INDEPENDENT AUDITORS' REVIEW REPORT
To the members of Mubarak Textile Mills Limited
Report on review of Interim Financial Statements
Introduction

We have reviewed the accompanying condensed interim statement of financial position of **MUBARAK TEXTILE MILLS LIMITED** as at December 31, 2023 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows together with the selected notes forming part thereof, for the six month period then ended (hereinafter referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of the interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan. Our responsibility is to express a conclusion on these financial statements based on our review.

The figures included in condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the quarters ended December 31, 2022 and 2021 and the notes forming part thereof have not been reviewed by us, as we are required to review only the cumulative figures for the six months' period ended December 31, 2022.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Adverse Conclusion

We believe that the procedures we have performed are sufficient and appropriate to provide a basis for our adverse conclusion and we report that:

- a) The company has suffered a loss of Rs. 1.473 million during the period ended December 31, 2023 (2022: Rupees 0.637 million) and as on that date its accumulated losses stood at Rupees 86.278 million (Rupees

MUBARAK TEXTILE MILLS LIMITED

85.370 million: June 30, 2023). As on this date, the company's current liabilities exceeded its current assets by Rupees 5.347 million (Rupees 4.324 million: June 30, 2023). The Company through special resolution dated October 31, 2009 accorded approval of its shareholders for sale of its plant & machinery and to lease out factory buildings to sustain its working capital requirements; moreover, the Company's plan to enter into trading business in the near future as envisaged by the management has not yet materialized, and we were neither provided with future projections of the Company nor alternate business plan to revive the Company to support going concern assumption. Further, Additional Registrar of Companies, Securities and Exchange Commission of Pakistan has filed winding up petition in the Lahore High Court, Lahore in 2019 against the Company which is pending adjudication.

These conditions and events indicate material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore it may not be able to realize its assets and discharge its liabilities in normal course of business. Because of the circumstances and events as mentioned herein, we concluded that the Company cannot be considered to be a going concern and thus the preparation of these condensed interim financial statements on a going concern basis is inappropriate.

- b) It was noted that interest free loan from sponsors amounting to Rupees 44.187 million has been shown under long term loans in these condensed interim financial statements. As stated in audited financial statements for the year ended June 30, 2023 the terms of long term loans have not been settled. The said loan has not been classified and disclosed in these condensed interim financial statements as per guidelines issued by the Institute of Chartered Accountants of Pakistan under TR 32 – Accounting Directors' Loan.

Adverse Conclusion

Based on our review, because of the significance of the matter discussed in the paragraphs (a) to (b) above, these accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's review report is **Rashid Iqbal FCA**.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Judgments and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these interim financial statements.

IFRS 13, 'Fair Value Measurements' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (Unobservable)
- Transfers between levels of the fair value hierarchy are recognized at the end of the reporting period during which the change occurred. However, there is no transfer between levels during the period.
