## DIRECTORS' REPORT

The management of your company takes pleasure in presenting you the Forty-Fourth Annual Report of the company together with the audited accounts for the financial year ended June 30, 2023. This is the 20th annual report since the management and controlling shares of the company were taken over by Yousuf Dewan Companies.

### OVERVIEW

During the year 2022-23, the cement industry experienced a decline of 15.74% in its performance as compared to that of last year. The total cement dispatches are 44.58 million metric tons, comprising of 40.02 million metric tons for local consumption and 4.56 million metric tons for exports. Whereas, in the comparative year of 2021-22, total dispatches were 52.91 million metric tons, with 47.66 million metric tons for local and 5.25 million metric tons for exports. As evident, the decline was observed in both local dispatches, which decreased by 16.03%, and exports, that demonstrated a reduction of 13.13%.

Throughout the year, the cost of conducting business has experienced a significant increase as a result of political uncertainty, higher inflation, raised interest rates, increased minimum wages, exorbitantly inflated power prices, exchange control measures by the State Bank of Pakistan and the delay in resumption of the IMF program. This has led to a sense of uncertainty in the market, resulting in an increase in the exchange rate of the USD and consequently increase in the prices of fuel, coal, and other materials.

The decline in purchasing power has had a detrimental effect on the industry, particularly evident in a 15.74% decrease in cement dispatches. This decline in dispatches is also attributable to heavy rainfall and flooding that occurred in nearly half of the country during the first quarter of the financial year, primarily affecting areas such as KPK, south Punjab, and interior Sindh.

After the approval of the IMF program, policy rate of 22% has been implemented, the government raised tax collection targets, and there has been a substantial increase in electricity and fuel prices. As a consequence, inflation has reached a staggering 38%, which has effectively halted economic growth. The GDP growth rate for the year stands at a mere 0.5%, indicating a significant slowdown in economic activity.

However, the revitalized IMF program has injected a sense of optimism into the economy. Despite imposing stringent conditions, it has also instilled trust within the business community by mitigating the risk of default, removing import restrictions, and ensuring the availability of USD.

### COMPANY'S PERFORMANCE

The highlights of the financial results are tabulated below:

	2023	2022
	(Rupees in '000')	
Local Sales - net	20,199,556	16,518,299
Gross profit	446,886	1,224,761
Net Profit/(Loss) before tax	(164,766)	1,209
Net Loss after tax	(586,306)	(703,032)
Basic Loss per share	Rs. (1.21)	Rs. (1.45)
Diluted Loss per share	Rs. (1.21)	Rs. (1.45)

**OPERATIONAL**

Dispatches	Qty in Tons		% Increase/ (Decrease)
	2023	2022	
Local Dispatches	1,564,390	1,790,543	(12.63)
Local Dispatches - GBFS	436	4,170	(89.54)

The company's dispatches experienced a decline of 12.63% in comparison to the previous year, which can be attributed to a confluence of factors including political instability, elevated fuel costs, inclement weather conditions such as heavy rainfall and widespread flooding, reduced spending in the Public Sector Development Programme (PSDP), and a sluggish growth rate of the Gross Domestic Product (GDP).

**FINANCIAL**

During the year, the Company's gross sales revenue increased to Rs 20.199 billion which was mainly due to increase in average selling price. The per ton cost of sales of your Company increased by 47.82% as compared to that of last year. This increase is primarily attributable to a continuous rise in input costs mainly coal, power, raw material, and imported consumables, on account of the significant devaluation of PKR. The gross profit margin for the current fiscal year has decreased from 7.41% to 2.21% as compared to last year, primarily due to periodic plant maintenance shutdown, significant increase in cost of coal, power and transportation along with higher inflation. Management is committed to mitigate higher trend of cost of production with improvement of plant efficiency and real time production method considering demand supply mechanism.

**FUTURE OUTLOOK**

The Gross Domestic Product (GDP) significantly decreased to 0.5% in the current year as compared to that of 6.0% of the previous year. However, projections indicate a potential figure of 3.5% for the upcoming fiscal year, 2023-24.

This shift in GDP is expected to be influenced by various factors, including an increased allocation of Rs. 1,150 billion for the Public Sector Development Program (PSDP). Additionally, the completion of 10 years of the China-Pakistan Economic Corridor (CPEC) and the anticipation of Phase II are expected to contribute to growth in the local market.

Pakistan is currently facing unprecedented political challenges, with the establishment of a caretaker government and uncertainty surrounding the timings of general election which may further escalate instability in the market. Moving forward, there may be a further decline in cement demand in the domestic market. The Cement sector is facing a precarious situation, with multiple risks such as the devaluation of the Pakistani Rupee against the US Dollar, high inflation affecting the purchasing power of the public, political uncertainty, an increase in interest rates, and aggressive taxation measures impacting its profitability. These factors have a severe impact on the margins of cement manufacturers.

However, the progress of the economy may be hindered by higher interest rates and discouraging economic indicators.

Forecasts suggest that the cement industry may have a single-digit growth in the near future. This growth is expected to be driven by an increase in local dispatches due to a slight rise in demand.

**ONGOING LITIGATIONS**

As far as creditors mentioned in the financial statements are concerned, a number of recovery suits have been instituted by Banks / Financial Institutions. These suits are being successfully defended by our Counsels. The counsels have submitted their observations /

opinions in respect of litigations being handled by them and all of them are of the view that these suits can be successfully defended.

#### **OBSERVATIONS IN THE AUDITORS' REPORT**

The auditors have qualified their report on the Advance for Pre-IPO investment and Provision for markup which are duly explained as below:

##### **Advance for Pre-IPO Investment:**

The auditors do not concur with the management's assertion regarding the classification of advance for Pre-IPO investment amounting to Rs. 2,910 million as long-term liability.

The management is of the view that since IPO was not closed by the arrangers so TFC's could not be issued. We have offered revised terms of restructuring and are very much hopeful that the matters will be closed in near future. It is pertinent to mention here that almost 25% of the loan was restructured and timely payments are being made as committed.

##### **Provision for markup:**

The Company has not made provision of markup for the year amounting to Rs. 774.71 million on its markup bearing liabilities.

The management approached its bankers / financial institutions for restructuring of its long-term obligations. The management is confident that the Company's restructuring proposals given by the management will be accepted by the financial institutions / bankers. Therefore, the Company has not made any provision for markup as the markup will not be payable in accordance with the terms of restructuring.

The auditors has also emphasized the following matters in their report:

##### **Going Concern Assumption:**

The auditors have added an emphasis of matter paragraph on the company's ability to continue as a going concern. However, the management is of the view that the Company's restructuring proposals will be accepted by the financial institutions / bankers and preparation of the financial statement on going concern assumption is justified.

##### **Sales tax and Federal Excise duty**

The auditors have added an emphasis of matter paragraph on delayed payments of sales tax, excise duty and withholding taxes. The management is confident to clear the outstanding payments those have not been made within stipulated time by generating additional cash flows. For the rest of the amounts it is expected that these outstanding payments will also be eased out by the department and the Company will be able to pay such outstanding balances soon.

