BOUND BY
COLLABORATIVE
SPIRIT

BOUND BY COLLABORATIVE SPIRIT

At the heart of The Bank of Punjab's (BOP) annual report lies a vivid representation of our core ethos - "Bound by Collaborative Spirit." The cover image, capturing hands joined in unity, encapsulates the very essence of our success. This year marks a transformative journey, defined by collaboration within and beyond traditional boundaries.

United by a shared vision, our organisational landscape has evolved, breaking down barriers and fostering an environment where collaboration is the driving force behind our achievements. This collaborative synergy extends beyond individuals to embrace the integration of cutting-edge technology, creating a seamless and dynamic ecosystem.

Let us continue to work hand in hand, leveraging the strength of collaboration across departments, individuals, and technology, shaping a future where unity and collaboration are the cornerstones of our journey.

ABOUT THE REPORT 2023

Statement of Adherence with the International Integrated Reporting Framework

The annual report of The Bank of Punjab (BOP) has been prepared in compliance with established reporting standards. BOP integrated report duly explains the value created by the Bank in its normal course of business for its stakeholders. The annual report also describes in detail the Bank's business model, long term & short strategy, risk & opportunities and governing rules & regulations. BANCASSURANCE

“Bancassurance” means distribution of insurance products of insurance companies through bank’s distribution channels. The concept of bancassurance in Pakistan took birth in 2003 but this sector got encouragement during 2008-2009. This product attracted a number of banks in Pakistan, especially those with large branch network and extensive clientele. At present, there are more than twenty banks involved in the business of bancassurance with different companies.

PRODUCTS & SERVICES

This business is managed by Life Insurance Companies and falls under the purview of Securities and Exchange Commission of Pakistan (SECP) who has provided comprehensive guidelines for Bancassurance business which are mandatory to be followed by the banks & insurance companies.

The Bank of Punjab is in agency arrangements with two insurance companies i.e. M/s EFU Life Assurance Limited and M/s IGI Life Insurance Limited for Bancassurance plans whereby BOP act as corporate insurance agent for specified insurance products of these companies. It is to be cleared that these plans are underwritten by these insurance companies and the Bank of Punjab is only acting as their corporate distribution agent. These plans are not guaranteed by The Bank of Punjab or its affiliates and are not The Bank of Punjab product.

RAAST - Pakistan First Instant Payment Portal

Raast is Pakistan's first instant payment platform which enables end-to-end digital payments between individuals, businesses and government entities. This is a payment gateway developed by State Bank of Pakistan (SBP). It enables the real-time transfer of money without any transaction fees.

Raast payments are made through an alias which is linked to the customer's bank account number. A mobile number can become a customer's alias, on which payments are directly processed against their linked bank account. This eliminates the need for exchanging lengthy account numbers when making transactions.

THE LEGITIMATE NEEDS, INTERESTS OF KEY STAKEHOLDERS AND INDUSTRY TRENDS

As a prominent financial institution of Pakistan, we acknowledge the profound reach of our influence, transcending the boundaries of our own operations. The decisions we make regarding financing and the relationships we cultivate play a pivotal role in shaping the broader landscape of our economy and society. Our success is intricately intertwined with the well-being and satisfaction of our investors, the compliance expectations of regulators, the needs and preferences of our diverse customer base, the dedication and contributions of our employees, and the overall prosperity of the communities we serve.

In the year 2023, we surpassed conventional standards, going above and beyond to not only achieve growth but also to advance our progressive agenda. Through innovative practices and strategic initiatives, we propelled ourselves toward a future that aligns with our commitment to positive societal impact. This steadfast dedication echoes through every facet of our operations, emphasizing that our success is not merely measured in financial terms but in the positive transformations we bring to the lives of our stakeholders and the communities in which we operate.

Value Creation for Our Investors

The strategic deployment of our technology led expansion strategy is not only proving highly effective but also delivering substantial and robust returns for our investors. This success concurrently strengthens our financial resilience, positioning us strategically to thrive in the dynamic landscape that lies ahead. Our unwavering dedication to best practice governance serves as the bedrock of our operations, fostering transparency, accountability, and ethical conduct at every level. Complementing this, our robust risk management framework ensures that our growth trajectory is consistently anchored in the most resilient foundations, safeguarding against potential uncertainties and challenges. This steadfast commitment to governance excellence and risk mitigation not only underscores our current success but also fortifies our capabilities for sustained growth and long term value creation for our investors in the years to come.

Enhanced Experience and Customer Satisfaction

Service excellence is paramount to our market standing, and we recognize that maintaining a leading position requires ongoing evolution. To this end, BOP is making substantial investments in innovation, data protection, and talent development. By embracing cutting-edge technologies and forward-thinking approaches, we aim to redefine the banking experience for our customers. Through these strategic investments, we are crafting a banking experience that seamlessly blends personalized service with the power of digital innovation.

Commitment to Community Development

BOP is actively contributing to Pakistan's development agenda by engaging with both underserved economic sectors and social peripheries. This commitment is evident through our strategic involvement in lending, forming partnerships, making investments, and providing sponsorships. At BOP, our dedication to fostering financial inclusion is unwavering, and we leverage digital solutions to extend our banking relationships to an expanding network of micro-businesses and SMEs. This multifaceted commitment underscores our belief in the transformative power of banking not only as a financial service but as a catalyst for positive change and progress. As we continue to actively participate in various development initiatives, our goal remains clear – to contribute meaningfully to the growth and well-being of the communities we serve.

Prioritizing Employee Wellbeing for Collective Growth

At BOP, we aspire to offer more than just a job; we provide a dynamic platform for learning, continuous growth, and thriving in an agile, high-performance environment. Here, individuals are not just part of a team; they are integral contributors to a culture that upholds our core values of integrity, empathy, ambition, inclusiveness, and discipline. We believe in fostering an atmosphere where actions aligned with these values are not only recognized but also rewarded, creating a workplace that nurtures both personal and professional development. We believe that fostering wellbeing and equal opportunities is not just a commitment but a catalyst for our shared success.

For Our Future

We are inspired by Board of Director's vision for an inclusive, sustainable, self-reliant economy. With an open and collaborative culture, BOP is working with diverse partners to ensure that it plays a central role in delivering this ambition. With unwavering commitment, we pledge to deploy our financial strength and expertise to serve the interests of all our stakeholders. This commitment extends beyond the immediate horizon, as we recognize the profound impact our actions can have on future generations. It is our collective responsibility to contribute to the longevity and prosperity of the economy, ensuring that the benefits of our endeavors resonate far into the future. BOP remains steadfast in its dedication to shaping a sustainable and inclusive future, not just in the years to come, but as a lasting legacy for the benefit of generations yet to come.

SWOT ANALYSIS

A SWOT analysis gauges the Bank's strengths, weaknesses, opportunities, and threats. This analysis helps management to focus on Bank's strengths in order to take lead of future business opportunities while remain cognizant of weaknesses and resist threats in order to potentially convert threats in to opportunities and ultimately strength of the Bank.

Strengths

1. Strong affiliation with GoPb
2. Strong brand recognition across Punjab
3. Well-established branch network across Punjab
4. Strong Credit ratings (Long Term: AA+, Short term: A1+)
5. Loyal, stable & diverse workforce
6. Public Sector Risk Appetite with private sector processes

Weaknesses

1. Brand perception of a public sector institution
2. Slow speed to market due to PPRA and other govt. compliances
3. Brand acceptability outside Punjab
4. Limited Digital Footprint
5. High Cost of Business
6. Low Efficiency and Asset Utilization Ratios

Opportunities

1. Increase Margin on deposits
2. Enhance Process Efficiency through Robotics and use of AI algorithms & AI Business Analytics
3. Increase share of wallet through cross-sell of products
4. Build digital banking business
5. Increased recoveries from NPL portfolio
6. Penetrating overseas market
7. Penetrate untapped and emerging Market Segments such as Gen X, Gen Y, Gen Z
8. Enhance Market Share of Islamic Banking
9. ESG & Blended Finance
10. Enhancing Scale & Scope of Branchless Banking Payments through acquisition of Person to Person (P2P) Payments License

Threats

1. Global & domestic political and economic uncertainty
2. Public Sector Deposits Concentration Risk
3. Burgeoning of Infection Levels due to high Interest Rates
4. High vulnerability of SME, Agri & Consumer Risk Portfolios to Climate Change
5. Government Influence / Intervention
6. Implementation of Treasury Single Account (TSA) in Provinces
7. Increasing threats of Frauds and Cyber-security
8. Continuity of existing Loss Coverage Government Schemes by subsequent governments

OPERATING ENVIRONMENT AND BANK'S RESPONSE

External Environment

The Bank of Punjab's external environment, including political, economic, social, technological, legal and natural factors have an impact on business performance and achievement of strategic objectives. Impacts of all such factors and Bank's response have been disclosed in the Risks & Opportunities and SWOT analysis sections in annual report 2023.

Legislative and regulatory environment

The Bank of Punjab is established under The Bank of Punjab Act, 1989 and is primarily governed through Bye-laws established under The Bank of Punjab Act, 1989. Legal & regulatory environment also encompasses a comprehensive regulatory framework administered by State Bank of Pakistan and Securities & Exchange Commission of Pakistan being regulators. Further, regulations set by FATF, IMF and other international bodies also impact the Bank.

Interests of key stakeholders and industry trends:

Key Stakeholders	Interests	Interaction process	Industry Trend
 GoPb	Keep GoPb updated on all material development about the Bank Adherence to Regulations Maintain Growth trend	Representation at BOD level Frequent Presentations	Practices are aligned with other Public Sector Commercial Banks

 Suppliers/Service provides	Transparent process Timely payments	Open bidding process Grievance handling mechanism	As per best industry practices
 Society	Corporate Social Initiatives Green Banking	Through media and website	As per best industry practices

Competitive Landscape & Market Positioning

1. Intense Competition:

Owing to microeconomic conditions prevalent in the Country and very high interest rate, intense market competition was faced by the Bank. Beside fierce competition among financial institution for market share of low cost deposits, better investment and lending opportunities at good spread remained scarce.

Despite very tough competition, the Bank adopted a holistic approach and continued to consolidate its market position. New products & services were also introduced during the year for meeting customer requirements in wake of on-going competition.

2. Threat of New Entrant:

During the year, there was no significant threat of new entrant.

3. Bargaining power of Customer:

Owing to very competitive environment and very high interest rate, bargaining power of customer increased manifold. Besides demand of very high interest rates on deposits, lending & investment opportunities were also scarce.

4. Bargaining power of Suppliers/ Service Providers:

Due to exchange rate volatility and temporary embargo on import of certain goods, bargaining power of suppliers/ services provider also increased. Acquisition of laptops, computers and other such equipment at a suitable rate remained a challenge throughout the year. The Bank utilized its long term relationship with vendors/ suppliers to overcome the issue and its market position remained much better than its competitors in this respect.

Way Forward

Going forward, the Bank is strategically positioned to enhance its financial standing and operational efficiency. A key focus is placed on increasing the Rate of Growth of Current Accounts (CA) and Islamic deposits, aiming to strengthen the foundation of our deposit base. The Bank is committed to leveraging the benefits offered by Government Schemes with guaranteed Loss Coverage, ensuring a sustained and stable financial trajectory.

In pursuit of diversified revenue streams, a proactive approach involves exploring new avenues to raise Fee Income. Special attention is directed towards the development and promotion of Digital Products and Services, aligning with the evolving preferences of our clientele. Simultaneously, there is a strategic emphasis on Trade-based income, contributing to a well-rounded and resilient financial portfolio.

Operational enhancements are a crucial aspect of the Bank's forward-looking strategy. Measures will be implemented to improve Network and People Productivity, fostering an environment of efficiency and effectiveness across all aspects of our operations. Furthermore, the Bank recognizes the importance of facilitating Transaction and Customer Migration to Digital Channels, ensuring adaptability to market trends and customer expectations.

In a bid to expand market presence and relevance, the Bank is keen on enhancing penetration in untapped segments. This includes a strategic focus on POS Acquiring, E-Commerce, P2P Branchless Banking, and participation in Climate/ Blended Finance initiatives.

These endeavors collectively form a comprehensive approach to drive the Bank's growth and sustainability in the dynamic financial landscape.

STRATEGY AND RESOURCE ALLOCATION

STRATEGIC OBJECTIVES

The Bank of Punjab now shifts focus to BOP's 2024-26 Strategy, its Guiding Principles, and Key Areas of Focus. The Bank now takes stock, and to delineate a coherent series of actions, taking into account macroeconomic considerations, competitive landscape, and progress made so far. There is an opportunity for the Bank to identify Key Focus Areas for the next three years and strive to achieve ambitious yet attainable goals.

For 2024-26 Strategy, the Bank have identified Key Focus Areas, carefully chosen to maximize value / significance. These provide the maximum impact on Profitability, enhance the Bank's Brand Image, and also help the Bank fulfil its role as a public sector owned Commercial Bank. A snapshot of each focus area is produced below.

While formulating goals for these Focus Areas, the Bank has targeted to get to the level of its Peers where lagging and maintain parity and/or advantage where such is the case. Peer Bank universe remains uniform across all businesses except DBG, where many Peer Banks do not have a Digital Offering. We have studied Peer Banks' performance in the last 15 years in Key Focus Areas, and have charted the time taken for them from when they were in a similar position as BOP's, in comparison to their current position.

The next guiding principle of 2024-26 Strategy is that the Bank would like to attain the level of Peer Banks in Key Focus Areas by 2026, or by 2028 in some cases. By doing so, the Bank is setting ambitious targets to reach Peer levels in areas where some Banks might have taken 6-8 years, or even longer. These ambitious targets are being set with the confidence that with all the base work done already, and with a vibrant and committed team available, BOP shall be able to get to the levels of its Peer Banks in shorter time than it took for those Banks.

Finally, for all other business indicators, Bank has targeted to grow at a level of last 3- years CAGR for Peer Banks, so as not to lose market share.

President / CEO video on Bank's performance and future outlook is available on Bank's website:

KEY PERFORMANCE INDICATORS

The above defined strategic areas of focus shall form broad lines of Bank's Key Performance Indicators to be measured vigorously. The Board also approves and endorse all key significant plans and initiatives of the Bank to achieve desired strategic objectives.

The Bank measures its accomplishments in accordance with strategic objectives by using a comprehensive set of balance scorecard for all the positions in the bank that contains Key Performance Indicators (KPIs) and Targets. The objectives and KPIs are strategically aligned, where strategy translates into explicitly defined KPIs for President & CEO and senior management.

In essence, these meticulously selected KPIs collectively provide a comprehensive framework for the Bank to measure and continually enhance its performance across various strategic domains, ensuring the bank's sustained growth and resilience in a dynamic financial landscape.

The objective tracking and monitoring mechanisms have been updated regularly to remain aligned with strategic goals. The bank uses metrics to measure market penetration, customer perception, revenue growth and brand recognition to evaluate its performance.

Our strengths

- **Visionary and Effective Leadership**

The Bank of Punjab (BOP) thrives under the guidance of a seasoned Board of Directors, complemented by an exceptionally proficient Executive Management. With seasoned leadership at the helm, BOP navigates the intricacies of the financial sector with finesse, ensuring strategic decisions align with long-term goals. The effective management not only promotes operational excellence but also fosters an organizational culture that values transparency, collaboration, and innovation. This cohesive leadership approach trickles down through every level of the bank, creating an environment where expertise, adaptability, and forward-thinking converge. The result is a resilient and well-managed institution, poised for continued growth and sustained success in the ever-evolving financial landscape.

- **Robust Governance Framework**

The Bank has established a robust governance framework, adhering to the international best practices. This framework not only serves as a cornerstone for long-term success but also stands as a testament to the unwavering integrity and transparency expected

by our stakeholders. Encompassing the highest standards, our governance structure ensures the responsible and ethical management of the Bank's affairs. It goes beyond compliance, reflecting our commitment to fostering an environment where accountability, fairness, and transparency prevail. This steadfast dedication to governance excellence not only safeguards the interests of our stakeholders but also reinforces the trust they place in the Bank, laying a solid foundation for sustained growth and ethical business conduct.

- **Continuous Innovation**

Continuous Innovation is integrated into organizational DNA. At the heart of all our strategies, lies an unwavering commitment to exploring new horizons, embracing cutting-edge technologies, and fostering a culture that thrives on creativity. We believe that innovation is not just a means to adapt; it's the catalyst for transformation and progress. BOP continuously enhances its digital and technological capabilities using advanced data analytics to make banking more accessible and secure, while providing an exceptional customer experience.

- **Resilience**

We view resilience not merely as a reactive response, but as a proactive strength ingrained in our culture. It empowers us to transform adversity into opportunity, ensuring that we remain steadfast in our pursuit of sustainable growth and unwavering commitment to our stakeholders.

- **Environmental, Social, and Governance**

Sustainability stands as a cornerstone in the Bank's strategic agenda, reflecting our commitment to being a responsible corporate citizen. Recognizing the pressing global challenges posed by climate change, BOP is dedicated to maximizing its contribution to Pakistan's commitment through an array of Environmental, Social, and Governance (ESG) initiatives. We believe in the power of responsible banking and are actively engaged in developing and implementing sustainable practices that align with international best standards. From integrating eco-friendly technologies into our operations to fostering financial inclusion and community development, our ESG initiatives aim to create a positive impact. By aligning our strategic goals with environmental and social responsibility, we not only fulfill our commitment to sustainable practices but also contribute meaningfully to the broader vision of a greener and more equitable future for Pakistan.

- **Expertise**

We provide a full range of innovative banking products and services to our customers, supported by an in-depth knowledge of the markets we operate in and detailed economic insights which helps them grow and prosper.

- **Talent**

Diverse talent is the driving force that propels us towards innovation and success. We recognize the immense value that skilled and motivated individuals bring to our dynamic environment. By fostering a culture that nurtures and celebrates talent, we empower our teams to push boundaries, challenge the norm, and contribute their unique perspectives. Our commitment to attracting, developing, and retaining exceptional talent is reflected in our investment in continuous learning, career growth opportunities, and a collaborative work environment. Through this strategic focus on talent, we not only cultivate expertise within our ranks but also lay the groundwork for a future that thrives on creativity, adaptability, and sustained success. The Bank employs a diverse workforce united by shared values and an inclusive, high-performance culture.

Investing in the right technology has played a significant role in helping The Bank of Punjab move away from legacy operational styles and go digital, giving us the scale and versatility to meet modern-day banking needs. BOP continuously enhances its digital and technological capabilities using advanced data analytics to make banking more accessible and secure, while providing an exceptional customer experience.

Technological changes

Following the Board's vision, Bank has adopted following technological changes during 2023:

I. Update to the latest version of Core Banking System:

- a. A comprehensive IT security policy has been put in place along with risk mitigation protocols. The Bank has successfully implemented and upgraded to latest version of an internationally renowned Oracle based core banking system 'Flexcube' and all branches have been migrated to newly upgraded CBS.

II. Digital Banking Initiatives:

- a. The Bank of Punjab has been taking frequent steps towards strategic partnerships with fin-techs to develop culture and support digital innovation by handshaking with other digital players in the market.
- The Bank of Punjab and Knowledge Streams have signed a landmark Memorandum of Understanding (MOU) for championing excellence, innovation, and inclusivity in digital up-skilling. The MOU aims to develop cooperation between BOP and Knowledge Streams, a leading company in digital technology, cybersecurity, and digital skill provision.

Knowledge Streams is a corporate training facility dedicated to face-to-face boot camps for IT professionals to bridge the talent-employment gap in the tech industry. It provides technical and soft skills training with speed and quality that exceeds international standards to help university graduates meet the needs of the IT industry both locally and globally.

The cooperation is a win-win for both organizations as BOP continues on its aggressive journey of digitalization, and Knowledge Streams continues to provide disruptive initiatives in cyber security and digital literacy and up-skilling.

- Moving forward in its mission to empower its digital channels (digiBOP), the Bank of Punjab has been on the forefront to support the digital ecosystem of Pakistan. In its commitment towards digitization, BOP has entered into a partnership with NayaPay to provide an opportunity to BOP to uplift its channels and business utilization. NayaPay, a leading E-Money Institution in Pakistan, enables users to open E-money accounts on their smartphones in a few simple steps and take control of their finances. With this alliance, NayaPay customers can deposit cash into their NayaPay account at any BOP bank branch. Additionally, BOP and NayaPay's mutual customers can link their BOP account to their NayaPay wallet for convenient money transfers between accounts and for merchants to offload funds to their designated BOP account. Customers may also load their NayaPay wallets by simply using the BOP internet banking portal and mobile banking app.

III. ESG Reporting & Challenges:

The State Bank of Pakistan (SBP) issued the Green Banking Guidelines (GBG) in 2017. Based on the SBP GBG, The Bank of Punjab (BOP) has developed the Green Banking policy. The Bank is reporting the Green Banking adoption status to the SBP quarterly through the regulator's defined reporting mechanism. Environmental & Social Risk Management (ESRM) is one of the critical pillars of Green Banking adoption and in light of the SBP ESRM Implementation Manual, The BOP has developed the ESRM Policy & Manual and under BOD's Approval stage. Upon approval of the ESRM Policy & Manual, the Bank will proceed with the integration of ESRM in its credit portfolio.

IV. Initiatives to Promote Innovation:

During 2023, BOP remained engaged in promoting following initiatives for innovation:

- Establishing a sandbox for digital innovation
- Established Data Analyses wing to serve the Bank wide data need using attest technology
- Use of AI in business, reporting, cyber security and risk assessment
- Collaboration with Incubation Center NICL in LUMS
- Startup hunt to sponsor them to visit Fintech event in Singapore

Our approach towards sustainability is organized along a three-pillar structure to achieve the following objectives:

i. Encourage Sustainable Financing:

The Bank is actively engaged in promoting financing solutions to our customers looking to transform their business processes to be sustainable in the long term.

ii. Digital Transformation:

We encourage customers to use our Alternate Delivery Channels (ADC's) to minimize use of paper, energy and other critical resources.

iii. Responsible Organization:

We are in process of implementing Green & Socially responsible workplace and strengthening our sustainability culture.

Board strategy on liquidity

Board Risk Management Committee (BRMC) also review detailed presentation covering all risk management parameters, market and liquidity position along with Capital projections.

Bank is maintaining sufficient liquidity in the shape of Cash, Balance with other banks and Investment in Government instruments. In this sphere the Bank has a very healthy Liquidity Ratio with sizeable liquid assets to meet any contingencies.

There has been no default in payment during year under review.

RISK MANAGEMENT FRAMEWORK

Below is an explanation of significant factors affecting the external environment across various dimensions and their potential impacts on business operations, along with strategies for response, to be included in the Bank's annual financial statement for the year 2023:

Political Environment

Short Term: Pakistan's political stability affects investor confidence and economic growth, with changes in government policies impacting business operations and market sentiments.

Medium Term: Bilateral relations with neighboring countries and geopolitical tensions influence trade agreements, foreign investment, and regional stability.

Long Term: Political reforms, governance challenges, and security concerns shape the country's long-term investment climate and regulatory environment.

The bank is closely monitoring political developments, engaging with regulatory authorities, and diversifying its investments to mitigate political risks. Actively participating in industry associations and advocacy for regulatory reforms supporting a conducive business environment and sustainable growth.

Economic Environment

Short Term: Economic cycles, inflation rates, and fiscal policies impact consumer spending, borrowing trends, and business investment in Pakistan's economy.

Medium Term: Structural reforms, infrastructure development, and taxation policies drive economic growth and market competitiveness.

Long Term: Demographic trends, labor market dynamics, and global economic integration influence Pakistan's long-term economic prospects and market opportunities.

The bank has adjusted its lending practices, interest rate policies, and risk management strategies to navigate economic fluctuations and regulatory changes. Investment in key sectors of Pakistan's economy, such as agriculture, manufacturing, and technology, supporting inclusive growth and sustainable development.

Social Environment

Short Term: Social trends, cultural values, and urbanization rates shape consumer behavior, market demand, and product preferences in Pakistan.

Medium Term: Changing demographics, youth population dynamics, and social inequalities impact workforce dynamics and market segmentation.

Long Term: Social development goals, education reforms, and healthcare initiatives drive inclusive growth and social progress in Pakistan.

The bank has tailored its product offerings, marketing strategies, and customer engagement initiatives to address the evolving needs of Pakistani consumers. Investments in financial literacy programs, youth entrepreneurship, and social impact projects will foster economic empowerment and social cohesion.

Technological Environment

Short Term: Technological advancements, digitalization trends, and internet penetration drive innovation, efficiency gains, and market disruption in Pakistan.

Medium Term: Adoption of fintech solutions, e-commerce platforms, and digital payments revolutionize financial services and consumer behavior.

Long Term: Technology infrastructure, cybersecurity risks, and regulatory frameworks shape Pakistan's digital economy and technological competitiveness.

The bank is investing in digital infrastructure, cybersecurity measures, and talent development to capitalize on Pakistan's digital transformation opportunities. Partnerships with digital banking initiatives, and innovation hubs will enhance customer experience and market leadership in the digital era.

Environmental Environment

Short Term: Climate variability, water scarcity, and natural disasters impact agricultural productivity, energy supply, and infrastructure resilience in Pakistan.

Medium Term: Environmental regulations, renewable energy investments, and sustainable development initiatives drive green growth and climate resilience.

Long Term: Climate change impacts, biodiversity conservation, and environmental stewardship shape Pakistan's long-term sustainability goals and development priorities.

The bank has integrated environmental risk assessments into its lending practices, promoting green finance solutions, and support climate adaptation and mitigation projects in Pakistan. Collaboration with government agencies, NGOs, and international partners will advance sustainable development objectives and enhance environmental stewardship.

Legal Environment

Short Term: Changes in regulatory frameworks, legal reforms, and judicial proceedings affect business operations, contractual agreements, and compliance obligations in Pakistan.

Medium Term: Legislative reforms, anti-corruption measures, and corporate governance standards drive regulatory compliance and transparency in Pakistan's business environment.

Long Term: Legal uncertainties, contract enforcement, and dispute resolution mechanisms shape Pakistan's long-term investment climate and legal risk profile.

The bank maintains robust legal and compliance frameworks, conducts regular risk assessments, and ensures adherence to regulatory standards and industry best practices in Pakistan. Engagement with legal counsel, industry associations, and regulatory authorities will mitigate legal risks and support business continuity.

Effect of Seasonality on Business

In Pakistan, seasonal fluctuations impact various sectors such as agriculture, tourism, and retail, affecting consumer spending, business activity, and market demand. For the bank, seasonal variations may influence loan disbursements, deposit levels, and investment portfolios, impacting revenue streams and profitability.

The bank has implemented strong seasonal marketing campaigns, product promotions, and liquidity management strategies to capitalize on peak seasons and mitigate the impact of seasonal variability on financial performance. Diversification of revenue streams, flexible lending products, and proactive risk management will ensure resilience in dynamic market conditions.

Eminent Risks

There always lie a possibility of an event(s) that could lead to significant unexpected / negative outcome(s) which may impede the Bank's capability in meeting its strategic objective(s). As an on-going practice, the Bank assesses the potential impact of an emerging risk, both from financial and non-financial aspects and takes corrective / remedial measures as necessary. Broadly speaking, eminent risks that could materially affect Pakistan banking system are; macroeconomic conditions, geopolitical risks, regulatory & legal risk and cyber security risks.

Internal Risks

Bank is managing its internal risk through comprehensive Operational risk management framework in which broadly covers KRI's, RCSA, OPRAP recording of loss database and through other standard tools. Further, Internal Capital Adequacy Assessment Process(ICAAP) under Basel framework has also been implemented on Bank wide portfolio for all major risks. In addition, the Bank has also implemented bank wide risk appetite limits for all major risks to efficiently manage risk versus return of different portfolios. Further, increasing non-performing loans (NPLs) can undermine the bank's capital adequacy and financial stability. To counter it, bank has strengthened credit risk management practices, enhancing loan portfolio diversification, and implementing proactive NPL resolution strategies mitigate credit risks and preserve capital buffers. Market disruptions may impair the bank's ability to meet capital requirements and sustain operations. To counter it, bank has robust liquidity management frameworks, diversified funding sources, and contingency funding plans ensure liquidity resilience and support capital adequacy under various market conditions.

External Risks- Macroeconomic Conditions of Pakistan

Definition and potential impact: Widening gaps in the balance of payments, coupled with persistently high inflation rates and significant policy rate fluctuations, continue to exert pressure on the Pakistan economy. Analyst reports initially forecasted a slowdown in GDP growth, anticipating lower credit expansion and tighter liquidity conditions. However, recent developments, despite these challenges, have shown signs of resilience,

with a forecasted GDP growth of 2.13%. This suggests that Pakistan is making progress in addressing economic challenges and adapting to the evolving financial landscape.

Mitigation Strategy

The Bank of Pakistan (BOP) maintains continuous vigilance over economic developments, diligently assessing their implications. BOP generates various analysis reports and dashboards at the Management Committee and Board levels, meticulously evaluating their impacts on the bank's credit, market, operational, and other risk factors.

Furthermore, the Asset and Liability Management Committee (ALCO) of the bank conducts thorough analyses of ongoing economic developments both domestically and internationally. ALCO closely monitors the escalation of interest rate levels and its effects on the bank's overall portfolio, encompassing both credit and market risks. Periodic stress testing and capital impact analyses are conducted to facilitate informed decision-making within ALCO.

To mitigate risks associated with investments in Government Securities and Bonds, the bank imposes duration limits, adjusting portfolio mix according to prevailing interest rate scenarios. Additionally, diversification strategies, such as investing in equities and lending to diversified groups, transactions, programs, and government initiatives, help mitigate the impact of fluctuating macroeconomic conditions.

The bank maintains a robust capital adequacy position, regularly subjecting itself to stress tests to ensure adequate capital coverage under all circumstances. Proactive measures are undertaken to manage liquidity risk, including daily position monitoring, regular stress testing, and maintaining buffers exceeding Basel/regulatory requirements

Geopolitical Risk

Definition and potential impact: This risk could stem from sources unrelated to the Bank business. Geopolitical tension has been a persistent issue for this region for last few decades.

Mitigation strategy: Bank monitors geopolitical situations around the globe on an ongoing basis. In particular, Banks' Chief Economist centrally assesses the economic impact of changing geopolitical risks and

provides key inputs to drive the Banks' strategy. RMG independently monitors Bank wide Country limits by consolidating all treasury and trade exposures.

While conducting its business activities, a Bank faces various risks, which emanate from its exposure due to external or internal risk factors. Bank of Punjab (BOP), like all businesses, faces uncertainty and the challenge for its management is to determine the acceptable level of uncertainty as it strives to grow stakeholder value and guidance there against is provided by the Board.

BOP aims to strike an optimal balance between risk and return, and effectively deploy resources to achieve the Bank's strategic goals and objectives. In this regard, the Bank has established the following risk appetite limits for management of various major risks faced by the bank which arise due to its business activities.

S. No.	Limits	Risk
1.	Capital Adequacy Ratio (CAR) Risk Trigger	Balance Sheet Risk
2.	Leverage Ratio (LR) Risk Trigger	Balance Sheet Risk
3.	Obligor Risk Rating (ORR)	Credit Risk
4.	Infection Ratio	Credit Risk
5.	Watch List	Credit Risk
6.	Advance to Deposit Ratio (ADR) (Net)	Liquidity and Credit Risk
7.	Liquidity Risk Appetite	Liquidity Risk
8.	Foreign Exchange Risk Appetite	Market Risk
9.	Money Market Risk Appetite	Market Risk
10.	Risk Appetite related to Fixed income investments	Market Risk
11.	Equity Capital Market Risk-Appetite	Market Risk
12.	Operational Risk Appetite	Operational Risk
13.	Trade Based Money Laundering	TBML Risk
14.	Cyber Security Risk	Cyber Risk
15.	AML/TF/PF Risk	Money Laundering Risk

The banks measure /calculates and implemented a number of advance risk measurement tools like RCSA, ORAP, KRI's, Duration, Price value basis point(PVBP), IFRS including PD, LGD, EAD models for ECL calculation. In addition, there are comprehensive bank wide risk policies which includes Risk management, PPM, Credit policy, Cyber risk, AML CFT and others through which it adds value towards its strategic plans and targets.

Other regulatory framework like CAR, LCR, NSFR and leverage ratio under Basel framework also strengthen its risk framework to standardized level.

The Bank's Risk Management Framework is fortified through regular evaluations of its Risk Policies and Procedures to ensure alignment with both international and local regulatory standards, as well as industry best practices. The Risk Management Group of the Bank scrutinizes risk-related Policies and Procedures, facilitating the integration of new controls, thresholds, early warning indicators, and limits, while also bolstering following across various risk domains:

- Identification and assessment of risks.
- Implementation of mitigation measures.
- Continuous monitoring of risk factors.
- Enforcement of controls.
- Comprehensive reporting on risk exposure.

This review encompasses the entire spectrum of risks at the entity level, spanning Credit, Market, Interest Rate, Liquidity, Operational, Technology, Information Security, Cross Border, Settlement, Compliance, Legal, Money Laundering (ML), Terrorist Financing, Proliferation Financing, and Reputational Risks, among others.

Current year was challenging in terms of market conditions, weakening credit performance in certain parts of the market, tightening liquidity and upward pressures on funding costs. However, bank's balance sheet and P&L continued to demonstrate resilience. Some CY 2023 highlights include:

- NPL ratio of 5.99%; lower than last year's 8.76%.
- Provision (Specific) coverage is 83.39% for the CY 2023 as compare to 85.68% CY 2022.
- Capital adequacy ratio of 18.37%, which is robust in line with regulatory requirement of 11.5%.
- LCR is 184% which is higher in reference to regulatory requirement.

With a continued focus on risk management practices alongside enhanced monitoring related to Basel II/III and IFRS-9 framework; bank has managed to improve its' credit quality whilst also maintaining balance sheet growth.

We continue to invest in our risk management capabilities through expanded portfolio-exposure reporting and analytic techniques, standardized stress testing, assessment of ratings migrations, technical trainings, model-development capabilities, and tuning/calibration. We also continue to monitor the impact of macro-economic developments on domestic front and their impacts on bank portfolio to make changes as appropriate to our underwriting capabilities and policies.

Through continued focus on automation and information management, Bank is aligning itself with anticipated Basel III requirements which State Bank of Pakistan is in process of implementing in near future. Bank is also upgrading its risk infrastructure through projects such as the digitalization of credit approvals (LOS) and rollout of Enterprise Risk Management Systems including Compliance Risk Management System, Basel Engine, IFRS-9 Engine, Internal Credit Risk Rating Models for Corporate/SME, Facility Risk Rating Models, LGD & PD Model etc. to ensure that our risk management practices remain best-in-class. RMG has also designed Bank-wide Risk Register on consolidated level which gives a holistic view of Risk and Controls. For enhanced return to stakeholders with efficient utilization of funds, bank has embarked on developing / implementing Risk Adjusted Return on Capital (RAROC) model.

Bank has enhanced its risk management framework to identify, assess, and mitigate various risks such as credit risk, market risk, operational risk, and compliance risk. This involves the adoption of advanced risk assessment tools and the implementation of robust risk mitigation strategies. Furthermore, bank has aligned its risk management practices with overarching strategic objectives. This includes ensuring that risk management efforts are integrated with the bank's mission, vision, and long-term goals, thereby enhancing overall organizational resilience and sustainability. Steps taken by the bank in risk management include following:

1. Credit Risk	
How we performed during the year	<ul style="list-style-type: none"> - Credit-risk-weighted assets of 441.96 billion. - NPL ratio of 5.99%; lower than last year's 8.76%. - Provision (Specific) coverage is 83.39% for the CY 2023 as compare to 85.68% CY 2022. - Total Specific impairment charges have declined by PKR 1.75 billion which stands at 42.43 billion CY'2023 as compared to 44.18 billion CY'2022. - Top 10 largest funded performing obligors' exposure constituted 7.51% of gross loans (21.34% in CY'2022). <p>Credit Risk Management Committee of the Bank has the mandate to appropriately keep credit risk at acceptable levels and within the risk appetite of the Bank.</p>
Risk Management Process	<p>Measure the amount that could be lost in case of eventuality.</p> <p>Monitor infection ratio, industry concentration, % watch list portfolio, WAORR, RAROC, Expected Credit Loss, RWA analysis, Regulatory ratios and stress testing.</p> <p>Manage portfolio diversification / adherence to credit discipline / underwriting guidelines while ensuring improvement in overall portfolio credit quality.</p> <p>Outcome enabled portfolio credit rating improved as weighted average ORR CY'2023 stands at 3.05 as compare to 3.28 CY' 2022.</p>
2. Market Risk	
How we performed during the year	Market Risk of the Bank is well within defined limits (internal and regulatory) as per SBP Risk management guidelines, Bank's Investment and Risk management policy.
Risk Management Process	<p>Measures valuation and risk policies for all Level 1 and Level 2 financial instruments in the trading book using measurement tools like Duration and PVBP etc. are used to measure fixed income risk.</p> <p>Monitoring is done using standard monitoring tools like mark to market, limit monitoring (both internal and regulatory) and advance Risk measurement tools like Value at Risk (VaR), Duration and Price value basis point (PVBP) etc.</p> <p>Manage through daily risk reporting and all material risks highlighted on appropriate forums i.e. ALCO and Board- RMC & NPLRC on periodic basis. Risk Appetite and other all exposure limits are approved by BOD.</p>
3. Information Security Risk	
How we performed during the year	No material loss of confidential data or disruption of processes experienced due to information security breach was reported. During the year we have also added several IS control mechanisms.
Risk Management Process	<p>Monitor through real time integrated logs of systems and network; identifying security events and incidents; assessment of security risks in applications and systems via Vulnerability Assessment and Penetration Testing; maintaining and continually updating information-risk register and reporting to concerned units and management.</p> <p>We have acquired threat intelligence from various providers and receive threat advisories from several sources. This intel is used to identify relevant risk by correlating with BOP technology infrastructure.</p> <p>Manage through risk reporting and treatment; ensuring that custodians of information assets fix the identified vulnerabilities. In addition, we have deployed preventive technology controls for various threat vectors.</p>

4. Reputational Risk	
How we performed during the year	No instance occurred which may cause/lead to impact on Banks' reputation.
Risk Management Process	<p>Measure through number of complaints/red-flags received/media news/electronic and social media etc.</p> <p>Monitor through ensuring operational alignment with Bank's mission / strategic objectives and maintenance of stakeholders' confidence.</p> <p>Manage through reduction in overall number of complaints received & resolved within defined timeframe amicably under regulatory guidelines.</p>
5. Legal Risk	
How we performed during the year	No instance occurred which places Bank into a Legal battle.
Risk Management Process	<p>Measure through number of cases filed against BOP and cases filed by BOP. Decision in favor and against BOP is also a tool to measure legal risk.</p> <p>Monitor Bank monitors all filed cases against it on quarterly basis. Further, Bank also allocates Capital Charge as per annual exercise under ICAAP.</p> <p>Manage through a dedicated in-house legal unit, panel of advocates and adequate monitoring of different red-flag/alerts raised.</p>
6. Liquidity and Funding Risk	
How we performed during the year	<ul style="list-style-type: none"> • LCR is 184% as compared to 138% CY'2022 • NSFR is 125% as compared to 123% CY'2022 • *Gross ADR is 55.86% as compared to 51.69% CY'2022 <p>*Gross Advances / Deposits</p>
Risk Management Process	<p>Measure using metrics related to Basel III liquidity ratios and internally approved triggers. Liquidity stress tests are carried out using contractual, behavioral and stressed conditions coupled with contingency funding facilities.</p> <p>Monitor ALCO oversee the Bank's liquidity and funding risk, stress-test management process and corrective actions.</p> <p>Manage Funding from customer deposits (retail & corporate), long-term funding through debt securities & subordinated liabilities. Further, interbank borrowing (both call and secured), FX Swap, borrowing facilities from the State Bank of Pakistan and Liquidity Contingency Funding plan to manage its liquidity risk during normal and liquidity crunch times.</p>

7. Operational Risk	
How we performed during the year	<ul style="list-style-type: none"> Operational RWA stood at PKR 81.51 billion for year CY' 2023 as compared to PKR 70.68 Billion in CY'2022.
Risk Management Process	<p>Measurement of Operational risk is done in light of SBP risk management guidelines in supplement with BOD approved policy by using above mentioned measurement tools.</p> <p>Further, Bank is using the Basic Indicator approach prescribed by the State Bank of Pakistan (SBP) to calculate Operational Risk Capital Charge and reports as per SBP's predefined frequencies.</p> <p>Monitor using key Risk indicators, thresholds, appetite and loss event database.</p> <p>Manage through escalation of issues & events for risk transparency across the organization. All employees are responsible for identifying and assessing risks. Further, ORMC is conducted on monthly basis in which all operational risk updates/analysis are presented based on which all key actions are decided for improvement/ implementation on bank wide basis.</p>
8. Capital Risk	
How we performed during the year	<ul style="list-style-type: none"> CAR is 18.37% as compared to 13.11% CY'2022 Leverage is 3.38% as compared to 3.46% CY'2022 <p>Regulatory requirement is of 11.50% and 3.00% respectively.</p>
Risk Management Process	<p>Measure using core Tier 1 (CET1) and total capital adequacy ratios following the (Basel III- standardized approach). Leverage is measured through monitoring of Tier 1 capital against average total consolidated assets.</p> <p>Monitor through a process of forecasting capital to ensure our capital position is controlled as per Bank's internal planning while safeguarding its strategic objective and goals. Further, a long term road map is also in place to monitor target versus achievements with respect to balance sheet growth and Capital planning.</p> <p>Manage employing techniques based on the guidelines developed by the Basel Committee and the State Bank of Pakistan. The Bank also prepares an annual comprehensive ICAAP document, which is a detailed assessment of the Bank's risk profile, approaches to assessing and measuring various material risks, and capital planning under regular and stress scenarios.</p>

As a prominent bank in Pakistan, BOP recognizes the significance of environmental, social, and governance (ESG) factors in mitigating operational risks, particularly those related to potential disruptions in the supply chain. We are committed to transparently disclosing our strategy for monitoring and addressing such risks. This involves mapping our supply chain networks, conducting rigorous supplier due diligence, prioritizing risk assessment, diversifying our supplier base, and fostering stakeholder engagement. By continuously monitoring ESG-related developments and promoting responsible business practices, we aim to enhance the resilience and sustainability of our operations while creating long-term value for our stakeholders and the communities we serve.

SUSTAINABILITY AND
CORPORATE SOCIAL
RESPONSIBILITY
(CSR)

SUSTAINABILITY AND CORPORATE SOCIAL RESPONSIBILITIES

The Bank discharge of its Corporate Social Responsibilities (CSR) with an objective to ensure sustainable growth of society. The Bank's CSR initiatives are aligned with environment social governance regime.

As a responsible corporate body, the Board has approved a comprehensive Green Banking Policy. Green Banking refers to the promotion of environmentally friendly practices that aid banks and their clients in identifying and managing environmental risks, as well as reducing their carbon footprint and related socially adverse actions.

It embraces the primal concept of creating awareness and cognizance of the environmental consequences of Bank's actions, both directly, and indirectly through the plethora of counterparties associated with the Bank's value chain having spillover effects on the upstream and downstream economies.

Through Green Banking, BOP will not only improve its own standards of financial intermediation, but will also play an active role in demanding the same from its stakeholders. This outlines BOP's commitment of contributing its due share towards containment of the wide ranging impacts of climate change and creation of positive externalities to augment the Bank's image as a socially responsible corporate citizen.

The Bank of Punjab fully support National Financial Literacy Program launched by SBP to promote financial inclusion through spreading financial education for inclusive economic growth and stability across the country which is continuing till now. Financial inclusion

is defined as access to formal financial services by individuals & firms to use a range of quality payments, savings, credit and insurance services which meet their needs with dignity and fairness.

In pursuit to enhance education in the Country, the Bank has paid charity with a sizeable amount to The Citizen Foundation (TCF) for education empowerment. The partnership between BOP and TCF represent their shared vision and dedication towards uplifting society through education and financial inclusion.

CSR Initiatives: In recent years, the Bank of Punjab (BOP) has emerged as a market leader in Corporate Social Responsibility (CSR), spearheading numerous social and public welfare initiatives. The bank undertook several major initiatives during 2021-23. In 2023, one of our primary endeavors involved supporting literary and cultural activities nationwide, exemplified by its sponsorship of Pakistan Literature Festivals held in different cities. Significant events took place in Lahore, Muzaffarabad (Azad Jammu Kashmir), and Sukkur, drawing participation from thousands of attendees. Furthermore, the bank extended its support to the Lyallpur Literary Council, facilitating the successful organization of the 10th Faisalabad Literary Festival 2023. These initiatives play a crucial role in fostering literary activities beyond major cities.

Demonstrating a belief in Inclusivity, the Bank endorsed the Capital Premier League (CPL) 2023, an event featuring Wheelchair Cricket. Additionally, the Bank collaborated with Lahore Qalandars to champion five emerging women cricketers. Notably, the Bank supported deaf cricketers by organizing the T20 National Deaf Cricket Championship 2023 in Lahore.

In a collaborative effort with WWF-Pakistan, the Bank dedicated its support to maintaining clean and pollution-free air, water, and land resources. This partnership reflects a shared commitment to combating environmental degradation and preserving the natural world for the overall well-being of society.

In the realm of research, the Bank contributed to the Pakistan Agriculture Research Council's project on Healthy Potato Nucleus Seed Production Through Tissue Culture Technology. Additionally, the bank sponsored students from NUST as part of its National Talent Hunt Program.

Addressing environmental concerns, the bank conducted various tree plantation drives across the country through its BOP Madadgar initiatives. Notably, the largest plantation drive occurred in the Ferozepur Road area of Lahore, resulting in the planting of over 5000 trees. A listing of some of the prominent initiatives of 2023 is as follows:

1. Capital Premier League (CPL) 2023 for Wheelchair Crickets
2. Scholarships to 05 Emerging Women Cricketers
3. Pakistan Agriculture Research Council Project on Healthy Potato Nucleus Seed Production Through Tissue Culture Technology
4. IBA Karachi & NUST - National Talent Hunt Program (NHTP) Payment
5. Road Safety Campaign - BOP Branded Helmet
6. Tree Plantation Drive Under BOP Madadgar in Lahore
7. NHTP Under BOP & NUST MOU
8. WWF-Pakistan's Corporate Membership
9. Kar Dalo, Pakistan Ke Liay by MKR

10. Blood Donation Drives Under BOP Madadgar (Pan-Pakistan)
11. 10th Faisalabad Literary Festival 2023
12. BOP T20 National Deaf Cricket Championship 2023
13. Pakistan Literature Festival 2023 (PLF)
 - Karachi
 - Muzaffarabad
 - Lahore
 - Sukkur

BOP achieved ISO 26001:2018 Certification, an international standard for Social Responsibility. The certification is for businesses and organizations which are committed to operating in a socially responsible manner. Moreover, it is viewed as a way of assessing an organization's commitment to sustainability and its overall performance. The certification recognizes and highlights BOP's commitment as a socially responsible entity that is striving for a sustainable future. The Bank also ensure compliance with Corporate Social Responsibility (Voluntary) Guidelines, 2013 issued by SECP.

