**Sapphire**  
Sapphire Textile Mills Limited

## Weaving Sustainability into Fashion

At Sapphire Textiles Mills Limited, we're more than just a textile manufacturing group; we're the vibrant thread that connects color, fashion, and sustainability. As one of Pakistan's largest vertically integrated textile manufacturers, we take pride in our journey. Just as different colors blend to create a beautiful canvas, we weave together our experiences and expertise to provide a wide range of innovative options for our customers. We believe color has the power to transform not only how people feel about themselves but also how they connect with the world around them. At Sapphire, we're not just in the business of textiles; we're in the business of enriching lives and preserving our planet. Join us on this colorful journey as we continue to invest in the well-being of our people and the health of our planet. Together, we're creating a world where sustainability, style, and vibrant colors coexist harmoniously. Welcome to the world of Sapphire Textiles Mills Limited.

**REVIEW REPORT**  
BY THE CHAIRMAN

The Board of Directors is performing its duties in accordance with law and in the best interest of the Company and its shareholders. As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of **Sapphire Textile Mills Limited** is conducted. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

For the financial year ended June 30, 2023, the Board's overall performance and effectiveness have been assessed as satisfactory. That performance is based on an evaluation of integral components, including vision, mission, and values; engagement in strategic planning; formulation of policies; monitoring the organization's business activities; monitoring financial resource management; effective fiscal oversight; equitable treatment of all employees and efficiency in carrying out the Board's business. I would also like to extend my acknowledgment and gratefulness to the Board for its positive contribution and continuous commitment.

Sapphire Textile Mills Limited complies with all the requirements set out in the law(s) with respect to the composition, procedures, and meetings of the Board of Directors and its committees. Necessary Board agenda and related supporting documents were duly made available to the Board in sufficient time prior to the Board and its committee meetings. The Board has exercised all its powers in accordance with relevant laws and regulations and the non-executive and independent Directors are equally involved in important decisions of the Board.

Mohammad Abdullah  
Chairman

Lahore

# DIRECTORS' REPORT TO THE SHAREHOLDERS

The Directors of the Company have pleasure in submitting their Report together with the audited financial statements of the Company for the year ended June 30, 2023.

## Financial Review

The Summary of key financial numbers are presented below:

|                        | 2023                  | 2022        |
|------------------------|-----------------------|-------------|
|                        | ---- Rs. In 000' ---- |             |
| Net turnover           | 72,837,269            | 61,373,384  |
| Gross Profit           | 10,369,684            | 11,859,068  |
| Profit from Operations | 9,384,894             | 11,116,712  |
| Other Income           | 2,453,961             | 3,007,581   |
| Finance cost           | (4,683,561)           | (2,659,056) |
| Profit before taxation | 4,701,333             | 8,457,656   |
| Profit after taxation  | 3,291,173             | 7,015,552   |

The company's net turnover increased from Rs.61.373 billion to Rs.72.837 billion as compared to the previous year. Turnover increased mainly due to increase in selling prices on account of devaluation of Pak Rupee and volumetric growth.

During the current year margins on textile products remain under pressure due to slow down in global demand, high cost of imported cotton and increase in power tariff. The reduction in raw material prices at year end result in adjustment on account of price rationalization of inventory held by company affected the gross profitability. The Gross profit as a percentage

of sales decreased to 14.24% from 19.32% during the corresponding year.

Other income which mainly comes from dividends from investments in subsidiary companies and listed companies was Rs.2.453 billion in comparison with Rs.3.008 billion in preceding year. The finance cost during the year increased to Rs. 4.684 billion from Rs. 2.659 billion in the corresponding year. The Company's finance cost increased significantly due to increase in policy rate by State Bank of Pakistan (SBP), higher mark-up rate for export related financing schemes and non-availability of SBP Long Term Finance Facility (LTFF) for earlier planned CAPEX.

## Appropriation of Profit

| Add: Unappropriated profit brought forward                                  | 26,337,253  |
|                                                                             | 26,929,062  |
| <b>Appropriations</b>                                                       |             |
| Final dividend for the year ended June 30, 2022 (100% i.e. Rs.10 per share) | (216,898)   |
| Unappropriated Profit carried forward                                       | 29,412,164  |
| <b>Subsequent effects</b>                                                   |             |
| Final dividend for the year ended June 30, 2023 (100% i.e. Rs.10 per share) | (216,898)   |
| Unappropriated Profit Carried Forward                                       | 29,195,266  |

## Earnings per Share

The earnings per share for the year ended June 30, 2023 is Rs.151.74 as compared to Rs.323.45 for last year ended June 30, 2022.

## Dividend

The Board of Directors of the company is pleased to recommend a cash dividend of 100% i.e. Rs. 10 per share for the year ended June 30, 2023.(June 30, 2022: 100%).

## Future Prospects

Textile industry is under pressure due to global recession and high inflation. Domestic environment in the form of political uncertainty as well as high cost of doing business including high financial cost and increased energy prices is creating tremendous pressure.

Management will keep striving to overcome ongoing challenges and is optimistic to achieve reasonable profitability.

## Subsidiaries of Sapphire Textile Mills Limited

The Company owns nine subsidiaries out of which six are 100% owned by Sapphire Textile Mills Limited. The brief of each subsidiary is as follows:

### 1. Sapphire Wind Power Company Limited

The Company is 70% owned by Sapphire Textile Mills Ltd and 30% by Bank Alfalah Limited. The Company has set up a wind farm with capacity of 52.80 MW at Jhampir which started Commercial operations in November 2015 – the project is operating following best industry practices and is yielding satisfactory results.

## COMMENTS ON FINANCIAL STATEMENTS

### Statement of Financial Position

#### Non-current assets

Non-current assets of the Company mainly constitute property, plant and equipment and long term investments in subsidiary companies and investment in blue chip shares. Value of property, plant and equipment increased as company has undertaken capacity enhancement / balancing, modernization and replacement.

Over six years, property, plant and equipment of Sapphire Textile Mills Limited have increased to Rs.23,645 million which is 107% higher than property, plant and equipment held in year 2018. The Company has made emphasis on vertical integration and established finishing, printing and dyeing facilities

in these years for growth in value added products.

#### Current assets

Current assets of the Company mainly constitute stock in trade, trade debts and short term investments in blue chip shares.

#### Equity

The Company has sound equity aggregating Rs.28,239 million as on 30 June 2023.

#### Long term financing

Long term financing of the Company has increased in comparison with last year. During the year the company obtained long term loans of Rs.4,723

# VERTICAL ANALYSIS OF FINANCIAL STATEMENTS

## AS AT JUNE 30, 2023

million for investment in plant and machinery. During the year, the company has also repaid long term loans aggregating Rs.2,170 million.

### Short term borrowings

Short term loans of the company as on June 30, 2023 were Rs. 15,990 million in comparison with Rs. 16,943 million in corresponding period.

### Statement of Profit or Loss

Sales of the company has grown up by 152.06% over the last six years . However, during the current year sales have increased by 18.68% in comparison with last year. Gross profit as a percentage of sales has increased from 12.23% to 14.24% over the period of six years. Gross profit has improved due to more emphasis on value added products and efficient cost levels.

Other income of the company mainly constitute dividend received from subsidiary companies, associated companies and blue chip companies.

Finance cost has increased significantly in comparison with last year due to increase in policy rate by State Bank of Pakistan, higher markup rate for export related schemes and non-availability of SBP Long term Finance Facility (LTFF) for earlier planned CAPEX.

# INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF SAPPHIRE TEXTILE MILLS LIMITED

## Review Report on the Statement of Compliance Contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **SAPPHIRE TEXTILE MILLS LIMITED** (the Company) for the year ended June 30, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2023.

The Company has complied with the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 (“the CCG Regulations”) in the following manner:

1. The total number of directors are Ten (10) as per the following:
  - a. Male : Nine (9)
  - b. Female : One (1)
2. The composition of the Board is as follows:

| Category                      | Names                                                                                    |
|-------------------------------|------------------------------------------------------------------------------------------|
| Independent Directors(*)      | Mr. Mirza Saleem Baig<br>Mr. Shahid Shafiq                                               |
| Independent Director / Female | Ms. Mashmooma Zehra Majeed                                                               |
| Non-Executive Directors       | Mr. Mohammad Abdullah<br>Mr. Shahid Abdullah<br>Mr. Amer Abdullah<br>Mr. Yousuf Abdullah |
| Executive Directors           | Mr. Nadeem Abdullah<br>Mr. Nabeel Abdullah<br>Mr. Umer Abdullah                          |

(\*)The independent director meets the criteria of independence under the Companies Act, 2017 (“the Act”).

3. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company.
4. The Company has prepared a “Code of Conduct” and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. The board has ensured that complete record of particulars

of the significant policies along with the dates of approval or amendments has been maintained.

6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by board/ shareholders as empowered by the relevant provisions of the Act and these Regulations.
7. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of Act and the Regulations with respect to frequency, recording and circulating minutes of the meeting of Board.
8. The Board have a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
9. Out of the total Ten (10) directors of the company, Eight (8) Directors meet the requirements, Four (4) Directors have already attained certification under directors training program and four (4) directors meet the requirements of the exemption under regulation.
10. The Board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
11. The financial statements of the Company were duly endorsed by Chief Executive Officer and Chief Financial Officer before approval of the Board.
12. The Board has formed committees comprising of members given below:

### Committee

#### a) Audit Committee

- Mr. Shahid Shafiq (Chairman)
- Mr. Mirza Saleem Baig (Member)
- Mr. Yousuf Abdullah (Member)
- Mr. Amer Abdullah (Member)

b) **HR and Remuneration Committee**

- Ms. Mashmooma Zehra Majeed (Chairperson)
- Mr. Nadeem Abdullah (Member)
- Mr. Umer Abdullah (Member)
- Mr. Shahid Shafiq (Member)
- Mr. Nabeel Abdullah (Member)

13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committee for compliance.

14. The frequency of meetings of the committees were as per following:

| Committee                        | Frequency of meetings |
|----------------------------------|-----------------------|
| a) Audit Committee               | Quarterly             |
| b) HR and Remuneration Committee | Annually              |

15. The Board has set up an effective Internal Audit Function.

16. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (Spouse, parents, dependents and non-dependents children) of the chief executive officer, chief financial officer, head of internal audit, company secretary or directors of the company.

17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed

that they have observed IFAC guidelines in this regard.

18. We confirm that all other requirements of the Regulations 3,6,7,8,27,32,33 and 36 have been complied with.

Regulation 6 (1) the Listed Companies (Code of Corporate Governance) Regulations, 2019, requires that “each listed company shall have at least two or one third members of the Board, whichever is higher, as independent directors”. At time of election of Directors, the Company assessed its compliance with this Regulation. One third of the Company’s total number of Directors results in a fractional number (3.33). The fraction has not been rounded up to one and therefore, the Board of Directors currently has 3 independent Directors. The Company considers that the existing composition of the Board of Directors brings in the relevant experience and valuable contributions to the Board.

For and on behalf of the Board

  
NADEEM ABDULLAH  
CHIEF EXECUTIVE

  
NABEEL ABDULLAH  
DIRECTOR

26<sup>th</sup> September, 2023

Zeeshan  
Company Secretary

---

### Note:

---

1) The Share Transfer Books of the Company will remain closed and no transfer of shares will be accepted for registration from 20th October, 2023 to 26th October, 2023 (both days inclusive). Transfers received in order, by the M/s. Hameed Majeed Associates (Private) Limited Company Registrar, 4th Floor, Karachi Chambers, Hasrat Mohani Road, Karachi, up to 19th October, 2023, will be considered in time to entitle the transferees for payment of dividend, vote and to attend the meeting.

2) A member entitled to attend and vote at this meeting is entitled to appoint another member as his/her proxy to attend and vote on his / her behalf. Proxies in order, to be valid must be deposited at the Registered Office of the Company not less than 48 hours before the time of the meeting. If a member appoints more than one proxy and more than one instrument of proxy is deposited by a member, all such instruments of proxy shall be rendered invalid.

An instrument of proxy applicable for the Meeting is being provided with the notice sent to

the members. Further copies of the instrument may be obtained from the registered office of the Company during normal office hours. The proxy form can also be downloaded from the Company's website: [www.sapphire.com.pk/stml](http://www.sapphire.com.pk/stml)

---

3) CDC shareholders will further have to follow the below mentioned guidelines as laid down in Circular 1, dated 26 January, 2000 issued by Securities and Exchange Commission of Pakistan:

A. For attending the meeting:

i) In case of individuals, the account holder or sub-account holder and/or the person whose securities are in group account and their registration details are uploaded as per the Regulations, shall authenticate his identity by showing his original Computerized National Identity Card (CNIC) or original passport at the time of attending the meeting.

ii) In case of corporate entity, the board of directors' resolution / power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) at the time of the meeting.

B. For appointing proxies:

i) In case of individuals, the account holder or sub account holder and/or the person whose securities are in group account and their registration details are uploaded as per the above Regulations, shall submit the proxy form as per the above requirement.

ii) The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the proxy form.

---

4) Any change of address of members should immediately be notified to the Company's Share Registrars, M/s. Hameed Majeed Associates (Private) Limited, 4th Floor, Karachi Chambers, Hasrat Mohani Road, Karachi.

---

5) In order to comply with the directives of the Securities and Exchange Commission of Pakistan, including in terms of Circular No. 4 of 2021, the Company has also arranged video conference facility for those members who are interested in participating virtually in the AGM.

Special arrangements for participating in the AGM through electronic means will be as under:

a. AGM will be held through Zoom application – a video link facility.

b. Members interested in attending the AGM through Zoom application are hereby requested to get themselves registered with the Company Secretary office by sending an e-mail with subject: "Registration for STML AGM" at the earliest but not later than 48 hours before AGM on E-mail: [contact@saphiretextiles.com.pk](mailto:contact@saphiretextiles.com.pk) along with a valid copy of both sides of CNIC.

Members are advised to mention their Name, Folio/CDC Account Number, CNIC Number, Valid email address and cell number.