#### **STATEMENT OF CORPORATE GOVERNANCE AND FINANCIAL REPORTING FRAMEWORK**

The directors are pleased to state that the company is compliant with the provisions of the Code of Corporate Governance as required by Securities and Exchange Commission of Pakistan (SECP).

Following are the statements on Corporate and Financial Reporting Framework:

## INDEPENDENT AUDITOR'S MODIFIED REVIEW REPORT TO THE MEMBERS OF DEWAN CEMENT LIMITED

### REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Dewan Cement Limited (the Company) for the year ended 30 June 2023 in accordance with the requirements of regulation 36 of the Regulations. The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations. As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls; the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. Following instances of non-compliance with the requirements of the Regulations were observed which are not stated in the Statement of Compliance:

- a) It is mandatory that each listed company shall have at least two or one third members of the Board, whichever is higher, as independent directors; but, there is only one independent director, Mr. Aziz ul Haque serving as independent director on the board of the Company. Further, Mr. Aziz ul Haque in our view neither meet the criteria of independence on account of his cross directorship in associated companies;
- b) The chairman of the Audit Committee shall be an independent director, whereas in our view Mr. Aziz ul Haque does not meet the criteria of independence due to the reason referred in paragraph (a) above; and
- c) The chairman of the HR and Remuneration Committee shall be an independent director, whereas in our view Mr. Aziz ul Haque does not meet the criteria of independence due to the reason referred in paragraph (a) above.

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the Regulations as applicable to the Company for the year ended 30 June 2023.

Further, we highlight below instances of non-compliance with the requirements of the Codes as reflected in the paragraph reference where these are stated in the Statement of Compliance:

S.No	Reference	Description
(1)	Paragraph 2	The board of the directors includes only one independent director, which is below the limit of one third of the board, as required by regulations.
(2)	Paragraph 2	The board of the directors consists of three executive directors, which exceeds the limit of one third of the board, as required by regulations.
(3)	Paragraph 3	One of the directors of the Company is serving as a director in more than seven listed companies.
(4)	Paragraph 9 & 19	Three directors are qualified under the directors' training program which is less than the prescribed criteria of the directors' training program as by 30 June 2023 all the directors are required to acquire prescribed certification.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

### Qualified Opinion

We have audited the annexed financial statements of Dewan Cement Limited ('the Company'), which comprise the statement of financial position as at 30 June 2023, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2023 and of the loss and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

### Basis for Qualified Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ('the Code') and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

- a) The Company has classified 'advances for investment in term finance certificates' amounting to Rs.2,910 million (refer note 20 to the financial statements) as long term liability for the reason mentioned in said note. We do not concur with the management's assertion regarding its classification as long-term liability. In our opinion the entire liability should be classified as current liability as per terms of agreement with the investors.
- b) The Company has not made provision of markup for the year amounting to Rs.774.71 million (up to 30 June 2023: Rs.8,036.63 million) due to the reasons mentioned in note 35.1 to the financial statements. We do not concur with management's view of non-provisioning of markup. Therefore, the provision of markup should have been made in these financial statements. Had the provision of markup been made in the financial statements, the loss before taxation would have been higher by Rs.774.71 million and markup payable would have been higher and shareholders' equity would have been lower by Rs.8,036.63 million.

### Material Uncertainty Relating to Going Concern

We draw attention of the members to note 2 in the financial statements which indicates loss after taxation of Rs.586.306 million, and as of that date its current liabilities exceeded its current assets by Rs.3,195.785 million, a consent decree was obtained by majority of the lenders on the terms and conditions stipulated in standstill agreement (refer note 28.1 (a) in the financial statements) and certain lenders have gone into litigation for recovery of their liabilities through attachment and sale of the Company's hypothecated / mortgaged properties and some of the lenders have also filed winding up petitions (refer note 28.1 (b) in the financial statements). Accordingly, the financial institutions have not been provided bank confirmations as at reporting date. These conditions, along with other matters as set forth in note 2, indicate the existence of material uncertainty which may cast significant doubt about Company's ability to continue as going concern therefore the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The amounts of current liabilities reported in said note do not include the effect of matters discussed in Basis for Qualified Opinion. Our opinion is not modified in respect of this matter.

### Emphasis of Matter

We draw attention of the members to note 23.2 and 23.3 to the financial statements which indicates non-payment of excise duty, sales tax and withholding taxes within the stipulated time as prescribed in respective laws. Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion section, Emphasis of Matter section and in the Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

S.no.	Key audit matters	How the matter was addressed in our audit
1.	<b>Revenue recognition</b>	
	<p>Refer notes 4.12 and note 29 to the financial statements.</p> <p>The Company is engaged in the production and sale of cement. The Company recognized gross revenue from the sales of cement of Rs.27,536.081 million.</p> <p>We considered revenue recognition as a key audit matter due to revenue being one of the key performance indicators of the Company, large number of revenue transactions with a large number of customers in various geographical locations, inherent risk of material misstatement and significant increase in revenue from last year.</p>	<p>Our audit procedures in relation to the matter, amongst others, included:</p> <ul style="list-style-type: none"> <li>- Understood and evaluated management controls over revenue and checked their validation;</li> <li>- Performed verification of sample of revenue transactions with underlying documentation including dispatch documents and sales invoices;</li> <li>- Performed cut-off procedures on sample basis to ensure revenue has been recognized in the correct period;</li> </ul>

S.no.	Key audit matters	How the matter was addressed in our audit
1.	Revenue recognition	<ul style="list-style-type: none"> <li>- Performed recalculation of sales incentive as per company's policy on test basis;</li> <li>- Performed analytical procedures to analyze variation in the price and quantity sold during the year;</li> <li>- Tested journal entries relating to revenue recognized during the year based on identified risk criteria; and</li> <li>- Assessed the appropriateness of disclosures made in the financial statements related to revenue.</li> </ul>

#### Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have concluded that the other information is materially misstated for the same reason with respect to the matters described in the basis for Qualified Opinion section and in the Material Uncertainty Related to Going Concern section.

#### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, except for the matters described in the Basis for Qualified Opinion section and Emphasis of Matter section, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) The statement of financial position, the statement of profit or loss and the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Umer Farooq.

The Company has two production facilities at Deh Dhando, Dhabeji Karachi, Sindh and Kamilpur Hattar Industrial Estate, district Khyber Pakhtunkhwa. The Company has regional offices located in Islamabad and Peshawar.

### 2 GOING CONCERN ASSUMPTION

The financial statements for the year ended 30 June 2023 reflects loss after taxation of Rs.586,306 million (2022: Rs.703,032 million), and as of that date its current liabilities exceeded its current assets by Rs.3,195,785 million (2022: Rs.2,599,469 million). The Company's short-term borrowing facilities have expired and not been renewed and the Company has been unable to ensure scheduled payments of long term borrowings due to the liquidity problems. Following course, majority of the lenders had gone into litigation for repayment of liabilities through attachment and sale of Company's hypothecated / mortgaged properties and certain lenders had also filed winding up petitions as more fully explained in note 28.1 (a) and note 28.1 (b). These conditions indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern; therefore, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The Company is fully committed to discharge its admitted liability in stand still agreements as more fully explained in note 28.1 (a). Accordingly, these financial statements have been prepared on a going concern basis.

