### مستقبل کا نقطہ نظر / حکمت عملی

مالی سال کے دوران غیر یقینی صورتحال رہی، جس کی بنیادی وجہ روپیہ کی قدر میں غیر متوقع کمی ہے۔ جس کے نتیجے میں مہنگائی میں اضافہ ہوا۔ بجلی کے نرخ اس حد تک بڑھا دیے گئے ہیں کہ مارکیٹ جذب نہیں کر رہی ہے۔ علاقائی طور پر مسابقتی نرخوں کو اسپننگ سیکٹر کے موثر طریقے سے کام کرنے کے لیے دوبارہ لاگو کرنا چاہئیں۔ دوست ممالک سے مالی امداد کی وصولی، براہ راست غیر ملکی سرمایہ کاری اور آئی ایم ایف کی جانب سے تیل آؤٹ چیک کی منظوری کے بعد امید کی جارہی ہے کہ معیشت اب بہتری کی جانب گامزن ہو جائے گی۔ اس مشکل معاشی صورتحال کا مقابلہ کرنے کے لیے؛ پاکستانی ٹیکسٹائل سیکٹر کو ایک لاگت موثر مارکیٹنگ، مصنوعات ہونا چاہیے اور کسٹمر ڈولپمنٹ ملکی اور بین الاقوامی سطح پر مسابقتی رہنے کے لیے ضروری تھہیرا رہیں۔ انتظامیہ کو یقین ہے کہ کمپنی اپنی آپریشنل کارکردگی کو بہتر بنانے اور آگے بڑھنے میں کامیاب ہوگی۔

کمپنی کی انتظامیہ مستقبل میں پونٹ کو قابل عمل، آپریشن اور منافع بخش بنانے کے لیے پُر عزم اور پُر امید ہے۔ ہم امید کرتے ہیں کہ حکومتی پالیسیوں میں تبدیلی اور ٹیکسٹائل کے شعبے میں سہولت کمپنی کے لئے منافع بخش نتائج سے بھرپور ہوگی۔

### کارپوریٹ گورننس

خالد سراج ٹیکسٹائل ملز لمیٹڈ کی مجلسِ نظاماء اور اس کی انتظامیہ SECP سے جاری شدہ اسٹاک ایکچینجز کے فہرستی قواعد و ضوابط میں شامل کارپوریٹ گورننس کے ضابطہء اخلاق میں تشکیل کردہ اپنی ذمہ داریوں سے مکمل طور پر آگاہ ہے۔

کارپوریٹ گورننس کے ضابطہء اخلاق کے تحت نظاماء بخوشی بیان کرتے ہیں کہ:

**Independent Auditor's Report**  
**To the members of Khalid Siraj Textile Mills Limited**  
**Report on the Audit of the Financial Statements**

**ADVERSE OPINION**

We have audited the annexed financial statements of M/S KHALID SIRAJ TEXTILE MILLS LIMITED (the company), which comprises the statement of financial position as at June 30, 2023, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statement, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanation which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanation given to us, because of the significance of the matters as discussed in basis for adverse opinion section of our report section, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give information required by Companies Act, 2017 (XIX of 2017), in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the profit or loss and other comprehensive income, the changes in equity and its cash flows for the year then ended.

**BASIS FOR ADVERSE OPINION**

- a) As explained in note 4.4 to the financial statements, the Company has ceased its manufacturing operations in Nov 2013 and has also cancelled its lease agreement for manufacturing facility in the prior year. The Company incurred recurring losses in prior years resulting in accumulated losses of Rs. 393.339 million (2022: Rs. 409.538 million) at the close of the year ended 30 June 2023. The Company's current liabilities exceed its current assets by Rs. 180.919 million (2022: Rs. 132.916 million). Moreover, short term borrowings from financial institutions remained unpaid along with accrued markup which is in litigation. Based on the audit evidence obtained, we believe that the Company will not be able to meet its obligations in the ordinary course of business. Accordingly, we do not agree with management's preparation and presentation of the financial statements on a going concern basis. However, the financial statements, are prepared on going concern basis. Had the financial statements been prepared on a non-going concern basis of accounting, we believe that it would have had a significant negative effect on the Company's financial position and financial performance
- b) The Company has not provided for mark-up on short-term borrowings owing to the dispute with financial institutions (refer notes 13 and 14 to the financial statements) during the year, and no provision for cost of funds had been accounted for in the financial statements. In the absence of detailed working and the opinion of legal counsel (sought directly) of the Company in this regard we were unable to determine the amount of provision required on account of accrued mark-up.