Upon receipt of the above information from the interested members, the Company will send the login credentials at their e-mail address. On the date of AGM, members will be able to login and participate in the AGM proceedings through their smartphone/computer devices. The login facility shall be opened thirty (30) minutes before the meeting time to enable the participants to join the meeting after identification/ verification process.

---

6) The members are requested to submit a copy of their Computerized National Identity Card (CNIC), if not provided earlier and immediately notify changes if any to the registrar of the company M/s. Hameed Majeed Associates (Private) Limited, situated at 4th Floor, Karachi Chambers, Hasrat Mohani Road, Karachi.

---

7) Pursuant to Companies (Postal Ballot) Regulations 2018 read with Sections 143 to 145 of the Companies Act, 2017, members can exercise their right to vote through e-voting or postal ballot. The schedule and procedure of postal ballot / E-voting will be placed on the company's website i.e., [www.sapphire.com.pk/stml](http://www.sapphire.com.pk/stml) before seven (7) days of the meeting.

---

8) Deposit of physical certificate(s) in CDC Account: As per section 72 of Companies Act, 2017, every company shall be required to replace its physical certificates with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commencement of the Companies Act, 2017.

Accordingly, a member having physical shares are encouraged to open a CDC sub-account with a broker or Investor Account directly with CDC to place their physical certificates into scrip less form.

---

9) An updated list of unclaimed dividends/shares of the Company is available on the Company's website [www.sapphire.com.pk/stml](http://www.sapphire.com.pk/stml). These are unclaimed dividends/shares which have remained unclaimed or unpaid for three years from the date these have become due and payable.

---

10) Under the provisions of Section 242 of the Companies Act, 2017, it is mandatory for a listed Company to pay cash dividend to its shareholders only through electronic mode directly into bank account designated by the entitled shareholders.

In order to receive dividends directly into their bank account, shareholders are requested to fill in Electronic Credit Mandate Form available on Company's website and send it duly signed along with a copy of CNIC to the Shares Registrar of the Company M/s. Hameed Majeed Associates (Private) Limited, in case of physical shares.

In case shares are held in CDC then Electronic Credit Mandate Form must be submitted directly to shareholder's broker/participant/CDC account services. No further action is required if IBAN has already been incorporated/updated in the CDC account or physical folio of the shareholder.

11) (i) The rates of deduction of income tax from dividend payments under Section 150 of the Income Tax Ordinance, 2001 shall be as follows:

- 
1. Persons appearing in Active Tax Payers List (ATL) 15%

---

  2. Persons not appearing in Active Tax Payers List (ATL) 30%

To enable the Company to make tax deduction on the amount of cash dividend @ 15% instead of 30%, shareholders whose names are not entered into the Active Taxpayers List (ATL) provided on the website of FBR, despite the fact that they are filers, are advised to make sure that their names are entered in ATL before the first day of book closure, otherwise tax on their cash dividend will be deducted @ 30% instead of 15%.

(ii) Withholding Tax exemption from the dividend income, shall only be allowed if copy of valid tax exemption certificate or stay order from a competent court of law is made available to Hameed Majeed Associates (Private) Limited, by the first day of Book Closure.

(iii) Further, according to clarification received from Federal Board of Revenue (FBR), with-holding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as joint holder(s) based on their shareholding proportions, in case of joint accounts.

(iv) Zakat is also deductible at source from the dividend at the rate of 2.5% of the face value of the share, other than corporate holders or individuals who have provided an undertaking for non-deduction of zakat. To claim exemption from compulsory deduction of Zakat, shareholders are requested to submit a notarized copy of Zakat Declaration Form "CZ-50" on non-judicial stamp paper of Rs. 50.00 to the Shares Registrar, before the date of book closure.

In this regard all shareholders who hold shares jointly are requested to provide shareholding Proportions of Principal shareholders and Joint-holder(s) in respect of shares held by them (only if not already provided) to our Shares Registrar, in writing as follows:

| Company Name | Folio / CDC (IAS/ SUB) Account # | Total Shares | Principal Share Holder |                                          | Joint Shareholder(s) |                                          |
|--------------|----------------------------------|--------------|------------------------|------------------------------------------|----------------------|------------------------------------------|
|              |                                  |              | Name and CNIC #        | Share Holding Proportions (No of Shares) | Name and CNIC #      | Share Holding Proportions (No of Shares) |
|              |                                  |              |                        |                                          |                      |                                          |

The required information must reach our Share Registrar within 10 days of this notice, otherwise it will be assumed that the shares are equally held by Principal shareholder and Joint Shareholder(s).

- (v) For any query/information, the investors may contact the Company Secretary at phone: (021) 111 000 100 & email address: [contact@sapphiretextiles.com.pk](mailto:contact@sapphiretextiles.com.pk) and/or Hameed Majeed Associates (Private) Limited at phone: (021) 32424826 / (021) 32469573 & email address: [khi@hmaconsultants.com](mailto:khi@hmaconsultants.com)
- (vi) The corporate shareholders having CDC accounts are required to have their National Tax Number (NTN) updated with their respective participants, whereas corporate physical shareholders should send a copy of their NTN certificate to the Company or M/s. Hameed Majeed Associates (Private) Limited. The shareholders while sending NTN or NTN certificates, as the case may be, must quote company name and their respective folio numbers. Without the NTN Company would not be in a position to check filer status on the ATL and hence higher tax of 30% may be applied in such cases.

- 12) The Securities and Exchange Commission of Pakistan has allowed the listed companies through SRO 389(I)/ 2023 dated March 21, 2023, to circulate the annual balance sheet and profit and loss account, auditor's report and directors report, etc. ("annual audited financial statements") to its members through QR enabled code and weblink. However, any shareholder may request the company

secretary in writing to provide a printed copy of annual report at their registered address free of cost, within seven (07) days of receipt of such request. The shareholders who want to avail this facility may submit request form to the company share registrar. The Financial Statements of the company for the year ended 30th June, 2023 along with reports have been placed on the company's website [www.sapphire.com.pk/stml](http://www.sapphire.com.pk/stml).

- 13) The Company shall provide video conference facility to its members for attending the General Meeting at places other than the town in which general meeting is taking place, provided that if members, collectively holding 10% or more shareholding residing at a geographical location, provide their consent to participate in the meeting through video conference at least 07 days prior to date of the meeting, the Company shall arrange video conference facility in that city subject to availability of such facility in that city.

In this regard, please fill the following form and submit to registered address of the Company (7) days before holding of the General Meeting:

"I/We, \_\_\_\_\_ of \_\_\_\_\_ being a member of Sapphire Textile Mills Limited Ltd, holder of \_\_\_\_\_ Ordinary Shares as per registered folio # \_\_\_\_\_ hereby opt for video conference facility at \_\_\_\_\_."

### STATEMENT OF MATERIAL FACTS UNDER SECTION 134 (3) OF THE COMPANIES ACT, 2017

#### 1. Item relating to Number 5 (i) of the notice. Ratification and approval of the related party transactions

The Company carries out transactions with its associates and related parties in accordance with its policies, applicable laws, regulations and with approval of board of directors of the company. However, during the year since the Company's Directors are interested in certain transactions (by virtue of being the shareholder or common directorship), therefore due to absent of requisite quorum for approval in Board of Directors meeting, these transactions are being placed for the approval by shareholders in the Annual General Meeting.

All transactions with related parties to be ratified have been disclosed in the note 43 to the unconsolidated financial statements for the year ended 30th June, 2023.

The company carries out transactions with its related parties on an arm's length basis as per the approved policy with respect to 'transactions with related parties' in the normal course of business and periodically reviewed by the Board Audit Committee. Upon the recommendation of the Board Audit Committee, such transactions are placed before the board of directors for approval.

Transactions entered into with the related

parties include, but are not limited to, sale & purchase of goods, dividends paid and received, investments made (in accordance with the approval of shareholders and board where applicable) and sharing of common expenses.

The nature of relationship with these related parties has also been indicated in the note 43 to the unconsolidated financial statements for the year ended 30th June, 2023.

#### 2. Item relating to Number 5 (ii) of the notice. Authorization for the Board of Directors to approve the related party transactions during the year ending 30th June, 2024.

The Company shall be conducting transactions with its related parties during the year ending 30th June, 2024 on an arm's length basis as per the approved policy with respect to 'transactions with related parties' in the normal course of business. The Directors are interested in these transactions due to their common directorship in the subsidiary / associated companies. In order to promote transparent business practices, the Board of Directors seeks authorization from the shareholders to approve transactions with the related parties from time-to-time on case-to-case basis for the year ending 30th June, 2024 and such transactions shall be deemed to be approved by the Shareholders. The nature and scope of such related party transactions is explained above. These transactions shall be placed before the shareholders in the next AGM for their formal approval/ratification.

3. **Item relating to Number 6 of the notice.**

The Board of Directors has proposed that Article “100” of the Company’s Articles of Association be amended to bring it in line with the issuance of the companies (Further Issuance of Shares) Regulation 2020.

A comparison of existing and proposed alterations in the capital clauses of the Articles of Association is provided below:

| Articles of Association                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                           |

| Existing article No 100                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Proposed article No 100                                                                                                                                                                                                                                                                                                                                                                                   |
| Any General Meeting may resolve that moneys, investments or other assets forming part of the Company standing to the credit of the Reserve Fund or in the hands of the Company and available for dividend or representing premiums received on the issue of shares and standing to the credit of the shares premium accounts be capitalized and distributed amongst such of the shareholders as would be entitled to receive the same if distributed by way of dividend and in the same proportions on the footing that they become entitled thereto as Capital and that all or any part of such capitalized funds be applied on behalf of such shareholder in paying up in full any unissued shares of the Company which shall be distributed accordingly and that such distribution or payment shall be accepted by such shareholders in full satisfaction of their interest in the said capitalized sum. | Board of Directors may resolve that moneys, investments or other asset forming part of the Company standing to the credit of the Reserve Fund or in the hands of the Company and available for dividend or representing premiums received on the issue of shares and standing to the credit of the shares premium accounts be capitalized by the issuance of fully paid bonus shares to its shareholders. |

None of the directors are in any way interested or concerned in the resolution except to the extent of their shareholding in the Company. The said alteration will not affect anyone’s interest unfavorably in the company.

# INDEPENDENT AUDITOR'S REPORT

## To the Members of Sapphire Textile Mills Limited

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of **Sapphire Textile Mills Limited** (the Company), which comprise the statement of financial position as at June 30, 2023, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| Sr. No. | Key audit matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | How the matter was addressed in our audit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

| 1       | <p><b>Capital expenditures</b></p> <p>Refer note 5 to the financial statements.</p> <p>The Company continued to invest in capital projects with significant capital expenditure incurred during the year ended June 30, 2023. The significant level of capital expenditure requires consideration of the nature of the costs incurred to ensure that their capitalization in property, plant and equipment meets the specific recognition criteria as per the Company's accounting policy.</p> <p>Further, determining which costs meet the criteria for capitalisation, capitalisation of borrowing costs and related expenses and the estimation of economic useful lives and residual values assigned to property, plant and equipment are the areas where management judgement is involved.</p> <p>For these reasons we considered it to be a key audit matter.</p> | <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the design and implementation of management controls over capitalisation and performed tests of controls over authorization of capital expenditure and accuracy of its recording in the system.</li> <li>• Assessed, on a sample basis, costs capitalized during the year by comparing the costs capitalised with the relevant underlying documentation, which included purchase agreements and invoices.</li> <li>• Assessed whether the costs capitalized met the relevant criteria for capitalization as per the applicable financial reporting framework.</li> <li>• Visited the mills where significant capital projects are ongoing to understand the nature of the projects.</li> <li>• Checked the date of transferring capital work-in-progress to operating fixed assets by examining the completion certificates, on a sample basis.</li> <li>• Reviewed the minutes of the Company's Board of Directors and Audit Committee to evaluate the completeness of management's consideration of any events that warranted changes to the useful economic lives.</li> <li>• The adequacy of the disclosures presented in the financial statements regarding property, plant and equipment was also assessed, based on the applicable accounting standards and requirements of Companies Act, 2017.</li> </ul> |

| Sr. No. | Key audit matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | How the matter was addressed in our audit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2       | <p><b>Valuation of stock-in-trade</b></p> <p>Rafer note 12 of the financial statements.</p> <p>The total value of stock in trade as at the reporting date amounted to Rs.23.033 billion, representing 62% of the Company's total current assets. Stock in trade as at reporting date included raw material and finished goods.</p> <p>The valuation of finished goods at cost has different components, which includes judgment and assumptions in relation to the allocation of labour and other various overheads which are incurred in bringing the inventories to its present location and conditions. Judgement has also been exercised by the management in determining the net realisable value (NRV) of raw material and finished goods and in determining the appropriate value of slow moving and obsolete stocks.</p> <p>We identified this matter as key in our audit due to the judgement and assumption applied by the Company in determining the cost and NRV of stock in trade at the year-end.</p> | <p>We assessed the appropriateness of management assumptions applied in calculating the value of stock in trade and validated the valuation by taking following steps:</p> <ul style="list-style-type: none"> <li>• Assessed whether the Company's accounting policy for inventory valuation is in line with the applicable financial reporting standards.</li> <li>• Attended the inventory count at the year-end and reconciled the physical inventory with the inventory lists provided to ensure the completeness of the data.</li> <li>• Assessed the historical costs recorded in the inventory valuation by checking purchase invoices on sample basis.</li> <li>• Tested the reasonability of assumptions applied by the management in the allocation of labour and other various overhead costs to the inventories.</li> <li>• Assessed the management determination of NRV of raw material thereon by performing tests on the subsequent purchase price.</li> <li>• Tested the cost of inventories for finished goods and performed NRV test to asses whether the cost of inventories exceeds their NRV, calculated by detailed review of subsequent sales invoices.</li> </ul> <p>We reviewed the Company's disclosure in the financial statement in respect of stock in trade.</p> |

### Information Other than the Financial Statements and Auditors' Report thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

### Other Matter

The financial statements for the Company for the year ended June 30, 2022 were audited by another firm of chartered accountants who expressed unmodified opinion on those financial statements on October 03, 2022.