### 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan with the exception of departure of IFRS as mentioned in note 35.1 to the financial statements, for which the management concludes that provisioning of mark up would conflict with the objectives of the financial statements. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

### 3.2 Basis of measurement

These financial statements have been prepared on historical cost basis, except as otherwise stated in respective accounting policies.

### 3.3 Changes in accounting standards, interpretations and pronouncements

#### 3.3.1 Standards, interpretations and amendments to approved accounting standards which became effective during the year

The following standards, amendments and interpretations are effective for the year ended June 30, 2023. These standards, amendments and interpretations are either not relevant to the company's operations or not expected to have significant impact on the company's financial statements other than certain additional disclosures.

	<b>Effective Date (Period beginning on or after)</b>
Amendments to IFRS 3 'Business Combinations' - Reference to the conceptual framework	1 January 2022
Amendments to IAS 16 'Property, Plant and Equipment' - Proceeds before intended use	1 January 2022
Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of fulfilling a contract	1 January 2022
Annual Improvements to IFRS Standards 2018 - 2020 Cycle (related to IFRS 9, IFRS 16 and IAS 41)	1 January 2022

#### 3.3.2 Standards, interpretation and amendments to approved accounting standards that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the company's operations or are not expected to have significant impact on the company's financial statements other than certain additional disclosure.

Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of accounting policies	1 January 2023
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of accounting estimates	1 January 2023

	<b>Effective Date (Period beginning on or after)</b>
Amendments to IAS 12 'Income Taxes' - deferred tax related to assets and liabilities arising from a single transaction	1 January 2023
Amendments to IAS 12 'Income Taxes' - International Tax Reform — Pillar Two Model Rules	1 January 2023
Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	1 January 2024
Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions	1 January 2024
Amendments to IAS 7 'Statement of Cash Flows' and IFRS 7 'Financial Instruments: Disclosures' - Supplier Finance Arrangements	1 January 2024
Amendment to IFRS 10 and 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	"Deferred indefinitely"
Other than the aforesaid standards, interpretations and amendments, the IASB has also issued the following standards which have not been adapted locally by the SECP:	
- IFRS 1 'First Time Adoption of International Financial Reporting Standards'	
- IFRS 17 'Insurance Contracts'	

### **3.4 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistani Rupees, which is the Company's functional and presentation currency.

### **3.5 Use of estimates and judgements**

The preparation of the financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities and income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

### **3.5.1 Operating fixed assets, revaluation and depreciation**

The Company reviews appropriateness of the rate of depreciation, useful lives and residual values used in the calculation of depreciation. The estimates of revalued amounts of revalued assets are based on valuations carried out by a professional valuer. Further, where applicable, an estimate of the recoverable amount of assets is made for possible impairment on an annual basis. In making these estimates, the Company uses the technical resources available with the Company. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with corresponding effects on the depreciation charge and impairment.

### **3.5.2 Stores and spare parts**

The Company reviews the net realizable value (NRV) and impairment of stores and spare parts to assess any diminution in the respective carrying values and wherever required provision for NRV / impairment is made. The calculation of provision involves the use of estimates with regards to future estimated use and past consumption along with stores and spares holding period.

### **3.5.3 Stock in trade**

The Company reviews the net realizable value (NRV) of stock in trade to assess any diminution in the respective carrying values. Any change in the estimates in future years might affect the carrying amounts of stock in trade and corresponding effect in statement of profit or loss of those future years. Net realizable value is determined with respect to estimated selling price less estimated expenditures to make the sales.

### **3.5.4 Trade debts**

The Company reviews its doubtful trade debts at each reporting date to assess whether provision should be recorded in the statement of profit or loss. In particular, judgment by management is required in the estimation of the amount and timing of future cash flows when determining the level of provision required. Such estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the provisions.

### 3.5.5 Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that items recognized directly in equity or other comprehensive income.

In making the estimates for income tax currently payable by the Company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.

### 3.5.6 Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

## 4 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

### 4.1 Property, plant and equipment

#### 4.1.1 Operating fixed assets

Property, plant and equipment are stated at cost or revalued amounts less accumulated depreciation or accumulated impairment, if any, except capital work-in-progress which is stated at historical cost.

The value of leasehold land is being amortised over the lease period in equal installments. Quarry development cost is amortised over its estimated useful life.

Depreciation on additions is charged from the month in which the asset is available for use, whereas on disposals, no depreciation is charged in the month of disposal. Depreciation on all tangible fixed assets, except plant and machinery, is charged to statement of profit or loss using the reducing balance method at the rates mentioned in note 5.1 to the financial statements. Depreciation on plant and machinery is charged using units of production method.

The carrying values of property, plant and equipment are reviewed for impairment on periodic basis. If any indication exists that the carrying value exceeds the estimated recoverable amount, the assets or cash generating units are written down to their recoverable amount. The recoverable amount of property, plant and equipment is the greater of net selling price and value in use.

Maintenance and normal repairs are charged to statement of profit or loss as and when incurred. Major renewals and improvements which increases the asset's remaining useful economic life or the performance beyond the current estimated levels are capitalised and the assets so replaced, if any, are retired.

Gains and losses on disposal are determined by comparing proceeds with the carrying amount of the relevant assets. These are included in the statement of profit or loss. When revalued assets are sold, the relevant undepreciated surplus is transferred directly by the Company to its unappropriated profit account.

#### **4.1.2 Capital work-in-progress**

All expenditure connected with specific assets incurred during development, installation and construction period are carried as capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

#### **4.1.3 Right-of-use asset and lease liability**

The Company accounts for property, plant and equipment acquired under lease agreement by recording the right of use asset and related lease liability.

The right-of-use asset is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

Initially on lease commencement date, the lease liability is measured at the present value of unpaid lease payments. These unpaid lease payments are discounted using interest rate implicit in the lease, if readily determinable. If that rate cannot be readily determined then the incremental borrowing rate is used.

The lease liability is subsequently measured (at amortised cost) by increasing the carrying amount to reflect interest on the lease liability using the effective interest method and by reducing the carrying amount to reflect the lease payments made. It is remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit or loss if the carrying amount of right-of-use asset has been reduced to zero.

Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the income and expenditure account.

For short term leases and leases of low / immaterial value assets, the Company's recognises the lease payments as an expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

#### **4.2 Borrowing costs**

The Company capitalizes borrowing costs relating to qualifying assets, during the period in which these are acquired and developed for the intended use. Other borrowing costs are charged to statement of profit or loss.

#### **4.3 Stores and spare parts**

These are valued at lower of average cost and net realisable value (NRV). Stores and spare parts in-transit are valued at invoice value plus other charges incurred thereon.

Provision / write off, if required, is made in the accounts for slow moving, obsolete and unusable items to bring their carrying value down to NRV.

#### **4.4 Stock in trade**

These are valued at lower of cost and net realisable value (NRV). Cost is determined as follows:

- Raw and packing material      - at average cost
- Work-in-process                      - at average cost of goods produced
- Finished goods                      - at average cost of goods produced

NRV is the estimated selling price in the ordinary course of business less the estimated cost of completion and costs necessarily to be incurred to make the sale.

#### **4.5 Trade debts and other receivables**

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortized cost using the effective interest rate method, if applicable, less provision for impairment, if any. A provision for impairment is established where there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Trade debts and receivables are written off when considered irrecoverable.