- c) Short-term borrowings amounting to Rs. 68.180 million (refer note 14 to the financial statements) from financial institutions remained unconfirmed in the absence of direct balance confirmations. These also could not be verified through other corroborative audit evidences.
- d) We are unable to confirm long term finances amounting to Rs. 169.040 million (2022: Rs 199.435 million) and their terms as mentioned in note 08 to the financial statements in the absence of direct confirmation.
- e) We remained unable to confirm the trade & other payables amounting to Rs 75.819 million (2022: 26.725 million) and write back of Rs 30.4 million (2022: 27.745) million as mentioned in note 11 & 23 to the financial statements in the absence of direct balance confirmation and other corroborative procedures.
- f) We are unable to verify unclaimed dividends, contingences and any receivable and corresponding lease income (prior year) from the lessee in the absence of confirmation from legal advisors.
- g) We are unable to verify any addition in plant & machinery during the prior years, as the lease agreement states that significant portion of the rentals shall be withheld for overhauling of the plant. However, the Company has not received any information from the lessees relating to addition. Accordingly, we are unable to confirm the closing balance of property, plant & equipment and related depreciation, revaluation surplus and its adjustments.
- h) We are unable to confirm stores & spares amounting to Rs 3.0 million (2022: Rs 3.6 million) and corresponding write offs of Rs 0.5 million (2022: 3.5 million).
- i) The Company is not in compliance with certain requirements of Listed Companies (Code of Corporate Governance) Regulations, 2019 and rules of Pakistan Stock Exchange and we have issued an adverse review report on the statement of compliance. We are unable to determine any financial implication of the same.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statement* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountant* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

#### **Key Audit Matters**

We have determined that there are no Key audit matters to communicate in our report.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, except certain non-compliances of statement of compliance on listed companies (code of corporate governance) regulations 2019 as mentioned in review report on the statement of compliance.

#### **RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Acts, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Boards of directors are responsible for overseeing the Company's financial reporting process.

#### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of user taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional Judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial statements or, if such disclosure is inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of financial statements, including the disclosures and whether the financial statements represent the underlying transaction and events in a manner that achieve fair presentation.
- We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. ### 5 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in preparation of these financial statements are set out below:

#### 5.1 Property, plant and equipment

Items of property, plant and equipment are stated at cost / revalued amounts less accumulated depreciation and impairment losses, if any. Free hold land is stated at revalued amount less impairment loss, if any. Cost comprises purchase price, including duties and non-refundable purchase taxes, after deducting trade discounts and rebates and includes other costs directly attributable to the acquisition or construction including expenditures on material, labor and overheads directly relating to construction, erection and installation of items of property, plant and equipment.

Assets' residual values, if significant and useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date. When parts of an item of property, plant and equipment have different useful lives, they are recognized as separate items of property, plant and equipment. Subsequent costs are recognized as a part of asset, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation is charged by applying the reducing balance method over estimated useful life at the rates specified in note 16 to the financial statements. Depreciation on additions to property, plant and equipment is charged from the month in which they are available for use while no depreciation is charged for the month in which it is disposed off. The useful lives and depreciation methods are reviewed on periodic intervals to ensure that the methods and period of depreciation charged during the year are consistent with the expected pattern of economic benefits from items of property,

plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on sale of an item of property, plant and equipment are determined by comparing the proceeds from sale with the carrying amount of property, plant and equipment, and are recognized in statement of profit or loss. All other repair and maintenance costs are charged to the income during the period in which they are incurred.

**5.2 Surplus on revaluation of fixed assets**

Surplus arising on acquisition being the difference between fair value of the assets acquired and the consideration paid is recognized as income over the remaining useful life of the assets acquired. Increase in carrying amounts arising on revaluation of property, plant and equipment are recognized, net of tax, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in the statement of profit or loss, the increase is first recognized in the statement of profit or loss. Decreases that reverse previous increases of the same assets are first recognized in other comprehensive income to the extent of remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss. Differences between depreciation based on the revalued carrying amount of the asset charged to the statement of profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus on property plant and equipment to unappropriated profit.