The Engagement partner on the audit resulting in this independent auditors' report is Osman Hameed Chaudhri.

## FOR THE YEAR ENDED 30 JUNE 2023

### 1. LEGAL STATUS AND OPERATIONS

Sapphire Textile Mills Limited (the Company) was incorporated in Pakistan on 11 March 1969 as a public limited company under the Companies Act, 1913 (now the Companies Act, 2017). The shares of the Company are listed on Pakistan Stock Exchange.

The Company is principally engaged in manufacturing and sale of yarn, fabrics, home textile products, finishing, stitching and printing of fabrics. Following are the business units of the Company along with their respective locations:

| Business unit                                               | Location                                                                    |
|-------------------------------------------------------------|-----------------------------------------------------------------------------|
| <b>Registered Office</b>                                    |                                                                             |
| Karachi                                                     | 212, Cotton Exchange Building, I. I. Chundrigar Road, Karachi               |
| Lahore office                                               | 4th Floor Tricon Corporate Center, 73-E Main Jail Road, Gulberg II, Lahore. |
| <b>Production Plants</b>                                    |                                                                             |
| Spinning                                                    | A-17, Site, Kotri                                                           |
| Spinning                                                    | A-84, Site Area, Nooriabad                                                  |
| Spinning                                                    | 63/64-KM, Multan Road, Jumber Khurd, Chunian, District Kasur.               |
| Spinning                                                    | 1.5-KM, Warburton Road, Feroze Wattoan, Sheikhpura                          |
| Weaving, Yarn Dyeing, Printing, Processing and Home Textile | 2-KM, Warburton Road, Feroze Wattoan, Sheikhpura                            |
| Stitching                                                   | 1.5-KM, Off Defence Road, Bhubtian Chowk, Raiwind Road, Lahore.             |

### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRS Standards, the provisions of and directives issued under the Act have been followed.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investment valued at fair value, derivative financial instruments which have been marked to market and staff retirement benefit - gratuity which is stated at present value of defined benefit obligation.

#### 2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Company's functional currency. All financial information presented in Pakistan Rupees has been rounded to the nearest rupees unless otherwise specified.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 2.4 INITIAL APPLICATION OF STANDARDS, AMENDMENTS OR INTERPRETATIONS TO EXISTING STANDARDS

#### 2.4.1 Standards, amendments and interpretations to accounting and reporting standards that became effective during the year

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year, except for change resulted due to adoption of amendments to accounting standards. The below mentioned amendments to approved accounting standards are effective for the financial year beginning on July 01, 2022 and have been adopted by the Company:

##### (a) IAS 37 Provisions, Contingent Liabilities and Contingent Assets

Under IAS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations – i.e. the lower of the costs of fulfilling the contract and the costs of terminating it – outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs – e.g. direct labour and materials and an allocation of other direct costs – e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract.

##### (b) IAS 16 Property, Plant and Equipment

Amendment to IAS 16 (regarding proceeds before an asset's intended use) prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Company is preparing the asset for its intended use. Instead, a Company will recognise such sales proceeds and related cost in profit or loss. The amendments apply retrospectively, but only to items of PPE made available for use on or after the beginning of the earliest period presented in the financial statements in which the Company first applies the amendments.

The adoption of the above amendments to accounting standards did not have any material effect on the financial statement of the Company.

#### 2.4.2 Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Company

The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2022 and have not been early adopted by the Company:

##### (a) IAS 1 Presentation of Financial Statements Effective: January 01, 2024

The amendments clarify how to classify a debt and other liabilities as current or non-current. The IASB issued amendments to IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify the following:

- what is meant by a right to defer settlement;
- that a right to defer must exist at the end of the reporting period;
- that classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months.

##### (b) IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors Effective: January 01, 2023

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a Company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments.

### (c) IAS 1 Presentation of Financial Statements

Effective: January 01, 2023

Amendments to IAS 1, 'Presentation of Financial Statements' includes requiring companies to disclose their material accounting policies rather than their significant accounting policies, clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed and also clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a Company's financial statements.

The Company has assessed that the impact of above amendments is not expected to be significant.

There are number of other standards, amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Company and therefore, have not been presented here.

## 3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amount of assets, liabilities, income and expenses. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. Judgments, estimates and assumptions made by the management that may have a significant risk of material adjustments to the financial statements in the subsequent years are as follows:

### (a) Property, plant and equipment

The Company reviews appropriateness of the rates of depreciation, useful lives and residual values for calculation of depreciation on an on-going basis. Further, where applicable, an estimate of recoverable amount of asset is made if indicators of impairment are identified.

### (b) Stores & spares and stock-in-trade

The Company estimates the net realizable value of stores & spares and stock-in-trade to assess any diminution in the respective carrying values. Net realizable value is determined with reference to estimated selling price less estimated expenditure to make sale.

### (c) Provision for impairment of trade debts

Impairment losses related to trade and other receivables, are calculated using simplified approach of expected credit loss model. Management used actual credit loss experience over past years for the calculation of expected credit loss. Trade and other receivables are written off when there is no reasonable expectation of recovery.

### (d) Staff retirement benefits - gratuity

The present value of this obligation depends on a number of factors that is determined on actuarial basis using a number of assumptions. Any change in these assumptions will impact carrying amount of this obligation. The present value of the obligation and underlying assumptions are stated in note 25.

### (e) Income taxes

In making the estimates for income taxes, the Company takes into account the current income tax laws and decisions taken by appellate authorities on certain issues in the past. There may be various matters where the Company's view differs with the view taken by the income tax department at the assessment stage and where the Company considers that its view on items of a material nature is in accordance with the law. The difference between the potential and actual tax charge, if any, is disclosed as a contingent liability.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

#### 4.1 Property, plant and equipment

##### Owned assets

Property, plant and equipment except for freehold land, leasehold land and capital work in progress are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land, leasehold land and capital work in progress are stated at cost. Cost of property, plant and equipment consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable cost of bringing the asset to working condition.

##### Subsequent costs

Subsequent costs are included in the asset's carrying amounts or recognized as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Normal repairs and maintenance are charged to expenses as and when incurred.

##### Depreciation

Depreciation is charged to income on the reducing balance method at rates stated in note 5.1. Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which asset is disposed-off.

The depreciation method and useful lives of items of operating fixed assets are reviewed periodically and altered if circumstances or expectations have changed significantly. Any change is accounted for as a change in accounting estimate by changing depreciation charge for the current and future periods.

Residual values and useful lives are reviewed, at each reporting date, and adjusted if impact on depreciation is significant.

##### Disposal

Gains or losses on disposal or retirement of fixed assets are determined as the difference between the sale proceeds and the carrying amount of assets and are included in the statement of profit or loss.

##### Impairment

The Company assesses at each reporting date whether there is any indication that operating fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment charge is recognized in income currently.

##### Un-allocated capital expenditure

All costs or expenditures attributable to work in progress are capitalized and apportioned to the respective items of property, plant and equipment on completion.

#### 4.1.1 Capital work-in-progress

Capital work-in-progress is stated at cost accumulated up to the statement of financial position date less accumulated impairment losses, if any. Capital work-in-progress is recognized as an operating fixed asset when it is made available for intended use.

#### 4.1.2 Right-of-use assets

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

##### Depreciation of right of use asset

The right-of-use assets are depreciated over the lease term on the expected pattern of consumption of future economic benefits. The carrying amount of the right-of-use asset is reduced by impairment losses, if any. At transition, the Company recognised right of use assets equal to the present value of lease payments.

#### 4.2 Investment property

Property held for capital appreciation and rental yield, which is not in the use of the Company is classified as investment property. Investment property comprises of land. The Company has adopted cost model for its investment property using the same basis as disclosed for measurement of the Company's owned assets.

#### 4.3 Intangible assets

Intangible assets (including computer software) acquired by the Company are stated at cost less accumulated amortization and impairment losses, if any.

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are expensed as incurred.

Amortization is charged to statement of profit or loss on straight line basis over a period of five years. Amortization on addition is charged from the date the asset is put to use while no amortization is charged from the date the asset is disposed off.

##### Subsequent expenditure

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are expensed as incurred.

##### Amortization

Amortization is charged to statement of profit or loss on straight line basis over a period of five years. Amortization on addition is charged from the date the asset is put to use while no amortization is charged from the date the asset is disposed off.

#### 4.4 Financial assets

##### Initial measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost or fair value through other comprehensive income (FVTOCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under IFRS 15, Revenue from Contracts with Customers.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset

### Subsequent Measurement

#### - Equity Instruments at FVTOCI

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. The Company transfers the gain / loss on investments disposed off to unappropriated profit within equity. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Based on business model, the Company elected to classify its equity investments except for the investment in subsidiaries and associates as Investment at FVTOCI.

#### - Debt Instruments at FVTOCI

The Company measures financial assets at fair value through OCI if both of the following conditions are met and is not designated as at FVTPL:

- (i) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling, and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss. However, the Company has no such instrument at the statement of financial position date.

#### - Debt Instruments at FVTPL

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

This category includes derivative instruments and listed equity investments for which the Company has not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognized as other income in the statement of profit or loss when the right of payment has been established.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the

definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

#### - **Financial Assets measured at amortised cost**

The Company measures financial assets at amortized cost if both of the following conditions are met:

- (i) The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the EIR method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Company's financial assets at amortized cost includes long term deposits, trade debts, loan to employees, trade deposits and other receivables.

#### **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### **Investments in Subsidiary and Associated Companies**

Investments in subsidiaries and associates are recognized at cost less impairment loss, if any. Whenever indicators of impairment occurs, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the statement of profit or loss.

#### **4.5 Stores, spare and loose tools**

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment, if any. Items in transit are valued at cost accumulated to reporting date. Provision for obsolete and slow moving stores, spares and loose tools is determined based on management estimate regarding their future usability.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 4.6 Stock-in-trade

Stock-in-trade is stated at the lower of cost and net realizable value, except waste which is valued at net realizable value. Stock-in-trade is valued on a weighted average basis. Cost of work-in-process and finished goods include cost of raw materials and appropriate portion of production overheads.

Net realizable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale.

### 4.7 Trade debts and other receivables and related impairment

These are classified at amortized cost and are initially recognised and measured at fair value of consideration receivable. The Company uses simplified approach for measuring the expected credit losses for all trade and other receivables including contract assets based on lifetime expected credit losses. The Company has estimated the credit losses using a provision matrix where trade receivables are grouped based on different customer attributes along with historical, current and forward looking assumptions. Debts considered irrecoverable are written off.

### 4.8 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash-in-hand and balances with banks, net of temporary overdrawn bank balances.

### 4.9 Impairment

#### (a) Financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Company applies the low credit risk simplification. At each reporting date, the Company evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Company reassesses the internal credit rating of the debt instrument. In addition, the Company considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Company's debt instruments at fair value through OCI comprise solely of quoted bonds that are graded in the top investment category (Very Good and Good) by the Good Credit Rating Agency and, therefore, are considered to be low credit risk investments. It is the Company's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Company uses the ratings from the Good Credit Rating Agency both to determine whether the debt instrument has significantly increased in credit risk and to estimate ECLs.

The Company considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or

external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### (b) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of provisions for impairment losses. If any indications exist, the recoverable amounts of such assets are estimated and impairment losses or reversals of impairment losses are recognized in the statement of profit or loss. Reversal of impairment loss is restricted to the original cost of the asset.

#### 4.10 Off-setting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle either on a net basis, or to realize the asset and settle the liability simultaneously.

#### 4.11 Financial liabilities

##### Initial recognition and measurement

Financial liabilities are recognized initially at amortized cost or fair value through profit or loss.

##### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

##### - Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses during the year are recognized in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Company has not designated any financial liability as at fair value through profit or loss.

##### - Financial liabilities at amortized cost

After initial recognition, trade and other payables, unclaimed dividend, bank overdrafts and interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective interest rate (EIR) method.

Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss.

##### Derecognition

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

#### 4.12 Government grants

Government grants are recognized when there is reasonable assurance that the grant will be received and all attached conditions shall be complied with. When the grant relates to an expense item, it is recognized as income on systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 4.13 Borrowings

These are recognized initially at fair value, net of transaction costs and are subsequently measured at amortized cost using the effective interest method. Difference between proceeds (net of transaction costs) and the redemption value is recognized in the profit or loss over the period of the borrowings as interest expense.

### 4.14 Employees' retirement benefits

#### (a) Defined contribution plan

The Company operates an approved contributory provident fund for its eligible permanent employees as per terms of employment for which contributions are charged to income for the year.

The Company and the employees make equal monthly contributions to the fund at the rate of 8.33% of basic salary. The assets of the fund are held separately under the control of trustees.

#### (b) Defined benefit plan

The Company operates an unfunded gratuity scheme for its eligible permanent employees as per terms of employment who have completed minimum qualifying period of service as defined under the scheme.

The cost of providing benefits is determined using the projected unit credit method, with actuarial valuation being carried out at each reporting date. The amount arising as a result of remeasurement are recognized in the statement of financial position immediately, with a charge or credit to other comprehensive income in the periods in which they occur.

The liability recognized in the statement of financial position in respect of defined benefit plan is the present value of defined benefit obligation at the end of reporting period.

The Company faces the following risks on account of calculation of provision for employees benefits:

#### - Salary increase / inflation risk:

The Gratuity Scheme is a defined benefit scheme with benefits based on last drawn salary. Therefore, the liabilities of the scheme are sensitive to the salary increases.

#### - Discount rate risk:

The risk of changes in discount rate may have an impact on the plan's liability.

#### - c) Mortality risk:

Actual mortality experience may be different than that assumed in the calculation.

#### - d) Withdrawal risk:

Actual withdrawals experience may be different from that assumed in the calculation.

