of 2.00% per annum above the normal mark-up rate. These facilities are secured by way of securities mentioned in note 27.1.

27.3 On May 18, 2023, the Company issued privately placed unsecured Sukuk certificates based on Musharaka amounting to Rs. 6,000 million at a mark-up of 0.30% (Bases Rate) per annum above six month KIBOR. The mark-up and the principal on the Sukuk is payable at maturity on November 17, 2023. If the monetary policy rate is increased by 50 bps or above during the Sukuk tenor, the Base Rate shall be revised accordingly within two (2) Business Days after the date of effectiveness of the first monetary policy or in case of a downward movement in the policy rate, the mechanism specified above shall be followed. On July 5, 2023 the Base Rate has been revised. Any late payment by the Company is subject to mark-up at a rate of 3.00% per annum over six month KIBOR.

27.4 The Company has arranged an unsecured short term loan facility for an amount of up to Rs. 500 million (2022: Rs. 500 million) from HPSL, to meet its working capital requirements. This facility carries mark-up at the rate of 0.75% per annum above one month KIBOR payable on quarterly basis. The maximum aggregate amount outstanding at any month end during the year was Rs. 375 million (2022: Rs. 388 million).

27.5 The Company has arranged an unsecured short term loan facility for an amount of up to Rs. 20,000 million (2022: Rs. 20,000 million) from NEL, to meet its working capital requirements. This facility carries mark-up at the rate of 0.40% per annum above one month KIBOR payable on quarterly basis. The maximum aggregate amount outstanding at any time during the year was Rs. 12,495 million (2022: Rs. 6,339 million).

28. COMMITMENTS AND CONTINGENCIES

28.1 Commitments in respect of capital and revenue expenditures amounted to Rs. 257 million (2022: Rs. 402 million).

28.2 The CPPA(G) was unable to meet its obligation to provide a SBLC as required under the PPA. Consequently, the Company has been unable to meet its obligation to provide a SBLC to PSO under the Fuel Supply Agreement (FSA).

28.3 The Company has entered into Predictivity Enhancements and Performance Improvements (PEPI) Agreement with General Electric Global Services GmbH (GE), whereby GE proposed to the Company PEPI solutions to improve the Facility net efficiency (heat rate) to achieve a guaranteed rate. Under PEPI Agreement, Steam Turbine Retrofits were implemented on two units.

If PEPI Agreement is terminated at any time prior to March 31, 2037, the Company will be liable to pay USD 1.5 million to GE along with residual value of the Steam Turbine Retrofits. However, non-renewal of PPA (which expires in 2027) will result in automatic termination of PEPI Agreement and the Company will have to pay GE USD 1.5 million and the residual value of approximately USD 0.6 million. An appropriate provision is recorded in these unconsolidated financial statements.

28.4 The Company had filed a petition in the Honorable Sindh High Court (SHC) on June 28, 2000, challenging the application of the Companies Profits (Workers' Participation) Act, 1968 (the Act) on the grounds, that since its inception, the Company had not employed any person who falls within the definition of the term "Worker" as it has been defined in the Act.

The petition was filed subsequent to the service on the Company of a letter of March 14, 2000, by the Labour, Manpower, and Overseas Pakistanis' Division, directing the Company to allocate 5% of its net profit (since its establishment) towards the Workers' Profit Participation Fund. The said notice demanded that the Company deposit the entire amount of the Fund in the Federal Treasury. The petition had been filed against the Federation of Pakistan through the Secretary, Ministry of Labour, Manpower and Overseas Pakistanis, Labour, Manpower, and Overseas Pakistanis Division and, in view of the fact that any payment made by the Company to the Fund is a pass-through item under the PPA and against the CPPA(G) as a pro forma party in the matter.

In December 2003, the Company decided on a fresh legal review of the petition and thereafter was advised by counsel to withdraw the petition and to immediately file a fresh petition incorporating all the available grounds. Accordingly, on December 17, 2003, the Company withdrew the petition and immediately refiled a new petition, which incorporated all the available grounds.

Both the Company and CPPA(G) agreed that this petition should proceed, and a judgment obtained on merits. During the year ended June 30, 2011, the petition was dismissed by the Honorable SHC. Against the decision of the SHC, the Company filed petition for leave to appeal before the Honorable Supreme Court of Pakistan (SCP). In December 2011, the Honorable SCP set aside the judgement of the Honorable SHC and directed it to decide the case afresh. The matter is pending adjudication before the Honorable SHC.

As of June 30, 2023, the total financial exposure relating to the above case is Rs. 37,742 million (Rs. 3,136 million being the 5% of the profit and Rs. 34,606 million interest component and penalty on delayed payment). No provision has been made in these unconsolidated financial statements as any payment made by the Company is a pass-through item under the PPA.

Following the amendments made by the Finance Act, 2006 to the Act, the Company established the Hubco Workers' Participation Fund on August 03, 2007, to allocate the amount of annual profits stipulated by the Act for distribution amongst worker(s) eligible to receive such benefits under the Act and any amendments thereto from time to time.

NOTES TO THE UNCONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

The Honorable SCP vide its judgement dated November 10, 2016, set aside the amendments made to the Act by Finance Acts of 2006, 2007 and 2008 as ultra vires to the provisions of the Constitution of Pakistan (the Constitution). Accordingly, the provisions of the Act are to be read as if the amendments brought about by the said Finance Acts were never made and the defined term "Worker" reverted to its original definition of prior to Finance Act 2006. However, the Federal Board of Revenue (FBR) has filed a review petition with the Honorable SCP in respect of the said decision.

Pursuant to the 18th Amendment to the Constitution (the 18th Amendment), the Sindh Provincial Assembly passed the Sindh Companies Profits (Workers' Participation) Act, 2015 (the Sindh Act).

On February 12, 2018, the Honorable SHC passed an Order (SHC Order) in respect of the Sindh Act, holding that for trans-provincial companies like the Company, the location of the workers should be considered, and an allocation should be made accordingly. The SHC Order further devised a mechanism to compute contributions for trans-provincial companies. In July 2018, the Honorable SCP suspended the SHC Order, however, Honorable SCP is yet to issue a detailed order on this matter. The interim order passed by Honorable SCP only applies inter parties and since the Company was not a party to the case filed in the Honorable SCP, it is the SHC Order which is binding on the Company.

In light of the SHC Order, the Sindh Act applies insofar as the Company has any "Worker" in Sindh as defined under the Sindh Act, and the Act applies as a fractured provincial legislation to the Company insofar as Balochistan is concerned. Accordingly, the Company is of the view that it does not have any "Worker" as defined in the Act and there is no need to establish a Trust in Balochistan under the Act at this time.

Accordingly, following the enactment of the 18th Amendment, and amongst other things, labour matters have become a Provincial subject and pursuant to the Sindh Act and the SHC Order, the 1968 Act has been fractured into provisional legislation and the Fund created by the Company in 2007 became dysfunctional and was unable to carry out its objectives. Therefore, the Company recommended to the Trustees of the Fund that the same be dissolved. The Fund was dissolved on June 27, 2019, and the 5% WPPF allocated by the Company since July 1, 2015, and the interest earned on that allocated amount (Rs. 1,524 million allocated by the Company and Rs. 258 million interests earned by the Fund on the allocated amount) was transferred back to the Company. These funds are being utilized by the Company till a final decision of the Honorable SCP. The trust creation and registration process is under review as the subject is still pending a final decision in the SCP Case. The Board has directed the management to proceed with the registration of the trust once a final decision is rendered so that there is a clear way forward for the formation / payments related to WPPF.

28.5 (i) Under the IA with GOP and under the tax laws, the Company's interest income was exempt from income tax. However, the tax authorities issued a tax demand for the tax years 2006-2010 amounting to Rs. 139 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. The Company's appeal before the Commissioner of Inland Revenue Appeals ("CIR-A") and the Appellate Tribunal Inland Revenue ("ATIR") were rejected. Against the order of the ATIR the Company filed appeals before the Honorable Islamabad High Court ("IHC") which were also decided against the Company. Against the decision of the IHC, the Company filed appeals before the SCP which are pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 438 million.

(ii) FBR also imposed 2% Workers Welfare Fund ("WWF") for tax years 2006-2010 and issued a demand for Rs. 191 million which was subsequently reduced to Rs. 8 million by the CIR-A. The Company filed appeals before the ATIR which were rejected. Against the order of the ATIR, the Company filed appeals before the IHC which held that the orders on WWF were void. The IHC also held that WWF would be applicable in accordance with the law prior to the changes made through Finance Act 2006 & 2008. Against the decision of the IHC, the Company filed appeals before the SCP which are pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 19 million. WWF is a pass through under the PPA and is recoverable from the CPPA(G).

(iii) Under the IA with GOP and under the tax laws, the Company's interest income was exempt from income tax. However, during March 2014, FBR issued tax demand for the tax year 2011 amounting to Rs. 3.2 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. Appeals filed by the Company before the CIR-A and thereafter with the ATIR were decided against the Company. Against the order of the ATIR, the Company filed appeal before the IHC which was also decided against the Company. Against the decision of the IHC, the Company filed appeal before the SCP which is pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 7 million.

(iv) FBR also imposed 2% WWF for the tax year 2011 and issued a demand for Rs. 108.5 million. Appeals filed by the Company before the CIR-A and thereafter with the ATIR were decided against the Company. Against the order of the ATIR, the Company filed appeal before the IHC which held that the order on WWF was void. The IHC also held that WWF would be applicable in accordance with the law prior to the changes made through Finance Act 2006 & 2008. Against the decision of the IHC the Company filed appeal before the SCP which is pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 228 million. WWF is a pass through under the PPA and is recoverable from the CPPA(G).

(v) Under the IA with GOP and under the tax laws, the Company's interest income was exempt from income tax. However, during March 2015, FBR issued tax demand for the tax year 2013 amounting to Rs. 4 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. The Company filed appeal before the CIR-A who deleted the tax demand. Against the order of CIR-A, FBR filed appeal before the ATIR which is pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 9 million.

(vi) FBR also imposed 2% WWF for the tax year 2013 and issued a demand for Rs. 162 million. The Company filed appeal before the CIR-A who remanded back the case to FBR for a fresh assessment. Against the order of CIR-A, FBR filed appeal before the ATIR which is pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 404 million. WWF is a pass through under the PPA and is recoverable from CPPA(G).

(vii) Under the IA with GOP and under the tax laws, the Company's interest income was exempt from income tax. However, in June 2020, FBR issued a tax demand of Rs. 27 million relating to fiscal year ended June 2014 on the ground that interest income is not covered under the exemption allowed under the tax law. Consequently, FBR also imposed 2% WWF on this interest income. The CIR-A decided the issue of tax on interest income against the Company while the issue of WWF has been remanded back to FBR for reassessment. After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which is pending adjudication. On application the ATIR has granted stay till final decision. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 42 million.

The management and their tax and legal advisors are of the opinion that the position of the Company in respect of aforementioned matters is sound on technical basis and eventual outcome is expected to be in favour of the Company. Pending the resolution of the matters stated above, no provision has been made in these unconsolidated financial statements.

28.6 (i) In November 2012, FBR passed an order for the recovery of sales tax amounting to Rs. 8,519 million relating to fiscal years ended June 2008 to 2011. In FBR's view the Company had claimed input tax in excess of what was allowed under the law. After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which decided the case in its favour. Against the judgment of the ATIR, FBR filed appeal with the IHC which is pending adjudication. The Company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 27,557 million.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

(ii) In March 2014, FBR passed an order for the recovery of sales tax amounting to Rs. 3,442 million relating to fiscal year ended June 2012. In FBR's view the Company had claimed input tax in excess of what was allowed under the law. After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which also decided the case against the Company. Against the decision of the ATIR, the Company filed appeal with IHC which is pending adjudication. The Company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 9,760 million.

(iii) In April 2014, FBR issued a show cause notice to recover sales tax amounting to Rs. 3,692 million relating to fiscal year ended June 2013. In FBR's view, the Company had claimed input tax in excess of what was allowed under the law. The Company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / LHC in other cases. Against this decision, FBR has filed intra court appeal with IHC which is pending adjudication. The Company's maximum exposure as at June 30, 2023, is approximately Rs. 3,692 million.

(iv) In January 2015, FBR issued a show cause notice to recover sales tax amounting to Rs. 4,130 million relating to fiscal year ended June 2014. In FBR's view, the Company had claimed input tax in excess of what was allowed under the law. The Company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / LHC in other cases. Against this decision, FBR has filed intra court appeal filed with IHC which is pending adjudication. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 4,130 million.

(v) In October 2018, FBR issued a show cause notice to recover sales tax amounting to Rs. 3,483 million relating to fiscal year ended June 2016. This is based on FBR's view, that the Company had claimed input tax in excess of what was allowed under the law, amongst others. The Company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. The Company's maximum exposure as at June 30, 2023, is approximately Rs. 3,483 million.

(vi) In November 2018, FBR issued a show cause notice to recover sales tax amounting to Rs. 2,665 million relating to fiscal year ended June 2017. This is based on FBR's view including the point that the Company had claimed input tax in excess of what was allowed under the law. The Company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 2,665 million.

(vii) In December 2018, FBR issued a show cause notice for the recovery of sales tax amounting to Rs. 412 million on the ground that the Company has claimed excess input tax during different tax periods. In March 2019 on representation FBR reduced the amount and issued demand notice amounting to Rs. 31 million. The Company filed appeal with the CIR-A who remanded back the case to FBR for reassessment. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 38 million.

(viii) In March 2021, FBR issued a show cause notice for the recovery of sales tax amounting to Rs. 8,212 million relating to fiscal years ended June 2018 to 2019. However, a final demand of Rs. 5,717 million was issued in April 2021. In FBR's view, the Company had claimed input tax in excess of what was allowed under the law. After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which is pending adjudication. Meanwhile the ATIR has granted stay till decision of the main appeal. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 7,161 million.

(ix) In April 2022, FBR issued show cause notices for the recovery of sales tax amounting to Rs. 7,104 million relating to fiscal year ended July 2019 to June 2020. However, a final demand of Rs. 1,765 million was issued in Jan 2023. In FBR's view, the Company has (i) not paid GST on Late Payment Interest received under PPA and on turnover and (ii) claimed input tax on items which has not been used for supply of electrical energy.

After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which is pending adjudication. Meanwhile the ATIR has directed FBR to issue 15 days' notice prior to recovery. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 1,862 million.

The matter stated above in respect of claiming excess input tax has already been decided by the Honorable Lahore High Court ("LHC") in favor of other IPPs in similar cases. Against this decision FBR has filed appeals in the SCP.

The management and their tax and legal advisors are of the opinion that the position of the Company in respect of aforementioned matters is sound on technical basis and eventual outcome is expected to be in favour of the Company. Pending the resolution of the matters stated above, no provision has been made in these unconsolidated financial statements.

28.7 (i) Under the IA with the GOP and under the tax law, the Company is exempt from the levy of minimum tax. In June 2012, FBR issued demand notices amounting to Rs. 435 million relating to the tax years 2006 to 2008 & 2010 to 2011. After the Company's appeals were rejected by the CIR-A, further appeals were filed with the ATIR, which has decided the appeals in favour of the Company. Against ATIR orders, FBR has filed appeals in the IHC which are pending adjudication. The Company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 1,111 million.

(ii) Under the Operation & Maintenance Agreement ("O&MA") with the ex-operator for the Hub plant, the Company used to pay fixed and variable fees to the operator. In January 2015, FBR passed an order amounting to Rs. 1,034 million relating to the tax years 2010 to 2013 for the recovery of Federal Excise Duty ("FED"). FBR viewed services under O&MA as a franchise agreement and not a service agreement and decided that payments made thereon were in nature of technical fees which were subject to FED. After dismissal of the Company's appeal at the CIR-A & the ATIR, the Company filed appeals with the IHC which are pending adjudication. The Company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 2,678 million.

(iii) Under the O&MA with the ex-operator for the Hub plant, the Company used to pay fixed and variable fees to the operator. In December 2017, FBR issued a Show Cause Notice for the recovery of FED amounting to Rs. 911 million relating to the tax years 2014 to 2017. FBR viewed services under O&MA as a franchise agreement and not a service agreement and decided that payments made thereon were in nature of technical fees which were subject to FED. The Company filed a Writ Petition in the IHC which disposed off the petition with direction to FBR to decide the proceedings initiated under the impugned show-cause notice after providing opportunity of hearing to the Company. Consequent to IHC direction, the FBR issued SCN which has been complied by the Company. The matter is pending with the FBR. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 911 million.

(iv) Payment to PSO under the Fuel Supply Agreement ("FSA") including payment of Late Payment Interest ("LPI") are exempt from withholding of income tax under the provisions of the tax law. During 2014, FBR issued show cause notices to recover tax amount of Rs. 1,677 million relating to the tax years 2012 to 2014 on the pretext that LPI paid to PSO under the FSA is a payment of "profit on debt". The Company filed Writ Petitions before the IHC which were decided against the Company. The Company filed further appeals with IHC which were rejected. The Company's maximum exposure as at June 30, 2023 is approximately Rs. 1,677 million.

