**INDEPENDENT REASONABLE ASSURANCE REPORT ON STATEMENT
OF FREE FLOAT OF SHARES**

To the Chief Executive of Nishat Power Limited

1. Introduction

We have been engaged to perform a reasonable assurance engagement on the annexed Statement of Free Float of Shares ("the Statement") of Nishat Power Limited, ("the Company") as of 30 September 2022, 31 December 2022, 31 March 2023 and 30 June 2023.

2. Applicable Criteria

The criteria against which the Statement is assessed is Regulation No. 5.7.2(b)(ii) of Pakistan Stock Exchange Limited Regulations ("PSX Regulations") which requires every listed company to submit directly to Pakistan Stock Exchange ("PSX") an annual Free-Float Certificate duly verified by the auditor along with the annual audited accounts as prescribed under regulation 5.6.9(a) of the PSX Regulations.

3. Management's Responsibility for the Statement

Management is responsible for the preparation of the Statement as of 30 September 2022, 31 December 2022, 31 March 2023 and 30 June 2023 in accordance with the applicable criteria. This responsibility includes maintaining adequate records and internal controls as determined necessary to enable the preparation of the Statement such that it is free from material misstatement, whether due to fraud or error.

4. Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Control 1 "Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements" and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. Our Responsibility and Summary of the Work Performed

Our responsibility is to carry out an independent reasonable assurance engagement and to express an opinion as to whether the Statement is prepared in accordance with the applicable criteria, based on the procedures we have performed and the evidence we have obtained.

We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised), 'Assurance Engagements Other than Audits or Reviews of Historical Financial Information' (ISAE 3000) (Revised) issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable level of assurance about whether the Statement is free from material misstatement.

A reasonable assurance engagement in accordance with ISAE 3000 (Revised) involves performing procedures to obtain evidence about the free float of shares and related information in the Statement. The nature, timing and extent of procedures selected depend on the practitioner's judgment, including the assessment of the risks of material misstatement, whether due to fraud or error, in the Statement. In making those risk assessments, we considered internal control relevant to Nishat Power Limited's preparation of the Statement. A reasonable assurance engagement also includes assessing the applicable criteria used and significant estimates made by management, as well as, evaluating the overall presentation of the Statement.

We have carried out the procedures considered necessary for the purpose of providing reasonable assurance on the Statement. Our assurance procedures performed included verification of information in the Statement with the underlying data and record comprising of Central Depository Company statements, forms submitted by the Company with Securities & Exchange Commission of Pakistan relating to its pattern of shareholding and other related information. Verification that the computation of free float of shares is in accordance with the PSX Regulations also forms part of our assurance procedures.

With respect to identification of associates of an individual as defined in section 2 (ii) (a) of the Securities Act, 2015, we have obtained and relied on management's representations that are based on written declarations from individuals (i.e. directors, sponsors and senior management officers of the Company) about their associates.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

STATEMENT UNDER SECTION 134 (3) OF THE COMPANIES ACT, 2017.

This statement sets out the material facts pertaining to the special business to be transacted at the Annual General Meeting of the Company to be held on October 26, 2023.

a) Item No. 4(a)

Approval of transactions conducted with the Related Parties during the year ended June 30, 2023

Following transactions carried out with associated companies/related parties have been approved by the Board as recommended by the Audit Committee on a quarterly basis pursuant to provisions of applicable laws. However, as majority of Company Directors were interested in certain related party transactions due to their common directorship and holding of shares in the associated companies/related parties, the Board has recommended for placement of the same before the shareholders of the Company in general meeting for ratification/approval.

Relationship With Company	Type of Transaction	Rupees in Thousand
Holding Company	Dividend	1,174,114
Other Related Parties	Purchase of services	128,456
	Purchase of goods	5,717
	Insurance claim	24,278
	Insurance premium	366,679
	Interest income on deposits	106,099
	Contribution towards staff retirement benefit	31,495
Key management personnel	Remuneration and Dividends Paid	31,011

All these related party transactions during the mentioned period were executed at Arm's Length Price in a fair and transparent manner and there was no departure from the guidelines mentioned in the Companies (Related Party Transactions and Maintenance of Related Records) Regulations, 2018 and Code of Corporate Governance for such transactions.

Pursuant to the above, these transactions have to be approved/ratified by the shareholders in the General Meeting.

b) Item No. 4(b)

To authorize the Board of Directors of the Company to approve transactions with the Related Parties during the financial year ending on June 30, 2024

The Company shall be conducting transactions with its related parties during the year ending June 30, 2024 on an arm's length basis as per approved policy with respect to transactions with related parties' in the normal course of business. The majority of Directors are interested in certain transactions due to their relationship with the Company. In order to promote the transparent business practices, the Board of Directors has to be authorized to approve all transactions with the related parties from time to time during the year ending June 30, 2024 and the same will be placed before the Shareholders in the next AGM for their ratification / approval.

c) Item No. 4(c)

Transmission of Annual Audited Financial Statements through QR Enabled Code and Weblink

The Securities and Exchange Commission of Pakistan vide its S.R.O. 389(I)/2023 dated March 21, 2023 has allowed companies to circulate annual audited financial statements to its members through QR enabled code and Weblink, therefore, the Board of Directors of Nishat Power Limited ("the Company") in their meeting held on August 21, 2023 has recommended for transmission of Annual Reports including Audited Financial Statements of the Company to its members through QR enabled code and Weblink instead of transmitting the same through CD/DVD/USB, however, hard copy of the annual audited financial statements will be supplied to the shareholders, on demand, at their registered addresses, free of cost, within one week of receipt of such demand.

The Directors, Sponsors, majority shareholders and their relatives are not interested, directly or indirectly, in the above businesses except to the extent of shares that are held by them in the Company.

CHAIRMAN'S REVIEW

I am pleased to present the annual report of the Company for the year ended 30 June, 2023 to our valued shareholders. Significant aspects of performance of your Company have been shared with you during the course of the financial year 2022-23

I would like to appreciate overall performance of the Board during this term despite multiple challenges. They have provided strategic directions to the management and always remained available for guidance.

I would like to appreciate the trust and support forwarded by our stakeholders which helped the Company to post earnings per share of Rs 11.55 in current year as compared to Rs 9.38 last year.

The Board has formed various Committees, like Audit Committee and Human Resource Committee. Through Audit Committee, the Board reviewed the internal controls and financial statements and ensured that the accounts fairly represent the financial position of the Company. While the HR Committee overviews the HR policy framework and recommends selection and compensation of senior management team.

To evaluate the performance of the Board and its Committees, the Board has put in place mechanism for annual evaluation of the performance of the Board of Directors. Accordingly, the Board has completed its annual self-evaluation for the year 2023 and I am pleased to report that the overall performance benchmarked on the basis of set criteria remained satisfactory.

Further, I am pleased to inform that the composition of the Board depicts reasonable balance of executive and non-executive Directors including independent Directors, which possess the requisite skills, core competencies and industry knowledge to lead the Company, whereby all Board members are aware of the high level of ethical and professional standards laid down in our Vision & Mission Statements of the Company.