Health & Safety of Employees

In the year 2023, for the first time the Bank introduced free of cost digital healthcare consultation for employees named as **'Sehat Kahani'**, highlighting Bank's dedication to prioritizing the health and well-being of its employees. This app provides robust healthcare consultation 24/7 to employees and their loved once. The primary aim of 'Sehat Kahani' is to provide high-quality healthcare services round the clock without any associated costs, saving the traveling time, cost and energy of employees.

The Bank initiated multiple health related campaigns that aim at creating awareness and sustaining the mental and physical health of employees. In line with the global standards, the month of May was dedicated to **'Mental Health Awareness'**. Multiple sessions were arranged that served as platform for open discussions, reducing stigma, distribution of green ribbon, ensuring a workplace culture that breaks the stereotypes and embrace mental health issues faced by employees. The Bank also offered free consultation with qualified psychologists to facilitate employees with personalized guidance.

The Bank dedicates the month of October to **'Pinktober Campaign'**, organizing multiple awareness sessions, pink ribbon distribution and one-to-one discussion with breast cancer experts and survivors. The bank also supported Pink Ribbon Pakistan's Zakat Collection Campaign and conducted a month-long Breast Cancer Awareness campaign, offering free mammography facilities and educational activities.

The Bank dedicate the month of November to **'Movember Campaign'**, breaking the stigma and recognizing the importance and awareness of men's physical and mental health. The Bank does not only limit to open discussions and ice breaking activities for employees but also offered free consultation with qualified psychologists/ oncologist/physicians.

In Quarter 4 of the year 2023, the Bank set the trend high by organizing biggest corporate **Cricket Tournament** bringing employees from all across Pakistan on one pitch, improvising team building and physical health of employees, providing stress free environment, work-life

balance and ultimately sustain enhanced the productivity of employees.

In the year 2023, yet another milestone was successfully achieved by inaugurating **Day Care facility** for its employees. The primary aim of this project was to reduce stress and anxiety of employees by keeping their young once close by and prevent workplace distractions fostering a culture of diversity and inclusion.

The Bank has undertaken noteworthy health and safety initiatives, with a particular focus on the well-being of its staff. A standout program involves the distribution of **BOP branded helmets to employees**, reflecting a commitment to ensuring road safety during commuting. Recognizing the importance of road safety, this initiative not only aligns with the bank's dedication to protecting its workforce but also promotes responsible behavior beyond the workplace.

The Bank regards health and safety of its employees as sole importance and have undertaken multiple initiatives to uplift and sustain the health and related safety standards of people. The bank launched the **BOP Madagar employee volunteering program**, enabling employees to engage directly in CSR activities. The program actively supported flood affected by assisting in the construction of zero-carbon shelter homes and providing ration bags to victims in South Punjab, accompanied by a significant contribution to the **flood relief fund**. The Bank also organize blood donation camps that drive under BOP MADAGAR scheme, across diverse areas of Pakistan.

Green Banking Policy

BOP's Green Banking Policy has been prepared in light of the "Green Banking Guidelines" issued by SBP vide IH&SMEFD Circular No. 08 dated October 09, 2017. The Green Banking Policy shall run in parallel to other regulatory guidelines and should be read, understood, and governed by all relevant SBP directives issued from time to time.

It provides necessary guidance to protect the natural environment while providing services and financing to our customers as well as to improve in-house environmental management through efficient use of various resources across the bank. This includes the awareness creation and promotion of environmentally friendly & socially responsible projects and practices and reduction of the overall carbon footprint from both our lending and in-house operations. The primary objective here is to inculcate the environmental consciousness as part of the bank's culture, reorientation of banking products, services and operations to reduce environmental impacts. The GB policy is applicable to all business and support functions of the bank.

Through induction of gradual measures aimed towards sustainable development, the Bank would support projects that are environmentally safe and contribute their due share in arresting the adverse impacts of climate change. The BOP Green Banking Policy focuses on the following three components:

- i. Environmental Risk Management (EnvRM).
- ii. Own Impact Reduction.
- iii. Green Business Facilitation.

Environmental & Social Risk Management Policy

The Bank of Punjab is committed to continuously enhancing its Environmental, Social, and Governance (ESG) related principles within its policies and procedures. This demonstrates a proactive approach toward incorporating sustainability and responsible practices into the core of the bank's operations.

The Bank is currently engaged in the formulation of its Environmental & Social Risk Management (ESRM) Policy document that shall also constitute the Bank's Environmental & Social Management System (ESMS). It serves as a course of action for the bank to strategize, implement, and monitor the Environmental & Social (E&S) risks at all levels of the bank by way of setting out the procedures, roles, and responsibilities for the identification, assessment, mitigation, and monitoring of E&S risks arising from the bank's credit portfolio.

The policy is being prepared in light of the "Green Banking Guidelines" issued by SBP vide IH&SMEFD Circular No. 08 dated October 09, 2017, the SBP ESRM Implementation Manual issued by the SBP vide IH&SMEFD Circular No. 12 dated November 09, 2022, IFC Performance Standards, applicable E&S regulations, and national laws. Relevant to mention that SBP has given three years to all the bank's / FI's for the full implementation of ESRM from the above mentioned issuance date of its ESRM Implementation Manual.

A. Initiatives and plans on Sustainability and CSR:

At The Bank of Punjab (BOP), we are keen to promote a sustainable financial future for our clients, communities, and the planet. Our focus on

sustainability enables us to pursue growing business opportunities while simultaneously managing various environmental and social risks. Our commitment is well-founded to leverage our financial expertise, resources, and influence to drive economic prosperity, social inclusivity, and environmental well-being.

a) Environment related obligations applicable on BOP:

1. SBP Green Banking Guidelines issued by SBP vide IH&SMEFD Circular No. 08 dated October 09, 2017.
2. Code of Corporate Governance and Corporate Social Responsibility (CSR) Voluntary Guidelines issued by the Securities and Exchange Commission of Pakistan (SECP) in 2013.
3. SBP ESRM Implementation Manual issued by the SBP vide IH&SMEFD Circular No. 12 dated November 09, 2022.
4. Compliance against already attained CSR 26001:2021 certification that includes social responsibility recommendations.

b) BOP Progress towards ESG initiatives during the year:

The Bank of Punjab has always remained steadfast in lending a helping hand to the public, particularly its marginalized and disenfranchised segments and concerted efforts are being made to achieve the objective of financial inclusion. Moving forward in ESG journey the year 2023 marked a number of initiatives, including:

- The creation of BOP's ESRM Steering and Working

Committee(s) was an important step towards the development of BOP's sustainability governance structure.

- The year 2023 marked the development of BOP Environmental & Social Risk Management (ESRM) Policy. In doing so, BOP will endeavor to mitigate E&S risks and contribute towards sustainable development by supporting clients that seek continuous improvement in environmental and social practices.
- The BOP was given the Best SME Bank 2023 award by Asia Money in recognition of the various green and sustainable financing products launched for the SME sector including BOP e-Business Qarza, Refinance Scheme for Modernization of SMEs and BOP Apni Dokaan.
- The BOP played a positive role in the development of the sustainable and climate-smart agriculture sector through various sustainable agriculture financing schemes like the BOP Shamsi Tawanai, BOP Farm Mechanization, BOP Electronic warehouse receipt financing and Punjab Rozgar Scheme PRS. These initiatives are positive steps towards achieving food security and energy conservation in Pakistan.
- BOP took another step towards achieving environmental and social sustainability by launching a green loan scheme for shifting traditional brick kilns to zigzag technology.
- The BOP's Digi BOP was launched to digital

innovative products & services and accelerate our vision of becoming a Digital-First Challenger Bank centered on customers' needs. The shift towards digital financial services will enable BOP to create environmental & social sustainability along with ensuring financial inclusion.

- BOP has sponsored the Pakistan Spelling Bee, a national competition aimed at improving English & Urdu language skills among the country's youth and developing a spirit of teamwork and collaboration.
- A Day Care Center was established in the BOP Head Office in Lahore to facilitate the women workforce. The Day Care Center is equipped with state-of-the-art equipment and competent staff so that the mothers may perform their work obligations in a relaxed environment.
- A Women's Entrepreneur Finance Scheme (WEFS) was launched by The BOP to assist women to launch or expand their business across Punjab. This initiative was aimed towards ensuring women inclusion in the country's economy.
- The BOP prides itself on providing equal employment opportunities, free of gender discrimination; by implementing a methodical merit without gender discrimination selection process. The Bank successfully closed the year 2023 with permanent staff strength of **11,420** employees and **2,239** contractual employees. During the year 2023, **515** female staff members have been hired. The ratio of female staff members stood at **23%** compared to **22%** from the previous year.

- The BOP celebrated Working Women Day to celebrate the spirit of gender equality and financial inclusion.
- The BOP deepened its commitment to major health initiatives throughout the year. The Bank participated in the global Pink Ribbon campaign for raising awareness about breast cancer. The Bank has also collaborated with the Sehat Kahani App to provide online, easy and fast health care solutions for its staff and bank card holders.
- The Bank recognizes the important role played by sports in the well-being and health of the Nation. In this regard, it focused on encouraging local talent and avenues to make Pakistan's name stand out in the world of sports. The BOP sponsored the National Deaf Cricket Championship. The initiative was a positive step towards championing inclusivity and contributing towards the spirit of sports in Pakistan.
- Diversity and inclusion are the essential pillars of BOP's ESG vision. Remaining true to its commitment as an equal opportunity financial institution, the Bank of Punjab has inducted differently abled persons and launched model branches for Persons with Disabilities (PWDs).

Annual Performance Evaluation of the Board

The Board of Directors of the Bank of Punjab are responsible for ensuring compliance with the regulatory regime and devising strategies that enable the Bank in reaching its desired goals and objectives, providing the management with strategic direction and monitor overall performance of the Bank.

In order to protect the interests of shareholders in a timely manner, the Board plays a key role to act as a bridge with the management on their behalf.

Key performance indicators mainly covered in Board's performance evaluation include:

- Input on Bank's strategies & policies and focus on alignment in right direction with the development of new policies encompassing Banks role in areas of emerging scenarios.
- The Board, its individual members, Committees, and independent members discharge their roles in effective and efficient manner in line with regulatory requirements.

- Participation and contribution of all members through effective mechanism of Committees.
- Regular and effective check on Internal Controls, Compliance and Audit Function.
- Appropriate composition, experience and effectiveness of the Board & Sub-Committees, clear understanding of Bank's goals, vision & mission statements.

Accordingly, Board evaluation for the year-2023 is being undertaken through an External independent evaluator and results of which will be shared with the Board.

BRIEF PROFILE OF BOARD MEMBERS

Mr. Zafar Masud

Mr. Zafar Masud is a development and social impact focused banker, entrepreneur and public sector expert having around 30 years of proven track record of exceptional success stories in Banking, Development Finance, Energy and Corporate Governance.

He has earned rich banking experience while being at top positions in multinational banks **within and outside Pakistan**, including American Express Bank, Citigroup, Dubai Islamic Bank, and **Barclays Bank PLC, where he had served as Regional Managing Director & CEO for Southern Africa**, managing total balance sheet of US\$ 3 Billion and 10,000 people.

Mr. Masud has been the **Member of the Board of Directors of the State Bank of Pakistan (SBP)**, appointed in March 2013 for three years. He had served as the Member on the most prestigious and coveted **Constitutionally Independent Monetary Policy Committee** of the Government of Pakistan until his departure from the Board in August 2016. After successfully completing one three year term on the Board of Directors of SBP, was re-appointed on the Board of SBP for another term of three years in April 2016 - a testament of recognition of his **exceptional performance as the Board Member of this most prestigious institution**. He had served as the Chairman of Publications Review Sub-Committee and Members of Human Resources and Investment Sub-Committees of the Board. His contribution on the Board, particularly in the areas of Publications, Monetary Policy, Foreign Remittances/ Investments, Banking and Human Resources, has been recognized and praised, across the board.

He has **contributed in the revitalization & transformation of National Savings, Ministry of Finance (MoF), Government of Pakistan (GoP)**, where he remained **as Chief Executive/ Director General for two years (2016-18)**. He was instrumental in initiating a digital transformation of the organization with the support of Gates Foundation, Foreign Commonwealth & Development Office (formerly, DFID) Government of UK, USAID and the World Bank. During his tenure at National Savings, he had successfully launched welfare products for Differently-abled Persons and Shuhadah's Families and set in motion the launch of Overseas Pakistanis Savings Certificates and Shariah Compliant Savings Schemes.

Between 2018 and 2020, he **has the honor of being the Founding CEO (Interim) for InfraZamin Pakistan (IZP) - a Private Infrastructure Development Group, UK (PIDG) driven initiative - for setting-up first of it's kind credit enhancement company in Pakistan for social infrastructure financing** in local currency, working closely with **Securities & Exchange Commission of Pakistan (SECP) in framing the necessary rules and regulations** to allow entry and functioning of such entities into this very important arena of infrastructure financing in Pakistan. He's currently **servicing on the Board of Directors of IZP** as nominee director of the main sponsor - InfraCo Asia Singapore.

He also rendered his services as **Director on the Boards** of major public and private sector entities including **Port Qasim Authority (PQA), Quaid-e-Azam Thermal Power (Private) Limited, Gadoon Textile Mills Limited**, etc.

He has remained a member of the **IMF motivated Task Force on Framing State Owned Entities (SOE) Law** set-up by the Ministry of Finance, Government of Pakistan.

Mr. Masud was earlier appointed as **Convener of one of the largest interest free loan programs in Pakistan** – an innovative poverty-alleviation and social-safety project of the Ministry of Finance, Government of Pakistan. In addition to designing the entire program, he was credited for managing it end-to-end, quickest and smoothest execution, with exceptional success, including **getting the program consented from IMF and the World Bank**.

Since April 2020, Mr. Zafar Masud has been serving as **President & CEO of The Bank of Punjab (BOP)** - the second largest public sector bank in the Country with US\$ 8 Billion in balance sheet size and around 14,000 staff. He is **spearheading a strategic transformational drive to steer BOP towards cutting-edge digitally motivated financial institution**, to be positioned in industry's top-tier banks with focus on empathy, compassion and the best in class corporate governance practices.

He is **leading the Board of Directors of Oil & Gas Development Company Limited** - the largest entity in Pakistan in terms of market capitalization with foreign listing, as it's **non-executive Chairman**.

Earlier in May 2020, he had **miraculously survived the PK8303 airplane crash in Karachi**. His colleagues dedicated a book to him called "The Miraculous Survivor".

He has been decorated with the **highest civil award of Hungary in August 2021** for spearheading the initiative to furthering Hungarian-Pakistani cross cultural ties, by restoring ~175-years old subcontinental artwork of Hungarian Artist August Schoefft.

Mr. Masud is an **MBA ('93) with specialization in Banking** from the most prestigious Institute of Business Administration, University of Karachi (**IBA Karachi**). He's also an alum of the world renowned business school Insead, Fontainebleau France Campus, qualified in Corporate Governance.

He's a regular **contributor to local and international media**, including **Tedtalk**, etc., on the topics of banking, economics and energy and is also an **author of a publication in two volumes titled "Out of the Box"** which is a collection of his various newspaper articles, write-up and presentations on these topics. **Co-authored a publication on pension reforms** with the Dfid/ FCDO consultants for KPK. **Featured, the only one outside Western Hemisphere, in 30 Transformative insights from Greatest Minds** by best-seller author **Scott Miller** in his book **"Master Mentors - Volume 2"**.

His **latest book - Leased Breath** - based on his **musings as aircraft survivor**, is presently under publication.

Mr. Masud has a **dedicated website** (zafarmasud.com)

BRIEF PROFILE OF BOARD MEMBERS

Mr. Mujahid Sherdil

Mr. Mujahid Sherdil is an officer of Pakistan Administrative Service and is currently posted as Finance Secretary, Government of the Punjab. He joined Civil Service in year 2003 and held various senior positions at federal and provincial level including Secretary, Communication & Works; Secretary, Planning & Development; Deputy Commissioner, Islamabad; Director General, Punjab Disaster Management Authority; Chief Executive Officer, Infrastructure Development Authority of Punjab and Principal Staff Officer to the Prime Minister of Pakistan.

Mr. Mujahid is a versatile, highly adaptable professional and key problem solver with 20 years of proven track record to his credit, providing solutions to optimize operational performance across a broad range of areas with particular focus on national/provincial infrastructure development, financial management, public procurement and public administration. He maintains a reputation for setting high expectations, promotes individual/organizational goal attainment by applying expertise to key aspects for executing organizational goals.

He holds a degree in Master of Architecture from Washington University, St. Louis, MO., USA and Bachelors of Arts with major in Concentration in Mathematics and Pre-Architecture from Grinnell College, Iowa, USA.

Mr. Mujahid remained an outstanding tennis player during his educational career at Aitchison College, Lahore and Grinnell College, USA.

Dr. Muhammad Amjad Saqib

Originally hailing from Civil Service of Pakistan (DMG), Dr. Amjad Saqib is founder and Chairman of Akhuwat, the largest interest-free microfinance program in the world. This program has disbursed over Rs. 194 billion to around 5.7 million poor families in Pakistan and has launched Pakistan's first free 'Akhuwat College University' that is open to talent from impoverished families without regard to gender, religion, or politics.

He is also working as chairman Punjab Development Network (PDN) which is a network of more than 160 development and charity organizations, working for social and economic development especially in areas like clean drinking water and sanitation. He is Executive Director, Fountain house - an Institute of treatment and rehabilitation of mentally challenged people.

His areas of expertise include governance, poverty alleviation, microfinance and rural development. Because of his remarkable achievements in restoring human dignity to Pakistan's most vulnerable communities, including poor women and transgenders, through financial inclusion, education, health care, and provision of shelter and housing, Dr. Saqib has received world-wide recognition, including "Ramon Magsaysay Award 2021", popularly known as "Asia's Nobel Prize", the Islamic Economy Award by His Highness Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai and Thomson Reuters in 2018. He is also recipient of Social Entrepreneur of the year award for 2018 by World Economic Forum (WEF) and Schwab Foundation and Commonwealth's 31st Point of Light award by Queen Elizabeth II in 2018. He has also been awarded Life Time Achievement Award, 2014 by Abu Dhabi Islamic Bank and Thomson Reuters, for his efforts to promote Islamic finance.

President of Pakistan bestowed on him Sitara-a-Imtiaz, one of the coveted civil awards of Pakistan. He is author of nine books and an acclaimed speaker who has spoken at UN, Harvard, Oxford and Cambridge.

BRIEF PROFILE OF BOARD MEMBERS

Mr. Asif Reza Sana

Mr. Asif Reza Sana is a banker turned entrepreneur and businessman engaged in multiple governance roles at the corporate level. He is well experienced in restructuring banks and creating financial services brands with a differential. He is also a private equity, banking and finance advisor. His prior career has been with world leader multinationals in the disciplines of finance, general management and marketing. He currently also owns insurance, healthcare and consumer products businesses.

Mr. Sana made his professional career debut in marketing, working for the Irish Dairy Board in 1981; he was then hired by the leading chocolate manufacturing multinational, Mars Inc., in 1982. In 1988, he was headhunted by Philip Morris (PM) then the largest consumer products company in the world. After the collapse of the Soviet Bloc in 1989 he was made a member of the Philip Morris task force, based at the international headquarters in Switzerland. Main assignment of the taskforce was to pioneer establishments of PM businesses in the newly liberated markets of Central and Eastern Europe through mergers and acquisitions, licensing and joint ventures. In 1991 he was appointed to the coveted position of Group head of Philip Morris' legendary flagship brand, Marlboro. He was promoted to a leadership role of managing a profit centre in 1995, responsible for global pricing strategies, financial management across several countries and currencies with complex tax structures and a multinational workforce based in several countries.

On his return to Pakistan, he was appointed advisor to the board of directors of Union Bank in 2000. He conceived, negotiated and closed the acquisition of Emirates Bank in Pakistan and Mashreq Bank in Sri Lanka for Union Bank. He was elected a member of the board of directors of Union Bank and continued to work as the executive director as well as a member of the Management Committee, Alco, and In-Charge of the monthly business performance review of all country group heads. He assisted the HR and Audit committees. The majority shareholders then gave him the sole mandate to implement an exit strategy. He searched, short listed, negotiated and closed the sale of Union Bank to Standard Chartered Bank at a landmark price of US \$ 485 million at the highest multiple in the banking industry of Pakistan at that time.

Subsequently, as an advisor to Askari bank he carried out the due diligence to determine the enterprise value of the bank. He steered the recapitalization plan of the bank. On the request of the new shareholders he joined the board of restructured Askari Bank as an independent director and served as the chairman of the audit committee for 6 years. He is currently appointed on the board of governors of Naya Pakistan Housing Authority and also serves on the boards of other public listed companies.

He is the founding trustee of a charity that rehabilitated radicalized youth in the main stream society through a boarding school and vocational training programme supported by the Government of Pakistan in Northern Areas. He is also on the Advisory board of Global Sustainability Network (GSN) of UK, a UN associated charity. He is an avid golfer, skier and sportsman. He is also a director in TPL Life Insurance and Naya Pakistan Housing Authority.

Mr. Muhammad Naeem Khan

Mr. Muhammad Naeem Khan is a senior Director level banking professional with diversified domestic and international Commercial and Investment banking background spanning over a period of 35 years. He started his banking career with United Bank Limited in 1974 and served in various senior level positions at National Bank of Oman, Bank of Credit and Commerce International, American Express Bank, Al Faysal Investment Bank. He also served as Chief Operating Officer of Escorts Investment Bank and Innovative Investment Bank (formerly Crescent Standard Investment Bank).

He represented Government College Lahore and Punjab University and played National Squash Championships in Pakistan representing Punjab. Represented Oman and Luxembourg in Squash in International Championships. Travelled widely in Europe and Asia.

He holds a Bachelor degree from Government College Lahore.

Terms of Reference

TORs of the Committee include ensuring, inter alia:

- Monitoring and review of all material controls (financial, operational, compliance and risk management);
- Risk mitigation measures are robust and integrity of financial information;
- Appropriate extent of disclosure of Bank's risk framework and internal control system in Directors report;
- In addition to oversight and monitoring of ML/TF/ PF risks posed to the entity, also be responsible for ensuring that entity has implemented effective AML/ CFT controls (preventive measures) including Targeted Financial Sanctions (TFS) related to TF & PF, STR/CTR;
- The Board of Directors of the Bank has the ultimate responsibility of guiding and overseeing the design and implementation of enterprise wide Compliance Risk Management Program in the Bank. The CF should assist the Board / Committee in monitoring the Bank wide implementation of Compliance Program and the level of compliance risk that the Bank is faced with at any given point in time.
- Approve "Compliance Risk Strategy" (as part of Bank's overall risk strategy) and allied Policies of the Bank and oversee its implementation across the entity in letter and spirit;
- Establishment of a robust Compliance Function (CF) compatible with Bank's overall risk management strategy, risk profile and complexity of operations, with required authority, independence, financial resources and quality human resources.
- Approve an end to end compliance program that promotes and supports compliance risk management across the organization, at every hierarchal level of the Bank;
- Discuss compliance issues regularly, ensuring that adequate time and priority is provided in the Board agenda to deliberate compliance issues and that such issues are resolved effectively and expeditiously.
- Evaluate the effectiveness of Bank's overall management of compliance risk, at least annually; keeping in view the regulatory observations in onsite examinations, regulatory enforcement actions, internal assessments/feedback from Internal Audit Function (IAF), compliance reviews, as well as interactions with the Chief Compliance Officer (CCO).
- The Committee shall be responsible to, on advice of CEO, approve the appointment of CCO with sufficient experience, expertise, skills and qualifications to perform CCO's functions in an effective manner and related matter;
- Review the minutes of Compliance Committee of Management meetings to ascertain its effectiveness in managing compliance risk.
- Review the progress in implementing remedial actions taken with respect to instances of non-compliance or control weakness as identified by CF through its regular 'Compliance Reviews' and /or various other sources.
- Review and approve the "Internal Risk Assessment Report" of the Bank;
- Receive and review Bank's standardized report/ MIS on the ML/ TF/ PF risks posed to the Bank and the effectiveness of available AML/ CFT controls (preventive measures), on a Quarterly basis;
- Make recommendations to the Board of Directors in ascertaining Bank's risk appetite, formulating strategy and policies for managing risks and establish adequate systems and controls to ensure that overall risk remain within acceptable level and the reward compensate for the risk taken, make recommendations to the Board of Directors for approval of any material exceptions to the Risk Management Policies and tolerances;
- Recommend to the Board the Bank's Credit Risk Strategy and Significant Policies relating to Credit Risk and its management which should be based on the Bank's overall Business Strategy.
- Recommend to the Board the bank's overall risk tolerance in relation to credit risk.
- Bank's overall credit risk exposure is maintained at prudent levels and consistent with the available capital.
- Top management as well as individuals responsible for credit risk management possess sound expertise and knowledge to accomplish the risk management function;
- Bank implements sound fundamental principles that facilitate the identification, measurement, monitoring and control of credit risk;

- Appropriate plans and procedures for credit risk management are in place.
- Bank's overall market risk exposure is maintained at prudent levels and consistent with the available capital.
- The Bank implements sound fundamental principles that facilitate the identification, measurement, monitoring and control of market risk.
- Adequate resources (technical as well as human) are devoted to market risk management;
- Devise policies and guidelines for identification, measurement, monitoring and control for all major risk categories;
- The Bank has clear, comprehensive and well documented policies and procedural guidelines relating to risk management and the relevant staff fully understands those policies;
- Reviewing and approving market risk limits, including triggers or stop losses for traded and accrual portfolios;
- Robustness of financial models, and the effectiveness of all systems used to calculate market risk, ensure that the Bank has robust Management information system relating to risk reporting;
- Review Policy for management of risks particularly in the areas of Credit, Market, Interest Rate, Liquidity, Operational, Technology, Information / Cyber Security, Shariah Compliance, Legal, Country, Financial Institutions, Conduct, Compliance, Money Laundering, Terrorism Financing, Proliferation Financing, and Reputational Risks;
- Review and recommend to the Board well defined and transparent write-off policy and review and recommend to the Board any write offs of irrecoverable / bad loans;
- There is an effective, integrated Operational Risk Management Framework which should incorporate a clearly defined organizational structure, with defined roles and responsibilities for all aspects of operational risk management/monitoring and appropriate tools that support the identification, assessment, control and reporting of key risks;
- Review and propose to the Board the delegation of adequate and appropriate powers down the line to ensure proper management and supervision of write offs of bad/irrecoverable loans/advances;
- Effective internal control and supervisory mechanism is in place for write offs of bad/irrecoverable loans/advances;
- Review the report of NPLs and write offs and major rescheduling / restructurings on quarterly basis;
- While the ultimate accountability for Operational Risk Management rests with the Board, and the level of risk that the Bank accepts, together with the basis for managing those risks, is driven from the top down by those charged with overall responsibility for running the business;
- The Committee shall be responsible for oversight of the IFRS 9 implementation process;
- Constitute an IFRS 9 Project Steering Committee to administer the Project;
- Review and approve Bank's transition plan for IFRS 9 implementation;
- Review the progress against the transition plan on a Quarterly basis;
- Smooth implementation of IFRS 9 within the timelines stipulated by State Bank of Pakistan

BOARD REMUNERATION POLICY

The Board of Directors have approved Board's Remuneration Policy-2020 of the Bank for attending the Board and its Committee(s) meetings in Compliance of State Bank of Pakistan BPRD Circular 03 of 2019 dated August 17, 2019.

The salient features of the policy are as under:

1. The Policy ensures a comprehensive and transparent remuneration structure for the Chairman and other Directors.
2. This Policy has been formulated with clear mandate and charter keeping in view the ownership structure, governance mechanism, risk profile, scope of operations and performance of the bank.
3. The Policy aims to set out the methodology for the determination of scale of the remuneration to be paid to the Directors and Chairman other than President/CEO for attending the Board and its Committee(s) meetings.
4. The Policy is applicable to Non-Executive/Independent Directors, President/Executive Director and the Chairman of the Board.
5. The terms & conditions of the Chairman shall be presented to the shareholders for approval in the Annual General Meeting on pre or post facto basis.
6. The Bank shall facilitate the directors for travelling, board & lodging relating to the Board and Committee(s) meetings.
7. No consultancy or allied work shall be awarded to a director or to the firm(s), institution(s), or company(ies) etc., in which he individually and/or in concert with other directors of the Bank hold substantial interest.
8. Proper disclosure of remuneration and other benefits facilities provided to the Board of Directors shall be made in the Annual Financial Statements of the Bank.
9. The Board members shall be accountable for their conduct according to the scope of their responsibilities and Annual Performance Evaluation of the Board as a whole and its Committees will be carried out. Based on the evaluation of performance scale of remuneration may be reviewed/adjusted.
10. A Director shall be remunerated for any additional work assigned by the Board of Directors. The remuneration of a Director performing extra services shall not exceed 20% of the remuneration already set for him / her. In any case, remuneration paid to a Director for performing one such extra service / additional work should not exceed Rs.37,050/- (net of applicable taxes), and the total payments made to one director for performing extra services should not exceed 20% of the total amount paid to a director for attending Board/Sub-Committee meeting, in a year.
11. The remuneration of Board members for attending Board and Sub-Committees meetings shall be Rs. 185,250/- (net of taxes).

BUSINESS CONTINUITY PLAN

The purpose of Business Continuity Plan is to establish procedures whereby critical business processes as identified can be restored timely to operate on interim basis in the case of a disaster. BCP teams and all concerned staff shall use this plan as an action guide in the event of a disruption, for providing a pre-planned response to a disaster event. The document is complimented by a Disaster Recovery Plan ("DRP") to plan for the contingency caused by technology service disruption or information loss or unavailability.

There are many possible causes of service disruption which may affect routine operations of the bank causing financial or reputation damage. To cope with this unavoidable scenarios, alternative measures need to be implemented to maintain an acceptable level of business processing.

Examples of such incidents may include but not necessarily limited to:

- Natural disaster, epidemic, terrorist attack; Fire, flood, extreme weather conditions; Theft of vital records
- Loss of facilities (e.g., one or more floors at Head Office) Loss of utilities, including IT and telephone systems for prolonged time (i.e., exceeding (MTDT) Maximum Tolerable Down Time; and
- Major disruption to staffing; epidemic, transport disruption, industrial action, inability to recruit; mass resignations.

These events may not be mutually exclusive, i.e. extreme weather may lead to loss of electricity, disruption of transport, staff inability to get to work and the like.

The core objectives of Business Continuity Plan, in event of disruption, are:

- a. Prevention of further damage to assets and information resources
- b. Identification of key individuals responsible for restoration activities
- c. Identification of key processes, operational areas, equipment and individuals responsible for continuing business
- d. To ensure minimum possible down time
- e. Rapid restoration of critical business functions at alternate processing site within an agreed period of time following an event

- f. Identification of alternate resources for reducing dependence on specific individuals or groups
- g. To ensure maximum possible service levels are maintained
- h. Protection of human life and safety of all personnel
- i. Minimization of economic losses
- j. Documentation of the steps necessary to recover from the loss of critical facility and infrastructure resources

1. Disaster Recovery Plan:

The purpose of Disaster Recovery Plan is to establish procedures whereby the critical information assets and technology services at BOP can be restored in a timely and orderly manner. To ensure critical business functions can be operated on an interim basis and critical information assets continue to support in case of a disaster.

The plan provides peace time as well as contingency time activities. The backup strategy for critical information asset shall be devised according to the criticality of business functions in terms of their Recovery Time Objective (RTO) and Recovery Point Objective (RPO).

The Disaster Recovery Plan is intended to be used by BCP teams and all concerned staff, particularly ITD, as an action guide in the event of a disruption, providing a planned response to a disaster event.

The core objectives of Disaster Recovery Plan for BOP are:

- Provide a plan for the capacity and readiness to have the systems available during business hours as per agreed Recovery Time Objectives (RTOs);
- Direct a backup mechanism to meet the RPO for the critical data
- Availability of all key Information Technology (IT) resources required to support critical business processes in various disaster situations; and
- Recovering IT services from the Disaster Recovery Site, in case of any disaster at primary site
- An effective and tested Disaster Recovery Plan to ensure that all critical business processes are not significantly interrupted in disaster conditions

CODE OF CONDUCT

All the Directors of the Bank are expected to read and understand the “Code of conduct” and uphold the standards and policies contained therein by ensuring compliance.

Duties, Power and Responsibilities

All the Directors confirm to the best of their knowledge and belief that as Director of the Bank of Punjab, they are fully aware of their duties, powers and responsibilities under the relevant Law(s).

Compliance with Rules & Regulations

All the Directors shall ensure compliance with the requirements/ instructions embodied in all the regulatory enactments, rules & regulations, code of corporate governance and standards.

Integrity, Honesty, Confidentiality and Reputation

All the Directors shall set up a high standard of integrity and display prudent attitude in discharge of their duties. A minimum standard of acceptance would be:

- i) Business decisions to be based on professional judgment and prudence.
 - ii) Professionally tailored and viable strategies shall be followed in pursuit of achieving the Bank's overall objectives.
 - iii) A good working atmosphere shall be created in ensuring fair dealings, congenial relationship, cooperative and harmony.
 - iv) Customers' friendly culture shall be promoted by observing the followed norms of business ethics.
- Business needs of the customers shall be given top priority.
 - Business affairs of the customers shall be maintained confidential.
 - Banker-customer relationship shall not be maintained with those involved in drug trafficking, crimes and terrorist activities.

Ethics and disclosure

Every Director shall confirm to the best of their knowledge and belief that:

- i) He is not a Director of more than Five (5) public and listed companies, including the Bank of Punjab.
- ii) He is not a Director of any other financial institution.
- iii) He is a registered tax payer and not in default of payment of any taxes and/or in de-fault of any loan to a banking company, a DFI or an NBFII or, being a member of a Stock

Exchange, has been declared as a defaulter by that Stock Exchange.

- iv) He does not hold any interest in the shares of the Bank other than that disclosed in the pattern of shareholding.
- v) He has sufficient means to discharge his financial obligations.
- vi) He and his spouse are not engaged in the business of stock brokerage (unless specifically exempted by SECP).

Conflict of Interest

All the Directors shall not engage in any business transactions which might conflict with the interests of the Bank. They shall not accept any gifts, favors or invitation offered by any client, person or Organization with whom the Bank has a business relationship that creates a conflict between the individual's personal interest and the interest of the Bank

Insider Trading

Director shall not deal directly or indirectly in the securities of the bank whether on their own account or their relative's account, if they are in possession of any un-published price sensitive information concerning the Bank. Directors who are in possession of any unpublished price sensitive information shall not communicate directly or indirectly the said information to others who trade on such information.

Where any Director or his/her spouse sells, buys or takes any beneficial position, whether directly or indirectly, in the shares of the Bank, he/she shall immediately notify the Company Secretary in writing. Such Director shall also deliver a written record of the price, number of shares, form of share certificates, (i.e. whether physical or electronic within the Central Depository system), and nature of transaction to the Company Secretary within two days of effecting the transaction. Further, no Director shall, directly or indirectly, deal in the shares of the Bank, in any manner, during the period the closed period.(*)

(*) Closed period is determined prior to the announcement of interim/final results and any business decision, which may materially affect the market price of shares.

Evaluation of the Board

The performance of the overall Board, its Committees and individual Board Members shall be evaluated on annual basis as per mechanism prescribed by the regulator and approved by the Board.

All employees of the Bank of Punjab, hereafter called BOP, are required to follow a Code of Conduct & Business Practices in all areas of professional conduct. They must abide by the following:

CODE OF CONDUCT AND BUSINESS PRACTICES

Laws/Rules

- All employees shall conform to and abide by the Bank rules and obey all lawful orders and directives which may from time to time, be given by any person or persons under whose jurisdiction, superintendence or control they may, for the time being, be placed. They undertake at all times to comply with and observe all applicable laws, regulations and Bank's policies, wherever they operate.
- All employees stand firmly against supporting the activities of any Group or individual that unlawfully threatens public order and safety. They shall not be a member of any political party, take part in, subscribe in aid of, or assist in any way, any political movement in or out side of Pakistan or relating to the affairs of Pakistan. They shall not express views detrimental to the ideology, sovereignty or integrity of Pakistan.
- No employee shall canvass or otherwise interfere or use his influence in connection with or take part in any election as a candidate to a legislative / local body or issue an address to the electorate or in any manner announce or allowed to be announced publicly as a candidate or prospective candidate whether in Pakistan or elsewhere. He /She may, however, exercise his/her right to vote.

SIX YEARS PERFORMANCE REVIEW

Statement of Financial Position

Total Assets

As of December 31, 2023, Bank's Total Assets crossed Rs. 2.0 Trillion mark and stood at Rs. 2,216 Billion as against Rs. 714 Billion as of December 31, 2018 registering a CAGR of 22%. This increase in Bank's assets is mainly due to significant growth in Deposits & Borrowing and resultant growth in Advances and Investments. In order to enhance its footprints in different regions of the country to increase share of wallet, the Bank continued to expand its Branch Network over last six years. During the year 2023, 35 new Branches were opened and the Branch Network now stands at 815 Branches as against 576 Branches as of December 31, 2018.

Gross Advances

As of December 31, 2023, the Gross Advances touched the level of Rs. 850 Billion as against Rs. 426 Billion as of December 31, 2018 with a CAGR of 16%. Apart from growth in Corporate/Commercial portfolio, the Bank focused on SME, Agriculture, Consumer and Retail Finance. In this regard, new products were introduced, tailored to the specific needs of different segments of customers. The Lending portfolio under Taqwa Islamic Banking has also witnessed significant growth over the years. The Gross Advances to Deposits ratio stood at 56% as against 71% as of December 31, 2018.

The Bank has been making all out efforts for recovery of its legacy NPLs portfolio and significant recovery has been made in this regard. In this regard, matter has been taken up at different legal forums for recovery/regularization of NPLs. As on December 31, 2023, NPLs % reduced to 6% as against 12% as of December 31, 2018. Despite significant growth in Advances portfolio, the Bank has been successful in avoiding any major addition in NPLs despite very challenging operating/economic conditions. Further, the Bank is fully compliant with provisioning requirements under Prudential Regulations of SBP.

NON PERFORMING LOANS

Net Investments

Bank's Investments have registered significant growth over the years. In line with Bank's strategy to improve the risk profile of assets, major concentration of Bank's Investments has been maintained in Government Securities. As of December 31, 2023, Bank's net Investments stood at Rs. 913 Billion as against Rs. 210 Billion as of December 31, 2018 registering a CAGR of 25%.

SIX YEARS PERFORMANCE REVIEW

Deposits

In order to enhance its presence in untapped areas and improve business volumes, the Bank has continuously focused on expanding its Branch Network and, accordingly, 239 new Branches have been opened across the country during last 6 years. Further, Bank's product lines have been revamped in line with customers' needs while improving upon service quality and efficiency. The Bank has especially focused on introducing new Digital Banking Products like Internet Banking, Mobile Banking etc. As of December 31, 2023 Deposits stood at Rs. 1,521 Billion as against Rs. 596 Billion as of December 31, 2018 registering a CAGR of 18%. The Bank is providing 24/7 Banking Services to its valued clients through its various Digital Banking Products/Services.

Profit And Loss Account

Net Interest Margin

Bank's Strategic Business Plan envisages the strategy to focus on growth in Deposits with a improved mix of low cost CASA Deposits. Further, the Bank has been successful in deploying the funds in different lucrative avenues of Lending and Investments with generation of steady revenue streams. Accordingly, Bank's NIM has significantly improved to Rs. 40.95 billion in year 2023 as against Rs. 20.05 billion during year 2018 thereby registering a CAGR of 17%.

Non Markup Income

In order to improve Non-markup Income, the Bank has been focusing on introducing new products and services along with deepening of relationship with existing clients to procure incremental business. The Fee/FX/Other Income has improved to Rs. 11.9 Billion in year 2023 as against Rs. 3.6 Billion during year 2018 with a CAGR of 25%. Owing to efficient handling of investments portfolio by Bank's Treasury, significant surplus on investments

were accrued on the Books. Accordingly, the Bank was able to realize significant capital gains during last 6 years. The Dividend and Capital Gains during year 2023 stood at Rs. 5.8 Billion as against Rs. 0.1 Billion during year 2018.

SIX YEAR - NON MARKUP INCOME

Operating Expenses

During year 2023, the Operating Expenses stood at Rs. 37.1 Billion as against Rs. 12.6 Billion during year 2018. During the period, 239 Branches have been opened to expand the Bank's outreach resulting in rise in Personnel Cost & Property Expenses. The Bank has also invested significantly in new technologies including implementation of new Core Banking System (Flexcube) and other applications in line with Bank's growth strategy. Accordingly, the Information Technology Expenses stood at Rs. 2.6 Billion for year 2023. The Bank has also implemented austerity measures to keep a check on its other operating expenses and keep them in line with inflationary parameters and growth in business volumes.

PROVISIONS & WRITE OFFS

During year 2023, net provision of Rs. (0.05) Billion has been reversed on account of recovery/regularization of NPAs as against provision reversal of Rs. (4.9) billion during year 2022. The Bank is fully compliant with Provisioning requirements under SBP Prudential Regulations.

PROFIT BEFORE TAX

Bank has been successful in posting a consistent growth in Profit Before Tax during 2018-2023. During year 2023, despite extremely challenging operating/economic conditions, the Bank earned Profit Before Tax of Rs. 21.2 Billion as against Rs. 12.2 Billion during year 2018 registering a CAGR of 12%.

Investments & Advances remained major components of Asset Mix of the Bank. The Bank opted to channelize incremental funds in Risk Free Investments and grow Advances Book in a very careful manner. Accordingly, the mix of Advances-net reduced to 36% in 2023 as against 53% in year 2018. The mix of Investments improved to 41% as against 29% in year 2018.

Owing to Branch Expansion and products diversification, the Bank was able to post a steady growth in Deposits with a CAGR of 18%. As of December 31, 2023, the Mix of Deposits and Borrowings stood at 69% & 20%, respectively.

Markup Income has shown a steady growth with main contribution from income on Advances and Investments. The contribution of markup income constitutes 95% of the total revenue for year 2023. Markup Expense has also increased due to growth in Deposit base, change in minimum rate of profit on PLS Deposits and rise in Borrowings/Subordinated Loans. Concentration of Non Markup Income for year 2023 remained at 5% as against 7% during year 2022. The concentration of Non Markup Expense remained at 11% & 19% for the years 2023 & 2022, respectively. The rise in Non-Markup Expenses is in line with Branch Expansion, investment in new technologies and inflationary parameters.

Bank's Asset Base has registered consistent growth during 2018-2023 and it crossed Rs. 2.0 Trillion mark in 2023. During year 2023, Total Assets registered growth of 50% while CAGR for 2018-23 remained at 22%.

Deposits also grew at a steady rate with a CAGR of 18%. Highest growth of 24% was registered in year 2023. During the period 2018-2023, 239 Branches were opened by the Bank.

Owing to consistent growth in profitability, the Equity registered a steady growth. The YOY growth for year 2023 remained at 24%. On profitability side, Markup Income of the Bank registered a CAGR of 45% during 2018-2023. The main components were Markup earned on Advances & Investments. In line with Bank's strategy to grow Advances portfolio cautiously and divert incremental funds towards investment in risk free Government Securities, the major contribution came from Markup Income on Investments.

Markup Expense also registered a CAGR of 57% due to above stated growth in Deposits. It also includes impact of change in Minimum Profit Rates on PLS Deposits in line with change in SBP Policy Rate.

Non Markup Income registered as CAGR of 25% during 2018-2023. The main contribution was made by Capital Gains realized on Securities during different years. The Fee Based Income also registered as steady growth. Non-Markup Expenses registered a CAGR of 24%. The rise is mainly on account of personnel/property expenses in line with expansion in Branch network (239 Branches added), inflation and investment in new technologies.

Provision Reversal for year 2023 stood at Rs. 0.05 Billion as against Provision Reversal of Rs. 4.9 Billion during year 2022. The Charge of Rs. 6.9 Billion for year 2020 includes General Provision of Rs. 3.3 Billion and Specific Provision of Rs. 1.7 on subjective basis. The Bank is fully compliant with the provisioning requirements under prudential regulations of SBP. As of December 31, 2023, a general provision of Rs. 0.7 Billion has also been maintained by the Bank.

Summary of Cash Flows

Cash Flow from operating activities mainly represent the core activity of the Bank i.e. mobilization of Deposits. Since 2018, Deposits of the Bank have been growing at a consistent trend with a CAGR of 21%. During year 2023, there was net inflow of Rs. 294 Billion from Deposits, while a net inflow of Rs. 373 Billion in Borrowings was observed. Further, there was net outflow of Rs. 216 billion due to growth in Advances portfolio. The major deployment under investing activities was on account of investment in AFS Securities which resulted in net outflow of Rs. 217 billion. During year 2023, net inflow of Rs. 11 billion in Financing activities was observed due to issuance of subordinated TFCs of Rs. 4.6 billion and ASM for PPTFCs/ADT1 amounting to Rs. 10.9 billion.

Cash And Balances With Treasury Banks

Increase is mainly due to reserves placed with central bank as a result of increase in deposits

Investments - net

Increase is mainly due to purchase of PIB floaters. 97% investments in government securities

Advances - net

Advances are up as compared to previous year mainly driven by growth in commodity financing.

Deposits and other accounts

Deposits are increased resulting an increase in market share.

Subordinated debts

Issued Teir II capital and further under process of issuing a Tier I and Tier II instrument.

Net mark-up / interest income

Volumetric growth resulted from increase in deposits and increase in policy rate.

Total non - mark-up / interest income

Rise in non mark-up is due to increase in gain on sale of securities as well as sale of non banking assets related to legacy non performing portfolio.

Operating expenses

35% increase in admin expenses pertains to growth in employee compensation i.e fixation of minimum salary of staff and salary adjustments as per market survey. Further, due to hyper inflation, rupee depreciation and branch expansion resulted in growth other administrative expenses.

ANALYSIS OF BANKS FINANCIAL PERFORMANCE

Year 2023 Vs 2022

MARKUP/INTEREST EARNED

	2023	2022	variance	%
Rs. In Million				
Mark-up Earned on Advances	155,223	65,667	89,556	136%
Mark-up Earned on Investments	166,747	68,065	98,683	145%
Mark-up Earned on lendings	4,716	3,141	1,575	50%
Mark-up Earned on Balances with Banks	506	295	212	72%
	327,194	137,168	190,026	139%

During year 2023, Bank's Markup/Interest Income increased by Rs. 190 billion (139%) mainly on account of growth in operating volume and increase in SBP Policy Rate (being the benchmark for pricing). Major growth was observed in Income from Investments (increased by 145%) and Income from Advances (increased by 136%). During year 2023, Gross Advances and Investments registered a significant growth of 34% and 43%, respectively.

MARKUP/INTEREST EXPENSED

	2023	2022	variance	%
Rs. In Million				
Mark-up expensed on deposits	190,752	90,692	100,060	110%
Mark-up expensed on borrowings	87,918	12,358	75,560	611%
Mark-up expensed on subordinated debts	5,638	1,863	3,775	203%
Mark-up expensed on lease liability	1,940	1,496	444	30%
	286,248	106,410	179,838	169%

During year 2023, Bank's Deposits registered a growth of 24%. Concomitantly, the SBP Policy Rate witnessed a rise of 6.00% during the year thereby resulting upward trend in profit rates on Deposits. Accordingly, the Markup/Interest Expense on Deposits increased by Rs. 100 billion (110%). Bank's focus remained on improving mix of low cost CASA Deposits to maximize the contribution to bottom line. Markup Expense on Borrowings also increased by Rs. 75.6 billion (611%) due to significant increase in Money Market Borrowings. Markup Expense on Subordinated loans increased by Rs. 3.8 billion (203%).