### 4.15 Taxation

#### Current

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

#### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of all deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized. Deferred tax is calculated at the rates that are expected to apply for the year when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except in the case of items credited or charged to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

The Company assesses at each reporting date whether its income is subject to tax under the Final Tax Regime or normal provision of the Income Tax Ordinance, 2001. It considers turnover trend of last three years as well as expected pattern of taxation of future years in order to recognize deferred tax. Deferred tax is not recognized by the Company as it is under the Final Tax Regime.

No deferred tax has been recognized in these financial statements as the income of the company is subject to Final Tax Regime (FTR).

#### 4.16 Lease liability

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

##### Company as lessee

Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

##### Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, dismantling cost, initial direct costs incurred, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated on lease term or useful life of the right of use asset whichever is shorter. The right-of-use assets are also subject to impairment.

##### Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses implicit rates available in the lease agreements, however, in case the interest rate implicit in the lease is not readily determinable, the Company uses incremental borrowing rate at the lease commencement date.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### Company as lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss and other comprehensive income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

### Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term. During the year, the Company has recognized an amount of rent expense, in the statement of profit or loss, representing charge for short-term leases.

#### 4.17 Trade and other payables

Trade and other payables are recognized initially at cost, which is the fair value of consideration to be paid in the future for goods and services, whether or not billed to the Company. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are adjusted to the carrying amount of the respective liabilities.

#### 4.18 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the prevailing best estimate.

#### 4.19 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pakistan Rupees using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pakistan Rupees at the exchange rates prevailing at the reporting date. All arising exchange gains and losses are recognized in the statement of profit or loss.

#### 4.20 Impairment of non financial assets

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such indications exist, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment loss is recognized as expense in the statement of profit or loss.

#### 4.21 Derivative financial instruments

The Company designates derivative financial instruments as either cash flow hedge or fair value hedge.

##### a) Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The Company designates only the spot element of forward contracts as a hedging instrument. The forward element is recognized in OCI and accumulated in a separate component of equity under cost of capital reserve.

The amounts accumulated in OCI are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognized in OCI for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment for which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

#### b) Fair value hedges

The change in the fair value of a hedging instrument is recognized in the statement of profit or loss as other expense. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the statement of profit or loss as other expense.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. The EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss.

When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in profit or loss.

### 4.22 Revenue recognition

The Company's contracts with customers for the sale of goods generally include one performance obligation for both local and export sales i.e. provision of goods to the customers.

#### Sale of goods

- Local Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on dispatch of products from the mill.

- Export Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, dependent on the related inco-terms generally on date of bill of lading or delivery of the product to the port of destination.

#### Rendering of services

The Company provides garments stitching, yarn dyeing and fabric printing and processing services to local customers. These services are sold separately and the Company's contract with the customer for services constitute a single performance obligation.

Revenue from services is recognized at the point in time, generally on dispatch of the stitched / processed fabric / dyed yarn from the factory. There are no terms giving rise to variable consideration under the Company's contracts with its customers.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### Other sources of revenue

- Return on bank balances is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.
- Dividend income and entitlement of bonus shares are recognized when right to receive such dividend and bonus shares is established.
- Revenue against scrap sales is recognized when control is transferred to customer. Consideration is always received at the time of delivery.
- All other income items are recognized on accrual basis.

### 4.23 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of its commencing.

### 4.24 Dividend and appropriation to reserves

Dividend and other appropriations to reserves are recognized in the period in which they are approved.

### 4.25 Earnings per share - basic and diluted

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders of the Company and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

### 4.26 Related party transactions

All transactions with related parties are carried out by the Company on agreed terms. Nature of the related party relationship as well as information about the transactions and outstanding balances are disclosed in the relevant notes to the financial statements.

- 22.2.1** The Honorable Supreme Court of Pakistan (SCP) vide its judgement dated August 13, 2020 decided the appeal against the Company and declared the GIDC Act, 2015 to be constitutional and recoverable from the gas consumer. A review petition was filed against the judgement which was also dismissed. However, partial relief was granted and recovery period was extended to 48 months from 24 months. SCP in its detailed judgement stated that the cess under GIDC Act, 2015 is applicable only to those consumers of natural gas who on account of their industrial or commercial dealings had passed on GIDC burden to their end customers.

The Company has filed a civil suit before the Honorable Sindh High Court (SHC) on the grounds that Company has not passed on the impact of GIDC to end customers. SHC has granted stay order in the said suit and has restrained SNGPL & SSGCL from taking any coercive action against the Company.

The Company has recorded a liability for GIDC at its present value, by discounting future estimated cash flows using risk free rate of return.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

24.1.1 As disclosed in Note 22 of the financial statements, the Company has obtained loan from various banks during the preceding year under Temporary Economic Refinance Facility (TERF) Scheme for retirement of import documents of plant and machinery under LC facility. These carry mark-up at the rates ranges from 1.5% to 1.75%(SBP rate+bank spread) per annum and repayable in 32 equal quarterly instalments with a grace period of 24 months. These loans are carried at amortized cost with effective rate of 3 months KIBOR plus spread at the time of initial recognition of grant. The difference between cash received and present value of cash outflow upon initial recognition has been recognized as deferred grant in accordance with IAS 20 and is being amortised over the term of the loan.

### 25. STAFF RETIREMENT BENEFIT - Gratuity

The Company's obligation as per the latest actuarial valuation in respect of defined benefit gratuity plan is as follows:

## 25.6 Sensitivity analysis for actuarial assumptions

The sensitivity of the defined benefit obligation to changes in principal assumptions is:

|                             | Change in assumptions | Increase in assumption | Decrease in assumption |
|-----------------------------|-----------------------|------------------------|------------------------|
|                             |                       | ----- Rupees -----     |                        |
| Discount rate               | 1.00%                 | (430,470,865)          | 514,905,374            |
| Increase in future salaries | 1.00%                 | 514,893,988            | (430,465,577)          |

The sensitivity analysis are based on a change in an assumption while holding all other assumptions constants. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the gratuity liability recognized within the statement of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

25.7 Based on actuary's advice, the expected charge for the year ending June 30, 2024 amounts to Rs.258.635 million.

25.8 The weighted average duration of defined benefit obligation is 9 years.

#### 44. FINANCIAL RISK MANAGEMENT

##### 44.1 Financial risk factors

The Company has exposures to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk (including currency risk, interest rate risk and other price risk).

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's overall risk management program focuses on having cost effective funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

##### (a) Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. Credit risk mainly arises from investments, loans and advances, deposits, trade debts, other receivables and balances with banks.

The carrying amount of financial assets represents the maximum credit exposure. Out of total financial assets as mentioned in note.44.4, the financial assets exposed to credit risk aggregated to Rs.12,659.382 million as at June 30, 2023 (2022: Rs.13,710.796 million). Out of the total financial assets credit risk is concentrated mainly in investments in securities, trade debts and deposits with banks as they constitute 84% (2022: 88%) of the total financial assets. The maximum exposure to credit risk at the end of the reporting period is as follows:

|                              | 2023<br>Rupees        | 2022<br>Rupees        |
|------------------------------|-----------------------|-----------------------|
| Long term investments        | 2,626,899,683         | 3,355,855,120         |
| Long-term loans and advances | 247,836,567           | 292,698,547           |
| Long term deposits           | 90,960,692            | 87,931,092            |
| Trade debts                  | 6,657,937,970         | 5,698,512,133         |
| Loans and advances           | 96,963,740            | 91,016,236            |
| Trade deposits               | 18,014,999            | 31,325,000            |
| Short term investments       | 1,364,735,401         | 2,988,280,554         |
| Other receivables            | 1,143,647,774         | 1,068,382,772         |
| Bank balances                | 412,385,505           | 96,794,643            |
|                              | <b>12,659,382,331</b> | <b>13,710,796,097</b> |

To manage exposure to credit risk in respect of trade debts, management performs credit reviews taking into account the customer's financial position, past experience and other factors. An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for the Company various customer segments with similar loss patterns (i.e., by geographical region, product type and customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Export sales made to major customers are secured through letters of credit.

The maximum exposure to credit risk for trade debts at the reporting date by geographic region is as follows:

|          | 2023<br>Rupees       | 2022<br>Rupees       |
|----------|----------------------|----------------------|
| Domestic | 5,574,213,812        | 4,923,015,834        |
| Export   | 1,083,724,158        | 775,496,299          |
|          | <b>6,657,937,970</b> | <b>5,698,512,133</b> |

The majority of export debts of the Company are situated in Asia, Europe and North America.

Aging analysis of trade debtors is as follows:

|                | 2023<br>Rupees       | 2022<br>Rupees       |
|----------------|----------------------|----------------------|
| Not due        | 5,476,561,239        | 4,131,697,541        |
| 1 - 30 days    | 976,299,359          | 984,323,182          |
| 31 - 60 days   | 124,190,438          | 180,838,059          |
| 61 - 90 days   | 35,104,170           | 149,886,440          |
| 91 - 180 days  | 27,272,945           | 234,185,205          |
| 181 - 360 days | 18,509,819           | 17,581,706           |
|                | <b>6,657,937,970</b> | <b>5,698,512,133</b> |

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

Set out below is the information about the credit risk exposure on the Company's local trade receivables assets using a provision matrix:

|                                                  | Not due       | 1-30 days   | 31-60 days  | 61-90 days  | 91-180 days | 181-360 days | 361 days or more |

| Expected credit loss rate                        | 0.33%         | 0.18%       | 0.07%       | 0.05%       | 5%          | 99%          | 100%             |

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and all exports are covered by letters of credit or other forms of credit insurance obtained from reputable banks.

The credit quality of the Company's bank balances can be assessed with reference to the external credit ratings as follows:

| Name of Bank                                     | Rating     |           |         |
|--------------------------------------------------|------------|-----------|---------|
|                                                  | short term | long term | agency  |
| MCB Bank Limited                                 | A1+        | AAA       | PACRA   |
| National Bank of Pakistan                        | A1+        | AAA       | PACRA   |

| Pak China Investment<br>Company Private Limited  | A1+        | AAA       | JCR-VIS |

The credit risk in respect of investments is also limited as such investee companies enjoy reasonably high credit rating.

## (b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below analysis the Company's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows:

|                            | Carrying amount | Contractual cash flows | Less than 1 year | Between 1 to 5 years | More than 5 years |
|----------------------------|-----------------|------------------------|------------------|----------------------|-------------------|
| ----- Rupees -----         |                 |                        |                  |                      |                   |
| June 30, 2023              |                 |                        |                  |                      |                   |
| Long term loans            | 19,760,581,758  | 30,587,920,382         | 4,990,743,721    | 19,798,693,404       | 5,798,483,257     |

| GIDC payable               | 950,772,005     | 995,182,870            | 725,654,176      | 269,528,694          | -                 |
|                            | 40,578,998,764  | 45,036,249,265         | 26,677,383,270   | 14,787,823,315       | 3,571,042,680     |

The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up / interest rates effective at the respective year-ends. The rates of mark-up / interest have been disclosed in the respective notes to these financial statements.

## (c) Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

### (i) Currency risk

Currency risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

The Company is exposed to currency risk on import of raw materials, stores & spare parts, plant & machinery, export of goods and foreign currency bank accounts mainly denominated in U.S. Dollar, Euro, Japanese Yen and Swiss Frank. The Company's exposure to foreign currency risk for U.S. Dollar, Euro, Japanese Yen (JPY), and Swiss Frank (CHF) is as follows:

| For the year ended June 30, 2023     | Rupees               | U.S.\$             | Euro             | JPY            | CHF           |

The following significant exchange rates have been applied:

|                       | Average rate at reporting date |        | Reporting date rate |                 |
|-----------------------|--------------------------------|--------|---------------------|-----------------|
|                       | 2023                           | 2022   | 2023                | 2022            |
| U.S. Dollar to Rupee  | 286.15                         | 205.75 | 286.40 / 285.90     | 206.00 / 205.50 |
| Euro to Rupee         | 312.61                         | 215.49 | 312.88 / 312.33     | 215.75 / 215.23 |
| Japanese Yen to Rupee | 1.9785                         | 1.5065 | 1.9802 / 1.9767     | 1.5083 / 1.5047 |
| Swiss Frank to Rupee  | 319.19                         | 215.70 | 319.47 / 318.91     | 215.96 / 215.43 |

At June 30, 2023, if Rupee had strengthened by 10% against US Dollar, Euro and CHF with all other variables held constant, profit for the year would have been higher / (lower) by the amount shown below mainly as a result of net foreign exchange gain / (loss) on translation of financial assets and liabilities.

|                                | 2023<br>Rupees      | 2022<br>Rupees      |
|--------------------------------|---------------------|---------------------|
| Effect on profit for the year: |                     |                     |
| U.S. Dollar to Rupee           | (52,924,636)        | (78,970,794)        |
| Euro to Rupee                  | (9,153,049)         | (3,837,077)         |
|                                | <b>(62,077,685)</b> | <b>(82,807,871)</b> |

The sensitivity analysis is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

## (ii) Interest rate risk

Interest rate risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of change in market interest rates.

Majority of the interest rate risk of the Company arises from long & short term borrowings from banks and deposits with banks. At the reporting date the profile of the Company's interest bearing financial instruments is as follows:

|                                  | 2023                   | 2022             | 2023                    | 2022           |
|----------------------------------|------------------------|------------------|-------------------------|----------------|
|                                  | --- Effective rate --- |                  | --- Carrying amount --- |                |
|                                  | %                      | %                | --- Rupees ---          |                |
| <b>Fixed rate instruments</b>    |                        |                  |                         |                |
| <b>Financial assets</b>          |                        |                  |                         |                |
| Saving accounts                  | 12.74% to 20.16%       | 5.50% to 12.25%  | 2,404,710               | 1,839,380      |
| <b>Financial liabilities</b>     |                        |                  |                         |                |
| Long term finances               | 1.50% to 6.00%         | 0.6% to 6.5%     | 10,173,241,202          | 11,233,084,252 |
| Short term borrowings            | 2.75% to 18.00%        | 2.25% to 7.50%   | 3,047,970,662           | 5,240,617,814  |
| <b>Variable rate instruments</b> |                        |                  |                         |                |
| <b>Financial liabilities</b>     |                        |                  |                         |                |
| Long term finances               | 15.03% to 23.09%       | 7.50% to 15.28%  | 9,587,340,556           | 5,974,942,642  |
| Short term borrowings            | 14.31% to 22.59%       | 12.14% to 15.31% | 12,941,785,945          | 11,702,613,381 |

At June 30, 2023, if the interest rate on the Company's variable rate borrowings had been higher / (lower) by 1% with all other variables held constant, profit before tax for the year would have been (lower) / higher by Rs.225.291 million (2022: Rs.176.776 million) mainly as a result of higher / (lower) interest expense.