The Board reviews the quality and appropriateness of financial statements of the Company, reporting and transparency of disclosures, Company's accounting policies, corporate objective plans, budgets and other reports. The Board has also framed the Code of Conduct which defines requisite behavior and has been disseminated throughout the Company. چیرمین کی جائزہ رپورٹ

30 جون، 2023 کو ختم ہونے والے سال کے لیے، میں کمپنی کی سالانہ رپورٹ اپنے قابل قدر حصص یافتگان کے سامنے پیش کرتے ہوئے مسرت محسوس کر رہا ہوں۔ مالی سال 2022-23 کے دوران آپ کی کمپنی کی کارکردگی کے اہم پہلو آپ کے ساتھ شیئر کیے جا رہے ہیں۔

میں اس مدت کے دوران بورڈ کی مجموعی کارکردگی کو سراہنا چاہوں گا متعدد چیلنجوں کے باوجود۔ انہوں نے انتظامیہ کو اسٹریٹجک ہدایات فراہم کیں اور ہمیشہ رہنمائی کے لیے دستیاب رہے۔

میں اپنے تمام اسٹیک ہولڈرز کے تعاون سے آگے بڑھے ہوئے اعتماد اور تعاون کی تعریف کرتا ہوں، جس نے کمپنی کو رواں سال میں 11.55 روپے فی حصص آمدنی میں اضافے کے بعد گزشتہ سال 9.38 روپے کے مقابلے میں مدد دی۔

بورڈ آف ڈائریکٹرز نے آڈٹ کمیٹی اور ہیومن ریسورس کمیٹی جیسی مختلف کمیٹیاں تشکیل دی ہیں۔ جہاں آڈٹ کمیٹی مالی حسابات کا جائزہ لیتی ہے اور اس بات کو یقینی بناتی ہے کہ اکاؤنٹس اندرونی کنٹرول کی موثرگی کو یقینی بناتے ہوئے کمپنی کی مالی حیثیت کی مصفاہ نمائندگی کرتے ہیں، جبکہ ایچ آر کمیٹی ایچ آر پالیسی کے فریم ورک کا جائزہ لیتی ہے اور سینئر مینجمنٹ ٹیم کے انتخاب اور معاوضے کی سفارش کرتی ہے۔

بورڈ اور اس کی کمیٹیوں کی کارکردگی کا جائزہ لینے کے لیے، بورڈ نے بورڈ آف ڈائریکٹرز کی کارکردگی کا سالانہ جائزہ لینے کا طریقہ کار وضع کیا ہے۔ اسی مناسبت سے، بورڈ نے سال 2023 کے لیے اپنی سالانہ خود تفتیش مکمل کر لی ہے اور مجھے یہ بتاتے ہوئے خوشی ہو رہی ہے کہ مقررہ معیار کی بنیاد پر مجموعی کارکردگی کا معیار تسلی بخش رہا۔

مزید، مجھے یہ بتاتے ہوئے خوشی ہو رہی ہے کہ بورڈ کی تشکیل میں آزاد ڈائریکٹرز سمیت ایگزیکٹو اور نان ایگزیکٹو ڈائریکٹرز کا معقول توازن دکھایا گیا ہے، جو کمپنی کی قیادت کرنے کے لیے مطلوبہ مہارت، بنیادی اہلیت اور صنعت کا علم رکھتے ہیں، جس سے بورڈ کے تمام اراکین اعلیٰ درجے کے اخلاقی اور پیشہ ورانہ معیارات واقف ہیں جو کمپنی کے ہمارے وژن اور مشن کے بیانات میں بیان کیے گئے ہیں۔

بورڈ نے کمپنی کے مالی گوشواروں کے معیار اور مناسبت، افشاء کی رپورٹنگ اور شفافیت، کمپنی کی اکاؤنٹنگ پالیسیوں، کاروباری مقصد کے منصوبوں، بجٹ اور دیگر رپورٹس کا جائزہ لیا ہے۔ بورڈ نے ضابطہ اخلاق بھی وضع کیا ہے جو مطلوبہ رویے کی وضاحت کرتا ہے اور اسے پوری کمپنی میں واضح کیا گیا ہے۔ موثر کنٹرول ماحول کو یقینی بنانے کے لیے مناسب کنٹرول اور مضبوط نظام موجود ہیں تاکہ کارپوریٹ گورننس کی بہترین پالیسیوں کی تعمیل ہو سکے۔

DIRECTORS' ▶ REPORT ◀

The Board of Directors of Nishat Power Limited (The Company) is pleased to present Annual Report with the Audited Financial Statements of the Company together with Auditors' Report thereon for the financial year ended June 30, 2023.

PRINCIPAL ACTIVITY:

The principal activity of the Company is to build, own, operate and maintain a fuel fired power plant based on Reciprocating Engine Technology having gross capacity of 200MW in Jamber Kalan, Tehsil Pattoki, District Kasur, Punjab, Pakistan.

FINANCIAL RESULTS:

The Company had turnover of Rs 23,069 million (2022: Rs 23,684 million) during the year against operating cost of Rs 18,496 million (2022: Rs 19,809 million) resulting in a gross profit of Rs 4,573 million (2022: Rs 3,875 million). The current year's net profit after tax amounts to Rs 4,091 million resulting earnings per share of Rs 11.55 compared to previous year's profit after tax of Rs 3,323 million and earnings per share of Rs 9.38.

During the period, the global economic issues have accentuated Pakistan's economic challenges, resultantly State Bank of Pakistan ('SBP') issued various directions and imposed restrictions on imports of spare parts and consumable items due to scarcity of foreign exchange and difficult economic condition in the country. The Company raised the matter with Power Purchaser and Private Power & Infrastructure Board ('PPIB')

for resolution. SBP subsequently withdrew the restrictions, however, the Company continues to face challenges of timely availability of the required foreign exchange for import of parts for ongoing maintenances.

The Power Purchaser continues to default on its payment obligations. The Company took up the matter with the Power Purchaser and Private Power & Infrastructure Board ('PPIB') by giving notices of default pursuant to provisions of Power Purchase Agreement and Implementation Agreement. The Company is facing the risk of increased receivables due to overall challenge of circular debt plaguing the power sector of Pakistan. For other risks being faced by the Company, please refer to note 34 of the annexed financial statements.

Total receivables from Power Purchaser on June 30, 2023 stand at Rs 14,830million, out of which overdue receivables are Rs 7,911 million.

OPERATIONS::

The plant operated at average capacity factor of 31.44% (2022: 46.42%) and dispatched 538 GWh (2022: 794 GWh) of electricity to the Power Purchaser during the year

KEY OPERATING AND FINANCIAL DATA:

Financial year ended June 30,	2023	2022
	(Rupees in Million)	
Turnover	23,069	23,684
Net Profit	4,091	3,323
Total non-current assets	8,581	8,505
Issued, subscribed and paid up capital	3,541	3,541
Long term financing	Nil	37
Short term financing	Nil	4,488
Generation (MWh)	537,893	794,242
Earnings per share-basic and diluted (Rs.)	11.55	9.38
Share prices (Market value rupees per share)	16.95	19.50

The slowdown in overall economic activity and variations in climatic conditions has reduced electricity demand during the current year. Therefore, the Company's capacity utilization factor has reduced i.e. from 46% (2022) to 31% this year. Further, the management believes that Power Purchaser would

still need to run power plant, due to the unique technological advantage of RFO based eleven (“11”) Reciprocating Engines and one (“01”) Steam Turbine, which can produce power during peak hours round the year, at a very short notice period.

INTERNAL AUDIT AND CONTROL

The Board has set up an independent audit function headed by a qualified person reporting to the Audit Committee. The scope of internal auditing within the Company is clearly defined which broadly involves review and evaluation of its’ internal control system.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS:

The company adheres to maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that

give a true and fair view and are free from material misstatement, whether due to fraud or error.