Other income - net	4,168	306	3,861	1260%
	17,718	10,576	7,141	68%

During the year 2023, Bank's Non Markup Income improved to Rs. 17.7 Billion as against Rs. 10.6 Billion during year 2022 registering a significant growth of 68%. During the year, Gain on Securities of Rs. 5.3 Billion was realized thereby registering a growth of Rs. 4.9 Billion over last year. Other Income increased by Rs. 3.9 Billion mainly due to gain on disposal of Non Banking Assets (NBAs). Due to volatility in Exchange Rates, Foreign Exchange Income remained at Rs. 0.3 Billion while Dividend Income remained at Rs. 0.6 Billion. Bank's Fee Based Income remained at Rs. 7.4 Billion.

ANALYSIS OF BANK'S QUARTERLY PERFORMANCE

Quarter	NIM	Non-Markup Income	Operating Expenses	Profit Before Tax
1st	During the first quarter of year 2023, Bank's NIM remained at Rs. 7.8 Billion as against Rs. 8.1 Billion during 1st Quarter 2022. During 1st Quarter 2023, SBP Policy Rate was increased by 4% thereby resulting in significant impact on NIM due to time-lag involved in repricing of Lending Portfolio.	During first quarter of year 2023, Bank's Non-Markup Income increased by 64% due to higher level of Foreign Exchange Income. Fee Income also registered a growth of 26% while Gain on Securities increased by 148%.	As result of Bank's expansion strategy, increase in staff strength, annual increments and inflation impacts, Bank's operating expense recorded an increase of 14% during the first quarter of year 2023.	Bank's Profit Before Tax for 1st quarter of 2023 was recorded at Rs. 2.1 billion as compared to Rs. 3.4 billion during 1st quarter of year 2022. The decrease was resultant of reversal of provision of Rs. (1.1) Billion against NPLs during 1st quarter 2022.
2nd	During the 2nd quarter of year 2023, Bank registered a growth of 24% in comparison to year 2022. The resultant growth in NIM was mainly on account of decrease in markup cost of the bank due to procurement of low cost fresh deposits and repricing of lending portfolio. SBP Policy Rate was increased by 2% during 2nd Quarter 2023.	Bank's Non-Markup Income for 2nd quarter of 2023 increased by 55% as compared to 2nd quarter of year 2022. Fee Income increased by Rs. 830 M (42%) while Gain on Securities increased by Rs. 717 M (97%). Foreign Exchange Income decreased by Rs. 561 M (-101%)	Bank's Operating Expenses for 2nd quarter of 2023 were recorded at Rs. 10.3 billion as compared to Rs. 6.6 billion during 2nd quarter of year 2022 showing a rise of 57%. This increase was mainly on account of disbursement of performance bonus to staff, business expansion and inflation impacts.	Bank's Profit Before Tax for 2nd quarter of 2023 was recorded at Rs. 1.8 billion as compared to Rs. 4.9 billion during 2nd quarter of year 2022. The decrease was due to provision charge of Rs. 0.5 Billion as against provision reversal of Rs. (1.9) Billion during 2nd quarter 2022.
3rd	During the 3rd quarter of year 2023, Bank maintained its growth trend and NIM increased by 52% in comparison to year 2022. The resultant growth in NIM was mainly on account of decrease in markup cost of the bank due to procurement of low cost fresh deposits and repricing of lending/investments portfolio.	Bank's Non-Markup Income for 3rd quarter of 2023 registered a growth of 9% as compared to 3rd quarter of year 2021. Foreign Exchange Income decreased by Rs. (2,057) M while Other Income registered a growth of Rs. 1,860 M due to gain on disposal of Non Banking Assets.	Bank's Operating Expenses for 3rd quarter of 2023 were recorded at Rs. 8.8 billion as compared to Rs. 6.6 billion during 3rd quarter of year 2022 showing a rise of 35%. This increase was mainly on account of Branch Expansion and inflation impacts.	Bank's Profit Before Tax for 3rd quarter of 2023 was recorded at Rs. 5.0 billion as compared to Rs. 4.1 billion during 3rd quarter of year 2022 registering a growth of 23%. The rise was mainly due to increase in NIM.
4th	During the 4th quarter of year 2023, NIM significantly increased by 63% in comparison to year 2022. The resultant growth in NIM was mainly on account of decrease in markup cost of the bank due to procurement of low cost fresh deposits and repricing of lending/investments portfolio.	Growth in Bank's Non-Markup Income also continued in 4th quarter 2023 with an impressive growth of 113% over 4th quarter 2022. Gain on Securities increased by Rs. 3,763 M while Other Income increased by Rs. 2,066 M due to gain on disposal of Non Banking Assets. Foreign Exchange Income increased by Rs. 377 M while Fee Income decreased by Rs. (1,369) M due to decrease in Investment Banking Income and commission on Wheat Procurement.	Bank's Operating Expenses for 4th quarter of 2023 were recorded at Rs. 9.6 billion as compared to Rs. 7.0 billion during 4th quarter of year 2022 showing a rise of 39%. This increase was mainly on account Branch expansion, increase in Business Volume and inflation impacts.	Bank's Profit Before Tax for 4th quarter of 2023 was recorded at Rs. 12.3 billion as compared to Rs. 6.1 billion during 4th quarter of year 2022 registering a significant growth of 103%. The rise was mainly due to increase in NIM and Gain on Securities & disposal of Non Banking Assets.

DUPONT ANALYSIS

		2023	2022	2021	2020	2019	2018
Net Operating Margin	A	19.33%	26.21%	32.93%	19.09%	26.87%	31.88%
Asset Utilization	B	3.17%	3.09%	3.30%	3.70%	3.88%	3.46%
Return on Assets	C=AxB	0.61%	0.81%	1.09%	0.71%	1.04%	1.10%
Leverage Ratio / Equity Multiplier	D	25.36	22.35	21.41	19.85	18.76	20.34
Return on Equity	E=CxD	15.55%	18.07%	23.23%	14.04%	19.55%	22.43%

Following are the Main Dupont Analysis Highlights:

1. During year 2023, Net Operating Margin remained at 19.33% as against 26.21% during year 2022. Major reason for decrease was reversal of Provision of Rs. (4.9) Billion during year 2022 and increase in effective Tax Rate in year 2023.
2. Asset Utilization has remained in the range of 3.09% - 3.88%. During year 2023, it remained at 3.17%.
3. Return on Equity for year 2023 remained at 15.55% as against 18.07% during year 2022. The decrease is due to increase in number of shares subsequent to announcement of stock dividend for year 2022.

DUPONT ANALYSIS

ECONOMIC VALUE ADDED STATEMENT

During the year 2023, Bank's share was continuously traded below its part value in Pakistan Stock Exchange. Consequently, the average price per share remained little subdued and was recorded as Rs. 4.30 despite continuous improvement in quarterly Earning Per Shares (EPS) with full year EPS improving to Rs. 3.47 per share. Further, cash dividend @ 10% for the year 2023 was announced as against 10.00% stock dividend paid for last year which resultantly increased the economic cost. Accordingly, Economic value Added (EVA) for year 2023 remained adversely skewed as compared to year 2022. Apart from above, the Bank has been recognized on multiple forums and got numerous awards during year 2023. The Bank is "First Choice of Customers" for obtaining loans in Government Schemes which is also recognized by Government/other forums at multiple occasions.

KIBOR & SBP POLICY RATE

BUSINESS SEGMENT ANALYSIS

Balance Sheets & Profit/(Loss) Accounts of following Business Segments have been stated in Note 40 to the Annual Audited Financial Statements:

Corporate & Investment Banking (CIBG)

- This includes, loans, project finance, real estate finance, export finance, trade finance, commercial & investment banking, and other banking activities with corporate and public sector customers.

Cards and public sector deposits (CPSD)

- It includes public sector deposits and related banking services including home remittances and card related banking services to customers of the Bank.

Consumer Banking (CBG)

- It includes private sector deposits and loans under retail finance, agriculture customers, small and medium enterprises and financing under government initiatives. Products offered to customers include transport finance, house finance, livestock finance, dairy finance etc.

Treasury

- It includes fixed income, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos and brokerage debt.

Islamic Banking (IB)

- The segment pertains to full scale Islamic Banking operations of the Bank.

Others

- This includes head office related activities, and all other activities not tagged to the segments above.

Key variances during year 2023 are hereunder

Profit & Loss:

- PBT of CIBG decreased due to reversal of provision against NPLs during year 2022, decrease in Non Markup Income and increase in Non-Markup Expenses.
- PBT of CPSD increased due to growth in Deposits and resultant contribution to Net Interest Margin and growth in Non-Markup Income.
- PBT of CBG increased due to growth in Deposits & Advances and resultant contribution to Net Interest Margin.
- PBT of Treasury decreased due to rise in SBP Policy Rate as the Borrowing Cost of Treasury increased due to high percentage of Transfer Price.
- PBT of IB increased due to higher margins and growth in non-markup income during year 2023.

Balance Sheet:

- Movement in Assets & Liabilities of different Business Segments was due to rise in the Level of Deposits & Borrowings and corresponding growth in Advances & Investments.

It includes fixed income, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos and brokerage debt.

Islamic banking

The segment pertains to full scale Islamic Banking operations of the Bank.

Support Functions

This segment includes all support functions of the Bank.

INFORMATION SECURITY POLICY

Navigating Information & Cybersecurity Excellence - A Comprehensive Overview

In this era of rapid technological change, we recognize the paramount importance of safeguarding customers' information. At BOP we are wholeheartedly dedicated to strengthening our information and cybersecurity measures to align with the ever-evolving landscape of banking. While the digital age brings remarkable advancements, it also introduces risks to the security of information. With cyber threats becoming increasingly sophisticated, we strive to upgrade our capacity and infrastructure to protect our information assets.

We want our valued stakeholders to have a clear understanding of our efforts in information security and cybersecurity. By addressing these challenges proactively, our objective extends beyond protecting sensitive data - to strengthening the trust and confidence you place in BOP. This disclosure underscores our ongoing efforts to create a secure and resilient digital environment, demonstrating our commitment to safeguard the digital trust.

Transparent Insight into Governance

The Board's supervisory policies and examination procedures are designed to mitigate threats to our systems through effective cybersecurity practices. The regulator-directed IT governance framework is fully implemented and tailored to the BOP, regularly deliberated upon, and approved by the Board of Directors. Aligned with industry-specific requirements, our robust cybersecurity framework underscores our dedication to the highest standards in safeguarding sensitive information. The Board has approved this framework, supported by an efficient and results-oriented action plan.

This framework, along with information security policies and integrated SOPs, complements the organization's overall IT governance and information security strategy. The Board receives regular reports on cybersecurity, engaging in discussions regularly with management and subject-matter experts to evaluate the effectiveness of BOP's cybersecurity program.

Board-Level Committee Oversight

The Board receives regular reports on cybersecurity and engages in discussions on regular basis with the management and subject-matter experts on the effectiveness of BOP's overall cybersecurity program. Board's BRMC and IT&CC also review the technology related risk updates on regular basis. The Board

also obtains updates on BOP's inherent cybersecurity risks and BOP's road map and progress for addressing these risks. Moreover, BOP's Management committee members receive regular reporting through ITSC and Cyber Security Committee on significant cyber events including response, imminent risks, legal obligations, and notification to regulators, and customers.

Board Responsibility Statement on the Evaluation and Enforcement of Legal and Regulatory Implications of Cyber Risks

At the forefront of our commitment to cybersecurity excellence is the Board's resolute responsibility for evaluating and enforcing the legal and regulatory implications of cyber risks. The Board receives updates on BOP's cybersecurity risks and the roadmap and progress for addressing these risks. In the event of breaches, the Board's defined responsibilities ensure a swift and coordinated response.

Cybersecurity Integration into Risk Oversight

The Board is committed to fostering a positive 'tone at the top' that supports robust cyber risk management, safeguarding key assets. Regular reporting on cybersecurity and breach-related matters is a priority. While acknowledging the inevitability of cyber incidents, the Board emphasizes the importance of minimizing their impact on the Bank and its ecosystem. This is achieved through the implementation of secure, vigilant, and resilient cyber programs, integrating security into every decision made by the management.

Operational Risk Management and Compliance Risk Management Committees of the Bank actively evaluate, anticipate and improvise BOP's risk mitigation practices and capabilities. They address evolving cybersecurity risks and corresponding regulations, collectively monitor and execute strategic cyber threat assessments of new business products.

Proactive Risk Management

BOP seeks to proactively identify and remediate technology and cybersecurity risks before they materialize any incident(s) that negatively affect business operations. Accordingly, the ORM segment of the Bank independently challenges and monitors capabilities in accordance with BOP's defined Technology and Cyber Risk Appetite statements. Our commitment to proactive risk management is also exemplified through the disclosure of controls, solutions, procedures related to the early warning capabilities. The early warning capabilities empowers the BOP to identify, assess, address, and communicate cybersecurity risks and incidents in a timely manner. BOP's cybersecurity risk management program operates on three lines of defense. The office of the Chief Information Security Officer (CISO) in coordination with Information Technology, provides frontline, operational, and technical controls to protect against

cybersecurity risks and respond to incidents. BOP manages these threats through a state-of-the-art Security Operation Center (SOC), which operates 24/7/365 serving as a central command for monitoring and coordinating responses to cyber threats. The Cybersecurity Architecture team is responsible for infrastructure defense and security controls, while also conducting vulnerability assessments to identify weaknesses. The Application Security team performs periodic penetration testing of business applications, ensuring timely fixation of vulnerabilities. Additionally, the Governance, Risk, and Compliance Center is responsible for policies and procedures formulation, coordinating for regulatory compliance, closure of observations during internal and external information security audits, and conducting employee awareness and training programs.

Fortifying Cybersecurity Posture by Independent Comprehensive Security Assessments

In our continuous pursuit of fortifying our cybersecurity posture, we undergo independent security assessments periodically managed by Information Security Division, ensuring a robust and resilient security posture for heightened protection and stakeholder trust. This includes a thorough evaluation of the technology environment, encompassing third-party risks.

Ensuring Business Continuity

We have established a robust Business Continuity Mechanism to outline procedures for the prompt restoration of critical business processes in the event of a disaster, ensuring interim operational continuity. Furthermore, our comprehensive Disaster Recovery Plan acts as an extension and complement to Business Continuity, offering specific strategies and procedures for the recovery of critical information assets. BOP has also acquired and maintains insurance coverage for cyber-crime, and exposure for plastic card and digital channels.

Cultivating a Cyber-Resilient Culture (Education and Training Efforts)

Our dedication to cybersecurity extends beyond technological measures, encompassing extensive education and training initiatives. We have adopted various means and channels to cultivate a cybersecurity-conscious culture, featuring a continually improving security awareness program. Regular targeted training for administrators and security personnel ensures they stay ahead, while ongoing programs empower our

workforce to be vigilant and proactive in mitigating cybersecurity risks. Additionally, we observe Information Security Awareness Month educating bank staff and customers as well.

Go Forward Strategy

Aligning with the business and industry evolution our go-forward strategy involves essential strategic considerations that significantly impact Financial Institutes (FIs), particularly in the realms of ongoing digital transformation and artificial intelligence. Key points include:

- Automation of incident response
- Zero Trust Access Controls Mechanism
- Visibility enhancement with Extended Detection & Response tool(s)
- Incorporating and implementing the global security standards like ISO 27001

Pledging to Cybersecurity Excellence (Conclusion)

Through strategic alignment with legal and regulatory standards, seamless integration of cybersecurity into our risk oversight function, and the consistent implementation of proactive measures, we systematically fortify the resilience and security of our dynamic digital ecosystem. Together, we are forging a path towards a cyber-resilient future, exemplifying our proactive approach and fostering innovation to navigate challenges, thereby solidifying BOP's position as a leader in cybersecurity and a trusted custodian of stakeholder trust in the rapidly evolving technological landscape.

INFORMATION TECHNOLOGY

The Bank of Punjab is offering a variety of banking services to its customers. The IT Strategy describes present and future plans which are in line with the bank's business plans.

The IT Strategy is aimed at facilitating business units to take initiatives and to launch new products swiftly in a secure environment.

Nowadays it is essential to provide non-stop banking services to customers and ensure that our critical business continues in case of any disaster.

The main focus of IT strategy is to handle projects, adherence to budgetary limits and derive maximum benefit from the budget spent in a shortest possible time, without compromising on security.

The BOP Network infrastructure advancements in various BOP segments increased noteworthy performance in overall network infrastructure and offered numerous benefits to organizations, contributing to improved performance, security, scalability, and overall efficiency.

The current infrastructure foundation builds on unified data communication, energy efficiency, and better user experience and is ready to support business growth.

The cutting-edge SD-WAN infrastructure offers enhanced performance, and faster speed with remarkable bandwidth expansion to fulfill the bank's future branch-side performance needs.

The advanced firewall implementation complements regulator and PCI/DSS compliances with the provision of evolving cyber threat protection.

The current BOP modernized network infrastructure met the standards of agility & innovation with deep network management /redundancy ability to provide seamless services to the organization's internal and external valuable customers.

The SMS service cost is a new challenge for the Pakistan banking industry. The BOP-ITG team has acquired a CVAS license from PTA to shift the BOP transactional and promotional SMS from M3Tech to Mobile operators. This migration has reduced the SMS cost and allowed savings of around 1.5 Billion in the next three years to BOP.

The FLEXCUBE upgrade, which aimed to remove obsolescence of application, operating system,

databases, enhanced system performance to support business growth, new feature and functionalities, increased compatibility with future technologies was completed successfully. This migration activity was glared as a real achievement, since it was completed in 13.5 hours before the SBP intimated time.

The BOP ITG with special focus on enabling business, achieved to implement the following Digital Initiatives:

Branchless Banking

Previously, Branchless Banking was running on vendor-based solution provided by M/s Inova8. In this initiative the solution migrated to new platform i.e. Flexcube Wallet with the capability to integrated with channels Agents network.

Credit Card

Euronet Credit Card System Integration with IRIS enabling a large set of transaction on BOP ATMs for credit card

POS Acquiring

In POS Acquiring enablement, BOP Launched Merchant Acquiring Business Featuring Industry's First 'Buy Now Pay Later' and 'Pay by Link' Solutions

WhatsApp Banking

WhatsApp Banking Phase-1.5, the following features have been added in this phase:

1. Personalized Experience
2. Account Balance Inquiry
3. Mini-statement
4. Main Menu Aesthetics Improvement
5. Addition of Product Visuals: We have added product visuals to help you better understand our product offerings.

The key strategic intent of ITG is to innovate the technology platform, services and enterprise architecture. ITG has planned for the following services and modern technologies to get underway with the view to improve the services on digitalization front and enhance the efficiency of resources with cost effective solutions:

Robotic Process Automation to promote digitization

1. Building a dedicated team with special skillset on AI for process automation.
2. Identification of processes within IT operations that requires intelligence to build
3. Roadmap for bank-wide critical process identification and automation
4. Process Automation

Master Data Management

Master Data Management (MDM) is defined as a set of policies, procedures, and systems that collectively harmonize key data elements empowering the entire organization to operate effectively and reap the following benefits:

- Guaranteed data quality
- Eradicates slow business process

- Promotes business agility
- Avoids duplication and increases data accuracy
- Reduces security risk and ensures better data compliance

National eKYC

National EKYC platform serves as a vehicle for industry-wide compliance and standardization, encouraging collective knowledge sharing among banks and financial institutions. It also allows regulators to derive insights from a shared EKYC repository.

While on one hand a DLT (Distributed Ledger Technology/Block Chain) based National EKYC platform provides an industry-wide vehicle for banks and other financial institutions to maintain KYC compliance and standardization through collective wisdom and knowledge sharing; on the other hand, the regulators have access to a National EKYC distributed repository to derive insights from.

INFORMATION & CYBER SECURITY

The Board's supervisory policies and examination procedures are aimed at reducing the risk of cybersecurity threats to the financial system through effective cybersecurity practices. The Board has approved a cyber-security framework, backed by an efficient and result oriented action plan. In addition to administering the Bank information security program, the Board also oversees the cyber risk management posture of the Bank. The SBP directed Enterprise Technology Risk & Governance Framework is fully implemented and tailored as per the BOP's enterprise. It is regularly deliberated upon and approved by the BoD.

The cyber security framework, information security policy and the integrated SOP's complements the organization's overall IT governance and information security strategy. It Provides a systematic approach to the early identification and management of IS related risks, provide consistent risk assessment criteria, to prepare and present IS risk information that serves as a guiding tool for management to adopt the best risk response, report risk at appropriate level within the Bank, recommend risk treatment strategies that are cost effective & efficient and monitor/review risks to ensure that risk exposure remains within the Board approved risk appetite. The Board also have the mandate to ensure effectiveness of policies, procedures or any other actions with respect to information technology systems, including enterprise cybersecurity and privacy to control cyber risk exposure of the Bank.

Board ensures that the 'tone at the top' is conducive for robust cyber risk management, protecting key assets, and that there is regular reporting to the Board on matters related to cybersecurity and breaches. Even though cyber incidents and breaches cannot be completely eliminated, the level of impact they have on the Bank and its surrounding ecosystem can be minimized through

secure, vigilant, and resilient cyber programs, which inculcate the security aspect into every decision that the management takes (secure by design).

Operational Risk Management and Compliance Risk Management Committees of the Bank actively evaluate, anticipate and improvise BOP's risk mitigation practices and capabilities. They address evolving cybersecurity risks and corresponding regulations, collectively monitor and execute strategic cyber threat assessments of new business products.

The Board receives regular reports on cybersecurity and engages in discussions on regular basis with the management and subject-matter experts on the effectiveness of BOP's overall cybersecurity program. Board's BRMC and IT&CC also review the technology related risk updates on regular basis. The Board also obtains updates on BOP's inherent cybersecurity risks and BOP's road map and progress for addressing these risks. Moreover, BOP's Management committee members receive regular reporting through ITSC and Cyber Security Committee on significant cyber events including response, imminent risks, legal obligations, and notification to regulators, and customers.

BOP seeks to proactively identify and remediate technology and cybersecurity risks before they materialize any incident(s) that negatively affect business operations. Accordingly, the ORM segment of the Bank independently challenges and monitors capabilities in accordance with BOP's defined Technology and Cyber Risk Appetite statements. To address evolving cybersecurity risks and corresponding regulations, segment collectively also monitor and execute strategic cyber threat assessments of business products.

BOP-ISD manages security assessments internally or through third party on regular basis. To serve the purpose a state-of-the-art Security Operation Center (SOC), which serve as central command for monitoring and coordinating responses to cyber threats. The Cyber security and infrastructure team is responsible for infrastructure defense and security controls, performing vulnerability assessments. The Application Security Center perform penetration testing of business application on periodic basic and ensure timely fixation of vulnerabilities. Lastly, there is Governance Risk and Compliance center which is responsible to ensure all regulatory compliance, closure of observations during Internal and external Information Security audit(s).

The Disaster Recovery plan provides peace time as well as contingency time activities. The backup strategy for critical information asset is devised according to the criticality of business functions in terms of their Recovery Time Objective (RTO) and Recovery Point Objective (RPO). The Disaster Recovery Plan is intended to be used by Business continuity plan teams and all concerned staff, particularly ITG, as an action guide in the event of a disruption, providing a planned response to a disaster event. BOP has also acquired and maintains insurance coverage for cyber-crime, and exposure for plastic card and digital channels.

The Bank of Punjab has grown manifolds in the last few years both - in terms of business volume, and number of concurrent channel offerings to its customer base. This has created a flux whereby the bank needs to expedite its transformation onto digital banking sphere rapidly; implying changes not only in digitization of services but also upgrading of service culture to complement the digitization.

The go-forward strategy of the bank needs to consider crucial strategic and technological aspects of the digital transformation:

- Make payments a key part of the larger digital transformation initiative focused on customer.
- Create payment offerings based on an open API infrastructure and a collaborative approach.
- Leverage social, mobile, analytics and cloud (aka SMAC Stack) capabilities.
- Focus on understanding customer payment behavior.
- Create a secure payments environment that also protects consumer privacy.
- Embed design thinking to derive unique customer insights from multiple channels and differentiate offerings.
- Employ an agile approach to product development to enable fast and continuous evolution.
- Build and enhance interoperability of payment channels
- Evaluate and leverage state-of-the-art and emerging technologies

BOP has a continuously evolving and improving security awareness and training program where end-users are trained and made aware of the prevalent related risks. Targeted trainings for admins and security personnel are regularly conducted to equip the team with the required skills and knowledge to remain ahead in the game.

FUTURE
OUTLOOK

FORWARD LOOKING STATEMENT

Key Focus Areas for 2024-26 Strategy

1. Current Account Growth:

Analysis of Bank's deposits portfolio shows that BOP's CA account mix is at the bottom of Peer Banks, with the exception of AKBL. Furthermore, Peer Banks' average 3-year CAGR (19-22) of CA growth is 23% as compared to 16% for BOP.

This position is attributable to many historic factors such as dominance of Public Sector deposits being a public sector commercial bank, non-availability of consumer product suite, absence in critical deposit geographies etc. Nonetheless, the Bank is setting a target to catch up with Peer Group's CA mix by 2028. This will be done while maintaining an overall deposit growth rate of 15%, equal to last 3-years deposits CAGR of the Banking Industry. It should be noted that for most Peer Banks, a similar journey of improving CA mix took between 6-8 years.

Strategy for achieving this ambitious target involves all businesses utilizing cross-functional synergies to achieve this target. Relevant enablers have been identified and incorporated into business strategies to make this possible.

2. Digitization:

The Strategy aims to provide greater visibility to DigiBOP brand as a commercial business center with a heavy footfall, offering superior user experience to our existing and future customers. It is envisaged to transform DBG into a business entity which would have its own revenue generation lines.

At present our digital penetration / revenue stream is primarily driven from our Branchless Banking portfolio which comprises Wallets for G2P Payments, and Conversion of Transactions/Customers from the branch banking model to digital avenues. The Bank is in the process of getting a P2P license which would add a new avenue of fresh Account Opening, Collections, Payments, Transfers and Digital Safe Keeping services.

DBG aims to accelerate opening of Branchless Banking Wallets (P2P, G2P, P2G) to reach parity with BAFL's current standing by 2028.

Following are the new lines of business that are projected to gain traction over next 3-year horizon (2024-2026):

- P2P Wallets, Digital Accounts, Payroll & Remotely Opened Accounts
- Float income
- Fee Income

- Digital Lending (Nano / Consumer Lending up to a pre-determined threshold on a Use Case Basis)
- Cost Save from conversion of Branch banking transactions/customers to Digital platform.

3. Other Key Focus Areas for Strategy:

a. ESG

The Strategy aims to adopt, promote and implement a Green & Safe workplace, and fulfill our economic and social responsibilities towards our clients, communities, and the ecosystem. This concept aligns with BOP's organizational Values and adherence to SDG Goals.

The Bank shall continue to make efforts to attract climate driven Funding for on-lending to ESG compliant clients and projects. To reduce the carbon emissions in Punjab specifically, BOP has plans of financing projects including EV Bikes & E-Rickshaws, Water treatment plants, Solid waste management / disposal plant etc.

The Bank will conduct screening of all new loan proposals and credit renewals against required ESG standards, developing sector-specific guidelines, assessing the impact of climate-related risks and opportunities on Businesses, and also assess the resilience of bank's Environmental Strategy. ESG and climate related Risk Management Policies & Procedures shall be integrated into Bank's overall Risk Assessment Policies & Procedures. The Bank will incorporate Green Banking within the scope of Internal Audit and Compliance Functions.

Other Critical Initiatives envisaged under ESG for 2024-2026 are:

- Green Banking Logo & Green Office Certification by WWF.
- Issuance of Sustainability Report.
- Internal Assessment of I.T Systems.
- Conversion of additional branches/officer to Solar Power.

b. Efficient Capital Utilization:

The Strategy envisages to pace up to 3-year CAGR of our Peers Banks in Gross Advances & Fee Income. Most banks have experienced a decline in Gross ADR, falling below to 46% in 2023. This decline was widespread, reported by all banks with the exception of BOP. BOP demonstrated a positive ADR growth showcasing effective management, with a conscious

strategy to lend to obligors attracting a Zero Risk Weight in terms of Capital Allocation.

During 2023, BOP had initiated deployment of Funds Transfer Pricing (FTP), Segment wise Profitability, and Asset Liability Management (ALM) systems which are on a parallel run during the initial phase of their implementation. Going forward, all these Strategic Initiatives shall help us in instituting a robust Capital Allocation Model, and making optimal risk / reward tradeoffs. A prudent Capital Management Strategy shall enable BOP to build adequate buffers above the minimum regulatory requirements of Capital Adequacy Ratio (CAR), Leverage Ratio (LR) and Liquidity Coverage Ratio (LCR), to absorb unexpected / unforeseen losses. The Bank shall proactively manage risks to BOP's Balance Sheet including Liquidity/Debt restructuring, IFRS implementation, Interest Rate Risk & Credit Risk (NPLs).

c. People Focus:

The Bank shall continue to strengthen a Pay for Performance culture that is necessary for motivating employees to achieve their performance goals. The framework is focused on revamping performance bonus structures in line with the market, to increase the variable component as part of total remuneration. We shall continue to participate in Salary Surveys so that the Bank remains within the target percentiles for the identified grades.

Furthermore, the Bank shall use the results of Job Evaluation and Workload Assessment exercises, likely to be concluded in Q1 '24, to properly carve out its HR plan, develop career pathways for Critical Branch Banking positions and Branch Operations Staff to attract, train and retain the best talent from the market.

BOP will strive to establish a state of the art Training Academy in alliance with international or local universities such as LUMS or IBA to continue to foster an ongoing Learning & Service Culture.

d. Niche Markets:

By virtue of our widespread rural presence, BOP is favorably positioned to capitalize in Agri & SME segments, relative to its Peer Banks. BOP already has sizable portfolios which provide a solid base for an upward growth trajectory. BOP's special relationship

with GoPb, and availability of a digital platform affords it a unique opportunity to come up with a range of payments & financing options for businesses & farmers at a large scale. Digitalization of Wheat Cycle including procurement & release to Mills, large scale subsidy schemes such as Kissan Dost Credit Cards, expanding EWRP usage and opening wallet accounts for millions of farmers are a few exciting options that the Bank shall work upon.

Islamic Banking shall continue to be a key area of Focus as it offers the potential to substantially increase our outreach, grab a larger share of faith based customers, improve our deposit mix through substantially enhancing share of CA, while offering lucrative returns in comparison to conventional deposits. A major opportunity for upscaling our Islamic banking business vests with GoPb, where there is a sizable potential to open new GoPb deposit accounts, and offer financing solutions, under Shariah compliant mode. BOP shall continue to work closely with SBP for sensitizing GoPb about the change starting from its Commodity Operations Financing to be brought under Islamic mode.

Relationship with GoPb continues to be BOP's strongest asset. Taking forward our existing strategy of being the Bank of first choice for all of GoPb's financial needs, our future intent continues to be the deepening of our strategic partnership in all areas. BOP shall continue to focus on GoPb deposits for liability management. In addition, the Bank shall try and realize opportunities for digitized revenue collection, cash management / payroll management, acquiring large chunks of wallets, Assets, Trade and Fee income.

Finally, Strategic opportunities such as opening of BOP Exchange Company, rebranding and enhancing scope of Punjab Capital and First Punjab Modaraba shall be pursued.

REVIEW OF LAST YEAR FORWARD LOOKING STATEMENT

PRESIDENT/ CEO'S REVIEW

I am pleased to present the Bank of Punjab's Annual Report for the fiscal year 2023. A testament of resilience and strategic prowess in navigating a challenging economic landscape.

Throughout the year, the economy faced considerable headwinds, marked by persistent and unprecedented inflation levels. The State Bank of Pakistan's commitment to a tight Monetary policy, with the policy rate hovering around 20%, further constrained investment and

financing opportunities. Political transition, coupled with delays in the IMF program, contributed to an economic slowdown. This resulted in a scarcity of investment opportunities across all the sectors in the Economy, leading the Bank into intense competition for limited operational space.

In response to these challenges, the Bank prioritized the strengthening of its capital base. Addressing legacy LR & CAR issues, raised PKR 25.2 billion over the last two years. This strategic move positioned the Bank comfortably above regulatory capital limits.

Despite the constrained economic environment, the Bank adopted a comprehensive approach to achieve sustained growth and strengthened its capital position. Remarkably, the Bank achieved robust financial results, with total assets exceeding Rs. 2.0 trillion, officially classifying it amongst the large banks in Pakistan. While profitability growth may seem modest compared to the broader industry due to pending re-pricing of certain investment portfolios, the potential for growth remains substantial.

Our strategic expansion over the past few years has been extraordinary. We added over 185 branches and sub-branches nationwide, significantly expanding our Taqwa Islamic Banking operations and introducing Islamic banking windows alongside conventional banking operations. This strategic move capitalizes on the lucrative and growing market segment of current & Islamic saving deposits. The expansion in Karachi's port city which is repository of 30% of total deposits of the Country, is already yielding positive results, tapping into stable private deposits.

The Bank also made substantial investments in digitalizing the banking system, seamlessly transitioning to the latest release of our core banking solution and our digital platform - Digibop. We are at the verge of commercially launching our branchless banking operations, which has successfully managed several government initiatives for years. The year 2023 saw major system upgrades, migration to new platforms, completion of digital payment rails, and the introduction of new segment offerings and digital onboarding of customers.

Over the last three years, the Bank of Punjab has executed a dynamic strategy that significantly increased its private deposits. This achievement can be attributed to a multi-faceted approach encompassing expansion, human resource development, structural adjustments, and leveraging digital infrastructure. As a result, our private-to-public deposit ratio improved considerably, delivering better deposit margins.

BOP's branch network witnessed growth in the South and the North of the Country, accompanied by an increased ratio of Islamic branches and Islamic Banking Windows (IBWs) in the network. Our commitment to becoming the Employer of Choice has attracted talent for deposit mobilization. Over the past three years, there has been a remarkable improvement in BOP's Non-Performing Loans (NPLs) and overall provisioning. With a recovery rate of up to 5% per annum for the past three years, the Bank successfully revitalized a considerable portion of its NPL portfolio, enhancing asset quality and contributing significantly to the bottom line.

In terms of financial targets, BOP met all 2023 goals set in the 2025 Strategy. Our Pay for Performance culture, structural adjustments, and digital transformation have played pivotal roles in growing private deposits. On the other hand, advances crossed the 1 trillion mark in 2023, closing at approximately 850 billion at the year-end. The Bank's Advances to Deposit Ratio (ADR) is better than the industry average, with a declining Obligor Risk

Ratio (ORR), showing an improvement in the portfolio quality. We are well on our way to achieving our target of 1,000 branches by 2025. We are proudly maintaining our top position in SME & Agri sectors.

For the first time, the Bank undertook a Usage & Attitude (U&A) study to understand consumer preferences in the Banking category, revealing an improved perception of the BOP brand over the last three years. Furthermore, the Bank has made a solid start towards implementing Enterprise Security and Risk Management (ESRM) and stands ready for International Financial Reporting Standards (IFRS) implementation in 2024. It also made substantial progress with respect to implementing the Environment, Social & Governance (ESG) framework by establishing its Executive Board ESG sub-committee and securing Euro 50 Million funding from AFD for financing climate compliant projects. As part of our strategic vision, BOP intends to move towards establishing overseas presence going into the future.

Our performance has garnered recognition from stakeholders and market evaluators, earning several local and international awards and accreditations in 2023. These include the "EFP Disability Inclusion Excellence Award," the "Employer of Choice Award" at the Gender Diversity Awards 2023, the "Number One" ranking on the State Bank of Pakistan's Banking on Equality Rating, the "MasterCard Market Leader in the New Segment Award," and the "Best Public Sector Bank for Islamic Retail Banking in Pakistan 2023." We were also recognized as the "Best Bank for Small & Medium Businesses" at the Pakistan Banking Awards in December 2022 and 2023. Additionally, we received the "MasterCard Driving Contactless In-Transit Payments Award" at the EDGE 2023 event in Dubai, UAE, the "Best Bank for SMEs in Pakistan" by Asia Money in June 2023 and the Best Bank for SME award from Digital Banker for the year 2023. In addition, the bank has also secured membership in the IFC SME Financing Forum & is now planning to launch BOP SME index.

The Bank has spearheaded the Government of Pakistan's Youth Business & Agriculture Loan Scheme, contributing to a self-reliant youth and national economy. Our Corporate Social Responsibility initiatives, including efforts to enhance Green Banking in Pakistan, have received widespread acclaim. Through programs such as BOP Madadgar and sponsorship of art and literary festivals, as well as scholarships for underprivileged students, we have demonstrated our commitment to community support.

These achievements are a testament to the concerted efforts of our team, and it is your trust that has steered the Bank in the right direction toward a promising future. Despite a challenging operating environment, BOP continues to make substantial progress in all operational facets, solidifying its industry position.

I extend my gratitude to the Government of the Punjab, the Board of Directors, and the State Bank of Pakistan for their unwavering support and guidance. I am also thankful to our depositors, customers, and shareholders for their confidence and trust in BOP. I am immensely proud of the efforts made by the BOP team, and together, we look forward to achieving even greater milestones in the years ahead.

Zafar Masud
President/CEO

DIRECTORS' REPORT

For the year ended December 31, 2023

The Board of Directors is pleased to present the 34th Annual Report of The Bank of Punjab together with the audited Financial Statements and Auditors' Report thereon for the year ended December 31, 2023.

Performance at a Glance

Despite prevailing stressed economic conditions, the Bank was able to consolidate its position and growth in all facets of operations. The Bank continued to expand its outreach, especially in south and north regions, and now has a network of 815 online branches. The performance of the Bank has remained well aligned with Strategic Business Plan and all new initiatives approved by the Board under on-going business plan are well on track.

As of December 31, 2023, the Deposits of the Bank were recorded at Rs. 1,520.9 billion as against Rs. 1,227.3 billion as of December 31, 2022 showing a significant growth of 24%. During the year, Bank remained focused on procuring low cost CASA deposits with special emphasis on private sector deposits.

As on December 31, 2023, the Gross Advances portfolio stood at of Rs. 849.5 billion as against Rs. 634.4 billion as on December 31, 2022 registering a significant growth of 34%. During the year, reduction in Non-Performing Loans was observed on account of recovery/regularization and the Non-Performing Loans portfolio reduced to Rs. 50.9 billion as against Rs. 51.6 billion as on December 31, 2022. NPLs % reduced to 6% as against 8% as on December 31, 2022. The Bank stands fully compliant with the provisioning requirement under Prudential Regulations of State Bank of Pakistan, while all possible legal measures are being taken to ensure recovery of legacy non-performing portfolio. The Investments & Lending to FIs stood at Rs. 1,058.2 billion mainly comprising of Government Securities (98%). The Total Assets of the Bank surpassed the level of Rs. 2.0 Trillion and stood at Rs. 2,216.18 billion as against Rs. 1,481.9 billion as of December 31, 2022 thereby registering a substantial growth of 50%.

During the year 2023, Net Interest Margin (NIM) improved to Rs. 40.95 billion as against Rs. 30.76 billion during year 2022 registering a significant growth of 33%. Similarly, Non-Markup/ Interest Income increased to Rs. 17.72 billion as against Rs. 10.58 billion during year 2022 showing a commendable growth of 68%.

Non markup/interest expenses stood at Rs. 37.50 billion as against Rs. 27.71 billion during year 2022. The rise in expenses was well within the inflationary parameters and growth in Branch Network/Business Volumes.

During the year 2023, net provision reversal of Rs. (0.05) billion was recorded as against net provision reversal of Rs. (4.88) billion during year 2022. Accordingly, despite very challenging operating and economic conditions, the Profit Before Tax was recorded at Rs. 21.22 billion as against Rs. 18.51 billion during year 2022 with a 15% YOY growth. Profit After Tax also improved to Rs. 11.34 Billion as against Rs. 10.83 Billion during year 2022. It is pertinent to mention that Vide Finance Act 2022, the Government imposed 10% Super Tax (4% for indefinite future periods and one time 6% additional Super Tax), however, vide Finance Act 2023, the said 6% Super Tax was also enacted for indefinite future periods resulting in 49% Effective Tax Rate for calculation of Deferred Tax as against 43% for year 2022. Accordingly, Earnings per Share (EPS) for year 2023 improved to Rs. 3.47 per share as against Rs. 3.31 per share for year 2022.

Keeping in view robust Business Plan envisaging aggressive business growth and CAPEX commitment in the areas of Information Technology & Digitalization, requiring strong capital base, the Board announced and recommended a Cash Dividend of 10% for shareholders for the year 2023 as against 10% Stock Dividend announced for the year 2022.

Note: A sub committee (Review of BOP Act 1989) was formed to review BOP Act 1989.

Statement of compliance with Corporate and Financial Reporting Framework

The Directors are pleased to give the following statement in respect of Code of Corporate Governance:

- The financial statements, together with notes thereon have been prepared in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017. These Statements present fair state of affairs, the result of its operations, cash flows and changes in equity and comprehensive income. Proper books of account of the Bank have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- International Accounting and Financial Reporting Standards and Islamic Financial Accounting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departure there-from has been adequately

disclosed in the Annual Accounts. The system of internal control is sound in design and has been effectively implemented and monitored.

- There is no significant doubt upon the Bank's ability to continue as a going concern.
- There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- All the statutory liabilities, if any, have been adequately disclosed in the financial statements.
- Directors Remuneration Policy is disclosed at page no 69 of Annual Report
- Risk Management Framework has been appropriately disclosed at Page No. 33 of the Annual Report.
- Value of investment of Staff Provident Fund and Gratuity Fund, based on latest audited accounts is Rs.3.30 billion & Rs. 1.80 billion, respectively.
- Statement showing pattern of shareholding as on December 31, 2023 is disclosed at page No. 424 of the Annual Report.

- Statement showing key operating and financial data for the last six years is disclosed at page No. 82 of the Annual Report.
- Statement of compliance with code of corporate governance is presented at page No. 159 of the Annual Report.
- Statement on Corporate Social Responsibility is given at Page No 42 of the Annual Report.
- There has been no interest of directors in any significant contract / arrangement during the year.
- Related party transactions have been disclosed at page No. 257 of the Annual Report.

Credit Rating

While acknowledging the improved risk profile of the Bank, M/s Pakistan Credit Rating Agency (PACRA) has maintained Bank's Long-term Entity Rating to "AA+", while the Short-term Entity Rating has been maintained at "A1+".

As per standard rating scale and definition "AA+" long term rating denotes a very low expectation of credit risk. It indicates a very strong capacity for timely payment of financial commitments, not significantly vulnerable to foreseeable events. Similarly, "A1+" short term rating denotes obligations supported by the highest capacity for timely repayment.

Subsidiary

The detail of Bank's subsidiaries are as follows:

Rs. In Million			
Sr#	Name	Current Period Net Assets	Comparative Period Net Assets
1.	Punjab Modaraba Services (Private) Limited (September 30, 2023 & December 31, 2022)	(76.183)	(64.273)
2.	First Punjab Modaraba (September 30, 2023 & December 31, 2022)	(38.786)	0.050
3.	Punjab Capital Securities (Private) Limited (December 31, 2023 & December 31, 2022)	97.226	80.256

Outlook for the year 2024

In line with its strategic business plan, the Bank would continue to expand its branch network and strengthen its products and services base. The Bank shall continue to focus on digitalization initiatives to further improve operational oversight and effective monitoring.

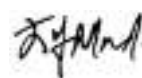

Auditors

The retiring auditors' M/s A. F. Ferguson & Co., Chartered Accountants, being eligible, have offered themselves for reappointment for the year ending December 31, 2024. The Board of Directors, on the suggestions of Board Audit Committee, recommended M/s A. F. Ferguson & Co., Chartered Accountants, as statutory auditors of the Bank for year ending December 31, 2024.

Acknowledgement

The Bank acknowledges valuable support and guidance of State Bank of Pakistan and Government of the Punjab, and is thankful to shareholders and customers for their continued support. The Board also highly appreciate the effort of Bank's management and staff members for achieving good financial results.