The sensitivity analysis is not necessarily indicative of the effects on profit for the year and liabilities of the Company.

## (iii) Other price risk

Other price risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors effecting all similar financial instruments traded in the market.

The Company's investments in ordinary shares and certificates of listed companies aggregating to Rs.3,982.156 million (2022: Rs.6,184.656 million) are exposed to price risk due to changes in market price.

At June 30, 2023, if market value had been 10% higher / lower with all other variables held constant other comprehensive income for the period / year would have higher / (lower) by Rs.398.216 million (2022: Rs.618.466 million).

The sensitivity analysis is not necessarily indicative of the effects on equity / investments of the Company.

## 44.2 Fair value measurement of financial instruments

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operation or to undertake a transaction on adverse terms.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities [Level 1].

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) [Level 2].
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) [Level 3].

The Company's financial assets measured at fair value consists of level 1 financial assets amounting to Rs.3,982.156 million (2022: Rs.6,184.656 million). The carrying values of other financial assets and liabilities reflected in the financial statements approximate their fair values.

### Valuation techniques used to determine fair values

**Level 1:** The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. These instruments are included in Level 1.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity-specific estimates. If all significant inputs required to measure the fair value of an instrument are observable, the instrument is included in Level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

### 44.3 Capital risk management

The Company's objective when managing capital are to ensure the Company's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Company may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. It is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (long term finances and short term borrowings as shown in the statement of financial position) less cash and bank balances. Total equity includes all capital and reserves of the Company that are managed as capital. Total capital is calculated as equity as shown in the statement of financial position plus net debt.

|                                  | 2023<br>Rupees | 2022<br>Rupees |
|----------------------------------|----------------|----------------|
| Total borrowings                 | 37,142,949,466 | 35,603,316,608 |
| Less: cash and bank balances     | 413,088,085    | 98,630,045     |
| Net debt                         | 36,729,861,381 | 35,504,686,563 |
| Total equity                     | 28,238,454,384 | 26,109,672,833 |
| Total capital including net debt | 64,968,315,765 | 61,614,359,396 |
| Gearing ratio                    | 57%            | 58%            |

#### 44.4 Financial instruments by category

|                                                         | As at June 30, 2023 |                           |                |

# **INDEPENDENT AUDITOR'S REPORT**

## **To the Members of Sapphire Textile Mills Limited**

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the annexed consolidated financial statements of Sapphire Textile Mills Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at June 30, 2023, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| Sr. No. | Key audit matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | How the matter was addressed in our audit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1       | <p><b>Capital expenditures</b></p> <p>Refer note 6 to the financial statements.</p> <p>The Group continued to invest in capital projects with significant capital expenditure incurred during the year ended June 30, 2023. The significant level of capital expenditure requires consideration of the nature of the costs incurred to ensure that their capitalization in property, plant and equipment meets the specific recognition criteria as per the Group's accounting policy.</p> <p>Further, determining which costs meet the criteria for capitalisation, capitalisation of borrowing costs and related expenses and the estimation of economic useful lives and residual values assigned to property, plant and equipment are the areas where management judgement is involved.</p> <p>For these reasons we considered it to be a key audit matter.</p> | <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the design and implementation of management controls over capitalisation and performed tests of controls over authorization of capital expenditure and accuracy of its recording in the system.</li> <li>• Assessed, on a sample basis, costs capitalized during the year by comparing the costs capitalised with the relevant underlying documentation, which included purchase agreements and invoices.</li> <li>• Assessed whether the costs capitalized met the relevant criteria for capitalization as per the applicable financial reporting framework.</li> <li>• Visited the mills where significant capital projects are ongoing to understand the nature of the projects.</li> <li>• Checked the date of transferring capital work-in-progress to operating fixed assets by examining the completion certificates, on a sample basis.</li> <li>• Reviewed the minutes of the meetings of the Board of Directors and Audit Committees to evaluate the completeness of management's consideration of any events that warranted changes to the useful economic lives.</li> <li>• The adequacy of the disclosures presented in the consolidated financial statements regarding property, plant and equipment was also assessed, based on the applicable accounting standards and requirements of Companies Act, 2017.</li> </ul> |

| Sr. No. | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | How the matter was addressed in our audit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2       | <p><b>Valuation of stock-in-trade</b></p> <p>The total value of stock in trade as at the reporting date amounted to Rs.30.544 billion. Stock in trade as at reporting date included raw material and finished goods. Refer note 15 to the consolidated financial statements.</p> <p>The valuation of finished goods at cost has different components, which includes judgment and assumptions in relation to the allocation of labour and other various overheads which are incurred in bringing the inventories to its present location and conditions. Judgement has also been exercised by the management in determining the net realisable value (NRV) of raw material and finished goods and in determining the appropriate value of slow moving and obsolete stocks.</p> <p>We identified this matter as key in our audit due to the judgement and assumption applied by the Company in determining the cost and NRV of stock in trade at the year-end.</p> | <p>We assessed the appropriateness of management assumptions applied in calculating the value of stock in trade and validated the valuation by taking following steps:</p> <ul style="list-style-type: none"> <li>• Assessed whether the Group's accounting policy for inventory valuation is in line with the applicable financial reporting standards.</li> <li>• Attended the inventory count at the year-end and reconciled the physical inventory with the inventory lists provided to ensure the completeness of the data.</li> <li>• Assessed the historical costs recorded in the inventory valuation by checking purchase invoices on sample basis.</li> <li>• Tested the reasonability of assumptions applied by the management in the allocation of labour and other various overhead costs to the inventories.</li> <li>• Assessed the management determination of NRV of raw material thereon by performing tests on the subsequent purchase price.</li> <li>• Tested the cost of inventories for finished goods and performed NRV test to assess whether the cost of inventories exceeds their NRV, calculated by detailed review of subsequent sales invoices.</li> </ul> <p>We reviewed the Group's disclosure in the consolidated financial statement in respect of stock in trade.</p> |
| 3       | <p><b>Revenue recognition</b></p> <p>The principal activity of the Group is to manufacture and sale of yarn, fabrics, clothing, home textile products and electricity. Revenue from sale of goods is recognised as or when performance obligations are satisfied by transferring control of promised goods to customer, and control is transferred at a point in time. Revenue is measured at fair value of the consideration received or receivable and the payment is typically due on the satisfaction of performance obligation.</p> <p>We considered revenue recognition as a key audit matter due to revenue being one of the key performance indicators of the Group and due to the reason that revenue increased significantly as compared to last year. In addition, revenue was also considered as an area of significant audit risk as part of the audit process.</p>                                                                                  | <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>• Assessed the design, implementation and operating effectiveness of the key internal controls involved in revenue recognition.</li> <li>• Performed testing of revenue transactions on a sample basis with underlying documentation including dispatch documents and sales invoices.</li> <li>• Tested on a sample basis, specific revenue transactions recorded before and after the reporting date with underlying documentation to assess whether revenue was recognised in the correct period.</li> <li>• Performed audit procedures to analyse variation in the price and quantity sold during the year.</li> <li>• Performed recalculations of discounts as per the Group's policy on test basis.</li> <li>• Performed recalculations of discounts as per the Group's policy on test basis.</li> <li>• Understood and evaluated the accounting policy with respect to revenue recognition.</li> </ul>                                                                                                                                                                                                                                                                                                  |

## Information Other than the Financial Statements and Auditors' Report thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Group's financial reporting process.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matter

The consolidated financial statements for the Group for the year ended June 30, 2022 were audited by another firm of chartered accountants who expressed unmodified opinion on those financial statements on October 03, 2022.

The Engagement partner on the audit resulting in this independent auditors' report is Osman Hameed Chaudhri.

During the current year, Sapphire Real Estate (Private) Limited has made further investment in the Company and currently holds 65% shareholding of the Company. Sapphire Real Estate (Private) Limited is wholly owned subsidiary of Sapphire Textile Mills Limited. The principal business of the Company is marketing and development of real estate projects.
- (ix) Designtex (SMC-Private) Limited was incorporated in Pakistan on 6 February 2020 as a single member Private Company and is wholly owned subsidiary of Sapphire Retail Limited. The Company is principally engaged in manufacturing of textile and ancillary products. The head office of the Company is located at 1.5KM, Defence Road, Bhohtian Chowk, Off Raiwind Road, Lahore.

## 2. BASIS OF PREPARATION

### 2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from the IFRS Standards, the provisions of and directives issued under the Act have been followed.

### 2.2 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention, except for investment valued at fair value, derivative financial instruments which have been marked to market and staff retirement benefit - gratuity which is stated at present value of defined benefit obligation.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 2.3 Functional and presentation currency

These consolidated financial statements are presented in Pakistani Rupees, which is the Group's functional currency. All financial information presented in Pakistani Rupees has been rounded to the nearest rupees unless otherwise specified.

### 2.4 Initial application of standards, amendments or interpretations to existing standards

#### 2.4.1 Standards, amendments and interpretations to accounting and reporting standards that became effective during the year

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of the previous financial year, except for change resulted due to adoption of amendments to accounting standards. The below mentioned amendments to approved accounting standards are effective for the financial year beginning on July 01, 2022 and have been adopted by the Group:

##### (a) IAS 37 Provisions, Contingent Liabilities and Contingent Assets

Under IAS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations – i.e. the lower of the costs of fulfilling the contract and the costs of terminating it – outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs – e.g. direct labour and materials and an allocation of other direct costs – e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract.

##### (b) IAS 16 Property, Plant and Equipment

Amendment to IAS 16 (regarding proceeds before an asset's intended use) prohibit a Group from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Group is preparing the asset for its intended use. Instead, a Group will recognise such sales proceeds and related cost in profit or loss. The amendments apply retrospectively, but only to items of PPE made available for use on or after the beginning of the earliest period presented in the financial statements in which the Group first applies the amendments.

The adoption of the above amendments to accounting standards did not have any material effect on the financial statements of the Group.

#### 2.4.2 Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Group

The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2022 and have not been early adopted by the Group:

##### (a) IAS 1 Presentation of Financial Statements

Effective: January 01, 2024

The amendments clarify how to classify a debt and other liabilities as current or non-current. The IASB issued amendments to IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify the following:

- what is meant by a right to defer settlement;
- that a right to defer must exist at the end of the reporting year;
- that classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months.

##### (b) IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors Effective: January 01, 2023

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement

uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a Group develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the Group applies the amendments.

**(c) IAS 1 Presentation of Financial Statements**

**Effective: January 01, 2023**

Amendments to IAS 1, 'Presentation of Financial Statements' includes requiring companies to disclose their material accounting policies rather than their significant accounting policies, clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed and also clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a Group's financial statements.

The Group has assessed that the impact of above amendments is not expected to be significant.

There are number of other standards, amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Group and therefore, have not been presented here.

**2.5 Exemption from applicability of certain interpretations to standards for Power Sector Companies**

- (a)** SECP through SRO 986(I)/2019 dated 02 December 2019 has granted exemption from the requirements of IFRS 16 'Leases' to all companies that have executed their power purchase agreements before 01 January, 2019. Under IFRS 16, the consideration required to be made by the lessee for the right to use the asset is to be accounted for as a lease under IFRS 16, 'Leases'. Consequently, TBCL and SWPL (Subsidiary Companies) wind power plants' control due to purchase of total output by CPPA-G appears to fall under the scope of IFRS 16. Consequently, if the Group were to follow IFRS 16, the effect on the financial statements would be as follows:

|                                                                          | 2023<br>Rupees       | 2022<br>Rupees     |
|--------------------------------------------------------------------------|----------------------|--------------------|
| De-recognition of property, plant and equipment                          | (38,215,668,661)     | (39,185,861,303)   |
| De-recognition of trade debts                                            | (2,158,804,075)      | (2,716,570,929)    |
| Recognition of lease debtor                                              | 40,214,648,739       | 42,695,751,310     |
|                                                                          | <b>(159,823,997)</b> | <b>793,319,078</b> |
| Decrease in un-appropriated profit at the - beginning of the year        | 793,319,078          | 659,348,460        |
| (Increase) / decrease in profit for the year                             | (953,143,075)        | 133,970,618        |
| (Increase) / decrease in un-appropriated - profit at the end of the year | <b>(159,823,997)</b> | <b>793,319,078</b> |

- (b)** In respect of companies holding financial assets due from the Government of Pakistan, SECP through SRO 985(I)/2019 dated 02 December 2019 has notified that the requirements contained in IFRS 9 with respect to application of Expected Credit Losses method shall not be applicable till 30 June 2023 and that such companies shall follow relevant requirements of IAS 39 in respect of above referred financial assets during the exemption period. Accordingly, the TBCL and SWPCL (Subsidiaries companies) have not followed the requirements of IFRS 9 with respect to application of Expected Credit Losses in respect of trade debts and other receivables due from CPPA-G.

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS**

The preparation of consolidated financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amount of assets, liabilities, income and expenses. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. Judgments, estimates and assumptions made by the management that may have a significant risk of material adjustments to the financial statements in the subsequent years are as follows:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### (a) Property, plant and equipment

The Group reviews appropriateness of the rates of depreciation, useful lives and residual values for calculation of depreciation on an on-going basis. Further, where applicable, an estimate of recoverable amount of asset is made if indicators of impairment are identified.

### (b) Stores & spares and stock-in-trade

The Group estimates the net realizable value of stores & spares and stock-in-trade to assess any diminution in the respective carrying values. Net realizable value is determined with reference to estimated selling price less estimated expenditure to make sale.