ENVIRONMENTAL PROTECTION MEASURES

Environmental monitoring for Emissions from Diesel Generators and testing of waste water is conducted on periodic basis for compliance of National Environmental Quality Standards (NEQS).

CORPORATE SOCIAL RESPONSIBILITY

During the period under review, the Company has identified the opportunities for development and uplifting the living standards of the local community near its plant e.g. provision of clean water, renovations and repair works in schools, financial help to deserving students, and plantation of trees.

CORPORATE AND FINANCIAL REPORTING FRAMEWORK:

The Company Management is fully cognizant of its responsibility as recognized by the Companies Act, 2017 provisions (“the Act”) and Code of Corporate Governance issued by the Securities and Exchange Commission of Pakistan (SECP) (“the Code”). The following comments are acknowledgement of Company’s commitment

مجلس نظماء کی رپورٹ

نشاط پاور لیمنڈ (کمپنی) کی مجلس نظماء 30 جون 2023 کو ختم ہونے والے مالی سال کے لئے کمپنی کے نظر ثانی کئے ہوئے مالیاتی گوشوارے کی سالانہ رپورٹ مع اس پر آڈیٹر کی رپورٹ پیش کرتے ہوئے خوشی محسوس کرتی ہے۔

بنیادی سرگرمی:

کمپنی کی بنیادی سرگرمی ہمبر کلاں تحصیل پتوکی، ضلع قصور، پنجاب، پاکستان میں 200 میگا واٹ کی مجموعی صلاحیت کا حامل انجن ٹیکنالوجی پر مبنی ایندھن سے چلنے والا ذاتی پاور پلانٹ کی تعمیر، چلانا اور برقرار رکھنا ہے۔

مالیاتی نتائج:

کمپنی کو سال کے دوران 18,496 ملین روپے (2022: 19,809 ملین روپے) کی آپریٹنگ لاگت کے عوض 23,069 ملین روپے (2022: 23,684 ملین روپے) وصولیاں ہوئیں تھیں، جس کے نتیجے میں 4,573 ملین روپے (2022: 3,875 ملین روپے) کا مجموعی منافع ہوا ہے۔ موجودہ سال کا بعد از ٹیکس خالص منافع گزشتہ سال کے بعد از ٹیکس منافع 3,323 ملین روپے اور 9.38 روپے فی شیئر آمدنی کے مقابلہ میں 4,091 ملین روپے اور 11.55 روپے فی شیئر آمدنی رہا ہے۔

اس عرصے کے دوران، عالمی اقتصادی مسائل نے پاکستان کے معاشی چیلنجوں کو بڑھا دیا، جس کے نتیجے میں اسٹیٹ بینک آف پاکستان ('SBP') نے مختلف ہدایات جاری کیں اور ملک میں غمگینی زرمبادلہ کی کمی اور مشکل معاشی حالت کی وجہ سے اسپتیر پارٹس اور قابل استعمال اشیاء کی درآمد پر پابندیاں عائد کر دیں۔ کمپنی نے پاور پر چیز اور پرائیویٹ پاور اینڈ انفراسٹرکچر بورڈ (PPIB) کے ہاں حل کے لیے یہ معاملہ اجاگر کیا۔ اسٹیٹ بینک آف پاکستان نے بعد میں یہ پابندیاں واپس لے لیں، تاہم، کمپنی کو جاری دیکھ بھال کے لیے پوز کی درآمد کے لیے مطلوبہ زرمبادلہ کی بروقت دستیابی کے چیلنجز کا سامنا ہے۔

پاور پر چیز اپنی ادائیگی کی ذمہ داریوں پر مسلسل ناہندگی پر کاربند ہے۔ کمپنی نے بجلی کی خریداری کے معاہدے اور Implementation Agreement کے تحت پاور پر چیز اور پرائیویٹ پاور اینڈ انفراسٹرکچر بورڈ ('PPIB') کے ہاں معاملہ اجاگر کیا ہے۔ پاکستان میں بجلی پیدا کرنے کے شعبے کو گزشتہ قرضہ کی دشواری درپیش ہے جس وجہ سے کمپنی کو بڑھتے ہوئے زائد المعیاد واجب وصولیوں کے خطرہ کا سامنا ہے۔ کمپنی کو لاحق دیگر خطروں کے لیے براہ کرم ان مالیاتی گوشوارے کا نوٹ 34 ملاحظہ فرمائیں۔

30 جون 2023 کو پاور پر چیز سے کل واجب وصولی 14,830 ملین روپے ہے، جن میں سے 7,911 ملین روپے کی واجب الوصول رقم زائد المعیاد ہے۔

کاروباری نتائج:

سال کے دوران پلانٹ زیادہ سے زیادہ باکفایت کارکردگی پر چلایا گیا اور پاور پر چیز کو اوسط 31.44 فیصد (2022: 46.42 فیصد) صلاحیت کے ساتھ 538 GWh (2022: 794 GWh) بجلی ترسیل کی گئی۔

Capacity Factor / Percent Load (%)
(July 2022 - June 2023)

کلیدی آپریننگ اور مالی اعداد و شمار:

2022	2023	30 جون کو مختتمہ مالی سال
روپے بلین میں	روپے بلین میں	
23,684	23,069	آمدنی
3,323	4,091	خالص منافع
8,505	8,581	کل نان کرنٹ اثاثہ جات
3,541	3,541	اجراء، سبسکرائبڈ اور ادا شدہ سرمایہ
37	Nil	طویل مدتی فنانسنگ
4,488	Nil	قلیل مدتی فنانسنگ
794,242	537,893	جنریشن (MWh)
9.38	11.55	آمدنی فی حصص - بنیادی اور کم ہوا (روپے)
19.50	16.95	شیر آمدنی (مارکیٹ ویلیو روپے فی شیر)

مجموعی اقتصادی سرگرمی میں سست روی اور ماحولیاتی حالات میں تغیرات نے رواں سال کے دوران بجلی کی طلب کو کم کر دیا۔ اس لئے، کمپنی کی صلاحیت کا استعمال کم ہوا یعنی گزشتہ سال کے 46 فیصد سے کم ہو کر اس سال میں 31 فیصد ہوا۔ مزید برآں، مینجمنٹ کا خیال ہے کہ پاور پر چیز رکوا ب بھی ہمارے پاور پلانٹ کو چلانے کی ضرورت ہوگی، کیونکہ کمپنی کو RFO کی بنیاد پر گیارہ ("11") انجن اور ایک ("01") بھاپ ٹربائن کا منفرد تکنیکی فائدہ ہے، وہ یہ کہ ان اوقات میں جب بجلی کی طلب انتہا کو چھوتی ہے، ہم بہت ہی مختصر نوٹس پر بجلی مہیا کر سکتے ہیں۔

اندرونی آڈٹ اور کنٹرول:

بورڈ نے آڈٹ کمیٹی کو رپورٹنگ کے لئے ایک تعلیم یافتہ شخص کی سربراہی میں ایک آزاد آڈٹ قائم کیا ہے۔ کمیٹی کے اندر اندرونی آڈٹنگ کا دائرہ کار واضح طور پر بیان شدہ ہے جو اندرونی کنٹرول کے نظام کا جائزہ اور تھخیص ہے۔

اندرونی مالیاتی کنٹرولوں کا استعمال:

کمپنی کے اثاثوں کی حفاظت اور دھوکہ دہی اور دیگر غیر قانونی کاموں؛ مناسب اکاؤنٹنگ پالیسیوں کا انتخاب اور اطلاق؛ مناسب اور محتاط فیصلہ اور تخمینہ سازی؛ مناسب داخلی مالیاتی کنٹرول کے ڈیزائن، عملدرآمد اور بحالی، جو اکاؤنٹنگ کے ریکارڈ کی درستگی اور تکمیل کو یقینی بنانے کے لئے مؤثر طریقے سے کام کر رہے ہیں، مالی حسابات جو حقیقی اور منصفانہ نظریہ فراہم کرنے والے اور مواد کی غلطی، چاہے دھوکہ دہی یا غلطی کی وجہ سے ہو، سے پاک کی تیاری اور پیش کرنے سے متعلقہ کی روک تھام اور پتہ لگانے کے لئے ایکٹ کی دفعات کے مطابق مناسب اکاؤنٹنگ ریکارڈنگ کی دیکھ بھال بحالی پر عمل کرتی ہے۔

ماحولیاتی تحفظ کے اقدامات:

ڈیزل جنریٹر اور گندے پانی کے ٹیسٹنگ سے اخراج کے لئے ماحولیاتی نگرانی نیشنل انوائرمینٹل کوالٹی سٹیڈرڈز (NEQS) کی تعمیل کے لئے متواتر بنیاد پر کی جاتی ہے۔

کارپوریٹ سماجی ذمہ داری

زیر جائزہ مدت کے دوران، کمپنی نے اپنے پلانٹ کے قریب مقامی آبادی کے معیار زندگی کو بہتر بنانے اور ترقی کے مواقعوں کی نشاندہی کی ہے مثلاً صاف پانی کی فراہمی، سکولوں میں تھیبید اور مرمتی کام، مستحق طلباء کی مالی مدد اور شہر کاری۔

کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک

کمپنی بینچمنٹ اپنی ذمہ داری سے مکمل طور پر واقف ہے جیسا کہ کنٹریز ایکٹ 2017 کی دفعات اور سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (ایس ای سی پی) کی طرف سے جاری کوڈ آف کارپوریٹ گورننس میں بتایا گیا ہے۔ مندرجہ ذیل تبصرے کارپوریٹ گورننس اور مسلسل بہتری میں اعلیٰ معیار کے لئے کمپنی کی کاوشوں کا ثبوت ہیں:

- کمپنی کی انتظامیہ کی طرف سے تیار کردہ، مالیاتی حسابات، اس کے امور، آپریشنز کے نتائج، نقدی بہاؤ اور ایکویٹی میں تبدیلیوں کو منصفانہ طور پر ظاہر کرتے ہیں۔
 - کمپنی کے کھاتہ جات بالکل صحیح طور سے بنائے گئے ہیں۔
 - مالی حسابات کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کو تسلسل کے ساتھ لاگو کیا گیا ہے اور اکاؤنٹنگ کے تخمینہ جات مناسب اور دانشمندانہ فیصلوں پر مبنی ہیں۔
 - مالی حسابات کی تیاری میں پاکستان میں لاگو بین الاقوامی مالیاتی رپورٹنگ کے معیارات کی پیروی کی گئی ہے، اور کسی بھی انحراف کا موزوں انکشاف اور وضاحت کی گئی ہے۔
 - اندرونی کنٹرول کے نظام کا ڈیزائن مستحکم ہے اور اسکی مؤثر طریقے سے عملدرآمد اور نگرانی کی جاتی ہے۔
 - کمپنی کے گونگ کنسرن ہونے کی صلاحیت پر کوئی قابل ذکر شکوک و شبہات نہیں ہیں۔
 - بورڈ کے تمام ڈائریکٹرز کارپوریٹ باڈیز کے ڈائریکٹرز کے طور پر اپنے فرائض اور ذمہ داریوں سے بخوبی واقف ہیں۔ ڈائریکٹرز کو اور بینیشن کورسز کے ذریعے ان کے فرائض اور ذمہ داریوں کے بارے میں آگاہ کیا گیا تھا۔
 - ریٹائرمنٹ بینیفٹس فنڈ کی مد میں سرمایہ کاری کی قدر:
- پراویڈینٹ فنڈ: 30 جون 2023 کو 500.012 ملین روپے ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF NISHAT POWER LIMITED

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Nishat Power Limited (the Company) for the year ended 30 June 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2023.

INDEPENDENT AUDITOR'S REPORT

To the members of Nishat Power Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Nishat Power Limited (the Company), which comprise the statement of financial position as at 30 June 2023, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2023 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Sr. No.	Key audit matter	How the matter was addressed in our audit
1	<p>Contingencies</p> <p>As disclosed in note 9.1.1 to the accompanying financial statements, the Company has contingent liabilities in respect of various matters, which are pending adjudication before respective authorities and courts of law.</p> <p>Contingencies require management to make judgments and estimates in relation to the interpretation of laws, statutory rules and regulations, and the probability of outcome and financial impact, if any, on the Company for disclosure and recognition and measurement of any provisions that may be required against such contingencies in accordance with applicable financial reporting standards.</p> <p>Due to significance of amounts involved, uncertainties with respect to the outcome of matters and use of significant management judgments and estimates to assess the same including related financial impacts, we considered this as a key audit matter.</p> <p>For further information on contingencies, refer to the following:</p> <ul style="list-style-type: none"> - Summary of significant accounting policies, Contingent liabilities [note 2.1(c) and note 2.19 to the financial statements]. - Contingencies [note 9.1.1 to the financial statements]. 	<p>Our audit procedures among others included obtaining an understanding of the process and controls on this area relevant to our audit. Further, we have</p> <ul style="list-style-type: none"> • Obtained and reviewed detail of the pending matters and discussed the same with the Company's management; • Reviewed the correspondence of the Company with the relevant authorities, tax and legal advisors, including judgments or orders passed by the competent authorities in relation to the issues involved or matters which have similarities with the issues involved; • Obtained and reviewed confirmations from the Company's external tax and legal advisors for their views on the probable outcome of the pending tax cases and other contingencies. • Involved internal tax professionals to assess reasonability of management's conclusions on such pending matters; • Reviewed and evaluated the adequacy of disclosures made in respect of such contingencies in accordance with the requirements of the financial reporting standards as applicable in Pakistan.

Information Other than the Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other

information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including

the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- (c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

Other Matter

The financial statements for the year ended 30 June 2022 were audited by another firm of Chartered Accountants whose auditor's report dated 06 September 2022 expressed un-modified opinion.

The engagement partner on the audit resulting in this independent auditor's report is Atif Anjum.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30-JUNE-2023

1. The Company and its activities

1.1 Nishat Power Limited (the 'Company') is a public company limited by shares incorporated in Pakistan on 23 February 2007 under the repealed Companies Ordinance, 1984 (now, the Companies Act, 2017). The Company is a subsidiary of Nishat Mills Limited. The Company's ordinary shares are listed on the Pakistan Stock Exchange Limited.