#### **4.6 Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events and it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably measured.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in provision due to passage of time is recognised as interest expense.

#### **4.7 Cash and cash equivalents**

Cash and cash equivalents include cash in hand, cheques in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### **4.8 Surplus on revaluation of property and equipment**

Any revaluation increase arising on the revaluation of assets is recognised in other comprehensive income and presented as a separate component of equity as 'Revaluation surplus on property, plant and equipment', except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of assets is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset. The surplus on revalued assets to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

#### **4.9 Taxation**

##### **4.9.1 Current**

Provision for current taxation is based on taxable income at the current rates of taxation or based on turnover or accounting profit at the specified rates, whichever is higher, after taking into account tax credits and rebates available.

##### **4.9.2 Deferred**

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the amounts used for financial reporting purpose and amounts used for taxation purposes.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the assets may be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rate that are expected to apply to the year when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantially enacted at the balance sheet date.

#### 4.10 Trade and other payables

Trade and other payables are recognised initially at fair value plus directly attributable cost, if any, and subsequently measured at amortised cost.

#### 4.11 Share capital

Share capital is classified as equity and recognised at the face value.

#### 4.12 Revenue recognition

- Revenue is recognised when or as performance obligations are satisfied by transferring control of a promised goods or service to a customer, and control either transfers over time or at a point in time. Revenue is measured at fair value of the consideration received or receivable, excluding discounts, rebates and government levies.
  - Local sale of goods is recognised on dispatch of goods to customers.
  - Revenue from export sales is recognised on the basis of terms of sale with the customer.
- Dividend income is recognised when right to receive the dividend is established.
- Profit on bank deposits, interest income is recognised on a time proportion basis on the principal amount outstanding and at the applicable rate and other revenues are accounted for on accrual basis.

#### 4.13 Staff retirement benefits

##### 4.13.1 Provident fund

The Company operates separate defined contributory provident funds for all its employees who are eligible for the plan. Equal contributions are made by the Company and employees to the funds at the rate of 8.33% of basic salary.

#### **4.13.2 Compensated absences**

The Company accounts for compensated absences on the basis of unavailed earned leaves balance of each employee at the end of the year using current salary levels.

### **4.14 Financial instruments**

#### **4.14.1 Initial measurement of financial asset**

The Company classifies its financial assets into following three categories:

- Fair value through other comprehensive income (FVOCI);
- Fair value through profit or loss (FVTPL); and
- Measured at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

#### **Subsequent measurement**

##### **Debt Investments at FVOCI**

These assets are subsequently measured at fair value. Interest / mark-up income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss.

##### **Equity Investments at FVOCI**

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit or loss.

##### **Financial assets at FVTPL**

These assets are subsequently measured at fair value. Net gains and losses, including any interest / mark-up or dividend income, are recognised in the statement of profit or loss.

##### **Financial assets measured at amortised cost**

These assets are subsequently measured at amortised cost using the

effective interest method. The amortised cost is reduced by impairment losses. Interest / mark-up income, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss.

#### **4.14.2 Non-derivative financial assets**

All non-derivative financial assets are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent. The Company derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retain substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

##### **4.14.2.1 Trade debts, advances and other receivables**

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

##### **4.14.2.2 Cash and cash equivalents**

For the purpose of presentation in statement of cash flow, cash and cash equivalents includes cash in hand, balances with banks and investments with maturities of less than three months or less from acquisition date that are subject to insignificant risk of changes in fair value and short term borrowings availed by the Company, which are repayable on demand and form an integral part of the Company's cash management.

#### **4.14.3 Financial liabilities**

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

#### **4.14.3.1 Mark-up bearing borrowings and borrowing costs**

Mark-up bearing borrowings are recognised initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortised cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the relevant asset.

#### **4.14.3.2 Trade and other payables**

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised costs.

#### **4.14.4 Derivative financial instruments - Other than hedging**

Derivatives that do not qualify for hedge accounting are recognised in the statement of financial position at estimated fair value with corresponding effect to statement of profit or loss. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

#### **4.14.5 Derivative financial instruments - Cash flow hedges**

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in fair value of the derivative is recognised in other comprehensive income and accumulated in hedging reserve. Any ineffective portion of changes in fair value of derivative is recognised immediately in the statement of profit or loss. The amount accumulated in equity is removed therefrom and included in the initial carrying amount of non-financial asset upon recognition of non-financial asset.

The fair value of forward exchange contracts is estimated using appropriate valuation techniques. These are carried as assets when the fair value is positive and liabilities when the fair value is negative.

#### **4.14.6 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognised amounts and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

## 4.15 Impairment

### 4.15.1 Financial assets

The Company recognises loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortised cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and
- Other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the Gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due. The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

#### 4.15.2 Non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the statement of profit or loss.

#### 4.16 Foreign currency translations

Foreign currency transactions during the year are recorded at the exchange rates approximating those ruling on the date of the transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange which approximate those prevailing on the balance sheet date. Gains and losses on translation are charge to statement of profit or loss.

#### 4.17 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved by the shareholders of the Company.

#### 4.18 Earnings per share

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

#### 4.19 Segment reporting

Segment information is presented on the same basis as that used for internal reporting purposes by the Chief Operating Decision Maker (CODM). The Company considers Chief Executive as its CODM who is responsible for allocating resources and assessing performance of the operating segments. On the basis of its internal reporting structure, the Company considers itself to be a single reportable segment; however, certain information about the Company's products, as required by the accounting and reporting standards, is presented in note 44 to these financial statements.

- 21.1** These represent interest free security deposits received from stockists and are repayable on cancellation or withdrawal of stockists arrangement and are also adjustable against unpaid amount of sales.

- 21.2** Represents bills payable in respect of plant and machinery imported. In respect of such liability, in prior years, a memorandum of understanding was signed alongwith a repayment plan. However, in view of certain disputes, this amount was appearing as payable. The matter was under litigation and the amount that would be payable and its timing were considered to be uncertain. The court has dismissed the suit for non-prosecution. The management then decided to carry the liability on prudence basis. However, after lapse of significant time, now the management has decided to write back the liability into statement of profit or loss.

## **27 UNPAID AND UNCLAIMED DIVIDEND**

This represent dividend withheld due to awaiting legal process.

## **28 CONTINGENCIES AND COMMITMENTS**

### **28.1 Contingencies**

(a) In respect of liabilities towards banks / financial institutions disclosed in note 19, 20, 23.1, 24, 25 and 26 to the financial statements, lender banks / financial institutions have filed suits in Honorable High Court of Sindh at Karachi for recovery of their liabilities through attachment and sale of Company's hypothecated / mortgaged properties. During the year ended 2017, out of these banks / financial institutions, certain lenders have entered into standstill agreements with the Company for an aggregate liability of Rs.6,078.45 million sought by lenders in the suits filed by them and it was agreed that the Company would settle all the liabilities at principle amount of Rs.4,751.87 million through disposal of its certain assets. Hence joint applications were filed in Honorable High Court to obtain consent decrees for the terms and conditions stipulated in standstill agreement and the consent decrees were obtained. However, due to non execution of the terms of the standstill agreement the lenders filed application with the Honorable Sindh High Court for execution of consent decrees. The Company filed suits against the lenders for performance of consent decrees in the Honorable High Court of Sindh, at Karachi wherein it has been strongly contested that filing of executions is unjust and against the law. For settlement of liabilities, the Company entered into non-binding agreement for sale of its assets, but the sale could not be finalized, however, the Company is still looking for buyers for sale of its north plant. Consequent to which the Company would be able to settle the liabilities.