### (c) Provision for impairment of trade debts

Impairment losses related to trade and other receivables, are calculated using simplified approach of expected credit loss model. Management used actual credit loss experience over past years for the calculation of expected credit loss. Trade and other receivables are written off when there is no reasonable expectation of recovery.

### (d) Staff retirement benefits - gratuity

The present value of this obligation depends on a number of factors that is determined on actuarial basis using a number of assumptions. Any change in these assumptions will impact carrying amount of this obligation. The present value of the obligation and underlying assumptions are stated in note 28.

### (e) Income taxes

In making the estimates for income taxes, the Group takes into account the current income tax laws and decisions taken by appellate authorities on certain issues in the past. There may be various matters where the Group's view differs with the view taken by the income tax department at the assessment stage and where the Group considers that its view on items of a material nature is in accordance with the law. The difference between the potential and actual tax charge, if any, is disclosed as a contingent liability.

## 4. BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at 30 June 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line

with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

## 5. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

### 5.1 Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, which is measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects to measure the non-controlling (NCI) interests in the acquiree at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in administrative expenses.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the December 31, aration of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments, is measured at fair value with the changes in fair value recognized in the statement of profit or loss in accordance with IFRS 9. Other contingent consideration that is not within the scope of IFRS 9 is measured at fair value at each reporting date with changes in fair value recognized in profit or loss.

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognized at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognized in profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash-generating unit (CGU) and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

### 5.2 Property, plant and equipment

#### 5.2.1 Owned assets

Property, plant and equipment except for freehold land, leasehold land and capital work in progress are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land, leasehold land and capital work in progress are stated at cost. Cost of property, plant and equipment consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable cost of bringing the asset to working condition.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### Subsequent costs

Subsequent costs are included in the asset's carrying amounts or recognized as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Normal repairs and maintenance are charged to expenses as and when incurred.

### Depreciation

Depreciation is charged to income on the reducing balance method except to the effect that straight line method is used for assets of SWPCL and TBCL at rates stated in note 6.1. Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which asset is disposed-off.

The depreciation method and useful lives of items of operating fixed assets are reviewed periodically and altered if circumstances or expectations have changed significantly. Any change is accounted for as a change in accounting estimate by changing depreciation charge for the current and future periods.

Residual values and useful lives are reviewed, at each reporting date, and adjusted if impact on depreciation is significant.

### Disposal

Gains or losses on disposal or retirement of fixed assets are determined as the difference between the sale proceeds and the carrying amount of assets and are included in the statement of profit or loss.

### Impairment

The Group assesses at each reporting date whether there is any indication that operating fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment charge is recognized in income currently.

### Un-allocated capital expenditure

All costs or expenditures attributable to work in progress are capitalized and apportioned to the respective items of property, plant and equipment on completion.

## 5.2.2 Capital work-in-progress

Capital work-in-progress is stated at cost accumulated up to the statement of financial position date less accumulated impairment losses, if any. Capital work-in-progress is recognized as an operating fixed asset when it is made available for intended use.

## 5.2.3 Right-of-use assets

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

### Depreciation of right-of-use asset

The right-of-use assets are depreciated over the lease term on the expected pattern of consumption of future economic benefits. The carrying amount of the right-of-use asset is reduced by impairment losses, if any. At transition, the Group recognised right of use assets equal to the present value of lease payments.

## 5.2.4 Major spare parts and stand-by equipment

Major spare parts and stand-by equipment qualify as property, plant and equipment when an entity expects to use them during more than one year. Transfers are made to relevant operating assets category as and when such items are available for use.

### 5.3 Investment property

Property held for capital appreciation and rental yield, which is not in the use of the Group is classified as investment property. Investment property comprises of land. The Group has adopted cost model for its investment property using the same basis as disclosed for measurement of the Group's owned assets.

### 5.4 Intangible assets

Intangible assets (including computer software) acquired by the Group are stated at cost less accumulated amortization and impairment losses, if any.

#### Subsequent expenditure

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are expensed as incurred.

#### Amortization

Amortization is charged to statement of profit or loss on straight line basis over a period of five years. Amortization on addition is charged from the date the asset is put to use while no amortization is charged from the date the asset is disposed off.

### 5.5 Financial assets

#### Initial measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost or fair value through other comprehensive income (FVTOCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15, Revenue from Contracts with Customers.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

#### Subsequent Measurement

##### - Equity Instruments at FVTOCI

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. The Group transfers the gain/loss on investments disposed off to unappropriated profit within equity. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

Based on business model, the Group elected to classify its equity investments except for the investment in subsidiaries and associates as Investment at FVTOCI.

### - Debt Instruments at FVTOCI

The Group measures financial assets at fair value through OCI if both of the following conditions are met and is not designated as at FVTPL:

- (i) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling, and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss. However, the Group has no such instrument at the statement of financial position date.

### - Debt Instruments at FVTPL

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

This category includes derivative instruments and listed equity investments for which the Group has not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognized as other income in the statement of profit or loss when the right of payment has been established.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

### - Financial Assets measured at amortised cost

The Group measures financial assets at amortized cost if both of the following conditions are met:

- (i) The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the EIR method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes long term deposits, trade debts, loan to employees, trade deposits and other receivables.

### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized (i.e., removed from the Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

## 5.6 Investment in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in its associate are accounted for using the equity method.

Under the equity method, the investment in an associate is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate since the acquisition date.

The statement of profit or loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

The aggregate of the Group's share of profit or loss of an associate is shown on the face of the statement of profit or loss outside operating profit and represents profit or loss after tax and non-controlling interests in the subsidiaries of the associate.

The financial statements of the associate are prepared for the same reporting period as the Group except for Creadore A/S. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its associate. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value,

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

and then recognizes the loss within 'Share of profit of an associate' in the statement of profit or loss.

Upon loss of significant influence over the associate, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

The financial statements of foreign associate of which the functional currency is different from that used in preparing the Group's consolidated financial statements are translated in functional currency of the Group. Statement of financial position items are translated at the exchange rate at the reporting date and the statement of profit or loss items are converted at the average rate for the period. Any resulting translation differences are recognized under exchange difference on translating foreign operation in consolidated reserves.

### 5.7 Stores, spare and loose tools

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment, if any. Items in transit are valued at cost accumulated to reporting date. Provision for obsolete and slow moving stores, spares and loose tools is determined based on management estimate regarding their future usability.

### 5.8 Stock-in-trade

Stock-in-trade is stated at the lower of cost and net realizable value, except waste which is valued at net realizable value. Stock-in-trade is valued on a weighted average basis. Cost of work-in-process and finished goods include cost of raw materials and appropriate portion of production overheads.

Net realizable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale.

### 5.9 Trade debts and other receivables and related impairment

These are classified at amortized cost and are initially recognised and measured at fair value of consideration receivable. The Group uses simplified approach for measuring the expected credit losses for all trade and other receivables including contract assets based on lifetime expected credit losses. The Group has estimated the credit losses using a provision matrix where trade receivables are grouped based on different customer attributes along with historical, current and forward looking assumptions. Debts considered irrecoverable are written off.

### 5.10 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash-in-hand and balances with banks, net of temporary overdrawn bank balances.

### 5.11 Impairment

#### (a) Financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at

each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Group applies the low credit risk simplification. At each reporting date, the Group evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the internal credit rating of the debt instrument. In addition, the Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Group's debt instruments at fair value through OCI comprise solely of quoted bonds that are graded in the top investment category (Very Good and Good) by the Good Credit Rating Agency and, therefore, are considered to be low credit risk investments. It is the Group's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Group uses the ratings from the Good Credit Rating Agency both to determine whether the debt instrument has significantly increased in credit risk and to estimate ECLs.

The Group considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### (b) Non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of provisions for impairment losses. If any indications exist, the recoverable amounts of such assets are estimated and impairment losses or reversals of impairment losses are recognized in the statement of profit or loss. Reversal of impairment loss is restricted to the original cost of the asset.

### 5.12 Off-setting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle either on a net basis, or to realize the asset and settle the liability simultaneously.

### 5.13 Financial liabilities

#### Initial recognition and measurement

Financial liabilities are recognized initially at amortized cost or fair value through profit or loss.

#### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

#### - Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses during the year are recognized in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### - Financial liabilities at amortized cost

After initial recognition, trade and other payables, unclaimed dividend, bank overdrafts and interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective interest rate (EIR) method.

Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss.

### Derecognition

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

### 5.14 Government grants

Government grants are recognized when there is reasonable assurance that the grant will be received and all attached conditions shall be complied with. When the grant relates to an expense item, it is recognized as income on systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

### 5.15 Borrowings

These are recognized initially at fair value, net of transaction costs and are subsequently measured at amortized cost using the effective interest method. Difference between proceeds (net of transaction costs) and the redemption value is recognized in the profit or loss over the period of the borrowings as interest expense.

### 5.16 Employees' benefits

#### (a) Compensated absences

The Group accounts for all accumulated compensated absences in the period in which absences accrue.

#### (b) Defined contribution plan

The Group operates an approved contributory provident fund for its eligible permanent employees as per terms of employment for which contributions are charged to income for the year.

The Group and the employees make equal monthly contributions to the fund at the rate of 8.33% of basic salary. The assets of the fund are held separately under the control of trustees.

#### (c) Defined benefit plan

The Group operates an unfunded gratuity scheme for its eligible permanent employees as per terms of employment who have completed minimum qualifying period of service as defined under the scheme.

The cost of providing benefits is determined using the projected unit credit method, with actuarial valuation being carried out at each reporting date. The amount arising as a result of remeasurement are recognized in the statement of financial position immediately, with a charge or credit to other comprehensive income in the periods in which they occur.

The liability recognized in the statement of financial position in respect of defined benefit plan is the present value of defined benefit obligation at the end of reporting period.

The Group faces the following risks on account of calculation of provision for employees benefits:

#### a) Salary increase / inflation risk:

The Gratuity Scheme is a defined benefit scheme with benefits based on last drawn salary. Therefore, the liabilities of the scheme are sensitive to the salary increases.

- **b) Discount rate risk:**  
The risk of changes in discount rate may have an impact on the plan's liability.
- **c) Mortality risk:**  
Actual mortality experience maybe different than that assumed in the calculation.
- **d) Withdrawal risk:**  
Actual withdrawals experience may different from that assumed in the calculation.

## 5.17 Taxation

### Current

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

The profits and gains of the Subsidiary companies - Sapphire Wind Power Group Limited (SWPCL) and Tricon Boston Consulting Corporation (Private) Limited derived from electric power generation are exempt from tax in terms of Clause (132) of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the conditions and limitations provided therein.

Under clause (11A) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, the subsidiary companies (SWPCL & TBCL) are also exempt from levy of minimum tax on 'turnover' under section 113 of the Income Tax Ordinance, 2001. However, full provision is made in the statement of profit or loss on income from sources not covered under the above clauses at current rates of taxation after taking into account, tax credits and rebates available, if any.

### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of all deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized. Deferred tax is calculated at the rates that are expected to apply for the year when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except in the case of items credited or charged to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

The Holding Company assesses at each reporting date whether its income is subject to tax under the Final Tax Regime or normal provision of the Income Tax Ordinance, 2001. It considers turnover trend of last three years as well as expected pattern of taxation of future years in order to recognize deferred tax.

No deferred tax has been recognized in these financial statements as the income of the Holding Company is subject to Final Tax Regime (FTR).

## 5.18 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### Group as lessee

Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, dismantling cost, initial direct costs incurred, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated on lease term or useful life of the right of use asset whichever is shorter. The right-of-use assets are also subject to impairment.

### Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses implicit rates available in the lease agreements, however, in case the interest rate implicit in the lease is not readily determinable, the Group uses incremental borrowing rate at the lease commencement date.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

### Group as lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss and other comprehensive income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term. During the year, the Group has recognized an amount of rent expense, in the statement of profit or loss, representing charge for short-term leases.

### 5.19 Trade and other payables

Trade and other payables are recognized initially at cost, which is the fair value of consideration to be paid in the future for goods and services, whether or not billed to the Group. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are adjusted to the carrying amount of the respective liabilities.

### 5.20 Provisions

Provisions are recognized when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the prevailing best estimate.

### 5.21 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pakistani Rupees using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pakistani Rupees at the exchange rates prevailing at the reporting date. All arising exchange gains and losses are recognized in the statement of profit or loss.

For the Group's companies in power sector, foreign exchange gains and losses resulting from the settlement and translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are capitalized in property, plant and equipment in accordance with SRO 986(I)/2019 dated 02 December 2019 (previously SRO 24(I)/2012) of the SECP. Accordingly, the exchange differences of the Group's Power Sector subsidiaries have been capitalized.

### 5.22 Impairment of non financial assets

The carrying amount of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such indications exist, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment loss is recognized as expense in the statement of profit or loss.

### 5.23 Derivative financial instruments

The Group designates derivative financial instruments as either cash flow hedge or fair value hedge.

#### a) Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The Group designates only the spot element of forward contracts as a hedging instrument. The forward element is recognized in OCI and accumulated in a separate component of equity under cost of capital reserve.

The amounts accumulated in OCI are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognized in OCI for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment for which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### b) Fair value hedges

The change in the fair value of a hedging instrument is recognized in the statement of profit or loss as other expense. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the statement of profit or loss as other expense.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. The EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss.

When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in profit or loss.

### 5.24 Revenue recognition

The Group's contracts with customers for the sale of goods generally include one performance obligation for both local and export sales i.e. provision of goods to the customers.

#### Sale of goods

- Local Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on dispatch of products from the mill.

- Export Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, dependent on the related inco-terms generally on date of bill of lading or delivery of the product to the port of destination.

- Sale of electricity

Revenue on account of energy is recognised on electricity output delivered to CPPA-G whereas on account of Non-Project Missed Volume is recognised when the event has occurred in terms of the EPA and underlying data is available. Both are recognised at the rates specified under the EPA. Delayed payment markup on amounts due under the EPA is accrued on a time proportion basis by reference to the amount outstanding and the applicable rate of return under the EPA. Invoices are generally raised on a monthly basis and are due after 30 days from acknowledgement by CPPA-G.