1.2 The principal activity of the Company is to build, own, operate and maintain a fuel fired power station having gross capacity of 200 MW in Jamber Kalan, Tehsil Pattoki, District Kasur, Punjab, Pakistan. The address of the registered office of the Company is 53-A, Lawrence Road, Lahore. The address of the head office of the Company is 1-B, Aziz Avenue, Canal Road, Gulberg V, Lahore. The Company had a Power Purchase Agreement ('PPA') with its sole customer, National Transmission and Dispatch Company Limited ('NTDC') for twenty five years which commenced from 09 June 2010. On 12 February 2021, the Company entered into a Novation Agreement to the PPA with NTDC and Central Power Purchasing Agency (Guarantee) Limited ('CPPA-G' and also referred to as the 'Power Purchaser'), whereby, NTDC irrevocably transferred all of its rights, obligations and liabilities under the PPA to CPPA-G and thereafter, NTDC ceased to be a party to the PPA, and CPPA-G became a party to the PPA in place of NTDC. Further, on the same day, the Company entered into the PPA Amendment Agreement, whereby the Agreement Year that was ending on 08 June 2021 was extended by sixty eight (68) days to 15 August 2021. Therefore, the existing term of the PPA Agreement has been extended by sixty eight (68) days to twenty five years and sixty eight days ending on 15 August 2035.

1.3 Geographical location and addresses of all business units are as follows:

Registered office	53-A, Lawrence Road, Lahore
Head office	1-B, Aziz Avenue, Canal Road, Gulberg V, Lahore
Power station	Jamber Kalan, Tehsil Pattoki, District Kasur, Punjab

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards ('IFRS') issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) **Accounting convention**

These financial statements have been prepared on historical cost convention except as otherwise stated in the respective accounting policies.

c) **Critical accounting estimates and judgments**

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in application of accounting policies are as follows:

Income tax

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past. Instances where the Company's view differs from the view taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

Useful lives, pattern of economic benefits and impairment

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of the assets for possible impairments on an annual basis. If such indication exists assets recoverable amount is estimated in order to determine the extent of impairment loss, if any. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment.

Provisions

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Revenue from contract with customer involving sale of electricity (Note 2.29)

Contingencies

The Company reviews the status of all pending litigations and claims against the Company. Based on the judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the statement of financial position date.

d) **Amendments to published approved accounting standards that are effective in current year and are relevant to the Company**

Following amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2022:

- Amendments to IAS 16 'Property, Plant and Equipment' - Proceeds before Intended Use;
- Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts – Cost of Fulfilling a Contract which amended IAS 1 'Presentation of Financial Statements';
- Annual improvements to IFRS standards 2018-2020 which amended IFRS 9 'Financial Instruments' and IFRS 16 'Leases';
- 'Reference to the Conceptual Framework (Amendment to IFRS 3)' published by the International Accounting Standards Board (IASB) with amendments to IFRS 3 'Business Combinations'.

The above-mentioned amendments to approved accounting standards did not have any impact on the amounts recognised in prior period and are not expected to significantly affect the current or future periods.

e) **Amendments to published approved accounting standards that are effective in current year but not relevant to the Company**

There are amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2022 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) **Amendments to published approved accounting standards that are not yet effective but relevant to the Company**

Following amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2023 or later periods:

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 01 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Disclosure of Accounting Policies (Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 'Making Materiality Judgement') effective for annual periods beginning on or after 01 January 2023. These amendments are intended to help preparers in deciding which accounting policies to disclose in their financial statements. Earlier, IAS 1 states that an entity shall disclose its 'significant accounting policies' in their financial statements. These amendments shall assist the entities to disclose their 'material accounting policies' in their financial statements.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12 'Income taxes') effective for annual periods beginning on or after 01 January 2023. These amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations.

Change in definition of Accounting Estimate (Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors) effective for annual periods beginning on or after 1 January 2023. This change replaced the definition of Accounting Estimate with a new definition, intended to help entities to distinguish between accounting policies and accounting estimates.

On 31 October 2022, the IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments are effective for reporting periods beginning on or after 01 January 2024.

On 22 September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The amendments are effective for annual periods beginning on or after 01 January 2024.

Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' (deferred indefinitely) to clarify the treatment of the sale or contribution of assets from an investor to its associates or joint venture, as follows: require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 'Business Combinations'); require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognized only to the extent of the unrelated investors' interests in that associate or joint venture. These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occur by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

The above amendments and improvements are likely to have no significant impact on the financial statements.

g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2023 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

2.2 Property, plant and equipment

2.2.1 Operating fixed assets

Operating fixed assets except freehold land are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Cost of operating fixed assets consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. Freehold land is stated at cost less any recognized impairment loss. Residual values and estimated useful lives are reviewed at each reporting date, with the effect of changes in estimate accounted for on prospective basis.

Depreciation on operating fixed assets, other than identifiable capital spares in plant and machinery, is charged to the statement of profit or loss on the straight line method so as to write off the cost of an asset over its estimated useful life at the annual rates mentioned in note 10 after taking into account their residual values. Depreciation on identifiable capital spares in plant and machinery is charged on the basis of number of hours used. Depreciation on additions is charged for the full month in which the asset is available for use and on deletion up to the month immediately preceding the deletion.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to the statement of profit or loss during the period in which they are incurred.

An item of operating fixed assets is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

2.2.2 Capital work-in-progress

Capital work-in-progress is stated at cost less any identified impairment loss, if any. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use.

2.2.3 Major spare parts and stand-by equipment

Major spare parts and stand-by equipment qualify as property, plant and equipment when an entity expects to use them for more than one year. Transfers are made to relevant operating fixed assets category as and when such items are available for use.

2.2.4 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition, an intangible asset is carried at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortised using the straight line method over a period of five years. The useful life and amortization method are reviewed and adjusted, if appropriate, at each reporting date.

2.3 Leases - Exemption from requirements of IFRS 16 to the extent of Power Purchase Agreement (PPA)

Securities and Exchange Commission of Pakistan (SECP) vide SRO 986(I)/2019 dated 02 September 2019 has granted exemption from the requirements of IFRS 16 'Leases' to all companies, which have entered into power purchase agreements before 01 January 2019. Therefore, the standard will not have any impact on the Company's financial statements to the extent of its PPA. For the remaining leases, the Company has assessed that the application of this standard does not have any material impact on these financial statements.

Under IFRS 16, the consideration required to be made by the lessee for the right to use the asset is to be accounted for as a finance lease. The Company's power plant's control due to

purchase of total output by CPPA-G appears to fall under the scope of finance lease under IFRS 16. Consequently, if the Company were to follow IFRS 16 with respect to its PPA, the effect on the financial statements would be as follows:

	2023 (Rupees in thousand)	2022
De-recognition of fixed assets	(7,933,334)	(7,918,485)
Recognition of lease debtor	6,578,935	4,032,082
De-recognition of trade debts	(3,116,574)	(487,418)
Decrease in un-appropriated profit at the beginning of the year	(4,373,821)	(4,853,815)
(Decrease) / increase in profit for the year	(135,681)	479,994
Decrease in un-appropriated profit at the end of the year	(4,509,502)	(4,373,821)

2.4 Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost less accumulated depreciation and accumulated impairment losses (if any). Cost comprises of the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

2.5 Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments

arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

2.6 Investments and other financial assets

a) *Classification*

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

b) *Measurement*

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss (FVTPL)

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

2.7 Financial liabilities – classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest

method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

2.8 De-recognition of financial assets and financial liabilities

a) Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

b) Financial liabilities

The Company derecognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

2.9 Impairment of financial assets other than those due from the Government of Pakistan and investment in equity instruments

The Company assesses on a forward-looking basis, the expected credit losses ('ECL') associated with its financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Company applies general 3-stage approach for loans, deposits and other receivables and bank balances i.e. to measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition.