For and on behalf of the Board

اداراتی اور مالیاتی جائزے کی تعمیل کا بیانیہ:

ڈائریکٹرز کوڈ آف کارپوریٹ گورننس کے تحت درج ذیل بیان دیتے ہوئے خوشی محسوس کر رہے ہیں:

- مالی گوشوارے مع نوٹس بینکنگ کمپنیز آرڈیننس، 1962 اور گینز ایکٹ، 2017 کے مطابق تیار کیے گئے ہیں۔ یہ گوشوارے معاملات، ان کے امور کے نتائج، کیش فلوز اور ایکویٹی میں تبدیلی اور جامع آمدن کی صحیح عکاسی کرتے ہیں۔ بینک کے اکاؤنٹس کی باقاعدہ بکس مرتب کی گئی ہیں۔
- موزوں اکاؤنٹنگ پالیسیوں کو مالیاتی گوشواروں کی تیاری میں مستقل بنیادوں پر لاگو کیا گیا ہے اور اکاؤنٹنگ کے تعینے مناسب اور حتمی فیصلوں پر مبنی ہیں۔
- بین الاقوامی اکاؤنٹنگ اور مالیاتی جائزوں کے معیارات اور اسلامک فنانشل اکاؤنٹنگ معیارات جیسا کہ پاکستان میں قابل اطلاق ہیں، کو مالیاتی گوشواروں کی تیاری میں نافذ کیا گیا ہے اور سالانہ اکاؤنٹس میں ان سے کسی بھی قسم کے انحراف کی مناسب طور پر وضاحت کی گئی ہے۔ اندرونی کنٹرول کا نظام ڈیزائن کے لحاظ سے قابل بھروسہ ہے اور مؤثر طور پر نافذ العمل اور زیر نگرانی ہے۔

- بینک کے کاروباری معاملات جاری رہنے کی صلاحیت پر کوئی نمایاں شک و شبہ نہیں

- کارپوریٹ گورننس میں طے کردہ ریگولیشنز کی بہترین عملداری میں کسی قسم کی مادی انحراف نہیں کیا گیا۔ جیسا کہ فہرست سازی کے ضوابط میں تفصیل سے بتایا گیا ہے

- تمام قانونی واجبات، اگر کوئی ہو تو، مالیاتی گوشواروں میں مناسب انداز میں واضح کیے گئے ہیں۔

- سالانہ رپورٹ کے صفحہ نمبر 69 پر ڈائریکٹرز ریویژن پالیسی کی تفصیل دی گئی ہے۔

- رسک مینجمنٹ فریم ورک سالانہ رپورٹ کے صفحہ نمبر 33 پر مناسب انداز میں واضح کیا گیا ہے۔

- حالیہ آڈٹ شدہ اکاؤنٹس کی بنیاد پر سٹاف پراویڈنٹ فنڈ اور گریجویٹ فنڈ کی سرمایہ کاری کے اعداد و شمار بالترتیب 3.30 بلین اور 1.80 بلین روپے ہیں۔

- 31 دسمبر 2023 تک شیئرز ہولڈنگ کے پئیرن کا بیان سالانہ رپورٹ کے صفحہ نمبر 424 پر واضح کیا گیا ہے

- گزشتہ چھ سال کیلئے کلیدی عملی امور اور مالی ڈیٹا سالانہ رپورٹ کے صفحہ نمبر 82 پر بیان کیا گیا ہے۔

- کوڈ آف کارپوریٹ گورننس کی تعمیل کا بیان سالانہ رپورٹ کے صفحہ نمبر 159 پر درج ہے۔

- کارپوریٹ سماجی ذمہ داری کا بیان سالانہ رپورٹ کے صفحہ نمبر 42 پر واضح کیا گیا ہے۔

- سال کے دوران کسی بھی نمایاں معاہدہ/انتظام میں ڈائریکٹرز کا کسی قسم کا مفاد شامل نہیں ہے۔

- متعلقہ پارٹیوں سے لین دین سالانہ رپورٹ کے صفحہ نمبر 257 پر بیان کیا گیا ہے۔

کرڈٹ ریٹنگ:

بینک کی بہتر رسک پروفائل کو سراہتے ہوئے میسرز پاکستان کرڈٹ ریٹنگ ایجنسی (PACRA) نے بینک کی طویل مدتی اینٹیٹی ریٹنگ "A A + " برقرار رکھی ہے، جبکہ مختصر مدتی اینٹیٹی ریٹنگ "A1+" پر برقرار رکھی گئی ہے۔

سٹیٹرز ڈیٹا سکیل اور تعریف کے مطابق "AA+" کی طویل مدتی ریٹنگ کرڈٹ رسک کے انتہائی کم تخمینہ کو ظاہر کرتی ہے۔ مالی معاہدوں میں بروقت ادائیگی کی مضبوط صلاحیت کی عکاس ہے، متوقع

واقعات کیلئے نمایاں طور پر غیر محفوظ نہیں ہے۔ اسی طرح "A1+" مختصر مدتی ریٹنگ بروقت واپس ادائیگی کی بلندا استعدادی ذمہ داری کی نشاندہی ہے۔

ذیلی ادارہ:

بینک کے ذیلی اداروں کی تفصیل درج ذیل ہے:

نمبر شمار	نام	موجودہ دورانیہ کیلئے خالص اثاثہ جات	تقابلیت مدت کیلئے خالص اثاثہ جات
1	پنجاب مضاربہ سروسز (پرائیویٹ) لمیٹڈ (30 ستمبر 2023 اور 31 دسمبر 2022)	(76.183)	(64.273)
2	فرسٹ پنجاب مضاربہ (30 ستمبر 2023 اور 31 دسمبر 2022)	(38.786)	(0.050)
3	پنجاب کمپیٹل سکیورٹیز (پرائیویٹ) لمیٹڈ (31 دسمبر 2023 اور 31 دسمبر 2022)	97.226	80.256

سال 2024 کیلئے نقطہ نظر:

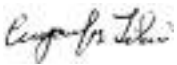

اپنے اسٹریٹجک کاروباری منصوبے کے مطابق، بینک اپنے براؤنچ اپنے ورک کو وسعت دیتا رہے گا اور اپنی مصنوعات اور خدمات کی بنیاد کو مضبوط بنائے گا۔ بینک آپریٹنگ گمرانی اور موثر گمرانی کو مزید بہتر بنانے کے لیے ڈیجیٹل ٹرانزیشن کے اقدامات پر توجہ دیتا رہے گا۔

آڈیٹرز:

ریٹائر ہونے والے آڈیٹرز میسرز ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس نے اہل ہونے کے لیے 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے دوبارہ تقرری کے لیے خود کو پیش کیا ہے۔ بورڈ آف ڈائریکٹرز نے، بورڈ آڈٹ کمیٹی کی تجویز پر میسرز ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس کی 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے بینک کے قانونی آڈیٹرز کے طور پر تعیناتی کی سفارش کی ہے۔

اظہار تشکر:

بینک اسٹیٹ بینک آف پاکستان اور حکومت پنجاب کی گرانقدر حمایت اور رہنمائی کا اعتراف کرتا ہے اور حصص یافتگان اور صارفین کی مسلسل حمایت کے لیے ان کا بھی شکریہ ادا کرتا ہے۔ بورڈ اچھے مالیاتی نتائج حاصل کرنے پر بینک کی انتظامیہ اور عملے کے ارکان کی کوششوں کو بھی سراہتا ہے۔

بورڈ کیلئے اور بورڈ کی جانب سے

چیئرمین

صدر اسی ای او

اندرونی کنٹرولز:

(*) GoPb کی جانب سے مورخہ 25-01-2024 کو جناب محمد جہانزیب خان- چیئر مین، جناب

نوید اختر شریف اور محترمہ منادیر رحمان، ڈائریکٹر کوڈی نوٹیفائیڈ کر دیا گیا۔

31 دسمبر 2023 تک بورڈ آف ڈائریکٹرز کی درج ذیل 5 ذیلی کمیٹیاں ہیں:

- 1- بورڈ آڈٹ کمیٹی
- 2- رسک مینجمنٹ، کمپلائنس اینڈ این پی ایل ریویو کمیٹی
- 3- ہیومن ریورس، کمپنیشن، پرفارمنس ایویویشن اینڈ ٹیکنیشن کمیٹی
- 4- سٹریٹیجی، اسلامک اینڈ پرائیویٹ سیکٹرز انسٹیٹیوٹ کمیٹی
- 5- انفارمیشن ٹیکنالوجی اینڈ کیوبیکل سیکٹرز کمیٹی

سال 2023 کے دوران بورڈ آف ڈائریکٹرز اور بورڈ کمیٹیوں کی حاضری کی تفصیل درج ذیل ہے۔

بینک آف پنجاب کے بورڈ آف ڈائریکٹرز کی مجموعی ذمہ داری ہے کہ وہ داخلی کنٹرول کے ایک مناسب اور موثر نظام کے وجود کو یقینی بنائے جو کہ قابل قبول رسک پروفائل کے اندر بینک کے خطرات کو منظم کرنے کے لیے ڈیزائن کیا گیا ہے۔ بورڈ انتظامیہ کی طرف سے داخلی کنٹرول سے متعلق بیان کی توثیق کرتے ہوئے خوش ہے، جو سالانہ رپورٹ میں شامل ہے۔

بینک کے بورڈ آف ڈائریکٹرز:

31 دسمبر 2023 تک بینک بورڈ آف ڈائریکٹرز 10 ممبران بشمول 3 خود مختار ڈائریکٹرز پر مشتمل ہے۔

ڈائریکٹرز رپورٹ

برائے سال 31 دسمبر 2023ء

ٹیکس کی شرح 49% رہی جو کہ سال 2022 کے لیے 43% تھی۔ فی شیئر آمدنی 3.47 روپے فی حصص رہی جو کہ سال 2022 کے دوران 3.31 روپے فی حصص تھی۔

انفارمیشن ٹیکنالوجی اور ڈیجیٹلائزیشن کے شعبوں میں جارحانہ کاروباری نمو اور CAPEX کے عزم کو مد نظر رکھتے ہوئے، بورڈ نے 2023 کے لیے حصص یافتگان کے لیے 10.00% کیش ڈیویڈنڈ کا اعلان کیا جبکہ سال 2022 کے لیے 10.00% اسٹاک ڈیویڈنڈ کا اعلان کیا گیا تھا۔

مالی اچھلیاں 2023:

31 دسمبر 2023 کو ختم ہونے والے سال کے لیے قبل از ٹیکس اور بعد از ٹیکس منافع اور تخصیصات درج ذیل ہیں:

ملین روپے

21,218

قبل از ٹیکس منافع

9,879

ٹیکسیشن-خالص

11,339

بعد از ٹیکس منافع

25,213

آگے لایا گیا غیر مختص منافع

(257)

دیگر جامع (نقصان)

36,295

3.47

فی شیئر آمدنی (روپے)

سرمائے کی مناسبت اور کم سے کم سرمائے کی ضروریات:

31 دسمبر 2023 تک ادا شدہ سرمایہ (نقصانات کا خالص 34.67 ارب روپے تھا جو کہ اسٹیٹ بینک کی کم از کم سرمائے کی ضرورت 10.0 ارب روپے کے مطابق ہے۔ مزید برآں، بینک کا کپٹل ایڈیٹوریٹی ریٹو (CAR) نمایاں طور پر 18.37% ہو گیا جو کہ 31 دسمبر 2022 تک 13.11% تھا اور بینک 11.50% کی ریگولیٹری ضرورت پر آرام دہ مارجن کے ساتھ تھا۔ سال 2023 کے دوران بینک ADT-1 اور Tier-2 کپٹل کو مجموعی طور پر 15.5 ارب روپے بڑھانے میں بھی کامیاب رہا جو کہ BOP کی مالی طاقت پر مارکیٹ کے اعتماد کو بڑھاتا ہے۔

بورڈ آف ڈائریکٹرز 31 دسمبر 2023 کو اختتام پذیر ہونے والے سال کے لیے آڈٹ شدہ مالیاتی گوشواروں اور اس پر آڈیٹرز کی رپورٹ کے ساتھ بینک آف پنجاب کی 34 ویں سالانہ رپورٹ پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

کارکردگی پر ایک نظر:

موجودہ تناؤ زدہ معاشی حالات کے باوجود، بینک اپنی پوزیشن اور کاروبار کے تمام پہلوؤں میں مستحکم ترقی برقرار رکھنے میں کامیاب رہا۔ بینک نے اپنی رسائی میں وسعت کا سفر بالخصوص جنوبی اور شمالی علاقوں میں جاری رکھا، اور اب ملک بھر میں اس کا 8154 آئن لائن برانچوں پر مشتمل نیٹ ورک ہے۔ بینک کی کارکردگی اسٹریٹجک بنس پلان سے بھرپور انداز میں ہم آہنگ رہی اور جاری بنس پلان کے تحت بورڈ کی طرف سے منظور شدہ تمام نئے اقدامات درست طریقے سے چل رہے ہیں۔

31 دسمبر 2023 تک، بینک کے ڈپازٹس 1,520.9 ارب روپے ریکارڈ کیے گئے جو کہ 31 دسمبر 2022 تک 1,227.3 ارب روپے تھے جو کہ 24 فیصد کی نمایاں نمو کو ظاہر کرتا ہے۔ سال کے دوران، بینک نے نئی شعبے کے ڈپازٹس پر خصوصی زور دیتے ہوئے کم لاگت کے CASA ڈپازٹس کی ترقی پر توجہ مرکوز کی۔

31 دسمبر 2023 تک، مجموعی ایڈوانسز پورٹ فولیو 849.5 ارب روپے کا تھا جو کہ 31 دسمبر 2022 تک 634.4 ارب روپے تھا جو کہ 34 فیصد کی نمایاں نمو کی نشاندہی ہے۔ سال کے دوران، ریکوری/ریگولائزیشن کی وجہ سے نان پرفارمنگ لوٹ میں کمی دیکھی گئی اور نان پرفارمنگ لوٹ پورٹ فولیو کم ہو گیا۔ 50.9 ارب روپے رہ گیا جو کہ 31 دسمبر 2022 تک 51.6 ارب روپے تھا۔ NPLs 31 دسمبر 2022 کو 8% کے مقابلے میں 6% کم ہو کر رہ گئی۔ بینک اسٹیٹ بینک آف پاکستان کے پریڈیکٹبل ریگولیشنز کے تحت پروویژن کی ضروریات کی مکمل تعمیل کرتا ہے، جبکہ نان پرفارمنگ پورٹ فولیو کی بازیابی کو یقینی بنانے کے لیے تمام قانونی اقدامات اٹھائے جا رہے ہیں۔ FIS کو قرضے اور سرمایہ کاری 1,058.2 ارب روپے تھے جو کہ بنیادی طور پر سرکاری سیکورٹیز (98%) پر مشتمل ہے۔ بینک کے کل اثاثے 2,020.2 ملین روپے کی سطح کو عبور کر گئے اور 2,216.2 ارب روپے ریکارڈ کیے گئے جو کہ 31 دسمبر 2022 تک 1,481.9 ارب روپے تھے اور اس طرح 50% کی خاطر خواہ ترقی درج کی گئی۔

سال 2023 کے دوران، نیٹ انٹرسٹ مارجن (NIM) بہتر ہو کر 40.95 ارب روپے ہو گیا جو کہ سال 2022 کے دوران 30.76 ارب روپے تھا جو کہ 33 فیصد کی نمایاں نمو دکھاتا ہے۔ اسی طرح نان مارک اپ آمدنی بڑھ کر 17.72 ارب روپے ہو گئی جو کہ سال 2022 کے دوران 10.58 ارب روپے تھی جو کہ 68 فیصد کی قابل ستائش نمو دکھاتی ہے۔

غیر مارک اپ اخراجات 37.50 ارب روپے پر رہے جو کہ سال 2022 کے دوران 27.71 ارب روپے تھے۔ اخراجات میں اضافہ افراط زر کے پیرامیٹرز اور برانچ نیٹ ورک/کاروباری حجم میں نمو کے مطابق تھا۔

سال 2023 کے دوران (0.05) ارب روپے کا نیٹ پروویژن ریکارڈ کیا گیا جو کہ سال 2022 کے دوران (4.88) ارب روپے تھا۔ ٹیکس سے پہلے منافع YOY 15% نمو کے ساتھ 21.22 ارب روپے ریکارڈ کیا گیا جو کہ سال 2022 کے دوران 18.51 ارب روپے تھا۔ بعد از ٹیکس منافع بھی بڑھ کر 11.34 ارب روپے ہو گیا جو کہ سال 2022 کے دوران 10.83 ارب روپے تھا۔ یہ بات قابل ذکر ہے کہ فنانس ایکٹ 2022 کے تحت، حکومت نے 10% سپر ٹیکس (4% غیر معینہ مدت کے لیے اور ایک بار 6% اضافی سپر ٹیکس) نافذ کیا، تاہم، فنانس ایکٹ 2023 کے تحت 6% سپر ٹیکس بھی غیر معینہ مدت کے لیے نافذ کیا گیا جس کے نتیجے میں اتوا شدہ ٹیکس کے حساب کے لیے میوز

REVIEW REPORT BY CHAIRMAN OF AUDIT COMMITTEE

The Audit Committee of the Board consists of 03 members and is being headed by an experience independent Director, Mr. Mohammad Mudassir Amray, as Chairman. It shall be ensured that Bank's Internal Audit Function remains fully independent and perform its function in line with regulatory requirements and as per best industry practices.

For & Behalf of Board Audit Committee

REPORT OF SHARIAH BOARD

Taqwa Islamic Banking The Bank of Punjab (TIB Bop) (For The Financial Year-2023)

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

Alhamdulillah TIB BOP has completed another year of successful banking operations. The Shariah Board (SB) hereby presents its opinion on the affairs of TIB BOP operations. The Board of Directors (BOD) and the management is committed to provide an effective and comprehensive Shariah Governed environment to regulate the overall functions of the bank. During the year, Shariah Board convened various SB meetings to discuss different matters referred to the Shariah Board including Internal/External Shariah audit reports, Shariah compliance review reports, SCD activities report, different policies and procedures, new products/ renewals of existing products, transaction structuring, business and marketing material etc.

Shariah Compliance

- TIB BOP is equipped with a team of qualified personals in its Shariah Compliance Department (SCD), working under the supervision and guidance of the Shariah Board. The prime objective of this function is to ensure Shariah Compliance at various levels and take corrective measures.
- The main modes of financing used for the bank's financing activities during the year consist of Murabaha, Ijarah, Diminishing Musharakah, Istisna, Tijarah, Musawamah, and Running Musharakah.
- The Shariah Board supervised and analyzed various products, concepts, transactions, processes and their Shariah Compliance as an ongoing process to ensure that the transactions are valid and in conformity with Shariah injunctions.
- The Internal Shariah audit unit evaluates the adherence to Shariah guidelines by the Bank. During the year, Shariah Audit of various TIB BOP branches/ departments was conducted that enabled the Bank to improve the Shariah control environment.
- To strengthen and broaden the functions of Shariah control, the Shariah Compliance Department (SCD) of the bank under the supervision of RSBM, facilitated the customers by conducting several industry visits in order to understand the customer's need and to offer best suitable products and formulating customized process flows after assessment of customers' business models. As a part of the departmental responsibilities, SCD also reviewed

the process of profit distribution to the depositors on monthly basis. During the course of on-site visit of branches, SCD also guided staff regarding day to day operations while dealing with general banking customers.

Products and Polices

During the year, SB has reviewed various new products along with the review and renewal of existing products including liability and financing side products. Few of the products are already launched by the bank and while remaining shall be launched after system development.

Additionally, the Shariah Board has also reviewed different policies including SOP for Conversion of Conventional Banking Branches into Islamic Banking Branches, Islamic Banking Windows (IBWs) Policy and IBW Operation Manual etc.

Shariah Opinion

After review of reports of the Shariah Compliance Department, Internal and External Shariah Audit reports, we are of the opinion that:

TIB BOP operations are overall satisfactory as per details given below:

- TIB BOP has by and large complied with Shariah rules and principles in the light of Fatawa, rulings and guidelines issued by Shariah Board.
- TIB BOP has by and large complied with directives, regulations, instructions and guidelines related to Shariah compliance issued by SBP.
- TIB BOP has a satisfactory mechanism in place to ensure Shariah compliance in its overall operations.
- TIB BOP has a proper system in place to ensure that any earnings realized from the sources or by the means which are prohibited by Shariah have been credited to charity account and are being properly utilized. Detail of the charity fund is available in the statement of financial position of TIB BOP (annexure I of Annual Report 2023 BOP).

- TIB BOP has an acceptable system of profit / loss distribution and pool management. Profit is being properly distributed to all Mudarabah based accounts according to Mudarabah principles.
- Bank's BoD and management are cognizant of the importance of Shariah compliance in the products and processes of the bank. In this spirit, the bank is continuously focusing on enhancing the Islamic Banking knowledge and skill set of the staff. Islamic Banking Training Unit and SCD with the coordination of Learning & Development Centre of the Bank has imparted training on Islamic banking products.
- The Shariah Board has been provided with adequate resources enabling it to discharge its duties effectively.

Recommendations

There are following significant Shariah related issues which need to be addressed:

Staff/Human Resource related Matters

It is recommended that the Provident Fund of the employees working under Taqwa Islamic banking need to be placed under Islamic arrangements.

While encouraging the efforts of ISAU, keeping in view bank's current business segment growth and overall network expansion plan including opening of Islamic Banking Windows, it is recommended that the strength of ISAU should be further increased.

Awareness Sessions

In order to enhance customer and general public awareness of Islamic Banking, the management has arranged various awareness sessions at different Public Sector Universities / Institutions, Madaris, Chambers of Commerce and other forums on Islamic Banking and Finance. SBP acknowledged and appreciated the efforts of BOP-TIB for conducting several awareness sessions and awarded BOP-TIB with "Certificate of Appreciation" in the recognition of its efforts. We recommend arrangement of similar sessions in the coming years too.

Staff Training

While appreciating the management's efforts and focus on HR development, we recommend management to continue its efforts on capacity building segment with the same zeal and special focus on training to the staff to be appointed at Islamic Banking windows, keeping in view SBP focus on this area.

The Shariah Board of TIB BOP is satisfied with overall performance of Taqwa Islamic Banking - The Bank of Punjab and we expect that the management of the bank will continue adherence to the instructions issued by SBP and the Shariah Board of the bank that will further strengthen Shariah Compliance culture at TIB BOP.

اسٹاف ٹریننگ:

ہم اسٹاف کی صلاحیتوں کو بہتر بنانے کے حوالے سے مینجمنٹ کی کاوشوں اور رجحان کی تعریف کرتے ہوئے اس بات کی سفارش کرتے ہیں کہ مینجمنٹ صلاحیتوں کو بہتر بنانے میں اپنی کاوشوں کو جاری رکھے اور اسی جذبہ اور کاوش کے ساتھ عمل کی تربیت، بالخصوص اسلامک مینٹنگ ونڈوز کیلئے منتخب ہونے والے عمل کی تربیت پر خصوصی توجہ دے اور "اسٹیٹ بینک آف پاکستان" کی ہدایات کو مد نظر رکھتے ہوئے اس شعبے میں مزید توجہ بڑھائے۔

"تقویٰ اسلامک مینٹنگ - دی بینک آف پنجاب" کا شریعہ بورڈ بینک ہذا کی کارکردگی اور امور سے بحیثیت مجموعی مطمئن ہے اور امید کرتا ہے کہ "تقویٰ اسلامک مینٹنگ - دی بینک آف پنجاب" کی انتظامیہ شریعہ بورڈ اور "اسٹیٹ بینک آف پاکستان" کی جاری کردہ ہدایات پر عملدرآمد کرتی رہے گی، جو کہ "تقویٰ اسلامک مینٹنگ - دی بینک آف پنجاب" کے شریعہ کمپلائنس ماحول کی مزید مضبوطی کا سبب بنے گا۔

- بینک کے بورڈ آف ڈائریکٹرز اور مینجمنٹ بینک کی پراڈکشن اور پراسسز کو شریعہ کمپلائنس کرنے میں سنجیدہ ہے۔ اسی وجہ سے بینک اسلامی بینکاری سے متعلق عملہ کی صلاحیتوں کی بہتری کی طرف مسلسل متوجہ ہے۔ "اسلامک مینٹنگ ٹریننگ یونٹ" اور "شریعی کمپلائنس ڈیپارٹمنٹ" نے بینک کے "لرننگ اینڈ ڈویلپمنٹ سنٹر" کے تعاون سے اسلامک مینٹنگ کی پراڈکشن کی ٹریننگ کا انعقاد کروایا ہے۔

- شریعہ بورڈ کو مناسب وسائل مہیا کیے گئے ہیں تاکہ وہ اپنی ذمہ داریوں کو احسن اور موثر طریقہ سے سرانجام دے سکے۔

سفارشات:

شریعی سے متعلق مندرجہ ذیل کچھ اہم امور ہیں جن پر توجہ دینے کی ضرورت ہے:

اسٹاف کے متعلق معاملات:

یہ سفارشات کی جاتی ہے کہ تقویٰ اسلامی بینکاری کے تحت کام کرنے والے ملازمین کے پراویڈنٹ فنڈ کو اسلامی انتظامات کے تحت رکھا جائے۔

"انٹرنل شریعی آڈٹ یونٹ" کی کاوشوں کی حوصلہ افزائی کرتے ہوئے، بینک کے موجودہ کاروباری حجم کی نمو، برانچ نیٹ ورک کی توسیع اور اسلامی بینکاری ونڈوز کے اجراء کے منصوبے کو مد نظر رکھتے ہوئے یہ تجویز کی جاتی ہے کہ "انٹرنل شریعی آڈٹ یونٹ" اور شریعی کمپلائنس ڈیپارٹمنٹ کی استعداد کو مزید بڑھایا جائے۔

عوامی آگاہی سیمینار:

اسلامی بینکاری کے بارے میں کسٹمرز اور عوام کی آگاہی بڑھانے کے لئے مینجمنٹ نے اسلامی بینکاری اور مالیات کے بارے میں مختلف یونیورسٹیز، اداروں، مدارس، چیئرمین آف کامرس اور دیگر فورم پر متعدد عوامی آگاہی سیمینار کا اہتمام کیا ہے۔ اسٹیٹ بینک آف پاکستان نے متعدد آگاہی سیمینار کے انعقاد پر "تقویٰ اسلامک مینٹنگ - دی بینک آف پنجاب" کی کاوشوں کو سراہتے ہوئے "سید تحسین" سے نوازا۔ ہم آنے والے سالوں میں اسی طرح کے مزید سیمینار منعقد کرنے کی بھی سفارش کرتے ہیں۔

شریعتہ بورڈ رپورٹ

تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب (برائے مالی سال - 2023ء)۔

بسم اللہ الرحمن الرحیم

پراڈکٹس اور پالیسی:

شریعتہ بورڈ نے رواں سال مختلف نئی پراڈکٹس کے ساتھ موجودہ پراڈکٹس بشمول فائنانسنگ اور ڈپازٹ پراڈکٹس کا جائزہ لیا ہے۔ ان میں سے کچھ پراڈکٹس پہلے ہی بینک کی طرف سے متعارف کروائی جا چکی ہیں اور بقیہ پراڈکٹس سسٹم بننے کے بعد متعارف کرائی جائیں گی۔

مزید برآں، شریعتہ بورڈ نے مختلف پالیسیوں بشمول کنٹریٹل برانچوں کی اسلامک بینکنگ برانچوں میں تبدیلی کے ایس او پیز، اسلامک بینکنگ ونڈوز پالیسی، اور آئی بی ڈبلیو آپریشن مینول وغیرہ کا بھی جائزہ لیا۔

شرعی آراء:

شریعتہ کمپلائنس ڈیپارٹمنٹ، اندرونی و بیرونی شریعتی آڈٹ رپورٹس کا معائنہ کرنے کے بعد ہماری رائے یہ ہے کہ "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" کے آپریشنز بحیثیت مجموعی تسلی بخش ہیں جسکی تفصیل درج ذیل ہے:

- "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" نے مجموعی طور پر فتاویٰ، احکامات اور شریعتہ بورڈ کی جانب سے دی جانے والی ہدایات کی روشنی میں شرعی اصول و ضوابط کی پاسداری کی ہے۔

- "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" اسٹیٹ بینک آف پاکستان کے شریعتہ کمپلائنس سے متعلق جاری کردہ احکامات، قواعد و ضوابط، ہدایات اور رہنما اصولوں پر بحیثیت مجموعی کاربند رہا ہے۔

- "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" میں آپریشنز کو شریعتہ کمپلائنس بنانے کیلئے تسلی بخش نظام موجود ہے۔

- ممنوعہ ذرائع سے حاصل ہونے والی آمدن کو خیراتی اکاؤنٹ میں منتقل کرنے اور اسکے موخر استعمال کو یقینی بنانے کے لیے "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" میں ایک موخر نظام موجود ہے۔ خیراتی رقم کی تفصیل بینک کی 'سالانہ مالیاتی رپورٹ 2023' میں موجود ہے۔

- "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" میں نفع و نقصان کو تقسیم کرنے اور پول مینجمنٹ کا ایک قابل قبول نظام موجود ہے، عقد مضاربہ کی بنیاد پر قائم تمام کھاتوں کو مضاربہ کے اصولوں کے مطابق مناسب طریقہ سے نفع تقسیم کیا جا رہا ہے۔

الحمد للہ "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" نے آپریشنز کا ایک اور سال کامیابی سے مکمل کر لیا ہے۔ شریعتہ بورڈ "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" کے آپریشنز کے متعلق اپنی رائے پیش کرتا ہے۔ بورڈ آف ڈائریکٹرز اور مینجمنٹ، بینک کے مجموعی کاموں کو منظم کرنے کے لئے شرعی اصولوں سے ہم آہنگ، ایک موخر اور جامع ماحول فراہم کرنے کے لئے پرعزم ہے۔ رواں سال شریعتہ بورڈ نے مختلف امور پر تبادلہ خیال کرنے کے لئے متعدد میٹنگز طلب کیں، ان میں داخلی / خارجی شریعتی آڈٹ رپورٹس، شریعتہ کمپلائنس رپورٹس، شریعتہ کمپلائنس ڈیپارٹمنٹ ایکٹیویٹیز رپورٹ، مختلف پالیسیاں، پروسیجرز، نئی پراڈکٹس، موجودہ پراڈکٹس کی تجدید، لین دین کا نظام، بزنس اور مارکیٹنگ کا مواد وغیرہ شامل ہیں۔

شریعتہ کمپلائنس:

- "شریعتہ کمپلائنس ڈیپارٹمنٹ" تقویٰ اسلامک بینکنگ دی بینک آف پنجاب "باصلاحیت افراد پر مشتمل ہے، جو شریعتہ بورڈ کی نگرانی اور رہنمائی میں کام کر رہا ہے، اس شعبے / ڈیپارٹمنٹ کا بنیادی مقصد مختلف مراحل پر شرعی احکامات کی تعمیل کو یقینی بنانا اور اصلاحی اقدامات کرنا ہے۔

- رواں سال بینک نے فائنانسنگ کیلئے بالخصوص مراہجہ، اجارہ، شرکت متناقصہ، استصناع، تجارتہ، مساومہ اور رنگ مشارکہ کی پراڈکٹس اختیار کیں۔

- شریعتہ بورڈ نے مختلف پراڈکٹس، عقود، اور معاملات کی شریعت سے مطابقت کو برقرار رکھنے کیلئے نگرانی کا عمل مسلسل جاری رکھا تا کہ تمام معاملات شریعت کے اصولوں کے مطابق سرانجام پاتے رہیں۔

- "انٹرنل شریعتی آڈٹ ڈیپارٹمنٹ" بینک کے معاملات میں شرعی اصولوں کی پابندی کو جانچتا ہے۔ انٹرنل شریعتی آڈٹ ڈیپارٹمنٹ نے رواں سال "تقویٰ اسلامک بینکنگ - دی بینک آف پنجاب" کی برانچوں اور ڈیپارٹمنٹس کا آڈٹ کیا، جس کے نتیجے میں بینک کے شریعت کنٹرول کے ماحول کو بہتر بنانے میں مدد ملی۔

- شرعی کنٹرول کے نظام کو مزید موخر اور وسیع بنانے کے لیے، بینک کے "شریعتہ کمپلائنس ڈیپارٹمنٹ" نے ریزیڈنٹ شریعت بورڈ ممبر کی زیر نگرانی، کسٹمر کے بزنس ماڈل اور اس کی ضرورت کو سمجھنے کے لئے کئی صنعتی یونٹس کے دورے کئے تاکہ کسٹمر کی ضرورت کے پیش نظر مناسب پراڈکٹ تجویز کی جائے اور اس کے مطابق پراسس فلو ترتیب دیا جائے۔ "شریعتہ کمپلائنس ڈیپارٹمنٹ" نے دیگر ذمہ داریوں کے ساتھ کھاتہ داروں کو نفع کی تقسیم کے نظام کو ماہانہ بنیادوں پر جانچا ہے، برانچوں کی جانچ کے دوران "شریعتہ کمپلائنس ڈیپارٹمنٹ" نے عملے کو کسٹمرز کے ساتھ روزمرہ معاملات کے متعلق رہنمائی فراہم کی ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF THE BANK OF PUNJAB

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE WITH THE LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019 AND PUBLIC SECTOR COMPANIES (CORPORATE GOVERNANCE) RULES, 2013

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) and Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) (both herein referred to as 'Codes') prepared by the Board of Directors of The Bank of Punjab (the Bank) for the year ended December 31, 2023 to comply with the requirements of regulation 36 of the Regulations and provisions of the Rules.

The responsibility for compliance with the Codes is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Rules and report if it does not and to highlight any non-compliance with the requirements of the Codes. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Codes.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

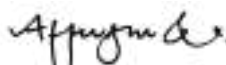

The Codes require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors

upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the 'Statement of Compliance' does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Codes as applicable to the Bank for the year ended December 31, 2023.

Further, we highlight below instance(s) of non-compliance with the requirement(s) of the Codes as reflected in the Statement of Compliance:

Sr. No.	Reference	Description
1.	Rule 8(1)	The performance evaluation of members of the Board including the Chairman and the Chief Executive shall be undertaken annually by the Government for which the Government shall enter into performance contract with each member of the Board at the time of his appointment. However, no such performance evaluation was undertaken of the above stated personnel.

A. F. Ferguson & Co.,
Chartered Accountants

STATEMENT OF COMPLIANCE WITH THE PUBLIC SECTOR COMPANIES

(Corporate Governance) Rules, 2013 and Listed Companies (Code of Corporate Governance) Regulations, 2019

Name of Bank: The Bank of Punjab
Name of the line Ministry: Finance Department (Government of Punjab)
For the year ended: December 31, 2023

I. This statement is being presented to comply with the Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) and Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) issued for the purpose of establishing a framework of good governance, whereby a public sector Bank is managed in compliance with the best practices of public sector governance. In case where there is inconsistency with the Regulations, the provisions of the Rules shall prevail.

II. The Bank has complied with the provisions of the Rules in the following manner:

Sr. No.	Provision of the Rules	Rule No.	Y	N	BOP Remark(s)

with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.

10. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with.
11. Explanation for non-compliance with the requirements, other than regulations 3, 6, 7, 8, 27, 32, 33 and 36 are set out below:
- i) As per regulation 9(2), The Chairman shall be elected subject to such terms & conditions and responsibilities as provided under Section 192 of the Act and these Regulations. However, The Bank of Punjab Act, 1989, provides specific provision related to the stated regulation.

As per The Bank of Punjab Act, 1989, sections 10(2) and 10(3), the Chairman of the Board shall be nominated by the Government from amongst official Directors. Further, in terms of Section 10(3), the Chairman shall preside over the meetings of the Board and shall have a casting vote, but he shall not exercise any executive authority or powers.

Mr. Mohammad Jehanzeb Khan was appointed/nominated as Director and Chairman on the Board of the Bank of Punjab by the GoPb on September 25, 2023. His Fit & Proper Test was cleared by the State Bank of Pakistan on October 09, 2023. Government of Punjab has de-notified him as Director/Chairman in January, 2024.

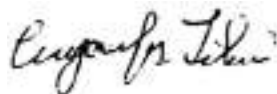

Zafar Masud
President & Ceo

Muhammad Naeem Khan
Independent Director

For & on behalf of Board

Syed Ghazanfar Abbas Jilani
Director / Chairman

STATEMENT OF INTERNAL CONTROLS

The Management of the Bank of Punjab (the "Bank") is responsible for establishing Internal Control System for ensuring effectiveness and efficiency of operations, reliability of financial reporting and compliance with applicable laws and regulations.

Bank's internal control system is implemented through its policies, procedures, circulars and instructions issued from time to time. Internal Controls are continuously reviewed, refined and improved with the changes in laws & regulations, new risks emanating from bank's customers, products, geography and channels as well as market disruptions. Accordingly, bank has developed required policies and procedural manuals defining adequate controls to manage risks effectively and these are updated regularly. Internal controls also require continuous improvement to align with the changing environment and needs of the business. The Bank continues to place importance on the increasing use of automation to further enhance its evolving control environment.

The Bank's governance structure to implement and monitor internal controls consists of three lines of defense in line with applicable regulations and best practices for financial institutions. First line of defense consists of businesses and Operations functions those are responsible for implementing controls in all activities & transactions handled by the bank. Moreover, they ensure that business risks are properly identified and mitigated, control breaches are identified on a timely basis and corrective actions are efficiently implemented. Their role is to identify design and implementation gaps in processes and ensures that timely remedial actions are undertaken.

Second line of defense consist of Compliance, Risk & Control/ Support functions; those are mandated to ensure that policies & procedures are adequately designed and implementation of these is regularly monitored to mitigate risks faced by the bank. For collaborative review of operational risks, management has formulated committees consisting of senior management from all functions i.e., Compliance Committee of Management (CCM), Operational Risk Management Committee (ORMC) & Fraud Risk Management Committee (FRMC), those focus on managing operational, regulatory & financial risks. All significant and material findings identified by the internal/ external auditors and regulators are addressed on priority basis by concerned functions

under oversight of these management committees. Moreover, the Board's Risk Management, Compliance & NPL Review Committee have an oversight responsibility to monitor all significant and material issues related to internal control system of the bank.

Internal Audit Function (IAF) acts as third line of defense, independent from the line management, is entrusted with the supervisory function with respect to the review of internal controls. IAF evaluates, validates, monitors and contributes to ongoing effectiveness of control systems as part of its scope. It periodically reports significant findings, directly to the Board Audit Committee (BAC). The IAF is also entrusted with the function to assess adequacy and effectiveness of control activities and ensure compliance with all the prescribed policies and procedures.

In compliance with SBP's directives, the Bank had completed all stages of SBP roadmap on Internal Control over Financial Reporting (ICFR). The SBP had granted exemption to the Bank from the requirement of submission of Long Form Report (LFR) by the External Auditors. Consequent to the grant of exemption by SBP, the annual assessment of bank's ICFR is performed by the Internal Audit Function and now Bank prepare Annual Assessment Report, on efficacy of ICFR duly endorsed by the Board Audit Committee (BAC).

Internal Controls System evolves continuously and this statement is based on the management's self-assessment towards various aspects of current Internal Controls regime. The Bank's System of Internal Controls is designed to minimize and manage risks as these cannot totally eliminate the risk of failure to achieve the desired objectives; hence it can only provide reasonable assurance, not absolute assurance, against material misstatement or loss. The system of internal control followed by the Bank is considered to be adequate in design and is being implemented and continuously monitored.

Zafar Masud
President/CEO

ECONOMIC REVIEW

In the face of formidable challenges, including the reverberations of a global pandemic and escalating commodity prices, Pakistan's economic landscape is exhibiting resilience. Projections for FY24 suggest a rebound in GDP growth, underscoring the country's ability to navigate complex economic headwinds. The financial sector, a linchpin of economic stability, has actively engaged in supporting businesses and households through strategic credit extensions.

Economic Update

Pakistan's economic growth slowed down to 0.3% in FY2023 due to policy-induced contractionary measures, flood damages, and lower demand in global markets. The growth momentum witnessed in FY21 & 22 led to overheating of the economy as expansionary policies worsened the Balance of Payments and the fiscal position. Macroeconomic conditions remained tough in FY2023 following the suspension of the IMF program in November 2022. SBP reserves declined to US\$ 3.9 billion (less than one month of import cover) and PKR remained under pressure, depreciating 40% in FY23. This was the primary cause of high inflation, with inflation accelerating to record-high levels of 38% in May 2023.

The implementation of Finance Supplementary Bill in February 2023, adoption of a market-based exchange rate, and the recovery of petroleum levy paved the way for the US\$ 3bn IMF Standby Arrangement (SBA). In July 2023, the first tranche of US\$ 1bn under the IMF program was followed by bilateral inflows of US\$ 3bn from KSA and UAE, strengthening SBP FX reserves to US\$ 8.2bn and alleviating sovereign debt sustainability concerns.

The headline inflation gradually declined to 27.4%/y/y in August as base year effects set in, supply chain issues alleviated and import prioritization restrictions were withdrawn. However, CPI headline inflation increased to 29.2% y/y in November from 26.9% y/y in October. Average inflation for FY 2024 is recorded at 28.6% compared to 25.2% in the same period FY 2023. National core inflation 21.5% y/y in November, the second round impact of the hike in gas tariffs is expected to keep core inflation sticky in the remaining half of FY24.

Food inflation continued to decline, easing to 27.5% in Nov, the lowest levels in the last one year. Hike in gas tariffs was the main contributor to the headline inflation housing index increased by 33% y/y. International energy commodity prices have gradually eased in November.

Brent crude dropped to USD 80/bbl due to oversupply concerns amidst low global demand International food prices also continue to drop amidst improving agricultural supplies. International Wheat prices have eased by 5% since Sept 23.

Risks to the inflation outlook remain from currency depreciation and domestic energy tariff hikes. Going forward, inflation is expected to decline sharply in 2024 primarily due to the high base effect, creating room for rate cuts.

PKR continued to remain under pressure recording a high of PKR 307 in interbank market. In open market the exchange rate fell to PKR 330-335 with the gap between two markets reaching almost 9 percent in September. Later, administrative and regulatory measures by SBP have helped contain the illegal and speculative activities in the FX markets resulting in appreciation of the PKR.

The caretaker setup assumed charge of the government in August and was set with the hefty task of fulfilling IMF conditions under the SBA program. Petroleum development levy has been increased to PKR 60/liter on petrol and PKR 50/liter on diesel. Electricity base tariffs have been increased by PKR 7.5/unit with effect from July 2023 and quarterly tariff adjustment of PKR 3.28/unit is expected to be implemented from October 2023 onwards.

Global Economic Conditions

The global economy remains uncertain following the negative shocks of pandemic, Ukraine war, war in Gaza and subsequent tightening of monetary policy to contain high inflation. The banking sector stress in advanced economies has cast a shadow on global growth prospects, despite the swift move by the regulators to contain the fallout through more restrictive credit decisions. The possibility of more widespread bank turmoil and tighter monetary policy could result in even weaker global growth. Global growth as projected by IMF is expected to slow down to 3 percent in 2023 from 3.5 percent last year.

Earlier, China's faster than expected recovery from the pandemic in 2023 and easing of inflation in advanced economies towards the end of 2022 hinted at growth stabilization in 2023. However, weaknesses in China's property sector may impact growth prospects in the region. As a result, ADB has revised slightly down the region's growth forecast for this year to 4.7 percent on slower recovery in South and Southeast Asia.

Record energy prices witnessed in 2022 have gradually softened in this year with average Brent crude prices estimated at \$ 84/bbl. in 2023 and \$ 86/bbl. in 2024. (World Bank Commodity Price Forecasts April 2023). Similarly, prices of wheat, palm oil and metals have also exhibited a downward trend in this year. Although inflation has started to decelerate globally, underlying price pressures are proving sticky with core inflation remaining consistently high. IMF has projected global headline inflation to fall from 8.7% in 2022 to 6.8% in 2023 on the back of lower commodity prices, but core inflation is likely to decline more slowly.

Despite the global banking sector turmoil, the domestic banking sector continues to remain resilient against the slowdown in economic growth, posting PAT of PKR 284bn in Jun-23 (125% YoY growth). The sector remains well capitalized (CAR 17.8%) and highly liquid (ADR 45%). Despite demand moderation and monetary tightening,

NPLs have remained stable at 7.4% in Jun-23 from 7.3% in 2022 with banks adequately provisioning for potential losses. Deposits for the banking sector jumped to PKR 26.8 trillion while banking sector investments increased to PKR 21.5 trillion in Jun-23.

IMF SBA Program

After months of delay in the resumption of IMF EFF program, the government succeeded in securing a \$ 3bn nine-month Standby Arrangement in July 2023. Under the SBA program, IMF has recommended steadfast implementation of FY24 budget, restoration of a market based exchange rate, adoption of appropriately tight monetary policy and improving governance of state-owned enterprises.

IMF SBA program highlights tight monetary and fiscal policy conditions aimed at disinflation and creating necessary fiscal space to ensure debt sustainability while protecting critical social spending. IMF has highlighted measures to strengthen energy sector viability by aligning tariffs with costs, reforming the sectors cost base and better targeting of power subsidies. Under the program, government has already raised electricity base tariffs by PKR 7.5/unit from July 2023 with further revisions under the head of Fuel Charges Adjustment (FCA). Petroleum development levy has been increased to PKR 60/liter on petrol and PKR 50/liter on diesel to improve revenue collection.

Climate Change Implications

Pakistan has historically been strongly affected by natural disasters given its extreme and diverse climates and topography. The 2022 floods are the most recent example of Pakistan's high climate vulnerability. The recent floods have caused extensive human and material damage. Thirty-three million people (14 percent of the population) in half of Pakistan's 160 districts were adversely affected. The floods inundated 45 percent of Pakistan's cropland and killed 1.2 million livestock.

The authorities appropriately responded with fiscal support to mitigate the floods' impact. This included a package of flood relief and reconstruction initiatives totaling PKR 452 billion (equivalent to about 0.5 percent of GDP) and a one-off emergency cash transfer of PPKR 25,000 to more than 2 million vulnerable families.

However, estimated aggregate material losses and rebuilding needs are very large. The authorities and the UN estimated that total damage and losses amounted to US\$30 billion (about 8.5 percent of GDP) and that

Pakistan faces rebuilding needs of US\$16.8 billion (about 4.5 percent of GDP). Donors pledged US\$10.9 billion in support at a January 2023 conference on Climate Resilient Pakistan, co-chaired by the UN. These funds would target humanitarian assistance and rehabilitation over the next five years, however, to date, only a small fraction has been disbursed.

Economic Outlook

Fitch projects that economic growth in Pakistan will accelerate from 0.3% in FY2022/23 to 3.1% in FY2023/24. Economic activity in the fiscal year ending June 2023 was disrupted by deadly floods and a sharp spike in inflation. We expect that agricultural output will rise over the coming fiscal year and that inflation will ease.

The World Bank predicts that global headline inflation is expected to steadily decline from its peak of 8.7 percent in 2022 (annual average) to 6.9 percent in 2023 and 5.8 percent in 2024 (Table 1.1). The forecast for 2024 is revised upward by 0.6 percentage point, reflecting higher-than-expected core inflation. On a year-over-year basis, projected global headline inflation peaked at 9.5 percent in the third quarter of 2022 and is projected to reach 5.9 percent by the fourth quarter of 2023 before falling to 4.8 percent in the fourth quarter of 2024, still above the pre-pandemic (2017–19) annual average of about 3.5 percent. Although monetary tightening is starting to bear fruit, a central driver of the fall in headline inflation projected for 2023 is declining international commodity prices

The Macroeconomic environment remains difficult with heightened political uncertainty and volatile global economic conditions. Risks to the outlook are heavily skewed to the downside due to increased uncertainty from the global price shocks and contractionary fiscal and monetary policies.

IMF has projected GDP to grow moderately by 2.5% in FY2024 from 0.3% in FY2023. Base effects from flood recovery will provide a boost in agriculture and textile sectors, however, continuing external challenges and the need for tight macro policies will limit growth.

In our near term outlook, we assume that the general elections will be held in Q1 2024. We assume IMF SBA program to continue together with planned inflows from multilaterals and bilateral. Government targets increase in SBP FX reserves to \$ 12bn by June 2024 on higher official inflows and pick up in FDI under the SIFC.

Amplified by tense political environment, policy slippages could undermine implementation of reforms stipulated under IMF program.

We assume that global commodity prices will soften in 2024 due to policy actions taken by the global central banks to contain inflation. Brent Crude prices are expected to remain within \$80-100/bbl in FY2024. National Consumer price index (CPI) has slowed down to 27.4% in August-23 taking 2MFY2024 average CPI to 27.9%. IMF has projected CPI to average 26% in FY2024 due to pass through impact of fuel and electricity price increases. Inflation is expected to further ease off in 2HFY2024. However, core inflation may prove to be stickier and remain high in the near term.

SBP has raised policy rate by 825bps to 22% in FY2023 due to persistent inflationary pressures. However, with easing off inflation and Current account deficit in 2MFY2024, SBP has maintained status quo in the first two policy meetings of FY2024. As a result, we expect a very gradual decline in policy rate to 20% by end June 2024.

In the medium term, timely and full implementation of policy reforms underpinned by the IMF SBA program will unlock much needed external financing and new disbursements from bilateral partners. As inflation gradually recedes to 5-7% range by end 2025, we expect policy rates to decline and exchange rate to stabilize over the medium term. Hence, we expect a gradual uptick in economic activity in FY2024 with high degree of downside risks due to global macroeconomic shocks.

Navigating a landscape rife with challenges, the financial sector grapples with issues of high inflation, political uncertainty, and an exposure to foreign currency debt. However, amid these challenges, there exist growth opportunities. A burgeoning population and an expanding middle class provide fertile ground for potential sectoral expansion. Moreover, prospects for enhanced financial inclusion underscore the sector's adaptability to evolving market dynamics.

The outlook for Pakistan's financial sector, as reflected by a nuanced interplay of challenges and opportunities, underscores its resilience and enduring role as a linchpin in the nation's economic stability. As the sector continues to navigate complexities, the confluence of challenges and opportunities positions it as a key player in driving economic recovery and fostering sustainability. In this intricate economic tapestry, Pakistan's financial sector stands as a dynamic force, adept at charting a course through uncertainty and contributing to the broader narrative of economic growth and stability.