(v) In October 2019, FBR issued income tax demand of Rs. 266 million relating to fiscal year ended June 2016. This is based on FBR's view that Company's receipt on account of Supplemental Charges ("SC") are taxable and Capacity Purchase Price ("CPP") is liable for minimum tax. FBR issued demand for WWF as well. The Company filed appeal with the CIR-A who decided the issue of tax on SC & CPP against the Company while the issue of WWF has been remanded back to FBR for reassessment. After dismissal of the Company's appeal at the CIR-A level, the Company filed appeal with the ATIR which is pending adjudication. On application, the ATIR granted stay. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 396 million.

(vi) In December 2019, FBR issued a demand of Rs. 19 million relating to fiscal year ended June 2016. This is based on FBR's view that the Company had not deducted tax on payments to supplier. The Company filed appeal with the CIR-A who decided the case against the Company. After dismissal the Company filed appeal with the ATIR, which has annulled the order passed by the FBR. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 25 million.

NOTES TO THE UNCONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

(vii) In October 2022, FBR issued an order amounting to Rs. 992 million ("Order") (Company: Rs. 963 million) relating to fiscal year ended June 2021 against the consolidated tax return filed by the Company along with its subsidiaries i.e. HPSL and HPHL in accordance with the tax law. This is based on FBR's view that certain expenses claimed as deductible were not in accordance with the law.

The Company filed an appeal with the CIR-A who decided the case partially in favour of the Company. Against decision of the CIR-A, the Company filed an appeal with ATIR, which is pending adjudication. Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs 983 million.

(viii) In June 2023, FBR issued an order amounting to Rs. 2.6 million ("Order") relating to fiscal year ended June 2017 against the consolidated tax return filed by the Company along with its subsidiaries namely HPSL and HPHL in accordance with the tax law. This is based on FBR's view that the Company and its subsidiaries had not deducted tax in accordance with the law. The Company filed an appeal with the CIR-A which is pending adjudication. The Company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 3 million.

The management and their tax and legal advisors are of the opinion that the position of the Company is sound on technical basis and eventual outcome is expected to be in favour of the Company. Pending the resolution of the matters stated above, no provision has been made in these unconsolidated financial statements.

28.8 Pursuant to the FSA dated August 03, 1992, between the Company and Pakistan State Oil Company Limited (PSO), PSO supplied 128,000 Metric Tons (MT) of Residual Furnace Oil (RFO) as "First Fill" at no charge to the Company in 1996. Since 1996, there had been correspondence exchanged amongst PSO, WAPDA and the Company. PSO, in earlier days, sought payment for the cost of the First Fill RFO from WAPDA and the Company. Both WAPDA and the Company refused to make payment, citing that PSO's obligation under the FSA to supply First Fill RFO to the Company was at no charge.

PSO continued to claim the cost of the First Fill RFO from WAPDA. In fact, such cost was recorded in PSO's audited accounts as a receivable due from WAPDA. The relevant disclosure in the PSO's audited accounts explicitly stated that a letter was signed between PSO and WAPDA on August 5, 1992 under which WAPDA undertook to pay PSO the cost of First Fill. Later through the intervention of President of Pakistan, an interest free loan of Rs. 802 million was sanctioned to WAPDA to enable it to settle PSO's claim for First Fill RFO. Following the payment to PSO, WAPDA started claiming reimbursement of the cost of the First Fill from the Company. The Company denied the same. The Company's position was that it was under no obligation to pay to PSO under FSA.

In 2015, CPPA(G) through back-to-back arrangements with WAPDA succeeded all the rights and obligations of WAPDA under the existing Power Purchase Agreement. On November 1, 2017, CPPA(G) wrote to the Company requesting a meeting to discuss the payment of First Fill amounting to Rs. 802 million, along with late payment interest. On November 10, 2017, the Company wrote to CPPA(G) that the Company is under no obligation for any payment with regards to the First Fill and considered the matter closed. On June 13, 2018, CPPA(G) communicated CPPAG's decision to the Company to adjust the amount of Rs. 802 million together with interest thereon aggregating to Rs. 11,525 million against the Company's outstanding LPI invoices.

Due to the above-mentioned action of CPPA(G), the Company was constrained to file a suit before the Honorable SHC (i.e., Suit No. 1411 of 2018) for a declaratory injunction against CPPA(G). The Honorable SHC via its Order dated July 9, 2018, directed that status quo be maintained with respect to the amount demanded by CPPA(G) from the Company on account of the First Fill and restrained CPPA(G) from adjusting the First Fill claim amount.

In light of CPPA(G)'s continuous violation of the orders of the Honorable SHC and in order to protect its interests, the Company filed Suit No. 95 of 2021, wherein the SHC passed an ad-interim order restraining the CPPA(G) from deducting / adjusting the amount for the First Fill RFO supplied to the Company by PSO i.e., amount of Rs. 802 million together with interest thereon aggregating to Rs. 11,525 million.

Pursuant to the Master Agreement dated February 11, 2021 between the Company and CPPA(G), both parties filed an application dated March 03, 2021, wherein the Honorable SHC disposed off Suit No. 95 of 2021 and a consent order was obtained from the Honorable SHC which stated that CPPA(G) would participate in the arbitration proceedings as and when initiated by the Company, pursuant to Section 15.4(d) of the PPA, to resolve the First Fill Dispute. The Arbitration has commenced and is on-going.

36.2 There is no dilutive effect on the earnings per share of the Company.

37. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Company's activities expose it to a variety of financial risks namely market risk (including price risk, currency risk, fair value interest rate risk and cash flow interest rate risk), credit risk and liquidity risk. The overall risk management of the Company is carried out under policies approved by the Board of Directors. Such policies entail identifying, evaluating and addressing financial risks of the Company.

The Company's overall risk management procedures to minimize the potential adverse effects of these risks on the Company's performance are as follows:

(a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of holdings of financial instruments. The Company is not exposed to equity price risk. The exposure to other two risks and their management is explained below:

(i) Foreign exchange risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Financial assets of the Company include Rs. 14 million (2022: Rs. 10 million) in foreign currencies which are subject to currency risk exposure and financial liabilities of the Company include Rs. 100 million (2022: Rs. 213 million) in foreign currencies which are subject to currency risk exposure.

The Company believes that the foreign exchange risk exposure on financial assets and liabilities is immaterial.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Cash flow and fair value interest rate risks

The Company's exposure to the risk of changes in interest rates relates primarily to the following:

		(Rs. '000s)	(Rs. '000s)
Fixed rate instruments at carrying amount:

Short term borrowings		26,419,966	26,169,940
Total		68,509,823	69,324,115

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest / mark-up would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

Owing to cash flow difficulties and delays in payment by CPPA(G), the Company has delayed payments to PSO. The Company has also obtained short term borrowings to meet its short term funding requirements. The Company receives interest on delayed payments from CPPA(G) at variable rate provided under the PPA and pays interest on delayed payments to PSO at variable rate provided under the FSA. The rates on all these financial instruments are almost similar and move in the same direction, therefore, any change in the variable rate does not significantly affect profit or loss.

In order to finance investments in CPHGC (via HPHL), TNPTL (via HPHL), CPHO (via HPHL), TEL and SECMC, the Company entered into long term financing arrangements (refer note 23). The Company has to manage the related finance cost from its own sources which exposes the Company to the risk of change in KIBOR. As at June 30, 2023, if interest rate on the Company's borrowings were 1% higher / lower with all other variables held constant, the profit for the year would have been lower / higher by Rs. 237 million (2022: Rs. 318 million).

NOTES TO THE UNCONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Since the impact of interest rate exposure is not significant to the Company, the management believes that consideration of alternative arrangement to hedge interest rate exposure is not cost effective.

(b) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company's exposure to credit risk is not significant for reasons provided below.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2023	2022
	(Rs. '000s)	(Rs. '000s)
Long term loan to subsidiary	3,845,520	1,488,819
Deposits	13,309	8,509
Trade debts	55,083,775	62,919,266
Loans and other receivables	11,090,571	9,481,608
Bank balances	1,027,415	388,099
Total	71,060,590	74,286,301

Trade debts are recoverable from CPPA(G) under the PPA and are secured by guarantee from GOP under the IA. Further, the significant amount of other receivables is also recoverable from CPPA(G) and is secured under IA.

Credit risk on bank balances is limited as they are maintained with foreign and local banks having good credit ratings assigned by local and international credit rating agencies.

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. The Company's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient funds to meet its liabilities when due without incurring unacceptable losses.

The Company maintains running finance facilities (refer note 27) to meet the short term funding requirements due to delay in payments by CPPA(G). The delay in payments by CPPA(G) is mainly offset by the delay in payments to PSO or by borrowing under running finance facilities.

The Company is exposed to liquidity risk because of the following:

(i) Delay in payments from Power Purchaser - CPPA(G);

(ii) long term loans obtained for funding in TEL / CPHGC / CPHO / TNPTL / SECMC (refer note 23.1) may not be sufficient to meet their respective equity requirement; and

(iii) repayment / non-availability of short term borrowings (refer note 27).

The Company manages liquidity risk from its own sources and other alternative means.

Following are the contractual maturities of financial liabilities, including estimated interest payments, if any:

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amount.

NOTES TO THE UNCONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms. The carrying amounts of all the financial instruments reflected in these unconsolidated financial statements approximate their fair value.

Fair value of financial instruments

The fair value of the financial assets and liabilities is the amount at which the assets could be sold or the liability transferred in a current transaction between market participants at the reporting date, other than in a forced or liquidation sale. Investment in subsidiary companies, associates and joint venture are carried at cost.

The fair value of investment in SECMC (unquoted shares) have been estimated using a valuation model. The valuation requires management to make certain assumptions about the model inputs, including forecasted dividends, the discount rate and market risk. The probabilities of the various estimates within the range are assessed and are used in management's estimate in order to determine the fair value of investment in SECMC. The fair value as at June 30, 2023 has been determined at Rs. 3,259 million (2022: Rs. 3,071 million) resulting in unrealized gain of Rs. 188 million (2022: unrealized gain of Rs. 336 million).

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 - Inputs from the asset or liability that are not based on observable market data.

	Level 1	Level 2	Level 3	Total
	------------------------ (Rs. '000s) ------------------------			
June 2023				
Assets (Investment in SECMC)				
- At fair value through other comprehensive income	-	-	3,259,115	3,259,115
June 2022

Capital risk management

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern, as required under various project agreements, so that it can continue to provide returns for shareholders and benefits for other stakeholders.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders. The Company also monitors capital using a gearing ratio, which is net debt, interest bearing loans and borrowings including finance cost thereon, less cash and bank balances.

39. INITIAL APPLICATION / WAIVER FROM APPLICATION OF STANDARDS AND INTERPRETATIONS

39.1 Revised and amended standards and interpretation effective and adopted in 2023

No amendments to accounting and reporting standards that are applicable for the financial year beginning on July 1, 2022 have any material impact on the Company's financial reporting and, therefore, have not been disclosed in these unconsolidated financial statements.

Revised and amended standards and interpretation that are not yet effective and not adopted in 2023

There are standards and certain amendments to accounting and reporting standards that are not yet effective and have not been early adopted by the Company for the financial year beginning on July 01, 2022. The standards and amendments are not expected to have any material impact on the Company's financial reporting and, therefore, have not been disclosed in these unconsolidated financial statements.

39.2 Waiver from application of IFRS 16 "Leases"

The SECP through S.R.O. 986(1)/2019 dated September 2, 2019 has granted exemption from the requirements of IFRS 16 to all companies that have executed their Power Purchase Agreement (PPA) before January 1, 2019. The Company's lease arrangement with CPPA(G) for the project site i.e. Complex is also covered under the PPA and

INDEPENDENT AUDITOR'S REPORT

To the members of The Hub Power Company Limited
Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of The Hub Power Company Limited (the Holding Company) and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at June 30, 2023, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No.	Key audit matters	How the matter was addressed in our audit
(i)	**Contingent Liabilities**	
	[Refer notes 32.4 to 32.8, 32.9.2 to 32.9.9 and 32.10 to the consolidated financial statements] The Group has significant contingent liabilities in respect of Income Tax, Sales Tax, Federal Excise Duty (FED), Workers Profit Participation Fund (WPPF) and First Fill claim matters, which are pending adjudication at various appellate forums and at arbitration. These are based on a range of issues such as disallowance of certain expenses for income tax purposes, apportionment of input sales tax claims, applicability of FED on services, applicability of WPPF on the operations of the Group and demand / claim by Central Power Purchasing Agency Guarantee Limited (CPPA-G). Contingencies require management to make judgments and estimates in relation to the interpretation of laws, statutory rules, regulations and the probability of outcome and financial impact, if any, on the Group for disclosure and recognition and measurement of any provision that may be required against such contingencies. Due to the significance of the amounts involved, inherent uncertainties with respect to the outcome of the matters and use of significant management judgments and estimates to assess the same including related financial impacts, we have considered contingent liabilities as a key audit matter.	Our audit procedures, amongst others, included the following: i) obtained an understanding of the Group's process and controls over litigations through meetings with management and read the minutes of Board of Directors and Board Audit Committees; ii) obtained and assessed details of the pending tax, FED, WPPF and First Fill claim matters and discussed the same with the Group's management; iii) circularised confirmations to the Group's external legal and tax advisors for their views on matters being handled by them; iv) involved internal tax professionals to assess management's conclusion on contingent tax matters and evaluated consistency of such conclusions with the views of management and external tax advisors engaged by the Group; v) checked correspondence of the Group with the relevant authorities including judgments, appeal or orders passed by the competent authorities in relation to the issues involved or matters which have similarities with the issues involved; and vi) assessed the adequacy of the related disclosures made in the consolidated financial statements in this respect with regard to the applicable accounting and reporting standards.
(ii)	**Receivable from Central Power Purchasing Agency Guarantee Limited (CPPA-G) and National Transmission and Dispatch Company Limited (NTDC)**	
	[Refer notes 3.6 and 20 to the consolidated financial statements] The Group under the Power Purchase Agreements (PPAs) is required to sell the electricity to CPPA-G and NTDC, and recognises revenue based on the output delivered and Capacity available. Continuous delays by CPPA-G and NTDC in settlement of invoices raised by the Group companies under the PPAs, have resulted in buildup of trade debts aggregating to Rs. 86,751 million as at June 30, 2023 including overdue trade debts of Rs. 65,847 million. Due to delays in recovery, the Group has financed its operations through short and long term financing arrangements and by delaying the settlement of trade and other payables.	Our audit procedures, amongst others, included the following: i) assessed whether the revenue and related trade debts / receivables have been recognised in accordance with the accounting framework applicable on the Group; ii) checked that the invoices raised by the Group companies during the year are in accordance with the requirements of PPAs; iii) circularised confirmation of trade debts / receivables to CPPA-G and NTDC; iv) checked the receipts from CPPA-G and NTDC by tracing the amount from the bank statements;

S. No.	Key audit matters	How the matter was addressed in our audit
	In view of the significant delays in settlement of receivables, materiality of these trade receivables and the potential impairment charge and the consequential impact on the liquidity and operations of the Group, we have considered this to be an area of higher assessed risk and a key audit matter.	v) made inquiries with the management of the Group and read minutes of the meetings of the Board of Directors and Board Audit Committees to ascertain actions taken by them for the recoverability of these receivables; vi) checked Implementation Agreements and assessed whether trade debts are secured against guarantee from the Government of Pakistan and whether any impairment is required to be recognised thereagainst as per the applicable accounting framework; and vii) assessed adequacy of the related disclosures made in the consolidated financial statements, with regards to applicable accounting and reporting standards.

Information other than the Unconsolidated and Consolidated Financial Statements and Auditor's Reports thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Waqas Aftab Sheikh.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Project status

On January 30, 2020, Private Power and Infrastructure Board (PPIB) on behalf of the Government of Pakistan notified the achievement of Financial Close (FC) of TEL. TEL achieved Commercial Operations Date (COD) on October 01, 2022.

Under the amended Power Purchase Agreement (PPA), TEL's Required Commercial Operations Date (RCOD) was March 31, 2021. Considering the delay in COD, TEL requested CPPA(G) for extension in RCOD in view of the COVID-19 Force Majeure Event (FME) and delay in expected availability of indigenous coal under the Coal Supply Agreement with Sindh Engro Coal Mining Company Limited (SECMC). CPPA(G) granted an extension in the RCOD of TEL till November 23, 2021, subject to payment of undisputed High Voltage Direct Current (HVDC) charges upto USD 1.9 million per month, if charged to CPPA(G) by National Transmission and Despatch Company Limited (NTDC), from the COD of HVDC line under certain conditions. CPPA(G) has raised invoices for payment of HVDC charges, however, TEL has challenged the determination of the invoices and has sought clarifications from CPPA(G), including provision of evidence of achievement of COD of the HVDC line. Till such time the required information is furnished, there is no obligation on TEL to make payment and therefore currently there is no exposure on TEL in this regard.