#### Rendering of services

The Group provides garments stitching, yarn dyeing and fabric processing services to local customers. These services are sold separately and the Group's contract with the customer for services constitute a single performance obligation.

Revenue from services is recognized at the point in time, generally on dispatch of the stitched/processed fabric / dyed yarn from the factory. There are no terms giving rise to variable consideration under the Group's contracts with its customers.

#### Other sources of revenue

- Return on bank balances is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.
- Dividend income and entitlement of bonus shares are recognized when right to receive such dividend and bonus shares is established.
- Revenue against scrap sales is recognized when control is transferred to customer. Consideration is always received at the time of delivery.
- All other income items are recognized on accrual basis.

## 5.25 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of its commencing.

## 5.26 Dividend and appropriation to reserves

Dividend and other appropriations to reserves are recognized in the period in which they are approved.

## 5.27 Earnings per share - basic and diluted

The Group presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders of the Group and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

## 5.28 Segment reporting

Segment reporting is based on the operating business segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the Group's other component. An operating segment's operating results are reviewed by the CEO to make decisions about resources to be allocated to the segment and assess its performance for which discrete financial information is available.

Segment results that are reported to the CEO includes items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, income tax assets, liabilities and related income and expenditure. Segment assets consist primarily of property, plant and equipment, inventories, trade debts, loans and advances and cash and bank balances. Segment liabilities comprise of operating liabilities and exclude items such as taxation and corporate payables.

The business segments are engaged in providing products and services which are subject to risks and rewards which differ from the risk and reward of other segment, segments reported are Spinning, Weaving, Processing, Printing, Home textile products, Textile retail and Power generation which also reflects the management structure of Group.

## 5.29 Related party transactions

All transactions with related parties are carried out by the Group on agreed terms. Nature of the related party relationship as well as information about the transactions and outstanding balances are disclosed in the relevant notes to the financial statements.

|                                          | Note | 2023<br>Rupees        | (Restated)<br>2022<br>Rupees |

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### 6.2.4 Prior year error

On July 1, 2021, Sapphire Retail Limited - SRL (Subsidiary Company) entered into a new lease agreement with its existing lessor, simultaneously terminating the previous contract. However, unintentionally, the entity failed to terminate the old lease liability and right-of-use asset and did not record the lease in accordance with the terms of the new agreement. It came to the attention of the SRL's management during the current year that these omissions had occurred. Consequently, the SRL's management made the decision to rectify this by restating the relevant figures and making adjustments in the prior year financial statements. As a result, in the current year, adjustments were made to restate the old lease liability and right-of-use asset and properly record the new lease according to the revised agreement as per the requirements of IFRS 16.

The effects of restatement are as follows:

| Alternative corporate tax                             |      | -                  | 23,481,649        |
| Unrealized (gain) / loss on inventory                 |      | (26,413,456)       | 19,457,484        |
|                                                       |      | <b>102,668,565</b> | <b>92,821,774</b> |

13.1 The temporary differences associated with investments in the Group's associates, for which a deferred tax liability has not been recognised in the periods presented, aggregate to Rs.289.217 million (2022: Rs.143.940 million). The Group has determined that the undistributed profits of its associates will not be distributed in the foreseeable future. Furthermore, the Group has also no intention to sell the investments in its associate in the foreseeable future. Hence, there are no income tax consequences attached to the payment of dividends in either 2023 or 2022 by the Group to its shareholders.

13.2 In view of applicability of presumptive tax regime on taxable income for the current and previous tax year and expected pattern of chargeability of Holding Company's income to tax in the same manner, deferred tax liability has been reversed in the financial statements.

13.3 The income of power generation companies of the Group is exempt from taxation. Therefore, there is no deferred tax liability in respect of these companies.

13.4 There are no taxable or deductible temporary differences in case of Sapphire International APS assets or liabilities.

**25.1.3.1** This represents long term finance facility of USD 237.60 million obtained from International Finance Corporation (IFC), Asian Development Bank (ADB), Islamic Development Bank (IsDB) and Deutsche Investitions-und Entwicklungsgesellschaft (DEG) for the construction of the projects at Jhimpir in accordance with the Facility Agreements. The security for the loan includes all the current and future assets of the Company. Security package also includes assignment of project agreements, pledge on all shares, assignment on insurance, and direct agreements with counterparties. It carries markup payable quarterly, at the rate of 3 months London Inter-Bank Offered Rate (LIBOR) plus 4.5% per annum. The principal amount is repayable in 11 unequal semi annual installments ending on September 2028.

**25.2.1** The Honorable Supreme Court of Pakistan (SCP) vide its judgement dated August 13, 2020 decided the appeal against the Holding Company and declared the GIDC Act, 2015 to be constitutional and recoverable from the gas consumer. A review petition was filed against the judgement which was also dismissed. However, partial relief was granted and recovery period was extended to 48 months from 24 months. SCP in its detailed judgement stated that the cess under GIDC Act, 2015 is applicable only to those consumers of natural gas who on account of their industrial or commercial dealings had passed on GIDC burden to their end customers.

The Holding Company has filed a civil suit before the Honorable Sindh High Court (SHC) on the grounds that Holding Company has not passed on the impact of GIDC to end customers. SHC has granted stay order in the said suit and has restrained SNGPL & SSGCL from taking any coercive action against the Group.

The Company has recorded a liability for GIDC at its present value, by discounting future estimated cash flows using risk free rate of return.

**26.1.1** This represents liability in respect of a 20 years lease of 1,372 acres of land, acquired from AEDB, situated in Jhimpir, District Thatta, Sindh on which the wind power plant of SWPL (subsidiary Company) is installed. The aforementioned land has been allocated to the subsidiary Company by AEDB out of the total land leased for a period of thirty years from Government of Pakistan ('GoP') for Wind Power Generation Projects under the Master Lease Deed dated 13 February 2008. The subsidiary Company, in order to gain access to the land for conducting feasibility/other associated studies, had signed an Agreement to Lease with AEDB dated 21 December 2008. However, the formal site sub-lease agreement was signed on 11 March 2014. The term of site sub-lease has commenced from this date and will end with the term of the EPA.

**26.1.2** This represents liability in respect of 1,284 acres of land each for Project A, Project B and Project C, acquired from Government of Sindh, Land Utilization department, through Deputy Commissioner Thatta, on which the wind power plants of TBCL are installed. The aforementioned land has been allocated to the subsidiary Company by Government of Sindh for a period of thirty years for Wind Power Generation Projects under the land lease agreement. The term of land lease agreement has commenced from November 2011 and will end with the term of the EPA.

**27.1.1** As disclosed in Note 25 of the financial statements, the Holding Company has obtained loan from various banks during the preceding year under Temporary Economic Refinance Facility (TERF) Scheme for retirement of import documents of plant and machinery under LC facility. These carry mark-up at the rates ranges from 1.5% to 1.75%(SBP rate+bank spread) per annum and repayable in 32 equal quarterly instalments with a grace period of 24 months. These loans are carried at amortized cost with effective rate of 3 months KIBOR plus spread at the time of initial recognition of grant. The difference between cash received and present value of cash outflow upon initial recognition has been recognized as deferred grant in accordance with IAS 20 and is being amortised over the term of the loan.

## **28. STAFF RETIREMENT BENEFIT - Gratuity**

The Group obligation as per the latest actuarial valuation in respect of defined benefit gratuity plan is as follows:

|                                                                             | 2023<br>Rupees | 2022<br>Rupees |

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

|                                                                                  | 2023<br>Rupees    | 2022<br>Rupees      |
|----------------------------------------------------------------------------------|-------------------|---------------------|
| <b>28.4 Remeasurements recognized in statement of other comprehensive income</b> |                   |                     |
| Experience adjustment                                                            | 38,876,436        | (14,773,338)        |
| Actuarial loss / (gain)                                                          | 1,765,940         | (1,674,392)         |
|                                                                                  | <b>40,642,376</b> | <b>(16,447,730)</b> |

### 28.5 Actuarial assumptions used

|                                              |                   |                   |
|----------------------------------------------|-------------------|-------------------|
| Discount rate used for year-end obligation   | 16.25%            | 13.25%            |
| Expected rate of increase in future salaries | 15.25%            | 12.25%            |
| Mortality rates (for death in service)       | SLIC<br>(2001-05) | SLIC<br>(2001-05) |

### 28.6 Sensitivity analysis for actuarial assumptions

The sensitivity of the defined benefit obligation to changes in principal assumptions is:

|                             | Change in<br>assumptions | Increase in<br>assumption<br>Rupees | Decrease in<br>assumption<br>Rupees |
|-----------------------------|--------------------------|-------------------------------------|-------------------------------------|
| Discount rate               | 1.00%                    | (430,470,865)                       | 514,905,374                         |
| Increase in future salaries | 1.00%                    | 514,893,988                         | (430,465,577)                       |

The sensitivity analysis are based on a change in an assumption while holding all other assumptions constants. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the gratuity liability recognized within the statement of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

**28.7** Based on actuary's advice, the expected charge for the year ending June 30, 2024 amounts to Rs.258.635 million.

**28.8** The weighted average duration of defined benefit obligation is 9 years.

### 28.9 Historical information:

**42.1** The Holding Company falls under the ambit of presumptive tax regime under section 169 of the Income Tax Ordinance, 2001 (the Ordinance) and current year's provision is made accordingly. Further current year's provision includes super tax and tax against income from other sources under the relevant provisions of the Income Tax Ordinance, 2001.

DTL's and SRL's (subsidiary Companies) represents provision for taxation under the relevant provisions of the Income Tax Ordinance, 2001 and for the subsidiary companies (TBCL and SWPCL), income taxes are exempt as explained in Note 5.17.

**42.2** Numeric tax rate reconciliation is not presented as the Group's major income is chargeable to tax under presumptive tax regime.

## 47. FINANCIAL RISK MANAGEMENT

### 47.1 Financial risk factors

The Group has exposures to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk (including currency risk, interest rate risk and other price risk).

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

The Group's overall risk management program focuses on having cost effective funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

#### (a) Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. Credit risk mainly arises from investments, loans and advances, deposits, trade debts, other receivables and balances with banks.

The carrying amount of financial assets represents the maximum credit exposure. Out of total financial assets as mentioned in note.47.4, the financial assets exposed to credit risk aggregated to Rs.41,457.808 million as at June 30, 2023 (2022: Rs.37.624.062 million). Out of the total financial assets credit risk is concentrated mainly in investments in securities, trade debts and deposits with banks as they constitute 60% (2022: 74%) of the total financial assets. The maximum exposure to credit risk at the end of the reporting period is as follows:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

| Trade debts                  | 18,915,572,755        | 19,711,798,565        |
| Loans and advances           | 141,227,910           | 112,696,136           |
| Trade deposits               | 63,217,948            | 90,509,502            |
| Short term investments       | 1,364,735,401         | 2,988,280,554         |
| Other receivables            | 1,526,360,493         | 1,260,565,373         |
| Bank balances                | 14,456,510,430        | 7,795,110,669         |
|                              | <b>41,457,808,221</b> | <b>37,624,062,276</b> |

To manage exposure to credit risk in respect of trade debts, management performs credit reviews taking into account the customer's financial position, past experience and other factors. An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for the Group various customer segments with similar loss patterns (i.e., by geographical region, product type and customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Export sales made to major customers are secured through letters of credit.

The maximum exposure to credit risk for trade debts at the reporting date by geographic region is as follows:

|          | 2023<br>Rupees        | 2022<br>Rupees        |
|----------|-----------------------|-----------------------|
| Domestic | 17,515,117,852        | 18,594,819,707        |
| Export   | 1,400,454,903         | 1,116,978,858         |
|          | <b>18,915,572,755</b> | <b>19,711,798,565</b> |

The majority of export debts of the Group are situated in Asia, Europe and North America.

Aging analysis of trade debtors is as follows:

|                  | 2023<br>Rupees        | 2022<br>Rupees        |

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and all exports are covered by letters of credit or other forms of credit insurance obtained from reputable banks.

The credit quality of the Group's bank balances can be assessed with reference to the external credit ratings as follows:

| Name of Bank                                | Rating     |           |         |
|---------------------------------------------|------------|-----------|---------|
|                                             | short term | long term | agency  |
| MCB Bank Limited                            | A1+        | AAA       | PACRA   |

| Askari Bank Limited                         | A1+        | AA+       | PACRA   |
| Pak Kuwait Investment Group Private Limited | A1+        | AAA       | PACRA   |
| Pak China Investment Group Private Limited  | A1+        | AAA       | JCR-VIS |

The credit risk in respect of investments is also limited as such investee companies enjoy reasonably high credit rating.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

### (b) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The table below analysis the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows:

|                            | Carrying amount        | Contractual cash flows | Less than 1 year      | Between 1 to 5 years  | More than 5 years    |
|----------------------------|------------------------|------------------------|-----------------------|-----------------------|----------------------|
| ----- Rupees -----         |                        |                        |                       |                       |                      |
| June 30, 2023              |                        |                        |                       |                       |                      |

The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up / interest rates effective at the respective year-ends. The rates of mark-up / interest have been disclosed in the respective notes to these financial statements.

### (c) Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

### (i) Currency risk

Currency risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates.