FAIR TREATMENT OF CUSTOMERS FRAMEWORK & CONSUMER GRIEVANCE

Good business relationship between bank and the Customers is crucial for the success and growth of the Bank. Mutual trust and confidence are imperative factors to lead a bank towards success. To cater to this emerging need/issue, SBP as a regulator has taken its first step through establishment of its own separate financial consumer protection department. SBP has accentuated on financial consumer protection through issuance of many circular instructions.

Broader guiding principles of Bank's Fair Treatment of Customers Framework are as under:

- Instill a culture embedded with Fair Treatment of Customer values across the bank.
- Promote good banking practices by setting the service standards in dealing with customers.
- Create customer awareness and transparency in financial products and services offered by the bank.
- Create awareness among customers about their rights to enhance their confidence in Bank of Punjab.
- Protect customers' rights by ensuring compliance of SBP regulations and relevant laws.
- Increase transparency in the provision of banking services so as to enhance the understanding of customers of what they can reasonably expect of the services provided by the bank.
- Ensure accurate and timely delivery of information to the customer regarding bank's products and services.
- Establish a culture that gives freedom to the customers to choose between services or products offered by the bank.
- Prevent collusive business practices that may result in unfavorable outcomes to consumers.

- Provide customers with a recourse mechanism that is effective, transparent and impartial, offering prompt resolution of customer grievances.

The Bank has established a dedicated Unit for timely, smooth and seamless handling of consumers' complaints. The Management of the Bank ensures that all suggestions, feedbacks and complaints received from customers and general public is duly addressed. Besides handling complaints received from Bank's internal portal, complaints received through other forums such as Pakistan Citizen Portal etc., are also handled in timely manner.

On best efforts basis, complaints received by the Unit are resolved within prescribed Turn Around Time (TAT) as per guidelines of State Bank of Pakistan. During the year 2023, total number of complaints received were 80,320.

The Complaint Types as per SBP's Consumer Grievances Handling Mechanism (CGHM) and average TAT is detailed hereunder:

Product /service Area	Average Time taken to resolve a complaint
Account Maintenance	4WD
Mobile Banking/SMS Banking/ Mobile App	4WD
ATM/Debit Card	6WD
Branchless/ Agent Banking	2WD
Personal Loan	2WD
E-banking	4WD
Branch Level Issues	4WD
Home Loan	2WD
Utility Bills	3WD

*WD = Working Days

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that 33rd Annual General Meeting (AGM) of the members of The Bank of Punjab (BOP) will be held on **Thursday, March 28, 2024 at 5:15 p.m.** at **Avari Hotel, Shahrah-e-Quaid-e-Azam, Lahore** to transact the following business:

Ordinary Business:

1. To confirm the minutes of 32nd Annual General Meeting held on 29-03-2023.
2. To receive, consider and adopt the Annual Audited Financial Statements of The Bank of Punjab for the year ended December 31, 2023 together with the Director's and Auditors' reports thereon.
3. To consider and approve Cash Dividend @ 10% i.e. Rs.1/- per share on every share of Rs.10/- each as recommended by the Board of Directors.
4. To appoint Auditors for the year ending December 31, 2024 and to fix their remuneration.

Special Business:

5. To consider and approve Establishment of Exchange Company.
6. To consider and approve the Circulation of Bank's Annual Audited Financial Statements through QR enabled Code and Weblink in pursuance of SRO No.389(I)/2023 dated March 21, 2023 of Securities & Exchange Commission of Pakistan as part of notice of Annual General Meeting.
7. Conversion Events in respect of ADT-I TFCs Issue of The Bank of Punjab of up to PKR 5.00 billion.
8. Conversion Events in respect of Tier II TFCs Issue of The Bank of Punjab of up to PKR 10.00 billion.
9. To Increase in Bank's Authorized Capital
10. To consider and approve amendments in the Board's Remuneration Policy of the Bank.

Other Business:

11. To transact any other business with the permission of the Chair.

By order of the Board

Kamran Hafeez
Company Secretary

Lahore: March 07, 2024

Notes:

1. The Share Transfer Books of the Bank shall remain closed for transfer from **22-03-2024 to 28-03-2024** (both days inclusive). Transfers received at **M/s. CORPLINK (Pvt.) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore** at the **close of business on Thursday, 21st March 2024** will be treated in time for the purpose of above entitlement to the transferees.
2. All members are entitled to attend the meeting; however, the right of vote is restricted to those who are registered as such for a period of not less than three months prior to the date of the meeting as per Section 17(1) of The Bank of Punjab Act, 1989.
3. Proxies in order to be effective must be deposited at the **Corporate Affairs Department of the Bank, BOP Tower, 10-B, Block-E-II, Main Boulevard, Gulberg-III, Lahore** not less than 48 hours before the meeting. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form. In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signatures shall be submitted (unless it has been provided earlier) along with proxy form to the Bank.
4. A member is entitled to appoint another member as proxy to attend the meeting.
5. The members should quote their Folio number in all correspondence with the Bank and at the time of attending the Meeting.
6. Members are requested to promptly notify any change in their addresses to our Registrar **M/s. CORPLINK (Pvt.) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore** before book closure so that the above entitlement be dispatched at the correct addresses.
7. CDC Account holders will further have to follow the under mentioned guidelines as laid down in Circular 01 dated January 26, 2000 issued by the Securities & Exchange Commission of Pakistan:
 - A. FOR ATTENDING THE MEETING
 - i) In case of individual, the account holder or sub-account holder shall authenticate his/her identity by showing his/her original Computerized National Identity Card (CNIC) or original Passport at the time of attending the meeting.

- ii) In case of corporate entity, the Board of Directors; resolution/power of attorney with specimen signature of the nominee shall have to be produced (unless it has been provided earlier) at the time of the meeting.

B. FOR APPOINTING PROXIES

- i) In case of individual, the account holder or sub-account holder shall submit the proxy form as per the above requirement.
 - ii) The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form.
 - iii) Attested copies of CNIC or the Passport of the beneficial owners and the proxy shall be furnished with the proxy form.
 - iv) The proxy shall produce his/her original CNIC or original Passport at the time of the meeting.
 - v) In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signature shall have to be submitted (unless it has been provided earlier) along with proxy form to the Company.
8. Entry of the member or his/her duly authorized person will be on strict identification as per specimen signature on the Bank's record.
 9. Pursuant to SECP Circular No.10 of 2014 dated May 21, 2014, if Bank receives consent form from the members holding aggregate 10% or more shareholding residing at geographical location to participate in the meeting through video conference at least 7 days prior to the date of meeting, the Bank will arrange video conference facility in that city subject to availability of such facility in that city. To avail this facility please provide following information and submit to the Corporate Affairs Department, Lahore.

<p>I/We _____ of _____ being a member of The Bank of Punjab, holding _____ ordinary shares as per registered Folio/CDC Account No. _____ hereby opt for video conference facility at _____.</p>
Signature of Member(s)

The Bank will intimate members regarding venue of conference facility at least 5 days before the date of General meeting along with complete information necessary to enable them to access such facility.

Special Notes To The Shareholders

Deduction of Withholding Tax on Dividend

Pursuant to the provisions of the Finance Act, 2017 the rates of deduction of income tax from dividend payments under the Income Tax Ordinance have been revised as follows:

Filer 15%	Non-Filer 30%
-----------	---------------

All shareholders are advised to check their status on Active Taxpayers List (ATL) available on FBR Website and may, if required, take necessary actions for inclusion of their name in ATL to avail the lower rate of tax deduction.

Deduction of Withholding Tax on Dividend in case of Joint Account Holders

All shareholders who hold shares jointly are requested to provide following information regarding shareholding proportions of Principal Shareholder and Joint-holder(s) in respect of shares held by them to our Share Registrar Office M/s. CORPLINK (Pvt.) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore latest by **21-03-2024**, otherwise each joint holder shall be assumed to have an equal number of shares.

Name of the Company	The Bank of Punjab
Folio No. / CDS A/c. No.	
No. of Shares Held	
Principal Shareholder	Name & CNIC
	Shareholding Proportion (No. of Shares)
Joint Shareholder(s)	Name & CNIC
	Shareholding Proportion (No. of Shares)

Signature of Shareholder _____

Exemption of Withholding Tax

Withholding Tax exemption from dividend income, shall only be allowed if copy of valid tax exemption certificate is made available to our Share Registrar Office M/s. CORPLINK (Pvt.) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore upto **21-03-2024**.

Submission of Copy of CNIC (Mandatory)

Individuals including all joint holders holding physical share certificates are requested to submit a copy of their valid CNIC to M/s. CORPLINK (Pvt.) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore. The shareholders while sending CNIC must quote their respective Folio numbers. It may be noted that in case of non-receipt the copy of CNIC, the Bank would be constrained to withhold dividend payment.

Zakat Declaration (CZ-50)

Zakat will be deducted from the dividends at source under the Zakat & Usher Laws and will be deposited within the prescribed period with the relevant authority. Please submit your Zakat declarations under Zakat and Usher Ordinance, 1980 & Rule 4 of Zakat (Deduction & Refund) Rules, 1981 CZ-50 Form, in case you want to claim exemption, with your brokers or the Central Depository Company of Pakistan Limited (in case the shares are held in CDS-Sub Account or CDC Investor Account) or to our Share Registrar, M/s. CORPLINK (Pvt) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore. The shareholders while sending the Zakat Declarations, as the case may be must quote company name and their respective Folio numbers.

Shareholders should also notify our share Registrar M/s. CORPLINK (Pvt) Limited regarding any change in their addresses.

Mandatory Payment of Cash Dividend Through Electronic Mode

The provision of Section 242 of the Companies Act, 2017 requires the listed companies that any dividend payable in cash shall only be paid through electronic mode directly into the bank account designated by the entitled shareholders. The shareholders who have not provided their bank account details so far are advised to provide their below electronic dividend mandate information to

Bank's Share Registrar (**in case of physical Share**) at the address given above and updates their CDC accounts/ Sub-accounts as the case may be, enabling the Bank to credit your future dividend promptly, if any.

Folio No./Investor Account Number / CDC Sub Account No.	
Title of Account	
IBAN Number

Special Business

A Statement under Bank's Bye-Law # 18-IV(ii) and under Section 134(3) of the Companies Act, 2017.

A statement under Bank's Bye-Laws # 18-IV(ii) and Section 134(3) of the Companies Act, 2017 setting out the details relating to the above Special Business to be transacted in the 33rd Annual General Meeting is being sent to the shareholders along with the Notice of Meeting.

Agenda Item No.05 Establishment Of Exchange Company

In view of the recently introduced structural reforms by State Bank of Pakistan in the Exchange Company's sector leading Banks have been encouraged to establish wholly owned Exchange Companies. Accordingly, the Board of Directors of The Bank of Punjab in its meeting held on October 28, 2023 has approved the establishment of an

exchange company with an authorized share capital of Rs.2.50 billion subject to approval / clearance by the State Bank of Pakistan and completion of other regulatory compliance requirements. The Exchange Company would be a wholly owned subsidiary of the Bank and will operate as an exchange company within the framework prescribed by the State Bank of Pakistan.

The shareholders are requested to pass the following resolutions:

"Resolved that subject to approval from SBP and compliance of relevant laws and regulations, establishment of an Exchange Company, as a wholly owned subsidiary of The Bank of Punjab, with an authorized capital of PKR.2.5 billion and paid up capital of PKR. 1.0 billion, be and is hereby approved."

"Further Resolved that proposal for appointment of a legal advisor to facilitate the Bank for establishing the Exchange Company in an effective and timely manner, be and is hereby approved."

"Further Resolved that Mr. Khawar Ansari - SEVP is hereby appointed as Coordinator and authorized signatory on behalf of The Bank of Punjab to execute all requisite formalities along with Mr. Kamran Hafeez, Company Secretary of the Bank, Mr. Farid Ahmad Khan, Group Chief Corporate & Investment Banking and Mr. Nadeem Amir, Chief Financial Officer be and is hereby approved."

Agenda Item No.06 Circulation of Bank's Annual Audited Financial Statements Through QR Enabled Code and Weblink

Circulation of Bank's Annual Audited Financial Statements through QR enabled code and Weblink as part of the notice of Annual General Meeting: SECP vide SRO 389(I)/2023 dated March 21, 2023, has allowed listed companies to circulate the Annual Audited Financial Statements to their members through QR enabled code and Weblink (instead of DVDs), subject to the approval of the shareholders in the general meeting.

In view of the above, following resolution will be placed before the shareholders in Annual General Meeting for approval as special resolution with or without any modifications, additions or deletions:

“Resolved that the approval of the members of the Bank on notice of meeting be and is hereby accorded for transmission of Annual Reports including Annual Audited Financial Statements to the members for future years commencing from the financial year 2024 through QR enabled code and Weblink instead of transmitting the same through CD/DVD/USB, as allowed by Securities and Exchange Commission of Pakistan vide its S.R.O.389(I)/2023 dated March 21, 2023, be and is hereby approved.”

Agenda Item No.07

Conversion Events in respect of ADT-I TFCs Issue of The Bank of Punjab of up to PKR 5,000,000,000/- (Pak Rupees Five Billion.

Tier-I

In order to contribute towards its Additional Tier 1 Capital, the Bank of Punjab (the “Bank”) intends to issue rated, privately placed/ subsequently listed, unsecured, subordinated, perpetual, fully paid-up and non-cumulative Term Finance Certificates (“TFCs”) amounting up to PKR 5,000,000,000/- (Pak Rupees Five Billion), inclusive of a green shoe option of up to PKR 1,500,000,000/- (Pak Rupees One Billion Five Hundred Million), in accordance with the Basel III Capital Instructions issued by SBP vide BPRD Circular No. 6 dated August 15, 2013 (the “TFC Issue”). The Bank may, at its option and discretion, have the TFCs subsequently listed on the Pakistan Stock Exchange Limited pursuant to the Privately Placed Debt Securities Listing Regulations of the Pakistan Stock Exchange Limited.

To consider and if thought fit, approve the conversion of TFCs for the proposed TFC Issue of the Bank into common shares if (i) directed by State Bank of Pakistan (“SBP”) on the occurrence of a point of non-viability as determined by SBP, or (ii) upon the occurrence of a pre-specified trigger point pursuant to the ‘Instructions for Basel III Implementation in Pakistan’ (“Basel III Regulations”) of SBP, or (iii) due to any inability to exercise the Lock-in Clause or Non-Cumulative features of TFCs, on such terms and conditions as may be determined by SBP, subject to a maximum of 1,122,394,441 (One Billion One Hundred Twenty Two Million Three Hundred Ninety Four Thousand Four Hundred Forty One) additional ordinary shares shall be issued other than by way of rights in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan.

The resolutions to be passed by the members is as under:

“Resolved that the issuance of the proposed Additional Tier-I capital by the Bank of Punjab (the “Bank”) in the amount of up to PKR 5,000,000,000/- (Pak Rupees Five Billion), inclusive of a green shoe option of up to PKR 1,500,000,000/- (Pak Rupees One Billion Five Hundred Million) (the “TFC Issue”) in the form of rated, privately placed / subsequently listed, unsecured, subordinated, perpetual, fully paid-up and non-cumulative Term Finance Certificates (“TFCs”) is approved”

“Further Resolved that in accordance with the directions under the ‘Instructions for Basel III Implementation in Pakistan’ (“Basel III Regulations”) issued by the State Bank of Pakistan (“SBP”), the TFCs may be converted into ordinary shares of the Bank (i) if so directed by SBP on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the point of non-viability as declared by SBP, or (ii) upon the occurrence of a pre-specified trigger point pursuant to Basel III Capital Instructions, at a price equivalent to the market value of the shares of the Bank on the date of occurrence of the pre-specified trigger point, or (iii) due to any inability to exercise the lock-in clause or non-cumulative features of the TFCs, on such terms and conditions as may be determined by SBP, in accordance with the applicable rules and regulations of SBP (collectively the “Conversion Events”), which ordinary shares shall be issued other than by way of rights in accordance with Section 83(1) (b) of the Companies Act, 2017 and other applicable laws of Pakistan.”

“Further Resolved that the issuance of such shares upon the occurrence of any of the Conversion Events shall be subject to a cap of 1,122,394,441 (One Billion One Hundred Twenty Two Million Three Hundred Ninety Four Thousand Four Hundred Forty One) additional ordinary shares being issued and shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan.”

“Further Resolved that any two of (i) Mr. Farid Ahmed Khan – Group Chief Corporate & Investment Banking, (ii) Mr. Khawar Ansari – Global Treasurer and (iii) Mr. Nadeem Amir - Chief Financial Officer (the “Authorized Representative”), be and are hereby authorized to take all steps necessary, ancillary, and incidental to the above-mentioned resolutions, as and when required, and

are further authorized to sign, execute, and deliver all necessary documents, agreements, and letters on behalf of the Bank, as may be deemed appropriate and as may be required for the purposes above-mentioned.”

The Bank intends to issue rated, privately placed/listed, unsecured, subordinated, perpetual, fully paid-up and non-cumulative Term Finance Certificates (“TFCs”) of up to PKR 5,000,000,000/- (Pak Rupees Five Billion), inclusive of a green shoe option of up to PKR 1,500,000,000/- (Pak Rupees One Billion Five Hundred Million), as Additional Tier 1 capital in accordance with the Basel III regulations as implemented vide SBP’s Circular BPRD Circular No. 06 dated August 15, 2013 (“SBP Circular”), which prescribes a loss absorption feature for ADT-I capital instruments pursuant to which the TFCs will be converted into ordinary shares of the Bank (i) at the Point of Non-Viability (“PONV”) trigger event as determined by SBP, or (ii) upon the occurrence of a pre-specified trigger point pursuant to the SBP Circular, or (iii) due to any inability to exercise the Lock-in Clause or Non-Cumulative features of TFCs, on such terms and conditions as may be determined by SBP (collectively the “Conversion Events”). In accordance with the requirements of the SBP Circular, the Bank has agreed with the SBP for the issuance of up to a maximum of 1,122,394,441 (One Billion One Hundred Twenty Two Million Three Hundred Ninety Four Thousand Four Hundred Forty One) shares against subject ADT-I in case of the occurrence of any Conversion Events.

In light of the above contemplated Conversion Events, the Bank is required to obtain all approvals (in advance) for the issuance of such additional shares, however, it may be noted that issuance of such additional shares shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with S. 83(1)(b) of the Companies Act, 2017.

The information required to be annexed to the notice is set out below:

Name and brief profile of the banks/financial institutions to whom such shares are proposed to be issued	The shares will be issued to the TFC ADT-1 holders (at that time) in accordance with the directions of SBP at the time of trigger of PONV.
Price at which the proposed shares will be issued	The price of the shares shall be issued at the market value of the shares of the Bank, on the relevant date of trigger of PONV as declared by SBP however, total no. of shares to be issued are capped at 1,122,394,441 (One Billion One Hundred Twenty Two Million Three Hundred Ninety Four Thousand Four Hundred Forty One) additional ordinary shares
Purpose of the issue of shares other than right, utilization of the proceeds of the issue and benefits to the Bank and its shareholders with necessary details	To convert the outstanding TFC ADT1 amount (in whole or part) into shares of the Bank, as per the directions of the SBP.
Existing shareholding of the banks / financial institutions to whom the proposed shares will be issued	Not Applicable
Total shareholding of the banks / financial institutions after the proposed issue of shares	Not Applicable
Whether the banks/ financial institutions have provided written consent for purchase of such shares	The terms of the TFC Issuance Agreement for the TFC Issue contain the details regarding such conversion.
Justification as to why proposed shares are to be issued otherwise than rights and not as rights shares	This is in accordance with the requirements of the SBP vide its Circular No. 6 of Banking Policy and Regulation Department dated August 15, 2013 and further directions of SBP in this matter.

Justification, with details of the latest available market price and break-up value per share, if such price differs from par value.	Not Applicable
Details of the average market price during the last 3 (three) months and 6 (six) months preceding the board announcement as well as the latest available market price.	Not Applicable

The shares issued will rank pari passu in all respects with the existing shares of the Bank. The issue of shares other than by way of rights is subject to approval from the Securities and Exchange Commission of Pakistan.

The directors of the Bank have no personal interest in the resolutions except in their capacity as shareholders of the Bank to the extent of their respective shareholding.

Agenda Item No.08

Conversion Events in respect of Tier II TFCs Issue of The Bank of Punjab of up to PKR 10,000,000,000/- (Pak Rupees Ten Billion).

Tier-II

In order to contribute towards its Tier 2 Capital, the Bank of Punjab (the "Bank") intends to issue rated, privately placed/subsequently listed, unsecured, subordinated and redeemable Term Finance Certificates ("TFCs") amounting up to PKR 10,000,000,000/- (Pak Rupees Ten Billion), inclusive of a green shoe option of up to PKR 2,500,000,000/- (Pak Rupees Two Billion Five Hundred Million), in accordance with the Basel III Capital Instructions issued by SBP vide BPRD Circular No. 6 dated August 15, 2013 (the "TFC Issue"). The Bank may, at its option and discretion, have the TFCs subsequently listed on the Pakistan Stock Exchange Limited pursuant to the Privately Placed Debt Securities Listing Regulations of the Pakistan Stock Exchange Limited.

To consider and if thought fit, approve the conversion of TFCs for the proposed TFC Issue of the Bank into common shares if directed by State Bank of Pakistan ("SBP") on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the

point of non-viability as declared by SBP in accordance with the applicable rules and regulations of SBP and Basel III Regulations (the "PONV Event"), subject to a maximum of 2,244,788,883 (Two Billion Two Hundred Forty-Four Million Seven Hundred Eighty-Eight Thousand Eight Hundred Eighty-Three) additional ordinary shares shall be issued other than by way of rights in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan.

The resolutions to be passed by the members is as under:

"Resolved that the issuance of the proposed Tier 2 capital by the Bank of Punjab (the "Bank") in the amount of up to PKR 10,000,000,000/- (Pak Rupees Ten Billion), inclusive of a green shoe option of up to PKR 2,500,000,000/- (Pak Rupees Two Billion Five Hundred Million) (the "TFC Issue") in the form of rated, privately placed / subsequently listed, unsecured, subordinated and redeemable Term Finance Certificates ("TFCs") is approved."

"Further Resolved that in accordance with the directions under the 'Instructions for Basel III Implementation in Pakistan' ("Basel III Regulations") issued by the State Bank of Pakistan ("SBP"), the TFCs may be converted into ordinary shares of the Bank if so directed by SBP on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the point of non-viability as declared by SBP in accordance with the applicable rules and regulations of SBP and Basel III Regulations (the "PONV Event"), which ordinary shares shall be issued other than by way of rights in accordance with Section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that in case of conversion of the TFC Issue (in part or full) upon the occurrence of the PONV Event, the maximum number of shares shall be subject to a cap of 2,244,788,883 (Two Billion Two Hundred Forty-Four Million Seven Hundred Eighty-Eight Thousand Eight Hundred Eighty-Three) additional ordinary shares being issued and shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that any two of (i) Mr. Farid Ahmed Khan – Group Chief Corporate & Investment Banking, (ii) Mr. Khawar Ansari – Global Treasurer and (iii) Mr. Nadeem Amir - Chief Financial Officer (the "Authorized Representative"), be and are hereby authorized to take

all steps necessary, ancillary, and incidental to the above-mentioned resolutions, as and when required, and are further authorized to sign, execute, and deliver all necessary documents, agreements, and letters on behalf of the Bank, as may be deemed appropriate and as may be required for the purposes above-mentioned.”

The Bank intends to issue rated, privately placed/ subsequently listed, unsecured, subordinated and redeemable Term Finance Certificates (“TFCs”) of up to PKR 10,000,000,000/- (Pak Rupees Ten Billion), inclusive of a green shoe option of up to PKR 2,500,000,000/- (Pak Rupees Two Billion Five Hundred Million) as Tier 2 capital, in accordance with the Basel III regulations as implemented vide SBP’s Circular BPRD Circular No. 06 dated August 15, 2013 (“SBP Circular”), which prescribes a loss absorption feature for Tier 2 capital instruments pursuant to which the TFCs may be converted into ordinary shares of the Bank if so directed by the State Bank of Pakistan (“SBP”) on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the point of non-viability as declared by SBP in accordance with the applicable rules and regulations of SBP and Basel III Regulations (“PONV Event”). In accordance with the requirements of the SBP Circular, the Bank has agreed with the SBP for the issuance of up to a maximum of 2,244,788,883 (Two Billion Two Hundred Forty-Four Million Seven Hundred Eighty-Eight Thousand Eight Hundred Eighty-Three) ordinary shares against subject Tier 2 in case of the occurrence of the PONV Event.

In light of the above contemplated PONV Event, the Bank is required to obtain all approvals (in advance) for the issuance of such additional shares, however, it may be noted that issuance of such additional shares shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with S. 83(1)(b) of the Companies Act, 2017.

The information required to be annexed to the notice is set out below:

Name and brief profile of the banks/financial institutions to whom such shares are proposed to be issued	The shares will be issued to the TFC ADT-1 holders (at that time) in accordance with the directions of SBP at the time of trigger of PONV.
Price at which the proposed shares will be issued	The price of the shares shall be issued at the market value of the shares of the Bank, on the relevant date of trigger of PONV as declared by SBP however, total no. of shares to be issued are capped at 2,244,788,883 (Two Billion Two Hundred Forty Four Million Seven Hundred And Eighty Eight Thousand Eight Hundred Eighty Three) additional ordinary shares
Purpose of the issue of shares other than right, utilization of the proceeds of the issue and benefits to the Bank and its shareholders with necessary details	To convert the outstanding TFC ADT1 amount (in whole or part) into shares of the Bank, as per the directions of the SBP.

The shares issued will rank pari passu in all respects with the existing shares of the Bank. The issue of shares other than by way of rights is subject to approval from the Securities and Exchange Commission of Pakistan.

The directors of the Bank have no personal interest in the resolutions except in their capacity as shareholders of the Bank to the extent of their respective shareholding.

Agenda Item No.09: Increase in Bank's Authorized Capital

The Board of Directors of the Bank in its meeting held on March 29, 2023, has approved the enhancement in Bank's Authorized Capital from Rs. 50.0 billion to Rs. 100.0 billion.

Accordingly, based on Bank's future business expansion plan and potential conversion of TFCs issued by the Bank into ordinary shares if PONV or Lock-in clause trigger in future, it is appropriate to further enhance Bank's authorized capital from Rs. 50.0 billion to Rs. 100.0 billion.

The Shareholders are requested to pass the following resolution:

"Resolved that enhancement in Bank's Authorized Capital to Rs.100.00 billion subject to amendment in Section 04 of The Bank of Punjab Act, 1989, be and is hereby approved."

Agenda Item No.10 Approval of Amendments in Board's Remuneration Policy of the Bank

The Board of Directors in their 306th meeting have recommended for approval of the shareholders the amendments in Board's Remuneration Policy of the Bank for attending the Board and its Committee(s) meetings in Compliance of State Bank of Pakistan BPRD Circular 05 of 2021 dated November 22,2021 (G-14).

The Board of Directors have decided that keeping in view the stature of the Board and the time allotted by each member the remuneration fee at present is not in line with the market which was substantiated through review report on Board remuneration by M/s. KPMG. The Bank of Punjab is now considered as a large Bank due to its Balance Sheet size, therefore, it is recommended that approval to the shareholders be requested to increase the Board and Committees meeting fee to Rs.295,000/- (net of tax). It is also recommended to revive 20% of the remuneration for additional work performed (including performing duties as Chairmen of the Board and its Sub-Committees) which was previously, voluntarily foregone for a period of one year.

Accordingly, following amendments have been proposed in the Board Remuneration Policy on pre-facto basis by passing the following resolutions:

“Resolved that increase in scale of Directors’ remuneration including remuneration paid to Chairman for attending Board and Sub - Committee meetings, other than the President & CEO, to Rs. 295,000/- net of taxes, be and is hereby recommended to the shareholders for approval.”

“Further resolved that the Board’s Remuneration Policy-2020 be amended as follows:

Clause 4.1.2:

The remuneration of Board members for attending a Board meeting shall be Rs. 295,000/- (net of taxes).

Clause 4.3.1:

A Director shall be remunerated for any additional work assigned by the Board of Directors. The remuneration of a Director performing extra services shall not exceed 20% of the remuneration already set for him / her. In any case, remuneration paid to a Director for performing one such extra service / additional work should not exceed Rs. 59,000/- (net of applicable taxes), and the total payments made to one director for performing extra services should not exceed 20% of the total amount paid to a director for attending Board/Sub-Committee meeting, in a year.

A director will be provided Protocol and Car services, if required, for attending Board & Committee meetings.

Clause 4.3.2:

A director shall be remunerated additionally upto 20% of the remuneration set for him for holding the position of Chairman of the Board and Committee for attending Board and Sub-Committee meetings other than President & CEO.

Clause 5.1.2:

The remuneration of members of Board’s Sub Committees for attending a Board’s Committee meeting shall be Rs. 295,000/- (net of taxes).

Clause 5.1.4:

The remuneration of Director(s) for attending a Board’s Sub-Committee meeting on Special Invitation shall be Rs. 295,000/- (net of taxes).

Clause 6.13.1:

The remuneration of Chairman for attending Board and Sub-Committee(s) meetings shall be Rs. 295,000/- (net of taxes).”

“Further resolved that amendments placed above in the Board’s Remuneration Policy, be and are hereby recommended to the shareholders on pre-facto basis.”

The subject revisions shall be effective from the date of approval of the shareholders in the General Meeting.

UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

INDEPENDENT AUDITOR'S REPORT

To the members of The Bank of Punjab

Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of The Bank of Punjab (the Bank), which comprise the unconsolidated statement of financial position as at December 31, 2023, and the unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for 25 branches which have been audited by us and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key Audit Matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<p>Provision against advances (Refer notes 4.2, 5.4 and 10.4 to the unconsolidated financial statements).</p> <p>The Bank makes provision against advances on a time-based criteria that involves ensuring that all non-performing advances are classified in accordance with the ageing criteria specified in the Prudential Regulations (PRs) issued by the State Bank of Pakistan (SBP).</p> <p>In addition to the above time-based criteria, the PRs require a subjective evaluation of the credit worthiness of borrowers to determine the classification of advances.</p> <p>The PRs also require the creation of general provision for certain categories of advances.</p> <p>As at December 31, 2023, the Bank holds a total provision of Rs. 43,122.945 million against advances in the unconsolidated financial statements of the Bank.</p> <p>The determination of provision against advances based on the above criteria remains a significant area of judgement and estimation. Because of the significance of the impact of these judgements / estimations and the materiality of advances relative to the overall unconsolidated statement of financial position of the Bank, we considered the area of provision against advances as a key audit matter.</p>	<p>Our audit procedures to verify provision against advances included, amongst others, the following:</p> <p>We obtained an understanding of the design and tested the operating effectiveness of relevant controls established by the Bank to identify loss events and for determining the extent of provisioning required against non-performing advances.</p> <p>The testing of controls included testing of:</p> <ul style="list-style-type: none"> controls over correct classification of non-performing advances on time-based criteria; controls over monitoring of advances with higher risk of default and correct classification of non-performing advances on subjective criteria; controls over accurate computation and recording of provisions; and controls over the governance and approval process related to provisions, including continuous reassessment by the management. <p>We selected a sample of loan accounts and performed the following substantive procedures:</p> <ul style="list-style-type: none"> checked repayments of loan / mark-up installments and tested classification of non-performing advances based on the number of days overdue; and evaluated the management's assessment for classification of a borrower's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation and discussions with the management. <p>We checked the accuracy of specific provision made against non-performing advances and of general provision made against performing advances in accordance with the requirements of PRs by recomputing the provision amount in accordance with the criteria prescribed under the PRs.</p>

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

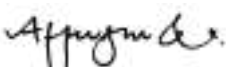

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Based on our audit, we further report that in our opinion:
 - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
 - b) the unconsolidated statement of financial position, the unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
 - c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
 - d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
2. We confirm that for the purpose of our audit we have covered more than sixty per cent of the total loans and advances of the Bank.

The engagement partner on the audit resulting in this independent auditor's report is **Hammad Ali Ahmad**.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

1 STATUS AND NATURE OF BUSINESS

The Bank of Punjab (the Bank) was constituted pursuant to The Bank of Punjab Act, 1989. It was given the status of a scheduled bank by the State Bank of Pakistan (SBP) on September 19, 1994. It is principally engaged in commercial banking and related services with its registered office at BOP Tower, 10-B, Block E-II, Main Boulevard, Gulberg III, Lahore. The Bank has 815 branches including 16 sub branches and 160 Islamic banking branches (2022: 780 branches including 16 sub branches and 140 Islamic banking branches) in Pakistan and Azad Jammu and Kashmir at the year end. The Bank also has 73 Islamic banking windows (December 31, 2022 : 40 Islamic banking windows). The Bank is listed on Pakistan Stock Exchange. The majority shares of the Bank are held by Government of the Punjab (GoPb). The Pakistan Credit Rating Agency (PACRA) assigned long term rating of AA+ with stable outlook and short term rating of A1+ to the Bank.

2 BASIS OF PRESENTATION

In accordance with the directives of the Government of Pakistan regarding the conversion of the Banking system to Islamic modes, the SBP has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by the Banks from their customers and immediate resale to them at appropriate marked-up price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.

These unconsolidated financial statements are separate financial statements of the Bank in which the investment in subsidiaries are stated at cost less impairment losses (if any) and has not been accounted for on the basis of reported results and net assets of the investee. Consolidated financial statements of the Group are being issued separately.

The financial results of Islamic Banking business have been consolidated in these unconsolidated financial statements for reporting purposes, after eliminating inter-branch transactions / balances. Key financial figures of the Islamic Banking business are disclosed in Annexure-II to these unconsolidated financial statements.

2.1 Statement Of Compliance

2.1.1 These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Directives issued by the SBP and the Securities Exchange Commission of Pakistan (SECP);
- Requirements of The Bank of Punjab Act, 1989; and
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017.

Wherever the requirements of the directives issued by the SBP and SECP, The Bank of Punjab Act, 1989, the Banking Companies Ordinance, 1962 and the Companies Act, 2017 differ with the requirements of the IFRS or IFAS, the requirements of the said directives, The Bank of Punjab Act, 1989, the Banking Companies Ordinance, 1962 and the Companies Act, 2017 take precedence.

2.1.2 SBP as per BSD Circular No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard (IAS) 39, "Financial Instruments: Recognition and Measurement" and International Accounting Standard (IAS) 40, "Investment Property" for banking companies till further instructions. Further, according to the notification of SECP dated April 28, 2008, the IFRS – 7 "Financial Instruments: Disclosures" has not been made applicable for banks. Accordingly, the requirements of these Standards have not been considered in the preparation of these unconsolidated financial statements.

2.1.3 The State Bank of Pakistan through BPRD Circular No. 04 of 2015 dated February 25, 2015 has deferred the applicability of Islamic Financial Accounting Standards – 3 for (IFAS) 3 "Profit & Loss Sharing on Deposits" issued by the Institute of Chartered Accountants of Pakistan and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). The standard will result in certain new disclosures in these unconsolidated financial statements of the Bank.

2.1.4 The SECP vide its notification SRO 633 (I)/2014 dated 10 July 2014, adopted (IFRS) 10 "Consolidated Financial Statements" effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.

2.1.5 New accounting standards / amendments and IFRS interpretations that are effective for the year ended December 31, 2023

During the year, certain amendments to standards, interpretations and improvement to accounting standards became effective; however, the standards, amendments, interpretations and improvements did not have any material effect on these unconsolidated financial statements of the Bank.

2.1.6 New accounting standards and IFRS interpretations that are not yet effective:

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. The Bank considers that the following standards and interpretations are either not relevant or will not have any material impact on its unconsolidated financial statements in the period of initial application other than (IFRS) 9 "Financial Instruments".

Standard or Interpretations		'Effective date (accounting periods beginning on or after)
IAS 1	Amendments to IAS 1 – Non current liabilities with covenants	January 01, 2024
IFRS 16	Amendment to IFRS 16 – Leases on sale and leaseback	January 01, 2024
IAS 21	Amendments to IAS 21 – Lack of Exchangeability	January 01, 2025

IFRS 9 Financial Instruments

As directed by SBP via BPRD Circular letter no. 7 of 2023 dated April 13, 2023, IFRS 9 is effective for periods beginning on or after January 01, 2024 for banks having asset base of more than Rs. 500 billion as at December 31, 2022. Further, SBP vide Circular no. 03 of 2022 dated July 05, 2022 has also finalized the instructions on IFRS 9 (Application Instructions) for ensuring smooth and consistent implementation of the standard in the banks.

During the year 2023, the management of the Bank has performed an impact assessment of IFRS 9 taking into account the SBP's IFRS 9 application instructions. The assessment is based on available information and may be subject to changes arising from further reasonable and supportable information being made available to the Bank at the time of finalizing the impact for initial application of IFRS 9. In addition, the Bank will implement changes in classification of certain financial instruments.

An overview of the IFRS 9 requirements that are expected to have significant impact are discussed below along with the additional requirements introduced by the SBP.

Governance, ownership and responsibilities

The Bank has developed models / methodologies for Probability of Default (PD), Loss Given Default (LGD) and Credit Conversion Factor (CCF). These models shall be validated on an annual basis considering the following aspects:

- Quantitative Validation: Expected credit loss (ECL) model design validation, data quality validation and benchmarking with external best practices.
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

Further, the Bank will perform back testing of ECL at least on yearly basis and will be responsible for the independent validation of the risk parameters / risk models; including PD, LGD and CCF etc., that are used to compute the ECL which would be carried out as per the policy.

Classification and measurement

The classification and measurement of financial assets will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Financial assets that do not meet the Sole Payment of Principal and Interest (SPPI) criteria are measured at FVTPL regardless of the business model in which they are held. The Bank's business model in which financial assets are held will determine whether the financial assets are measured at amortised cost, Fair Value Through Other Comprehensive Income ('FVTOCI') or Fair Value Through Profit or Loss ('FVTPL').

The business model reflects how groups of financial assets are managed to achieve a particular business objective. Financial assets can only be held at amortised cost if the instruments are held in order to collect the contractual cash flows ('hold to collect'), and where those contractual cash flows are solely payments of principal and interest (SPPI). Assets may be sold out of 'hold to collect' portfolios where there is an increase in credit risk. Disposals for other reasons are permitted but such sales should be insignificant in value or infrequent in nature.

Debt instruments where the business model objectives are achieved by collecting the contractual cash flows and by selling the assets ('hold to collect and sell') and that have SPPI cash flows are held at FVOCI, with unrealised gains or losses deferred in reserves until the asset is derecognised. Further financial assets may be designated at FVTPL only if doing so eliminates or reduces an accounting mismatch.

The classification of equity instruments is generally measured as FVTPL unless the Bank elects for FVTOCI at initial recognition. However dividends received are recognised in the profit and loss account. The Bank has analyzed the impact of initial application of IFRS 9 on its financial assets as follows:

Equity securities

The Bank expects to continue measuring at fair value all financial assets currently held at fair value.

Equity shares currently held as Available For Sale (AFS) with gains and losses recorded in OCI, the Bank will apply the option to present fair value changes in OCI, and, therefore, the application of IFRS 9 will not have a significant impact on adoption. However, in accordance with IFRS 9 requirements, fair value gain or losses recognized in OCI will not be recycled to profit and loss account on derecognition of these securities.

Unquoted equity securities are required to be measured at fair value under IFRS 9, however, SBP has allowed relaxation to banks till one year to carry these investments under the current PR regime.

Debt securities and Loans and advances

Debt securities currently classified as AFS and those passes SPPI test, are expected to be measured at fair value through OCI under IFRS 9 as the Bank's business model is to hold the assets to collect contractual cash flows, and also to sell those investments. Debt securities currently classified as HTM and those passes SPPI test are expected to be measured at measured at amortised costs under IFRS 9 as the Bank's business model is to hold the assets to collect contractual cash flows.

Impairment

The impairment requirements apply to financial assets measured at amortised cost and FVTOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for Expected Credit Losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in credit risk, an allowance (or provision) is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL'). Financial assets where 12-month ECL is recognized are in 'stage 1'; financial assets that are considered to have experienced a significant increase in credit risk are in 'stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are in 'stage 3'.

The assessment of credit risk and the estimation of ECL are required to be unbiased and probability-weighted, and should incorporate all available information which is relevant to the assessment including information about past events, current conditions and reasonable and supportable forecasts of economic conditions at the reporting date. In addition, the estimation of ECL should take into account the time value of money.

Based on the requirement of IFRS 9 and SBP's IFRS 9 application instructions, the Bank has performed an ECL assessment taking into account the key elements such as assessment of Significant Increase in Credit Risk (SICR), Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). These elements are described below:

- PD: The probability that a counterparty will default, calibrated over the 12 months from the reporting date (stage 1) or over the lifetime of the product (stage 2) and incorporating forward looking information.
- LGD: It is an estimate of magnitude of loss sustained on any facility upon default by a customer. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor. It is the difference between contractual cash flows due and those that the Bank expects to receive, including any form of collateral.
- EAD: the expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortization, pre-payments and forward-looking information where relevant.

For the purpose of calculation of ECL, the Bank has used 5 years data till December 31, 2023 and going forward, one more year's data shall be included until the Bank has at least 10 years data. For calculating ECL, the Bank shall classify its financial assets under three following categories:

- a) Stage 1: Performing Assets: Financial assets where there has not been a SICR since initial recognition, the Bank shall recognize an allowance based on the 12-month ECL.
- b) Stage 2: Under-Performing Assets: Financial assets where there has been a SICR since initial recognition, but they are not credit impaired, the Bank shall recognize an allowance for the lifetime ECL for all exposures categorized in this stage based on the actual maturity profile.

- c) Stage 3: Non-Performing Assets: Financial assets which have objective evidence of impairment at the reporting date. The Bank shall recognize ECL on these financial assets using the higher off approach, which means that lifetime ECL computed under IFRS 9 is compared with regulatory provision required as per prudential regulations issued by SBP and higher of the two is maintained.

As required by the Application Instructions, financial assets may be reclassified out of stage 3 if they meet the requirements of Prudential Regulations (PR) issued by SBP. Financial assets in stage 2 may be reclassified to stage 1 if the conditions that led to a SICR no longer apply.

Significant increase in credit risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank uses a number of qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or interest payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations.

Based on the level of increase in credit risk, the Bank shall calculate 12 months ECL for assets which did not have a SICR i.e., Stage 1 or a lifetime expected loss for the life of the asset (for assets which demonstrated a SICR) i.e., Stage 2.

At every reporting date, the Bank shall assess whether there has been a SICR since the initial recognition of the asset. If there is a SICR, the asset must be assigned to the appropriate stage of credit impairment (Stage 2 or 3).

Under the SBP's instructions, credit exposure (in local currency) guaranteed by the Government and Government Securities are exempted from the application of ECL Framework. Moreover, until implementation of IFRS 9 has stabilized, Stage 1 and stage 2 provisions would be made as per IFRS 9 ECL and stage 3 provision would be made considering higher of IFRS 9 ECL or provision computed under existing PRs' requirements.

Presentation and disclosure

IFRS 9 also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of Bank's disclosure about its financial instruments particularly in the year of adoption of the IFRS 9.

The SBP vide Circular No. 02 of 2023 dated February 09, 2023 issued a revised format for financial statements of the banks for the accounting periods starting from January 01, 2023, which shall include the presentation and disclosures of adoption of IFRS 9 as applicable in Pakistan. The SBP vide BPRD Circular letter no. 07 of 2023 dated April 13, 2023 also extended the timeline for preparation of annual / interim financial statements on revised format to the 1st quarter of 2024.

Impact of adoption of IFRS 9

The Bank will adopt IFRS 9 in its entirety effective January 01, 2024 with modified retrospective approach for restatement. The actual impact of adopting IFRS 9 on the Bank's financial statements in the year 2023 may not be accurately estimated because it will be dependent on the financial instruments that the Bank would hold during next year and economic conditions at that time as well as accounting elections and judgements that it will make in future. Nevertheless, the Bank has performed a preliminary assessment of the potential impact of adoption of IFRS 9 based on its statement of financial position as at December 31, 2023.

Impairment

The total estimated adjustment (net of tax) of the adoption of IFRS 9 on the opening balance of the Bank's equity at January 01, 2024 is reduction in equity net of tax of approximately Rs. 7,449,278 thousand, representing corresponding impact of an increase of approximately Rs. 15,579,407 thousand related to impairment requirements.

The Bank continues to refine its expected credit loss model and embed its operational processes which may change the actual impact on adoption. The new systems and associated controls in place have not been operational for a more extended period.

Impact on regulatory capital

The introduction of IFRS 9 will result in reduction in regulatory capital of the banks, which is likely to reduce their lending capacity and ability to support their clients. In order to mitigate the impact of expected credit loss (ECL) models on capital, SBP has determined that it may be appropriate for the Financial Institutions to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP have detailed the transitional arrangement.

The transitional arrangement must apply only to provisions for stage 1 and 2 financial assets. The transitional arrangement must adjust CET1 capital. Where there is a reduction in CET1 capital due to new provisions, net of tax effect, upon adoption of an ECL accounting model, the decline in CET1 capital (the "transitional adjustment amount") must be partially included (i.e. added back) to CET1 capital over the "transition period" of five years.

The impact of adoption of IFRS 9 on the capital ratios of the Bank are as follows:

	As per adopted IFRS 9	As per current ARS
Common Equity Tier 1 Capital Adequacy ratio	12.35%	13.29%
Tier 1 Capital Adequacy Ratio	14.50%	15.42%
Total Capital Adequacy Ratio	17.59%	18.37%
CET1 available to meet buffers (as a percentage of risk weighted assets)	6.35%	7.29%

3 BASIS OF MEASUREMENT

3.1 These unconsolidated financial statements have been prepared under the historical cost convention, except for revaluation of freehold land and buildings on freehold land, revaluation of non banking assets acquired in satisfaction of claims, valuation of certain investments and commitments in respect of forward exchange contracts at fair value, right-of-use assets, lease liabilities and certain staff retirement benefits at present value.

3.2 These unconsolidated financial statements are presented in Pak Rupees, which is the Bank's functional and presentation currency.

4 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of unconsolidated financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are continually evaluated and are based on historical experiences, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Bank's unconsolidated financial statements or where judgment was exercised in the application of accounting policies are as follows:

4.1 Classification of investments

In classifying investments as "held for trading", the Bank has determined securities which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days.

In classifying investments as "held to maturity", the Bank follows the guidance provided in SBP circulars on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Bank evaluates its intention and ability to hold such investments to maturity.

The investments which are not classified as held for trading or held to maturity are classified as available for sale.

4.2 Provision against non-performing advances and debt securities classified as investments

Apart from the provision determined on the basis of time-based criteria given in Prudential Regulations issued by the SBP, the management also applies the subjective criteria of classification and, accordingly, the classification of advances and debt securities is downgraded on the basis of credit worthiness of the borrower, its cash flows, operations in account and adequacy of security in order to ensure accurate measurement of the provision.