As mentioned in the PPA, any delay in the achievement of COD beyond RCOD would also result in liquidated damages amounting to USD 0.75 million per month. CPPA(G) has raised invoices for said liquidated damages for the period November 23, 2021 to September 30, 2022 amounting to USD 7.7 million (Rs. 1,570 million). Accordingly, TEL has recorded payable for the said amount.

Holding company's commitments for TEL - Sponsors' support

For the development of TEL's project and pursuant to Share Holder's Agreement dated March 15, 2018, the holding company has obtained following approvals from shareholders in general meeting and is committed to:

i. make investments in TEL up to an amount not exceeding USD 78 million (or PKR equivalent) by way of a subscription of shares. Such investment shall be made within a period up till December 2022. Amount of equity investment was enhanced by USD 1 million (or PKR equivalent) in the AGM held on October 5, 2022. Such investment shall be for a period up till December 2024, or such period until the holding company liabilities / obligations as a sponsor remain undischarged, whichever is later. Total investment made in TEL is USD 78.87 million (or PKR equivalent). The equity commitment stands completed in February 2023;

ii. arrange and provide a SBLC to the Lenders of TEL or TEL to cover for the equity investment of (and up to an amount not exceeding) USD 78 million (or PKR equivalent) to guarantee the subscription of equity. Such SBLC shall be for a period up till November 2022. On November 11, 2019, the holding company issued Equity SBLC amounting to Rs. 3,767 million (equivalent to remaining USD million) to the lenders of TEL which is valid till November 10, 2022. The SBLC was subsequently reduced to Rs. 2,281 million. On October 25, 2022 the SBLC was reduced to Nil. This SBLC was issued as a sublimit of the financing arrangement as mentioned in note 26.2.1 of these consolidated financial statements;

iii. undertake to the Lenders of TEL and to arrange and / or provide working capital financing to TEL equivalent to an aggregate amount of USD 36 million. Such investment shall be for a period up till December 2032;

iv. assign its rights in respect of any investment made in TEL by way of Subordinated loan (which loan is to be treated as subordinated to the debt of the Lenders of TEL), in favour of the Lenders of TEL. Such investment shall be for a period up till December 2032. In order to fulfil this condition, the holding company has signed subordination agreement on December 20, 2018;

v. execute the Share Pledge Agreement with lenders of TEL , whenever such shares are acquired directly timely by way of subscription or otherwise such investment shall be made for a period up till December 2033. The holding company has executed the Share Pledge Agreement on July 08, 2019 including all necessary documentation related thereto and for the said purpose do or cause to do all acts, deeds and things that may be necessary or required in connection therewith, as may be deemed appropriate and as mutually agreed with the Lenders of TEL including any amendments thereto, or as required by law;

vi. provide a guarantee (in the form of SBLC) for the benefit of TEL and Intercreditor Agent for an aggregate amount of USD 31 million (or PKR equivalent) to guarantee an investment in the form of equity or subordinated debt to cover (a) cost overrun, (b) any obligation under financing documents prior to Project Completion Date ("PCD"), and (c) COD undertakings. Such investment shall be for a period up till the earlier of Project Completion Date or December 2025. On November 15, 2019, the holding company issued Cost Overrun SBLC amounting of USD 30.420 million to the lenders of TEL. The facility is secured by way of pari passu charge over all present and future assets of the Company, other than current assets and other securities;

vii. issued a sponsor SBLC to cover for the Initial Debt Service Reserve Account shortfall of an amount estimated not to exceed USD 20 million (or PKR equivalent) but which may be higher, such obligation shall be valid for a period till the first payment of the installment of the loan or such other date that may be prescribed under the Sponsor Support Agreement, (a) SBLC for USD 12.482 Million for Foreign lenders and b) SBLC for PKR 1,780 Million for Local Lender. These facilities are secured against a ranking charge on fixed asset excluding land and building and other securities;

viii. provide contractual commitments up to USD 22 million (or PKR equivalent) to Lenders for the purpose of TEL taking excess debt, which is over and above the cost approved by NEPRA. Such sponsor obligation shall be for a period earlier of the tenure of the project loan or December 2032;

ix. participate in the Put Option / Commercial Risk Guarantee ("Put Option / CRG") to be provided by local banks and financial institutions ("Put Option / CRG Financiers") to the foreign lenders and contributing payment of a sum not exceeding USD 15 million, ("Put Option / CG Contribution Amount") under the same as primary obligor and USD 10 Million as mark-up on the forced loan not settled by project company (if any) and any excess exposure on account of USD / PKR devaluation in accordance with the terms of the Put Option / CRG Agreement. Such sponsor obligation shall be valid till December 2032. Accordingly, the holding company has entered into a Put Option Sponsor Support Agreement dated December 20, 2018 and fulfilled this condition by providing pari passu charge on the holding company's assets, other than current assets; and

x. provide a contractual commitment and a parent company guarantee to TEL guaranteeing the due and punctual performance obligations by HPSL pursuant to the terms of the O&M Agreement. Such sponsor obligation shall be for a period the earlier of the tenure of the project loan or December 2032. The holding company has provided Parent Company Guarantee to TEL in the form of a corporate guarantee as per the terms of the O&M agreement.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Changes in accounting standards and interpretations

Standards, interpretations and amendments to published approved accounting and reporting standards which became effective during the year:

There were certain amendments to accounting and reporting standards which became effective for the Group for the current year. However, these do not have any significant impact on the Group's financial reporting and, therefore, have not been disclosed in these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

2.3 Accounting convention

These consolidated financial statements have been prepared under the historical cost convention, except as disclosed in the significant accounting policies (note 3).

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Basis of consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Further, the Group also considers whether:

- it has power to direct the relevant activities of the subsidiaries;
- is exposed to variable returns from the subsidiaries; and
- decision making power allows the Group to affect its variable returns from the subsidiaries.

All business combinations are accounted for using the acquisition method. The cost of an acquisition is measured at the fair value of the assets given and liabilities incurred or assumed at the date of exchange plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities assumed in a business combination (including contingent liabilities) are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair values of the holding company's share of identifiable net assets acquired is recorded as goodwill.

The consolidated financial statements of the Group include the financial statements of the holding company and its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as the holding company, using consistent accounting policies.

The assets and liabilities of the subsidiaries have been consolidated on a line-by-line basis and the carrying value of investment held by the holding company is eliminated against the subsidiaries' share capital and pre-acquisition reserves in the consolidated financial statements. Material intra-group balances and transactions are eliminated.

A change in the ownership interest of the subsidiaries, without a change of control, is accounted for as an equity transaction.

The subsidiary companies are consolidated from the date on which more than 50% voting rights are transferred to the holding company or power to govern the financial and operating policies of the subsidiaries are established and are excluded from consolidation from the date of disposal or cessation of control.

Non-controlling interest (NCI) is the equity in a subsidiary not attributable, directly or indirectly, to the holding company.

Associates and joint venture

Associates and joint ventures are all entities over which the Group has significant influence but not control. Investment in associates and joint ventures are accounted for using equity method, whereby the investment is initially recorded at cost and adjusted thereafter for the post acquisition change in the Group's share of net assets of the associates and joint venture. The consolidated statement of profit or loss reflects the Group's share of the results of the operations of the associates and joint ventures.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to the statement of profit or loss where applicable. The gain / loss arising on dilution of interest in an equity accounted investee is recognised in the statement of profit or loss.

The Group determines at each reporting date whether there is any objective evidence that the investment in associates is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associates and its carrying value and recognizes the same in statement of profit or loss.

3.2 Property, plant and equipment

(a) Operating fixed assets and depreciation

Owned

These are stated at cost less accumulated depreciation and impairment losses, if any, except for freehold land which is stated at cost.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets at the rates disclosed in note 14.1 to the consolidated financial statements. Depreciation on additions is charged for the full month in which an asset is available for use and on disposals up to the month immediately preceding the disposals. Gains and losses on disposals are taken to the consolidated statement of profit or loss.

Maintenance and repairs are charged to the consolidated statement of profit or loss as and when incurred. Major renewals and improvements are capitalised.

Spare parts and servicing equipment are classified as operating fixed assets under plant and machinery rather than stores, spares and loose tools when they meet the definition of property, plant and equipment. Available for use capital spares and servicing equipment are depreciated over their useful lives, or the remaining life of principal asset, whichever is lower.

The residual value, depreciation method and the useful lives of the significant items of property, plant and equipment are reviewed and adjusted if required, at each reporting date.

Right-of-use assets

Right-of-use assets are initially measured on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs, lease incentive and the discounted estimated asset retirement obligation. Subsequently, the right-of-use asset is measured at cost net of any accumulated depreciation and accumulated impairment losses, if any. Depreciation is calculated on a straight-line basis over the shorter of estimated useful lives of the right-of-use assets or the lease term.

(b) Capital work-in-progress

Capital work-in-progress is stated at cost less impairment losses, if any. Items are transferred to operating fixed assets as and when they are available for use.

3.3 Intangible assets and amortisation

(a) Goodwill

Goodwill represents the excess of the cost of acquisition over the fair value of the holding company's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill is tested for impairment annually and whenever there is an indication that the value may be impaired is carried at cost less accumulated impairment losses, if any. Impairment losses on goodwill are not reversed.

(b) Other intangible assets

These are stated at cost less accumulated amortisation and impairment losses, if any. Amortisation is computed using the straight-line method over the estimated useful lives of the assets at the rate disclosed in note 15.1 to these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

3.4 Investments

Investment in associate and joint venture

Investment in associate and joint venture are accounted for using equity method, whereby the investment is initially recorded at cost and adjusted thereafter for the post acquisition change in the holding company's share of net assets of the associate and joint venture. The consolidated statement of profit or loss reflects the Group's share of the results of the operations of the associate and joint venture.

If the ownership interest in associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to consolidated profit or loss where applicable. The gain / loss arising on dilution of interest in an equity accounted investee is recognised in the consolidated statement of profit or loss.

Others

On initial recognition, the Group designate investments in equity instruments as at Fair Value Through Other Comprehensive Income (FVTOCI) if the equity investment is not held for trading or if it is contingent consideration recognised in a business combination.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in consolidated other comprehensive income and accumulated in retained earnings.

3.5 Impairment of non-current assets

The carrying amounts of non-current assets except goodwill are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated to assess whether asset's carrying value exceeds its recoverable amount. Where carrying value exceeds the estimated recoverable amount, asset is written down to its recoverable amount. Impairment losses are recognised as expense in the consolidated statement of profit or loss. An impairment loss on non-current assets except goodwill is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.6 Impairment of financial assets

Trade debts are assessed at each reporting date to determine whether there is any objective evidence that these are impaired. These are considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

For financial assets other than trade debts, lifetime Expected Credit Losses (ECL) is used when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12 month ECL.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

3.7 Stores, spares and consumables

These are valued at the lower of moving average cost and net realisable value except for the items in transit which are stated at cost. Cost of stock-in-transit represents the invoice value plus other charges incurred thereon till the reporting date. Provision is made for slow moving and obsolete items, if any.

3.8 Stock-in-trade

Furnace oil

These are valued at the lower of cost determined on first-in-first-out basis and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale.

Coal / Limestone

These are valued at the lower of cost determined on a weighted average basis and net realisable value. The management assesses at each reporting date whether there is any impairment required to bring the value of inventories down to their net realisable value.

3.9 Share capital

Ordinary shares are classified as equity and recognised at their face value. Discount or premium on issuance of shares is separately reported in consolidated statement of changes in equity. Transaction costs directly attributable to the issuance of shares are shown in equity as a deduction, net of tax.

3.10 Provisions

Provisions are recognised when the Group has a present (legal or constructive) obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

3.11 Staff retirement benefits

Defined benefit plans

The holding company, TEL and HPSL operate funded defined benefit gratuity plans, covering eligible employees who have completed minimum service requirement with respective company. The liabilities relating to defined benefit plans are determined through actuarial valuation using the Projected Unit Credit Method. The method involves making assumptions about discount rates, future salary increases and mortality rates. Due to the long-term nature of these benefits, such estimates are subject to certain uncertainties.

Defined contribution plans

LEL operates a funded defined contribution gratuity plan for the benefit of its employees. Monthly contributions are paid by LEL to the fund at the rate of 8.33% of basic salary.

The holding company, LEL, TEL and HPSL operate recognised contributory provident funds covering all employees who are eligible for the plan. Equal monthly contributions are made by the companies and the employees in accordance with the respective funds' rules.

In addition to above, HPSL also operates a defined contribution pension fund for employees who are eligible for the plan. HPSL is required to contribute 10% of the basic pay of the employees on monthly basis. The HPSL's contributions are recognised as employee benefit expense when they are due.

3.12 Revenue recognition

3.12.1 Sale of electricity

Revenue from the sale of electricity to the Central Power Purchasing Agency (Guarantee) Limited [CPPA(G)] is recorded based upon the output delivered and capacity available at rates as specified under the Power Purchase Agreement (PPA) with CPPA(G), as amended from time to time. The payment is due 14 days and 30 days after the acknowledgement of the output delivered invoice and capacity available invoice, respectively. PPA with CPPA(G) is a contract over a period of 30 years starting from 1997. Late payment interest, as per the PPA, on receivables from CPPA(G) is recorded on accrual basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Revenue from the sale of electricity to the CPPA(G), the sole customer of NEL, is recorded based upon the output delivered and capacity available at rates as specified under the PPA with the CPPA(G). The payment is due 30 days after the acknowledgement of the invoice. PPA with CPPA(G) is a contract over a period of 25 years starting from 2011. Late payment interest, as per the PPA, on receivables from CPPA(G) is recorded on accrual basis.

Revenue from the sale of electricity to the NTDC, the sole customer of LEL, is recorded based upon the output delivered and average energy at rates as specified under the PPA with NTDC. The payment is due 30 days after the acknowledgement of the invoice. PPA is a contract over a period of 25 years starting from 2013. Late payment interest, as per the PPA, on receivables from NTDC is recorded on accrual basis.

Revenue from the sale of electricity to the CPPA(G), the sole customer of TEL, is recorded based upon the output delivered and capacity available at rates as specified under the PPA with CPPA(G), as amended from time to time. The payment is due 30 days after the acknowledgement of the output delivered invoice and capacity available invoice, respectively. PPA with CPPA(G) is a contract over a period of 30 years starting from October 01, 2022. Late payment interest, as per the PPA, on receivables from CPPA(G) is recorded on accrual basis.

A contract asset is recognized when Group has fulfilled its obligations under the PPA before the customer pays consideration or before payment is due. A contract asset is Group's right to consideration that is conditional. A right to consideration is unconditional if only the passage of time is required before payment of that consideration is due. For all unconditional rights to receive consideration, a trade debt is recognised.

3.12.2 Operation and Maintenance (O&M) services income

Operation and maintenance fee under various contracts is measured at fair value of the consideration received or receivable and is recognised on accrual basis when services are rendered i.e. performance obligations are fulfilled in accordance with the terms of agreements.

3.12.3 Services income

Revenue from services is recognised on accrual basis as and when services are rendered upon satisfaction of performance obligation, in accordance with the terms of agreements.

3.12.4 Dividend income

Dividend income is recognised when the holding company's right to receive payment has been established.

3.12.5 Interest income

Interest income is recorded on accrual basis.

3.12.6 Other income

Revenue from sale of Certified Emission Reductions (CERs) is recognised upon delivery of the CERs.

3.13 Functional and presentation currency

Items included in these consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pak Rupees which is the Group's functional currency, unless otherwise stated.

3.14 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee equivalents using the exchange rates at reporting date. Non-monetary assets and liabilities are stated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions and translations are included in consolidated statement of profit or loss, except as follows.

In partial modification of S.R.O. 24(I)/2012 dated January 16, 2012, the SECP, vide S.R.O. 986(I)/2019 dated September 02, 2019, has granted exemption from the requirements of International Accounting Standard (IAS) 21 to the extent of capitalisation of exchange differences to all companies which have executed their Power Purchase Agreements before January 01, 2019. Accordingly, the exchange differences relating to foreign currency borrowings have been capitalised in the related property, plant and equipment' and are depreciated over the term of the PPA.

Had exchange differences, as allowed by the above mentioned S.R.O. not been capitalised, the profit for the year would have been lower by Rs. 19,845 million and the property, plant and equipment as at June 30, 2023 would have been lower by Rs. 23,972 million.

3.15 Taxation

3.15.1 Current

Income of the holding company, NEL, TEL and LEL is not liable to taxation in Pakistan, to the extent, provided in the Implementation Agreements signed with the Government of Pakistan (GOP) and the Income Tax Ordinance, 2001 (ITO 2001). Accordingly, provision for taxation, if any, is made only on the income liable to tax at the applicable rates of tax after taking into account tax credits, rebates etc. allowable under the ITO 2001.

Income of HPHL is subject to taxation in Pakistan in accordance with the provisions of the ITO 2001. Accordingly, provision for taxation has been made after taking into account tax credits etc., if any.