- (b) Out of the lenders as disclosed in note 19, 20, 23.1, 24, 25 and 26 to the financial statements, some lenders did not become signatory of the settlement agreement and continue to pursue their suits filed in Honourable High Court of Sindh at Karachi for recovery of their liabilities through attachment and sale of Company's hypothecated / mortgaged properties. The aggregate suits amount in respect of these is Rs.1,607 million, out of total suits amount certain banks / financial institutions having suits to the extent of Rs.475.529 million have also filed winding up petitions u/s 301 of the Companies Act, 2017. Since the Company is in dispute with banks / financial institutions therefore the estimated financial effect of litigations is not being disclosed, as it may have adverse effect on Company's position in the suits.

The default of the Company is attributable to the Arrangers of the proposed Term Finance Certificates (TFCs) as they took the Company towards engineered default. The Company withdrew the foreign currency Convertible Bond issue which was completed with regard to the investors and approvals from SECP and SBP were also in place in all respect; and converted this into local TFCs under the firm commitment of major banks of the Company that it would be closed within a few weeks. Unfortunately, the TFC issue has so far not been closed.

The management has disputed the claim and is strongly contesting the case. The management has filed counter claims alleging that the banks claims are highly exaggerated as they have charged mark-up on mark-up and other levies higher than the rate of mark-up agreed and other charges in violation of State Bank of Pakistan rules and all other applicable laws of Pakistan. The management is hopeful that the decision will be in favour of the Company and the base less suits shall be rejected by the concerned courts. Since all the cases are pending before Honourable Courts therefore the ultimate outcome cannot be established at this stage.

- (c) On 27 August 2009, the Competition Commission of Pakistan (CCP) passed a single order against all the cement manufacturers of the country on the alleged ground of formation of cartel for marketing arrangement and imposed a penalty at the rate of 7.5% of total turnover of each company consisting of both local and export sales. The amount of penalty imposed on the Company is amounting to Rs.345 million. The constitutionality of the Competition Law challenged by the Company before the Honorable Lahore High Court including the show cause notice and subsequent order issued by the CCP.

On 26 October 2020, the Lahore High Court dismissed the petitions of the cement manufacturers and declared the Competition Law to be *intra vires*. Nevertheless, the Honorable Court struck down the constitution of the Competition Appellate Tribunal (CAT). The Company has filed an appeal before the Honorable Supreme Court of Pakistan to challenge the said decision. Meanwhile, the Government has also filed an appeal to challenge the judgment of the Honorable Lahore High Court.

The Company has also filed a petition before the Honorable High Court of Sindh in relation to the constitution of CAT, wherein the Honorable Court has restrained CAT from passing a final order in the matter.

Based on advice of the Company's legal advisor, the management is confident of a positive outcome in this regard.

- (a) On 3 January 2008, the Company filed a refund claim for the period from 17 June 1994 to 18 April 1999, amounting to Rs.628.015 million before Collector of Sales Tax and Federal Excise (the department) in view of Supreme Court judgment regarding the value of goods for the purpose of imposition of excise duty, under section 4(2) of the Central Excise Act, 1944 (the "1944 Act"). In the Supreme Court judgment it has been categorically held that no excise duty could be added to the retail price for levying excise duty under section 4(2) of the 1944 Act.

The department in similar cases had filed petition for review of the judgment of the Supreme Court of Pakistan. Refund application of the Company was returned with the comments that since the cases are subjudiced in review, the decision on refund will be taken after fate of review petitions. On 20 January 2009, these petitions were dismissed by the Honourable Supreme Court of Pakistan. The Company then immediately approached the Department for processing of refund. After a lapse of years, the Company then approached the Islamabad High court and on 30th June 2016 the Honourable High Court asked the FBR to hear us and the date be given for hearing. The Company was then called by the Accountant Chief FBR and decision is awaited. As a matter of prudence the Company has not accounted for the above refund in the books of account of the Company.

- (e) A Constitutional Petition was filed by the Company against the Customs Department to recover a sum of Rs.56 million representing the sale proceeds of certain goods of the Company auctioned by Customs Department and adjusted against unlawful demand / claim of Rs.89 million. The said Petition is pending and is at the stage of arguments and Company expects the same will be decided in its favour and the amount will be refunded.

## 28.2 Commitments

- (a) Letter of credit available amounting to Rs.500 million (2022: 500 million).
- (b) Guarantees issued by commercial banks on behalf of the Company amounting to Rs.115.525 million (2022: Rs.108.525 millions).

**36.1 Reconciliation between income tax expense and accounting profit:**

Numerical reconciliation between the average tax rate and the applicable tax rate has not been given as the Company is subject to the provisions of minimum tax under Section 113 of the Income Tax Ordinance, 2001 ('Ordinance'), alternate corporate tax under section 113C of the Ordinance and super tax on high earning person under section 4C of the Ordinance.

- 36.2** The Finance Act, 2017 has amended Section 5A of the Income Tax Ordinance, 2001 and introduced tax on every public company at the rate of 5% to 10% (from 2017 to 2019) of its accounting profit before tax for the year. However, this tax shall not apply in case of a public company, which distributes at least 20% to 40% (2017 to 2019) of its after tax profits within six (6) months of the end of the tax year through cash.

The Company filed a Constitutional Petition (CP) before the Sindh High Court (SHC) on 28 July 2017 challenging the vires of Section 5A of the Income Tax Ordinance, 2001, and SHC accepted the CP and granted stay against the newly amended section 5A.

In case the SHC's decision is not in favour of the Company; the Company will either be required to declare dividend to the extent of 20% to 40% (2017 to 2019) of after tax profits or it will be liable to pay additional tax at the rate of 5% to 10% (2017 to 2019). Aggregate tax liability as at reporting date as per Section 5A, amounting to Rs.194.025 million. No tax charge has been recorded by the Company in these financial statements.

The Board of Directors reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

##### 40.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

**Exposure to credit risk**

The carrying amounts of financial assets represent the maximum credit exposure. The maximum exposure to credit risk at the reporting date is:

	2023		2022	
	"Financial assets"	"Maximum exposure"	"Financial assets"	"Maximum exposure"
	----- (Rupees) -----		----- (Rupees) -----	
Long term loans	3,355	3,355	4,242	4,242

	<b>1,792,628</b>	<b>1,792,628</b>	<b>1,607,001</b>	<b>1,607,001</b>

The Company manages credit risk of receivables through the monitoring of credit exposures and continuous assessment of credit worthiness of its customers.

The management believes that no provision is required during the year. Further credit risk in respect of trade debts is mitigated by the security deposits amounting to Rs.616.643 million (2022: Rs.748.856 million). The credit quality of the Company's receivable can be assessed with their past performance.