4.3 Impairment of available for sale investments

The Bank considers that available for sale equity investments are impaired when there has been a significant and prolonged decline in the fair value below its cost. Other factors will also need to be considered before deciding the permanent impairment of investment. This determination of what is significant and prolonged requires judgment. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance. As of the statement of financial position date, the management has determined an impairment loss on available for sale securities, held to maturity securities and subsidiary companies as disclosed in note 9.3 to these unconsolidated financial statements.

4.4 Depreciation, amortization and revaluation of fixed assets and intangibles

Estimates of useful life of property and equipment are based on management's best estimate. In making estimates of the depreciation / amortization method, the management uses method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern. Further, the Bank estimates the revalued amount of freehold land and buildings on freehold land on a regular basis. The estimates are based on valuations carried out by an independent valuation expert under the market conditions.

4.5 Income taxes

In making estimates for income taxes currently payable by the Bank, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax authorities and such amounts are shown as a contingent liability.

4.6 Staff retirement benefits

The amount of provision for gratuity and compensated absences is determined using actuarial valuation. The valuation involves making use of assumptions about discount rates, mortality, expected rate of salary increases, retirement rates, and average leave utilization per year. Due to the degree of subjectivity involved and long-term nature of these plans, such estimates are subject to significant uncertainty.

4.7 Non banking assets acquired in satisfaction of claims

The Bank estimates the revalued amounts of non banking assets acquired in satisfaction of claims on a regular basis. The estimates are based on expected legal enforceability, ease of realization and valuations carried out by an independent valuation expert under the market conditions.

4.8 Lease liability on right-of-use assets

In making estimates, the Bank uses following practical expedients and significant judgments, as permitted by the standard:

- Use of a single discount rate for leases with similar characteristics; and
- Lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

5 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies adopted in the preparation of these unconsolidated financial statements are consistent with those of previous financial year.

5.1 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks, balances with other banks and call money lendings less over drawn nostro accounts and other overdrawn bank accounts.

5.2 Lendings / borrowings from financial institutions

The Bank enters into transactions of sale under repurchase obligations (repo) and purchase under resale obligations (reverse repo) at contracted rates for a specified period of time. These are recorded as under:

5.2.1 Sale under repurchase obligations

Securities sold subject to a repurchase agreement (repo) are retained in the unconsolidated financial statements as investments and the counter party liability is included in borrowings from financial institutions. The differential in sale and repurchase price is accrued using effective yield method and recorded as interest expense over the term of the related repo agreement.

5.2.2 Purchase under resale obligations

Securities purchased under agreement to resell (reverse repo) are not recognized in the unconsolidated financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. The differential between the contracted price and resale price is accrued using effective yield method and recorded as interest income.

5.3 Investments

Investments other than those categorized as held for trading are initially recognized at fair value which includes transaction costs associated with the investments. Investments classified as held for trading are initially recognized at fair value and transaction costs are expensed in the profit and loss account.

All regular way purchase / sale of investment are recognized on the trade date, i.e., the date the Bank commits to purchase / sell the investments. Regular way purchase or sale of investment requires delivery of securities within the time frame generally established by regulation or convention in the market place.

Investment in subsidiary is stated at cost less provision for impairment (if any). Other investments are classified as follows:

Held for trading

These are securities which are acquired with the intention to trade by taking advantage of short-term market/ interest rate movements. These are carried at market value, with the related surplus / (deficit) on revaluation being taken to profit and loss account. These are measured at subsequent reporting dates at fair value.

Held to maturity

These are securities with fixed or determinable payments and fixed maturity that are held with the intention and ability to hold to maturity. These are carried at amortised cost. These are subsequently measured at amortised cost, less any impairment loss recognized to reflect irrecoverable amount.

Available for sale

These are investments, other than those in subsidiaries and associates, which do not fall under the held for trading or held to maturity categories. These are carried at market value with the surplus / (deficit) on revaluation taken to 'Surplus / (deficit) on revaluation of assets' shown in equity, except available for sale investments in unquoted shares, debentures, bonds, participation term certificates, term finance certificates, federal, provincial and foreign government securities (except for Treasury Bills and Pakistan Investment Bonds) which are stated at cost less provision for diminution in value of investments, if any.

Provision for diminution in the value of investments is made after considering impairment, if any, in their value and charged to profit and loss account. Provision for diminution in value of investments in respect of unquoted shares is calculated with reference to break-up value. Provision for diminution in value of investments for unquoted debt securities is calculated with reference to the time-based criteria as per the SBP's Prudential Regulations.

Premium or discount on debt securities classified as available for sale and held to maturity securities are amortised using the effective yield method.

On de-recognition or impairment in quoted available for sale securities the cumulative gain or loss previously reported as "Surplus / (Deficit) on revaluation of assets" in equity is included in the profit and loss account for the year.

Gain and loss on disposal of investments are dealt with through the profit and loss account in the year in which they arise.

5.4 Advances including net investment in finance lease

Advances and net investments in finance lease are stated net of provision for non performing loans. Provision for non performing loans is made in accordance with the Prudential Regulations prescribed by the SBP and charged to profit and loss account.

Leases where risks and rewards incidental to ownership are substantially transferred to lessee are classified as finance lease. A receivable is recognized at an amount equal to the present value of the lease payments including any guaranteed residual value.

Under Ijarah financing, the Bank transfers the rights to use an asset to the customer for an agreed period for an agreed consideration. Assets given under Ijarah are stated at cost less accumulated depreciation, residual value and impairment losses, if any. The depreciation is calculated on a straight-line basis over the term of the Ijarah after taking into account the estimated residual value.

Istisna is a mode of resale at an agreed price, whereby the buyer places an order to or cause to manufacture, assemble or construct anything to be delivered at a future date. The funds disbursed under Istisna are recorded as "Advance against Istisna". After the manufacturing of goods, the same are recorded as inventories at the statement of financial position and after the sale of goods by customer to its ultimate buyers, Istisna financing is recognized.

For Running Musharakah, the Bank and the customer enter a Musharakah (transaction or business partnership arrangement) where the Bank agrees to finance the operating activities of the customer's business and share the profit or loss at a pre agreed ratio. Profit is provisionally recognised on an accrual basis and is adjusted once the customer declares the final profit after issuance of audited financial statements.

In Murabaha transactions, the Bank purchases the goods through its agent or client and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Under Murabaha financing, funds disbursed for purchase of goods are recorded as 'Advance against Murabaha finance'. On culmination of Murabaha i.e. sale of goods to customers, Murabaha financing are recorded at the deferred sale price. Goods purchased but remained unsold at the statement of financial position date are recorded as inventories. Deferred income on Murabaha financing is adjusted against Murabaha receivable.

In Diminishing Musharaka based financing, the Bank enters into Musharaka based on partnership for financing and agreed share of fixed assets with its customers and enters into period profit payment agreement for the utilization of the Bank's Musharaka share by the customer.

5.5 Fixed assets and depreciation

5.5.1 Property and equipment

Property and equipment, other than freehold land which is not depreciated, are stated at cost or revalued amounts less accumulated depreciation and accumulated impairment losses (if any). Freehold land is carried at revalued amount.

Depreciation on property and equipment is charged to profit and loss account using the diminishing balance method so as to write off the historical cost / revalued amount of the asset over its estimated useful life, except motor vehicles, leasehold improvements and computer equipment on which depreciation is charged using the straight line basis. The rates at which the depreciation is charged are given in note 11.3 to these unconsolidated financial statements. Impairment loss or its reversal, if any, is charged to profit and loss account. When an impairment loss is recognized, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount over its estimated useful life.

Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which the assets are disposed.

Surplus arising on revaluation of freehold land and buildings on freehold land is credited to the "Surplus on revaluation of assets" in equity and any deficit arising on revaluation is taken to profit and loss account directly. Revaluation by independent professionally qualified valuers, is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of buildings (net of deferred taxation) is transferred directly to un-appropriated profit / accumulated loss.

Gains and losses on sale of fixed assets are charged to profit and loss account currently.

Major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Normal repairs and maintenance are charged to the profit and loss account as and when incurred.

5.5.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses (if any). These are transferred to specific assets as and when assets are available for use.

5.5.3 Right-of-use assets

The right-of-use asset is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred. The right-of-use assets are subsequently depreciated over the lease term using a straight line basis as it closely reflects the expected pattern of consumption of future economic benefits. The right-of-use assets are to be reduced by impairment losses, if any, and adjusted for certain re-measurements of lease liability. Right-of-use assets are recognized using cost model.

5.6 Intangible assets

Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses (if any). The cost of intangible assets is amortised over their useful lives, using the straight line method as per the rates given in note 12.1 to these unconsolidated financial statements. Amortisation on additions is charged from the month the assets are available for use while no amortisation is charged in the month in which the assets are disposed.

Intangible-in-progress is stated at cost less accumulated impairment losses (if any). These are transferred to specific assets as and when assets are available for use.

5.7 Borrowings / deposits

Borrowings / deposits are recorded at the proceeds received. The cost of borrowings / deposits is recognized as an expense in the period in which this is incurred.

5.8 Subordinated debts

Subordinated loans are initially recorded at the amount of proceeds received. Mark-up accrued on subordinated loans is recognized separately as part of other liabilities and is charged to the profit and loss account over the period on an accrual basis.

5.9 Employee retirement and other benefits

Defined contribution plan – Provident fund

The Bank operates an approved provident fund scheme, covering all permanent employees. Contributions are made monthly by the Bank and the employees at the rate of 8.33% of basic salary. Contributions by the Bank are charged to profit and loss account.

Defined benefit plan – Gratuity scheme

The Bank operates an approved funded gratuity scheme for all its permanent employees. Contributions are made to cover the obligations under the scheme on the basis of actuarial valuation and are charged to profit to loss account. Actuarial gains and losses are charged or credited to other comprehensive income in the year in which they occur.

Defined benefit plan – Employees' compensated absences

The Bank makes annual provision in the unconsolidated financial statements for its liabilities towards vested compensated absences accumulated by its employees on the basis of actuarial valuation. Actuarial gains and losses are charged to profit and loss account in the year in which they occur.

5.10 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation except land which is carried at revalued amount. The non-banking assets are depreciated over useful life on reducing balance method. Revaluation by independent professionally qualified valuers, is carried

out with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. Surplus arising on revaluation of non banking assets is credited to the 'surplus on revaluation of assets' account and any deficit arising on revaluation is taken to profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to profit and loss account and not capitalized.

5.11 Foreign currencies

Transactions in foreign currency are translated to Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities and commitments for letters of credit and acceptances in foreign currencies are translated at the exchange rates prevailing at the statement of financial position date except assets and liabilities for which there are forward contracts which are translated at the contracted rates. Forward exchange contracts and foreign bills purchased are valued at forward rates applicable to their respective maturities.

All exchange differences are charged to profit and loss account.

5.12 Revenue recognition

Revenue is recognized to the extent that the economic benefits will flow to the Bank and the revenue can be reliably measured. The following recognition criteria must be met before revenue is recognized:

Mark-up / return / interest income

Mark-up / return / interest on advances and return on investments are recognized in profit and loss account on an accrual basis, except mark-up on non-performing advances which is recognized when received.

Dividend income

Dividend income is recognized when the Bank's right to receive the dividend is established.

Lease finance income

Financing method is used in accounting for income from lease financing. Under this method, the unearned lease income (excess of the sum of total lease rentals and estimated residual value over the cost of leased assets) is deferred and taken to profit and loss account over the term of the lease periods so as to produce a constant periodic rate of return on the outstanding net investment in lease. Unrealized lease income is suspended, where necessary, in accordance with the requirements of the SBP. Gain / loss on termination of lease contracts, documentation charges and other lease income are recognized through profit and loss account when these are realized.

Fees and commission income

Fee commission is recognized at amount that reflects consideration to which the Bank expects to be entitled in exchange for providing the services. The Bank recognizes fees earned on transaction based arrangements at point in time, when the Bank has provided the services to customer. Where the contract requires services to be provided over time, income is recognized on systematic basis over the period of arrangement.

5.13 Lease liabilities against right-of-use assets

The lease liability is initially measured at present value of lease payments to be made over lease term, discounted using the Bank's incremental weighted average borrowing rate. The lease liability shall be subsequently measured at amortised cost using the effective interest rate method i.e. increase by interest cost on lease liability and decrease by lease payments made.

5.13.1 Short-term leases and leases of low-value asset

The bank applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

5.14 Taxation

Current

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Prior years

The taxation charge for prior years represents adjustments to the tax charge relating to prior years, arising from assessments / changes in laws and changes in estimates made during the current year.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that the taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the statement of financial position date. Deferred tax is charged or credited in income statement, except in the case of items credited or charged to equity in which case it is included in equity.

The Bank also recognizes deferred tax asset / liability on deficit / surplus on revaluation of operating fixed assets and available for sale securities which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS)12, 'Income Taxes'.

5.15 Impairment

The carrying amounts of assets (other than deferred tax assets) are reviewed for impairment at each statement of financial position date whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

5.16 Provisions

Provisions are recorded when the Bank has a present obligation as a result of a past event when it is probable that it will result in an outflow of economic benefits and a reliable estimate can be made of the amount of the obligation.

5.17 Provision for off balance sheet obligations

Provision for guarantees, claims and other off balance sheet obligations are made when the Bank has legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of amount can be made. Charge to profit and loss account is stated net of expected recoveries.

5.18 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction from the equity.

5.19 Acceptances

Acceptances comprise undertaking by the Bank to pay bills of exchange drawn on customer. The Bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as on balance sheet transactions.

5.20 Financial instruments

5.20.1 Financial assets and liabilities

Financial instruments carried on the statement of financial position include cash and balances with treasury banks, balances with other banks, lending to financial institutions, investments, advances, certain receivables, bills payable, borrowing from financial institutions, deposits and other accounts, subordinated debts and other payables. The particular recognition criteria adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

5.20.2 Off setting

Financial assets and financial liabilities are set off and the net amount is reported in the unconsolidated financial statements when there is a legally enforceable right to set off and the Bank intends either to settle on a net basis, or to realize the assets and settle the liabilities, simultaneously.

5.21 Segment reporting

A segment is a distinguishable component of the Bank that is engaged either in providing product or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

5.21.1 Business segments

Corporate and investment banking

This includes, loans, project finance, real estate finance, export finance, trade finance, commercial & investment banking, and other banking activities with corporate and public sector customers.

Cards and public sector deposits

It includes public sector deposits and related banking services including home remittances and card related banking services to customers of the Bank.

Consumer banking group

It includes private sector deposits and loans under retail finance, agriculture customers, small and medium enterprises and financing under government initiatives. Products offered to customers include transport finance, house finance, livestock finance, dairy finance etc.

Treasury

It includes fixed income, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos and brokerage debt.

Islamic

The segment pertains to full scale Islamic Banking operations of the Bank.

Others

This includes head office related activities, and all other activities not tagged to the segments above.

5.21.2 Geographical segments

The Bank operates only in Pakistan.

5.22 Dividend distribution and appropriations

Dividend distributions and appropriation to reserves are recognized as a liability in the unconsolidated financial statements in the period in which these are approved. Transfer to statutory reserve and any of the mandatory appropriations as may be required by law are recognized in the period to which they relate.

5.23 Earnings per share

The Bank presents Earnings Per Share (EPS) for its ordinary shares which is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares (if any).

19.1 Subordinated perpetual term finance certificates

The Bank issued listed, unsecured, subordinated, perpetual and non cumulative term finance certificates in the form of Additional Tier –I capital under section 66 (1) of the Companies Act, 2017, in a set of twenty (20) scrips, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rs. 8,017,500 thousand
Issue date:	June 20, 2022
Maturity date:	Perpetual
Rating:	"AA–" by Pakistan Credit Rating Agency Limited (PACRA)
Tenor:	Perpetual
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits except common shares.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount, on a non–cumulative basis.
Profit rate:	Floating rate of return at base rate plus 200 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	Not applicable.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non–viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV on sole discretion of the SBP.

19.2 Advance subscription money – subordinated perpetual term finance certificates – ADT I – 2nd Issue

Prior to close of year ended December 31, 2023, the Bank received Rs. 3,900,000 thousand under formal investor agreement from potential investors as advance subscription money against rated, privately placed / may be subsequently listed, unsecured, subordinated, perpetual and non cumulative debt instrument in the nature of additional Tier I capital term finance certificates. These TFCs are subordinated to all other debts of the Bank including deposits but superior to equity. The advance subscription money carries mark-up at rate of 6 month KIBOR plus spread of 200 bps per annum.

19.3 Privately placed term finance certificates – I

During the year, the Bank exercised call option for premature redemption of privately placed term finance certificates – I after obtaining approval from the State Bank of Pakistan, and repaid outstanding principal amount of Rs. 2,494,000 thousand to the respective investors. Accordingly, the total liability of the Bank against privately placed term finance certificates – I stands fully settled. The salient features of the TFC's issue were as follows:

Issue amount:	Rupees 2,500,000 thousand
Issue date:	December 23, 2016
Maturity date:	December 22, 2026
Rating:	AA
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 100 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV as declared by the SBP.

19.4 Privately placed term finance certificates – II

The Bank issued rated, unsecured and subordinated term finance certificates under section 66 of the Companies Act, 2017, in a set of twenty (20) scrips, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date and registered book entry securities in accordance with the CDC regulations, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rupees 4,300,000 thousand
Issue date:	April 23, 2018
Maturity date:	April 23, 2028
Rating:	AA
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 125 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV as declared by the SBP.

19.5 Privately placed term finance certificates – III

During the year, the Bank issued rated, unsecured and subordinated term finance certificates under section 66 of the Companies Act, 2017, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date and registered book entry securities in accordance with the CDC regulations, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rs. 7,000,000 thousand
Issue date:	April 17, 2023
Maturity date:	April 17, 2033
Rating:	"AA" by Pakistan Credit Rating Agency Limited (PACRA)
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 125 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV on sole discretion of the SBP.

19.6 Advance subscription money – privately placed term finance certificates – IV

Prior to close of year ended December 31, 2023, the Bank received Rs. 6,998,000 thousand under formal investor agreement from potential investors as advance subscription money against rated, privately placed / may be subsequently listed, unsecured and subordinated debt instrument in the nature of Tier II capital term finance certificates. The instrument will be unsecured and subordinated as to payment of principal and profit to other indebtedness of the Bank, including deposits, but will rank pari passu with other Tier II instruments and superior to Additional Tier I instruments. The instrument will be structured to redeem 0.36% of the issue amount during the first 9 years after the issue date and the remaining issue amount of 99.64% in two (2) equal semi-annual installments of 49.82% each in the last year. The advance subscription money carries mark-up at rate of 6 month KIBOR plus spread of 125 bps per annum.

20.3 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund (WWF) were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending. Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Bank maintained its provision in respect of WWF.

For tax years 2014 – 2022, the tax department disputed the Bank's treatment on certain issues, where the Bank's appeals are pending at various appellate forums. Such issues inter alia principally include disallowance of expenses for initial depreciation allowances, non deduction of withholding tax on profit, non availability of underlying records and provision for non performing loans.

The Bank has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Bank are being contested by the department at higher forums. No provision has been made in these unconsolidated financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the tax department is in appeal, as the management is of the view that the issues will be decided in the Bank's favour as and when these are taken up by the Appellate Authorities.

23.4 Claims against the Bank not acknowledged as debts

An amount of Rs. 46,313,295 thousand (2022: Rs. 51,158,973 thousand) involved in the claims filed against the Bank are yet to be adjudicated by the concerned Courts as the same have been filed as outburst to the Bank's recovery suits. Uptill now, in no case, any claim has been adjudicated, determined or decreed by the Courts against the Bank. Moreover, there is no likelihood of decreeing the suits against the Bank because, the claims are frivolous.

36.1 In addition to the above, 1,498 (2022: 1,366) employees of outsourcing services companies were assigned to the Bank as at the end of the year to perform services other than guarding and janitorial services.

37 EMPLOYEE BENEFITS

37.1 Defined benefit plan – gratuity

The Bank operates a funded gratuity scheme for all its permanent employees. The benefits under the scheme are payable on retirement / resignation which is equal to one month's last drawn basic salary for each year of eligible service or part thereof, with effect from January 01, 2008 or date of joining whichever is later, subject to minimum of five years of service. The Bank makes annual provision in these unconsolidated financial statements for its liabilities on the basis of actuarial valuation.

37.1.1 Number of employees under the scheme

The number of employees covered under the following defined benefit scheme are:

	2023	2022
	Number	
– Eligible employees under gratuity scheme	11,420	11,093

37.1.2 Principal actuarial assumptions

The latest valuation was carried out at December 31, 2023 using the "Projected Unit Credit Method". The mortality rates used for active employees are based on SLIC (2001–05) Mortality Table. The principal assumptions used in the valuation were as follows:

	2023	2022
	Per annum	
Discount rate	16.75%	14.50%
Expected rate of return on plan assets	16.75%	14.50%
Expected rate of salary increase	14.75%	13.50%
Average expected remaining working life (years)	10	10

	Note	2023	2022
		Rupees in '000'	
37.1.3 Reconciliation of payable to defined benefit plan			
Present value of obligations	37.1.4	3,232,365	2,478,352
Fair value of plan assets	37.1.5	(2,561,319)	(2,354,676)
Benefits payable		19,587	47,476
Payable to defined benefit plan		690,633	171,152

	Note	2023	2022
Rupees in '000'			
37.1.4 Movement in present value of defined benefit obligations			
Obligations at the beginning of the year		2,478,352	1,918,269
Current service cost		425,748	328,759
Interest cost		352,706	219,021
Benefits paid during the year		(91,794)	(108,519)
Re-measurement loss – other comprehensive income		67,353	120,822
Obligations at the end of the year		3,232,365	2,478,352
37.1.5 Movement in fair value of plan assets			
Fair value at the beginning of the year		2,354,676	1,669,712
Interest income on plan assets		345,160	207,208
Contribution by the Bank during the year		171,152	268,144
Benefits paid during the year		(119,683)	(80,630)
Remeasurement : return on plan assets excluding interest income		(189,986)	290,242
Fair value at the end of the year		2,561,319	2,354,676
37.1.6 Movement in payable under defined benefit scheme			
Opening balance		171,152	268,144
Charge for the year	37.1.7.1	433,294	340,572
Contribution by the Bank during the year		(171,152)	(268,144)
Re-measurement loss / (gain) recognized in other comprehensive income during the year	37.1.7.2	257,339	(169,420)
Closing balance		690,633	171,152
37.1.7 Charge for defined benefit plans			
37.1.7.1 Cost recognized in profit and loss			
Current service cost		425,748	328,759
Net interest on defined benefit plan		7,546	11,813
		433,294	340,572
37.1.7.2 Re-measurements recognized in other comprehensive income during the year			
Actuarial loss due to changes in financial assumptions		(249,247)	–
Loss on obligation due to experience adjustments		316,600	120,822
Return on plan assets over interest income		189,986	(290,242)
Total remeasurement loss / (gain) recognized in other comprehensive income		257,339	(169,420)
37.1.8 Components of plan assets			
Cash and cash equivalents – net		311,319	219,692
Government securities		1,275,000	1,248,000
Shares / units		–	11,984
Non-Government debt securities		975,000	875,000
		2,561,319	2,354,676

These assets are mostly contained in the form of cash and cash equivalents and government securities so there is no significant risk associated with it. However, investments may be adversely affected by movement in equity and interest rate markets.

37.1.9 Sensitivity analysis

Sensitivity analysis has been performed by varying one assumption keeping all other assumptions constant and calculating the impact on the present value of the defined benefit obligations. The increase / (decrease) in the present value of defined benefit obligations as a result of change in discount rate and salary growth is summarized below:

	2023	2022
	Rupees in '000'	
1% increase in discount rate	(2,955,516)	(2,311,632)
1% decrease in discount rate	3,535,225	2,657,155
1 % increase in expected rate of salary increase	3,535,147	2,657,096
1 % decrease in expected rate of salary increase	(2,955,480)	(2,311,604)
37.1.10 Expected contributions to be paid to the fund in the next financial year	690,633	171,152
37.1.11 Expected charge for the next financial year	608,867	445,558
37.1.12 Maturity profile		
The weighted average duration of the obligation (in years)	9	9

37.1.13 Funding policy

There are no statutory minimum funding requirements. However, contributions to the scheme are made on the basis of actuarial valuations carried in each year.

The Bank's gratuity scheme is mainly subject to following risks:

Asset volatility	The majority of the gratuity fund assets are invested in cash or cash-equivalent, government securities and non government debt securities. Therefore, there is investment risk to the scheme due to fluctuation in interest rate environment or changes in bond yields of debt securities. Also, there is no liquidity investment risk to the scheme. However, investments may be adversely affected by movement in equity and interest rate markets.
Inflation risk	Higher than expected growth in inflation may result in higher than assumed salary increases which will lead to increase in liability. However, assets of the scheme may not be at significant risk due to changes in inflation rate.
Life expectancy / Withdrawal rate	Actuarial valuation assumes heavy withdrawals for younger ages but moderate withdrawal rates are used for older ages. Significant withdrawals of employees having reasonable years of service would cause large benefit payments. Consequently, deficit position of the scheme would deteriorate further. However, availability of cash for benefit payments will not be an issue due to the liquid nature of assets of the Gratuity Fund.

37.2 Defined benefit plan – compensated absences

The Bank makes annual provision in these unconsolidated financial statements for its liabilities towards vested compensated absences accumulated by its employees on the basis of actuarial valuation. The employees of the Bank are entitled to take leave as Leave Preparatory to Retirement (LPR) immediately before retirement. These leaves are subject to retirees' un-utilized privilege leave balance with an upper limit of 180 days. Alternatively, the retiree may receive a lump-sum cash amount equal to 180 days basic salary at the time of retirement in lieu of LPR of 180 days. Privilege leave accrues at the rate of 30 days per year. Moreover, any unutilized privilege leaves over 180 days are ignored

37.2.1 Principal actuarial assumptions

The latest valuation was carried out at December 31, 2023 using the "Projected Unit Credit Method". The principal assumptions used in the valuation were as follows:

	2023	2022
	Per annum	
Discount rate	16.75%	14.50%
Expected rate of eligible salary increase in future years	14.75%	13.50%
Average number of leaves accumulated per annum by the employees (days)	18	18

	2023	2022
	Rupees in '000'	
37.2.2 Movement in present value of defined benefit obligations		
Obligations at the beginning of the year	153,884	133,629
Current service cost	4,944	4,889
Interest cost	22,100	15,520
Benefits paid during the year	(2,942)	(3,088)
Re-measurement gain	(14,623)	2,934
Obligations at the end of the year	163,363	153,884

	2023	2022
37.2.3 Movement in payable to defined benefit plan		
Opening balance	153,884	133,629
Charge for the year	12,421	23,343
Benefit paid	(2,942)	(3,088)
Closing balance	163,363	153,884

	2023	2022
37.2.4 Charge for defined benefit plan		
Current service cost	4,944	4,889
Interest cost	22,100	15,520
Actuarial (gain) / loss recognized	(14,623)	2,934
	12,421	23,343

37.2.5 Sensitivity analysis

Sensitivity analysis has been performed by varying one assumption keeping all other assumptions constant and calculating the impact on the present value of the defined benefit plan. The increase / (decrease) in the present value of defined benefit plan as a result of change in discount rate and salary growth is summarized below:

	2023	2022
	Rupees in '000'	
Increase in discount rate by 1%	(149,368)	(140,701)
Decrease in discount rate by 1%	178,666	168,299
Increase in expected future increment in salary by 1%	178,670	168,303
Decrease in expected future increment in salary by 1%	(149,370)	(140,702)

37.2.6 Reconciliation of net liability recognized for compensated absences for the five years is as follows:

	2023	2022	2021	2020	2019
	Rupees in '000'				
Opening net liability	153,884	133,629	123,506	111,612	102,294
Net charge for the year	9,479	20,255	10,123	11,894	9,318
	163,363	153,884	133,629	123,506	111,612
Actuarial gain / (loss) on obligation	14,623	(2,934)	4,024	2,068	(1,175)

37.3 Defined contribution plan

The Bank operates and approved provident fund scheme for all its permanent employees. Equal monthly contributions are made by the Bank and employees at the rate of 8.33% of basic salary.

39 FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of the assets and liabilities is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bank categorizes fair value measurements within the following fair value hierarchy.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

39.1 The Bank measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurement using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly. (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

39.1.1 Valuation techniques used in determination of fair values within level 2 and level 3

Item	Valuation approach and input used
Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP).
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates available on MUFAP
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published at the close of reporting date.
Forward foreign exchange contracts	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Unlisted shares	Break-up value determined on the basis of net assets value of the company using the latest available audited financial statements.
Property & equipment and non-banking assets acquired in satisfaction of claims	Land, buildings on freehold land and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets.

39.2 Fair value of financial assets

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

2023

	Carrying value	Fair value			Total
		Level 1	Level 2	Level 3	
Rupees in '000'					
On balance sheet financial instruments					
Financial assets measured at fair value :					
Government securities	793,964,039	–	793,964,039	–	793,964,039
Shares	4,393,049	4,371,789	21,260	–	4,393,049

43 CAPITAL ADEQUACY, LEVERAGE RATIO & LIQUIDITY REQUIREMENTS		
Minimum Capital Requirement (MCR):		
Paid-up capital (net of losses)	34,667,575	31,693,421
Capital Adequacy Ratio (CAR):		
Eligible common equity tier 1 (CET 1) capital	74,275,763	53,858,265
Eligible additional tier 1 (ADT 1) capital	11,917,500	8,017,500
Total eligible tier 1 capital	86,193,263	61,875,765
Eligible tier 2 capital	16,484,562	6,396,254
Total eligible capital (Tier 1 + Tier 2)	102,677,825	68,272,019
Risk Weighted Assets (RWAs):		
Credit risk	441,962,289	430,945,557
Market risk	35,476,704	19,124,408
Operational risk	81,512,110	70,680,644
Total	558,951,103	520,750,609
Common equity tier 1 capital adequacy ratio	13.29%	10.34%
Tier 1 CAR (%)	15.42%	11.88%
Total CAR (%)	18.37%	13.11%

The SBP vide letter No. SBHOK-BPRD-BACPD-BOP-613933, dated February 01, 2024, allowed the Bank to include advance subscription money of Rs. 3,900,000 thousand against ADT - I and vide letter No. BPRD-BA&CP-614556 Rs. 4,285,000 thousand Tier - II respectively, as of December 31, 2023, for CAR and LR purposes. Had the advance subscription money of Rs. 3,900,000 thousand and Rs. 4,285,000 thousand not been taken, the CAR, LR and NSFR would stand at 16.91%, 3.22% and 123.79% respectively.

43.1 Capital adequacy framework

The Basel Framework for a capital adequacy is applicable to the Bank both at the consolidated level (including the Subsidiary) and on a standalone basis. The Bank's policy is to maintain strong capital base so as to maintain, investor, creditor and market confidence and to sustain future business developments. The adequacy of the Bank's capital is monitored using, among other measures, the rules and ratios established by the SBP. The ratio compares the amount of eligible capital with the total of risk-weighted assets. The Bank monitors and reports its capital ratios under SBP rules, which ultimately determine the regulatory capital required to be maintained by Banks and DFIs.

In addition, the SBP requires that the paid up capital of locally incorporated banks should be raised to Rs. 10 billion by December 31, 2013 in a phased manner. The paid-up capital requirement (net of losses) as at December 31, 2023 is Rs. 10 billion.

The SBP requires that banks doing business in Pakistan should maintain regulatory capital for credit, market, and operational risks, the amount of which should at least be equal to 10% plus capital conservation buffer of 2.50% of the risk weighted assets of the Bank. However, in order to dampen the effects of COVID - 19, SBP vide Circular No 12 of 2020 dated March 26, 2020, provided relaxation to maintain capital conservation buffer CCB of 1.5% from March, 2020 till further instructions. Accordingly, capital adequacy ratio requirement stood at 11.50% as at December 31, 2023.

Further, under Basel III instructions, Banks are also required to maintain a Common Equity Tier 1 (CET 1) ratio and Tier 1 ratio of 6.0% and 7.5%, respectively, as at December 31, 2023. The Bank is fully compliant with prescribed ratios as the Bank's CAR is 18.37% whereas CET 1 and Tier 1 ratios stood at 13.29% and 15.42% respectively.

The SBP's regulatory capital as managed by the Bank is analyzed into following tiers:

- Tier I capital (CET1), which comprises of highest quality capital element and include fully paid up capital, share premium, reserve for bonus shares, general reserves and accumulated losses.
- Additional Tier I capital (ADT-I), which includes instrument meeting the prescribed SBP criteria e.g. perpetual non-cumulative preference shares and its premium after all regulatory adjustments applicable on ADT-I.

The deductions from Tier 1 capital include mainly:

- i) Book value of goodwill / intangibles;
 - ii) Shortfall in provision;
 - iii) Deficit on revaluation of available for sale investments - AFS and fixed assets;
 - iv) Defined benefit pension fund asset;
 - v) Investment in own shares;
 - vi) Reciprocal cross holdings in equity capital instruments of other banks, financial institutions and insurance companies;
 - vii) Investment in mutual funds above a prescribed ceiling;
 - viii) Threshold deductions applicable from 2014 on deferred tax assets and certain investments; and
 - ix) 10% of investments in majority capital instruments or other financial subsidiaries not consolidated in the statement of financial position during transition phase.
- Tier II capital, which includes subordinated debt / instruments and its premium, general reserve for loan losses (up to a maximum of 1.25% of CRWA), net of tax revaluation reserves, exchange translation reserves after all regulatory adjustments applicable on Tier-II.

The deductions from Tier 2 include mainly

- i) Reciprocal cross holdings in other capital instruments of other banks, financial institution and insurance companies;
- ii) 10% of investments in majority capital instruments or other financial subsidiaries not consolidated in the statement of financial position, during transition phase.

The Bank calculates capital requirement as per regulatory framework, using the following approaches:

Credit risk	Standardized Approach
Market risk	Standardized Approach
Operational risk	Basic Indicator Approach

Basel-III Framework enables a more risk-sensitive regulatory capital calculation to promote long term viability of the Bank.

	2023	2022
	Rupees in '000'	
43.2 Leverage Ratio (LR):

Total Required Stable Funding	911,331,400	683,105,000
NSFR (%)	124.69%	122.70%

43.4 The full disclosures on the capital adequacy, leverage ratio and liquidity requirements as per SBP instructions issued from time to time are available at <http://bop.com.pk>.

44 RISK MANAGEMENT

The Bank has implemented a 360-degree end-to-end risk management framework based on prudent and best banking practices. The framework covers all verticals of Risk Management including Credit, Market, Liquidity, Operational, AML / CFT, Environmental, Social & Governance (ESG) and Information Security. In addition, the Bank has in-place consolidated risk appetite statement which helps the Bank steer its strategic direction. The entire risk management process is governed by the Board and its risk committees which are responsible for approving the risk framework including policies and setting effective risk controls thereby safeguarding the Bank from any unforeseen event. The implementation of all such controls and highlighting any red flag in timely manner is ensured by strong governance vis-a-vis Banks' management committees like Asset and Liability Committee (ALCO) and Credit Risk Management Committee (CRMC).

44.1 Credit risk

Credit Risk exposes the Bank to a potential financial loss due to its obligor and/or counterparty(ies) failure to meet the contractual obligations. Credit risk can arise from direct lending to Consumer/Retail, Agriculture, SME, Corporate/Commercial clientele, trade finance products and credit derivatives. The Bank assesses the credit risk of its clientele on the basis of a well documented and robust credit policy/product manuals and procedures duly approved by the Board along with strict compliance to SBP Prudential regulations, regulatory and industry specific guidelines issued from time to time. The Bank has deployed an economic and statistically balanced Obligor Risk Rating (ORR) model which captures both qualitative (corporate structuring, account behavior, relationship with Bank, market check, internal quality and buyer / supplier

concentration etc.) and quantitative (financials, economics & industry specific) factors of the clients to define credit rating which further complement the in-place credit assessment and management process(es). To further beef up the credit evaluation process Facility Risk Ratings (FRR) are also assessed to ensure that the Bank's credit exposure is maintained within the pre-defined Board approved appetite at all times. The Bank has a very strong pre & post credit monitoring and collateral management framework thereby ensuring the Banks' interest is safeguarded. The Bank monitors its credit portfolio on an ongoing basis by applying various analytical and statistical techniques / methodologies with findings presented in CRMC and the Board's Risk Management, Compliance and NPL Review Committee (RMC&NPLRC). The Bank also continuously monitors the credit ratings via rating migration matrix analysis; in terms of both number of accounts & exposure to identify any credit deterioration that can expose the Bank to current and / or potential credit risk.

The Bank's risk management involves the identification, measurement, monitoring, mitigation and controlling of risks to ensure that following primary objectives at minimum are adhered to :

- Individuals who take or manage risks clearly understand it in the entire credit value chain;
- The Bank's risk exposure is within the risk appetite limits duly defined by the regulator or established by Board of Directors;
- Risk taking decisions are in line with business strategy and objectives set by the management;
- Business decisions optimize the risk-reward trade-off;
- Risk taking decisions are explicit and clear; and
- Sufficient capital as a buffer is available to take risk.

The risk management function of the Bank is regularly conducting assessments of the Bank's credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment.

Further, assessment of following Obligor Risk Rating (ORR) factors are also in place for effective risk management:

Leverage ratio, Debt-EBITDA ratio, Net profit margin, Return on Capital Employed, Turnover ratios, Cash Conversion Cycle (CCC), external rating, industry volatility, relationship with the Bank, quality of financial reporting, account behavior, internal quality and buyer / supplier concentration etc.

Stress tests (sensitivity analysis & / or scenario analysis) helps in identifying and analyzing the risks which might be quiescent, but if triggered, can have far-fetching implications for the financial institution. The Bank has implemented a very effective stress testing program and stress testing has been made a regular feature of periodic risk assessment and reporting framework.

44.1.7 Credit risk - general disclosures

The Bank follows the standardized approach for its credit risk exposures, which sets out fixed risk weights corresponding to external credit rating or type of exposure, whichever is applicable.

Under standardized approach, the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognized by SBP for capital adequacy purposes. Bank utilizes, wherever available, the credit ratings assigned by the SBP recognized ECAIs, viz. PACRA (Pakistan Credit Rating Agency), VIS (Vital Information Systems), Fitch Moody's and Standard & Poors. Credit rating data for advances is obtained from recognized ECAIs and then mapped to SBP's rating grades.

Type of exposures & ECAIs used

Exposures	Fitch	Moody's	S&P	PACRA	VIS
Corporate				√	√
Banks	√	√	√	√	√
Sovereigns			√		
PSEs				√	√
SMEs				√	√

Mapping to SBP rating grades

For all credit exposures, the selected ratings are translated to the standard rating grades given by the SBP. The mapping tables used for converting ECAI ratings to SBP rating grades are given below:

44.1.8 Credit risk: Disclosures with respect to credit risk mitigation for standardized approach

The Bank has adopted comprehensive approach of credit risk mitigation for banking book. Under this approach cash, lien on deposits, government securities, and eligible securities etc. are consolidated as eligible collateral. Where the Bank's exposure to an obligor is secured by eligible collaterals, the Bank reduces its exposure for the calculation of the capital requirement by the realizable amount of the collateral, adjusted for any applicable haircuts.

44.1.8.1 Credit risk: Disclosures for portfolio subject to the standardized approach

No credit risk mitigation benefit is taken in the trading book. For each asset class, the risk weights as specified by the SBP or corresponding to the SBP rating grades are applied to the net amount for the calculation of risk weighted assets.

44.1.8.2 Equity position risk in the banking book

The Bank takes proprietary equity positions for both short term and long term trading purposes. As of December 31, 2023 the composition of equity investments, is as follows:

	Held for trading	Available for sale	Total
	Rupees in '000'		
Ordinary shares (listed) - net of impairment held	–	3,985,489	3,985,489
Ordinary shares (un-listed) - net of impairment held	–	143,704	143,704
Preference shares - net of impairment held	–	386,300	386,300
Total	–	4,515,493	4,515,493

The Bank classify its equity investment portfolio in accordance with the directives of the SBP as follows:

- Investments - Held for trading
- Investments - Available for Sale
- Investments in subsidiaries

44.2 Market risk

Market Risk exposes the Bank to a potential financial loss due to adverse movement in systematic risk factors like interest rates, foreign exchange, equity and debt market, credit spreads, commodity prices and overall market's volatility which can hamper the value of Banks investment position(s).

Interest rate risk is the potential negative impact on Banks profitability and/or assets market value due to uncertain movement in interest rates. Interest rate risk can be broadly categorized into the following categories:

- a. Yield curve risk (parallel, steepness and/or curvature)
- b. Repricing risk
- c. Basis risk
- d. Options risk

Equity price risk arises from an uncertain decline in value of a security and/or portfolio in the future. Adverse movement in equity market or index can have a negative impact on Banks' earnings and/or capital due to Banks investment position in the market.

Foreign exchange risk arises from adverse movement in a Bank direct/indirect exposure on a currency. From Banks perspective Forex movement also expose bank to potential credit risk.

Foreign exchange risk can arise from two factors: i. currency mismatches in an institution's assets and liabilities (both on- and off-balance sheet) that are not subject to a fixed exchange rate, and/or ii. currency cash flow mismatches. Such risk continues until the foreign exchange position is fully hedged.

The Bank's market risk management structure consists of Risk Management, Compliance and NPL Review Committee (RMC&NPLRC), Assets and Liabilities Committee (ALCO) and independent Enterprise Risk Management (ERM) division. Market risk is an independent risk management function that works in close partnership with the business segments to identify and monitor market risks throughout the Bank and to define market risk policies and procedures. ERM division seeks to facilitate efficient risk / return decisions, reduce volatility in operating performance and provide transparency in reporting the Bank's market risk profile to the senior management, the Board of Directors and the SBP.

The Bank is using following techniques for mitigation of market risk:

- Hedging the open positions i.e. taking offsetting positions;
- Portfolio diversification; and
- Limits setting, monitoring and reporting.

The Bank is using following techniques for measurement of market risk and all the reports along with suggestive strategies which are escalated to senior management for their review and corrective actions:

- Daily mark to market revaluation of equity, foreign exchange and bonds portfolio;
- Estimated value at risk on equity and foreign exchange exposures;
- Interest rate gap analysis;
- Duration analysis;
- Stress testing of market risk exposures; and
- Scenarios based analysis.

44.2.2 Foreign exchange risk

The Bank's foreign exchange exposure comprises of forward contracts, purchases of foreign bills, foreign currency cash in hand, balances with banks abroad, foreign currency placements with foreign commercial banks and foreign currency deposits. The Bank manages its foreign exchange exposure by matching foreign currency assets and liabilities. Foreign exchange exposure and nostro balances are managed within the statutory limits, as fixed by SBP. Counter parties limits are also fixed to limit risk concentration. Market risk charge calculates on Foreign Exchange Exposure Limit (FEEL) and forward contracts (interest rate) and credit risk charge manage by Bank on all forward contracts.

44.2.4 Yield / Interest Rate Risk in the Banking Book (IRRBB)-Basel II specific

Interest rate risk is the potential that the value of the on-balance sheet and the off-balance sheet positions of the bank would be negatively affected with the change in the market interest rates. The vulnerability of the Bank towards the adverse movements of the interest rate can be gauged by using duration GAP analysis.

Interest rate risk in the banking book is the risk to interest income arising from a mismatch between the duration of assets and liabilities that arises in the normal course of business activities. The banking book activities that give rise to interest rate risk include lending activities, balance sheet funding and capital management. Interest rate risk in banking book can be measured by both, changes in net interest income and changes in market value of interest bearing AFS investments. This also refers to the non-trading market risk. To adjust the effective rate sensitivity, the Bank is using following strategies after proper analysis of the Bank's gaps and prevailing interest rate:

- Reduced asset sensitivity
- Increased asset sensitivity
- Reduced liability sensitivity
- Increased liability sensitivity

The Bank's interest rate risk management policy includes following techniques to mitigate potential risks:

- a) Monitoring and management of interest rate volatility in terms of percentage change in net income through interest sensitive gaps.
- b) Key consideration in investing in interest rate driven financial instruments.
- c) Managing volatility in the trading on category / instrument wise basis.

44.3 Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes & controls, people and system or from external events. Potential losses arising out of Operational Risk may not be brought down to zero, however, the Bank strive to minimize the operational risk impact through efficient controls & framework, monitoring and responding to any potential risk in a timely manner. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff training and appraisal procedures, including the use of internal audit function. The Bank has established a comprehensive Business Continuity Plan (BCP) to deal with the risk of any financial loss and damage to reputation arising from operational risk factors.

The Bank uses Risk Control Self Assessment and monitoring of Key Risk Indicators to mitigate operational losses. The Bank's operational risk management framework, as laid down in the operational risk policy, duly approved by Board of Directors, is flexible enough to implement in stages and permits the overall risk management approach to evolve in the light of organizational learning and the future needs of the Bank. Operational loss events are reviewed and appropriate corrective actions taken on an ongoing basis, including measures to improve control procedures with respect to design and operative effectiveness.

In accordance with the operational risk policy and framework, a database covering losses, control breaches and near misses is being maintained. Major risk events are analyzed from the control breach perspective and mitigating controls are assessed on design and operating effectiveness. quarterly updates on operational risk events are presented to senior management and the Risk Management, Compliance and NPL Review Committee (RMC&NPLRC).

44.3.1 Operational risk disclosures Basel-II specific

Currently, the Bank is reporting operational risk capital charge under Basic Indicator Approach (BIA). However, the Bank took a number of initiatives with respect to operational risk management. The Bank will initiate further steps for improvement in operational risk management to adopt next approach of capital charge i.e. Alternative Standardized Approach (ASA).

44.4 Liquidity risk

Liquidity risk is the potential loss to a Bank arising from either its inability to meet obligation(s) or to fund increase in assets as they fall due without incurring unacceptable cost or losses. The Bank's ALCO is primarily responsible to ensure adequate maintenance and monitoring of liquidity and minimization of liquidity risk by filling in the Asset-Liability gap. The Bank manages its liquidity risk by continuous monitoring of the maturity profiles of its assets and liabilities, strengthening of its credit recovery procedures by focusing on retail and medium-sized customers and managing open positions through effective treasury operations. Allocation of funds towards various business prepositions and pricing of assets and liabilities of the Bank are given significant importance. Bank liquidity risk framework enables management in identification of key drivers of liquidity risk (on/off balance) and developing mitigants there against.

The Bank is using following strategies for mitigation of liquidity risk:

- Invest key liquid deposit providers in liquid investment;
- Contingency funding plan;
- Monitoring of advances to deposits ratio;
- Diversification of portfolio;
- Maintaining desirable level of currency wise liquidity; and
- Identify situations or events that may trigger a crisis situation in terms of liquidity.

44.4.1 Maturities of assets and liabilities - based on contractual maturity of the assets and liabilities of the Bank

45 NON-ADJUSTING EVENT AFTER THE BALANCE SHEET DATE

The Board of Directors of the Bank in its meeting held on 20th February 2024 has proposed a cash dividend of 10 percent (2022: bonus issue @ 10%). These appropriations will be approved in the forthcoming Annual General Meeting. These unconsolidated financial statements for the year ended December 31, 2023 do not include the effect of these appropriations which will be accounted for in the unconsolidated financial statements for the year ending December 31, 2024.