Income of HPSL is subject to taxation in Pakistan in accordance with the provisions of the ITO 2001 and tax laws adopted by Azad Jammu and Kashmir (AJK). Accordingly, provision for taxation has been made after taking into account tax credits etc., if any.

3.15.2 Deferred

Deferred tax is recognised using the balance sheet method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

3.16 Dividend distribution

Dividend distribution to the holding company's shareholders and NCI is recognised as a liability in the period in which it is approved.

3.17 Segment reporting

Segments are reported in a manner consistent with the internal reporting provided to the Group's chief operating decision maker in order to assess each segment's performance and to allocate resources to them. Segment reports are regularly reviewed by the board of directors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

3.18 Financial instruments

(a) Trade debts and other receivables

Trade debts and other receivables are recognised initially at fair value plus directly attributable transaction cost, if any, and subsequently measured at amortised cost using the effective interest rate method less provision for impairment, if any.

(b) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, payorders in hand, cash with banks on savings, call and term deposit accounts and short term borrowings payable on demand. Short term borrowings are shown in current liabilities.

(c) Borrowings

Borrowings are recognised initially at fair value, net of attributable transaction costs incurred. Borrowings are subsequently stated at amortised cost, any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the consolidated statement of profit or loss over the period of the borrowings using the effective interest rate method.

(d) Short term investments - at fair value through profit or loss

Short term investments represents Pakistan Investment Bonds (PIBs) and Sukuks. These are classified as 'financial asset at fair value through profit or loss'.

These investments are initially recognised at fair value, relevant transaction costs are taken directly to profit or loss and subsequently measured at fair value. Net gains and losses on changes in fair value of these financial assets are taken to profit or loss in the period in which they arise.

(e) Trade and other payables

Liabilities for trade and other amounts payable are recognised initially at fair value and are subsequently measured at amortised cost using the effective interest rate method.

3.19 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised. All other borrowing costs are recognised as an expense in the period in which they are incurred. Borrowing costs include exchange differences arising on foreign currency borrowings, obtained for acquisition, construction or production of qualifying assets, to the extent that they are regarded as an adjustment to interest cost are included in the cost of qualifying assets. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from borrowing costs eligible for capitalisation. Qualifying assets are assets that necessarily take substantial period of time to get ready for their intended use.

3.20 Off-setting

Financial assets and liabilities are offset and net amount is reported in the consolidated financial statements only when there is a legally enforceable right to set-off the recognised amount and the Group intends either to settle on net basis, or to realise the assets and to settle the liabilities simultaneously.

3.21 Lease liabilities

At the inception of a contract, the Group assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

The lease liabilities are initially measured at the present value of the remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Group's incremental borrowing rate.

Lease liabilities are subsequently measured at amortised cost using the effective interest method. They are remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the holding company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the respective right-of-use asset, or is recorded in profit or loss if the carrying amount of that right-of-use asset has been reduced to zero.

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of consolidated financial statements in conformity with the accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the periods in which the estimates are revised and in any future periods affected. Significant estimates, assumptions and judgements are disclosed in the relevant accounting policies and notes to these consolidated financial statements.

Following are the significant areas where management used estimates and judgements other than those which have been disclosed elsewhere in these consolidated financial statements:

a) Determining the residual values and useful lives of property, plant and equipment and intangibles;

b) Distinguishing between capital spares, servicing equipment and stores and spares;

c) Provisions;

d) Recognition of taxation;

e) Recognition of provision for staff retirement benefits;

f) Impairment of goodwill, trade debts and other receivables;

g) Commitments and contingencies;

h) Determining the fair value of equity instruments designated as FVTOCI;

i) Recognition of lease liabilities and right of use assets;

j) Recognition of income from management services; and

k) Capitalisation of certain expenses as capital work-in-progress.

9. INSURANCE CLAIM AGAINST ALTERNTOR DAMAGE AND CONSEQUENT LOSS OF REVENUE

During the year ended June 30, 2022, alternators of two engines at NEL developed a fault having 38 MW capacity. Two new alternators were procured as replacement and were resynchronised in February 2023.

The replacement amount and loss of business profit due to business interruption are covered under NEL's insurance policy. During the year ended, the insurer has partially disbursed an amount of USD 1.783 million (Rs. 509.664 million) in lieu of alternators replacement and loss of revenue due to business interruption under the insurance policy.

15.3 For impairment testing, goodwill has been allocated to 'Laraib plant' as Cash Generating Unit (CGU), which is also a reportable segment. No goodwill has been impaired as a result of annual impairment test carried out on June 30, 2023. The recoverable amount for the purpose of assessing impairment on goodwill on acquisition of the subsidiary is determined based on value in use. The calculations are based on the cash flows derived mainly under the PPA between LEL and the Power Purchaser for a term of 25 years from COD. These cash flows are denominated in USD and have been discounted using a discount rate which reflects the current market rate appropriate for the business. For the calculation, the Group has used a discount rate of 9.06% (2022: 9.81%) and the cash flows are discounted over whole of the life of the project. The management believes that any reasonable possible change to the key assumptions on which calculation of recoverable amount is based, would not cause the carrying amount to exceed the recoverable amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

In 2019, HPHL exercised the call option under Amended and Restated Shareholders' Agreement to increase its shareholding in CPHGC from 26% to 47.5%. Accordingly, as at June 30, 2023, the holding company has 47.5% legal ownership interest in CPHGC, the principal business of which is to own, operate and maintain two coal-fired power generation units of 660 MW each with ancillary Jetty in the province of Balochistan. The project achieved its Commercial Operation Date (COD) on August 17, 2019.

Pursuant to Memorandum of Understanding (MOU) dated December 23, 2016 with Government of Balochistan (GoB), HPHL and China Power International (Pakistan) Investment Limited (CPIPI) are committed to transfer 3% equity shareholding in CPHGC (1.5% each by HPHL and CPIPI) to GoB. The transfer was required to be executed by COD. The legal process for transfer of shares is yet to be completed. HPHL is making accruals for liability in respect of share of profit relating to such shares (refer notes 12 and 29.3).

On July 14, 2021, due to uncertain weather conditions, the transformer of Unit One was damaged. A new transformer was procured as replacement of Unit One and was resynchronized on January 6, 2022. The replacement amount and loss of business profit due to business interruption were covered under the CPHGC's insurance policy. The insurance company agreed to the settlement of the aforementioned claim of USD 65 million (Rs. 13,831.27 million) through the insurance compensation agreement. A total of USD 27 million was disbursed in prior year and during the year, the insurance company has disbursed an amount of USD 34.22 million (Rs. 7,649.70 million) and USD 3.78 million (Rs. 846.29 million) in lieu of transformer replacement and loss of revenue due to business interruption respectively.

On March 09, 2020, the CPHGC applied for the One Time Adjustment of Tariff under clause 12.10 of Schedule 1 to the PPA to be approved by National Electric Power Regulatory Authority (NEPRA). On June 30, 2022, NEPRA decided upon the Commercial Operations Date (COD) Adjustment Tariff dated, February 12, 2016 (Tariff Decision) forming the basis on which future indexations in the CPHGC's tariff are to be made and the revenue to be recognised with effect from the date of the COD. The CPHGC believes that the aforementioned Tariff Decision is principally not in accordance with the CPHGC's Upfront Tariff issued by NEPRA dated February 12, 2016, and being aggrieved from the Tariff Decision, the CPHGC has filed an appeal before the Appellate Tribunal NEPRA (ATN) on July 29, 2022, in accordance with applicable legislation. On September 7, 2022, ATN has suspended the Tariff adjustment decision dated June 30, 2022 and allowed the indexation adjustment already approved on provisional basis, subject to final approval of the appeal.

In light of the aforementioned appeal filed and favorable advice from the CPHGC's legal counsel, the CPHGC's management has assessed that the CPHGC has strong legal grounds against certain disallowances made by NEPRA in the Tariff Decision and the CPHGC has continued to recognise revenue in its financial statements in accordance with its interpretation of the relevant tariff provisions.

CPHGC has recorded a contract asset amounting to Rs. 11,411 million which includes certain Capacity Purchase Price and Energy Purchase Price components as per the PPA for the period August 17, 2019 to June 30, 2023 related to the aforementioned One Time Adjustment of Tariff. CPHGC will be able to raise the invoice for billing and recover this amount once the signing of schedules of PPA and its appeal before the ATN is decided favorably.

During the period, NEPRA while notifying the fuel cost component applicable for Energy Purchase Price Invoices has applied a differential price mechanism published by Argus / McCloskey on the API-4 index which is contrary to the mechanism approved by NEPRA in the 'Upfront Coal Tariff' of the Company dated February 12, 2016. The Company has filed motion for review thereagainst and recognized unbilled revenue of Rs. 1,033.74 million (June 30, 2022: Rs. 1,007.62 million) and is confident that potential reversal of recognised revenue will not be significant.

Sponsors' support for CPHGC

Pursuant to Sponsor Support Agreement entered into with the lenders of CPHGC, the holding company is committed to arrange for working capital financing through HPHL amounting to USD 90.25 million in case CPHGC fails to arrange for working capital facility for its operations. This commitment is valid till the full repayment of project loans of CPHGC.

Pursuant to the Completion Guarantee Agreement dated October 24, 2017 between HPHL, China Power Holding Limited, the holding company, CPIPIL, CPHGC and CPHGC's lenders, the holding company is required to provide a SBLC for an aggregate amount of USD 150 million to guarantee an investment in the form of equity or subordinated debt (either directly or through HPHL) to satisfy the funding shortfall, if any, in CPHGC:

a) to achieve completion of the Project to the satisfaction of the lenders; and

b) repay all principal, interest, fees or any other amounts that may fall due by CPHGC under the finance documents to the finance parties.

The holding company issued this SBLC by entering into an agreement with local banks by providing security against all present and future assets of the holding company other than current assets. If the SBLC is not renewed 15 days prior to the expiry, CPHGC has the right to call upon the SBLC.

On February 23, 2023, CPHGC's coal-fired power plant has been declared "Project Complete" by CPHGC's lenders. The declaration of Project Completion Date (PCD) releases the holding company from its obligation to maintain a USD 150 million SBLC.

To release the holding company from the requirement to maintain the standby letter of credit, it has been agreed that the holding Company, via a deed of the undertaking, shall extend its existing obligation to pay any amount proportionate to its shareholding in CPHGC up to a maximum of USD 150 million, due from CPHGC to the relevant lenders following the exercise of any remedy by CPHGC's lead lender, China Development Bank (CDB), under CPHGC's financing documents specified in the Completion Guarantee dated October 24, 2017, as amended and restated from time to time, between CPHGC, CPHGC's sponsors and shareholders and CDB, until the financing received by CPHGC from its lenders is fully repaid.

Shares held by HPHL in CPHGC are pledged in favour of the Security Trustee in order to secure the holding company's obligations under the financing documents of CPHGC.

TNPTL is a private limited company, incorporated in Pakistan on April 18, 2016. The principal activities of TNPTL are to develop, own, operate and maintain a 1 x 330 MW mine-mouth coal fired power plant (the Project) at Thar Block II, Thar Coal Mine, Sindh.

In 2019, the holding company, through HPHL, acquired 38.3% ownership interest in TNPTL pursuant to Share Subscription Agreement (SSA) / Shareholders Agreement (SHA) entered between HPHL, TNPTL and its sponsors (Thal SPV and Nova SPV). As at June 30, 2023, HPHL has injected USD 51.755 million (Rs. 8,885 million) in TNPTL out of total equity commitment of USD 52.074 million. Subsequent to the year end, all the requirements of equity injection have been completed.

Project status

On September 30, 2020, PPIB on behalf of the Government of Pakistan notified the achievement of Financial Close of TNPTL. TNPTL achieved COD on February 17, 2023.

Under the Power Purchase Agreement (PPA), TNPTL's Required Commercial Operations Date (RCOD) was March 31, 2021. Considering the delay in RCOD, TNPTL requested CPPA(G) for extension in RCOD in view of the delayed COVID-19 Force Majeure Event (FME) and delay in expected availability of indigenous coal under the Coal Supply Agreement with SECMC. CPPA(G) granted an extension in the RCOD of TNPTL till June 30, 2022, subject to payment of undisputed HVDC charges under certain conditions upto USD 1.9 million per month, if charged to CPPA(G) by NTDC, from the COD of HVDC line under certain conditions.

Although CPPA(G) has raised an invoice for payment of HVDC charges, TNPTL challenged the determination of the invoice, and has sought clarifications from CPPA(G), including provision of evidence of achievement of COD of the HVDC line. Till such time the required information is not furnished, there is no obligation on TNPTL to make payment and therefore there is currently no exposure on TNPTL in this regard. Further, TNPTL has also requested CPPA(G) for further extension of RCOD by 232 days, hence, there is no exposure of PPA LDs as on June 30, 2023.

The holding company's commitment to TNPTL

Under the SSA and SHA, subject to the term of financing documents, the holding company is restricted to transfer or otherwise dispose the shares held in TNPTL or create encumbrance till the 6th anniversary of the COD of TNPTL.

In connection with the development of TNPTL's project and pursuant to Shareholders' Agreement dated March 25, 2019, the holding company has obtained following approvals from shareholders in general meeting on April 16, 2019 and is committed to:

(i) Make investments in TNPTL up to an amount not exceeding USD 50.5 million (or PKR equivalent) by way of a subscription of shares. The investment amount has been enhanced in February 2023 by USD 1.8 million (or PKR equivalent) Such investment shall be made within a period up till December 2024 or such period until the liabilities / obligations of the sponsors of TNTPL remain undischarged, whichever is later. Total investment in TNPTL to date stands at USD 52.07 million (or PKR equivalent). The equity commitment stands completed in July 2023. On January 09, 2020, the holding company, through HPHL, issued equity SBLC amounting to Rs. 2,425 million (equivalent to remaining USD million) to the lenders of TNPTL which was valid till January 07, 2024 by placing cash security as lien. However, on April 20, 2023 the SBLC was reduced to Nil;

(ii) undertake to the Lenders of TNPTL or to arrange and / or provide working capital financing to TNPTL, directly or through HPHL, equivalent to an aggregate amount of USD 23 million. Such investment shall be for a period up till August 31, 2033 or such period until the liabilities / obligations are discharged, whichever is later;

(iii) to assign its rights, benefits and interests in respect of any investment made in TNPTL by way of Subordinated loan (which loan is to be treated as subordinated to the debt of the Lenders of TNPTL) including the benefits of any indemnities, warranties and guarantees, in favour of the lenders of TNPTL, directly or through its subsidiary HPHL. Such investment shall be for a period up till August 31, 2033 or such period until the liabilities / obligations are discharged, whichever is later. To fulfil this requirement the holding company has signed subordination agreement on July 24, 2019;

(iv) pledge its shares (if any) in TNPTL held by it from time to time, in favour of the Lenders of TNPTL, whether such shares are acquired directly by way of subscription or otherwise. Such investment shall be for a period up till August 31, 2033 or such period until the liabilities / obligations are discharged, whichever is later. The holding company, through HPHL, has executed Share Pledge Agreement on November 08, 2019 to fulfil this condition;

(v) provide a guarantee (in the form of SBLC) for the benefit of TNPTL and Intercreditor Agent for an aggregate amount of USD 20 million (or PKR equivalent) to guarantee an investment in the form of equity or subordinated debt to cover (a) cost overrun, (b) any obligation under financing documents prior to Project Completion Date ("PCD"), and (c) Commercial Operation Date ("COD") undertakings. Such investment shall be for a period up till the earlier of PCD or July 31, 2026. On January 08, 2020, the holding company issued Cost Overrun SBLC amounting to USD 19.68 million to the lenders of TNPTL which is valid till December 31, 2024. The facility is secured by way of pari passu charge over all present and future assets of the holding company other than current assets;

(vi) issue a sponsor SBLC to cover for the Initial Debt Service Reserve Account Shortfall, of an amount estimated not to exceed USD 14 million (or PKR equivalent), but which could be higher as detailed in EOGM notice dated March 14, 2019. Such SBLC shall be for a period up till the earlier of first payment of the installment of the loan or January 31, 2024;

(vii) participate in the Put Option / Commercial Risk Guarantee ("Put Option / CRG") to be provided by local banks and financial institutions ("Put Option / CRG Financiers") in favour of the foreign lenders and contributing payment up to USD 10 million (or PKR equivalent) ("Put Option / CRG Contribution Amount") under the same as primary obligor in accordance with the terms of the Agreement Regarding Procedures Following Event of Default. Such sponsor obligation shall be valid till August 31, 2033. Accordingly, the holding company has entered into a Put Option Sponsor Support Agreement dated July 22, 2019 and fulfilled the condition by providing pari passu charge on the holding company's assets, other than current assets;

(viii) provide sponsor support to the Put Option / CRG Financiers for various exposures being assumed by the Put Option / CRG Financiers in respect of the Put Option / CRG to cover any shortfall that TNPTL is unable to provide to the Put Option / CRG Financiers (which includes any foreign exchange risk and mark-up / interest up to the extent of USD 7 million), or such other amount as may be agreed with the Put Option / CRG Financiers from time to time ("Put Option / CRG Support Amount"). Such Sponsor obligation shall be valid till August 31, 2033. Accordingly, the holding company has entered into a Put Option Sponsor Support agreement dated July 22, 2019 and fulfilled the condition by providing pari passu charge on the holding company's assets, other than current assets;

(xi) provide security in form and substance acceptable to the Put Option / CRG Financiers or such other alternate / additional security as the Put Option / CRG Financiers may require from time to time up to the Put Option / CRG Support Amount and Put Option / CRG Contribution Amount with such margin and on such terms as may be deemed appropriate by the Authorized Persons. Accordingly, the holding company has entered into a Put Option Sponsor Support agreement dated July 22, 2019 and fulfilled the condition by providing pari passu charge on the holding company's assets, other than current assets; and

(x) provide (if required) a contractual commitment and a parent company guarantee to TNPTL guaranteeing the due and punctual performance of obligations by HPSL pursuant to the terms of the O&M Agreement. Such sponsor obligation shall be for a period the earlier of the tenure of the project loan or the expiry of the O&M Agreement. On September 17, 2019, the holding company provided Parent Company Guarantee to TNPTL in the form of a corporate guarantee as per the terms of the O&M agreement.

