STATEMENT OF MATERIAL FACTS UNDER SECTION 134(3) OF THE COMPANIES ACT, 2017

The statement sets out the material facts concerning the special business to be transacted at the EOGM of the Company to be held on Saturday February 24, 2024:

Agenda Item No.1:

Ghani Chemical Industries Limited (GCIL/the Company) and Kilowatt Labs Technologies Limited (KLTL) are associated companies. Both the companies are also subsidiary companies of Ghani Global Holdings Limited.

During September/ October 2021, Service Fabrics Limited (name changed to G3 Technologies Limited and merged with and into Ghani Chemical Industries Limited/the Company) raised Rs. 2.341 billion through right issue for setup of Pakistan's first ever import substitute Calcium Carbide manufacturing project and investment in Super Capacitor project etc. In addition to above, the shareholders of Service Fabrics in their Extra-Ordinary General meeting held on September 25, 2021 also accorded approval for investment up to Rs.650 million in the shares of Kilowatt Labs Technologies Limited (KLTL) in the form of equity investment at the rate of Rs. 13 per share (including a premium of Rs.3 per share). This approval was granted in terms of Section 199 of the Companies Act, 2017 for setup of Super Capacitors Project with joint venture of a USA based company named Kilowatt Labs Inc. (as a foreign partner). The SECP vide its letter dated August 23, 2021 also allowed this investment subject to receipt of funds from the foreign partner.

Thereafter due to certain technical reasons, formal Joint Venture agreement between both the parties (KLTL and foreign partner) could not finalized/signed and the foreign partner also did not deposited/transferred his share money in KLTL account. Keeping the facts enumerated above, the board of directors of the Company has formally decided to withdraw the decision for investment in KLTL subject to the approval by the shareholders of the Company.

2. At present, the Company is actively in process for setting up two state-of-the-art projects in Hattar Special Economic Zone, i.e. 1. Pakistan's first ever import substitute Calcium Carbide manufacturing project 2. GCIL's 5th & Pakistan's largest 275TPD ASU plant for manufacturing of medical and industrial gases. Originally these projects were planned to be in operation during 2022. However due to extra-ordinary devaluation of Pak rupee, foreign currency crunch and tremendous hike in local expenses, projects cost and installation schedules badly affected. In the result projects have delayed by more than 18 months. Despite these adverse factors, at present, around 90% of plant & machinery of these projects have already arrived at site and the balance is expected within next few weeks. Construction and installation work on both the projects are actively in process and these projects are expected to be in operation within next 2-3 months. InshaAllah. With the commissioning of these projects, GCIL shall further strengthen its leading position in medical and industrial gases and import substitute chemical. The new ASU plant will result in more efficiency and there would be reduction in associated power & production cost as the specific power will improve by 25-30%, shall positive impact on fuel and power cost of the Company, consequently increasing the bottom-line profitability. In addition to above, these projects having tax holidays for 10 years and there would be 29% tax saving to the Company with further good positive impact in the bottom-line profitability. InshaAllah.

To meet the increased project(s) cost of above two projects, the board of directors have further decided to utilize the balance right issue funds amounting to Rs. 650 Million (which was originally allocated for investment in KLTL) for setup of ongoing projects (as stated above) subject to approval by the shareholders of the Company.

The following resolutions are proposed to be passed as Special Resolution:

“RESOLVED that approval of the shareholders of the Company (Ghani Chemical Industries Limited) be and is hereby accorded to withdraw/cancel the special resolution passed by shareholders of Service Fabrics Limited (subsequently name changed to G3 Technologies Limited and merged with and into Ghani Chemical Industries Limited) in their Extra-Ordinary General Meeting held on September 25, 2021 in terms of Section 199 of the Companies Act, 2017 for equity investment of PKR 650,000,000/- (Rupees Six Hundred Fifty Million only) in Kilowatt Labs Technologies Limited for setup of Super Capacitors Project.”

“FURTHER RESOLVED that approval of the shareholders of the Company be and is hereby accorded to reallocate and utilize the right issue funds portion amounting to PKR 650,000,000/- (Rupees Six Hundred Fifty Million only) received during September/ October 2021 by Service Fabrics Limited (name changed to G3 Technologies Limited and merged with and into Ghani Chemical Industries Limited/the Company) for setup of ongoing projects (1. Import substitute Calcium Carbide manufacturing plant 2. 275TPD ASU plant for manufacturing of medical and industrial gases) of the Company in Hattar Special Economic Zone.”

“FURTHER RESOLVED that the Chief Executive Officer and Company Secretary of the Company be and are hereby singly authorized to do all such acts, deeds, matters and things, as may be deemed necessary, proper or considered expedient for the purpose of giving effect to the aforementioned resolutions and/or may be directed by the Securities and Exchange Commission of Pakistan (SECP) and such amendment, modification, addition or deletion shall be deemed to be have been approved as part of the passed Special Resolution without the need of members to pass a fresh Special Resolution.”

Note:

None of the directors of the Company has any direct or indirect interest in the special business and/resolutions except to the extent of their respective shareholding held in the Company.