46 DATE OF AUTHORIZATION FOR ISSUE

These unconsolidated financial statements were authorized for issue on 20th February 2024 by the Board of Directors of the Bank.

47 GENERAL

47.1 Figures have been rounded off to the nearest thousand rupees.

47.2 Corresponding figures have been re-arranged and re-classified wherever necessary, for the purpose of comparison. However, no significant reclassification has been made.

4	DUE TO FINANCIAL INSTITUTIONS		
Islamic export refinance scheme (IERF)	4.1	720,000	-
Islamic long term financing facility (ILTFF)	4.2	106,636	50,000
Finance Facility for Islamic Temporary Economic Refinance Facility (ITERF)	4.3	1,396,701	1,476,711
		2,223,337	1,526,711

4.1 These represent borrowings made under the scheme for providing financing to exporters for adoption of new technologies and modernization of plant and machinery. These borrowings carry profit payable quarterly at 18.0% per annum (2022: nil per annum) with maturities upto May 20, 2024.

4.2 This amount has been obtained for providing islamic long term finance to customers. The Bank has granted the SBP right to recover outstanding amount from the Bank at date of maturity of finance by directly debiting current account maintained by the Bank with the SBP. Mark-up on these borrowings is payable quarterly at rates ranging from 4.00% to 16.00% per annum (2022: 4.00% per annum) with maturities upto January 14, 2024.

4.3 These represent borrowings under scheme of temporary relief refinance facility (TERF). Mark-up on these borrowings is payable quarterly at rate of 1.00% per annum (2022: 1.00% per annum) with maturities upto February 26, 2024.

7.2.1	Commitments in respect of forward lending		
	Undrawn formal standby facilities, credit lines and other commitments to lend	10,886,255	11,413,212

7.2.1.1 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the Bank without the risk of incurring significant penalty or expense. In addition, the Bank makes revocable commitments that do not attract any significant penalty or expense if the facility is unilaterally withdrawn.

7.2.3 Claims against the Bank not acknowledged as debts

An amount of Nil (2022: Nil) involved in the claims filed against the Bank are yet to be adjudicated by the concerned Courts as the same have been filed as outburst to Bank's recovery suits. Uptill now, in no case, any claim has been adjudicated, determined or decreed by the Courts against the Bank. Moreover, there is no likelihood of decreeing the suits against the Bank because, the claims are frivolous.

12.2 General pool

The general pool comprises of depositors' funds, Bank's equity inclusive of current deposits and mudaraba placements from BOP head office. The Bank acts as fund manager (Mudarib) and invests the funds in shariah compliant modes of financings, investments and placements (remunerative assets). The profit of the pool is calculated on all the remunerative assets booked by the Bank and is shared amongst the members of the pool on pre-defined mechanism based on weightages announced before the commencement of period concerned.

The distributable profit of the pool is finalized after deduction of direct expenses only while indirect expenses including administrative and general expenses are borne by BOP-Islamic Banking Division (IBD) as Mudarib.

a) Weightages for distribution of profit in general pool

Profit is calculated on the basis of daily product balance in Mudaraba based depositors' accounts and paid as per pre defined weightages.

While considering weightages emphasis is given to the quantum, type and the period of risk assessed by following factors:

- Contracted period, nature and type of deposit / fund
- Payment cycle of profit on such deposit / fund, i.e. monthly, quarterly or on maturity
- Magnitude of risk

b) Identification and allocation of pool related income & expenses

The distributable profit of the pool is finalized by including direct income earned by income generating / remunerative assets and after deducting direct expenses of the period concerned, while indirect expenses including administrative and general expenses are borne by BOP-IBD as Mudarib.

c) Parameters associated with risk and rewards

Following are the consideration attached with risk & reward of general pool:

- Period, return, safety, security and liquidity of investment.
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected withdrawals of deposits according to the maturities affecting the deposit base.
- Maturities of funds obtained from principal office, Islamic Banking Institutions and Shariah compliant organizations as regulated in Pakistan.
- Element of risk attached to various types of investments.
- SBP rules & shariah clearance.

12.3 Special pools

The special pools comprise of depositors' funds, Bank's equity inclusive of current deposits and mudaraba placements from BOP head office. The Bank acts as Fund Manager (Mudarib) and invests the funds in shariah compliant modes of financings, investments and placements (remunerative assets). The profit of the pools is calculated on all the remunerative assets booked by the Bank and is shared amongst the members of the pool on pre-defined mechanism based on weightages announced before the commencement of concerned period.

The distributable profit of the pool is finalized after deduction of direct expenses only while indirect expenses including administrative and general expenses are borne by BOP-TAQWA as Mudarib.

a) Weightages for distribution of profit in special pools

Profit is calculated on daily product basis and paid as per pre defined weightages.

While considering weightages emphasis is given to the quantum, type and the period of risk assessed by following factors:

- Contracted period, nature and type of deposit / fund.
- Payment cycle of profit on such deposit / fund, i.e. monthly, quarterly or on maturity
- Magnitude of risk

b) Identification and allocation of pool related income & expenses

The distributable profit of the pool is finalized by including direct income earned by income generating / remunerative assets and after deducting direct expenses of the period concerned, while indirect expenses including administrative and general expenses are borne by BOP-IBD as Mudarib.

c) Parameters associated with risk and rewards

Following are the consideration attached with

- Period, return, safety, security and liquidity of investment
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected withdrawals of deposits according to the maturities affecting the deposit base.
- Maturities of funds obtained from principal office, islamic banking institutions and shariah compliant organizations as regulated in Pakistan.
- Element of risk attached to various types of investments.
- SBP rules & shariah clearance.

12.4 Avenues / sectors of economy / business where mudaraba based deposits have been deployed:

	2023	2022
	Rupees in '000'	
Federal and provincial governments	26,620,408	14,201,310

	2023	2022
	'Rupees in '000'	
Profit rate earned	18.21%	11.79%
Profit rates distributed to depositors	11.37%	6.53%

CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

INDEPENDENT AUDITOR'S REPORT

To the members of The Bank of Punjab

Opinion

We have audited the annexed consolidated financial statements of The Bank of Punjab and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at December 31, 2023, and the consolidated profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2023 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key Audit Matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<p>Provision against advances (Refer notes 4.2, 5.4 and 10.4 to the consolidated financial statements).</p> <p>The Group makes provision against advances on a time-based criteria that involves ensuring that all non-performing advances are classified in accordance with the ageing criteria specified in the Prudential Regulations (PRs) issued by the State Bank of Pakistan (SBP).</p> <p>In addition to the above time-based criteria, the PRs require a subjective evaluation of the credit worthiness of borrowers to determine the classification of advances.</p> <p>The PRs also require the creation of general provision for certain categories of advances.</p> <p>As at December 31, 2023, the Group holds a total provision of Rs. 43,364.135 million against advances in the consolidated financial statements of the Group.</p> <p>The determination of provision against advances based on the above criteria remains a significant area of judgement and estimation. Because of the significance of the impact of these judgements / estimations and the materiality of advances relative to the overall consolidated statement of financial position of the Group, we considered the area of provision against advances as a key audit matter.</p>	<p>Our audit procedures to verify provision against advances included, amongst others, the following:</p> <p>We obtained an understanding of the design and tested the operating effectiveness of relevant controls established by the Group to identify loss events and for determining the extent of provisioning required against non-performing advances.</p> <p>The testing of controls included testing of:</p> <ul style="list-style-type: none"> controls over correct classification of non-performing advances on time-based criteria; controls over monitoring of advances with higher risk of default and correct classification of non-performing advances on subjective criteria; controls over accurate computation and recording of provisions; and controls over the governance and approval process related to provisions, including continuous reassessment by the management. <p>We selected a sample of loan accounts and performed the following substantive procedures:</p> <ul style="list-style-type: none"> checked repayments of loan / mark-up installments and tested classification of non-performing advances based on the number of days overdue; and evaluated the management's assessment for classification of a borrower's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation and discussions with the management. <p>We checked the accuracy of specific provision made against non-performing advances and of general provision made against performing advances in accordance with the requirements of PRs by recomputing the provision amount in accordance with the criteria prescribed under the PRs.</p>

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

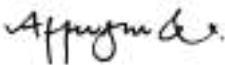

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is **Hammad Ali Ahmad**.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2023

1 STATUS AND NATURE OF BUSINESS

1.1 The Bank of Punjab Group ("the Group") comprises of The Bank of Punjab ("the Bank"), ("the Parent"), Punjab Modaraba Services (Private) Limited (the Management Company), First Punjab Modaraba ("the Modaraba"), Punjab Capital Securities (Private) Limited (100% owned by The Bank of Punjab). For the purpose of these consolidated financial statements, The Bank of Punjab and consolidated subsidiaries are referred to as the Group.

The Group consists of :

Parent

The Bank of Punjab

	% age of holding 2023	% age of holding 2022
Rupees in '000'		
Subsidiaries		
Punjab Modaraba Services (Private) Limited	100.00%	100.00%
First Punjab Modaraba	39.16%	39.16%
Punjab Capital Securities (Private) Limited	100.00%	39.16%

The subsidiary company of the Group, Punjab Modaraba Services (Private) Limited exercises control over First Punjab Modaraba, as its management company and also has a direct economic interest in it. During the year, the Bank made direct investment of Rs. 85,487 thousand through acquisition of 100% shares of Punjab Capital Securities (Private) Limited (a group company) from First Punjab Modaraba, being managed by a subsidiary company of the Bank, in accordance with applicable laws and regulations. Further, in order to support capital base of Punjab Capital Securities (Private) Limited, the Bank made additional investment of Rs. 25,000 thousand. The Group is principally engaged in commercial banking, modaraba management, leasing, brokerage, etc. Brief profile of the Bank and subsidiaries is as follows :

The Bank was constituted pursuant to The Bank of Punjab Act, 1989. It was given the status of a scheduled bank by the State Bank of Pakistan (SBP) on September 19, 1994. It is principally engaged in commercial banking and related services with its registered office at BOP Tower, 10-B, Block E-II, Main Boulevard, Gulberg III, Lahore. The Bank has 815 branches including 16 sub branches and 160 Islamic banking branches (2022: 780 branches including 16 sub branches and 140 Islamic banking branches) in Pakistan and Azad Jammu and Kashmir at the year end. The Bank also has 73 Islamic banking windows (December 31, 2022 : 40 Islamic banking windows). The Bank is listed on Pakistan Stock Exchange. The majority shares of the Bank are held by Government of the Punjab (GoPb). The Pakistan Credit Rating Agency (PACRA) assigned long term rating of AA+ with stable outlook and short term rating of A1+ to the Bank.

Punjab Modaraba Services (Private) Limited

Punjab Modaraba Services (Private) Limited ("PMSL") was incorporated in Pakistan on October 19, 1991 under the Companies Ordinance, 1984 as a private limited company. It is wholly owned by the Bank and is primarily engaged in the business of floating and managing Modarabas.

PMSL has accumulated losses as at December 31, 2022. Further, the Company's current liabilities exceeded its current assets. These losses are mainly due to drying up of revenue streams. The management fee and dividend from First Punjab Modaraba (the Managed Modaraba) are the main sources of revenue of the Company. The financial statements of PMSL, however, have been prepared under the going concern assumption due to the reason that with continued support of the Bank, the Modaraba management company is expected to show better performance going forward yielding returns for the Bank.

First Punjab Modaraba

First Punjab Modaraba ("FPM") , ("the Modaraba"), was formed under the Modaraba Companies and Modaraba (Flotation and Control) Ordinance, 1980 and rules framed there under and is managed by PMSL (wholly owned subsidiary of the Bank).The registered office of the Modaraba is situated at Office No 100, 3rd floor, National Tower 28-Edgerton Road, Lahore. The Modaraba commenced its operations on December 23, 1992. The Modaraba is listed on the Pakistan Stock Exchange.

During the year ended December 31, 2022, the Modaraba has incurred operating loss which has contributed to the continued erosion of equity reserves of the Modaraba. The accumulated losses - net of capital reserves, as at December 31, 2022 exceeds fifty percent of the total amount subscribed by the holders of the Modaraba Certificates, which is a non-compliance of Section 23 of Modaraba Companies and Modaraba (Flotation and Control) Ordinance, 1980 (the Modaraba Ordinance). The current liabilities of the Modaraba has exceeded its current assets as at December 31, 2022.

In order to address going concern issue in terms of section 23 of the Modaraba Ordinance, the Bank being the parent company of the Modaraba Management Company is providing enduring support and shall continue to provide financial support to the Modaraba in order to mitigate liquidity risks. In assessing the status of the Modaraba, management has carefully assessed a number of factors covering the performance of the business, future business prospects and appetite of majority shareholder to continue financial support.

Punjab Capital Securities (Private) Limited

Punjab Capital Securities (Private) Limited ("PCSL") is registered under the Companies Ordinance, 1984 as company limited by shares from November 29, 2016. PCSL is mainly engaged in business of brokerage services, portfolio management and consultancy services. The registered office of the company is situated at Room No 319, 3rd Floor, LSE Building, Lahore. The Company is wholly-owned subsidiary of the Bank.

1.2 Basis of Consolidation

Subsidiaries are all entities over which the Bank has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Parent controls another entity. The Bank also assesses existence of control where it does not have more than 50% of the voting power but is able to govern the financial and operating policies by virtue of de-facto control. De-facto control may arise in circumstances where the size of the Bank's voting rights relative to the size and dispersion of holdings of other shareholders give the Bank the power to govern the financial and operating policies etc.

The Group financial statements include the financial statements of the Bank and its subsidiaries.

Subsidiaries are fully consolidated from the date on which control is transferred to the Bank. They are deconsolidated from the date that control ceases to exist. The financial statements of subsidiaries have been consolidated on line by line basis. All significant inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from inter-company transactions that are recognized in assets are also eliminated.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling

interest in the acquiree on an acquisition by acquisition basis, at the non-controlling interest's proportionate share of the recognized amounts of acquiree's identifiable net assets. The financial statements of the Bank and its subsidiaries are prepared upto the same reporting date using consistent accounting policies.

Acquisition-related costs are expensed as incurred. If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through consolidated profit and loss account.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognized either in consolidated profit and loss account or as a change to consolidated statement of comprehensive income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

Goodwill, if any, is initially measured as the excess of the aggregate of the consideration transferred and the fair value of non-controlling interest over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than the fair value of the net assets of the subsidiary acquired, the difference is recognized in consolidated profit and loss account. After initial recognition, is measured at carrying value i.e. cost at the date of acquisition less any accumulated impairment.

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions - that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

When the Group ceases to have control any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognized in consolidated profit and loss account. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in consolidated statement of comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in consolidated statement of comprehensive income are reclassified to consolidated profit and loss account.

2 BASIS OF PRESENTATION

These financial statements are the consolidated financial statements of the Group in which investments in subsidiaries is accounted for on the basis of acquisitions method. Standalone financial statements of the Bank and its subsidiaries are prepared separately.

In accordance with the directives of the Government of Pakistan regarding the conversion of the Banking system to Islamic modes, the SBP has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by the Groups from their customers and immediate resale to them at appropriate marked-up price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these consolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.

The financial results of Islamic Banking business have been consolidated in these consolidated financial statements for reporting purposes, after eliminating inter-branch transactions / balances. Key financial figures of the Islamic Banking business are disclosed in Annexure-II to these consolidated financial statements.

2.1 Statement Of Compliance

2.1.1 These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Directives issued by the SBP and the Securities Exchange Commission of Pakistan (SECP);
- Requirements of The Bank of Punjab Act, 1989; and
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017.

Wherever the requirements of the directives issued by the SBP and SECP, The Bank of Punjab Act, 1989, the Banking Companies Ordinance, 1962 and the Companies Act, 2017 differ with the requirements of the IFRS or IFAS, the requirements of the said directives, The Bank of Punjab Act, 1989, the Banking Companies Ordinance, 1962 and the Companies Act, 2017 take precedence.

2.1.2 SBP as per BSD Circular No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard (IAS) 39, "Financial Instruments: Recognition and Measurement" and International Accounting Standard (IAS) 40, "Investment Property" for banking companies till further instructions. Further, according to the notification of SECP dated April 28, 2008, the IFRS – 7 "Financial Instruments: Disclosures" has not been made applicable for banks. Accordingly, the requirements of these Standards have not been considered in the preparation of these consolidated financial statements.

2.1.3 The State Bank of Pakistan through BPRD Circular No. 04 of 2015 dated February 25, 2015 has deferred the applicability of Islamic Financial Accounting Standards - 3 for (IFAS) 3 "Profit & Loss Sharing on Deposits" issued by the Institute of Chartered Accountants of Pakistan and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). The standard will result in certain new disclosures in these consolidated financial statements of the Group.

2.1.4 The SECP vide its notification SRO 633 (I)/2014 dated 10 July 2014, adopted (IFRS) 10 "Consolidated Financial Statements" effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.

2.1.5 New accounting standards / amendments and IFRS interpretations that are effective for the year ended December 31, 2023

During the year, certain amendments to standards, interpretations and improvement to accounting standards became effective; however, the standards, amendments, interpretations and improvements did not have any material effect on these consolidated financial statements of the Group.

2.1.6 New accounting standards and IFRS interpretations that are not yet effective:

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. The Bank considers that the following standards and interpretations are either not relevant or will not have any material impact on its consolidated financial statements in the period of initial application other than (IFRS) 9 "Financial Instruments".

Standard or Interpretations		'Effective date (accounting periods beginning on or after)
IAS	Amendments to IAS 1 - Non current liabilities with covenants	January 01, 2024
IFRS 16	Amendment to IFRS 16 – Leases on sale and leaseback	January 01, 2024
IAS 21	Amendments to IAS 21 - Lack of Exchangeability	January 01, 2025

IFRS 9 Financial Instruments

As directed by SBP via BPRD Circular letter no. 7 of 2023 dated April 13, 2023, IFRS 9 is effective for periods beginning on or after January 01, 2024 for banks having asset base of more than Rs. 500 billion as at December 31, 2022. Further, SBP vide Circular no. 03 of 2022 dated July 05, 2022 has also finalized the instructions on IFRS 9 (Application Instructions) for ensuring smooth and consistent implementation of the standard in the banks.

During the year 2023, the management of the Group has performed an impact assessment of IFRS 9 taking into account the SBP's IFRS 9 application instructions. The assessment is based on available information and may be subject to changes arising from further reasonable and supportable information being made available to the Group at the time of finalizing the impact for initial application of IFRS 9. In addition, the Group will implement changes in classification of certain financial instruments.

An overview of the IFRS 9 requirements that are expected to have significant impact are discussed below along with the additional requirements introduced by the SBP.

Governance, ownership and responsibilities

The Bank has developed models / methodologies for Probability of Default (PD), Loss Given Default (LGD) and Credit Conversion Factor (CCF). These models shall be validated on an annual basis considering the following aspects:

- Quantitative Validation: Expected credit loss (ECL) model design validation, data quality validation and benchmarking with external best practices.
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

Further, the Group will perform back testing of ECL at least on yearly basis and will be responsible for the independent validation of the risk parameters / risk models; including PD, LGD and CCF etc., that are used to compute the ECL which would be carried out as per the policy.

Classification and measurement

The classification and measurement of financial assets will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Financial assets that do not meet the Sole Payment of Principal and Interest (SPPI) criteria are measured at FVTPL regardless of the business model in which they are held. The Bank's business model in which financial assets are held will determine whether the financial assets are measured at amortised cost, Fair Value Through Other Comprehensive Income ('FVTOCI') or Fair Value Through Profit or Loss ('FVTPL').

The business model reflects how groups of financial assets are managed to achieve a particular business objective. Financial assets can only be held at amortised cost if the instruments are held in order to collect the contractual cash flows ('hold to collect'), and where those contractual cash flows are solely payments of principal and interest (SPPI). Assets may be sold out of 'hold to collect' portfolios where there is an increase in credit risk. Disposals for other reasons are permitted but such sales should be insignificant in value or infrequent in nature.

Debt instruments where the business model objectives are achieved by collecting the contractual cash flows and by selling the assets ('hold to collect and sell') and that have SPPI cash flows are held at FVOCI, with unrealised gains or losses deferred in reserves until the asset is derecognised. Further financial assets may be designated at FVTPL only if doing so eliminates or reduces an accounting mismatch.

The classification of equity instruments is generally measured as FVTPL unless the Group elects for FVTOCI at initial recognition. However dividends received are recognised in the profit and loss account. The Bank has analyzed the impact of initial application of IFRS 9 on its financial assets as follows:

Equity securities

The Bank expects to continue measuring at fair value all financial assets currently held at fair value.

Equity shares currently held as Available For Sale (AFS) with gains and losses recorded in OCI, the Group will apply the option to present fair value changes in OCI, and, therefore, the application of IFRS 9 will not have a significant impact on adoption. However, in accordance with IFRS 9 requirements, fair value gain or losses recognized in OCI will not be recycled to profit and loss account on derecognition of these securities.

Unquoted equity securities are required to be measured at fair value under IFRS 9, however, SBP has allowed relaxation to banks till one year to carry these investments under the current PR regime.

Debt securities and Loans and advances

Debt securities currently classified as AFS and those passes SPPI test, are expected to be measured at fair value through OCI under IFRS 9 as the Group's business model is to hold the assets to collect contractual cash flows, and also to sell those investments. Debt securities currently classified as HTM and those passes SPPI test are expected to be measured at amortised costs under IFRS 9 as the Group's business model is to hold the assets to collect contractual cash flows.

Impairment

The impairment requirements apply to financial assets measured at amortised cost and FVTOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for Expected Credit Losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in credit risk, an allowance (or provision) is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL'). Financial assets where 12-month ECL is recognized are in 'stage 1'; financial assets that are considered to have experienced a significant increase in credit risk are in 'stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are in 'stage 3'.

The assessment of credit risk and the estimation of ECL are required to be unbiased and probability-weighted, and should incorporate all available information which is relevant to the assessment including information about past events, current conditions and reasonable and supportable forecasts of economic conditions at the reporting date. In addition, the estimation of ECL should take into account the time value of money.

Based on the requirement of IFRS 9 and SBP's IFRS 9 application instructions, the Group has performed an ECL assessment taking into account the key elements such as assessment of Significant Increase in Credit Risk (SICR), Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). These elements are described below:

- PD: The probability that a counterparty will default, calibrated over the 12 months from the reporting date (stage 1) or over the lifetime of the product (stage 2) and incorporating forward looking information.
- LGD: It is an estimate of magnitude of loss sustained on any facility upon default by a customer. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor. It is the difference between contractual cash flows due and those that the Group expects to receive, including any form of collateral.
- EAD: the expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortization, pre-payments and forward-looking information where relevant.

For the purpose of calculation of ECL, the Group has used 5 years data till December 31, 2023 and going forward, one more year's data shall be included until the Group has at least 10 years data. For calculating ECL, the Group shall classify its financial assets under three following categories:

- a) Stage 1: Performing Assets: Financial assets where there has not been a SICR since initial recognition, the Group shall recognize an allowance based on the 12-month ECL.
- b) Stage 2: Under-Performing Assets: Financial assets where there has been a SICR since initial recognition, but they are not credit impaired, the Group shall recognize an allowance for the lifetime ECL for all exposures categorized in this stage based on the actual maturity profile.
- c) Stage 3: Non-Performing Assets: Financial assets which have objective evidence of impairment at the reporting date. The Group shall recognize ECL on these financial assets using the higher off approach, which means that lifetime ECL computed under IFRS 9 is compared with regulatory provision required as per prudential regulations issued by SBP and higher of the two is maintained.

As required by the Application Instructions, financial assets may be reclassified out of stage 3 if they meet the requirements of Prudential Regulations (PR) issued by SBP. Financial assets in stage 2 may be reclassified to stage 1 if the conditions that led to a SICR no longer apply.

Significant increase in credit risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank uses a number of qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or interest payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations.

Based on the level of increase in credit risk, the Group shall calculate 12 months ECL for assets which did not have a SICR i.e., Stage 1 or a lifetime expected loss for the life of the asset (for assets which demonstrated a SICR) i.e., Stage 2.

At every reporting date, the Group shall assess whether there has been a SICR since the initial recognition of the asset. If there is a SICR, the asset must be assigned to the appropriate stage of credit impairment (Stage 2 or 3).

Under the SBP's instructions, credit exposure (in local currency) guaranteed by the Government and Government Securities are exempted from the application of ECL Framework. Moreover, until implementation of IFRS 9 has stabilized, Stage 1 and stage 2 provisions would be made as per IFRS 9 ECL and stage 3 provision would be made considering higher of IFRS 9 ECL or provision computed under existing PRs' requirements.

Presentation and disclosure

IFRS 9 also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of Bank's disclosure about its financial instruments particularly in the year of adoption of the IFRS 9.

The SBP vide Circular No. 02 of 2023 dated February 09, 2023 issued a revised format for financial statements of the banks for the accounting periods starting from January 01, 2023, which shall include the presentation and disclosures of adoption of IFRS 9 as applicable in Pakistan. The SBP vide BPRD Circular letter no. 07 of 2023 dated April 13, 2023 also extended the timeline for preparation of annual / interim financial statements on revised format to the 1st quarter of 2024.

Impact of adoption of IFRS 9

The Bank will adopt IFRS 9 in its entirety effective January 01, 2024 with modified retrospective approach for restatement. The actual impact of adopting IFRS 9 on the Group's financial statements in the year 2023 may not be accurately estimated because it will be dependent on the financial instruments that the Group would hold during next year and economic conditions at that time as well as accounting elections and judgements that it will make in future. Nevertheless, the Group has performed a preliminary assessment of the potential impact of adoption of IFRS 9 based on its statement of financial position as at December 31, 2023.

Impairment

The total estimated adjustment (net of tax) of the adoption of IFRS 9 on the opening balance of the Group's equity at January 01, 2024 is reduction in equity net of tax of approximately Rs. 7,548,846 thousand, representing corresponding impact of an increase of approximately Rs. 15,883,696 thousand related to impairment requirements.

The Bank continues to refine its expected credit loss model and embed its operational processes which may change the actual impact on adoption. The new systems and associated controls in place have not been operational for a more extended period.

Impact on regulatory capital

The introduction of IFRS 9 will result in reduction in regulatory capital of the banks, which is likely to reduce their lending capacity and ability to support their clients. In order to mitigate the impact of expected credit loss (ECL) models on capital, SBP has determined that it may be appropriate for the Financial Institutions to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP have detailed the transitional arrangement.

The transitional arrangement must apply only to provisions for stage 1 and 2 financial assets. The transitional arrangement must adjust CET1 capital. Where there is a reduction in CET1 capital due to new provisions, net of tax effect, upon adoption of an ECL accounting model, the decline in CET1 capital (the "transitional adjustment amount") must be partially included (i.e. added back) to CET1 capital over the "transition period" of five years.

The impact of adoption of IFRS 9 on the capital ratios of the Group are as follows:

	As per adopted IFRS 9	As per current ARS
Common Equity Tier 1 Capital Adequacy ratio	12.25%	13.24%
Tier 1 Capital Adequacy Ratio	14.40%	15.37%
Total Capital Adequacy Ratio	17.49%	18.31%
CET1 available to meet buffers (as a percentage of risk weighted assets)	6.25%	7.24%

3 BASIS OF MEASUREMENT

- 3.1** These consolidated financial statements have been prepared under the historical cost convention, except for revaluation of freehold land and buildings on freehold land, revaluation of non banking assets acquired in satisfaction of claims, valuation of certain investments and commitments in respect of forward exchange contracts at fair value, right-of-use assets, lease liabilities and certain staff retirement benefits at present value.
- 3.2** These consolidated financial statements are presented in Pak Rupees, which is the Group's functional and presentation currency.

4 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of consolidated financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experiences, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Group's consolidated financial statements or where judgment was exercised in the application of accounting policies are as follows:

4.1 Classification of investments

In classifying investments as "held for trading", the Group has determined securities which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days.

In classifying investments as "held to maturity", the Group follows the guidance provided in SBP circulars on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Group evaluates its intention and ability to hold such investments to maturity.

The investments which are not classified as held for trading or held to maturity are classified as available for sale.

4.2 Provision against non-performing advances and debt securities classified as investments

Apart from the provision determined on the basis of time-based criteria given in Prudential Regulations issued by the SBP, the management also applies the subjective criteria of classification and, accordingly, the classification of advances and debt securities is downgraded on the basis of credit worthiness of the borrower, its cash flows, operations in account and adequacy of security in order to ensure accurate measurement of the provision.

4.3 Impairment of available for sale investments

The Bank considers that available for sale equity investments are impaired when there has been a significant and prolonged decline in the fair value below its cost. Other factors will also need to be considered before deciding the permanent impairment of investment. This determination of what is significant and prolonged requires judgment. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance. As of the statement of financial position date, the management has determined an impairment loss on available for sale securities and held to maturity securities as disclosed in note 9.3 to these consolidated financial statements.

4.4 Depreciation, amortization and revaluation of fixed assets and intangibles

Estimates of useful life of property and equipment are based on management's best estimate. In making estimates of the depreciation / amortization method, the management uses method which reflects the pattern in which economic benefits are expected to be consumed by the Group. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern. Further, the Group estimates the revalued amount of freehold land and buildings on freehold land on a regular basis. The estimates are based on valuations carried out by an independent valuation expert under the market conditions.

4.5 Income taxes

In making estimates for income taxes currently payable by the Group, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Group's view differs with the view taken by the income tax authorities and such amounts are shown as a contingent liability.

4.6 Staff retirement benefits

The amount of provision for gratuity and compensated absences is determined using actuarial valuation. The valuation involves making use of assumptions about discount rates, mortality, expected rate of salary increases, retirement rates, and average leave utilization per year. Due to the degree of subjectivity involved and long-term nature of these plans, such estimates are subject to significant uncertainty.

4.7 Non banking assets acquired in satisfaction of claims

The Bank estimates the revalued amounts of non banking assets acquired in satisfaction of claims on a regular basis. The estimates are based on expected legal enforceability, ease of realization and valuations carried out by an independent valuation expert under the market conditions.

4.8 Lease liability on right-of-use assets

In making estimates, the Group uses following practical expedients and significant judgments, as permitted by the standard:

- Use of a single discount rate for leases with similar characteristics; and
- Lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

5 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of previous financial year.

5.1 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks, balances with other banks and call money lendings less over drawn nostro accounts and other overdrawn bank accounts.

5.2 Lendings / borrowings from financial institutions

The Group enters into transactions of sale under repurchase obligations (repo) and purchase under resale obligations (reverse repo) at contracted rates for a specified period of time. These are recorded as under:

5.2.1 Sale under repurchase obligations

Securities sold subject to a repurchase agreement (repo) are retained in the consolidated financial statements as investments and the counter party liability is included in borrowings from financial institutions. The differential in sale and repurchase price is accrued using effective yield method and recorded as interest expense over the term of the related repo agreement.

5.2.2 Purchase under resale obligations

Securities purchased under agreement to resell (reverse repo) are not recognized in the consolidated financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. The differential between the contracted price and resale price is accrued using effective yield method and recorded as interest income.

5.3 Investments

Investments other than those categorized as held for trading are initially recognized at fair value which includes transaction costs associated with the investments. Investments classified as held for trading are initially recognized at fair value and transaction costs are expensed in the profit and loss account.

All regular way purchase / sale of investment are recognized on the trade date, i.e., the date the Group commits to purchase / sell the investments. Regular way purchase or sale of investment requires delivery of securities within the time frame generally established by regulation or convention in the market place.

Held for trading

These are securities which are acquired with the intention to trade by taking advantage of short-term market/ interest rate movements. These are carried at market value, with the related surplus / (deficit) on revaluation being taken to profit and loss account. These are measured at subsequent reporting dates at fair value.

Held to maturity

These are securities with fixed or determinable payments and fixed maturity that are held with the intention and ability to hold to maturity. These are carried at amortised cost. These are subsequently measured at amortised cost, less any impairment loss recognized to reflect irrecoverable amount.

Available for sale

These are investments which do not fall under the held for trading or held to maturity categories. These are carried at market value with the surplus / (deficit) on revaluation taken to 'Surplus / (deficit) on revaluation of assets' shown in equity, except available for sale investments in unquoted shares, debentures, bonds, participation term certificates, term finance certificates, federal, provincial and foreign government securities (except for Treasury Bills and Pakistan Investment Bonds) which are stated at cost less provision for diminution in value of investments, if any.

Provision for diminution in the value of investments is made after considering impairment, if any, in their value and charged to profit and loss account. Provision for diminution in value of investments in respect of unquoted shares is calculated with reference to break-up value. Provision for diminution in value of investments for unquoted debt securities is calculated with reference to the time-based criteria as per the SBP's Prudential Regulations.

Premium or discount on debt securities classified as available for sale and held to maturity securities are amortised using the effective yield method.

On de-recognition or impairment in quoted available for sale securities the cumulative gain or loss previously reported as "Surplus / (Deficit) on revaluation of assets" in equity is included in the profit and loss account for the year.

Gain and loss on disposal of investments are dealt with through the profit and loss account in the year in which they arise.

5.4 Advances including net investment in finance lease

Advances and net investments in finance lease are stated net of provision for non performing loans. Provision for non performing loans is made in accordance with the Prudential Regulations prescribed by the SBP and charged to profit and loss account.

Leases where risks and rewards incidental to ownership are substantially transferred to lessee are classified as finance lease. A receivable is recognized at an amount equal to the present value of the lease payments including any guaranteed residual value.

Under Ijarah financing, the Group transfers the rights to use an asset to the customer for an agreed period for an agreed consideration. Assets given under Ijarah are stated at cost less accumulated depreciation, residual value and impairment losses, if any. The depreciation is calculated on a straight-line basis over the term of the Ijarah after taking into account the estimated residual value.

Istisna is a mode of resale at an agreed price, whereby the buyer places an order to or cause to manufacture, assemble or construct anything to be delivered at a future date. The funds disbursed under Istisna are recorded as "Advance against Istisna". After the manufacturing of goods, the same are recorded as inventories at the statement of financial position and after the sale of goods by customer to its ultimate buyers, Istisna financing is recognized.

For Running Musharakah, the Group and the customer enter a Musharakah (transaction or business partnership arrangement) where the Group agrees to finance the operating activities of the customer's business and share the profit or loss at a pre agreed ratio. Profit is provisionally recognised on an accrual basis and is adjusted once the customer declares the final profit after issuance of audited financial statements.

In Murabaha transactions, the Group purchases the goods through its agent or client and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Under Murabaha financing, funds disbursed for purchase of goods are recorded as 'Advance against Murabaha finance'. On culmination of Murabaha i.e. sale of goods to customers, Murabaha financing are recorded at the deferred sale price. Goods purchased but remained unsold at the statement of financial position date are recorded as inventories. Deferred income on Murabaha financing is adjusted against Murabaha receivable.

In Diminishing Musharaka based financing, the Group enters into Musharaka based on partnership for financing and agreed share of fixed assets with its customers and enters into period profit payment agreement for the utilization of the Group's Musharaka share by the customer.

5.5 Fixed assets and depreciation

5.5.1 Property and equipment

Property and equipment, other than freehold land which is not depreciated, are stated at cost or revalued amounts less accumulated depreciation and accumulated impairment losses (if any). Freehold land is carried at revalued amount.

Depreciation on property and equipment is charged to profit and loss account using the diminishing balance method so as to write off the historical cost / revalued amount of the asset over its estimated useful life, except motor vehicles, leasehold improvements and computer equipment on which depreciation is charged using the straight line basis. The rates at which the depreciation is charged are given in note 11.3 to these

consolidated financial statements. Impairment loss or its reversal, if any, is charged to profit and loss account. When an impairment loss is recognized, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount over its estimated useful life.

Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which the assets are disposed.

Surplus arising on revaluation of freehold land and buildings on freehold land is credited to the "Surplus on revaluation of assets" in equity and any deficit arising on revaluation is taken to profit and loss account directly. Revaluation by independent professionally qualified valuers, is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of buildings (net of deferred taxation) is transferred directly to un-appropriated profit / accumulated loss.

Gains and losses on sale of fixed assets are charged to profit and loss account currently.

Major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Normal repairs and maintenance are charged to the profit and loss account as and when incurred.

5.5.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses (if any). These are transferred to specific assets as and when assets are available for use.

5.5.3 Right-of-use assets

The right-of-use asset is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred. The right-of-use assets are subsequently depreciated over the lease term using a straight line basis as it closely reflects the expected pattern of consumption of future economic benefits. The right-of-use assets are to be reduced by impairment losses, if any, and adjusted for certain re-measurements of lease liability. Right-of-use assets are recognized using cost model.

5.6 Intangible assets

Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses (if any). The cost of intangible assets is amortised over their useful lives, using the straight line method as per the rates given in note 12.1 to these consolidated financial statements. Amortisation on additions is charged from the month the assets are available for use while no amortisation is charged in the month in which the assets are disposed.

Intangible-in-progress is stated at cost less accumulated impairment losses (if any). These are transferred to specific assets as and when assets are available for use.

5.7 Borrowings / deposits

Borrowings / deposits are recorded at the proceeds received. The cost of borrowings / deposits is recognized as an expense in the period in which this is incurred.

5.8 Subordinated debts

Subordinated loans are initially recorded at the amount of proceeds received. Mark-up accrued on subordinated loans is recognized separately as part of other liabilities and is charged to the profit and loss account over the period on an accrual basis.

5.9 Employee retirement and other benefits

Defined contribution plan – Provident fund

The Bank operates an approved provident fund scheme, covering all permanent employees. Contributions are made monthly by the Bank and the employees at the rate of 8.33% of basic salary. Contributions by the Group are charged to profit and loss account.

Defined benefit plan - Gratuity scheme

The Bank operates an approved funded gratuity scheme for all its permanent employees. Contributions are made to cover the obligations under the scheme on the basis of actuarial valuation and are charged to profit to loss account. Actuarial gains and losses are charged or credited to other comprehensive income in the year in which they occur.

Defined benefit plan - Employees' compensated absences

The Bank makes annual provision in the consolidated financial statements for its liabilities towards vested compensated absences accumulated by its employees on the basis of actuarial valuation. Actuarial gains and losses are charged to profit and loss account in the year in which they occur.

5.10 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation except land which is carried at revalued amount. The non-banking assets are depreciated over useful life on reducing balance method. Revaluation by independent professionally qualified valuers, is carried out with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. Surplus arising on revaluation of non banking assets is credited to the 'surplus on revaluation of assets' account and any deficit arising on revaluation is taken to profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to profit and loss account and not capitalized.

5.11 Foreign currencies

Transactions in foreign currency are translated to Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities and commitments for letters of credit and acceptances in foreign currencies are translated at the exchange rates prevailing at the statement of financial position date except assets and liabilities for which there are forward contracts which are translated at the contracted rates. Forward exchange contracts and foreign bills purchased are valued at forward rates applicable to their respective maturities.

All exchange differences are charged to profit and loss account.

5.12 Revenue recognition

Revenue is recognized to the extent that the economic benefits will flow to the Group and the revenue can be reliably measured. The following recognition criteria must be met before revenue is recognized:

Mark-up / return / interest income

Mark-up / return / interest on advances and return on investments are recognized in profit and loss account on an accrual basis, except mark-up on non-performing advances which is recognized when received.

Dividend income

Dividend income is recognized when the Group's right to receive the dividend is established.

Lease finance income

Financing method is used in accounting for income from lease financing. Under this method, the unearned lease income (excess of the sum of total lease rentals and estimated residual value over the cost of leased assets) is deferred and taken to profit and loss account over the term of the lease periods so as to produce a constant periodic rate of return on the outstanding net investment in lease. Unrealized lease income is suspended, where necessary, in accordance with the requirements of the SBP. Gain / loss on termination of lease contracts, documentation charges and other lease income are recognized through profit and loss account when these are realized.

Fees and commission income

Fee commission is recognized at amount that reflects consideration to which the Group expects to be entitled in exchange for providing the services. The Group recognizes fees earned on transaction based arrangements at point in time, when the Group has provided the services to customer. Where the contract requires services to be provided over time, income is recognized on systematic basis over the period of arrangement.

5.13 Lease liabilities against right-of-use assets

The lease liability is initially measured at present value of lease payments to be made over lease term, discounted using the Group's incremental weighted average borrowing rate. The lease liability shall be subsequently measured at amortised cost using the effective interest rate method i.e. increase by interest cost on lease liability and decrease by lease payments made.

5.13.1 Short-term leases and leases of low-value asset

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

5.14 Taxation

Current

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Prior years

The taxation charge for prior years represents adjustments to the tax charge relating to prior years, arising from assessments / changes in laws and changes in estimates made during the current year.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that the taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the statement of financial position date. Deferred tax is charged or credited in income statement, except in the case of items credited or charged to equity in which case it is included in equity.

The Group also recognizes deferred tax asset / liability on deficit / surplus on revaluation of operating fixed assets and available for sale securities which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS)12, 'Income Taxes'.

5.15 Impairment

The carrying amounts of assets (other than deferred tax assets) are reviewed for impairment at each statement of financial position date whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

5.16 Provisions

Provisions are recorded when the Group has a present obligation as a result of a past event when it is probable that it will result in an outflow of economic benefits and a reliable estimate can be made of the amount of the obligation.

5.17 Provision for off balance sheet obligations

Provision for guarantees, claims and other off balance sheet obligations are made when the Group has legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of amount can be made. Charge to profit and loss account is stated net of expected recoveries.

5.18 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction from the equity.

5.19 Acceptances

Acceptances comprise undertaking by the Group to pay bills of exchange drawn on customer. The Group expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as on balance sheet transactions.

5.20 Financial instruments

5.20.1 Financial assets and liabilities

Financial instruments carried on the statement of financial position include cash and balances with treasury banks, balances with other banks, lending to financial institutions, investments, advances, certain receivables, bills payable, borrowing from financial institutions, deposits and other accounts, subordinated debts and other payables. The particular recognition criteria adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

5.20.2 Off setting

Financial assets and financial liabilities are set off and the net amount is reported in the consolidated financial statements when there is a legally enforceable right to set off and the Group intends either to settle on a net basis, or to realize the assets and settle the liabilities, simultaneously.

5.21 Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing product or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

5.21.1 Business segments

Corporate and investment banking

This includes, loans, project finance, real estate finance, export finance, trade finance, commercial & investment banking, and other banking activities with corporate and public sector customers.

Cards and public sector deposits

It includes public sector deposits and related banking services including home remittances and card related banking services to customers of the Group.

Consumer banking group

It includes private sector deposits and loans under retail finance, agriculture customers, small and medium enterprises and financing under government initiatives. Products offered to customers include transport finance, house finance, livestock finance, dairy finance etc.

Treasury

It includes fixed income, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos and brokerage debt.

Islamic

The segment pertains to full scale Islamic Banking operations of the Group.

Others

This includes head office related activities, and all other activities not tagged to the segments above.

5.21.2 Geographical segments

The Group operates only in Pakistan.

5.22 Dividend distribution and appropriations

Dividend distributions and appropriation to reserves are recognized as a liability in the consolidated financial statements in the period in which these are approved. Transfer to statutory reserve and any of the mandatory appropriations as may be required by law are recognized in the period to which they relate.

5.23 Earnings per share

The Group presents Earnings Per Share (EPS) for its ordinary shares which is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares (if any).

14.2 This represents zakat deducted on dividends by NITL. The Bank has filed suit against NITL for recovery of the amount. The case was decided in favour of the Bank in 1993 and intra court appeal was filed by the Zakat and Ushr Department against the decision which is still pending. As a matter of prudence, though without prejudice to the Bank's claim against NITL at the court of law, the claim amount has been fully provided for.

19.1 Subordinated perpetual term finance certificates

The Bank issued listed, unsecured, subordinated, perpetual and non cumulative term finance certificates in the form of Additional Tier -I capital under section 66 (1) of the Companies Act, 2017, in a set of twenty (20) scrips, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rs. 8,017,500 thousand
Issue date:	June 20, 2022
Maturity date:	Perpetual
Rating:	"AA–" by Pakistan Credit Rating Agency Limited (PACRA)
Tenor:	Perpetual
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits except common shares.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount, on a non–cumulative basis.
Profit rate:	Floating rate of return at base rate plus 200 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	Not applicable.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non–viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV on sole discretion of the SBP.

19.2 Advance subscription money - subordinated perpetual term finance certificates - ADT I - 2nd Issue

Prior to close of year ended December 31, 2023, the Bank received Rs. 3,900,000 thousand under formal investor agreement from potential investors as advance subscription money against rated, privately placed / may be subsequently listed, unsecured, subordinated, perpetual and non cumulative debt instrument in the nature of additional Tier I capital term finance certificates. These TFCs are subordinated to all other debts of the Bank including deposits but superior to equity. The advance subscription money carries mark-up at rate of 6 month KIBOR plus spread of 200 bps per annum.

19.3 Privately placed term finance certificates - I

During the year, the Bank exercised call option for premature redemption of privately placed term finance certificates - I after obtaining approval from the State Bank of Pakistan, and repaid outstanding principal amount of Rs. 2,494,000 thousand to the respective investors. Accordingly, the total liability of the Bank against privately placed term finance certificates - I stands fully settled. The salient features of the TFC's issue were as follows:

Issue amount:	Rupees 2,500,000 thousand
Issue date:	December 23, 2016
Maturity date:	December 22, 2026
Rating:	AA
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 100 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV as declared by the SBP.

19.4 Privately placed term finance certificates - II

The Bank issued rated, unsecured and subordinated term finance certificates under section 66 of the Companies Act, 2017, in a set of twenty (20) scrips, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date and registered book entry securities in accordance with the CDC regulations, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rupees 4,300,000 thousand
Issue date:	April 23, 2018
Maturity date:	April 23, 2028
Rating:	AA
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 125 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV as declared by the SBP.

19.5 Privately placed term finance certificates - III

During the year, the Bank issued rated, unsecured and subordinated term finance certificates under section 66 of the Companies Act, 2017, corresponding to the redemption dates of the TFC and representing the TFC Holders entitlement to the redemption amount on the each such redemption date and registered book entry securities in accordance with the CDC regulations, as outlined by SBP under BPRD Circular No. 06 dated August 15, 2013 with each TFC having a face value of PKR 100,000 or multiples thereof.

Issue amount:	Rs. 7,000,000 thousand
Issue date:	April 17, 2023
Maturity date:	April 17, 2033
Rating:	"AA" by Pakistan Credit Rating Agency Limited (PACRA)
Tenor:	10 Years.
Security:	Unsecured and subordinated to all other indebtedness of the Bank including deposits.
Profit payment & frequency:	Profit payable on half yearly basis in arrears on the outstanding principal amount.
Profit rate:	Floating rate of return at base rate plus 125 bps p.a. (Base rate will be the average rate 'Ask side of the six month Karachi Inter Bank Offered Rate set at 1 (one business) day prior to the redemption date for the redemption amount payable on the immediately following redemption date).
Repayment:	The TFC has been structured to redeem 0.02% of the issue amount semi-annually in the first 09 years after the issue and the remaining issue amount in two equal semi-annual installments of 49.82% each, in the 10th year.
Call / Put option:	Callable after a period of 05 years. However no put option is available to the investors.
Lock in clause:	Neither profit nor principal may be paid (even at maturity) if such payments would result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) or increase any existing shortfall in MCR or CAR.
Loss absorbency clause:	May be converted into ordinary shares or written off immediately (either partially or in full) at the discretion of the SBP, upon the occurrence of a point of non-viability ("PONV") event as defined in the Basel III guidelines, at the market value of the shares on the date of trigger of PONV on sole discretion of the SBP.