Following are the financial assets that are subject to the ECL model:

- Long term loans;
- Loans, deposits and other receivables;
- Short term investment; and
- Bank balances.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (adjusted for factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 month expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. In the absence of a change in credit rating, allowances

are recognised when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognised without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 month to lifetime expectations.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

The following indicators are considered while assessing credit risk:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- actual or expected significant changes in the operating results of the counterparty;
- significant increase in credit risk on other financial instruments of the same counterparty; and
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees, if applicable.

The Company considers the following as constituting an event of default for internal credit riskmanagement purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status;
- Nature, size and industry of borrowers; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

The Company recognises an impairment gain or loss in the statement of profit or loss for financial assets with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognised in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of counterparty's sources of income or assets to generate sufficient future cash flows to repay the amount. The Company may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains.

2.10 Financial assets due from the Government of Pakistan

Financial assets due from the Government of Pakistan include trade debts and other receivables due from CPPA-G under the PPA that also includes accrued amounts. SECP through SRO 67(l)/2023 dated 20 January 2023 has notified that, in respect of companies holding financial assets due from the Government of Pakistan, the requirements contained in IFRS 9 with respect to application of Expected Credit Losses method shall not be applicable till financial year ending on or before 31 December 2024 and that such companies shall follow relevant requirements of IAS 39 in respect of above referred financial assets during the exemption period. Accordingly, the same continue to be reported as per the following accounting policy:

A provision for impairment is established when there is objective evidence that the Company will not be able to collect all the amount due according to the original terms of the receivable.

The Company assesses at the end of each reporting period whether there is objective evidence that the financial asset is impaired. The financial asset is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include indications that the debtor is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization, and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the statement of profit or loss. When the financial asset is uncollectible, it is written off against the provision. Subsequent recoveries of amounts previously written off are credited to the statement of profit or loss. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the statement of profit or loss.

2.11 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognised amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

2.12 Investment in equity instruments of associate

Associates are all entities over which the Company has significant influence but not control. Investment in equity instruments of associates are accounted for using the equity method of accounting and are initially recognised at cost. The Company's investment in associates includes goodwill (net of any accumulated impairment loss) identified on the acquisition. The Company's share of its associates' post-acquisition profits or losses is recognised in the statement of profit or loss, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of investment. When the Company's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Company does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate. Unrealised gains on transactions between the Company and its associates are eliminated to the extent of Company's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. At each reporting date, the Company reviews the carrying amounts of the investments to assess whether there is any indication that such investments have suffered an impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment losses are recognised as expense in the statement of profit or loss. Impairment losses recognised in the statement of profit or loss on equity instruments are not reversed through the statement of profit or loss.

2.13 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency. Figures are rounded off to the nearest thousand of Pak Rupees.

2.14 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

2.15 Employee benefits

Short term obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating annual leaves that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Post employment benefit - Defined contribution plan (Provident Fund)

There is an approved defined contributory provident fund for all employees. Equal monthly contributions are made both by the Company and employees to the fund at the rate of 10 percent of the basic salary subject to completion of minimum qualifying period of service as determined under the rules of the fund.

2.16 Inventories

Inventories, except for that in transit, are valued principally at lower of cost and net realizable value. Cost is determined using First in First Out method for furnace oil while weighted average method is used for the remaining items. Inventories in transit are stated at cost comprising invoice value plus other charges paid thereon.

Net realizable value is determined on the basis of estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale. If the expected net realisable value is lower than the carrying amount, a write-down is recognised for the amount by which the carrying amount exceeds its net realisable value.

2.17 Stores, spares and loose tools

Stores, spares and loose tools are valued principally at weighted average cost except for items in transit which are stated at invoice value plus other charges paid thereon till the statement of financial position date while items considered obsolete are carried at nil value.

Provision for obsolescence of stores and spare parts wherever required, is made on the basis of management's best estimate of usability of items and considering the ageing analysis prepared on an item by item basis.

2.18 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

2.19 Contingent liabilities and assets

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company; or

- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognized. A contingent liability is disclosed unless the possibility of an outflow is remote.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised. An asset remains contingent until such time as the inflow of economic benefits becomes virtually certain. When it becomes virtually certain that an inflow of economic benefits will arise, the asset and the related income is recognised in the financial statements in the period in which the change occurs (that is, when the future event occurs and confirms the asset's existence or, if earlier, when it becomes virtually certain that the future event will confirm the asset's existence and it is virtually certain that the asset will be realised).

Contingent liabilities and assets are generally estimated using:

- The single most likely outcome; or
- A weighted average of all the possible outcomes (the 'expected value' method). This is likely to be the most appropriate method for a large population of similar claims, but can also be applied to a single obligation with various possible outcomes.

2.20 Taxation

2.20.1 Current

The profits and gains of the Company derived from electric power generation are exempt from tax in terms of clause 132 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the conditions and limitations provided therein.

Under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, the Company is also exempt from levy of minimum tax on 'turnover' under section 113 of the Income Tax Ordinance, 2001. However, full provision is made in the statement of profit or loss on income from sources not covered under the above clause at current rates of taxation after taking into account, tax credits and rebates available, if any. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation and considers whether it is probable that the taxation authority will accept an uncertain tax treatment. The Company measures its tax balance either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

2.20.2 Deferred

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base used in the computation of the taxable profit. However, the deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction neither affects accounting nor taxable profit or loss. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in statement of the profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax has not been provided in these financial statements as the management believes that the temporary differences will not reverse in the foreseeable future due to the fact that the Company remains exempt from taxation under clause 132 of Part I and clause 11A of Part IV of Second Schedule to the Income Tax Ordinance, 2001.

2.21 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position. Book overdrafts are shown within trade and other payables in current liabilities.

2.22 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

2.23 Borrowing costs

aGeneral and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in statement of profit or loss in the period in which they are incurred.

2.24 Contract asset and contract liability

A contract asset is recognised for the Company's right to consideration in exchange for goods or services that it has transferred to a customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, the Company presents the amount as a contract asset, excluding any amounts presented as a receivable.

A contract liability is recognised for the Company's obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration, or the Company has a right to an amount of consideration that is unconditional (i.e. a receivable), before the Company transfers a good or service to the customer, the entity shall present the contract as a contract liability when the payment is made or the payment is due (whichever is earlier).

2.25 Trade debts

Trade debts are amounts due from CPPA-G in the ordinary course of business. They are generally due for settlement as referred to in note 2.29 and therefore are all classified as current. Trade debts are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade debts with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less provision for impairment.

2.26 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, if any.

2.27 Trade and other payables

Trade and other payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Trade and other payables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.28 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the profit or loss.

2.29 Revenue recognition

Revenue shall be recognised when (or as) the entity satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset and thus has the ability to direct the use and obtain the benefits from the good or service.

Sale of electricity

Revenue from the sale of electricity to CPPA-G, the sole customer of the Company, is recorded on the following basis:

- Capacity Purchase Price revenue is recognised over time, based on the capacity made available to CPPA-G, at rates as specified under the PPA with CPPA-G, as amended from time to time; and
- Energy Purchase Price revenue is recognised at a 'point in time', as and when the Net Electrical Output (NEO) are delivered to CPPA-G.

Capacity and Energy revenue is recognised based on the rates determined under the mechanism laid down in the PPA.

Invoices are generally raised on a monthly basis and are due after 30 days from acknowledgement by CPPA-G.

Interest

Delayed payment mark-up on amounts due under the PPA is accrued on a time proportion basis by reference to the amount outstanding and the applicable rate of return under the PPA.

Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

2.30 Finance income

Finance income comprises interest income on funds invested (financial assets). Interest income is recognized as it accrues in profit or loss, using effective interest method.