Deferred tax assets and liabilities are measured at rates that are expected to be applied to the period when the asset is realized or the liability is settled, based on rates that have been enacted or substantively enacted at the reporting date. Deferred tax is charged in the profit and loss account, except in the case of items credited or charged to equity, in that case it is included in equity.

**5.4 Mark-up bearing borrowings**

Mark-up bearing borrowings are recognized initially at fair value, less attributable transaction costs. **5.5 Financial liabilities**

Financial liabilities are classified as measured at amortized cost or 'at fair value through profit or loss'. A financial liability is classified as at fair value through profit or loss if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at fair

value through profit or loss are measured at fair value and net gains and losses, including any interest expense, are recognized in the statement of profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. **b) Subsequent measurement**

The financial assets are subsequently measured as follows:

- |       |   |   |
|-------|---|---|

| (ii)  | Financial assets measured at amortized cost                         | These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss.   |
| (iii) | Debt investments at fair value through other comprehensive income   | These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. | (iv)  | Equity investments at fair value through other comprehensive income | These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit or loss unless dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.   |

**5.8 Trade debts and other receivables**

**a) Financial assets**

These are classified at 'amortized cost'. On initial recognition, these are measured at cost, being their fair value at the date of transaction, plus attributable transaction costs. Subsequent to initial recognition, trade debts and other receivables are recognized and carried at original invoice amount

less an estimated allowance made for doubtful receivables based on review of outstanding amounts at the year end. Provision for impairment of trade debts and other receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to original terms of receivables. Significant financial difficulties of debtors, probability that the debtor will enter bankruptcy or financial reorganization, default or delinquency in payments are considered indicators that trade receivable is impaired. Debts, considered irrecoverable, are written off, as and when identified. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

**b) Financial assets**

These on initial recognition and subsequently are measured at cost.

**5.9 Trade and other payables**

**a) Financial liabilities**

These are classified as 'financial liabilities at amortized cost'. On initial recognition, these are measured at cost, being their fair value at the date the liability is incurred, less attributable transaction costs. Subsequent to initial recognition, these are measured at amortized cost using the effective interest method, with interest recognized in profit or loss.

**b) Non-financial liabilities**

These on initial recognition and subsequently are measured at cost.

**5.10 Dividend distribution**

**a) Dividend distributions**

Dividend is recognized as liability in the period in which it is declared. Dividend to ordinary shareholders is recognized as a deduction from accumulated profit in statement of changes in equity and as a liability, to the extent it is unclaimed, in the Company's financial statements in the year in which the dividends are approved by Company's shareholders.

**b) Appropriations**

Appropriations of profit are reflected in the statement of changes in equity in the period in which such appropriations are approved.

A provision is recognized when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. The amount recognized as provision reflects best estimate of expenditure required to settle present obligation at end of reporting period. Provisions are reviewed at each reporting date and adjusted to reflect best estimates.

**5.13 Offsetting**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set off the recognized amounts and the Company intends to settle on a net basis or realize the asset and settle the liability simultaneously.

**5.14 Foreign currency translations**

Transactions in currencies other than Pakistani Rupees are recorded at rates of exchange prevailing on the dates of transactions. At each balance sheet date, monetary assets and liabilities that are denominated in foreign currencies are translated at rates prevailing on the balance sheet date except where forward exchange contracts have been entered into for repayment of liabilities in that case, the rates contracted for are used. Gains and losses arising on translation are included in profit and loss account, except as stated in respective note to the financial statements.

The Company operates an unfunded gratuity scheme for all its permanent employees subject to completion of a prescribed qualifying period of service. The Company recognizes expense in accordance with IAS 19 "Employee Benefits". The Company's net obligation in respect of defined benefit plan is calculated separately by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount by using the projected unit credit method. The Company has stopped providing for gratuity services.

**5.16 Ordinary share capital**

Ordinary share capital is recognized as equity. Transaction costs directly attributable to the issue of ordinary shares are recognized as deduction from equity.