The Group is exposed to currency risk on import of raw materials, stores & spare parts, plant & machinery, export of goods and foreign currency bank accounts mainly denominated in U.S. Dollar, Euro, Japanese Yen and Swiss Frank. The Group's exposure to foreign currency risk for U.S. Dollar, Euro, Japanese Yen (JPY), and Swiss Frank (CHF) is as follows:

| For the year ended June 30, 2023     | Rupees           | U.S.\$       | Euro      | JPY         | CHF       |

|                                      | 37,250,969,195   | 183,373,005  | 5,767,209 | 395,000,000 | 1,578,640 |

The following significant exchange rates have been applied:

|                       | Average rate at reporting date |        | Reporting date rate |                 |
|-----------------------|--------------------------------|--------|---------------------|-----------------|
|                       | 2023                           | 2022   | 2023                | 2022            |
| U.S. Dollar to Rupee  | 286.15                         | 205.75 | 286.40 / 285.90     | 206.00 / 205.50 |
| Euro to Rupee         | 312.61                         | 215.49 | 312.88 / 312.33     | 215.75 / 215.23 |
| Japanese Yen to Rupee | 1.9785                         | 1.5065 | 1.9802 / 1.9767     | 1.5083 / 1.5047 |
| Swiss Frank to Rupee  | 319.19                         | 215.70 | 319.47 / 318.91     | 215.96 / 215.43 |

At June 30, 2023, if Rupee had strengthened by 10% against US Dollar, Euro and CHF with all other variables held constant, profit for the year would have been higher / (lower) by the amount shown below mainly as a result of net foreign exchange gain / (loss) on translation of financial assets and liabilities.

|                                       | 2023<br>Rupees | 2022<br>Rupees |
|---------------------------------------|----------------|----------------|
| <b>Effect on profit for the year:</b> |                |                |
| U.S. Dollar to Rupee                  | 3,704,806,774  | 3,332,547,838  |
| Euro to Rupee                         | (9,153,049)    | (3,868,006)    |
|                                       | 3,695,653,725  | 3,328,679,832  |

The sensitivity analysis is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Group.

(ii) **Interest rate risk**

Interest rate risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of change in market interest rates.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2023

Majority of the interest rate risk of the Group arises from long & short term borrowings from banks and deposits with banks. At the reporting date the profile of the Group's interest bearing financial instruments is as follows:

|                                  | 2023                   | 2022             | 2023                    | 2022           |
|----------------------------------|------------------------|------------------|-------------------------|----------------|
|                                  | --- Effective rate --- |                  | --- Carrying amount --- |                |
|                                  | %                      |                  | --- Rupees ---          |                |
| <b>Fixed rate instruments</b>    |                        |                  |                         |                |
| <b>Financial assets</b>          |                        |                  |                         |                |
| Saving accounts                  | 12.74% to 20.16%       | 5.50% to 12.25%  | 11,454,540,177          | 6,944,447,352  |
| <b>Financial liabilities</b>     |                        |                  |                         |                |
| Long term finances               | 1.50% to 6.00%         | 0.60% to 6.50%   | 10,173,241,202          | 11,233,084,252 |
| Short term borrowings            | 2.50% to 18.00%        | 2.25% to 7.50%   | 3,047,970,662           | 5,240,617,814  |
| <b>Variable rate instruments</b> |                        |                  |                         |                |
| <b>Financial liabilities</b>     |                        |                  |                         |                |
| Long term finances               |                        |                  |                         |                |
| - foreign currency loan          | 4.48% to 8.90%         | 3.90% to 4.84%   | 48,807,133,843          | 41,538,368,007 |
| - local currency loan            | 15.03% to 23.09%       | 7.50% to 15.28%  | 10,641,624,598          | 6,836,515,603  |
| Short term borrowings            |                        |                  |                         |                |
| - local currency loan            | 14.31% to 22.59%       | 12.14% to 15.31% | 14,315,834,948          | 12,971,963,708 |

At June 30, 2023, if the interest rate on the Group's variable rate borrowings had been higher / (lower) by 1% with all other variables held constant, profit before tax for the year would have been (lower) / higher by Rs.631.230 million (2022: Rs.613.468 million) mainly as a result of higher / (lower) interest expense.

The sensitivity analysis is not necessarily indicative of the effects on profit for the year and liabilities of the Group.

### (iii) Other price risk

Other price risk represents the risk that the fair values or future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors effecting all similar financial instruments traded in the market.

The Group's investments in ordinary shares and certificates of listed companies aggregating to Rs.4,386.925 million (2022: Rs.6,400.796 million) are exposed to price risk due to changes in market price.

At June 30, 2023, if market value had been 10% higher / lower with all other variables held constant other comprehensive income for the period / year would have higher / (lower) by Rs.438.693 million (2022: Rs.640.080 million).

The sensitivity analysis is not necessarily indicative of the effects on equity / investments of the Group.

## 47.2 Fair value measurement of financial instruments

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Group is a going concern and there is no intention or requirement to curtail materially the scale of its operation or to undertake a transaction on adverse terms.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities [Level 1].
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) [Level 2].
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) [Level 3].

The Group's financial assets measured at fair value consists of level 1 financial assets amounting to Rs.3,982.156 million (2022: Rs.6,184.656 million). The carrying values of other financial assets and liabilities reflected in the financial statements approximate their fair values.

#### Valuation techniques used to determine fair values

**Level 1:** The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. These instruments are included in Level 1.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity-specific estimates. If all significant inputs required to measure the fair value of an instrument are observable, the instrument is included in Level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

### 47.3 Capital risk management

The Group's objective when managing capital are to ensure the Group's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Group may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. It is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (long term finances and short term borrowings as shown in the statement of financial position) less cash and bank balances. Total equity includes all capital and reserves of the Group that are managed as capital. Total capital is calculated as equity as shown in the statement of financial position plus net debt.

|                                  | 2023<br>Rupees  | 2022<br>Rupees  |
|----------------------------------|-----------------|-----------------|
| Total borrowings                 | 86,985,805,253  | 77,820,549,384  |
| Less: cash and bank balances     | 14,542,732,395  | 7,896,636,821   |
| Net debt                         | 72,443,072,858  | 69,923,912,563  |
| Total equity                     | 46,718,297,320  | 40,223,408,639  |
| Total capital including net debt | 119,161,370,178 | 110,147,321,202 |
| Gearing ratio                    | 60.79%          | 63.48%          |

| Installed capacity                                                                                                                            | MWh          | 597,537     | 600,847     |
| Actual energy delivered                                                                                                                       | MWh          | 449,312     | 667,792     |
| <b>49.7 Reason for low production</b>                                                                                                         |              |             |             |

Under utilization of available capacity is mainly due to normal maintenance / temporarily shut down and changes in production pattern.

Output produced by the plants of TBCL (power sector subsidiary companies) is dependent on the load demanded by CCPA-G and plant availability. Due to low wind speed during the year, Plants produced less energy than benchmark of 35% capacity factor of TBCL.

During the year on September 26, 2022 a fire incident has occurred on one of the wind turbine generator of SWPCL (WTG-04) which has reduced the gross capacity of plant (See note 1.1.(ii)).

29,195,266

## فی حصص آمدن

سال ختمہ 30 جون 2023 میں فی حصص آمدن روپے 151.74 روپے رہی جبکہ گزشتہ سال ختمہ 30 جون 2022 کو 323.45 روپے تھی۔

## منافع منقسمہ

کمپنی کے بورڈ آف ڈائریکٹرز نے سال ختمہ 30 جون 2023 (30 جون 2022 میں: 100 فیصد) کے لئے نقد منافع منقسمہ 100 فیصد یعنی 10 روپے فی حصص کے حساب سے سفارش کرتے ہوئے اظہار مسرت کیا ہے۔

## مستقبل کے امکانات

عالمی کساد بازاری اور بلند افراط زر کی وجہ سے ٹیکسٹائل انڈسٹری دباؤ کا شکار ہے۔ گھریلو ماحول سیاسی غیر یقینی صورتحال کے ساتھ کرو بار کرنے کی زیادہ لاگت بشمول زیادہ مالیاتی لاگت اور توانائی کی بڑھتی ہوئی قیمتوں سے زبردست دباؤ پیدا ہو رہا ہے۔  
انتظامیہ جاری چیلنجوں پر قابو پانے کے لئے کوشاں رہے گی اور معقول منافع کے حصول کے لئے پرامید ہے۔

## سیفائز ٹیکسٹائل ملز لمیٹڈ کی ذیلی کمپنیاں

کمپنی کی ملکیت میں نو ذیلی کمپنیاں ہیں جن میں سے چھ کی 100 فیصد ملکیت سیفائز ٹیکسٹائل ملز لمیٹڈ کے پاس ہے۔ ہر ذیلی کمپنی کا اختصار یہ درج ذیل ہے:

## حصص یافتگان کے لئے ڈائریکٹرز رپورٹ

آپ کی کمپنی کے ڈائریکٹران اپنی رپورٹ کے ساتھ کمپنی کے آڈٹ شدہ مالیاتی گوشوارے برائے مختتمہ سال 30 جون 2023 پیش کرتے ہوئے اظہار مسرت کرتے ہیں۔

### مالیاتی جائزہ

درج ذیل میں اہم مالیاتی اعداد و شمار پیش کئے گئے ہیں:

| 2022        | 2023        |                   |
|-------------|-------------|-------------------|
|             |             | روپے ہزاروں میں   |
| 61,373,384  | 72,837,269  | خالص فروخت        |
| 11,859,068  | 10,369,684  | خام منافع         |
| 11,116,712  | 9,384,894   | کاروباری منافع    |
| 3,007,581   | 2,453,961   | دیگر آمدن         |
| (2,659,056) | (4,683,561) | مالیاتی لاگت      |
| 8,457,656   | 4,701,333   | منافع قبل از ٹیکس |
| 7,015,552   | 3,291,173   | منافع بعد از ٹیکس |

کمپنی کی خالص فروخت اضافے کے ساتھ 72.837 بلین روپے رہیں جو کہ گزشتہ سال 61.373 بلین روپے تھیں۔ خالص فروخت میں اضافہ کی وجہ پاکستانی روپے کی قدر میں کمی اور جی نمو کی وجہ سے فروخت کی قیمتوں میں اضافے کی وجہ سے ہوا۔

سال کے دوران عالمی طلب میں کمی، درآمدی روٹی کی بلند قیمت اور بجلی کے نرخوں میں اضافے کی وجہ سے ٹیکسٹائل مصنوعات کے مارجن دباؤ میں ہے۔ سال کے آخر میں خام مال کی قیمتوں میں کمی کے نتیجے میں کمپنی کے پاس رکھی گئی انویٹری کی قیمت کو معقول بنانے کی وجہ سے ایڈجسٹمنٹ کا مجموعی منافع متاثر ہوا۔ فروخت کے لحاظ سے خام منافع کی شرح 19.32 فیصد سے کم ہو کر 14.24 فیصد ہو گئی۔

دیگر آمدنی جو بنیادی طور پر ذیلی کمپنیوں اور فہرست میں شامل کمپنیوں میں سرمایہ کاری سے حاصل ہونے والے منافع سے حاصل ہوتی ہے، پچھلے سال کے 3.008 بلین روپے کے مقابلے میں 2.453 بلین روپے تھی۔ سال کے دوران مالیاتی لاگت بڑھ کر 4.684 بلین روپے ہو گئی جو کہ پچھلے سال 2.659 بلین روپے تھی۔ اسٹیٹ بینک آف پاکستان (SBP) کی جانب سے پالیسی ریٹ میں اضافے، برآمدات سے متعلق فنانشنگ اسکیموں کے لئے زیادہ مارک اپ کی شرح اور طویل مدتی اسٹیٹ بینک کی عدم دستیابی کی وجہ سے کمپنی کی مالیاتی لاگت میں نمایاں اضافہ ہوا۔

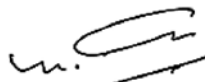

## چیرمین کی جائزہ رپورٹ

کمپنی کے ڈائریکٹران اپنے فرائض قانون کے مطابق اور حصص یافتگان کے بہترین مفادات میں ادا کر رہے ہیں۔ سیفائر ٹیکسٹائل ملز لمیٹڈ کے بورڈ آف ڈائریکٹرز کا سالانہ جائزہ کوڈ آف کارپوریٹ کے تحت کیا جاتا ہے۔ اس جائزے کا مقصد اس کو یقینی بنانا ہے کہ بورڈ کی مجموعی کارکردگی اور افادیت کو کمپنی کے مختص کردہ مقاصد کے تناظر میں پرکھا جاسکے۔

مالی سال برائے ۳۰ جون ۲۰۲۳ء کے لیے بورڈ کی مجموعی کارکردگی اور افادیت اطمینان بخش قرار پائی ہے۔ مجموعی جائزے کا اطمینان بخش ہونا ضروری اجزاء کے انفرادی جائزے پر منحصر ہے جن میں دورانہدیشی، نصب العین اور اقدار، حکمت عملی کے بنانے میں کردار، پالیسیز کی تشکیل، کمپنی میں جاری کاروباری سرگرمیوں کی نگرانی، مالیاتی وسائل کے انتظام کی نگرانی، موثر مالی نگرانی، بورڈ کے کاروبار کو پورا کرنے میں ملازمین کے ساتھ منصفانہ سلوک اور بورڈ کی سرگرمیوں کو انداز سے پورا کرنا شامل ہیں۔ میں بورڈ کی جانب سے ان کی مثبت شرکت اور مسلسل وابستگی کے لئے اپنے اعتراف اور شکرگزاری کو بھی بڑھانا چاہتا ہوں۔

سیفائر ٹیکسٹائل ملز بورڈ کی تشکیل، طریقہ کار اور بورڈ اور اس کی کمیٹی کی میٹنگز کے سلسلے میں تمام قوانین کی پاس داری کرتا ہے۔ کمپنی کے بورڈ آف ڈائریکٹرز اور اس کی کمیٹی کی ملاقاتوں میں ایجنڈا مع دیگر ضروری دستاویزات قبل از وقت فراہم کئے گئے۔ بورڈ ضروری سرگرمیوں اور ذمہ داریوں کو موثر طریقے سے انجام دینے کے لئے باقاعدگی سے ملاقات کرتا ہے۔ بورڈ نے اپنے تمام اختیارات کا استعمال قانونی اور ریگولیشن کے مطابق کیا ہے اور نان ایگزیکٹو اور آزاد ڈائریکٹرز بھی اہم فیصلوں میں برابری کی بنیاد پر شامل ہوتے ہیں۔

بورڈ کی جانب سے

محمد عبداللہ

چیرمین