19.6 Advance subscription money - privately placed term finance certificates - IV

Prior to close of year ended December 31, 2023, the Bank received Rs. 6,998,000 thousand under formal investor agreement from potential investors as advance subscription money against rated, privately placed / may be subsequently listed, unsecured and subordinated debt instrument in the nature of Tier II capital term finance certificates. The instrument will be unsecured and subordinated as to payment of principal and profit to other indebtedness of the Bank, including deposits, but will rank pari passu with other Tier II instruments and superior to Additional Tier I instruments. The instrument will be structured to redeem 0.36% of the issue amount during the first 9 years after the issue date and the remaining issue amount of 99.64% in two (2) equal semi - annual installments of 49.82% each in the last year. The advance subscription money carries mark-up at rate of 6 month KIBOR plus spread of 125 bps per annum.

20.3 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund (WWF) were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending. Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Bank maintained its provision in respect of WWF.

For tax years 2014 - 2022, the tax department disputed the Bank's treatment on certain issues, where the Bank's appeals are pending at various appellate forums. Such issues inter alia principally include disallowance of expenses for initial depreciation allowances, non deduction of withholding tax on profit, non availability of underlying records and provision for non performing loans.

The Bank has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Bank are being contested by the department at higher forums. No provision has been made in these consolidated financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the tax department is in appeal, as the management is of the view that the issues will be decided in the Bank's favour as and when these are taken up by the Appellate Authorities. The appeals of subsidiaries of the Bank are also pending at various appellate forums and the issues will be decided in the their favour.

23.4 Claims against the Bank not acknowledged as debts

An amount of Rs. 46,313,295 thousand (2022: Rs. 51,158,973 thousand) involved in the claims filed against the Bank are yet to be adjudicated by the concerned Courts as the same have been filed as outburst to the Bank's recovery suits. Uptill now, in no case, any claim has been adjudicated, determined or decreed by the Courts against the Bank. Moreover, there is no likelihood of decreeing the suits against the Bank because, the claims are frivolous.

	Number	
36 STAFF STRENGTH		
Permanent	11,481	11,150
On Bank contract	2,239	1,954
Group's own staff strength at the end of the year	13,720	13,104

36.1 In addition to the above, 1,498 (2022: 1,366) employees of outsourcing services companies were assigned to the Bank as at the end of the year to perform services other than guarding and janitorial services.

37 Employee benefits

37.1 Defined benefit plan – gratuity

The Bank operates a funded gratuity scheme for all its permanent employees. The benefits under the scheme are payable on retirement / resignation which is equal to one month's last drawn basic salary for each year of eligible service or part thereof, with effect from January 01, 2008 or date of joining whichever is later, subject to minimum of five years of service. The Bank makes annual provision in these consolidated financial statements for its liabilities on the basis of actuarial valuation.

37.1.1 Number of employees under the scheme

The number of employees covered under the following defined benefit scheme are:

	2023	2022
	Number	
– Eligible employees under gratuity scheme	11,420	11,093

37.1.2 Principal actuarial assumptions

The latest valuation was carried out at December 31, 2023 using the "Projected Unit Credit Method". The mortality rates used for active employees are based on SLIC (2001–05) Mortality Table. The principal assumptions used in the valuation were as follows:

	2023	2022
	Per annum	
Discount rate	16.75%	14.50%
Expected rate of return on plan assets	16.75%	14.50%
Expected rate of salary increase	14.75%	13.50%
Average expected remaining working life (years)	10	10

	Note	2023	2022
		Rupees in '000'	
37.1.3 Reconciliation of payable to defined benefit plan			
Present value of obligations	37.1.4	3,232,365	2,478,352
Fair value of plan assets	37.1.5	(2,561,319)	(2,354,676)
Benefits payable		19,587	47,476
Payable to defined benefit plan		690,633	171,152

Note	2023	2022
Rupees in '000'		
37.1.4 Movement in present value of defined benefit obligations		
Obligations at the beginning of the year	2,478,352	1,918,269
Current service cost	425,748	328,759
Interest cost	352,706	219,021
Benefits paid during the year	(91,794)	(108,519)
Re-measurement loss – other comprehensive income	67,353	120,822
Obligations at the end of the year	3,232,365	2,478,352
37.1.5 Movement in fair value of plan assets		
Fair value at the beginning of the year	2,354,676	1,669,712
Interest income on plan assets	345,160	207,208
Contribution by the Bank during the year	171,152	268,144
Benefits paid during the year	(119,683)	(80,630)
Remeasurement : return on plan assets excluding interest income	(189,986)	290,242
Fair value at the end of the year	2,561,319	2,354,676
37.1.6 Movement in payable under defined benefit scheme		
Opening balance	171,152	268,144
Charge for the year	37.1.7.1 433,294	340,572
Contribution by the Bank during the year	(171,152)	(268,144)
Re-measurement loss / (gain) recognized in other comprehensive income during the year	37.1.7.2 257,339	(169,420)
Closing balance	690,633	171,152
37.1.7 Charge for defined benefit plans		
37.1.7.1 Cost recognized in profit and loss		
Current service cost	425,748	328,759
Net interest on defined benefit plan	7,546	11,813
	433,294	340,572
37.1.7.2 Re-measurements recognized in other comprehensive income during the year		
Actuarial loss due to changes in financial assumptions	(249,247)	–
Loss on obligation due to experience adjustments	316,600	120,822
Return on plan assets over interest income	189,986	(290,242)
Total remeasurement loss / (gain) recognized in other comprehensive income	257,339	(169,420)
37.1.8 Components of plan assets		
Cash and cash equivalents – net	311,319	219,692
Government securities	1,275,000	1,248,000
Shares / units	–	11,984
Non-Government debt securities	975,000	875,000
	2,561,319	2,354,676

These assets are mostly contained in the form of cash and cash equivalents and government securities so there is no significant risk associated with it. However, investments may be adversely affected by movement in equity and interest rate markets.

37.1.9 Sensitivity analysis

Sensitivity analysis has been performed by varying one assumption keeping all other assumptions constant and calculating the impact on the present value of the defined benefit obligations. The increase / (decrease) in the present value of defined benefit obligations as a result of change in discount rate and salary growth is summarized below:

	2023	2022
	Rupees in '000'	
1% increase in discount rate	(2,955,516)	(2,311,632)
1% decrease in discount rate	3,535,225	2,657,155
1 % increase in expected rate of salary increase	3,535,147	2,657,096
1 % decrease in expected rate of salary increase	(2,955,480)	(2,311,604)
37.1.10 Expected contributions to be paid to the fund in the next financial year	690,633	171,152
37.1.11 Expected charge for the next financial year	608,867	445,558
37.1.12 Maturity profile		
The weighted average duration of the obligation (in years)	9	9

37.1.13 Funding policy

There are no statutory minimum funding requirements. However, contributions to the scheme are made on the basis of actuarial valuations carried in each year.

The Bank's gratuity scheme is mainly subject to following risks:

Asset volatility	The majority of the gratuity fund assets are invested in cash or cash-equivalent, government securities and non government debt securities. Therefore, there is investment risk to the scheme due to fluctuation in interest rate environment or changes in bond yields of debt securities. Also, there is no liquidity investment risk to the scheme. However, investments may be adversely affected by movement in equity and interest rate markets.
Inflation risk	Higher than expected growth in inflation may result in higher than assumed salary increases which will lead to increase in liability. However, assets of the scheme may not be at significant risk due to changes in inflation rate.
Life expectancy / Withdrawal rate	Actuarial valuation assumes heavy withdrawals for younger ages but moderate withdrawal rates are used for older ages. Significant withdrawals of employees having reasonable years of service would cause large benefit payments. Consequently, deficit position of the scheme would deteriorate further. However, availability of cash for benefit payments will not be an issue due to the liquid nature of assets of the Gratuity Fund.

37.2 Defined benefit plan – compensated absences

The Bank makes annual provision in these consolidated financial statements for its liabilities towards vested compensated absences accumulated by its employees on the basis of actuarial valuation. The employees of the Bank are entitled to take leave as Leave Preparatory to Retirement (LPR) immediately before retirement. These leaves are subject to retirees' un-utilized privilege leave balance with an upper limit of 180 days. Alternatively, the retiree may receive a lump-sum cash amount equal to 180 days basic salary at the time of retirement in lieu of LPR of 180 days. Privilege leave accrues at the rate of 30 days per year. Moreover, any unutilized privilege leaves over 180 days are ignored.

37.2.1 Principal actuarial assumptions

The latest valuation was carried out at December 31, 2023 using the "Projected Unit Credit Method". The principal assumptions used in the valuation were as follows:

	2023	2022
	Per annum	
Discount rate	16.75%	14.50%
Expected rate of eligible salary increase in future years	14.75%	13.50%
Average number of leaves accumulated per annum by the employees (days)	18	18

	2023	2022
	Rupees in '000'	
37.2.2 Movement in present value of defined benefit obligations		
Obligations at the beginning of the year	153,884	133,629
Current service cost	4,944	4,889
Interest cost	22,100	15,520
Benefits paid during the year	(2,942)	(3,088)
Re-measurement gain	(14,623)	2,934
Obligations at the end of the year	163,363	153,884

37.2.3 Movement in payable to defined benefit plan		
Opening balance	153,884	133,629
Charge for the year	12,421	23,343
Benefit paid	(2,942)	(3,088)
Closing balance	163,363	153,884

37.2.4 Charge for defined benefit plan		
Current service cost	4,944	4,889
Interest cost	22,100	15,520
Actuarial (gain) / loss recognized	(14,623)	2,934
	12,421	23,343

37.2.5 Sensitivity analysis

Sensitivity analysis has been performed by varying one assumption keeping all other assumptions constant and calculating the impact on the present value of the defined benefit plan. The increase / (decrease) in the present value of defined benefit plan as a result of change in discount rate and salary growth is summarized below:

	2023	2022
	Rupees in '000'	
Increase in discount rate by 1%	(149,368)	(140,701)
Decrease in discount rate by 1%	178,666	168,299
Increase in expected future increment in salary by 1%	178,670	168,303
Decrease in expected future increment in salary by 1%	(149,370)	(140,702)

37.2.6 Reconciliation of net liability recognized for compensated absences for the five years is as follows:

	2023	2022	2021	2020	2019
	Rupees in '000'				
Opening net liability	153,884	133,629	123,506	111,612	102,294
Net charge for the year	9,479	20,255	10,123	11,894	9,318
	163,363	153,884	133,629	123,506	111,612
Actuarial gain / (loss) on obligation	14,623	(2,934)	4,024	2,068	(1,175)

37.3 Defined contribution plan

The Bank operates and approved provident fund scheme for all its permanent employees. Equal monthly contributions are made by the Bank and employees at the rate of 8.33% of basic salary.

39 FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of the assets and liabilities is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Group categorizes fair value measurements within the following fair value hierarchy.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities is determined on the basis of the break-up value of these investments as per their latest available financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

39.1 The Group measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurement using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly. (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

39.1.1 Valuation techniques used in determination of fair values within level 2 and level 3

Item Valuation approach and input used

Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP).
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates available on MUFAP
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published at the close of reporting date.
Forward foreign exchange contracts	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Unlisted shares	Break-up value determined on the basis of net assets value of the company using the latest available audited financial statements.
Property & equipment and non-banking assets acquired in satisfaction of claims	Land, buildings on freehold land and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets.

39.2 Fair value of financial assets

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

2023

	Carrying value	Fair value			Total
		Level 1	Level 2	Level 3

43 CAPITAL ADEQUACY, LEVERAGE RATIO & LIQUIDITY REQUIREMENTS		
Minimum Capital Requirement (MCR):		
Paid-up capital (net of losses)	34,667,575	31,693,421
Capital Adequacy Ratio (CAR):		
Eligible common equity tier 1 (CET 1) capital	74,004,137	53,722,311
Eligible additional tier 1 (ADT 1) capital	11,917,500	8,017,500
Total eligible tier 1 capital	85,921,637	61,739,811
Eligible tier 2 capital	16,474,516	6,396,254
Total eligible capital (Tier 1 + Tier 2)	102,396,153	68,136,065
Risk Weighted Assets (RWAs):		
Credit risk	442,180,669	432,338,314
Market risk	35,234,308	19,160,942
Operational risk	81,726,967	70,922,353
Total	559,141,944	522,421,609
Common equity tier 1 capital adequacy ratio	13.24%	10.28%
Tier 1 CAR (%)	15.37%	11.82%
Total CAR (%)	18.31%	13.04%

The SBP vide letter No. SBHOK-BPRD-BACPD-BOP-613933, dated February 01, 2024, allowed the Bank to include advance subscription money of Rs. 3,900,000 thousand against ADT - I and vide letter No. BPRD-BA&CP-614556 Rs. 4,285,000 thousand Tier - II respectively, as of December 31, 2023, for CAR and LR purposes. Had the advance subscription money of Rs. 3,900,000 thousand and Rs. 4,285,000 thousand not been taken, the CAR, LR and NSFR would stand at 16.85%, 3.21% and 123.79% respectively.

43.1 Capital adequacy framework

The Basel Framework for a capital adequacy is applicable to the Group both at the consolidated level (including the Subsidiary) and on a standalone basis. The Group's policy is to maintain strong capital base so as to maintain, investor, creditor and market confidence and to sustain future business developments. The adequacy of the Group's capital is monitored using, among other measures, the rules and ratios established by the SBP. The ratio compares the amount of eligible capital with the total of risk-weighted assets. The Group monitors and reports its capital ratios under SBP rules, which ultimately determine the regulatory capital required to be maintained by Groups and DFIs.

In addition, the SBP requires that the paid up capital of locally incorporated Groups should be raised to Rs. 10 billion by December 31, 2013 in a phased manner. The paid-up capital requirement (net of losses) as at December 31, 2023 is Rs. 10 billion.

The SBP requires that Groups doing business in Pakistan should maintain regulatory capital for credit, market, and operational risks, the amount of which should at least be equal to 10% plus capital conservation buffer of 2.50% of the risk weighted assets of the Group. However, in order to dampen the effects of COVID - 19, SBP vide Circular No 12 of 2020 dated March 26, 2020, provided relaxation to maintain capital conservation buffer CCB of 1.5% from March, 2020 till further instructions. Accordingly, capital adequacy ratio requirement stood at 11.50% as at December 31, 2023.

Further, under Basel III instructions, Groups are also required to maintain a Common Equity Tier 1 (CET 1) ratio and Tier 1 ratio of 6.0% and 7.5%, respectively, as at December 31, 2023. The Group is fully compliant with prescribed ratios as the Group's CAR is 18.31% whereas CET 1 and Tier 1 ratios stood at 13.24% and 15.37% respectively.

The SBP's regulatory capital as managed by the Group is analyzed into following tiers:

- Tier I capital (CET1), which comprises of highest quality capital element and include fully paid up capital, share premium, reserve for bonus shares, general reserves and accumulated losses.
- Additional Tier I capital (ADT-I), which includes instrument meeting the prescribed SBP criteria e.g. perpetual non-cumulative preference shares and its premium after all regulatory adjustments applicable on ADT-I.

The deductions from Tier 1 capital include mainly:

- i) Book value of goodwill / intangibles;
 - ii) Shortfall in provision;
 - iii) Deficit on revaluation of available for sale investments - AFS and fixed assets;
 - iv) Defined benefit pension fund asset;
 - v) Investment in own shares;
 - vi) Reciprocal cross holdings in equity capital instruments of other Groups, financial institutions and insurance companies;
 - vii) Investment in mutual funds above a prescribed ceiling;
 - viii) Threshold deductions applicable from 2014 on deferred tax assets and certain investments; and
 - ix) 10% of investments in majority capital instruments or other financial subsidiaries not consolidated in the statement of financial position during transition phase.
- Tier II capital, which includes subordinated debt / instruments and its premium, general reserve for loan losses (up to a maximum of 1.25% of CRWA), net of tax revaluation reserves, exchange translation reserves after all regulatory adjustments applicable on Tier-II.

The deductions from Tier 2 include mainly

- i) Reciprocal cross holdings in other capital instruments of other Groups, financial institution and insurance companies;
- ii) 10% of investments in majority capital instruments or other financial subsidiaries not consolidated in the statement of financial position, during transition phase.

The Group calculates capital requirement as per regulatory framework, using the following approaches:

Credit risk	Standardized Approach
Market risk	Standardized Approach
Operational risk	Basic Indicator Approach

Basel-III Framework enables a more risk-sensitive regulatory capital calculation to promote long term viability of the Group.

43.4 The full disclosures on the capital adequacy, leverage ratio and liquidity requirements as per SBP instructions issued from time to time are available at <http://bop.com.pk>.

44 RISK MANAGEMENT

The Group has implemented a 360-degree end-to-end risk management framework based on prudent and best Grouping practices. The framework covers all verticals of Risk Management including Credit, Market, Liquidity, Operational, AML / CFT, Environmental, Social & Governance (ESG) and Information Security. In addition, the Group has in-place consolidated risk appetite statement which helps the Group steer its strategic direction. The entire risk management process is governed by the Board and its risk committees which are responsible for approving the risk framework including policies and setting effective risk controls thereby safeguarding the Group from any unforeseen event. The implementation of all such controls and highlighting any red flag in timely manner is ensured by strong governance vis-a-vis Groups' management committees like Asset and Liability Committee (ALCO) and Credit Risk Management Committee (CRMC).

44.1 Credit risk

Credit Risk exposes the Group to a potential financial loss due to its obligor and/or counterparty(ies) failure to meet the contractual obligations. Credit risk can arise from direct lending to Consumer / Retail, Agriculture, SME, Corporate / Commercial clientele, trade finance products and credit derivatives. The Group assesses the credit risk of its clientele on the basis of a well documented and robust credit policy/product manuals and procedures duly approved by the Board along with strict compliance to SBP Prudential regulations, regulatory and industry specific guidelines issued from time to time. The Group has deployed an economic and statistically balanced Obligor Risk Rating (ORR) model which captures both qualitative (corporate structuring, account behavior, relationship with Group, market check, internal quality and buyer / supplier concentration.

etc.) and quantitative (financials, economics & industry specific) factors of the clients to define credit rating which further complement the in-place credit assessment and management process(es). To further beef up the credit evaluation process Facility Risk Ratings (FRR) are also assessed to ensure that the Group's credit exposure is maintained within the pre-defined Board approved appetite at all times. The Group has a very strong pre & post credit monitoring and collateral management framework thereby ensuring the Groups' interest is safeguarded. The Group monitors its credit portfolio on an ongoing basis by applying various analytical and statistical techniques / methodologies with findings presented in CRMC and the Board's Risk Management, Compliance and NPL Review Committee (RMC&NPLRC). The Group also continuously monitors the credit ratings via rating migration matrix analysis; in terms of both number of accounts & exposure to identify any credit deterioration that can expose the Group to current and / or potential credit risk.

The Group's risk management involves the identification, measurement, monitoring, mitigation and controlling of risks to ensure that following primary objectives at minimum are adhered to :

- Individuals who take or manage risks clearly understand it in the entire credit value chain;
- The Group's risk exposure is within the risk appetite limits duly defined by the regulator or established by Board of Directors;
- Risk taking decisions are in line with business strategy and objectives set by the management;
- Business decisions optimize the risk-reward trade-off;
- Risk taking decisions are explicit and clear; and
- Sufficient capital as a buffer is available to take risk.

The risk management function of the Group is regularly conducting assessments of the Group's credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment.

Further, assessment of following Obligor Risk Rating (ORR) factors are also in place for effective risk management:

Leverage ratio, Debt-EBITDA ratio, Net profit margin, Return on Capital Employed, Turnover ratios, Cash Conversion Cycle (CCC), external rating, industry volatility, relationship with the Group, quality of financial reporting, account behavior, internal quality and buyer / supplier concentration etc.

Stress tests (sensitivity analysis & / or scenario analysis) helps in identifying and analyzing the risks which might be quiescent, but if triggered, can have far-fetching implications for the financial institution. The Group has implemented a very effective stress testing program and stress testing has been made a regular feature of periodic risk assessment and reporting framework.

44.1.7 Credit risk - general disclosures

The Group follows the standardized approach for its credit risk exposures, which sets out fixed risk weights corresponding to external credit rating or type of exposure, whichever is applicable.

Under standardized approach, the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognized by SBP for capital adequacy purposes. Group utilizes, wherever available, the credit ratings assigned by the SBP recognized ECAIs, viz. PACRA (Pakistan Credit Rating Agency), VIS (Vital Information Systems), Fitch Moody's and Standard & Poors. Credit rating data for advances is obtained from recognized ECAIs and then mapped to SBP's rating grades.

Type of exposures & ECAIs used

Exposures	Fitch	Moody's	S&P	PACRA	VIS
Corporate				√	√
Banks	√	√	√	√	√
Sovereigns			√		
PSEs				√	√
SMEs				√	√

Mapping to SBP rating grades

For all credit exposures, the selected ratings are translated to the standard rating grades given by the SBP. The mapping tables used for converting ECAI ratings to SBP rating grades are given below:

44.1.8 Credit risk: Disclosures with respect to credit risk mitigation for standardized approach

The Group has adopted comprehensive approach of credit risk mitigation for Grouping book. Under this approach cash, lien on deposits, government securities, and eligible securities etc. are consolidated as eligible collateral. Where the Group's exposure to an obligor is secured by eligible collaterals, the Group reduces its exposure for the calculation of the capital requirement by the realizable amount of the collateral, adjusted for any applicable haircuts.

44.1.8.1 Credit risk: Disclosures for portfolio subject to the standardized approach

No credit risk mitigation benefit is taken in the trading book. For each asset class, the risk weights as specified by the SBP or corresponding to the SBP rating grades are applied to the net amount for the calculation of risk weighted assets.

44.1.8.2 Equity position risk in the banking book

The Group takes proprietary equity positions for both short term and long term trading purposes. As of December 31, 2023 the composition of equity investments, is as follows:

	Held for trading	Available for sale	Total
	Rupees in '000'		
Ordinary shares (listed) - net of impairment held	–	3,992,610	3,992,610
Ordinary shares (un-listed) - net of impairment held	–	33,217	33,217
Preference shares - net of impairment held	–	386,300	386,300
Total	–	4,412,127	4,412,127

The Group classify its equity investment portfolio in accordance with the directives of the SBP as follows:

- Investments - Held for trading
- Investments - Available for Sale
- Investments in subsidiaries

44.2 Market risk

Market Risk exposes the Group to a potential financial loss due to adverse movement in systematic risk factors like interest rates, foreign exchange, equity and debt market, credit spreads, commodity prices and overall market's volatility which can hamper the value of Groups investment position(s).

Interest rate risk is the potential negative impact on Groups profitability and / or assets market value due to uncertain movement in interest rates. Interest rate risk can be broadly categorized into the following categories:

- a. Yield curve risk (parallel, steepness and / or curvature)
- b. Repricing risk
- c. Basis risk
- d. Options risk

Equity price risk arises from an uncertain decline in value of a security and / or portfolio in the future. Adverse movement in equity market or index can have a negative impact on Groups' earnings and/or capital due to Groups investment position in the market.

Foreign exchange risk arises from adverse movement in a Group direct / indirect exposure on a currency. From Groups perspective Forex movement also expose Group to potential credit risk.

Foreign exchange risk can arise from two factors: i. currency mismatches in an institution's assets and liabilities (both on- and off-balance sheet) that are not subject to a fixed exchange rate, and/or ii. currency cash flow mismatches. Such risk continues until the foreign exchange position is fully hedged.

The Bank's market risk management structure consists of Risk Management, Compliance and NPL Review Committee (RMC&NPLRC), Assets and Liabilities Committee (ALCO) and independent Enterprise Risk Management (ERM) division. Market risk is an independent risk management function that works in close partnership with the business segments to identify and monitor market risks throughout the Group and to define market risk policies and procedures. ERM division seeks to facilitate efficient risk / return decisions, reduce volatility in operating performance and provide transparency in reporting the Group's market risk profile to the senior management, the Board of Directors and the SBP.

The Group is using following techniques for mitigation of market risk:

- Hedging the open positions i.e. taking offsetting positions;
- Portfolio diversification; and
- Limits setting, monitoring and reporting.

The Group is using following techniques for measurement of market risk and all the reports along with suggestive strategies which are escalated to senior management for their review and corrective actions:

- Daily mark to market revaluation of equity, foreign exchange and bonds portfolio;
- Estimated value at risk on equity and foreign exchange exposures;
- Interest rate gap analysis;
- Duration analysis;
- Stress testing of market risk exposures; and
- Scenarios based analysis.

44.2.2 Foreign exchange risk

The Bank's foreign exchange exposure comprises of forward contracts, purchases of foreign bills, foreign currency cash in hand, balances with banks abroad, foreign currency placements with foreign commercial banks and foreign currency deposits. The Bank manages its foreign exchange exposure by matching foreign currency assets and liabilities. Foreign exchange exposure and nostro balances are managed within the statutory limits, as fixed by SBP. Counter parties limits are also fixed to limit risk concentration. Market risk charge calculates on Foreign Exchange Exposure Limit (FEEL) and forward contracts (interest rate) and credit risk charge manage by Bank on all forward contracts.

44.2.4 Yield / Interest Rate Risk in the Banking Book (IRRBB)–Basel II specific

Interest rate risk is the potential that the value of the on–balance sheet and the off–balance sheet positions of the Group would be negatively affected with the change in the market interest rates. The vulnerability of the Group towards the adverse movements of the interest rate can be gauged by using duration GAP analysis.

Interest rate risk in the Grouping book is the risk to interest income arising from a mismatch between the duration of assets and liabilities that arises in the normal course of business activities. The Grouping book activities that give rise to interest rate risk include lending activities, balance sheet funding and capital management. Interest rate risk in Grouping book can be measured by both, changes in net interest income and changes in market value of interest bearing AFS investments. This also refers to the non–trading market risk. To adjust the effective rate sensitivity, the Group is using following strategies after proper analysis of the Group's gaps and prevailing interest rate:

- Reduced asset sensitivity
- Increased asset sensitivity
- Reduced liability sensitivity
- Increased liability sensitivity

The Group's interest rate risk management policy includes following techniques to mitigate potential risks:

- a) Monitoring and management of interest rate volatility in terms of percentage change in net income through interest sensitive gaps.
- b) Key consideration in investing in interest rate driven financial instruments.
- c) Managing volatility in the trading on category / instrument wise basis.

44.3 Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes & controls, people and system or from external events. Potential losses arising out of Operational Risk may not be brought down to zero, however, the Group strive to minimize the operational risk impact through efficient controls & framework, monitoring and responding to any potential risk in a timely manner. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff training and appraisal procedures, including the use of internal audit function. The Group has established a comprehensive Business Continuity Plan (BCP) to deal with the risk of any financial loss and damage to reputation arising from operational risk factors.

The Group uses Risk Control Self Assessment and monitoring of Key Risk Indicators to mitigate operational losses. The Group's operational risk management framework, as laid down in the operational risk policy, duly approved by Board of Directors, is flexible enough to implement in stages and permits the overall risk management approach to evolve in the light of organizational learning and the future needs of the Group. Operational loss events are reviewed and appropriate corrective actions taken on an ongoing basis, including measures to improve control procedures with respect to design and operative effectiveness.

In accordance with the operational risk policy and framework, a database covering losses, control breaches and near misses is being maintained. Major risk events are analyzed from the control breach perspective and mitigating controls are assessed on design and operating effectiveness. quarterly updates on operational risk events are presented to senior management and the Risk Management, Compliance and NPL Review Committee (RMC&NPLRC).

44.3.1 Operational risk disclosures Basel-II specific

Currently, the Group is reporting operational risk capital charge under Basic Indicator Approach (BIA). However, the Group took a number of initiatives with respect to operational risk management. The Group will initiate further steps for improvement in operational risk management to adopt next approach of capital charge i.e. Alternative Standardized Approach (ASA).

44.4 Liquidity risk

Liquidity risk is the potential loss to a Group arising from either its inability to meet obligation(s) or to fund increase in assets as they fall due without incurring unacceptable cost or losses. The Group's ALCO is primarily responsible to ensure adequate maintenance and monitoring of liquidity and minimization of liquidity risk by filling in the Asset-Liability gap. The Group manages its liquidity risk by continuous monitoring of the maturity profiles of its assets and liabilities, strengthening of its credit recovery procedures by focusing on retail and medium-sized customers and managing open positions through effective treasury operations. Allocation of funds towards various business prepositions and pricing of assets and liabilities of the Group are given significant importance. Group liquidity risk framework enables management in identification of key drivers of liquidity risk (on / off balance) and developing mitigants there against.

The Group is using following strategies for mitigation of liquidity risk:

- Invest key liquid deposit providers in liquid investment;
- Contingency funding plan;
- Monitoring of advances to deposits ratio;
- Diversification of portfolio;
- Maintaining desirable level of currency wise liquidity; and
- Identify situations or events that may trigger a crisis situation in terms of liquidity.

44.4.1 Maturities of assets and liabilities - based on contractual maturity of the assets and liabilities of the Group

45 NON-ADJUSTING EVENT AFTER THE BALANCE SHEET DATE

The Board of Directors of the Bank in its meeting held on 20th February 2024 has proposed a cash dividend of 10 percent (2022: bonus issue @ 10%). These appropriations will be approved in the forthcoming Annual General Meeting. These consolidated financial statements for the year ended December 31, 2023 do not include the effect of these appropriations which will be accounted for in the consolidated financial statements for the year ending December 31, 2024.

46 DATE OF AUTHORIZATION FOR ISSUE

These consolidated financial statements were authorized for issue on 20th February 2024 by the Board of Directors of the Bank.

47 GENERAL

47.1 Figures have been rounded off to the nearest thousand rupees.

47.2 Corresponding figures have been re-arranged and re-classified wherever necessary, for the purpose of comparison. However, no significant reclassification has been made.

4 DUE TO FINANCIAL INSTITUTIONS			
Islamic export refinance scheme (IERF)	4.1	720,000	-
Islamic long term financing facility (ILTFF)	4.2	106,636	50,000
Finance Facility for Islamic Temporary Economic Refinance Facility (ITERF)	4.3	1,396,701	1,476,711
		2,223,337	1,526,711

4.1 These represent borrowings made under the scheme for providing financing to exporters for adoption of new technologies and modernization of plant and machinery. These borrowings carry profit payable quarterly at 18.0% per annum (2022: nil per annum) with maturities upto May 20, 2024.

4.2 This amount has been obtained for providing islamic long term finance to customers. The Bank has granted the SBP right to recover outstanding amount from the Bank at date of maturity of finance by directly debiting current account maintained by the Bank with the SBP. Mark-up on these borrowings is payable quarterly at rates ranging from 4.00% to 16.00% per annum (2022: 4.00% per annum) with maturities upto January 14, 2024.

4.3 These represent borrowings under scheme of temporary relief refinance facility (TERF). Mark-up on these borrowings is payable quarterly at rate of 1.00% per annum (2022: 1.00% per annum) with maturities upto February 26, 2024.

7.2.1	Commitments in respect of forward lending		
	Undrawn formal standby facilities, credit lines and other commitments to lend	10,886,255	11,413,212

7.2.1.1 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the Bank without the risk of incurring significant penalty or expense. In addition, the Bank makes revocable commitments that do not attract any significant penalty or expense if the facility is unilaterally withdrawn.

7.2.3 Claims against the Bank not acknowledged as debts

An amount of Nil (2022: Nil) involved in the claims filed against the Bank are yet to be adjudicated by the concerned Courts as the same have been filed as outburst to Bank's recovery suits. Uptill now, in no case, any claim has been adjudicated, determined or decreed by the Courts against the Bank. Moreover, there is no likelihood of decreeing the suits against the Bank because, the claims are frivolous.

xii) Special pool–XVIII	xxvi) Special pool–XXXII	xxxx) USD special pool–III
xiii) Special pool–XIX	xxvii) Special pool–XXXIII	xxxxi) USD special pool–IV
xiv) Special pool–XX	xxviii) Special pool–XXXIV	xxxii) EURO special pool–I

12.2 General pool

The general pool comprises of depositors' funds, Bank's equity inclusive of current deposits and mudaraba placements from BOP head office. The Bank acts as fund manager (Mudarib) and invests the funds in shariah compliant modes of financings, investments and placements (remunerative assets). The profit of the pool is calculated on all the remunerative assets booked by the Bank and is shared amongst the members of the pool on pre-defined mechanism based on weightages announced before the commencement of period concerned.

The distributable profit of the pool is finalized after deduction of direct expenses only while indirect expenses including administrative and general expenses are borne by BOP–Islamic Banking Division (IBD) as Mudarib.

a) Weightages for distribution of profit in general pool

Profit is calculated on the basis of daily product balance in Mudaraba based depositors' accounts and paid as per pre defined weightages.

While considering weightages emphasis is given to the quantum, type and the period of risk assessed by following factors:

- Contracted period, nature and type of deposit / fund
- Payment cycle of profit on such deposit / fund, i.e. monthly, quarterly or on maturity
- Magnitude of risk

b) Identification and allocation of pool related income & expenses

The distributable profit of the pool is finalized by including direct income earned by income generating / remunerative assets and after deducting direct expenses of the period concerned, while indirect expenses including administrative and general expenses are borne by BOP-IBD as Mudarib.

c) Parameters associated with risk and rewards

Following are the consideration attached with risk & reward of general pool:

- Period, return, safety, security and liquidity of investment.
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected withdrawals of deposits according to the maturities affecting the deposit base.
- Maturities of funds obtained from principal office, Islamic Banking Institutions and Shariah compliant organizations as regulated in Pakistan.
- Element of risk attached to various types of investments.
- SBP rules & shariah clearance.

12.3 Special pools

The special pools comprise of depositors' funds, Bank's equity inclusive of current deposits and mudaraba placements from BOP head office. The Bank acts as Fund Manager (Mudarib) and invests the funds in shariah compliant modes of financings, investments and placements (remunerative assets). The profit of the pools is calculated on all the remunerative assets booked by the Bank and is shared amongst the members of the pool on pre-defined mechanism based on weightages announced before the commencement of concerned period.

The distributable profit of the pool is finalized after deduction of direct expenses only while indirect expenses including administrative and general expenses are borne by BOP-TAQWA as Mudarib.

a) Weightages for distribution of profit in special pools

Profit is calculated on daily product basis and paid as per pre defined weightages.

While considering weightages emphasis is given to the quantum, type and the period of risk assessed by following factors:

- Contracted period, nature and type of deposit / fund.
- Payment cycle of profit on such deposit / fund, i.e. monthly, quarterly or on maturity
- Magnitude of risk

b) Identification and allocation of pool related income & expenses

The distributable profit of the pool is finalized by including direct income earned by income generating / remunerative assets and after deducting direct expenses of the period concerned, while indirect expenses including administrative and general expenses are borne by BOP-IBD as Mudarib.

c) Parameters associated with risk and rewards

Following are the consideration attached with risk & reward of general pool:

- Period, return, safety, security and liquidity of investment
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected withdrawals of deposits according to the maturities affecting the deposit base.
- Maturities of funds obtained from principal office, islamic banking institutions and shariah compliant organizations as regulated in Pakistan.
- Element of risk attached to various types of investments.
- SBP rules & shariah clearance.

12.4 Avenues / sectors of economy / business where mudaraba based deposits have been deployed:

	2023	2022
	'Rupees in '000'	
Federal and provincial governments	26,620,408	14,201,310
Placement with Financial Institutions	3,935,000	17,575,000
Ijara sukuk	29,678,226	21,243,759
Transport, storage, logistics and communication	129,533	1,169,085
Manufacturing and trading of food items	3,010,253	2,030,328
Manufacture of pesticides and other agro-chemical product	762,060	-
Power generation	22,444,837	18,069,018
Manufacture of paper, paperboard and products thereof	33,000	397,963
Consumer car Ijarah	826,285	533,690
Consumer Housing / LCH	1,808,064	1,263,074
Textile composite / other	7,635,217	4,298,199
Cement & allied	4,190,510	2,639,386
Iron & steel industry	1,980,277	1,892,511
Rubber / plastic products etc.	104,550	-
Others	51,620,688	23,857,534
	154,778,908	109,170,857

12.5 Charging expenses

The direct expenses are being charged to the pool, while indirect expenses including the establishment cost is being borne by BOP IBD as Mudarib. The direct expenses to be charged to the pool may include cost of sales of inventories, insurance / takaful expenses of pool assets, stamp fee or documentation charges, brokerage fee for purchase of securities/commodities etc.

	2023	2022
	'Rupees in '000'	
Provisions		
Murabaha	1,732	32,150
Istisna	–	–
Ijarah	199,023	179,760
Diminishing Musharika	1,606,844	1,387,036
	1,807,599	1,598,946

12.6 Mudarib share (in amount and percentage of distributable income):

	2023		2022	
	Rupees in '000'	Percentage %	Rupees in '000'	Percentage %
Rabbul mal	12,953,960	68.30%	5,433,763	65.90%
Mudarib	6,011,837	31.70%	2,811,914	34.10%
Distributable income	18,965,797	100.00%	8,245,677	100.00%

12.7 Amount & percentage of mudarib share transferred to depositors through Hiba:

	2023	2022
	'Rupees in '000'	
Mudarib share	6,011,837	2,811,914
Hiba	69,886	180,413
Hiba percentage of mudarib share	1.16%	6.42%

This is not a special hiba as such. This hiba has been distributed across the Board to all the account holders.

12.8 Profit rate earned vs. profit rate distributed to the depositors during the year:

	2023	2022
	'Rupees in '000'	
Profit rate earned	18.21%	11.79%
Profit rates distributed to depositors	11.37%	6.53%

STAKEHOLDERS RELATIONSHIP AND ENGAGEMENT

I/we hereby exercise my/our vote in respect of the following resolutions through postal ballot by conveying my/our assent or dissent to the following resolution by placing tick (✓) mark in the appropriate box below;

Special Resolutions

Agenda No. 5 : To consider and approve Establishment of Exchange Company.

"Resolved that subject to approval from SBP and compliance of relevant laws and regulations, establishment of an Exchange Company, as a wholly owned subsidiary of The Bank of Punjab, with an authorized capital of PKR.2.5 billion and paid up capital of PKR. 1.0 billion, be and is hereby approved."

"Further Resolved that proposal for appointment of a legal advisor to facilitate the Bank for establishing the Exchange Company in an effective and timely manner, be and is hereby approved."

"Further Resolved that Mr. Khawar Ansari - SEVP is hereby appointed as Coordinator and authorized signatory on behalf of The Bank of Punjab to execute all requisite formalities along with Mr. Kamran Hafeez, Company Secretary of the Bank, Mr. Farid Ahmad Khan, Group Chief Corporate & Investment Banking and Mr. Nadeem Amir, Chief Financial Officer be and is hereby approved."

Agenda No. 6: To consider and approve the Circulation of Bank's Annual Audited Financial Statements through QR enabled Code and Weblink in pursuance of SRO No.389(I)/2023 dated March 21, 2023 of Securities & Exchange Commission of Pakistan as part of notice of Annual General Meeting.

"Resolved that the approval of the members of the Bank on notice of meeting be and is hereby accorded for transmission of Annual Reports including Annual Audited Financial Statements to the members for future years commencing from the financial year 2024 through QR enabled code and Weblink instead of transmitting the same through CD/DVD/USB, as allowed by Securities and Exchange Commission of Pakistan vide its S.R.O.389(I)/2023 dated March 21, 2023, be and is hereby approved."

Agenda No. 7: Conversion event applicable in respect of Additional Tier-I TFC Issue of The Bank of Punjab.

"Resolved that the issuance of the proposed Additional Tier-I capital by the Bank of Punjab (the "Bank") in the amount of up to PKR 5,000,000,000/- (Pak Rupees Five Billion), inclusive of a green shoe option of up to PKR 1,500,000,000/- (Pak Rupees One Billion Five Hundred Million) (the "TFC Issue") in the form of rated, privately placed / subsequently listed, unsecured, subordinated, perpetual, fully paid-up and non-cumulative Term Finance Certificates ("TFCs") is approved"

"Further Resolved that in accordance with the directions under the 'Instructions for Basel III Implementation in Pakistan' ("Basel III Regulations") issued by the State Bank of Pakistan ("SBP"), the TFCs may be converted into ordinary shares of the Bank (i) if so directed by SBP on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the point of non-viability as declared by SBP, or (ii) upon the occurrence of a pre-specified trigger point pursuant to Basel III Capital Instructions, at a price equivalent to the market value of the shares of the Bank on the date of occurrence of the pre-specified trigger point, or (iii) due to any inability to exercise the lock-in clause or non-cumulative features of the TFCs,

on such terms and conditions as may be determined by SBP, in accordance with the applicable rules and regulations of SBP (collectively the "Conversion Events"), which ordinary shares shall be issued other than by way of rights in accordance with Section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that the issuance of such shares upon the occurrence of any of the Conversion Events shall be subject to a cap of 1,122,394,441 (One Billion One Hundred Twenty Two Million Three Hundred Ninety Four Thousand Four Hundred Forty One) additional ordinary shares being issued and shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that any two of (i) Mr. Farid Ahmed Khan – Group Chief Corporate & Investment Banking, (ii) Mr. Khawar Ansari – Global Treasurer and (iii) Mr. Nadeem Amir - Chief Financial Officer (the "Authorized Representative"), be and are hereby authorized to take all steps necessary, ancillary, and incidental to the above-mentioned resolutions, as and when required, and are further authorized to sign, execute, and deliver all necessary documents, agreements, and letters on behalf of the Bank, as may be deemed appropriate and as may be required for the purposes above-mentioned."

Agenda No. 8: Conversion event applicable in respect of Additional Tier-II TFC Issue of The Bank of Punjab.

"Resolved that the issuance of the proposed Tier 2 capital by the Bank of Punjab (the "Bank") in the amount of up to PKR 10,000,000,000/- (Pak Rupees Ten Billion), inclusive of a green shoe option of up to PKR 2,500,000,000/- (Pak Rupees Two Billion Five Hundred Million) (the "TFC Issue") in the form of rated, privately placed / subsequently listed, unsecured, subordinated and redeemable Term Finance Certificates ("TFCs") is approved."

"Further Resolved that in accordance with the directions under the 'Instructions for Basel III Implementation in Pakistan' ("Basel III Regulations") issued by the State Bank of Pakistan ("SBP"), the TFCs may be converted into ordinary shares of the Bank if so directed by SBP on the occurrence of a point of non-viability as determined by SBP, at a price equivalent to the market value of the shares of the Bank on the date of trigger of the point of non-viability as declared by SBP in accordance with the applicable rules and regulations of SBP and Basel III Regulations (the "PONV

Event"), which ordinary shares shall be issued other than by way of rights in accordance with Section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that in case of conversion of the TFC Issue (in part or full) upon the occurrence of the PONV Event, the maximum number of shares shall be subject to a cap of 2,244,788,883 (Two Billion Two Hundred Forty-Four Million Seven Hundred Eighty-Eight Thousand Eight Hundred Eighty-Three) additional ordinary shares being issued and shall further be subject to approval of the Securities and Exchange Commission of Pakistan in accordance with section 83(1)(b) of the Companies Act, 2017 and other applicable laws of Pakistan."

"Further Resolved that any two of (i) Mr. Farid Ahmed Khan – Group Chief Corporate & Investment Banking, (ii) Mr. Khawar Ansari – Global Treasurer and (iii) Mr. Nadeem Amir - Chief Financial Officer (the "Authorized Representative"), be and are hereby authorized to take all steps necessary, ancillary, and incidental to the above-mentioned resolutions, as and when required, and are further authorized to sign, execute, and deliver all necessary documents, agreements, and letters on behalf of the Bank, as may be deemed appropriate and as may be required for the purposes above-mentioned."

Agenda No. 9: To Increase in Bank's Authorized Capital

"Resolved that enhancement in Bank's Authorized Capital to Rs.100.00 billion subject to amendment in Section 04 of The Bank of Punjab Act, 1989, be and is hereby approved."

Agenda No. 10: To consider and approve amendments in the Board's Remuneration Policy of the Bank.

"Resolved that increase in scale of Directors' remuneration including remuneration paid to Chairman for attending Board and Sub - Committee meetings, other than the President & CEO, to Rs. 295,000/- net of taxes, be and is hereby recommended to the shareholders for approval."

"Further Resolved that the Board's Remuneration Policy-2020 be amended as follows:

Clause 4.1.2:

The remuneration of Board members for attending a Board meeting shall be Rs. 295,000/- (net of taxes).

Clause 4.3.1:

A Director shall be remunerated for any additional work assigned by the Board of Directors. The remuneration

of a Director performing extra services shall not exceed 20% of the remuneration already set for him / her. In any case, remuneration paid to a Director for performing one such extra service / additional work should not exceed Rs. 59,000/- (net of applicable taxes), and the total payments made to one director for performing extra services should not exceed 20% of the total amount paid to a director for attending Board/Sub-Committee meeting, in a year.

A director will be provided Protocol and Car services, if required, for attending Board & Committee meetings.

Clause 4.3.2:

A director shall be remunerated additionally upto 20% of the remuneration set for him for holding the position of Chairman of the Board and Committee for attending Board and Sub-Committee meetings other than President & CEO.

Clause 5.1.2:

The remuneration of members of Board's Sub Committees for attending a Board's Committee meeting shall be Rs. 295,000/- (net of taxes).

Clause 5.1.4:

The remuneration of Director(s) for attending a Board's Sub-Committee meeting on Special Invitation shall be Rs. 295,000/- (net of taxes).

Clause 6.13.1:

The remuneration of Chairman for attending Board and Sub-Committee(s) meetings shall be Rs. 295,000/- (net of taxes)."

"Further resolved that amendments placed above in the Board's Remuneration Policy, be and are hereby recommended to the shareholders on pre facto basis." The subject revisions shall be effective from the date of approval of the shareholders in the General Meeting.

IMPORTANT NOTES:

1. A member entitled to attend and vote at a meeting is entitled to appoint another person as a proxy to attend, speak and vote for him/her. The proxy appointed should be a member of The Bank of Punjab.
2. For additional copies of the instrument of proxy, the shareholder may use photocopies of the instrument.
3. An instrument of proxy and a Power of Attorney or other authority (if any) under which it is signed, or notarized copy of such Power of Attorney must be valid and deposited at the Registered Office of the Bank not less than 48 hours before the time of the meeting. In calculating the 48 hours, no account shall be taken of any part of the day that is not a working day.
4. For CDC Account holders/Corporate Entities:
 - i) Attested copies of Computerized National Identity Cards (CNIC) or the Passport of the beneficial owners and the proxy shall be provided with proxy form.
 - ii) The proxy shall produce his/her original CNIC or Passport at the time of meeting.
 - iii) In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signatures shall be submitted along with proxy form to the company.
5. If a member appoints more than one proxy and more than one instrument of proxies are deposited with the Share Registrar, all such instruments of proxy shall be rendered invalid.
6. Members are requested to immediately notify changes in their registered address, if any, to Bank's Share Registrar M/s. CORPLINK (Pvt) Limited, Wings Arcade, 1-K, Commercial, Model Town, Lahore before start of the book closure so that entitlement, if any, be dispatched at the correct address.