**5.17 Stores, spare parts and loose tools**

These are normally held for internal use and valued at moving average cost less allowances for obsolete and slow moving items except stores in transit which are valued at invoice values plus other charges incurred thereon up to the balance sheet date. For items which are slow moving and/ or identified as surplus to the Company's requirements, adequate impairment is recognized. The Company reviews the carrying amount of stores, spare parts and loose tools on a regular basis and provision is made for obsolescence.

**5.18 Stock-in-trade**

Basis of valuations are as follows:

<i>Particulars</i>	<i>Mode of Valuation</i>
Raw material	at lower of weighted average cost and net realizable value
Work-in-process	at estimated manufacturing cost
Finished goods	at lower of cost and net realizable value

Cost in relation to work-in-process and finished goods represents average manufacturing cost which consists of prime cost and proportion of manufacturing overheads based on normal capacity. Net realizable value signifies selling price in ordinary course of business less estimated costs of completion and estimated cost necessary to make the sale.

**5.19 Revenue recognition**

Revenue is recognized when performance obligations are satisfied by transferring control of good or service to a customer and control transfers over time or at point in time. Revenue is measured at fair value of the consideration received or receivable excluding discounts, rebates and government levies.

**5.20 Impairment**

**a) Financial assets**

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have negative effect on estimated future cash flows of that asset. Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

**b) Non-financial assets**

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Impairment losses are recognized as expense in statement of profit or loss. An impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount and loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

#### 5.21 Contingents

- a) **Contingent liabilities** - are disclosed when:
- (i) there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company; or
  - (ii) there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

b) **Contingent assets**

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amount.

**32.4 Market risk**

Market risk is the risk that changes in market price such as foreign exchange rates, interest rates and equity prices will effect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing return.

**32.4.1 Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is not exposed to currency risk.

**32.4.2 Interest rate risk**

Interest rate risk is the risk that the value of financial instrument will fluctuate due to changes in market interest rates. Significant interest rate risk exposures are primarily managed by a mix of borrowings at variable interest rates. At the reporting date the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

- **Fixed rate financial instruments**

The Company do not have any financial instrument bearing fixed rate of interest (2022: Nil).

- **Fair value sensitivity analysis for fixed rate instruments**

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore change in interest rates at reporting date would not affect profit and loss.

- **Variable rate financial assets and liabilities**

	30 June 2023		30 June 2022	
	Assets	Liabilities	Assets	Liabilities
	----- Rupees -----			
Short-term borrowings	-	68,224,465	-	69,687,461

- **Cash flow sensitivity analysis for variable rate instruments**

Change of 1% in interest rates at reporting date would have varied profit before tax as shown below. Analysis assumes that all other variables, in particular foreign exchange rates, remain constant.

	Variation in basis points (% age)	Effect on profit before tax	
		30 June 2023 Rupees	30 June 2022 Rupees
- <b>Variable rate financial instruments</b>			
Short-term borrowings	1.00%	682,245	696,875

The above analysis is not necessarily indicative of effects on profit for the year, assets and liabilities.

**32.4.3 Other price risk**

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The Company is not exposed to any price risk as there are no financial instruments at the reporting date that are sensitive to price fluctuations.

**33 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS**

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at measurement date. Investment in associates are carried using equity method. Carrying values of other financial assets / liabilities reflected in these financial statements approximate their fair values. Underlying the definition of fair value is presumption that the Company is a going concern and there is no intention or requirement to curtail materially scale of its operation or to undertake transaction on adverse terms. A financial instrument is regarded as quoted in active market if quoted prices are readily and regularly available from an exchange dealer, industry group, pricing service or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis. IFRS 13 'Fair Value Measurement' requires entity to classify fair value measurements and hierarchy that reflects significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within level 1 that are observable for the asset either directly (that is, derived from prices) (Level 2)
- Inputs for the asset or liability that are not based on observable market data inputs (Level 3)

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred. The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value. The Company has not disclosed the fair values for some financial assets and financial liabilities, as these are either short term in nature or reprice periodically. Therefore, their carrying amounts are reasonable approximation of fair value.