16.5 Sindh Engro Coal Mining Company Limited (SECMC)

SECMC is a public unlisted company, incorporated in Pakistan on October 15, 2009. The principle activity of SECMC is to develop, construct and operate open cast lignite mine in Block II Thar Coal Mine, Sindh.

Pursuant to Share Holder's Agreement, the holding company agreed to invest the equivalent of USD 20 million at or soon after Financial Close of SECMC or at such later time or times as required by the Financing Agreements of SECMC at a share price of Rs. 14.82 per share. As at June 30, 2023 the holding company has injected USD 15.506 million (Rs. 1,909 million) [2022: USD 15.506 million (Rs. 1,909 million)] representing 8% equity stake in SECMC.

SECMC achieved its COD for Phase-I and Phase-II of the mine on July 10, 2019 and October 1, 2022 respectively, increasing the total capacity from 3.8 MPTA to 7.6 MPTA. Subsequent to the year end, the Thar Coal Energy Board (TCEB) approved a tariff of Block II.

In addition to the USD 20 million equity, the holding company is committed to:

16.5.1 Sponsor Support Guarantee to cover cost overruns for an amount not exceeding USD 5 million (in equivalent Pak Rupees), if at any time prior to the Project Completion Date a funding shortfall occurs. Each Sponsor is obligated to pay the cost overrun amount in cash, by way of subscription of SECMC shares or at the option of the Sponsors collectively, by way of a subordinated debt to SECMC. The shareholders of the holding company during the EOGM held on January 14, 2016 approved the cost overrun support of USD 4 million and further approved the increase in cost overrun support to USD 5 million in the EOGM held on June 22, 2018. Since SECMC has achieved PCD for phase 1, the cost over run commitment stand reduce to USD 0.864 million. Confirmation from intercreditor agent is awaited for the reduced amount.

16.5.2 SBLC to cover for the Initial Payment Service Reserve Account Shortfall (‘PSRA’) for an amount estimated not to exceed USD 6 million (which could be higher). If there is an Initial PSRA Shortfall, each sponsor shall procure and issue a PSRA SBLC in proportion to its shareholding of ordinary shares in SECMC. Upon a demand being made for payment under the PSRA SBLC and receiving such payment, the said amount may be treated as equity or at the option of the sponsors collectively, subordinated debt advanced in favor of SECMC in an amount equal to such portion of the PSRA SBLC that is called upon. During the EOGM held on January 14, 2016, the PSRA support was approved by the members of the holding company.

On February 26, 2016, the sponsors, including the holding company, entered into a SSA with Habib Bank Limited as a condition precedent for the availability of loan facilities to SECMC. Pursuant to the terms and conditions set forth in the SSA, the holding company has provided Sponsor Equity Contribution Letter of Credit in the form of an Irrevocable SBLC in favour of Habib Bank Limited, dated March 18, 2016 for a total amount not exceeding USD 12.650 million. The SBLC has been reduced to USD 3.89 million.

Additionally, a Share Pledge Agreement was also executed by the Shareholders of SECMC including the holding company on March 09, 2016 in favour of the Security Trustee in accordance with the provisions of the Finance Documents whereby all shares of SECMC are pledged.

20.1.1 This includes Rs. 5,879 million (2022: Rs. 4,544 million) related to LPI which is not yet billed by the Group.

20.1.2 This also includes an amount of Rs. 122 million (2022: Rs. 122 million) for which the NEL's tariff application has been approved by NEPRA, however, due to pending notification of NEPRA's determination in the Official Gazette, as of reporting date the amount has not been billed to CPPA(G).

20.1.3 This includes an amount of Rs. 1,638 million in respect of quarterly indexation of LEL's COD tariff for April 2023 to June 2023 which is currently pending NEPRA's approval on account of objection raised by CPPA(G) on O&M tariff component. LEL is engaged with NEPRA on this and considering the outcome of similar matter in the past and the opinion of its legal advisor, expects the amount to be billed and recovered in full in the near future.

21. CONTRACT ASSET

This includes revenue in respect of certain CPP and EPP components as per TEL PPA for the period October 01, 2022 to June 30, 2023. TEL expects to raise the invoice for billing and recovery of this amount once the signing of schedules of PPA are finalised and finalisation of One Time Adjustment of Tariff.

NOTES TO THE CONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

23.1 The holding company and the power plant construction contractors had entered into a Turnkey Construction Contract (TKC). Under the terms of the TKC, the holding company was required to pay all income tax liability on payments to contractors and sub-contractors. Under the PPA with CPPA(G), any tax paid by the holding company on behalf of construction contractors and sub-contractors was to be reimbursed by CPPA(G).

Under the provisions of the Implementation Agreement (IA) between the holding company and Government of Pakistan (GOP) it was agreed that payments to contractors and sub-contractors would be subject to 4% tax which would be full and final liability on account of income tax. Accordingly, the provisions of tax law were amended. However, in 1998, few years after the tax had been paid, the FBR contended that holding company was liable to pay tax at 8% instead of the agreed rate of 4% and was also liable to pay tax on taxes paid on behalf of contractors and sub-contractors on "tax on tax" basis at the corporate rates ranging from 52% to 58% instead of 4%. Accordingly, demand notices were issued and the holding company was required to pay Rs. 966 million. On payment of Rs. 966 million, the holding company immediately billed these amounts to CPPA(G). Against these demands by FBR, appeals were filed by the contractors and sub-contractors which were decided in their favour. The FBR has filed appeals before the courts which are pending adjudication.

On holding company's and other IPPs representation, the Economic Coordination Committee (ECC) of the Federal Cabinet of the GOP directed the FBR to refund the tax recovered by it over and above 4%. The FBR has so far refunded Rs. 593 million but withheld Rs. 373 million on the pretext that the ECC decision was not applicable on "tax on tax" issue and also because the FBR has filed appeals before the courts which are pending adjudication.

The holding company continued its discussions with the GOP and the FBR for the balance refund of Rs. 373 million. As a result, the tax department passed revised orders recognising refunds aggregating to Rs. 300.5 million. The tax law specifies that once an order recognising refund is passed, only then a taxpayer can apply for issuance of refund order and refund cheque. Accordingly, the holding company has filed applications with the tax department for issuance of refund orders and cheques for the above amounts. The holding company is also pursuing the tax department for issuance of revised orders recognising the balance refund amounting to Rs. 72.5 million.

The management and the holding company's tax advisors are of the opinion that the position of the contractors and the holding company is strong on legal grounds and on the basis of the above referred orders, therefore, tax of Rs. 373 million will be refunded.

23.2 These are neither past due nor impaired and are recoverable in ordinary course of business. The maximum aggregate amount due at the end of any month during the year was Rs. 106 million (2022: Rs. 36 million).

23.3 These are neither past due nor impaired and are recoverable in ordinary course of business. The maximum aggregate amount due at the end of any month during the year was Rs. 8 million (2022: Rs. Nil).

23.4 These represents receivable CPHO against Management Services Agreement / reimbursement of expenses. The maximum aggregate amounts due at the end of any month during the year was Rs. 104 million (2022: Rs. 32 million).

23.5 These are neither past due nor impaired and are recoverable in ordinary course of business. The maximum aggregate amounts due at the end of any month during the year were Rs. 2,825 million (2022: Rs. 3,571 million).

26.5 During the year, HPHL has fully repaid this loan.

26.6 On November 12, 2020, HPHL issued privately placed secured Sukuk Certificates amounting to Rs. 6,000 million at a discounted value of Rs. 4,948 million covering profit payment for the first two years of the issue. The Sukuk Certificates carry mark-up at the rate of 2.5% per annum above six-month KIBOR. Commencing from November 2022, the mark-up on the Sukuk will be payable on semi-annual basis in arears. The principal will be payable in four equal semi-annual installments commencing from May 2024. In addition to security provided by HPHL's assets, the Sukuk Certificates are also secured by:

a) Ranking and subordinated charge over all present and future movable fixed assets of the holding company;

b) Ranking and subordinated floating charge over all present and future movable fixed and current assets of HPHL subject to the Carve-Out described below;

For the avoidance of doubt, the assets forming part of the Assets shall exclude: any present and future rights, titles, Interests and receivables of the Issuer relating to any loans, advances, investments or contributions (of any nature whatsoever), made or to be made by the issuer from time to time, which have been/ shall be assigned or secured (in any manner whatsoever) by the Issuer for the benefit of financial institutions which have extended (or may in the future extend) any form of finance facilities to the following associated companies of the Issuer: (i) China Power Hub Generation Company (Private) Limited; and (ii) ThalNova Power Thar (Private) Limited.

c) Revolving Cross Corporate Guarantee from the holding company for all principal repayments and profit amounts; and

d) A Lien has been created on an account maintained by HPHL with HBL to perfect the security.

Subsidiary - TEL

26.7 TEL had signed long-term loan facility agreements for Pak Rupee Facility amounting to Rs. 18,853 million and US Dollar Loan Facility amounting to USD 262.13 million on December 20, 2018. The Effective Date of both facilities is March 6, 2020.

The Pak Rupee Facility carries mark-up at the rate of 3 month KIBOR plus 3.5% per annum payable semi-annually. The tenure of the facility is 14 years. The first disbursement under this facility was made on March 17, 2020. The principal is repayable in twenty semi-annual instalments commencing from July 25, 2023.

The US Dollar Loan Facility carries mark-up at the rate of 6 month LIBOR plus 4.05% per annum payable semi-annually. The tenure of the facility is 14 years. The first disbursement under this facility was made on August 4, 2021. The principal is repayable in twenty semi-annual instalments commencing from July 25, 2023.

The long term loan facilities are secured against:

(i) First ranking hypothecation charge over the project assets of TEL; and

(ii) Pledged shares of TEL in favor of Security Trustee.

- Expected rate of increase in salary level per annum		16.25%	13.25%

Sensitivity analysis on significant actuarial assumptions - Impact on defined benefit obligation - decrease / (increase)		
- Discount rate +0.5%	(10,749)	(10,311)
- Discount rate -0.5%	11,487	10,966
- Salary increases +0.5%	12,049	11,638
- Salary increases -0.5%	(11,361)	(11,032)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the consolidated statement of financial position.

The plan exposes the holding company to the actuarial risks such as:

Investment risks:

The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.

Longevity risks:

The risk arises when the actual servicing period is longer than expected. This risk is measured at the plan level over the entire retiree population.

Salary increase risk:

The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

Withdrawal risk:

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

The mark-up on the facilities is payable on monthly / quarterly basis in arrear. The facilities will expire during the period from September 8, 2023 to March 31, 2024. Any late payment by the holding company is subject to an additional payment of 2% per annum above the normal mark-up rate. The facilities are secured by way of charge over the trade debts and stocks of the holding company for the Hub plant pari passu with the existing charge.

31.2 The holding company has also entered into Musharaka agreements amounting to Rs. 6,150 million (2022: Rs. 6,150 million) at a mark-up ranging between 0.30% to 0.75% (2022: 0.30% to 0.75%) per annum above one month KIBOR. The mark-up on the facilities is payable on quarterly basis in arrear. These facilities will expire during the period from November 30, 2023 to December 31, 2023. Any late payment by the holding company is subject to an additional payment of 2.00% per annum above the normal mark-up rate. These facilities are secured by way of securities mentioned in note 31.1.

31.3 The facilities of NEL for running finances available from various banks / financial institutions amounted to Rs. 4,150 million (2022: Rs. 4,425 million) at mark-up ranging between 0.75% to 2.00% (2022: 0.60% to 2.00%) per annum above one / three month KIBOR. The mark-up on the facilities is payable on quarterly basis in arrears. These facilities will expire during the period commencing from July 30, 2023 to February 28, 2024. Any late payment by NEL is subject to an additional payment of 2.00% per annum above the normal mark-up rate.

31.3.1 The facilities are secured by way of:

(a) a first ranking charge on all present and future (i) amounts standing to the credit of the Energy Payment Collection Account and the Master Facility Account, (ii) Fuel, lube, fuel stocks at the plant; and (iii) the Energy Payment Receivables of NEL.

(b) a subordinated charge on all present and future plant, machinery and equipment and other moveable assets of the NEL excluding; (i) the immoveable properties; (ii) Hypothecated Assets under first ranking charge; (iii) the Energy Payment Collection Account, Working Capital Facility Accounts and the Master Facility Account; (iv) the Energy Payment Receivables; (v) all of the NEL's right, title and interest in the Project Documents (including any receivables thereunder); and (vi) all current assets.

31.4 NEL also has Musharaka agreements with banks amounting to Rs. 4,125 million (2022: Rs. 4,125 million), at a mark-up ranging from 0.4% to 1.5% (2022: 0.40% to 1.50%) per annum above one month / three month KIBOR. The mark-up on the facilities are payable on quarterly basis in arrears. These facilities will expire during the period from October 31, 2023 to December 31, 2023. Any late payment by NEL is subject to an additional payment of 2.00% per annum above the normal mark-up rate. These facilities are secured by way of securities mentioned in note 31.3.1.

31.5 The working capital facilities of LEL available from various banks amounted to Rs. 1,000 million (2022: Rs. 1,000 million) at mark-up 0.75% (2022: 1.75%) per annum above three month KIBOR, payable on quarterly basis in arrears. All facilities are secured by way of subordinated charge over the current assets (including receivables, advances, deposits and prepayments) of LEL. The facilities will expire during the period from July 31, 2023 to November 30, 2023.

31.6 The working capital facility of TEL available from a bank amounted to Rs. 5,700 million at mark-up 1.25% per annum above three month KIBOR, payable on quarterly basis in arrears. The facility is secured by way of pari passu charge over the assets, receivables and all other assets of TEL. The aforementioned security is inclusive of 20% margin. This facility will expire on December 14, 2023.

31.7 On May 18, 2023, the holding company issued privately placed unsecured Sukuk certificates based on Musharaka amounting to Rs. 6,000 million at a mark-up of 0.30% (Bases Rate) per annum above six month KIBOR. The mark-up and the principal on the Sukuk is payable at maturity on November 17, 2023. If the monetary policy rate is increased by 50 bps or above during the Sukuk tenor, the Base Rate shall be revised accordingly within two (2) Business Days after the date of effectiveness of the first monetary policy or in case of a downward movement in the policy rate, the mechanism specified above shall be followed vice versa. On July 5, 2023 the Base Rate has been revised. Any late payment by the holding company is subject to mark-up at a rate of 3.00% per annum over six month KIBOR.

32. COMMITMENTS AND CONTINGENCIES

32.1 Commitments of the holding company in respect of capital and revenue expenditures amounted to Rs. 257 million (2022: Rs. 402 million).

32.2 The CPPA(G) was unable to meet its obligation to provide a SBLC as required under the PPA. Consequently, the holding company has been unable to meet its obligation to provide a SBLC to PSO under the Fuel Supply Agreement (FSA).

32.3 The holding company has entered into Predictivity Enhancements and Performance Improvements (PEPI) Agreement with General Electric Global Services GmbH (GE), whereby GE proposed to the holding company PEPI solutions to improve the Facility net efficiency (heat rate) to achieve a guaranteed rate. Under PEPI Agreement, Steam Turbine Retrofits were implemented on two units.

If PEPI Agreement is terminated at any time prior to March 31, 2037, the holding company will be liable to pay USD 1.5 million to GE along with residual value of the Steam Turbine Retrofits. However, non-renewal of PPA (which expires in 2027) will result in automatic termination of PEPI Agreement and the holding company will have to pay GE USD 1.5 million and the residual value of approximately USD 0.6 million. An appropriate provision is recorded in these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

32.4 The holding company had filed a petition in the Honorable Sindh High Court (SHC) on June 28, 2000 challenging the application of the Companies Profits (Workers' Participation) Act, 1968 (the Act) on the grounds, that since its inception, the holding company had not employed any person who falls within the definition of the term "Worker" as it has been defined in the Act.