2.31 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

2.32 Dividend and appropriation to reserves

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

9 CONTINGENCIES AND COMMITMENTS

9.1 Contingencies

9.1.1 Contingent liabilities:

(i) On 19 August 2014, the department raised a demand of Rupees 1,722.811 million relating to apportionment of input sales tax under section 8 of the Sales Tax Act, 1990 for tax years 2010 to 2013. The disallowance was primarily made on the grounds that since revenue derived by the Company on account of 'capacity revenue' was not chargeable to sales tax, input sales tax claimed by the Company was required to be apportioned with only the input sales tax attributable to other revenue stream i.e. 'energy revenue' admissible to the Company. The Company assailed the underlying proceedings before Honourable Lahore High Court, Lahore ('LHC') directly and in this respect, vide order dated 31 October 2016, LHC accepted the Company's stance and annulled the proceedings. The department has challenged the decision of LHC before Supreme Court of Pakistan and has also preferred an Intra Court Appeal against such order which are pending adjudication.

In respect of tax periods from July 2016 to June 2017, Company's case was selected for 'audit' involving input sales tax amounting to Rupees 541.091 million, on the same grounds as explained above and Rupees 49.774 million on other matters. Being aggrieved, the Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)]. On 25 February 2022, CIR(A) passed an order and provided partial relief to the Company. Being aggrieved with the order of CIR(A), the Company preferred an appeal before Appellate Tribunal Inland Revenue (ATIR) who vide order dated 15 April 2022 decided the matter in favour of the Company. Against the order of CIR(A), the department has also filed an appeal in ATIR which is pending adjudication.

Since the issue has already been decided in Company's favour on merits by LHC and based on advice of the Company's legal counsel, no provision has been made in these financial statements.

ii) On 16 April 2019, the Commissioner Inland Revenue (CIR) through an order raised a demand of Rupees 179.046 million against the Company, mainly on account of input sales tax claimed on inadmissible expenses in sales tax return for the tax periods of July 2014 to June 2017 and sales tax default on account of suppression of sales related to tax period of June 2016. Being aggrieved with the order of CIR, the Company filed an appeal before CIR(A). On 07 May 2020, the CIR(A) declared that the admissible forum of appeal against the order of CIR is ATIR. The Company filed application for grant of stay before the ATIR against recovery of the aforesaid demand that was duly granted on 28 January 2021. Further, the Company has filed appeal before ATIR against the order of CIR which is pending adjudication. Management has strong grounds to believe that the case will be decided in Company's favour. Therefore, no provision has been made in these financial statements.

iii) On 27 February 2015, Additional Commissioner Inland Revenue (ACIR) created a demand of Rupees 282.377 million for tax year 2013 under section 122(5A) of the Income Tax Ordinance, 2001. Aggrieved with the order of the ACIR, the Company preferred an appeal before CIR(A) who granted partial relief to the Company, while upheld the decision of ACIR in certain matters aggregating to Rupees 31.355 million inter-alia on tax credit claimed by the Company under section 65B of the Income Tax Ordinance, 2001. The Company and tax department filed appeals before ATIR against the order of CIR(A). On 02 November 2017, ATIR restated the demand to Rupees 14.072 million. Aggrieved with the order of ATIR, the Company and tax department have filed appeals before Honourable Lahore High Court, Lahore which are pending for adjudication. Management has strong grounds to believe that the case will be decided in Company's favour. Therefore, no provision has been made in these financial statements.

iv) On 13 February 2019, National Electric Power Regulatory Authority ('NEPRA') issued a show cause notice to the Company along with other Independent Power Producers to provide rationale of abnormal profits earned since commercial operation date (COD) that eventually led to initiation of proceedings against the Company by NEPRA on 18 March 2019. The Company challenged the authority of NEPRA to take suo moto action before the Islamabad High Court (IHC) wherein, on 01 April 2019, IHC provided interim relief by suspending the suo moto proceedings. The case is currently pending adjudication before IHC. Management is confident that based on the facts and law, there will be no adverse implications for the Company. Therefore, no provision has been made in these financial statements.

v) On 16 March 2020, Government of Pakistan ('GoP') issued a report through which it was alleged that savings were made by the Independent Power Producers ('IPPs'), including the Company, in the tariff components in violation of applicable GoP Policies, tariff determined by National Electric Power Regulatory Authority ('NEPRA') and the relevant Project Agreements. The Company rejected such claims, and discussions were made with the GoP to resolve the dispute. On 12 February 2021, the Company under the 'Master Agreement', agreed that the abovementioned dispute will be resolved through arbitration under the 'Arbitration Submission Agreement' between the Company and GoP. On 15 June 2022, the Company and the GoP signed the 'Arbitration Submission Agreement'. During the year ended 30 June 2023, Arbitration Tribunal has been constituted under the terms of 'Arbitration Submission Agreement', however formal adaptation of mutually agreed Terms of Reference is still pending. Management believes that there are strong grounds that the matter will ultimately be decided in Company's favour. Furthermore, its financial impact cannot be reasonably estimated at this stage, hence, no provision in this respect has been made in these financial statements.

vi) On 28 April 2022, National Electric Power Regulatory Authority ('NEPRA') issued a notice of hearing to all the RFO based IPPs under the 2002 Power Policy regarding application of highest lab tested Calorific Value (CV) for calculation of CV adjustment instead of average CV as per existing mechanism. The Company vide its letter dated 16 May 2022 replied to NEPRA to refrain from re-initiating the subject proceedings which has already been finalized and implemented by NEPRA vide its letter dated 01 September 2021. Contrary to the reply of the Company, NEPRA held its

hearing on 17 May 2022 and verbally directed to the Company to provide its comments in 15 days failing which the proceedings would be concluded on ex-parte basis. Against the directions of NEPRA, the Company filed a petition in Honourable Lahore High Court, Lahore (LHC) on 06 June 2022, for restraining NEPRA to take any adverse action in this regard, which is pending adjudication. LHC vide its interim order dated 06 June 2022, suspended the impugned notice of hearing. On 18 November 2022, NEPRA determined that although CV adjustment is computed on the basis of average of two CV results, the said CV adjustment shall be subject to the final outcome of the suit pending before LHC. The management based on the advice of its legal counsel, has strong grounds to believe that the case will be decided in favour of the Company. Further, its financial impact cannot be reasonably estimated at this stage, therefore, no provision has been made in these financial statements.

vii) The banks have issued the following on behalf of the Company:

a) Guarantees of Rupees 11.5 million (2022: Rupees 11.5 million) and Rupees 22.4 million (2022: Rupees 6.9 million) are given by the bank of the Company in favour of Director Excise and Taxation, Karachi, under directions of Sindh High Court and Supreme Court of Pakistan respectively, in respect of suit filed for levy of infrastructure cess.

b) Guarantee of Rupees 500 million (2022: Rupees 500 million) is given by the bank of the Company in favour of Pakistan State Oil against purchase of fuel.

c) Guarantee of Rupees 1.5 million (2022: Rupees 1.5 million) is given by the bank of the Company in favour of Punjab Revenue Authority, Lahore under the direction of Honourable Lahore High Court, Lahore in respect of suit filed for levy of infrastructure cess.

d) Guarantees of Rupees Nil (2022: Rupees 1 million) in favour of Collector of Customs, Lahore and Rupees 31.61 million (2022: Rupees 31.61 million) are given by the banks of the Company in favour of Collector of Customs, Karachi under directions of Lahore High Court and Sindh High Court respectively, in respect of suit filed for concessionary rate of duty under Customs Act, 1969.