**Cash and cash equivalents**

The cash and cash equivalents are held with banks, which are rated as follows:

Name of Bank	Rating Agency	Rating	
		Short term	Long term
Habib Bank Limited	JCR-VIS	A-1+	AAA
United Bank Limited	JCR-VIS	A-1+	AAA

## 40.2 Liquidity risk

Liquidity risk reflects an enterprise's inability in raising funds to meet commitments. The Company follows an effective cash management and planning policy to ensure availability of funds and to take appropriate measures for new requirements. At present the Company is facing liquidity problems and have been unable to make timely repayment of its liabilities resulting in overdue, further, the short term finance facilities have expired and not been renewed by the lenders.

### Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted and include estimated interest payments.

## 40.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

### 40.3.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

The Company is exposed to foreign currency risk on purchases that are denominated in a currency other than Pak Rupees (PKR). As the Company exports its products, accordingly it is exposed to currency risk, primarily with respect to trade debts denominated in US Dollars (USD).

	2023		2022	
	Rupees	US Dollar	Rupees	US Dollar
	------(in '000')-----			
<b>Assets / (liabilities)</b>				
Supplier credit	--	--	(370,800)	(1,800)
	--	--	(370,800)	(1,800)

The following significant exchange rate applied during the year:

#### 40.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the reporting date, the interest rate profile of the Company's interest-bearing financial instruments was:

	2023	2022
	------(Rupees in '000')-----	
<b>Variable rate instruments</b>		
<b>Financial assets</b>		
Cash at bank - Deposits / PLS saving accounts	811	18,659
<b>Variable rate instruments</b>		
<b>Financial liabilities</b>		
Advances for investment in term finance certificates	2,910,000	2,910,000
Long term borrowings	1,883,593	2,019,792
Lease liabilities	41,210	41,210
Short term borrowings	579,159	579,159
Trade payables	54,289	54,289
	<u>5,468,251</u>	<u>5,604,450</u>

#### Fair value sensitivity analysis for fixed rate instruments:

The impact of change in fair value due to a change in interest rate is not considered to be material to these financial statements.

#### Cash flows sensitivity analysis for variable rate instruments:

Since the Company has not made provision of mark-up on its borrowings on account of restructuring proposal offered to lenders, therefore sensitivity analysis cannot be given.

### 40.3.3 Equity price risk

Price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all instruments traded in the market.

The Company does not have investments in listed equity securities and is not exposed to market price risk.

## 40.4 Capital risk management

The primary objective of the Company's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structures in order to ensure ample availability of finance for its existing and potential investment projects, to maximize shareholder value and reduce the cost of capital.

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total equity plus net debt. Net debt is calculated as total loans and borrowings including any finance cost thereon, trade and other payables, less cash and bank balances and investments. Capital signifies equity as shown in the balance sheet plus net debt.

## 40.5 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's activities, either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of operation behaviour. Operational risks arise from all the Company's activities.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation while achieving its objectives of becoming a profitable organisation, producing high quality cement and generating returns for investors. Primary responsibility for the development and implementation of controls over operational risk rests with the Board of Directors.

## 40.6 Fair value of financial assets and liabilities

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

### Fair value hierarchy

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

	Management monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Operating segments are reported in a manner consistent with internal		

reporting provided to the Chief Operating Decision Maker (CODM). Segment performance is generally evaluated based on certain key performance indicators including business volume and gross profit.

Segment results include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. These financial statements have been prepared on the basis of single reportable segment. Revenue from sales of cement represents 100% of the gross sales of the Company.

- All non-current assets of the Company at 30 June 2023 are located in Pakistan.
- Revenues of Rs.12,223,408 million (2022: Rs.9,972,635 million) are derived from three customers.
- Revenue from M/s Oaktra Services 28.71% (2022: 23.04%) and AA Traders 9.18% (2022: 10.17%) of the total revenue of the Company.

**مارک اپ کیلئے قواعد:**

کمپنی نے مارک اپ مبلغ 774.71 ملین روپے کا حساب درج نہیں کیا جو کہ اس کے سودی قرضہ جات پر لگانا ضروری تھا۔

انتظامیہ نے اپنی طویل مدتی ذمہ داریوں کی تنظیم نو کے لیے اپنے میٹرز/مالیاتی اداروں سے رابطہ کیا۔ انتظامیہ کو یقین ہے کہ انتظامیہ کی طرف سے دی گئی کمپنی کی تنظیم نو کی تجاویز کو مالیاتی ادارے/میٹرز قبول کر لیں گے۔ لہذا، کمپنی نے مارک اپ کے لیے کوئی بندوبست نہیں کیا ہے کیونکہ ری اسٹرکچرنگ کی شرائط کے مطابق مارک اپ قابل ادا نہیں ہوگا۔

آڈیٹرز نے اپنی رپورٹ میں درج ذیل امور پر بھی زور دیا ہے۔

**مفروضہ سے متعلق امور:**

آڈیٹرز نے کمپنی کی کاروباری صلاحیت کے متعلق تشویش پر حیرانگراف کا اضافہ کیا ہے۔ انتظامیہ کی رائے کے مطابق کمپنی کی تجاویز کو مالیاتی ادارے/میٹرز قبول کر لینگے اور اس کی بنیاد پر مالیاتی حسابات تیار کئے گئے ہیں۔

**سیلز ٹیکس اور فیڈرل ایکسائز ڈیوٹی کی ادائیگی:**

آڈیٹرز نے سیلز ٹیکس، ایکسائز ڈیوٹی اور ود ہولڈنگ ٹیکس کی تاخیر سے ادائیگیوں پر معاملے کے حیرانگراف پر زور دیا ہے۔ انتظامیہ انسانی نقد بہاؤ پیدا کر کے بقایا ادائیگیوں کو ختم کرنے کے لیے پراعتماد ہے جو مقررہ وقت کے اندر نہیں کی گئی ہیں۔ بقیہ رقم کے لیے امید کی جاتی ہے کہ محکمہ کی طرف سے یہ بقایا ادائیگیوں میں بھی آسانی ہو جائے گی اور کمپنی جلد ہی اپنی بقایا رقم ادا کر سکے گی۔

**لعمومہ شیطا کا اسٹیٹمنٹ اور مالیاتی رپورٹنگ کا فریم ورک:**

ڈائریکٹرز یہ بتاتے ہوئے خوشی محسوس کر رہے ہیں کہ آپ کی کمپنی سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (SECP) کے تحت بہتر کارپوریت گورننس اور کوڈ کو یقینی بنانے کے لئے مستقل طور پر اقدامات کر رہی ہے۔

کارپورٹ اور فیڈرل رپورٹنگ فریم ورک کے بارے میں بیانات درج ذیل ہیں:

- (الف) کمپنی کی انتظامیہ کی جانب سے تیار کردہ مالیاتی گوشوارے کمپنی کے حالات، اس کے کاروباری نتائج، نقد رقم کی ترسیل اور حصص میں ردوبدل کی شفاف عکاسی کرتے ہیں۔
- (ب) کمپنی کے کھاتے مناسب طریقے سے تیار کئے جاتے ہیں۔
- (پ) مناسب محاسبی پالیسیوں کے تسلسل کو مالیاتی گوشوارے کی تیاری میں لاگو کیا گیا ہے۔ محاسبی کے اندازے ماہرانہ اور محتاط فیصلوں پر مبنی ہوتے ہیں۔
- (ت) مالیاتی گوشوارے کی تیاری میں بین الاقوامی مالیاتی رپورٹنگ معیارات، جو کہ پاکستان میں نافذ العمل ہیں، ان کی پیروی کی گئی ہے۔
- (ث) اندرونی کنٹرول کے نظام منظم ہیں اور اس کی موثر طریقے سے مملد آمد اور نگرانی کی جاتی ہے۔ اس کے پراسس کا جائزہ مستقل رہے گا اور کنٹرول میں کسی بھی کمزوری کو دور کر دیا جائے گا۔
- (ث) آنے والے سالوں میں کمپنی کے کاروباری تسلسل پر کوئی قابل ذکر شکوک و شبہات نہیں ہیں جیسا کہ مالیاتی حسابات کے نوٹ نمبر ۲ میں تفصیل درج کی گئی ہے۔

## مستقل کا نظریہ:

مجموعی گھریلو پیداوار (جی ڈی پی) گزشتہ سال کے ۶.۰ فیصد کے مقابلے میں موجودہ سال میں نمایاں طور پر 0.5 فیصد تک کم ہو گئی۔ تاہم، گھٹنے آئندہ مالی سال 2023-24 کے لیے 3.5 فیصد کے ممکنہ اعداد و شمار کی نشاندہی کرتے ہیں۔

جی ڈی پی میں یہ تبدیلی مختلف عوامل سے متاثر ہونے کی توقع ہے، جس میں روپے کا اضافہ بھی شامل ہے۔ پبلک سیکٹر ڈیولپمنٹ پروگرام (PSDP) کے لیے 1,150 ارب روپے، مزید برآں، چین پاکستان اقتصادی راہداری (CPEC) کے 10 سالہ مکمل ہونے اور فیزا کی توقع سے مقامی منڈی میں نمو کی توقع ہے۔

پاکستان کو اس وقت بے مثال سیاسی چیلنجز کا سامنا ہے، مگر ان حکومت کے قیام اور عام انتخابات کے اوقات کے گرد غیر یقینی صورتحال جس سے مارکیٹ میں عدم استحکام مزید بڑھ سکتا ہے۔ آگے بڑھتے ہوئے، مقامی مارکیٹ میں سپینٹ کی طلب میں مزید کمی ہو سکتی ہے۔ سپینٹ سیکٹر کو ایک نازک صورتحال کا سامنا ہے، جس میں متعدد خطرات جیسے کہ امریکی ڈالر کے مقابلے پاکستانی روپے کی قدر میں کمی، بلند اخراجات اور عام کی قوت خرید کو متاثر کر رہی ہے، سیاسی غیر یقینی صورتحال، شرح سود میں اضافہ اور چارجڈ ٹیکسوں کے اقدامات اس پر اثر انداز ہو رہے ہیں۔ منافع ان عوامل کا سپینٹ مینوفیکچررز کے مارجن پر شدید اثر پڑتا ہے۔

تاہم، بلند شرح سود اور معاشی اشاریوں کی حوصلہ شکنی کی وجہ سے معیشت کی ترقی میں رکاوٹ ہو سکتی ہے۔

پیشین گوئیاں بتاتی ہیں کہ مستقبل قریب میں سپینٹ کی صنعت میں سنگل ہندسے کی ترقی ہو سکتی ہے۔ توقع ہے کہ یہ نمو مقامی تزیین میں اضافے کی وجہ سے ہوگی جس کی وجہ مانگ میں معمولی اضافہ ہے۔

## جاری مقدمہ سازی:

جہاں تک مالیاتی حسابات میں قرض دہندگان کے متعلق سوال ہے تو اس سلسلے میں وصولی کیلئے کئی مقدمے ٹیکس / مالیاتی اداروں نے دائر کئے ہوئے ہیں اور ان مقدموں کا دفاع وکلاء حضرات کامیابی سے کر رہے ہیں۔ وکلاء نے ان مقدمات کے سلسلے میں اپنی رائے اٹھانے کی ہے اس کا جائزہ لیا جا رہا ہے تاکہ ان مقدمات کا کامیابی سے دفاع کیا جاسکے۔

## آڈیٹرز رپورٹ کا جائزہ:

آڈیٹرز نے درج ذیل بنیاد پر اپنی رپورٹ مکمل کی ہے جس کی وضاحت درج ذیل ہے:

### پری آئی پی او انویسٹمنٹ کے لئے ایڈوانس:

آڈیٹرز انتظامیہ کے ساتھ پری آئی پی او انویسٹمنٹ کیلئے ایڈوانس کی درجہ بندی مبلغ 2,910 ملین روپے بطور طویل مدتی قرضہ جات پر مشفق نہیں ہیں۔

انتظامیہ کی رائے کے مطابق آئی پی او کو مستحکم بنانے میں بند نہیں کیا تھا لہذا ٹی ایف سی جاری نہیں کی جاسکتی۔ ہم نے انہیں دوبارہ ترمیم کیلئے نظر ثانی کی پیشکش کی تھی اور پوری امید ہے کہ یہ مستقبل قریب میں حل ہو جائے گا۔ یہاں یہ بھی تحریر کرنا ضروری ہے کہ تقریباً 27% قرضہ جات پر نظر ثانی کی جاسکتی ہے۔

## کمپنی کی کارکردگی:

مالیاتی نتائج کی تفصیلات درج ذیل ہیں:

	2022	2023	فروخت
	('000' Rupees in)		
	16,518,299	20,199,556	مقامی۔ صافی
	1,224,761	446,886	کل منافع / (خسارہ)
	1,209	(164,766)	قبل از ٹیکس صافی خسارہ
	(703,032)	(586,306)	بعد از ٹیکس صافی خسارہ
	روپے (1.45)	روپے (1.21)	بنیادی خسارہ فی شیئر
	روپے (1.45)	روپے (1.21)	خسارہ کا تناسب فی شیئر
	% اضافہ (/ کمی)	ٹن میں تعداد	<u>ترسیلات</u>
		2022	
	(12.63)	1,790,543	مقامی ترسیل۔ سینٹ
	(89.54)	4,170	مقامی ترسیل۔ بنگالی ایف ایس 436

کمپنی کی ترسیلات میں گزشتہ سال کے مقابلے میں 12.63 فیصد کمی کی واقع ہوئی، جس کی وجہ سیاسی عدم استحکام، بلند قیمت کی بلند قیمت، خراب موسمی حالات جیسے شدید بارش اور بڑے پیمانے پر سیلاب، پبلک سیکٹرز میں اخراجات میں کمی جیسے عوامل کے سنگم کو قرار دیا جاسکتا ہے۔ ترقیاتی پروگرام (PSDP)، اور مجموعی گھریلو مصنوعات (GDP) کی مست شرح نمو۔