The petition was filed subsequent to the service on the holding company of a letter of March 14, 2000 by the Labour, Manpower and Overseas Pakistanis' Division, directing the holding company to allocate 5% of its net profit (since its establishment) towards the Workers' Profit Participation Fund. The said notice demanded that the holding company deposit the entire amount of the Fund in the Federal Treasury. The petition had been filed against the Federation of Pakistan through the Secretary, Ministry of Labour, Manpower and Overseas Pakistanis, Labour, Manpower and Overseas Pakistanis Division and, in view of the fact that any payment made by the holding company to the Fund is a pass through item under the PPA and against the CPPA(G) as a pro forma party in the matter.

In December 2003, the holding company decided on a fresh legal review of the petition and thereafter was advised by counsel to withdraw the petition and to immediately file a fresh petition incorporating all the available grounds. Accordingly, on December 17, 2003 the holding company withdrew the petition and immediately refiled a new petition, which incorporated all the available grounds.

Both the holding company and CPPA(G) agreed that this petition should proceed and a judgment obtained on merits. During the year ended June 30, 2011, the petition was dismissed by the Honorable SHC. Against the decision of the Honorable SHC, the holding company filed petition for leave to appeal before the Honorable Supreme Court of Pakistan (SCP). In December 2011, the Honorable SCP set aside the judgement of the Honorable SHC and directed it to decide the case afresh. The matter is pending adjudication before the Honorable SHC.

As at June 30, 2023, the total financial exposure relating to the above case is Rs. 37,742 million (Rs. 3,136 million being the 5% of the profit and Rs. 34,606 million interest component and penalty on delayed payment). No provision has been made in these consolidated financial statements as any payment made by the holding company is a pass-through item under the PPA.

Following the amendments made by the Finance Act 2006 to the Act, the holding company established the Hubco Workers' Participation Fund on August 03, 2007 to allocate the amount of annual profits stipulated by the Act for distribution amongst worker(s) eligible to receive such benefits under the Act and any amendments thereto from time to time.

The Honorable SCP vide its judgement dated November 10, 2016 set aside the amendments made to the Act by Finance Acts of 2006, 2007 and 2008 as ultra vires to the provisions of the Constitution of Pakistan (the Constitution). Accordingly, the provisions of the Act are to be read as if the amendments brought about by the said Finance Acts were never made and the defined term “Worker” reverted to its original definition of prior to Finance Act 2006. However, the Federal Board of Revenue (FBR) has filed a review petition with the Honorable SCP in respect of the said decision.

Pursuant to the 18th Amendment to the Constitution (the 18th Amendment), the Sindh Provincial Assembly passed the Sindh Companies Profits (Workers’ Participation) Act, 2015 (the Sindh Act).

On February 12, 2018, Honorable SHC passed an Order (SHC Order) in respect of the Sindh Act, holding that for trans-provincial companies like the holding company, the location of the workers should be considered, and an allocation should be made accordingly. The SHC Order further devised a mechanism to compute contributions for trans-provincial companies. In July 2018, the Honorable SCP suspended the SHC Order, however, Honorable SCP is yet to issue a detailed order on this matter. The interim order passed by Honorable SCP only applies inter parties and since the holding company was not a party to the case filed in the Honorable SCP, it is the SHC Order which is binding on the holding company.

In light of the SHC Order, the Sindh Act applies insofar as the holding company has any “Worker” in Sindh as defined under the Sindh Act, and the Act applies as a fractured provincial legislation to the holding company insofar as Balochistan is concerned. Accordingly, the holding company is of the view that it does not have any “Worker” as defined in the Act and there is no need to establish a Trust in Balochistan under the Act at this time.

Accordingly, following the enactment of the 18th Amendment, and amongst other things, labour matters have become a Provincial subject and pursuant to the Sindh Act and the SHC Order, the 1968 Act has been fractured into provisional legislation and the Fund created by the holding company in 2007 became dysfunctional and was unable to carry out its objectives. Therefore, the holding company recommended to the Trustees of the Fund that the same be dissolved. The Fund was dissolved on June 27, 2019, and the 5% WPPF allocated by the holding company since July 1, 2015, and the interest earned on that allocated amount (Rs. 1,524 million allocated by the holding company and Rs. 258 million interests earned by the Fund on the allocated amount) was transferred back to the holding company. These funds are being utilized by the holding company till a final decision of the Honorable SCP. The trust creation and registration process is under review as the subject is still pending a final decision in the SCP Case. The Board has directed the management to proceed with the registration of the trust once a final decision is rendered so that there is a clear way forward for the formation / payments related to WPPF.

32.5 (i) Under the IA with GOP and under the tax laws, the holding company's interest income was exempt from income tax. However, the tax authorities issued a tax demand for the tax years 2006-2010 amounting to Rs. 139 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. The holding company's appeal before the Commissioner of Inland Revenue Appeals ("CIR-A") and the Appellate Tribunal Inland Revenue ("ATIR") were rejected. Against the order of the ATIR the holding company filed appeals before the Honorable Islamabad High Court ("IHC") which were also decided against the holding company. Against the decision of the IHC, the holding company filed appeals before the SCP which are pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 438 million.

(ii) FBR also imposed 2% Workers Welfare Fund ("WWF") for tax years 2006-2010 and issued a demand for Rs. 191 million which was subsequently reduced to Rs. 8 million by the CIR-A. The holding company filed appeals before the ATIR which were rejected. Against the order of the ATIR, the holding company filed appeals before the IHC which held that the orders on WWF were void. The IHC also held that WWF would be applicable in accordance with the law prior to the changes made through Finance Act 2006 & 2008. Against the decision of the IHC, the holding company filed appeals before the SCP which are pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 19 million. WWF is a pass through under the PPA and is recoverable from the CPPA(G).

(iii) Under the IA with GOP and under the tax laws, the holding company's interest income was exempt from income tax. However, during March 2014, FBR issued tax demand for the tax year 2011 amounting to Rs. 3.2 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. Appeals filed by the holding company before the CIR-A and thereafter with the ATIR were decided against the holding company. Against the order of the ATIR, the holding company filed appeal before the IHC which was also decided against the holding company. Against the decision of the IHC, the holding company filed appeal before the SCP which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 7 million.

(iv) FBR also imposed 2% WWF for the tax year 2011 and issued a demand for Rs. 108.5 million. Appeals filed by the holding company before the CIR-A and thereafter with the ATIR were decided against the holding company. Against the order of the ATIR the holding company filed appeal before the IHC which held that the order on WWF was void. The IHC also held that WWF would be applicable in accordance with the law prior to the changes made through Finance Act 2006 & 2008. Against the decision of the IHC the holding company filed appeal before the SCP which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 228 million. WWF is a pass through under the PPA and is recoverable from the CPPA(G).

(v) Under the IA with GOP and under the tax laws, the holding company's interest income was exempt from income tax. However, during March 2015, FBR issued tax demand for the tax year 2013 amounting to Rs. 4 million on the grounds that interest income from term deposits is not covered under the exemption allowed under the tax law. The holding company filed appeal before the CIR-A who deleted the tax demand. Against the order of CIR-A, FBR filed appeal before the ATIR which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 9 million.

NOTES TO THE CONSOLIDATED
FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

(vi) FBR also imposed 2% WWF for the tax year 2013 and issued a demand for Rs. 162 million. The holding company filed appeal before the CIR-A who remanded back the case to FBR for a fresh assessment. Against the order of CIR-A, FBR filed appeal before the ATIR which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 404 million. WWF is a pass through under the PPA and is recoverable from CPPA(G).

(vii) Under the IA with GOP and under the tax laws, the holding company's interest income was exempt from income tax. However, in June 2020, FBR issued a tax demand of Rs. 27 million relating to fiscal year ended June 2014 on the ground that interest income is not covered under the exemption allowed under the tax law. Consequently, FBR also imposed 2% WWF on this interest income. The CIR-A decided the issue of tax on interest income against the holding company while the issue of WWF has been remanded back to FBR for reassessment. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which is pending adjudication. On application the ATIR has granted stay till final decision. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 42 million.

The management, tax and legal advisors are of the opinion that the position of the holding company in respect of aforementioned matters is sound on technical basis and eventual outcome is expected to be in favour of the holding company. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

32.6 (i) In November 2012, FBR passed an order for the recovery of sales tax amounting to Rs. 8,519 million relating to fiscal years ended June 2008 to 2011. In FBR's view the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which decided the case in its favour. Against the judgment of the ATIR, FBR filed appeal with the IHC which is pending adjudication. The holding company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 27,557 million.

(ii) In March 2014, FBR passed an order for the recovery of sales tax amounting to Rs. 3,442 million relating to fiscal year ended June 2012. In FBR's view the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which also decided the case against the holding company. Against the decision of the ATIR, the holding company filed appeal with IHC which is pending adjudication. The holding company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 9,760 million.

(iii) In April 2014, FBR issued a show cause notice to recover sales tax amounting to Rs. 3,692 million relating to fiscal year ended June 2013. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / LHC in other cases. Against this decision, FBR has filed intra court appeal with IHC which is pending adjudication. The holding company's maximum exposure as at June 30, 2023, is approximately Rs. 3,692 million.

(iv) In January 2015, FBR issued a show cause notice to recover sales tax amounting to Rs. 4,130 million relating to fiscal year ended June 2014. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / LHC in other cases. Against this decision, FBR has filed intra court appeal filed with IHC which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 4,130 million.

(v) In October 2018, FBR issued a show cause notice to recover sales tax amounting to Rs. 3,483 million relating to fiscal year ended June 2016. This is based on FBR's view, that the holding company had claimed input tax in excess of what was allowed under the law, amongst others. The holding company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. The holding company's maximum exposure as at June 30, 2023, is approximately Rs. 3,483 million.

(vi) In November 2018, FBR issued a show cause notice to recover sales tax amounting to Rs. 2,665 million relating to fiscal year ended June 2017. This is based on FBR's view including the point that the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 2,665 million.

(vii) In December 2018, FBR issued a show cause notice for the recovery of sales tax amounting to Rs. 412 million on the ground that the holding company has claimed excess input tax during different tax periods. In March 2019 on representation FBR reduced the amount and issued demand notice amounting to Rs. 31 million. The holding company filed appeal with the CIR-A who remanded back the case to FBR for reassessment. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 38 million.

(viii) In March 2021, FBR issued a show cause notice for the recovery of sales tax amounting to Rs. 8,212 million relating to fiscal years ended June 2018 to 2019. However, a final demand of Rs. 5,717 million was issued in April 2021. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which is pending adjudication. Meanwhile the ATIR has granted stay till decision of the main appeal. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 7,161 million.

(ix) In 2022 FBR issued show cause notices for the recovery of sales tax amounting to Rs. 7,104 million relating to fiscal year July 2019 to June 2020. However, a final demand of Rs. 1,765 million was issued in January 2023. In FBR's view, the holding company has (i) not paid GST on Late Payment Interest received under PPA and on turnover and (ii) claimed input tax on items which has not been used for supply of electrical energy.

After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which is pending adjudication. Meanwhile the ATIR has directed FBR to issue 15 days' notice prior to recovery. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 1,862 million.

The matter, stated above in respect of claiming excess input tax has already been decided by the Honorable Lahore High Court, in favor of other IPPs in similar cases. Against this decision FBR has filed appeals in the SCP.

The management and their tax and legal advisors are of the opinion that the position of the holding company is sound on technical basis and eventual outcome is expected to be in favour of the holding company. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

32.7 (i) Under the IA with the GOP and under the tax law, the holding company is exempt from the levy of minimum tax. In June 2012, FBR issued demand notices amounting to Rs. 435 million relating to the tax years 2006 to 2008 & 2010 to 2011. After the holding company's appeals were rejected by the CIR-A, further appeals were filed with the ATIR, which has decided the appeals in favour of the holding company. Against ATIR orders, FBR has filed appeals in the IHC which are pending adjudication. The holding company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 1,111 million.

(ii) Under the Operation & Maintenance Agreement ("O&MA") with the ex-operator for the Hub plant, the holding company used to pay fixed and variable fees to the operator. In January 2015, FBR passed an order amounting to Rs. 1,034 million relating to the tax years 2010 to 2013 for the recovery of Federal Excise Duty ("FED"). FBR viewed services under O&MA as a franchise agreement and not a service agreement and decided that payments made thereon were in nature of technical fees which were subject to FED. After dismissal of the holding company's appeal at the CIR-A & the ATIR, the holding company filed appeals with the IHC which are pending adjudication. The holding company's maximum exposure as at June 30, 2023, including the principal amount, penalty and default surcharge is approximately Rs. 2,678 million.

(iii) Under the O&MA with the ex-operator for the Hub plant, the holding company used to pay fixed and variable fees to the operator. In December 2017, FBR issued a Show Cause Notice for the recovery of FED amounting to Rs. 911 million relating to the tax years 2014 to 2017. FBR viewed services under O&MA as a franchise agreement and not a service agreement and decided that payments made thereon were in nature of technical fees which were subject to FED. The holding company filed a Writ Petition in the IHC which disposed off the petition with direction to FBR to decide the proceedings initiated under the impugned show-cause notice after providing opportunity of hearing to the holding company. Consequent to IHC direction, the FBR issued SCN which has been complied by the holding company. The matter is pending with the FBR. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 911 million.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

(iv) Payment to PSO under the Fuel Supply Agreement ("FSA") including payment of Late Payment Interest ("LPI") are exempt from withholding of income tax under the provisions of the tax law. During 2014, FBR issued show cause notices to recover tax amount of Rs. 1,677 million relating to the tax years 2012 to 2014 on the pretext that LPI paid to PSO under the FSA is a payment of "profit on debt". The holding company filed Writ Petitions before the IHC which were decided against the holding company. The holding company filed further appeals with IHC which are pending adjudication. The holding company's maximum exposure as at June 30, 2023 is approximately Rs. 1,677 million.

(v) In October 2019, FBR issued income tax demand of Rs. 266 million relating to fiscal year ended June 2016. This is based on FBR's view that holding company's receipt on account of Supplemental Charges ("SC") are taxable and Capacity Purchase Price ("CPP") is liable for minimum tax. FBR issued demand for WWF as well. The holding company filed appeal with the CIR-A who decided the issue of tax on SC & CPP against the holding company while the issue of WWF has been remanded back to FBR for reassessment. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which is pending adjudication. On application, the ATIR granted stay. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 396 million.

(vi) In December 2019, FBR issued a demand of Rs. 19 million relating to fiscal year ended June 2016. This is based on FBR's view that the holding company had not deducted tax on payments to supplier. The holding company filed appeal with the CIR-A who decided the case against the holding company. After dismissal the holding company filed appeal with the ATIR, which has annulled the order passed by the FBR. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 25 million.

(vii) In October 2022, FBR issued an order amounting to Rs. 992 million ("Order") (holding company: Rs. 963 million) relating to fiscal year ended June 2021 against the consolidated tax return filed by the holding company along with its subsidiaries i.e. HPSL and HPHL in accordance with the tax law. This is based on FBR's view that certain expenses claimed as deductible were not in accordance with the law.

The holding company filed an appeal with the CIR-A who decided the case partially in favour of the holding company. Against decision of the CIR-A, the holding company filed an appeal with ATIR, which is pending adjudication. Holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 983 million.

(viii) In June 2023, FBR issued an order amounting to Rs. 2.6 million ("Order") relating to fiscal year ended June 2017 against the consolidated tax return filed by the holding company along with its subsidiaries namely HPSL and HPHL in accordance with the tax law. This is based on FBR's view that the holding company and its subsidiaries had not deducted tax in accordance with the law. The holding company filed an appeal with the CIR-A which is pending adjudication. The holding company's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 3 million.

The management and their tax and legal advisors are of the opinion that the position of the holding company is sound on technical basis and eventual outcome ought to be in favour of the holding company. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

32.8 Pursuant to the FSA dated August 03, 1992, between the holding company and Pakistan State Oil Company Limited (PSO), PSO supplied 128,000 Metric Tons (MT) of Residual Furnace Oil (RFO) as "First Fill" at no charge to the holding company in 1996. Since 1996, there had been correspondence exchanged amongst PSO, WAPDA and the holding company. PSO, in earlier days, sought payment for the cost of the First Fill RFO from WAPDA and the holding company. Both WAPDA and the holding company refused to make payment, citing that PSO's obligation under the FSA to supply First Fill RFO to the holding company was at no charge.

PSO continued to claim the cost of the First Fill RFO from WAPDA. In fact, such cost was recorded in PSO's audited accounts as a receivable due from WAPDA. The relevant disclosure in the PSO's audited accounts explicitly stated that a letter was signed between PSO and WAPDA on August 5, 1992 under which WAPDA undertook to pay PSO the cost of First Fill. Later through the intervention of President of Pakistan, an interest free loan of Rs. 802 million was sanctioned to WAPDA to enable it to settle PSO's claim for First Fill RFO. Following the payment to PSO, WAPDA started claiming reimbursement of the cost of the First Fill from the holding company. The holding company denied the same. The holding company's position was that it was under no obligation to pay to PSO under FSA.