12.3 Nishat Energy Limited (NEL) is a public limited company incorporated in Pakistan. The registered office of NEL is situated at 1-B, Aziz Avenue, Canal Bank, Gulberg V, Lahore. The principal activity of NEL was to build, own, operate and maintain coal power station. NEL had submitted an upfront tariff petition which was pending for receipt of Purchase Acquisition Request from Central Power Purchasing Agency (Guarantee) Limited (CPPA-G). On 14 October 2016, existing upfront tariff for power generation on imported / local coal expired and National Electric Power Regulatory Authority (NEPRA) has decided not to extend the existing upfront tariff beyond 14 October 2016. In view of the aforesaid reasons, NEL is not considered a going concern. Therefore, investment of the Company in NEL has been fully impaired in these financial statements.

12.4 NEL is an unlisted company therefore, no quoted market price is available for its shares.

12.5 There are no contingent liabilities relating to the Company's interest in NEL.

12.6 Provision for taxation is Nil in the financial statements of NEL.

34. FINANCIAL RISK MANAGEMENT

34.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors (the Board). The Company's finance department evaluates and hedges financial risks. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of these policies.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD) and Euro. As on reporting date, the Company's foreign exchange risk exposure is restricted to payables only. The Company's exposure to currency risk was as follows:

	2023	2022
Trade and other payables		
- USD	(202,916)	(1,512)
- Euro	-	(21,178)
Net exposure - USD	(202,916)	(1,512)
Net exposure - Euro	-	(21,178)

The following significant exchange rates were applicable during the year:

Rupees per US Dollar

Average rate	252.58	181.90
Reporting date rate	287.10	206.00

Rupees per Euro

Average rate	267.16	202.23
Reporting date rate	314.27	215.75

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD and EURO with all other variables held constant, the impact on profit after taxation for the year would have been Rupees 2.913 million (2022: Rupees 0.244 million) respectively lower / higher, mainly as a result of exchange losses / gains on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. The sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is not exposed to commodity price risks.

(iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest rate risk arises from bank balances in saving accounts, short term investments, Term Deposit Receipts, past due trade debts, long term financing and short term borrowings. Financial instruments at variable rates expose the Company to cash flow interest rate risk. Financial instruments, if any, at fixed rate expose the Company to fair value interest rate risk.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments was as follows:

	2023	2022
	(Rupees in thousand)	
Fixed rate instruments		
Financial assets		
Trade debts - overdue	7,910,721	3,967,436
Bank balances - Term Deposit Receipts	846,510	-
Short term investments - at amortised cost	-	32,610
Financial liabilities		
Long term financing	-	(36,903)
	8,757,231	3,963,143
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	1,911,809	505,837
Short term investments - at fair value through profit or loss	-	5,701,101
Financial liabilities		
Short term borrowings	-	(4,487,946)
	1,911,809	1,718,992
Net exposure	10,669,040	5,682,135

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the reporting date, fluctuates by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rupees 19.118 million (2022: Rupees 17.190 million) higher / lower, mainly as a result of higher / lower interest income on floating rate bank balances and short term investments. This analysis is prepared assuming the amounts of assets and liabilities outstanding at reporting dates were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2023 (Rupees in thousand)	2022
Long term loans to employees	10,828	1,512
Trade debts	14,152,106	11,533,456
Short term investments	-	5,733,711
Advances, deposits and other receivables	760,787	631,379
Bank balances	4,760,360	506,650
	19,684,081	18,406,708

Age analysis of trade debts as at reporting date is given in Note 16.3.

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non performance by these counter parties on their obligations to the Company. Accordingly the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At 30 June 2023, the Company had Rupees 9,551.520 million (2022: Rupees 6,232.560 million) available borrowing limits from banking companies and Rupees 4,760.713 million (2022: Rupees 507.128 million) cash and bank balances to meet the short-term funding requirements due to delay in payments by CPPA-G. Management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including mark-up / profit payments. The amounts disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2023:

	Carrying amount	Contractual cash flows	6 months or less	6-12 months	1-2 years	More than 2 Years
----- Rupees in thousand -----						
Non-derivative financial liabilities:

	<u>4,759,029</u>	<u>4,759,029</u>	<u>4,759,029</u>	<u>-</u>	<u>-</u>	<u>-</u>

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest rates / mark up rates effective as at 30 June. The rates of mark-up / profit have been disclosed in note 5 and note 8 to these financial statements.

34.2 Offsetting financial assets and financial liabilities

As on reporting date, recognized financial instruments are not subject to off setting as there are no enforceable master netting arrangements and similar agreements.

34.5 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure and make adjustments to it in the light of changes in economic conditions, the Company may adjust the amount of dividends paid to shareholders or issue new shares. Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as net borrowings divided by total equity. Net borrowings are calculated as total borrowings including current and non-current borrowings, as disclosed in notes 5 and 8 to these financial statements, less cash and bank balances as disclosed in note 20 to these financial statements. Total capital employed includes equity as shown in the statement of financial position, plus net borrowings. The decrease in gearing ratio is due to the fact that the Company has settled all its borrowings at reporting date.

	2023 (Rupees in thousand)	2022
Long term financing	-	36,903
Short term borrowings	-	4,487,946
Less: Cash and bank balances	4,760,713	507,128
Net (cash and bank balances) / borrowings	(4,760,713)	4,017,721
Total equity	29,883,014	28,093,560
Gearing ratio	0%	14.30%

35. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements at 30 June 2023	Level 1	Level 2	Level 3	Total
..... Rupees in thousand				
Financial assets				
Financial assets at fair value through profit or loss	-	-	-	-

Recurring fair value measurements at 30 June 2022	Level 1	Level 2	Level 3	Total
..... Rupees in thousand				
Financial assets				
Financial assets at fair value through profit or loss	-	5,701,101	-	5,701,101

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) **Valuation techniques used to determine fair values**

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments.

36. UNUTILIZED CREDIT FACILITIES

	Non-funded		Funded	
	2023	2022	2023	2022
	----- (Rupees in thousand) -----			
Total facilities	1,750,000	750,000	9,551,520	10,757,409
Utilized at the end of the year	974,380	687,920	-	4,524,849
Unutilized at the end of the year	775,620	62,080	9,551,520	6,232,560

37. PROVIDENT FUND

The investments by the provident fund in collective investment schemes, listed equity and debt securities have been made in accordance with the provisions of section 218 of the Companies Act, 2017 and the conditions specified thereunder.

38. SEGMENT INFORMATION

These financial statements have been prepared on the basis of single reportable segment. Revenue from sale of electricity relates to CPPA-G, the Company's sole customer in Pakistan. All non-current assets of the Company as at reporting date are located in Pakistan.

39. EVENTS AFTER THE REPORTING PERIOD

The Board of Directors of the Company has proposed final cash dividend for the year ended 30 June 2023 of Rupees 3 per share (2022: Rupee 2.5 per share). However, this event has been considered as non-adjusting event under IAS 10 'Events after Reporting Period' and has not been recognized in these financial statements.

40. CORRESPONDING FIGURES

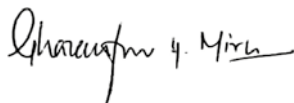

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant re-arrangements have been made.

41. DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue on 21 August 2023 by the Board of Directors of the Company.

42. GENERAL

Figures have been rounded off to the nearest thousand of Rupees, unless otherwise stated.