## مالیاتی جائزہ:

سال کے دوران، کمپنی کی مجموعی فروخت آمدنی 20,199 ملین روپے تک بڑھ گئی جس کی بنیادی وجہ فروخت کی اوسط قیمت میں اضافہ تھا۔ آپ کی کمپنی کی سیکرز کی فی ٹن لاگت میں گزشتہ سال کے مقابلے میں 47.82 فیصد اضافہ ہوا ہے۔ یہ اضافہ بنیادی طور پر PKR کی نمایاں قدر میں کمی کی وجہ سے بنیادی طور پر کوئٹہ، بجلی، تمام مال، اور درآمدی استعمال کی اشیاء کی لاگت میں مسلسل اضافے سے منسوب ہے۔ رواں مالی سال کے لیے مجموعی منافع کا مارجن گزشتہ سال کے مقابلے میں 7.41% سے کم ہو کر 2.21% ہو گیا ہے، جس کی بنیادی وجہ پلانٹ کی آئٹمز سے دیکھ بھال کی بندش، کوئلے، بجلی اور نقل و حمل کی لاگت میں نمایاں اضافے کے ساتھ ساتھ مہنگائی میں اضافہ ہے۔ جینٹلمن پلانٹ کی کارکردگی میں بہتری اور ڈیمانڈ سپلائی میکانزم پر غور کرتے ہوئے حتمی وقت میں پیداوار کے طریقہ کار کے ساتھ پیداواری لاگت کے اعلیٰ رجحان کو کم کرنے کے لیے پرعزم ہے۔

## ڈائریکٹرز رپورٹ

آپ کی کمپنی کی بینجمنٹ آپ کو 30 جون 2023ء کو ختم ہونے والے مالی سال کے آؤٹ شدہ حسابات کے ساتھ کمپنی کی 44 ویں سالانہ رپورٹ پیش کرنے میں خوشی محسوس کر رہی ہے۔ یہ کمپنی کی 20 ویں سالانہ رپورٹ ہے جب سے یوسف دیوان کمپنیز نے کمپنی کی بینجمنٹ اور کنٹرولنگ شیئرز حاصل کئے۔

### جاہزہ

سال 2022-23 کے دوران، سینٹ کی صنعت نے گزشتہ سال کے مقابلے میں اپنی کارکردگی میں 15.74 فیصد کمی کا تجربہ کیا۔ سینٹ کی کل ترسیل 44.58 ملین میٹرک ٹن ہے جس میں 40.02 ملین میٹرک ٹن مقامی کھپت اور 4.56 ملین میٹرک ٹن برآمدات ہیں۔ جبکہ 2021-22 کے تقابلی سال میں کل ترسیلات 52.91 ملین میٹرک ٹن تھیں، جن میں 47.66 ملین میٹرک ٹن مقامی اور 5.25 ملین میٹرک ٹن برآمدات کے لیے تھے۔ جیسا کہ واضح ہے، کمی مقامی ترسیل میں دیکھی گئی، جس میں 16.03% کی کمی واقع ہوئی، اور برآمدات، جس نے 13.13% کی کمی کو ظاہر کیا۔

پورے سال کے دوران، سیاسی غیر یقینی صورتحال، مہنگائی میں اضافہ، شرح سود میں اضافہ، کم از کم اجرت میں اضافہ، بجلی کے نرخوں میں اضافہ، اسٹیٹ بینک آف پاکستان کے زر مبادلہ کے کنٹرول کے اقدامات اور اس میں تاخیر کے نتیجے میں کاروبار چلانے کی لاگت میں نمایاں اضافہ ہوا ہے۔ آئی ایم ایف پروگرام کی بحالی اس کی وجہ سے مارکیٹ میں غیر یقینی صورتحال پیدا ہوئی ہے، جس کے نتیجے میں امریکی ڈالر کی شرح مبادلہ میں اضافہ ہوا ہے اور اس کے نتیجے میں ایندھن، کوئلے اور دیگر مواد کی قیمتوں میں اضافہ ہوا ہے۔

قوت خرید میں کمی کا صنعت پر نقصان دہ اثر پڑا ہے، خاص طور پر سینٹ کی ترسیل میں 15.74 فیصد کمی سے واضح ہے۔ ترسیل میں یہ کمی مالی سال کی پہلی سہ ماہی کے دوران ملک کے تقریباً نصف حصے میں آنے والی شدید بارشوں اور سیلاب کی وجہ سے بھی ہے، جس سے بنیادی طور پر کے پی کے، جنوبی پنجاب اور اندرون سندھ جیسے علاقے متاثر ہوئے۔

آئی ایم ایف پروگرام کی منظوری کے بعد پالیسی رٹ 22 فیصد لاگو کیا گیا، حکومت نے ٹیکس وصولی کے اہداف بڑھا دیئے، بجلی اور ایندھن کی قیمتوں میں خاطر خواہ اضافہ ہوا۔ اس کے نتیجے میں، اخراجات 38 فیصد تک بڑھ گئے ہیں، جس نے اقتصادی ترقی کو متاثر طریقے سے روک دیا ہے۔ سال کے لیے جی ڈی پی کی شرح نمو محض 0.5 فیصد ہے، جو معاشی سرگرمیوں میں نمایاں سست روی کی نشاندہی کرتی ہے۔

تاہم، آئی ایم ایف کے نئے پروگرام نے معیشت میں رجحانیت کا احساس پیدا کیا ہے۔ سخت شرائط عائد کرنے کے باوجود، اس نے ڈیفالٹ کے خطرے کو کم کر کے، درآمدی پابندیوں کو ہٹا کر اور USD کی دستیابی کو یقینی بنا کر کاروباری برادری میں اعتماد پیدا کیا ہے۔

## چیرمین کا جائزہ

بورڈ آف ڈائریکٹرز کمپنی کے انتظام کے لیے ذمہ دار ہے، جو تمام اہم پالیسیاں اور حکمت عملی تیار کرتا ہے۔ بورڈ متعلقہ قوانین اور ضوابط کے تحت چلتا ہے اور اس کی ذمہ داریاں، حقوق، ذمہ داریاں اور فرائض اس میں متعین اور تجویز کردہ ہیں۔

بورڈ آف ڈائریکٹرز متشوعہ علم کے حامل افراد پر مشتمل ہوتا ہے جو اپنی بہترین صلاحیتوں کے ساتھ کمپنی کے مقاصد میں حصہ ڈالنے کی کوشش کرتے ہیں۔

کمپنی کے بورڈ آف ڈائریکٹرز کا سالانہ خود جائزہ لیا جاتا ہے۔ اس تجزیے کا مقصد اس بات کو یقینی بنانا ہے کہ بورڈ کی مجموعی کارکردگی اور تاثیر کو کمپنی کے لیے مقرر کردہ مقاصد کے تناظر میں توقعات کے خلاف پایا اور نتیجہ ناک کیا جائے۔

30 جون 2023 کو ختم ہونے والے مالی سال کے دوران بورڈ کے سات اہل اس منصفہ ہوئے۔ کمپنی کے بورڈ آف ڈائریکٹرز کو لہجندا اور معاون تحریری مواد ملا جس میں بورڈ اور اس کی کمیٹی کے اجلاسوں سے پہلے کافی وقت میں نالو اب مواد بھی شامل ہے۔ تمام ڈائریکٹرز اہم فیصلوں میں برابر کے شریک ہوتے ہیں۔ بورڈ کی مجموعی کارکردگی اور تاثیر کو تسلی بخش قرار دیا گیا ہے۔