In 2015, CPPA(G) through back-to-back arrangements with WAPDA succeeded all the rights and obligations of WAPDA under the existing Power Purchase Agreement. On November 1, 2017, CPPA(G) wrote to the holding company requesting a meeting to discuss the payment of First Fill amounting to Rs. 802 Million, along with late payment interest. On November 10, 2017, the holding company wrote to CPPA(G) that the holding company is under no obligation for any payment with regards to the First Fill and considered the matter closed. On June 13, 2018, CPPA(G) communicated CPPAG's decision to the holding company to adjust the amount of Rs. 802 Million together with interest thereon aggregating to Rs. 11,525 million against the holding company's outstanding LPI invoices.

Due to the above-mentioned action of CPPA(G), the holding company was constrained to file a suit before the Honorable SHC (i.e., Suit No. 1411 of 2018) for a declaratory injunction against CPPA(G). The Honorable SHC via its Order dated July 9, 2018, directed that status quo be maintained with respect to the amount demanded by CPPA(G) from the holding company on account of the First Fill and restrained CPPA(G) from adjusting the First Fill claim amount.

In light of CPPA(G)'s continuous violation of the orders of the Honorable SHC and in order to protect its interests, the holding company filed Suit No. 95 of 2021, wherein the SHC was pleased to pass an ad-interim order restraining the CPPA(G) from deducting / adjusting the amount for the First Fill RFO supplied to the holding company by PSO i.e., amount of Rs. 802 million together with interest thereon aggregating to Rs. 11,525 million.

Pursuant to the Master Agreement dated February 11, 2021 between the holding company and CPPA(G), both parties filed an application dated March 03, 2021, wherein the Honorable SHC disposed off Suit No. 95 of 2021 and a consent order was obtained from the Honorable SHC which stated that CPPA(G) would participate in the arbitration proceedings as and when initiated by the holding company, pursuant to Section 15.4(d) of the PPA, to resolve the First Fill Dispute. The Arbitration has commenced and is on-going.

32.9 In connection with NEL:

32.9.1 Commitments in respect of capital and revenue expenditures amounted to Rs. 966 million (2022: Rs. 2,310 million).

32.9.2 Following notices / demand orders have been issued by tax authorities to the holding company in respect of combined operations of Hub and Narowal Plants. Pursuant to the demerger, the exposure related to Narowal Undertaking has been transferred to NEL.

Further, an agreement dated May 11, 2017, has been entered into between NEL and the holding company whereby NEL has undertaken to reimburse any cost which may directly be incurred by the holding company in respect of exposures transferred pursuant to the Scheme of Demerger.

32.9.2.1 The Federal Board of Revenue ("FBR") imposed 2% Workers Welfare Fund ("WWF") for the tax year 2013 and issued a demand for Rs. 26 million. The holding company filed appeal before the Commissioner of Inland Revenue Appeals ("CIR-A") who remanded back the case to FBR for a fresh assessment. Against the order of CIR-A, the FBR filed appeal before the Appellate Tribunal Inland Revenue ("ATIR") which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 64 million.

WWF is a pass through under the Power Purchase Agreement ("PPA") and is recoverable from CPPA(G). No provision has been made in these consolidated financial statements as any payment made by NEL is a pass-through item under the PPA.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

32.9.2.2 (i) Under the Implementation Agreement ("IA") with the GOP and under the tax law, the holding company is exempt from the levy of minimum tax. However, FBR issued demand notices amounting to Rs. 8 million relating to the tax years 2006 to 2008, 2010 and 2011. After the holding company's appeals were rejected by the CIR-A, further appeals were filed with the ATIR which decided the appeals in favour of the holding company. Against ATIR orders, FBR filed appeals in the Honorable High Court of Islamabad ("IHC") which are pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 18 million.

(ii) In October 2019, FBR issued an income tax demand of Rs. 75 million relating to fiscal year ended June 2016. This is based on FBR's view that holding company's income on account of Supplemental Charges ("SC") and Capacity Purchase Price ("CPP") are taxable. The FBR issued demand for WWF as well. The CIR-A decided the issue of tax on SC & CPP against the holding company while the issue of WWF has been remanded back to FBR for reassessment. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which is pending adjudication. On application the ATIR granted stay. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 112 million.

(iii) In December 2019, FBR issued a demand of Rs. 27 million relating to fiscal year ended June 2016. This is based on FBR's view that the holding company had not deducted tax on payments to supplier. The holding company field appeal with the CIR-A who decided the case against the holding company. After dismissal of the appeal at the CIR-A level, the holding company filed appeal with the ATIR, which has annulled the order passed by the FBR. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 39 million.

32.9.2.3 (i) The FBR passed an order for the recovery of sales tax amounting to Rs. 172 million relating to fiscal years ended June 2008 to 2011. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which decided the case in its favour. Against the judgment of the ATIR, FBR filed a case with the IHC which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 556 million. The FBR passed an order for the recovery of sales tax amounting to Rs. 172 million relating to fiscal years ended June 2008 to 2011. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which decided the case in its favour. Against the judgment of the ATIR, FBR filed a case with the IHC which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 556 million.

(ii) The FBR passed an order for the recovery of sales tax amounting to Rs. 559 million relating to fiscal year ended June 2012. In FBR's view the holding company had claimed input tax in excess of what was allowed under the law. After dismissal of the holding company's appeal at the CIR-A level, the holding company filed appeal with the ATIR which also decided the case against it. Against the decision of the ATIR, the holding company filed appeal with IHC which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 1,586 million.

(iii) The FBR issued a show cause notice to recover sales tax amounting to Rs. 353 million relating to fiscal year ended June 2013. In FBR's view, the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / Honorable High Court of Lahore ("LHC") in other cases. Against this decision, FBR filed appeal with IHC which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 353 million.

(iv) The FBR issued a show cause notice to recover sales tax amounting to Rs. 878 million relating to fiscal year ended June 2014. In FBR's view that the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which remanded back the case to FBR with a direction to finalise the matter once identical issue is decided by IHC / LHC in other cases. Against this decision, FBR filed appeal with IHC which is pending adjudication. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 878 million.

(v) The FBR issued a show cause notice to recover sales tax amounting to Rs. 511 million relating to fiscal year ended June 2016. This is based on FBR's view that the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 511 million.

(vi) The FBR issued a show cause notice to recover sales tax amounting to Rs. 570 million relating to fiscal year ended June 2017. This is based on FBR's view that the holding company had claimed input tax in excess of what was allowed under the law. The holding company filed a Writ Petition in the IHC which asked FBR not to pass a final order till next hearing. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 570 million.

The matter stated above in respect of claiming excess input tax has already been decided by the Honorable LHC in favor of other IPPs in similar cases. Against such decision FBR has filed appeals in the SCP.

32.9.3 In January 2020, FBR issued a demand of Rs. 342 million relating to fiscal year ended June 2018. This is based on FBR's view that (a) NEL wrongly claimed the sales tax credit amounting to Rs. 299 million which was the amount transferred from holding company to NEL under the demerger scheme duly approved by the Honorable High Court of Sindh ("SHC") and FBR and (b) NEL wrongly claimed Rs. 43 million input sales tax paid on goods used for production of electrical energy. NEL had filed appeal with the CIR-A who, vide his order of May 2020, remanded back the case to FBR with the direction for reassessment of the case based on the instructions of FBR and the principles laid down by SCP. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 400 million.

32.9.4 In February 2021, FBR issued a demand of Rs. 409 million relating to the periods July 2017 to June 2019. This is based on FBR's view that NEL has claimed input tax on goods and services including O&M services provided by HPSL used for maintaining the capacity of the plant and not for production of electricity. NEL filed appeal with the CIR-A which has been dismissed. NEL filed appeal with the ATIR which is pending adjudication. On NEL's application the ATIR granted stay against recovery. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 457 million.

32.9.5 In December 2021, FBR issued a demand of Rs. 506 million relating to the periods July 2019 to June 2020. FBR has apportioned input tax as well as has disallowed input tax on certain services including O&M services by HPSL on the ground that NEL has claimed full amount of input tax on goods and services which is not in accordance with the law. After dismissal of NEL's appeal at the CIR-A level, NEL has filed appeal with ATIR which is pending adjudication. On NEL's stay application the ATIR has directed FBR to issue 15 days' notice prior to recovery so that NEL could reapply for stay with it. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 593 million.

32.9.6 In June 2022, FBR issued a demand of Rs. 690 million relating to the periods July 2020 to June 2021. FBR has apportioned input tax as well as has disallowed input tax on certain goods & services including O&M services by HPSL on the ground that NEL has claimed full amount of input tax on goods and services which is not in accordance with the law. NEL filed appeal with the CIR-A which has been decided recently. The CIR-A while remanding back the case for fresh assessment has confirmed demand of Rs. 0.7 million only. NEL is in process of filing appeal with the ATIR. NEL's maximum exposure as at June 30, 2023 including the principal amount, penalty and default surcharge is approximately Rs. 776 million.

The management and their tax and legal advisors are of the opinion that the position of NEL in respect of aforementioned matters is sound on technical basis and eventual outcome ought to be in favour of NEL. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

32.9.7 NEL has received a letter from the Power Purchaser stating that NEL did not maintain the requisite fuel stock at Narowal plant as required under the PPA and has therefore incurred lower interest on working capital and therefore Power Purchaser is earmarking an estimated amount of Rs. 857 million out of the Late Payment Interest invoices owed by the Power Purchaser. NEL has contested the claim and is of the opinion that the position of NEL is sound on technical basis, hence no provision has been made in these consolidated financial statements.

NOTES TO THE CONSOLIDATED
FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

32.9.8 In 2019, an investigation was initiated under the Punjab Environmental Protection Act - 1997 against NEL on complaint for violation of environmental law. NEL had denied the allegations and had filed an application under Section 205 of the Code of Criminal Procedure, 1898, for dismissal of the Complaint, which was rejected by the Punjab Environmental Tribunal. However, a Written Petition was filed in the LHC as the management and the legal advisors believed the Order was illegal and had no substantial grounds. LHC passed an Order directing the Tribunal to decide the application afresh. Pursuant to the LHC Order, the Tribunal commenced the hearing. The management and the legal advisors are of the opinion that the eventual outcome will be in favour of NEL and therefore no provision is required to be made in these consolidated financial statements.

32.9.9 The Government of Pakistan's Committee for Power Sector Audit issued its report dated March 16, 2020, wherein it was alleged that savings were made by various independent power producers (IPPs) in tariff components which were not in line with their respective Power Purchase Agreements (PPAs) and the Government's power policies. NEL's stance is that all its billings to the Power Purchaser, the CPPA(G), were strictly in accordance with NEL's PPA and its tariff, which had been approved by NEPRA. In order to resolve this matter, discussions and meetings were held between the IPPs, CPPA(G) and the Government which culminated in signing of the Arbitration Submission Agreement (ASA). Pursuant to the ASA, the matter will be adjudicated by a three-member Arbitration Tribunal. Since the dispute involves complex legal and commercial issues, a reasonable estimate of the outcome and the eventual impact on NEL cannot be given yet. Currently, the Arbitration Tribunal's terms of reference are in the process of being finalised.

32.10 In connection with LEL:

(i) LEL's commitments in respect of capital and revenue expenditures amounted to Rs. 1.2 million (2022: Rs. 1.43 million) and Rs. 5.2 million (2022: Rs. 125.92 million), respectively.

(ii) LEL entered into a land lease agreement with the Government of AJK ("GOAJK") for lease of 424 kanal of land for its power project. LEL is obligated to pay Rs. 0.17 million per annum as rental for such land starting from October 09, 2003 the date of the notification issued by the GOAJK, till the end of 30 years term.

LEL also entered into a land lease agreement dated July 30, 2009 with the GOAJK for lease of 7,243 kanal and 13 marlas of land for its power project. As per the terms of the lease agreement, LEL paid advance rental for a term of 5 years after which land measuring approx. 3,074 kanals, required for permanent structures, had to be leased again for a further period of 20 years while the remaining land measuring approx. 4,169 kanals had to be reverted to the Government. The process for reverting the excess land and renewal of the lease agreement is in progress. Under AJK Implementation Agreement, the GOAJK has agreed to extend the term of the land lease agreement to match the term of the PPA, at least three years prior to expiry of such term.

Pursuant to the land lease agreement, LEL is obligated to construct a cadet college, for welfare of the effected community, within 5 years after the commercial operations date of its power project and the required land is to be provided by the GOAJK one year before start of construction of the cadet college. LEL, however, has requested the GOAJK for the removal of this obligation under the land lease agreement and the matter is under discussion.

(iii) Certain legal cases in relation to project land leasehold rights / compensation amounting to Rs. 481.99 million (2022: Rs. 481.99 million) were filed in the High Court of AJK. The management, based on the opinion of LEL's legal counsel, is of the view that the ultimate disposition of these cases will be in favor of LEL.

(iv) Pursuant to the terms of the AJK Implementation Agreement, LEL is exclusively liable (a) for all expenditure incurred in connection with environmental liabilities, (b) for fines or other penalties for non-compliance with the laws of AJK or other governmental actions, (c) for maintenance of major project insurances; and (d) to provide security personnel to ensure reasonable security and protection of the site and in unusual circumstances to request the GOAJK for additional security forces against a payment of up to USD 0.10 million (Rs. 29.21 million) in any agreement year.

(v) LEL's appeal filed before Commissioner Inland Revenue Appeals ("CIR-A") against the Order of the Taxation Officer ("TO") for the alleged non-withholding of tax on payments made to lenders' legal counsel and Islamic Development Bank was decided against it. The CIR-A while deciding the case enhanced the original demand of Rs. 13.45 million to Rs. 24.63 million out of which LEL had already paid Rs. 11.39 million in prior years.

Against the decision of CIR-A, LEL filed appeal before the Appellate Tribunal Inland Revenue ("ATIR"). The ATIR reversed the enhancement of the original demand by the CIR-A by directing that the assessment made by the Taxation Officer shall hold field. Against the decision of ATIR, LEL filed reference applications before High Court of AJK which has decided the case against it. LEL has filed reference application with the Supreme Court of AJK which is pending adjudication.

(vi) In June 2015, as a consequence of sales tax audit of LEL, the Deputy Commissioner Inland Revenue ("DCIR") raised a tax demand of Rs. 24.05 million mainly on account of alleged inadmissible adjustment of input tax and denying exemption on supply of electricity as is available in AJ&K for first five years of operations. LEL filed an application to the Board of Revenue, AJK ("BOR, AJK") against the decision of the DCIR for issuance of appropriate orders under section 45A of the Sales Tax Act, 1990 in order to delete the entire demand of Rs. 24.05 million which was rejected by the BOR, AJK. LEL challenged the decision of the BOR, AJK before the ATIR. The ATIR, vide its Order of August 2021 dismissed LEL's appeal and also held the notification issued by the AJ&K Government for grant of tax exemption as void. LEL and the BOR, AJ&K have filed reference applications before the High Court of Azad Jammu & Kashmir against the decision of the ATIR, which are pending adjudication.

The AJK High Court has also dismissed LEL's writ petition against the decision of the AJK CBR regarding rejection of revised sales tax returns on the ground that LEL had already filed an appeal before Appellate Tribunal, which is pending adjudication.

(vii) In January 2021, as a consequence of sales tax audit of LEL for the period 2014 to 2018, the Assistant Commissioner Inland Revenue ("ACIR") raised a tax demand of Rs. 161.77 million mainly on account of sales tax imposed for exempt period and apportioning the input tax for non-exempt period to revenue from capacity payments which are not subject to sales tax. LEL has filed appeal with the CIR-A which is pending decision after hearing on the case got concluded.

(viii) As per terms of the Power Purchase Agreement (PPA), LEL is liable to pay the NTDC Liquidated Damages (LDs) for each KWh of Excess Outage Energy at the rate given in the PPA. During the year ended June 30, 2017, LEL received an invoice of Rs. 214.58 million from the NTDC on account of LDs for the first Agreement Year under the PPA. However, LEL disputed this invoice on the basis that LDs charged by the NTDC are not in accordance with the provisions of the PPA. Accordingly, LEL issued an Invoice Dispute Notice to the NTDC for Rs. 201.15 million. As the parties were not able to amicably resolve this dispute, the matter was referred to Expert Mediation Proceedings in accordance with the provisions of the PPA.

The Expert issued his recommendations to the Parties on October 01, 2020, wherein the Expert concluded that NTDC has rightly claimed LDs in the amount of Rs. 214.58 million and the dispute raised by LEL to the said claim is contractually untenable. The Expert's recommendations are non-binding on the Parties, as stated in the PPA, and LEL did not accept the Expert's recommendations and also challenged the adjustment of Rs. 276.28 million by NTDC as being illegal and contrary to the PPA. Accordingly, LEL has initiated arbitration proceedings in accordance with sections 15.3(h) and 15.4 of the PPA under the Rules of Arbitration of the International Chamber of Commerce (ICC).

LEL has nominated Mr. Jawad Akbar Sarwana as co-arbitrator for the three-member arbitral tribunal to be constituted for the arbitration proceedings. As no objections were raised by either party, on September 20, 2021, the ICC Secretary General confirmed Jawad Akbar Sarwana as co-arbitrator upon Claimant's nomination and Imran Aziz Khan, as co-arbitrator upon Respondent's nomination. On October 07 , 2021, the ICC confirmed the nomination of both co-arbitrators and directly appointed Anne Secomb as president of the arbitral tribunal under Article 13(4)(a). The arbitration proceeded according to the approved Terms of Reference (TORs).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

A hearing took place in February 2023. One of the co arbitrators, Mr. Jawad Sarwana has been elevated to a Judge of the Court of Appeals of the Province of Sindh and tendered his resignation as a co-arbitrator of the Arbitral Tribunal. A new co- arbitrator was nominated and has been confirmed by the ICC Tribunal. Further instructions from the Tribunal on the arbitration proceedings are awaited.

The management, after consultation with its tax and legal advisors, is of the opinion that the position of LEL is sound on technical, contractual and legal grounds and the eventual outcome ought to be in favour of LEL. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

32.11 In connection with the development and construction of the power plant of TEL:

32.11.1 Commitments in respect of capital and revenue expenditures amounted to Rs. 6,061 million (2022: Rs. 13,179 million).

(i) During 2021, the Deputy Commissioner Inland Revenue (DCIR) passed an order relating to tax year 2018 raising a demand of Rs. 15 million on the ground that withholding tax deducted from payment were not deposited on time. TEL filed an appeal with the Commissioner Inland Revenue Appeal (CIR-A) which was rejected. TEL there against filed an appeal with the Appellate Tribunal Inland Revenue (ATIR) which is pending adjudication. Meanwhile ATIR granted a stay against any possible recovery by the tax authorities.

(ii) During 2021, the DCIR passed an order relating to tax year 2019 raising a demand of Rs. 6.7 million on the ground that withholding tax deducted from payment were not deposited on time. TEL filed an appeal with the CIR-A which was rejected. TEL there against filed an appeal with the ATIR which is pending adjudication. Meanwhile ATIR granted a stay against any possible recovery by the tax authorities.

(iil) During the year, the DCIR passed an order relating to tax year 2020 raising tax demand of Rs. 2.7 million on the ground that adjustment of prior years income tax refund against the tax liability of tax year 2020 was not in accordance with the provisions of law. TEL filed an appeal with the CIR-A who remand back the case to FBR for reassessment. The FBR has not initiated any further proceedings in this regard.

The management and their tax advisors are of the opinion that the position of TEL in respect of aforementioned matters is sound on technical basis and eventual outcome ought to be in favour of TEL. Pending the resolution of the matters stated above, no provision has been made in these consolidated financial statements.

Basic earnings per share is calculated by dividing the profit after tax attributable to ordinary shareholders of the holding company by the weighted average number of ordinary shares outstanding during the year.

41.2 There is no dilutive effect on the earnings per share of the holding company.

42. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to a variety of financial risks namely market risk (including price risk, currency risk, fair value interest rate risk and cash flow interest rate risk), credit risk and liquidity risk. The overall risk management of the Group is carried out under policies approved by the Board of Directors. Such policies entail identifying, evaluating and addressing financial risks of the Group.

The Group's overall risk management procedures to minimize the potential adverse effects of these risks on the Group's performance are as follows:

(a) Market risk

Market risk is a risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of holdings of financial instruments. The Group is not exposed to equity price risk. The exposure to other two risks and their management is explained below:

(i) Foreign exchange risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Financial assets of the Group include Rs. 3,068 million (2022: Rs. 2,206 million) in foreign currencies which are subject to currency risk exposure and financial liabilities of the Group include Rs. 6,962 million (2022: Rs. 7,812 million) in foreign currencies which are subject to currency risk exposure. LEL is covered under the PPA to recover the forex loss on loans under the tariff.

The Group believes that the foreign exchange risk exposure on financial assets and liabilities is immaterial.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Cash flow and fair value interest rate risks

The Group's exposure to the risk of changes in interest rates relates primarily to the following:

	2023	2022
	(Rs. '000s)	(Rs. '000s)
Fixed rate instruments at carrying amount:		
Financial assets		
Bank balances	10,681,144	7,474,511
Financial liabilities		
Long term loans	-	222,132
Variable rate instruments at carrying amount:		
Financial assets		
Trade debts	45,865,080	45,039,702
Other receivables	2,362,875	11,388
	48,227,955	45,051,090
Financial liabilities		
Long term loans	128,317,616	104,559,111
Long term lease liabilities	1,996,962	2,140,856
Trade and other payables	18,167,597	14,791,785
Interest / mark-up accrued	6,824,158	3,107,238
Short term borrowings	32,142,495	24,172,516
	187,448,828	148,771,506

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest / mark-up would not affect consolidated statement of profit or loss.

Cash flow sensitivity analysis for variable rate instruments

Owing to cash flow difficulties and delays in payment by CPPA(G) and NTDC, the holding company has delayed payments to PSO. The holding company, NEL, LEL and TEL have also obtained short term borrowings to meet their short term funding requirements. The holding company, NEL, LEL and TEL receive interest on delayed payments from CPPA(G) and NTDC at variable rate provided under the relevant PPAs and pay interest on delayed payments to PSO at variable rate provided under the FSA. The rates on all these financial instruments are almost similar and move in the same direction, therefore, any change in the variable rate does not significantly affect the consolidated statement of profit or loss.

In order to finance investments in CPHGC (via HPHL), TNPTL (via HPHL), CPHO (via HPHL), TEL and SECMC the holding company entered into long term financing arrangements (refer note 26.2). The holding company has to manage the related finance cost from its own sources which exposes the holding company to the risk of change in KIBOR. As at June 30, 2023, if interest rate on the holding company's borrowings were 1% higher / lower with all other variables held constant, the consolidated profit for the year would have been lower / higher by Rs. 237 million (2022: Rs. 318 million).

NEL has entered into syndicated term finance facility (refer note 26.3.1). NEL has to manage the related finance cost from its own sources which expose NEL to the risk of change in 3 month KIBOR. As at June 30, 2023, if interest rate on the NEL's borrowings was 1% higher / lower with all other variables held constant, the consolidated profit for the year would have been lower / higher by Rs. 61 million (2022: Rs. 72 million).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

LEL has entered into long-term loans / finance facilities with various lenders / financial institutions, which exposes it to the risk of change in six month LIBOR and six month KIBOR. However, the risk is substantially mitigated as LEL is covered under the PPA to recover any interest rate risk under the tariff.

In order to finance investment in TNPTL, HPHL entered into long term financing arrangement (refer note 26.4). HPHL has to manage the related finance cost from its own sources which exposes HPHL to the risk of change in KIBOR. As at June 30, 2023, if interest rate on HPHL's borrowings were 1% higher / lower with all other variables held constant, the consolidated profit for the year would have been lower / higher by Rs. 102 million (2022: Rs. 84 million).

The Group has reviewed the long term loan financing agreements applicable with respect to the transition of LIBOR to Secured Overnight Financing Rate (SOFR). Further. Group is also monitoring the international developments in US Capital markets with respect to the said transition.

Since the impact of interest rate exposure is not significant to the Group, the management believes that consideration of alternative arrangement to hedge interest rate exposure is not cost effective.

(b) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Group's exposure to credit risk is not significant for reasons provided below.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2023	2022
	(Rs. '000s)	(Rs. '000s)
Deposits and others	23,058	21,421
Trade debts	86,751,480	84,749,156
Contract asset	14,817,054	-
Loans and other receivables	9,807,230	8,504,379
Bank balances	10,686,061	7,474,511
Total	122,084,883	100,749,467

Trade debts are recoverable from CPPA(G) / NTDC under the PPAs and are secured by guarantees from GOP under the IAs. Further, the significant amounts of other receivables are also recoverable from CPPA(G) / NTDC and are secured under IAs.

Credit risk on bank balances is limited as they are maintained with foreign and local banks having good credit ratings assigned by local and international credit rating agencies.

(c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities. The Group's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient funds to meet its liabilities when due without incurring unacceptable losses.

The Group maintains running finance facilities (refer note 31) to meet the short term funding requirements due to delay in payments by CPPA(G) / NTDC. The delay in payments by CPPA(G) is mainly offset by the delay in payments to PSO or by borrowing from running finance facilities.

The Group is exposed to liquidity risk because of the following:

(i) Delay in payments from Power Purchaser [CPPA(G) / NTDC];

(ii) long term loans obtained for funding in TEL / CPHGC / CPHO / TNPTL / SECMC (refer note 26.1) may not be sufficient to meet their respective equity requirement;

(iii) the cashflows from NEL operations may not be sufficient to meet the funding requirements for long term loan (refer note 26.2.1); and

(iv) repayment / non-availability of short term borrowings (refer note 31).

The Group manages liquidity risk from its own sources and other alternative means.

Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms. The carrying amount of the financial assets and liabilities reflected in the consolidated financial statements approximate their fair values.

Fair value of financial instruments

The fair value of the financial assets and liabilities is the amount at which the assets could be sold or the liability transferred in a current transaction between market participants at the reporting date, other than in a forced or liquidation sale.

The fair value of investment in SECMC (unquoted shares) have been estimated using a valuation model. The valuation requires management to make certain assumptions about the model inputs, including forecasted dividends, the discount rate and market risk. The probabilities of the various estimates within the range are assessed and are used in management's estimate in order to determine the fair value of investment in SECMC. The fair value as at June 30, 2023, has been determined Rs. 3,259 million (2022: Rs. 3,071 million) resulting in unrealised gain of Rs. 188 million (2022: unrealised loss of Rs. 336 million).

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 - ILevel 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 - Inputs from the asset or liability that are not based on observable market data.

Capital risk management

The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern, as required under various project agreements, so that it can continue to provide returns for shareholders and benefits for other stakeholders.

The Group manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders. The Group also monitors capital using a gearing ratio, which is net debt, interest bearing loans and borrowings including finance cost thereon, less cash and bank balances.

44. INITIAL APPLICATION / WAIVER FROM APPLICATION OF STANDARDS AND INTERPRETATIONS

44.1 Revised and amended standards and interpretation effective and adopted in 2023

'No amendments to accounting and reporting standards that are applicable for the financial year beginning on July 1, 2022 have any material impact on the Group's financial reporting and, therefore, have not been disclosed in these consolidated financial statements.

Revised and amended standards and interpretation that are not yet effective and not adopted in 2023

There are standards and certain amendments to accounting and reporting standards that are not yet effective and have not been early adopted by the Group for the financial year beginning on July 01, 2022. The standards and amendments are not expected to have any material impact on the Group's financial reporting and, therefore, have not been disclosed in these consolidated financial statements.

44.2 Waiver from application of standards and interpretations

IFRS - 16 "Leases"

The SECP through S.R.O. 986(I)/2019 dated September 2, 2019 has granted exemption from the requirements of IFRS 16 to all companies that have executed their Power Purchase Agreement (PPA) before January 1, 2019. The holding company and NEL's lease arrangement with CPPA(G) for the project sites i.e. Complex are also covered under respective PPAs and consequently are exempt under the aforesaid S.R.O. Under IFRS-16 'Leases', the consideration required to be made by lessees for the right to use the asset would have been accounted for as finance lease.

IFRS - 9 "Financial instruments"

The SECP through S.R.O. 67 (I)/2023 dated January 20, 2023, extended the exemption on application of ECL model under IFRS – 9 "Financial Instruments" in respect of financial assets due from Government of Pakistan for the financial year ending on or before December 31, 2024. Accordingly, the holding company has applied the requirements of IAS – 39 in these consolidated financial statements with respect to calculation of impairment loss in respect of such financial assets.

Embedded derivatives

SECP, through its S.R.O. 986(I)/2019 dated September 2, 2019, exempted the power companies from application of IFRS-9 'Financial Instruments' to the extent of recognition of embedded derivatives and IAS-21 'The Effects of Changes in Foreign Exchange Rates' to the extent of recognizing exchange differences in profit or loss.

IFRIC - 12 "Service Concession Arrangements"

The Group has not applied IFRIC Interpretation 12 'Service Concession Arrangements' (IFRIC 12) in preparation of these consolidated financial statements. The Securities and Exchange Commission of Pakistan (SECP) vide its S.R.O 24/(I)/2012 dated January 16, 2012 has granted waiver in respect of application of IFRIC 12 to all companies including Power Sector Companies.

Under IFRIC 12, the infrastructure is not recognised as property, plant and equipment rather a financial asset is recognised to the extent the Group has an unconditional contractual right to receive cash irrespective of the usage of infrastructure. The revenue and costs relating to construction of infrastructure or upgrade services and operation services are recognised in accordance with IFRS 15 'Revenue from Contracts with Customers'. Any contractual obligation to maintain or restore infrastructure, except for upgrade services, is recognised in accordance with IAS 37 'Provisions, contingent liabilities and contingent assets'.

STATEMENT PURSUANT TO SECTION 134(3) OF THE COMPANIES ACT, 2017

Pursuant to Section 134(3) of the Companies Act, 2017, this Statement sets forth the material facts concerning the special business listed hereinabove, to be transacted at the AGM of the Company to be held on 16 October 2023.

Section B2: Availing finance facilities to meet Sponsor obligation under the Sponsor Support Agreement in relation to Thar Energy Limited ("TEL")

TEL was incorporated in Pakistan on May 17, 2016 as a wholly owned subsidiary of the Company under the repealed Companies Ordinance, 1984. The principal activities of TEL are to develop, own, operate and maintain a 330 MW mine-mouth coal fired power plant established at Thar Block II, Thar Coal Mine, Sindh (**"Project"**).

TEL is a subsidiary of the Company. The Company presently holds 60% shares in TEL, and has appointed (1) Mr. Aly Khan, (2) Mr. Muhammad Kamran Kamal, (3) Mr. Saleemullah Memon, and (4) Mr. Amjad Ali Raja as directors on the Board of Directors of TEL.

The Company, along with Fauji Fertilizer Company Limited and China Everbest Development International Limited (collectively, the **"Sponsors"**), and Habib Bank Limited (the **"Purchaser"**) have entered into a Sponsor Support Agreement with TEL dated December 20, 2018 (the **"Put Option SSA"**). Pursuant to the Put Option SSA, the Company is obligated to inter alia cover any exchange risk shortfall by giving cash / issuing a Standby Letter of Credit to the Purchaser for the put option facility, in proportion to its shareholding, up to the extent of USD 25,000,000 (United States Dollars Twenty Five Million) or PKR equivalent. Such sponsor obligation shall be valid till June 30, 2035 or such period until the liabilities / obligations of the Company remain undischarged, whichever is later.

Information pursuant to the Companies (Investment in Associated Companies or Associated Undertakings) Regulations 2017 (the **"Regulations"**).

B6: Initial Debt Service Reserve Account ("DSRA") Support and Subsequent DSRA Letter of Credit in respect of ThalNova Power Thar (Private) Limited ("TN")

Support from the Sponsors is required in the form of Standby Letter of Credit (**"SBLC"**) for an amount not exceeding the PKR equivalent of USD 20,000,000 (United States Dollars Twenty Million) in TN either in the form of investment in equity or by way of debt/loan if there is a shortfall in DSRA or the project completion date of TN has not been achieved for the purpose of repaying outstanding obligations owed by TN to its lenders, including any financing costs (the **"Initial DSRA Support"**), and to create security on the assets of the Company as may be required by the relevant lenders that will issue the requisite letter(s) of credit.

After the project completion date of the Project, the lenders of TN have allowed Sponsors to withdraw the cash from the DSRA account provided Sponsors procure the issuance of a subsequent DSRA LC (the **"DSRA LC"**) for the amount of the current DSRA. After the final maturity date of project loan, the TN lenders will issue instructions to the Facility Agent to release the DSRA LC. That amount can also vary depending on the then prevailing LIBOR/KIBOR rate so the estimation is that HUBCO's share will not exceed USD 20,000,000 (United States Dollars Twenty Million) (or PKR equivalent) although it can be slightly higher or lower. Upon a demand being made for payment under the DSRA LC and receiving such payment, the said amount may be treated as equity or at the option of the Sponsors collectively, subordinated debt advanced in favor of TN in an amount equal to such portion of the DSRA LC that is called upon.

It is clarified that initial approval from the shareholders for the Initial DSRA Support and the DSRA LC was obtained on April 16, 2019, however, due to fluctuation in USD / PKR exchange rates and prevailing LIBOR/KIBOR rates, both amounts are required to be revised from USD 14,000,000 (United States Dollars Fourteen Million) (or PKR equivalent) each to USD 20,000,000 (United States Dollars Twenty Million) (or PKR equivalent) each.
